The persons named as proxies will use their discretionary authority on such other business as may properly come before the meeting or any adjournments or postponements thereof.

Any proxy may be revoked by a shareholder prior to its exercise upon written notice to the Secretary of the Company, by delivering a duly executed proxy bearing a later date, or by the vote of a shareholder cast in person at the Annual Meeting. The cost of soliciting proxies will be borne by the Company. American Stock Transfer & Trust Company has been retained by the Company to act as registrar and transfer agent, in return for which the Company pays a monthly fee of \$1,000.00. Its services also include the solicitation of voted proxies from brokers, nominees, institutions and individuals. In addition to solicitation by mail, proxies may be solicited personally, without additional compensation, by the Company's officers and employees or by telephone, facsimile, electronic transmission or express mail. The Company will reimburse brokerage houses, banks and other custodians, nominees and fiduciaries for their reasonable expenses incurred in forwarding proxies and proxy material to their principals. This proxy statement and the accompanying form of proxy are first being mailed to shareholders on or about January 5, 2007.

VOTING

Holders of record of the Company's Common Stock on December 1, 2006 will be entitled to vote at the Annual Meeting or any adjournments or postponements thereof. As of that date, there were 5,405,077 shares of Common Stock outstanding and entitled to vote. A majority of outstanding shares as of December 1, 2006, or 2,702,539 shares, will constitute a quorum for the transaction of business at the Annual Meeting. Each share of Common Stock entitles the holder to one vote in the election of directors and on any other matter that may properly come before the meeting. Abstentions and broker non-votes will be counted toward the quorum requirement for the Annual Meeting, but will not be counted for or against any proposal. Directors are elected by a plurality of the votes cast by holders of the shares entitled to vote in the election at a meeting at which a quorum is present. All other matters will be

approved if the number of votes cast by such holders in favor of the proposal exceeds the number of votes cast opposing the proposal. Shareholders are not entitled to cumulative voting in the election of directors or with respect to any other matter.

PROPOSAL 1

ELECTION OF DIRECTORS

The Board of Directors currently comprises six directors. The directors are divided into three classes, each consisting of two directors. One class is elected each year for a three-year term. David M. Camp, the Company's Chief Executive Officer, was appointed to the Board of Directors upon the recommendation of the Nominating and Corporate Governance Committee on November 15, 2006. Mr. Camp was initially recommended by a third-party search firm, retained by a committee of independent directors, to provide assistance in identifying and evaluating candidates for the position of chief executive officer of the Company.

The two nominees recommended by the Nominating and Corporate Governance Committee and nominated by the Board of Directors for election as directors at this year's Annual Meeting, to serve until the Annual Meeting of Shareholders in 2010 or until their respective successors are elected and qualified, are John E. Pelo and Charles H. Stonecipher.

Unless marked otherwise, proxies received will be voted FOR the election of each of the nominees.

If a nominee is unable or unwilling to serve as a director at the date of the Annual Meeting or any adjournment or postponement thereof, the proxies may be voted for a substitute nominee designated by the proxy holders or by the present Board of Directors to fill such vacancy, or for the other nominee named without nomination of a substitute, or the number of directors on the Board may be reduced accordingly. The Board of Directors has no reason to believe that either of the nominees will be unwilling or unable to serve if elected.

The Board of Directors recommends a vote FOR the election of Messrs. Pelo and Stonecipher.

The following table sets forth certain information about each nominee for election to the Company's Board of Directors, each continuing director and each executive officer who is not also a director. Stock ownership information is shown elsewhere in this Proxy Statement under the heading Principal Shareholders - Security Ownership of Certain Beneficial Owners and Management and is based upon information furnished by the respective individuals. During fiscal 2006, the Board of Directors held eight meetings. No director attended fewer than 75% of the total number of meetings of the Board of Directors and the committees of which he was a member during the period of such director's service during fiscal 2006.

The Board of Directors does not currently have a policy with regard to the attendance of board members at the annual meeting of shareholders. All five of the current directors of the Company then-serving attended the Company's 2006 Annual Meeting of Shareholders.

The Board of Directors has determined that a majority of its directors presently meet the independence standards established under the applicable rules of The Nasdaq Global Market. These directors are Messrs. Pelo, Shannon, Stonecipher and Washburn.

The Audit Committee consists of three members: Mr. Stonecipher, Chairman, Mr. Pelo, and Mr. Washburn. All of the Audit Committee members are independent, as defined under the rules of The Nasdaq Global Market. The Audit Committee operates under a written charter adopted by the Board of Directors, which is provided to shareholders as Appendix A to this Proxy Statement and is available on the Company's website at www.key.net. The function of the Audit Committee is to review the performance of and recommend to the Board of Directors the appointment of the Company's independent registered public accountants, to review and approve the scope and proposed cost of the yearly audit, to review the financial information provided to shareholders and others, to review the Company's internal controls, and to consult with and review recommendations made by the Company's independent registered public accountants with respect to financial statements, financial records and internal controls, and to make such other recommendations to the Board of Directors as it deems appropriate from time-to-time. The Audit Committee met ten times during fiscal 2006.

The Compensation Committee consists of two members: Mr. Shannon, Chairman, and Mr. Washburn. The Compensation Committee operates under a written charter adopted by the Board of Directors, which is available on the Company's website at www.key.net. The Compensation Committee is charged with reviewing and approving corporate goals and objectives relevant to compensation of the Company's chief executive officer, evaluating the chief executive officer's performance in light of those goals and objectives, and determining and approving the compensation level of the chief executive officer based on this evaluation. The Compensation Committee is also charged with, among other matters, considering and making recommendations to the Board of Directors regarding the compensation of the senior executives of the Company; and considering, reviewing and granting awards under stock incentive plans and administering such plans. The Compensation Committee met four times during fiscal 2006.

The Nominating and Corporate Governance Committee consists of four members: Mr. Washburn, Chairman, Mr. Pelo, Mr. Shannon, and Mr. Stonecipher, all of whom were appointed by the full Board of Directors and are independent directors as defined under the rules of The Nasdaq Global Market. The Nominating and Corporate Governance Committee operates under a written charter adopted by the Board of Directors, which is available on the Company's website at www.key.net. The Nominating and Corporate Governance Committee met four times during fiscal 2006.

The Nominating and Corporate Governance Committee receives suggestions for potential director nominees from many sources, including members of the Board of Directors, advisors, and shareholders. Any such nominations, together with appropriate biographical information, should be submitted to the Nominating and Corporate Governance Committee in accordance with the Company's policies governing submissions of nominees discussed below. Any candidates submitted by a shareholder or shareholder group will be reviewed and considered by the Nominating and Corporate Governance Committee in the same manner as all other candidates.

Qualifications for consideration as a board nominee may vary according to the particular areas of expertise being sought as a complement to the existing board composition. However, minimum qualifications include high level leadership experience in business activities, breadth of knowledge about issues affecting the Company, experience on other boards of directors, preferably public company boards, and time available for meetings and consultation on Company matters. The Nominating and Corporate Governance Committee seeks a diverse group of candidates who possess the background, skills and expertise to make a significant contribution to the Board, to the Company and its shareholders. The Nominating and Corporate Governance Committee, in addition to any other board members as may be desirable, evaluate potential nominees, whether proposed by shareholders or otherwise, by reviewing

their qualifications, reviewing results of personal and reference interviews, and reviewing such other information as may be deemed relevant. Candidates whose evaluations are favorable are then chosen by a majority of the members of the Nominating and Corporate Governance Committee to be recommended for selection by the Board of Directors. The Board of Directors selects and recommends candidates for nomination as directors for shareholders to consider and vote upon at the annual meeting. The Company does not currently employ an executive search firm, or pay a fee to any third party to locate qualified candidates for director positions.

A shareholder wishing to nominate a candidate for election to the Company's Board of Directors at any annual meeting at which the Board of Directors has determined that one or more directors will be elected shall submit a written notice of his or her nomination of a candidate to the Company's Secretary at its principal executive offices. The submission must be received at the Company's principal executive offices not less than 120 calendar days before the date the Company's proxy statement was released to shareholders in connection with the previous year's annual meeting. For the 2008 annual meeting, this date would be September 7, 2007. However, if the Company did not hold an annual meeting the previous year, or if the date of this year's annual meeting has been changed by more than 30 days from the date of the previous year's meeting, then the deadline is a reasonable time before the Company begins to print and mail its proxy materials.

A shareholder's notice to the Secretary in order to be valid must set forth (i) the name and address, as they appear on the Company's books, of the shareholder nominating such candidate; (ii) the class and number of shares of the Company which are beneficially owned by the shareholder; (iii) the name, age, business address and residence address of each nominee proposed in the notice; (iv) the principal occupation or employment of the nominee; (v) the number of shares of the Company's Common Stock beneficially owned by the nominee, if any; (vi) a description of all arrangements or understandings between the shareholder and each nominee and any other persons pursuant to which the shareholder is making the nomination; and (vii) any other information required to be disclosed in solicitations of proxies for election of directors or information otherwise required pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended, relating to any person that the shareholder proposes to nominate for election or re-election as a director, including the nominee's written consent to being named in the proxy statement as a nominee and to serving as a director if elected.

The Company has adopted the Key Technology, Inc. Code of Business Conduct and Ethics which applies to all of the Company's directors and employees, including its chief executive officer and senior financial officers. The Code of Business Conduct and Ethics is available on the Company's website at www.key.net and will be provided without charge to any shareholder upon written request to: Investor Relations, Key Technology, Inc., 150 Avery Street, Walla Walla, Washington 99362. The Code of Business Conduct and Ethics provides that any waiver of its applicability to any director or executive officer may be made only by the Board of Directors or an appropriately designated Board committee and will be publicly disclosed promptly to the Company's shareholders.

Compensation of Directors

Any member of the Board of Directors who is an employee of the Company is not separately compensated for serving on the Board of Directors. For fiscal year 2006, independent directors were paid an annual retainer of \$50,000 plus reimbursement of expenses. The chairman of the Audit Committee receives an additional annual retainer of \$2,500 to reflect the additional responsibilities required by that position. The annual retainer for non-employee directors consists of \$12,500 paid in cash and the equivalent of \$37,500 in restricted stock based upon the current market price on the date of grant, subject to the terms of the Company's 2003 Restated Employees' Stock Incentive Plan. For fiscal

year 2006, independent directors were awarded 3,125 shares of restricted stock. Mr. Madsen, who is a consultant to the Company, was also granted 3,125 shares of restricted stock. These grants vest on the first anniversary of the date of grant.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

On July 14, 2003, the Company entered into a Consulting Agreement with Thomas C. Madsen to be in effect from January 1, 2004 through December 31, 2006. The agreement provided for a monthly fee of \$6,250 to be paid to Mr. Madsen, wherein Mr. Madsen, as an independent contractor, was responsible for all attributable taxes. The agreement contained a non-compete provision whereby Mr. Madsen agreed to not solicit for hire or assist others in the solicitation for hire of any employees of the Company, or engage in any activity, whether directly or through or on behalf of one or more entities or other persons, that competed directly or indirectly with any product or service provided by the Company to its customers in any geographic region then served by the Company.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

With respect to fiscal 2006, the Compensation Committee of the Board of Directors reviewed and assumed responsibility for oversight of the determination of the salary, incentive and stock option or restricted stock compensation for the executive officers of the Company. The two members of the Compensation Committee were not eligible to participate in any of the Company's incentive compensation plans in fiscal 2006, but did each receive a grant of restricted stock under the Company's 2003 Restated Employees' Stock Incentive Plan as a portion of their director compensation. As used in this report, the term "Compensation Committee" refers to Messrs. Shannon and Washburn.

It is the Company's policy to offer competitive compensation opportunities for its employees based on a combination of factors, including corporate performance and the individual's personal contribution to the business. There are three basic elements to executive officer compensation: base salary, management incentive compensation, and stock incentives in the form of stock options granted at market value or restricted stock grants.

Base Salary

In reaching the determinations concerning fiscal 2006 executive officer base salaries, the Compensation Committee considered the recommendations of the Company's former Chief Executive Officer prior to his resignation, individual performance, and the Company's financial performance.

Management Incentive Compensation

The Company's bonus program, in the form of its Management Incentive Plan, is designed to tie executive compensation to the Company's performance. The program blends objective factors for funding the Management Incentive Plan with subjective evaluations of each participant's contributions to the success of the Company.

In one component of the Company's Management Incentive Plan, an annual goal is established for the measurement of net income as a percentage of sales. If this goal is met, employees who participate in this component of the Plan are eligible for an incentive payment that is a pre-determined percentage of their base salary. If the Company's results exceed the minimum percentage, successively higher levels of return-on-sales lead to higher percentages of the individual's base salary being paid in bonus. For fiscal 2006, the Company's net income did not meet the minimum percentage of sales required in order to trigger incentive payments under this portion of the Management Incentive Plan and no bonuses were paid under this part of the Plan.

The second component of the Company's Management Incentive Plan is a goal-driven plan with individual objectives defined at the beginning of the fiscal year for each participant. These objectives relate to attainment of specific goals in the participant's position or for major operating achievements. It is intended that the goals in this portion of the Plan are to be objective and quantifiable wherever possible. At the conclusion of the fiscal year, an assessment of the individual's performance is completed by their manager and reviewed by the Chief Executive Officer, and a percentage of the individual's base salary can be earned, subject to a maximum percentage for any individual participant. For fiscal 2006, the Compensation Committee approved bonuses under the second component of the Management Incentive Plan in the amount of \$271,751 for distribution to an aggregate of 52 participants.

In addition to the Company's Management Incentive Plan, certain senior executives participate in individual incentive plans tied to the performance of certain aspects of the Company's business. These individual incentive plans are designed to be part of the executive's basic compensation package and to place a percentage of the executive's total compensation at risk to encourage achievement against measured quantitative goals. For fiscal 2006, Mr. Miller and Mr. Boutsikaris participated in such an individual plan.

Stock Incentive Compensation

The Compensation Committee believes that stock ownership by executive officers and key employees provides valuable incentives for such persons to benefit as the Company's Common Stock price increases. The Compensation Committee also believes that stock option-based incentive compensation arrangements help align the interests of executives, employees and shareholders. To facilitate these objectives, the Compensation Committee, or the Board of Directors, since 1989, has, from time-to-time, awarded stock options to executive officers and key employees through the 2003 Restated Employees' Stock Incentive Plan (the Plan) and predecessor plans. No stock options were awarded to the Chief Executive Officer or the other named executive officers in fiscal 2006.

The Compensation Committee also uses restricted stock as part of incentive compensation to align the interests of executive officers with those of the Company's shareholders. Under the Plan, the Compensation Committee can make equity incentive awards in the form of restricted stock grants with restrictions that lapse in future years, depending on the continued employment of the executive or the achievement of performance criteria. The lapse of the restrictions on some awards is contingent upon the continued employment of the executives for three years, and the lapse of the restrictions on other awards is contingent upon increases in the Company's net earnings over a three-year period beginning in fiscal 2005. The Compensation Committee believes such awards of restricted stock provide the executives with a continuing stake in the long-term success of the Company. In fiscal 2006, the Board of Directors did not award restricted stock grants to the executive officers of the Company, other than in connection with the hiring of a new Chief Executive Officer as described below.

Compensation of the Chief Executive Officer

On September 25, 2006, the Company appointed David M. Camp as its new Chief Executive Officer. Mr. Camp's compensation was determined by the Compensation Committee using the same general philosophy and in the same manner as described for all executive officers, through base salary, management incentive compensation and stock incentive awards. In evaluating annual compensation for Mr. Camp, the Compensation Committee examined the operating performance of the Company for the prior year, as well as the projections and expectations for the current year. For fiscal 2007, Mr. Camp's annual base salary will be \$275,000. Mr. Camp did not participate in the Management Incentive Plan in fiscal 2006.

As part of Mr. Camp's 2007 and future compensation, he received for fiscal 2007 an award of 21,602 shares of restricted stock. The dollar value of the award was \$275,000 based on the fair market value of the Company's common stock on the date of the award. Fifty percent of the restricted shares will vest based on continued employment in three equal annual installments beginning on the one-year anniversary of hire, and 50% of the restricted shares will vest based on financial performance criteria over the same three-year period determined by the Compensation Committee. On the first and second anniversaries of his hire date, Mr. Camp will receive an identical number of shares as were granted for fiscal 2007, with 50% of such shares subject to the same continued employment-based vesting as used with the initial award over the three-year period following the grant, and the other 50% based upon financial performance criteria. Consistent with its prior practice, the Compensation Committee anticipates the financial performance criteria will be based on several factors, including revenue growth, earnings and return on equity. Mr. Camp is, in addition, eligible for a cash bonus in the discretion of the Compensation Committee, in an amount up to 100% of his base compensation if such performance criteria are met, and up to 200% of his base compensation if such performance criteria are exceeded.

The Compensation Committee believes that the policies and plans described above provide competitive levels of compensation and effectively link executive and shareholder interests. Moreover, the directors believe such policies and plans are consistent with the long-term investment objectives appropriate to the business in which the Company is engaged.

Based solely on the Company's review of the copies of such forms it received and written representations from reporting persons required to file reports under Section 16(a), the Company believes that all of the Section 16(a) filing requirements applicable to such persons were met during fiscal 2006.

AUDIT COMMITTEE REPORT AND OTHER RELATED MATTERS

Report of the Audit Committee of the Board of Directors

The information contained in this report shall not be deemed to be soliciting material, or to be filed with, or incorporated by reference in future filings with the Securities and Exchange Commission, or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that the Company specifically incorporates it by reference into a document filed under the Securities Act of 1933 or the Exchange Act.

The Audit Committee of the Board of Directors of Key Technology, Inc. comprises three non-employee directors who meet the independence standards of The Nasdaq Global Market. The members of the Audit Committee are Charles H. Stonecipher, Chairman, John E. Pelo and Donald A. Washburn. The Board has determined that Mr. Stonecipher qualifies as an audit committee financial expert under federal securities laws. The Audit Committee operates under a written charter adopted by the Board of Directors and provided to shareholders as Appendix A to this Proxy Statement. Among other things, the Audit Committee recommends to the Board of Directors the selection of the Company's independent registered public accountants (the public accountants). The Audit Committee has adopted a policy for the pre-approval of services provided by the public accountants.

Management is responsible for the Company's internal controls and the financial reporting process. The Company's public accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee has met and held discussions with management and the public accountants of the Company. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated audited financial statements separately with management and the Company's public accountants. The Audit Committee discussed with the public accountants the matters required to be discussed by Statement on Auditing Standards No. 61, as amended.

The Company's public accountants also provided to the Audit Committee the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The Audit Committee discussed with the Company's public accountants that firm's

independence and considered whether the non-audit services provided by the Company's public accountants were compatible with maintaining the independence of such public accountants.

Based upon the Audit Committee's discussion with management and the public accountants and the Audit Committee's review of the representations of management and the report of the public accountants to the Audit Committee, the Audit Committee recommended that the Board of Directors include the Company's audited consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2006 filed with the Securities and Exchange Commission.

In compliance with the Sarbanes-Oxley Act, the Audit Committee has established procedures, including receipt, retention, and treatment of complaints, for confidential, anonymous reporting of employee concerns with regard to accounting controls or auditing matters.

| Audit-Related Fees | 0 | 3,570 |
| Tax Fees | 2,240 | 2,100 |
| All Other Fees | 0 | 0 |
| Totals | \$ 278,715 | \$ 237,967 |

Audit Fees represent aggregate fees billed by Grant Thornton LLP for professional services rendered for the audit of the Company's financial statements for each of the years ended September 30, 2006 and 2005, and for review of the financial statements included in each of the Company's Forms 10-Q. Audit Related Fees are billed fees for each of the years ended September 30, 2006 and 2005 for assurance and related services by Grant Thornton LLP that are reasonably related to the performance of the audit or review of the Company's financial statements that are not reported under the caption Audit Fees above, including Form S-8 related services. The policy provides for specific types of permitted

services. The policy requires specific pre-approval of all permitted services. The Audit Committee considers whether such services are consistent with the rules of the SEC on auditor independence. The Audit Committee's charter delegates to a designated member the authority to address any requests for pre-approval of services between Audit Committee meetings, and the designated member must report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The policy prohibits the Audit Committee from delegating to management the Audit Committee's responsibility to pre-approve permitted services of the independent registered public accounting firm.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC

ACCOUNTANTS

The Audit Committee of the Board of Directors has selected Grant Thornton LLP as independent registered public accountants to audit the consolidated financial statements of the Company for the fiscal year ending September 30, 2007.

Change of Independent Registered Public Accountants

On March 25, 2005, the Audit Committee of the Board of Directors of the Company appointed Grant Thornton LLP as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2005 and dismissed Deloitte & Touche LLP as the Company's auditors for the 2005 fiscal year. Deloitte & Touche completed its engagement as the Company's auditors for the 2004 fiscal year.

Deloitte & Touche's reports on the Company's consolidated financial statements for the fiscal years ended September 30, 2004 and 2003 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principles, except that the report on the Company's consolidated financial statements for the fiscal year ended September 30, 2004 made reference to the Company's adoption of EITF No. 03-06 and SFAS No. 142, and the report on the Company's consolidated financial statements for the fiscal year ended September 30, 2003 made reference to the Company's adoption of SFAS No. 145 and SFAS No. 142.

In connection with the audits of the Company's financial statements for each of the two fiscal years ended September 30, 2004 and 2003, there were no disagreements between the Company and Deloitte & Touche on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which, if not resolved to the satisfaction of Deloitte & Touche, would have caused Deloitte & Touche to make reference to the subject matter of the disagreement in connection with its report. During fiscal 2004 and 2003, there were no reportable events (as defined in Regulation S-K, Item 304 (a) (1) (v)).

During fiscal 2004 and 2003, and the period during fiscal 2005 preceding the date of engagement of Grant Thornton, the Company did not consult with Grant Thornton regarding the application of accounting principles to a specific completed or contemplated transaction, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any disagreement between the Company and Deloitte & Touche, or any reportable event.

Grant Thornton LLP acted as independent registered public accountants for the Company for fiscal year 2006. A representative of Grant Thornton LLP is expected to be present at the Annual

Meeting, will have the opportunity to make a statement, and will be available to respond to appropriate questions.

Unless marked to the contrary, proxies received will be voted FOR ratification of the appointment of Grant Thornton LLP as the Company's independent registered public accountants for fiscal year 2007.

The Board of Directors recommends a vote FOR ratification of the selection of

Grant Thornton LLP as the Company's independent registered public accountants

for fiscal year 2007.

OTHER BUSINESS

Management knows of no other matters that will be presented for action at the Annual Meeting. However, the enclosed proxy gives discretionary authority to the persons named in the proxy in the event that any other matters should be properly presented at the Annual Meeting.

Shareholders may only bring business before an Annual Meeting if the shareholder proceeds in compliance with the Company's Restated Bylaws. For business to be properly brought before the 2007 Annual Meeting by a shareholder, notice of the proposed business must be given to the Secretary of the Company in writing on or before the close of business on January 8, 2007. The notice to the Secretary must set forth as to each matter that the shareholder proposes to bring before the meeting: (a) a brief description of the business; (b) the shareholder's name and address as they appear on the Company's books; (c) the number of shares of Common Stock beneficially owned by the shareholder; and (d) any material interest of the shareholder in such business. The presiding officer at any Annual Meeting will determine whether any matter was properly brought before the meeting in accordance with the above provisions. If he should determine that any matter has not been properly brought before the meeting, he will so declare at the meeting and the matter will not be considered or acted upon.

SHAREHOLDER PROPOSALS AND COMMUNICATIONS

To be eligible for inclusion in the Company's proxy materials for the 2008 Annual Meeting of Shareholders, a proposal intended to be presented by a shareholder for action at that meeting must, in addition to complying with the shareholder eligibility and other requirements of the Securities and Exchange Commission's rules governing such proposals, be received not later than September 7, 2007 by the Secretary of the Company at the Company's principal executive offices, 150 Avery Street, Walla Walla, Washington 99362.

Any shareholder or other interested party desiring to communicate with the Board of Directors, or one or more members, or a particular committee, may do so by addressing their written correspondence to Key Technology, Inc., Board of Directors, c/o Corporate Secretary, at the Company's principal executive offices, 150 Avery Street, Walla Walla, Washington 99362. The Secretary of the Company will promptly forward all such communications to the specified addressees, as appropriate.

It is important that your shares be represented at the meeting. Therefore, whether or not you expect to be present in person, you are respectfully requested to mark, sign and date the enclosed proxy and promptly return it in the enclosed envelope.

A copy of the Company's 2006 Annual Report on Form 10-K will be available to shareholders without charge upon request to: Investor Relations, Key Technology, Inc., 150 Avery Street, Walla Walla, Washington 99362.
