PROXY STATEMENT

The Board of Directors of Beasley Broadcast Group, Inc., a Delaware corporation (the "Company"), is soliciting your proxy on the proxy card enclosed with this Proxy Statement. Your proxy will be voted at the Annual Meeting of Stockholders (the "Annual Meeting") to be held on Thursday, May 29, 2008, at 11:00 a.m. local time, at the corporate offices of Beasley Broadcast Group, Inc., 3033 Riviera Drive, Suite 200, Naples, Florida, and any adjournment or postponement thereof. This Proxy Statement, the accompanying proxy card and the Company's Annual Report to Stockholders are first being mailed to stockholders on or about April 28, 2008.

VOTING SECURITIES

Voting Rights and Outstanding Shares

Only stockholders of record on the books of the Company as of 5:00 p.m., April 16, 2008, which is the Record Date, will be entitled to vote at the Annual Meeting. At the close of business on April 16, 2008, the Company had 7,093,334 shares of Class A Common Stock outstanding (the "Class A Shares"), and 16,662,743 shares of Class B Common Stock outstanding (the "Class B Shares" and together with the Class A Shares, the "Common Stock").

Under the Company's Restated Certificate of Incorporation and Bylaws, in the election of directors, the holders of the Class A Shares are entitled by class vote, exclusive of all other stockholders, to elect two of the Company's directors, with each Class A Share being entitled to one vote. With respect to the election of the other six directors and all other matters submitted to the stockholders for vote, the holders of Class A Shares and Class B Shares shall vote as a single class, with each Class A Share being entitled to one vote and each Class B Share entitled to ten votes.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the Inspector of Elections with the assistance of the Company's transfer agent. Except with respect to the election of directors (which is discussed separately under "Proposal 1: Election of Directors") and except in certain other specific circumstances, the affirmative vote of a majority of votes cast in person or by proxy at a duly held meeting at which a quorum is present is required under Delaware law and our Bylaws for approval of proposals presented to stockholders.

The Inspector will also determine whether or not a quorum is present. Our Bylaws provide that a quorum consists of a majority of the votes entitled to be cast and present in person or represented by proxy. The Inspector will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum. An abstention is deemed present but it is not deemed a vote cast. Broker non-votes occur when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power on that item and has not received instructions from the beneficial owner. Abstentions and broker non-votes are included in determining whether a quorum is present but are not included in the tabulation of the voting results. As such, abstentions and broker non-votes do not affect the voting results with respect to the election of directors or the issues requiring the affirmative vote of a majority of the votes cast at the annual meeting. Abstentions and broker non-votes will have the effect of a vote against the approval of any items requiring the affirmative vote of the holders of a majority or greater of the outstanding common stock.

The shares represented by the proxies received, properly dated and executed and not revoked will be voted at the Annual Meeting in accordance with the instructions of the stockholders. A proxy may be revoked at any time before it is exercised by:

Delivering written notice of revocation to the Company, Attention: Caroline Beasley;

Delivering a duly executed proxy bearing a later date to the Company; or

Attending the Annual Meeting and voting in person.

Any proxy that is returned using the form of proxy enclosed and that is not marked as to a particular item will be voted FOR the election of directors and as the proxy holders deem advisable on other matters that may come before the meeting. If a broker indicates on the enclosed proxy or its substitute that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present with respect to that matter. The Company believes that the tabulation procedures to be followed by the Inspector are consistent with the general statutory requirements in Delaware concerning voting of shares and determination of a quorum.

The cost of soliciting proxies will be borne by the Company. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners.

Proxies may also be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone or telegram.

PROPOSAL NO. 1: ELECTION OF DIRECTORS

Eight directors are to be elected at the Annual Meeting to serve until the next Annual Meeting of stockholders or until their respective successors are elected or appointed. Nominees for election to the Board of Directors shall be approved by the following vote:

For Nominees to be Elected by the Holders of the Class A Shares: by a plurality of the votes cast by the holders of Class A Shares present in person or by proxy at the Annual Meeting, with each share being entitled to one vote.

Abstentions from voting on the election of directors, including broker non-votes, will have no effect on the outcome of the election of directors. In the event any nominee is unable or unwilling to serve as a nominee, the proxies may be voted for the balance of those nominees named and for any substitute nominee designated by the present Board of Directors or the proxy holders to fill such vacancy, or for the balance of those nominees named without nomination of a substitute, or the Board of Directors may be reduced in accordance with the Bylaws of the Company. THE BOARD OF DIRECTORS AND ITS COMMITTEES

The Company's Board of Directors met five times during 2007 and acted by unanimous written consent on one occasion. Each member of the Board attended at least 75% of the aggregate number of meetings of the Board of Directors and attended at least 75% of the aggregate number of meetings of the Committees of the Board of Directors of which he or she was a member. All of our then-current directors attended the 2007 Annual Meeting of stockholders.

Controlled Company

The Company qualifies as a controlled company, within the meaning of Rule 4350(c)(5) of the National Association of Securities Dealers. The Company currently qualifies as a controlled company because more than 50% of the Company's voting power is controlled by the Company's Chairman and Chief Executive Officer, George Beasley. As a result, the Company is not required to have a Board of Directors consisting of a majority of Directors who are independent or compensation committee or nominating committee composed solely of independent directors.

Committees of the Board of Directors

During 2007, the Board of Directors had an Audit Committee and a Compensation Committee.

The Board of Directors currently does not have a nominating committee or a committee performing the functions of a nominating committee. The Board of Directors is not required to have a nominating committee because it is a controlled company as defined in the NASDAQ rules. Although there are no formal procedures for stockholders to nominate persons to serve as directors, the Board of Directors will consider recommendations from stockholders, which should be addressed to Caroline Beasley, Secretary of Beasley Broadcast Group, Inc. at the Company's address. The Company has not adopted a formal process because it believes that the informal consideration process has been adequate to date.

The Audit Committee, established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the Exchange Act), consists of Messrs. Cox, Fowler and McCord, each of whom is independent as the term independence is defined in Rule 4200(a)(15) of the NASDAQ rules and Rule 10A-3 under the Exchange Act. The Board of Directors has determined that Mr. Cox is an Audit Committee financial expert as that term is defined in the Exchange Act. The responsibilities of the Audit Committee as set forth in its written charter include:

Recommending to the Board of Directors independent auditors to conduct the annual audit of the Company's financial statements;

Reviewing the proposed scope of the audit and approving the audit fees to be paid;

Reviewing the Company's accounting and financial controls with the independent auditors and its financial and accounting staff; and

Reviewing and approving transactions, other than compensation matters, between the Company and its directors, officers and affiliates.

The Audit Committee met six times during 2007 and acted by unanimous written consent on one occasion. The current charter of the Audit Committee is attached hereto as Appendix A.

The Compensation Committee consists of Messrs. Cox, Fowler, and McCord each of whom is independent as the term independence is defined in Rule 4200(a)(15) of the NASDAQ rules. This Committee is responsible for establishing compensation policies for the Company's executive officers, including the Chief Executive Officer, and reviews of the Company's compensation plans to ensure that they meet corporate objectives. The responsibilities of the Compensation Committee also include administering and interpreting the 2007 Equity Incentive Award Plan of the Company. The Compensation Committee met five times during 2007 and did not act by unanimous written consent. As a controlled company, the Compensation Committee is not required to, and does not have a charter.

Stockholder Communication with Board Members

Although the Company has not to date developed formal processes by which stockholders may communicate directly to directors, it believes that the informal process (in which stockholder communications received by the Secretary for the Board's attention, or summaries thereof, will be forwarded to the Board) has served the Board's and the stockholders' needs. In view of SEC disclosure requirements relating to this issue, the Board of Directors may consider developing more specific procedures. Until any other procedures are developed and posted on the Company's corporate website, any communications to the Board of Directors should be sent to it in care of the Secretary.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Objectives

We believe that compensation paid to our executive officers should be closely aligned with our performance and the creation of stockholder value, in each case on both a short-term and long-term. As a result, our executive officer compensation programs are designed to motivate our executive officers to attain our financial, operational and strategic objectives and to align the financial goals of our executive officers with those of our stockholders. Our compensation programs are also designed to provide our executive officers with competitive compensation. To ensure that pay is competitive, we regularly compare our pay practices and our executive officers' performance with our competitors.

Our executive officer compensation programs are comprised of the following elements: (i) base salary; (ii) annual discretionary incentive bonuses of both cash and equity; and (iii) other compensation such as employee benefit plans including our 401(k) plan, health insurance and life/disability insurance.

Determination of 2007 Compensation Awards

Our Compensation Committee (the Committee) has the primary authority to determine and recommend the compensation awards available to our executive officers. The Committee meets on a regularly scheduled basis and in 2007, the Committee met five times.

In connection with 2007 executive compensation decisions, management retained an independent compensation consultant, Johnson Associates, Inc., to assist it in the determination of the key elements of the compensation programs.

The compensation consultant provided advice to the management and to the Compensation Committee with respect to competitive practices and the amounts and nature of bonus compensation paid to our executive officers. To aid the Committee in making its determinations, we prepare an annual summary report which highlights our operational results. In addition, on a quarterly basis we prepare a report which compares our performance to the performance of companies in our Peer Group and includes an analysis of data taken from earnings releases that are distributed by the various companies in our Peer Group and data prepared by broadcast analysts in the industry. In addition, our chief executive officer and chief financial officer provide recommendations, based upon the information provided by the compensation consultant, to the Committee regarding the compensation of all executive officers.

2007 Compensation Benchmarking and Peer Group

We strive to maintain executive compensation in a manner that is consistent with a peer group of major radio broadcasting companies. An important component of setting and structuring compensation for our executive officers is determining the compensation packages offered by the leading radio broadcasting companies in order for us to offer competitive compensation within that group of companies. Setting compensation at levels that are competitive with our peers assists us with one of our primary goals of retaining our executive talent and motivating our executive officers to perform and create shareholder value. Our compensation consultant surveys the compensation practices of a peer group of companies in the United States to assess our competitiveness. In determining the level of compensation provided to our executive officers, we evaluate the financial performance of those companies, in addition to evaluating our independent performance, to gauge our comparative performance within our peer group. This Peer Group of companies includes: Citadel Broadcasting, Cumulus Media, Emmis Communications, Spanish Broadcasting, Cox Radio, Salem Communications, Saga Communications, Entravision Communications, Entercom Communications, Radio One and Regent Communications.

We strongly believe in retaining the best talent among our management team. In setting annual cash compensation, we aim to provide market compensation that approximates the median annual cash compensation of executive officers performing similar job functions at similar companies in the Peer Group. To determine that level of compensation, we review compensation data of the Peer Group and actual compensation amounts provided in Peer Group proxy statements. Our review indicates that we are providing annual cash compensation that falls within the median of the Peer Group, and we believe our design of base and incentive annual cash compensation appropriately provides market compensation to our executive officers. Overall, we believe that, based on the data provided by our independent compensation consultant, our cash compensation programs, as structured, are at market relative to our Peer Group.

Elements of Compensation.

Base Salary. We are party to an employment agreement with each of our NEOs. These agreements provide for a base salary for each NEO, which in each case is subject to an annual increase of not less than 5% and annual cash bonuses for each NEO at the discretion of the Committee. The compensation provisions of our NEOs' employment agreements were determined at the time that we entered into the agreements in 2005.

Annual base salaries are intended to reward each NEO for the day-to-day demands, complexities and difficulties of his or her job. The objective is to set base salaries at levels that we and the applicable executive officer believe are fair, given the job functions and their individual performance and experience in relation to those job functions. Base salaries are also determined based upon a comparison of our NEOs' positions to similar positions at companies in our Peer Group. As in previous years, annual base compensation in 2007 reflected an increase of 5% over the previous year pursuant to each NEO's employment agreement.

Incentive Compensation. Our Committee has historically utilized two forms of incentive compensation: cash and equity awards. The cash component is designed to convey an immediate recognition of services performed by the recipient, while the equity component is tied to vesting requirements and is designed to not only compensate but to also motivate and retain the recipient over the long term.

Cash Bonus Awards. All of our NEOs are eligible to receive bonuses under our annual cash incentive program. For 2007, each named executive officer received a discretionary cash bonus as described in the Summary Compensation Table that is calculated based upon both the attainment of objective performance goals and subjective assessment of performance by the Compensation Committee. The funding of the pool available for annual cash bonuses is based upon the achievement of pre-determined aggregate station operating income goals, with the actual funding resulting in total cash compensation ranging from the 25th to the 75th percentile of Peer Group cash compensation. The target total cash compensation is the median cash compensation paid to executives at companies in the Peer Group but may range from the 25th to the 75th percentile based upon performance. The Compensation Committee has the discretion to increase or decrease the funding of the pool based upon a subjective assessment of qualitative performance measured by the following factors: station ratings; market versus company performance; success of new acquisitions, start-ups and divestitures; management of extraordinary events and market conditions; and current year-end market compensation and external factors. The Compensation Committee also has the discretion to adjust individual awards based upon its subjective measurement of an individual's performance. For example, if the bonus pool is funded at target, the Compensation Committee may adjust an individual's award to above or below target based on individual performance.

The bonus pool for the 2007 annual cash bonus awards was funded at the 25th percentile based upon (i) our achievement of \$37.4 million of station operating income based upon a target of \$38.0 million, and (ii) the Compensation Committee's subjective assessment of general qualitative performance, including internal growth, conversion to HD radio, market performance, and success of the recent acquisitions of KDWN-AM and KBET-AM in Las Vegas, NV and WJBR-FM in Wilmington, DE. The station operating income target was originally based upon expected industry revenue ranging from a decline of 1.5% to an increase of 2%. The Compensation Committee considered our revenue performance which outperformed the actual industry revenue decline of approximately 2% in 2007 in determining the annual cash bonus awards for 2007. The size of the cash bonus for 2007 brought the aggregate value of our NEOs' total cash compensation to approximately the median level for our Peer Group as described above.

Equity Compensation. To promote our long-term objectives and reward executive officers for long-term performance, we provide awards of equity-based compensation to our executive officers and other key employees under the Beasley Broadcast Group, Inc. 2007 Equity Incentive Award Plan. We believe that equity ownership in the Company is important to tie the ultimate level of an executive officer's compensation to the performance of our common stock and stockholder gains while creating an incentive for sustained growth. Our 2007 Equity Incentive Award Plan permits the grant of awards to our executive officers and others who are in a position to make a significant contribution to our long-term success. These equity awards are permitted to be made in the form of nonqualified stock options and restricted stock awards. The number of stock options and restricted stock awards granted to each executive officer is determined by the Compensation Committee based upon several factors, including the executive officer's position, performance and the value of a share of our common stock as of the date of grant of the award. We typically grant awards upon commencement of employment and we may make grants to executives following a significant change in job responsibility, or in recognition of a significant achievement. However, with respect to the NEOs, we generally only grant awards in connection with the negotiation of their individual employment agreements. Our 2007 Equity Incentive Award Plan is an important component of the compensation necessary to attract and retain talented senior executive officers.

Historically, we have utilized stock options as our primary long-term incentive vehicle. However, in light of accounting changes under SFAS No. 123R, as revised, and industry trends in executive compensation, the Committee shifted from an options-based equity compensation approach to a restricted stock-based approach in

2005. As a result, we currently only grant shares of restricted stock to executive officers. Each NEO was granted an award of restricted stock in 2005 which vested over the following three years in connection with the negotiation of each NEO's individual employment agreement. In addition, senior executives were granted shares of restricted stock in 2006 that vest in four annual installments on each anniversary of the grant date to offset the reduced value of under-water options held by each executive. Therefore, we did not grant any equity awards to our NEOs during 2007. Awards granted under the 2007 Equity Incentive Award Plan generally have a three-year vesting schedule in order to provide an incentive for continued employment. This provides a reasonable time frame in which to align the executive officer with the price appreciation of our stock.

Defined Contribution Plans

We have a Section 401(k) Savings/Retirement Plan (the "401(k) Plan") that covers eligible employees of the Company and any designated affiliate. The 401(k) Plan permits eligible employees to defer up to 100% of their annual compensation, subject to certain limitations imposed by the Internal Revenue Code. The employees' elective deferrals are immediately vested and non-forfeitable upon contribution to the 401(k) Plan. Employees aged twenty-one years or older are eligible to participate in the 401(k) Plan after completing one year of service. In addition, part-time employees must have completed 1,000 hours of service.

Employment Agreements

The Company entered into a three-year employment agreement with George G. Beasley effective as of February 11, 2005 pursuant to which he serves as the Chief Executive Officer and Chairman of the Board of Directors. The Company has entered into employment agreements with each of the Named Executive Officers. The Company provides severance to the Named Executive Officers to provide fair and equitable compensation in the event of severance of employment. The Company's policy with respect to severance is to reasonably protect the executive in the event of termination, while providing a level of predictability for the Company with respect to potential future severance obligations. The Company provides severance at levels that are competitive with severance provided to similarly situated executives at companies in the Peer Group.

Tax Issues Relating to Executive Compensation.

Section 162(m) of the Internal Revenue Code of 1986, as amended, imposes limitations upon the federal income tax deductibility of compensation paid to our NEOs. Under these limitations, we may deduct such compensation only to the extent that during any year the compensation paid to any such officer does not exceed \$1,000,000 or meets certain specified conditions (such as certain performance-based compensation that has been approved by our stockholders). While our Board desires to maximize our tax deductions, some elements of executive compensation may not be tax deductible, and our compensation plans and policies may be modified if the Committee determines that such action is in the best interest of us and our stockholders; even if such action may result in some loss of deductibility. For example, discretionary bonuses and grants of restricted stock are not considered performance-based compensation and therefore count against the \$1,000,000 cap under Section 162(m).

TERMINATION OR CHANGE IN CONTROL PAYMENTS

Potential Termination Payments

Effective February 11, 2005, each of our NEOs entered into a three-year employment agreement with us, subject to automatic one-year renewals if not terminated by either party, which provide for severance benefits under certain events. The employment agreements provide that in the event of death, the executive's estate will receive monthly payments of the executive's annual salary, for a period of one year. In addition, in the event of a termination by us without cause or a termination by the executive for good reason, the terminated executive will be entitled to (i) severance (the Severance Amount), (ii) continued receipt of certain benefits including medical insurance and life insurance for one year following the date of termination, and (iii) full vesting of all outstanding equity awards (collectively, the Severance Benefits). The Severance Amount is equal to the greater of the executive's annual base salary for the longer of one year or the remainder of the initial three-year term of the agreement. In the event of a termination by us as a result of the executive's disability, the executive will continue to receive his or her annual base salary until the date of termination.

Under the employment agreements, disability means the absence of the executive from the executive's duties on a full-time basis for a period of 180 consecutive days as a result of incapacity due to mental or physical illness. Cause, means the executive's: (i) failure substantially to perform his duties under the employment agreement, other than any such failure resulting from the executive's disability, after notice and reasonable opportunity for cure, all as determined by our board of directors; (ii) conviction of a felony or a crime involving moral turpitude; or (iii) fraud or personal dishonesty involving our assets. Good reason exists where we fail to make any payment or provide any benefit under the employment agreement or commit a material breach of the employment agreement and do not cure such failure or breach after notice and a reasonable opportunity to cure.

RELATIONSHIP WITH INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Audit Committee has reappointed Crowe Chizek and Company LLC (Crowe Chizek) as the independent registered public accounting firm to audit the Company's financial statements for the fiscal year ending December 31, 2008. The Audit Committee has adopted a policy that sets forth the manner in which the Audit Committee will review and approve all services to be provided by Crowe Chizek before the firm is retained. The Audit Committee pre-approves all audit and permitted non-audit services to be performed for the Company by its independent public accountants. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Policies and Procedures for the Review, Approval, or Ratification of Related Party Transactions.

On March 8, 2007, our Board of Directors adopted a written Related Party Transactions Policy, which provides that Interested Transactions with Related Parties, as those defined in the policy, are subject to approval or ratification.

For purposes of the policy an Interested Transaction is any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships (including any indebtedness or guarantee of indebtedness) in which: (i) the aggregate amount involved will or may be expected to exceed \$100,000 in any calendar year; (ii) we are a participant; and (iii) any Related Party has or will have a direct or indirect interest (other than solely as a result of being a director or a less than 10 percent beneficial owner of another entity); a Related Party is any (a) person who is or was (since the beginning of the last fiscal year for which we have filed a Form 10-K and proxy statement, even if they do not presently serve in that role) an executive officer, director or nominee for election as a director, (b) beneficial owner of greater than 5 percent of our common stock, or (c) immediate family members of any of the foregoing. Immediate family member include a person's spouse, parents, stepparents, children, stepchildren, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, and brothers- and sisters-in-law and anyone not falling into one of the foregoing categories who resides in such person's home (other than a tenant or employee).

Under this policy, our Audit Committee reviews the material facts relating to all Interested Transactions that require the Committee's approval and either approves or disapproves of our entry into the Interested Transaction, subject to certain exceptions. If advance Committee approval of an Interested Transaction is not feasible, then the Interested Transaction shall be considered and, if the Committee determines it to be appropriate, ratified at the Committee's next regularly scheduled meeting. In determining whether to approve or ratify an Interested Transaction, the Committee will take into account, among other factors it deems appropriate, whether the Interested Transaction is on terms no less favorable to us than terms generally available from an unaffiliated third-party under the same or similar circumstances and the extent of the Related Person's interest in the transaction.

Under the policy, certain transactions are deemed to be pre-approved by the Committee, even if the aggregate amount involved will exceed \$100,000. These transactions include: employment and compensation of our executive officers and directors; certain transactions with other companies; certain charitable contributions; transactions in which all of our stockholders receive proportional benefits and transactions involving competitive bids.

Prior to the adoption of the policy, transactions with related parties were brought to the Audit Committee for its prior approval and prior to our initial public offering in 2000 when we did not have an Audit Committee, such transactions were brought to our board of directors for its prior approval.

2007 Transactions

During 2007 the Company engaged in several transactions in which our executive officers, including our Chief Executive Officer, George G. Beasley, and members of his family were participants. These transactions are described below. While the Related Party Transaction Policy had not been adopted at the time these transactions and arrangements were entered into or commenced, each has been subsequently ratified by the Audit Committee pursuant to the Related Party Transaction Policy.

In December 2000, the Company finalized the sale of most of its radio towers and related real estate assets to Beasley Family Towers, Inc. (BFT), which is owned by George G. Beasley, Bruce G. Beasley, Caroline Beasley, Brian E. Beasley and other family members of George G. Beasley, for \$5.1 million in unsecured notes. The Company sold these radio towers and related real estate assets primarily to focus on its core business of acquiring, developing and operating radio stations. As of

March 31, 2007 and 2008, the aggregate outstanding balance of the notes receivable was \$4.0 million and \$3.9 million, respectively. The notes are due in aggregate monthly payments of approximately \$38,000, including interest at 6.77%. The notes mature on December 28, 2020. During 2007 interest income on the notes receivable from BFT was approximately \$271,000.

The Company leases radio towers for 22 radio stations under separate lease agreements from BFT. The lease agreements expire on December 28, 2020. During 2007, rental expense was approximately \$543,000.

The Company leases office and studio space for five radio stations in Ft. Myers, FL from George G. Beasley. The lease agreements expire on August 31, 2009. During 2007, rental expense was approximately \$137,000.

The Company leases land for office and studio space for nine radio stations in Augusta, GA from George G. Beasley. The lease agreement expires on November 1, 2023. The current annual rent for this land is approximately \$35,000. The lease agreement was based on competitive bids from third parties. The Company believes that this lease agreement is on terms at least as favorable to it as could have been obtained from a third party.

The Company leases a radio tower for WCHZ-FM in Augusta, GA from Wintersrun Communications, Inc., which is owned by George G. Beasley, Brian E. Beasley and Bruce G. Beasley. The lease agreement expires on April 30, 2014. During 2007, rental expense was approximately \$27,000.

The Company leases office space for its principal executive offices in Naples, FL from Beasley Broadcasting Management Corp., which is wholly-owned by George G. Beasley. During 2007, rental expense was approximately \$147,000.

Bradley C. Beasley, son of George G. Beasley is currently employed by the Company and was paid \$306,225 in 2007. The amount paid includes base salary and performance-based cash bonuses and stock-based compensation.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors, and persons who own more than ten percent of a registered class of the Company's stock, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) reports they file.

Based solely on its review of the copies of such reports and upon written representations from certain reporting persons, the Company believes that, for the year ended December 31, 2007, all Section 16(a) filing requirements applicable to the Company's officers, directors and greater than ten percent stockholders were complied with on a timely basis.

CODE OF BUSINESS CONDUCT AND ETHICS

The Company adopted a Code of Business Conduct and Ethics applicable to all of its directors and employees, including its principal executive officer and principal financial and accounting officer, which is a "code of ethics" as defined by applicable rules of the SEC. This code is available on the Company's website at www.bbgi.com. A copy may also be obtained upon request from the Secretary of the Company. If the Company makes any amendments to this code other than technical, administrative, or other non-substantive amendments, or grants any waivers, including implicit waivers, from a provision of this code that applies to the Company's principal executive officer or principal financial and accounting officer and relates to an element of the SEC's "code of ethics" definition, the Company will disclose the nature of the amendment or waiver, its effective date and to whom it applies on its website or in a report on Form 8-K filed with the SEC.

The Committee may retain any independent counsel, experts or other advisors (accounting, financial or otherwise) that the Committee believes to be necessary or appropriate. The Committee may also utilize the services of the Company's regular legal counsel or other advisors to the Company. 3. Before the outside auditor is engaged by the Company or its subsidiaries to render audit or non-audit services, the Committee shall pre-approve the engagement. Committee pre-approval of audit and non-audit services will not be required if the engagement for the services is entered into pursuant to pre-approval policies and procedures established by the Committee regarding the Company's engagement of the outside auditor, provided the policies and procedures are detailed as to the particular service, the Committee is informed of each service provided and such policies and procedures do not include delegation of the Committee's responsibilities under the Exchange Act to the Company's management. The Committee may delegate to one or more designated members of the Committee the authority to grant pre-approvals, provided such approvals are presented to the Committee at a subsequent meeting. If the Committee elects to establish pre-approval policies and procedures regarding non-audit services, the Committee must be informed of each non-audit service provided by the outside auditor. Committee pre-approval of non-audit services (other than review and attest services) also will not be required if such services fall within available exceptions established by the Securities and Exchange Commission (SEC).
4. The Committee shall confirm with the outside auditor that the outside auditor is in compliance with the partner rotation requirements established by the SEC.
5. The Committee shall, if applicable, consider whether the outside auditor's provision of any permitted information technology services or other non-audit services to the Company is compatible with maintaining the independence of the outside auditor.
6. The Committee shall discuss with the outside auditor the report that such auditor is required to make to the Committee regarding: (A) all accounting policies and practices to be used that the outside auditor identifies as critical; (B) all alternative treatments within GAAP for policies and practices related to material items that have been discussed among management and the outside auditor, including the ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the outside auditor; and (C) all material written communications between the outside auditor and management of the Company, such as any management letter, management representation letter, reports on observations and recommendations on internal controls, outside auditor's engagement letter, outside auditor's independence letter and schedule of unadjusted audit differences.

9. The Committee shall, based on the review and discussions in paragraphs 6, 7 and 8, above, and the written disclosure, letter and discussions in paragraph number 2, above, and based on the disclosures received from the outside auditor regarding its independence and discussions with the auditor regarding such independence pursuant to paragraph 2, above, determine whether to recommend to the Board that
