Director Independence

It is our policy that a majority of our directors be independent. The Board has determined that five of our six directors are independent, namely our Chairman Mr. Eichler and Messrs. Farshchi, O'Malley, Stephens and Thanos, based upon the listing standards of the Nasdaq Global Select Market and applicable laws and regulations. Our Board has also determined that the only director who is standing for election to the Board and is not independent is Mr. Pickus, our President and Chief Executive Officer.

Board Meetings

The Board meets at regularly scheduled meetings throughout the year, and also acts at special meetings and by written consent, as may be appropriate. In fiscal 2008 the Board held six meetings. All directors attended at least 75% of the aggregate number of meetings of the Board and of the committees on which such directors served in fiscal 2008. Director attendance at the Company's Annual Meeting is encouraged but not required. The following directors attended the 2008 Annual Meeting of stockholders: Kevin C. Eichler, Martin O'Malley, Joshua Pickus, Jim Stephens and James Thanos.

Executive Sessions

Our independent directors meet at least three times per year in executive session without management directors, non-independent directors or management present.

Committees of the Board of Directors

The Board delegates certain responsibilities to committees of independent directors. The Board has a standing Nominating and Governance Committee, Compensation Committee, and Audit Committee. Members of these committees are selected by the Board upon the recommendation of the Nominating and Governance Committee. The charter of each of these standing Board committees is available through our website at:

http://www.supportsoft.com/Company/ir_corporate_governance.html

During 2008 the members of the Audit Committee were Messrs. Eichler, Farshchi and O'Malley. The Board has determined that Messrs. O'Malley and Eichler are financial experts, as defined under SEC rules. In addition, the Board has determined that each member of the Audit Commission is financially literate and has the requisite financial sophistication as required by the applicable listing standards of the Nasdaq Global Select Market. The Audit Committee held eight meetings during 2008.

The Audit Committee assists the Board in its general oversight of our financial reporting, internal controls and audit functions, and is directly responsible for the appointment, retention, compensation and oversight of the work of our independent registered public accounting firm. Additional information regarding the Audit Committee is included in the Report of Audit Committee of the Board of Directors below.

Director Qualifications

The primary qualifications for service on the Board are a distinguished record of leadership and success and an ability to make substantial contributions to the Board and SupportSoft. The Nominating and Governance Committee periodically reviews with the Board the appropriate skills and characteristics required of Board members. The assessment of Board candidates includes, but is not limited to, consideration of relevant industry experience, general business experience, relevant financial experience, and compliance with independence and other qualifications necessary to satisfy any applicable securities and tax laws and the rules and regulations thereunder, as well as the rules of the Nasdaq Global Select Market.

Director Nominations

The Nominating and Governance Committee considers and recommends candidates for Board membership. Candidates may be suggested by Board members, management, or our stockholders. The Committee also has, on occasion, retained third-party executive search firms to identify independent director candidates. After completing an evaluation and review of a director candidate, the Nominating and Governance Committee makes a recommendation to the full Board, and the Board determines whether the candidate should be named a director.

The Nominating and Governance Committee will consider director candidates recommended by our stockholders. Such nominations should be directed to the Nominating and Governance Committee, c/o Corporate

Secretary, at our principal executive offices: 1900 Seaport Boulevard, 3rd Floor, Redwood City, CA 94063. However, if less than 100 days notice of the meeting is given to stockholders, such nomination must be mailed or delivered to the corporate secretary not later than the close of business on the 7th day following the day on which the notice of meeting was mailed.

For each proposed nominee who is not an incumbent director, the stockholder's notice must set forth specific information called for in our bylaws. There have been no recent material changes to the procedures by which stockholders may recommend nominees for the Board of Directors.

Section 16(a) Beneficial Ownership Compliance

Under the securities laws of the United States, SupportSoft's directors, executive officers and any persons holding more than 10% of the our common stock are required to report their initial ownership of our common stock and any subsequent changes in that ownership to the Securities and Exchange Commission. Specific due dates for these reports have been established and we are required to identify in this proxy statement those persons who failed to timely file these reports. Based solely on a review of Forms 3, 4 and 5 and any amendments thereto furnished to us, we believe that all of the Section 16 filing requirements were timely satisfied for 2008.

ITEM 11. EXECUTIVE COMPENSATION.

EXECUTIVE COMPENSATION AND RELATED INFORMATION

Compensation Discussion and Analysis

Executive Summary

We provide software and services designed to make technology work. We currently operate our business in two segments, the Consumer Business and the Enterprise Business. Our Consumer Business is a technology-enabled services business that was launched in 2007 to provide consumers with assistance in resolving technology problems. Our Enterprise Business consists of our traditional business in which we license technical support software to digital service providers (telecommunications and cable companies) and corporate IT departments and IT outsourcing. As further discussed in this section, our executive compensation program is designed to reward our senior executive officers when they contribute to the achievement of our business objectives and create long-term stockholder value. Our compensation plans and programs for 2009 are evolving and are subject to change depending upon, among other things, the timing and successful closing of the proposed Asset Sale described elsewhere in this proxy statement.

The following discussion and analysis explains our executive compensation program and policies as they relate to our senior executives who are listed in the Summary Compensation Table below for fiscal year 2008. We refer to these senior executives as our named executive officers. For 2008, our named executive officers were:

Joshua Pickus	<i>President and Chief Executive Officer</i>
Shelly Schaffer	<i>Chief Financial Officer and Executive Vice President of Finance and Administration</i>
Michael Sayer	<i>Executive Vice President, General Manager Enterprise</i>
Richard Mandeberg	<i>Executive Vice President, Chief Revenue Officer, CSG</i>
Anthony Rodio	<i>Executive Vice President, Chief Operating Officer, CSG</i>
Ken Owyang	<i>Former Chief Financial Officer and Senior Vice President of Finance and Administration</i>

Table of Contents

As previously reported, Mr. Owyang ceased to act as our Chief Financial Officer at the time we filed our Annual Report on Form 10-K for 2007. On March 13, 2008, Ms. Schaffer succeeded Mr. Owyang as our Chief Financial Officer.

The following are the highlights of our 2008 executive compensation program:

We froze the total cash compensation for our senior executive officers continuing from the prior year;

Our named executive officers earned short-term cash incentive awards pursuant to our Executive Incentive Compensation Incentive Plan at quarterly intervals based on achievement of quarterly company and/or business unit revenue and operating income goals and/or individual performance objectives that, on a yearly basis, ranged from about 71% to 119% of their target opportunities. Short-term cash incentive payments for 2008 ranged from about 18% to 119% of the executives' base salaries;

We awarded time-based stock options to our named executive officers under our existing omnibus equity incentive plan;

We adopted an amended and restated Executive Incentive Compensation Plan, including changes to the plan, that will be operational for 2009; and

We did not conduct a new benchmarking review during 2008 because we determined that the 2007 benchmarking review remained appropriate for determining 2008 compensation levels.

The discussion and analysis of our 2008 executive compensation program that follows may include forward-looking statements, and should be read together with the compensation tables and related disclosures that follow this section.

Compensation Philosophy and Objectives

The Compensation Committee reviews executive officer performance and total compensation, including equity awards, on an annual basis. These reviews take place generally in October for named executive officers other than our Chief Executive Officer, and after the end of our fiscal year for the Chief Executive Officer. The Compensation Committee has sole authority to assess the performance of our Chief Executive Officer and determine his compensation. In general, our management team supports our Compensation Committee with its tasks of considering and establishing executive compensation for the other named executive officers. Our executive compensation program has been designed by our Compensation Committee to promote two primary objectives:

to attract and retain talented executives who will lead us to achieve our business objectives and create long-term stockholder value; and

to align executive pay with annual and long-term company performance and stockholder return.

These objectives guide the compensation elements we use and our compensation decisions for individual executive officers, as further discussed in this section. With these objectives in mind, we generally seek through our executive compensation program to attract and retain our named executive officers, to reward our named executive officers for achieving quarterly, semi-annual and annual performance goals, and to encourage our named executive officers to meet performance goals in future periods.

Executive Compensation Program Design

The principal elements of our executive compensation program are base salary, short-term cash incentive awards earned on a quarterly, semi-annual and annual basis and long-term equity awards earned based on our review of full-year performance, which equity awards vest over time. In keeping with our philosophy of aligning pay with performance, a significant portion of our named executive officers' compensation is at

risk and

7

Table of Contents

comprised of both long-term equity awards and short-term cash incentives. For us, at risk compensation consists of potential earnings that are directly linked to performance or earnings that are granted in the form of short-term cash incentives and long-term investments in our company's success through equity awards.

We believe long-term equity awards are particularly effective as a means of aligning the interests of our named executive officers with those of our stockholders as these awards drive both long-term company performance and retention of key executives. We believe this because the equity awards will not deliver any return to our executives unless our stock price increases after the time the award is made. Accordingly, each year we seek to establish long-term equity incentives as a significant component of our executive compensation program. We also believe that short-term cash incentives are an important and effective way to align named executive officer pay with company performance because short-term cash incentives are actually earned only when our named executive officers help us achieve our business objectives. We measure short-term cash incentive award achievement on a quarterly, semi-annual and annual basis based on both company and individual executive officer performance, which also helps us more closely equate executive pay with real-time performance.

In 2008, each of our named executive officers was eligible to receive a target short-term cash incentive, expressed as a percentage of his or her annual base salary, based on the executive's attainment of pre-established goals and/or the performance of the company and/or the executive's business unit. For 2008, our Chief Executive Officer's short-term cash incentive opportunity was tied to quarterly and annual company and/or business unit revenue and operating income targets set by the Compensation Committee. The Compensation Committee chose these particular performance metrics for our Chief Executive Officer to ensure that he capitalized on our revenue growth opportunities while maintaining operating discipline. Annual cash incentives for our other named executive officers were tied to their quarterly achievement of various individual performance objectives and/or to achievement of quarterly and annual revenue, operating income, and/or other business unit objectives. The revenue and operating income targets relevant to our named executive officers are described in greater detail under Annual Cash Incentive Awards below.

Executive Compensation Program Design Changes for 2008 and 2009

Our executive compensation program design changed a number of times in 2008 and 2009 as it related to short-term cash incentives. These changes generally related to our newer Consumer Business which is rapidly evolving. In January 2008, the Board adopted a new Executive Incentive Compensation Plan, which we refer to as the 2008 annual incentive plan, that was designed to closely align executive compensation with corporate and business unit financial performance. We adopted the 2008 annual incentive plan based on the results of our 2007 benchmarking activities discussed below. Although we view our cash compensation to be competitive with that offered by companies in our peer group, in the light of the Radford Associates survey data discussed further below, we believed that we could strengthen our pay for performance program by tying a larger percentage of short term cash incentives to company or business unit performance, as opposed to individual objectives.

Based on this objective, the 2008 annual incentive plan tied a significant percentage of each executive officer's short-term cash incentive compensation to company financial performance and, for our executives who serve as heads of our business units, business unit financial performance. For 2008, the cash incentive compensation for Mr. Pickus and Mr. Sayer was tied exclusively to company (in the case of Mr. Pickus) and business unit (in the case of Mr. Sayer) financial performance. For our other executive officers, short term cash incentive compensation was tied to company and/or business unit financial performance and to achievement of individual goals. The balance between individual and company and business unit goals varied from officer to officer.

2008 Annual Incentive Plan Changes

In July 2008, the Board adopted an amended and restated 2008 annual incentive plan, making certain changes related to the 2008 annual incentive plan. The amendments and changes related primarily to our

Consumer Business, and were implemented to ensure that the 2008 annual incentive plan would be flexible enough to achieve its incentive and retention objectives during the early stages of our Consumer Business, taking into account the longer roll-out periods associated with partner engagements in the Consumer Business. Effective for the second half of 2008 and beyond, the amendments and changes to the 2008 annual incentive plan eliminated specification of the relative percentage weighting between the financial component and individual component for the participants, instead giving us discretionary authority each year to establish the relative percentage weighting for these annual incentive components based on our and in particular our Consumer Business outlook at the time. As discussed below in the section entitled Annual Cash Incentive Awards, the Board also changed the relative weighting of financial and individual components for certain executive officers. For our executive officers who lead the Consumer Business, the inclusion of or increase in weighting for individual components reflected the variety of activities that we believe would be required to develop the Consumer Business.

The Board also reduced the previously selected revenue target for the Consumer Business for 2008 to reflect the longer roll-out periods associated with partner engagements in the Consumer Business. However, the revised targets for the Consumer Business for 2008 continued to reflect substantial increases over consumer revenue for 2007. Concurrent with the reduction in Consumer Business revenue targets, the Board eliminated the potential for overachievement against short-term cash incentive compensation targets based on Consumer Business revenue for 2008. The Board also eliminated our Chief Executive Officer's eligibility for overachievement against all short-term cash incentive compensation targets for 2008, and reduced the amount of short-term cash incentive compensation potentially available to the Chief Executive Officer for the second half of 2008. With the exception of our Chief Executive Officer's incentive compensation, the Board did not make any changes to the potential overachievement incentive based on operating income achievement by our enterprise business.

For 2008 annual incentive plan participants with an annual incentive based on company financial performance due to their responsibilities spanning both segments of our business, consisting of our Chief Executive Officer and our Chief Financial Officer, our Board of Directors revised the method for measuring achievement of performance by providing that the operating income contribution targets for the Enterprise Business and revenue targets for the Consumer Business were weighted separately and equally to determine the company financial performance component of their annual incentive payout.

2009 Annual Incentive Plan Changes

In February 2009, our Board of Directors again amended and restated the annual incentive plan, to ensure that the plan would remain effective in achieving its retention and incentive objectives. The amendments and changes provided that we will establish financial goals for the consumer and enterprise businesses on a quarterly, semi-annual or annual basis, at our discretion, in advance of such performance period(s), rather than establishing quarterly and annual financial goals as had previously been our practice. These changes were deemed necessary to provide us with greater flexibility to properly set targets in light of the rapid rate of change, in particular in our Consumer Business. The amendments and changes also provided that incentive awards based on company and/or business unit achievement of financial performance goals during specified performance period(s) will be earned only at the close of each such performance period.

Consistent with the foregoing, for 2009 we expect that the target short-term cash incentive opportunities for our executive officers will be based upon two components:

the company's (or the business unit's, for executives assigned to a business unit) achievement of its financial goals; and

the individual executive's achievement of his or her individual management by objective goals, which we refer to as MBO goals. MBO goals generally consist of both quantifiable and non-quantifiable performance objectives based on identifiable criteria that can be both measured and defined by us in advance of the relevant performance period.

Table of Contents

We expect that the portion of an executive's overall target bonus attributable to company or business unit performance will be greater for more senior employees who have a greater influence on company or business unit financial results. Participating employees will be eligible to receive greater than 100% of the company or business unit portion of their target short-term cash incentive opportunities according to a formula for business overachievement, subject to a cap determined by the Compensation Committee. Any overachievement will be earned only at the close of our fiscal year and will be paid annually. We will further discuss the operation of our annual incentive plan for 2009 and the decisions made under it in the Compensation Discussion and Analysis to be included in our proxy statement for our 2010 Annual Meeting of Stockholders. Furthermore, our compensation plans and programs for 2009 are evolving and are subject to change depending upon, among other things, the timing and successful closing of the proposed Asset Sale described elsewhere in this proxy statement.

The Role of Consultants and Benchmarking Data

The Compensation Committee believes in the practice of using at risk compensation to compliment base salary. We expect that in years in which we achieve strong results, the at risk elements of our executive compensation program will raise total executive compensation to a premium above market averages. In contrast, we do not expect to pay a premium above market averages in years in which we do not achieve strong results. We believe that in this way, using at risk compensation to reward performance with above-market compensation supports our goal of attracting qualified senior management and promotes future compensation growth opportunities.

Historically, the Compensation Committee reviewed data from a variety of sources to determine and set executive compensation, including benchmarking data and compensation information from peer companies, industry surveys, and outside compensation consultants. In 2007, the Compensation Committee together with members of our management team conducted a formal benchmarking review for purposes of:

evaluating our executive and director compensation program as whole;

evaluating our individual named executive officer compensation; and

developing the Plan.

The Compensation Committee, working with our human resources function, also identified a peer group of companies comprised of technology and technology-enabled services companies, some of which compete with us for business or for employees. The companies in this peer group had one or more attributes similar to us, including size, geographic location, financial performance, and type of business or products. The Compensation Committee reviewed executive compensation data from the following companies comprising our peer group:

- | | | |
|--------------------------|---------------------------------------|--------------------|
| Callidus Software Inc. | Keynote Systems, Inc. | Taleo Corporation |
| Chordiant Software, Inc. | LivePerson, Inc. | Website Pros, Inc. |
| Cybersource Corporation | OpsWare Inc. (acquired by HP in 2007) | |
| Kana Software, Inc. | RightNow Technologies, Inc. | |

Besides data from these peer companies, the Compensation Committee also reviewed survey data obtained from Radford Associates. Watson Wyatt provided some advice to the Compensation Committee with respect to our Plan and certain incentive awards in 2008. In determining appropriate comparable data, the Committee consulted the survey results that compare compensation data for two categories of companies:

all software companies with revenue under \$200 million; and

all Northern California technology companies with revenue under \$200 million.

These categories most closely represent the software and technology companies in the Silicon Valley area with whom we compete for personnel. In addition, the Compensation Committee sought the views of Watson Wyatt with respect to industry trends and specific issues relating to cash incentive compensation programs.

Table of Contents

We made the decision not to conduct a new benchmarking assessment during 2008 because we did not significantly change our executive compensation program between 2007 and 2008 and, after review of the benchmarking assessment made in 2007, we determined that it remained appropriate for assisting us in determining 2008 compensation levels. We specifically used the 2007 benchmarking assessment along with updated compensation data based on the Radford Associates survey in connection with making certain compensation adjustments for Messrs. Rodio, Sayer and Mandeberg based on their changing responsibilities with us for 2008.

In general, the Compensation Committee and our human resources department use the third quartile as a guideline for establishing individual compensation elements, as well as total compensation, for each of our named executive officers. We have generally benchmarked compensation against the third quartile because we have found a need to pay cash compensation in the third quartile in order to attract top executive talent. When factoring in our pay for performance philosophy and our use of at risk compensation, we have found that our compensation packages generally remain in the third quartile of peer companies. Although our Chief Executive Officer recommends compensation for named executive officers other than himself, it is ultimately the responsibility of the Compensation Committee to set compensation for such executive officers.

In the fourth quarter of 2007, the Compensation Committee considered the benchmarking data it collected as one of many factors in assessing each individual named executive officer's compensation, including base salary, short-term cash incentives and long-term equity awards. The Compensation Committee weighed the market data in light of the Compensation Committee's assessment of each executive officer's performance, responsibilities, experience and significance to our corporate objectives, as well as our business performance as a whole. Based on its benchmarking review and its overall compensation philosophy, the Compensation Committee determined that the base salaries and target cash incentives for the named executive officers, including our Chief Executive Officer, were competitive, and thus did not increase the named executive officers' cash compensation for 2008.

Named Executive Officer Performance Reviews and The Role of Management

In the first quarter of 2008, the Compensation Committee established performance objectives for each named executive officer for the short-term cash incentives as further described below. The performance objectives for each executive (other than Messrs. Pickus, Sayer and Mandeberg) were to be based on two components: company or business unit performance, and individual MBO goals. Annual cash incentives for Messrs. Pickus, Sayer and Mandeberg were based solely on company or (as applicable) business unit performance. As noted above under Executive Compensation Program Design Changes for 2008 and 2009, in the third quarter of 2008, our board of directors implemented certain changes to the previously established performance objectives. These changes reduced the previously selected revenue targets for the Consumer Business for 2008, although they remained substantially above the targets set for 2007, and included or increased the weighting of individual components for the officers who lead our Consumer Business unit.

Key members of our management team worked with the Compensation Committee to conduct the 2007 benchmarking review described above. Our Chief Executive Officer participates in the performance discussions regarding the other named executive officers and makes recommendations to the Compensation Committee regarding the officers' compensation, based on his direct knowledge of the officers' performance and contributions to our business results although it is ultimately the responsibility of the Compensation Committee to set compensation for each executive officer. Certain exceptions to the timing of these annual performance and compensation reviews may occur as a result of contractual commitments or extenuating circumstances justifying an off-cycle review.

Elements of 2008 Executive Compensation

Our executive compensation program consists of the following elements:

Base salary;

Table of Contents

Short-term, cash incentive awards;

Long-term, equity-based awards; and

Other benefits.

Base Salary

Base salary is the baseline cash compensation that we pay to executive officers throughout the year. Base salaries provide executive officers with a predictable level of income. We pay base salaries to attract and retain strong talent, which salaries are designed to give our executive officers the ability to support a reasonable standard of living in Silicon Valley. The Compensation Committee determines individual executive salaries and does not apply any specific formula. In determining appropriate base salaries, in addition to reviewing market data from Radford's compensation surveys, or in exceptional cases, an outside compensation consultant, the Compensation Committee generally considers:

the scope of responsibility and experience of the executive officer;

the individual performance of each existing executive officer;

competitive market compensation;

internal equitable considerations;

the significance of the individual to the achievement of our corporate objectives; and

in the case of executive officers other than the Chief Executive Officer, the Chief Executive Officer's recommendation as to compensation.

In recent years during which we were initially hiring our named executive officers, in order to attract top executive talent, we offered compensation packages with base salaries in the third quartile of salaries for executive officers in similar positions and with similar responsibilities at comparable companies. As discussed above under "The Role of Consultants and Benchmarking Data," we generally believe that total compensation should be targeted in the third quartile of the peer group when including at risk compensation. Base salaries were frozen for 2008 and are reviewed annually by the Compensation Committee.

The base salary amounts for our named executive officers for 2008 are set forth in the table below. These base salaries were established based on offer letters that we negotiated with each named executive officer at the time they joined us. The only exception is for Mr. Rodio, whose base salary amount as set forth in his employment offer letter was \$220,000. Based on his contributions to our company and his anticipated contributions in the future, Mr. Rodio's base salary was increased to \$240,000 in 2007. The Compensation Committee's primary rationale for establishing the named executive officers' base salaries, including the salary for Ms. Schaffer, who joined us in 2008, was to attract and retain top level talent for our company. We did not increase base salaries for our named executive officers for 2008.

Table of Contents

Name and Title	2008 Base Salary
Joshua Pickus <i>President and Chief Executive Officer</i>	\$ 350,000
Shelly Schaffer <i>Chief Financial Officer and Executive Vice President of Finance and Administration</i>	\$ 265,000
Michael Sayer <i>Executive Vice President, General Manager Enterprise</i>	\$ 250,000
Richard Mandeberg <i>Executive Vice President, Chief Revenue Officer, CSG</i>	\$ 240,000
Anthony Rodio <i>Executive Vice President, Chief Operating Officer, CSG</i>	\$ 240,000
Ken Owyang(1) <i>Former Chief Financial Officer and Senior Vice President of Finance and Administration</i>	\$ 250,000

- (1) Mr. Owyang ceased to act as our Chief Financial Officer on March 13, 2008. Mr. Owyang's base salary for the full year 2008 would have been \$250,000 had he remained as our Chief Financial Officer and an employee of the company for the entire calendar year. For more information about our named executive officers' base salaries for 2008, see the 2008 Summary Compensation Table below.

Annual Cash Incentive Awards

As discussed above, we pay short-term cash incentives under our annual incentive plan to attract and retain talented executives who will lead us to achieve our business objectives and create long-term stockholder value, and to align executive pay with quarterly, semi-annual and annual company performance. In determining appropriate short-term cash incentive opportunities for each named executive officer, in addition to reviewing market data from Radford's compensation surveys or, in exceptional cases, an outside compensation consultant, the Compensation Committee considers the same factors considered in determining base salary. Actual payouts for our short-term cash incentive awards for each named executive officer are based on the achievement of specified company objectives and MBO goals established at the beginning of the year and evaluated quarterly and at the end of the year.

For 2008, our short-term cash incentive award payout approach was as follows:

no payment was made if an executive (and/or the executive's business unit or, with respect to the Chief Executive Officer, the company itself) failed to achieve minimum expectations, which were set between 66.7% and 80% of a specified quantitative performance objective;

up to 100% of the target incentive compensation was paid if an executive (and/or the executive's business unit or, with respect to the Chief Executive Officer, the company itself) achieved between the minimum threshold referred to above and 100% of the performance objectives; and

a payment greater than 100% of the target bonus was paid if the executive (and/or the executive's business unit or, with respect to the Chief Executive Officer, the Company itself) exceeded the performance objectives, subject to a cap determined by our Compensation Committee.

The Compensation Committee retains discretion to award bonuses in the event objectives are not achieved, with the appropriate supporting rationale. We believe that, based on our benchmarking review, the short-term cash incentive opportunities for our named executive officers are

in the third quartile of comparable companies.

Table of Contents

Short-term cash incentive awards for each of our named executive officers (other than with respect to Mr. Owyang) were payable quarterly and annually based on annual over-achievement, if any, of the named executive officers' respective performance measures. Generally, the actual short-term cash incentive payments made to each named executive officer had the potential to be more (other than with respect to Mr. Owyang) or less than the target short-term cash incentive award opportunity, depending on the level of our achievement of the respective performance measures tied to the officer's award. However, with respect to awards dependent on the level of our achievement of Consumer Business revenue for the second half of 2008, the actual short-term cash incentive payments made to the respective named executive officer for the third and fourth quarters had the potential to be less, but not more, than the target short-term cash incentive award opportunity, because no overachievement was possible for Consumer Business revenue based on the changes made to the annual incentive plan in July 2008, as discussed above in the section entitled "Executive Compensation Program Changes for 2008 and 2009."

For 2008, the terms of our named executive officers' short-term cash incentive awards and the payments made with respect to those awards were as follows:

Mr. Pickus' short-term cash incentive award was determined on a quarterly and annual basis based on our achievement of revenue performance and operating income targets. Initially, Mr. Pickus' short-term cash incentive award was based equally on a target of annual company revenue of \$58.372 million and annual company operating loss of \$12.126 million. Company revenue and company operating loss were measured quarterly and annually against quarterly and annual targets. Based on the initial targets, Mr. Pickus was not entitled to a short-term cash incentive award in any quarter if less than 80% of the revenue target was achieved and if the operating loss exceeded the target for that quarter by more than \$450,000. For the third and fourth quarters of 2008, as discussed above in the section entitled "Executive Compensation Program Changes for 2008 and 2009," Mr. Pickus' short-term cash incentive award was modified to be based equally on revenue for our Consumer Business of \$3,352,739 for the second half of 2008, and operating income for our enterprise business of \$2,528,580 for the second half of 2008. Mr. Pickus' maximum potential short-term cash incentive award for 2008, taking into account the changes made to the annual incentive plan in July 2008, was \$282,990. Mr. Pickus actually received short-term cash incentive awards totaling \$275,816 in 2008.

As noted above, we announced in February 2008 that Mr. Owyang would be leaving the company. Mr. Owyang's last day as our executive officer was March 13, 2008, the date on which we filed our Annual Report on Form 10-K for the fiscal year ended December 31, 2007. Mr. Owyang's last day as our employee was July 3, 2008. Mr. Owyang's short-term cash incentive award was based upon his assistance during the first and second quarters of 2008 in the transition of the Chief Financial Officer role and his efforts in preparing and filing our Annual Report on Form 10-K for the fiscal year ended December 31, 2007. Mr. Owyang's actual short-term cash incentive award payments could not exceed his target short-term cash incentive award opportunity. Mr. Owyang actually received short-term cash incentive awards totaling \$42,968 in 2008.

As noted above, Ms. Schaffer joined us in February 2008. Pursuant to the terms of her offer letter, Ms. Schaffer's MBO targets for 2008 were calculated based on her full-year salary, with the amount of the MBO target apportioned evenly across the second, third and fourth quarters of 2008. For the second quarter of 2008, Ms. Schaffer's short-term cash incentive award was payable based on company revenue achievement of \$13.628 million, company operating loss achievement of \$3.940 million, and achievement against individual goals. Based on the initial targets, Ms. Schaffer was not entitled to a short-term cash incentive award for the second quarter if less than 80% of the revenue target was achieved, nor if the operating loss exceeded the target for that quarter by more than \$450,000. For the third and fourth quarters of 2008, as discussed above in the section entitled "Executive Compensation Program Changes for 2008 and 2009," Ms. Schaffer's short-term cash incentive award was modified to be based on revenue for our Consumer Business of \$3,352,739 for the second half of 2008, operating income for our enterprise business of \$2,528,580 for the second half of 2008, and achievement against individual goals. Ms. Schaffer's maximum potential short-term cash incentive award for 2008, taking

Table of Contents

into account the changes made to the annual incentive plan in July 2008, was \$165,625. Ms. Schaffer actually received short-term cash incentive awards totaling \$135,834 in 2008.

Mr. Sayer's short-term cash incentive award was based upon our achievement against an annual target of \$3,356,000 for enterprise business unit operating income, as measured by quarterly and year-to-date achievement against this target. In order to initially attract Mr. Sayer to the company when he was hired in 2006, the Compensation Committee agreed to a target short-term cash incentive award greater than the 60th percentile of comparable companies. Mr. Sayer was not entitled to a short-term cash incentive award in any given quarter if less than 57.4% of the operating income target was achieved in that quarter. Mr. Sayer's maximum potential short-term cash incentive award opportunity was capped at 200% of the target short-term cash incentive award. Mr. Sayer actually received short-term cash incentive awards totaling \$297,775 in 2008.

Mr. Mandenberg's short-term cash incentive award was initially based on our achievement against an annual Consumer Business target revenue of \$15,054,000. Consumer business unit revenue was measured quarterly and annually against quarterly and annual targets. Based on the initial targets, Mr. Mandenberg was not entitled to a short-term cash incentive award in any quarter if less than 66.7% of the revenue target was achieved. For the third and fourth quarters of 2008, as discussed above in the section entitled "Executive Compensation Program Changes for 2008 and 2009," Mr. Mandenberg's short-term cash incentive award was modified to be based equally on revenue for our Consumer Business of \$3,352,739 for the second half of 2008, and on achievement against individual goals. Taking into account the changes made to the annual incentive plan in July 2008, Mr. Mandenberg's maximum potential short-term cash incentive award was \$60,000. Mr. Mandenberg actually received short-term cash incentive awards totaling \$44,200 in 2008.

Mr. Rodio's short-term cash incentive award was initially based on our achievement against an annual Consumer Business target revenue \$15,054,000, achievement against efficiency goals defined for our work from home call center operations, and achievement against revenue and cost per order goals for our Consumer Business unit's support.com line of business. Consumer business unit revenue was measured quarterly and annually against quarterly and annual targets. Call center operations and support.com performance were measured quarterly against quarterly targets. Based on the initial targets, Mr. Rodio was not entitled to a short-term cash incentive award in any quarter if less than 66.7% of the revenue target was achieved, call center operations efficiency goals were not achieved, and less than 80% of the support.com revenue and cost per order goals were achieved. For the third and fourth quarters of 2008, as discussed above in the section entitled "Executive Compensation Program Changes for 2008 and 2009," Mr. Rodio's short-term cash incentive award was modified to be based on revenue for our Consumer Business of \$3,352,739 for the second half of 2008, and on achievement against individual goals pertaining to the work from home call center and the support.com line of business. Taking into account the changes made to the annual incentive plan in July 2008, Mr. Rodio's maximum potential short-term cash incentive award for 2008 was \$60,000. Mr. Rodio actually received short-term cash incentive awards totaling \$42,839 in 2008.

When we established the initial performance targets for 2008, we believed that the performance targets were set at levels that were achievable, but that required the achievement of the high-end of our internal corporate objectives. When we issued the modified performance targets for the second half of 2008 in July 2008, we continued to believe that the revised targets required achievement of the high end of our then-current internal corporate objectives, and represented substantial increases over consumer revenue for 2007 in particular, while taking into account the longer roll-out periods associated with partner engagements in the Consumer Business.

Joshua Pickus	\$ 300,000	86%	\$ 275,816	78.8%
Shelly Schaffer(1)	\$ 132,500	50%	\$ 135,834	51.2%
Michael Sayer	\$ 250,000	100%	\$ 297,775	119%

Ken Owyang(2)	\$ 42,968	37.5%	\$ 42,968	37.5%

- (1) As noted above, Ms. Schaffer joined us in February 2008. Amounts shown reflect awards paid from February 2008 until the end of fiscal year 2008.
- (2) Due to Mr. Owyang's departure in 2008, Mr. Owyang's target cash incentive potential for the first quarter of 2008 was \$31,250, or 50% of his salary paid during the first quarter. Mr. Owyang additionally was eligible for a cash incentive for the second quarter of 2008, calculated at a pro rata basis of 37.5% of his full quarter target cash incentive potential of \$31,250, or \$11,718. Prior to his departure, Mr. Owyang transitioned to part-time status, which resulted in a reduction of his salary rate. The figure for Mr. Owyang's cash incentive potential as a percentage of salary is measured against his actual salary paid for 2008.

In the annual compensation review conducted in the fourth quarter of 2008, the potential short-term cash incentive amounts were not changed for the named executive officers for 2009. For more information about our short-term cash incentive awards and payouts for 2008, see the 2008 Summary Compensation Table and 2008 Grants of Plan-Based Awards Table below.

Long-Term Equity Awards

We make long-term equity awards to our named executive officers to encourage them to work to create long-term value for our stockholders through sustained performance. Our long-term equity program for the entire company, including named executive officers, consists of equity grants under our 2000 Omnibus Equity Incentive Plan and our employee stock purchase program. Although we may issue a variety of equity awards under our 2000 Omnibus Equity Incentive Plan, we generally only issue stock option awards as long-term equity compensation. We believe that awarding stock options, as opposed to restricted stock or restricted stock units, is the most effective way of rewarding and encouraging our named executive officers for performance because each executive will derive benefit from his or her stock options only if the market value of our common stock increases. Stock option awards in this way encourage our named executive officers to continue to work for sustained company performance after the executive has received the stock option award.

Stock options granted by the Compensation Committee are generally time-based, typically vesting over a four-year period, and are granted with an exercise price equal to the closing price of our common stock as reported on the Nasdaq Global Select Market on the date of grant. Historically, stock-based awards are granted in conjunction with the executive's hiring, and are then reviewed and supplemented annually. In certain instances, we have also granted performance-based stock option awards, which stock options were exercisable only if our common stock achieves certain pre-established value levels. For 2008, we only granted time-based stock options.

2008 Stock Option Awards

We typically grant equity awards on regularly-scheduled grant dates determined in advance by the Compensation Committee, and the exercise prices for such stock options are established based on the scheduled grant date rather than the date of authorization by the Compensation Committee. New employees are generally granted stock options on the third business day of the month following their date of hire. Similarly, annual

Table of Contents

performance-related awards are made on a date determined in advance by the Compensation Committee based upon the completion of our annual performance review process, which typically occurs in October of each year. The Compensation Committee does not have a policy regarding whether such regularly-scheduled stock option grants will be made if the Compensation Committee or the executive is at the time in possession of material non-public information, but will consider the appropriateness of such grants on a case-by-case basis. The Compensation Committee has the sole authority to grant equity awards to our Chief Executive Officer and other named executive officers.

For 2008, our Chief Executive Officer's annual long-term equity award was made on February 14, 2008 following the Compensation Committee's assessment of his performance in January 2008, consistent with the terms of his offer letter, as further described below. Based on subjective discretion and its performance assessment of our Chief Executive Officer, our Compensation Committee awarded Mr. Pickus a stock option for 250,000 shares of our common stock as his annual long-term equity award. In determining the number of shares subject to this stock option, the Compensation Committee considered the benchmarking review discussed above and our desire to encourage Mr. Pickus' performance on behalf of the company in 2009, along with the effective burn rate for equity awards under the 2000 Omnibus Equity Incentive Plan.

Concurrent with the grant to our Chief Executive Officer, the Compensation Committee awarded each of Mr. Mandeberg and Mr. Rodio stock options for 30,000 shares of our common stock. In determining the number of shares subject to these stock options, which fell outside of the annual long-term equity award process, the Compensation Committee considered the importance of the roles played by Mr. Mandeberg and Mr. Rodio as business leaders of our Consumer Business, the benchmarking review discussed above, and our desire to encourage the performance of Mr. Mandeberg and Mr. Rodio on behalf of the company in 2009.

On March 5, 2008, the third business day of the first month following Ms. Schaffer's commencement of employment with the company, Ms. Schaffer received a stock option for 449,000 shares of our common stock. This stock option award was granted pursuant to the terms of the employment offer letter entered into between Ms. Schaffer and us. In determining the number of shares subject to this stock option, the Compensation Committee considered the benchmarking review discussed above and our desire to hire Ms. Schaffer and to encourage Ms. Schaffer's performance on behalf of the company in 2009.

Our Compensation Committee also authorized the grant of annual long-term equity awards to our named executive officers (other than our Chief Executive Officer) for 2008 at its October meeting. Our other named executive officers' annual long-term equity awards had a grant date of November 3, 2008 under our advance authorization practice described above. Again based on subjective discretion and its performance assessment of our named executive officers other than our Chief Executive Officer, our Compensation Committee awarded annual stock options for the following shares: Ms. Schaffer, 50,000 shares; Mr. Sayer, 50,000 shares; Mr. Mandeberg, 50,000 shares; and Mr. Rodio, 50,000 shares. In determining the number of shares subject to these stock options, the Compensation Committee again considered the benchmarking review discussed above and our desire to retain and motivate our named executive officers' performance in 2009, along with the effective burn rate for equity awards under the 2000 Omnibus Equity Incentive Plan. For more information about our equity awards made in 2008, see the 2008 Grants of Plan-Based Awards Table below.

Employee Stock Purchase Plan

Our named executive officers may also participate in our Employee Stock Purchase Plan on the same terms as the rest of our employees. Our Employee Stock Purchase Plan is a broad-based stock purchase plan that enables all eligible employees to purchase shares of our common stock at a discounted price in order to share in our future success. The Employee Stock Purchase Plan qualifies under Section 423 of the Internal Revenue Code and is required to be made available to all employees, including all executive officers, serving a minimum number of hours. The Employee Stock Purchase Plan allows employees to acquire shares of our common stock through periodic payroll deductions of up to 15% of their total compensation, up to a maximum of 1,000 shares.

per employee in each offering period. Since July 2006, the price at which all employees may purchase our common stock under the Employee Stock Purchase Plan has been 85% of the lesser of the closing price of our common stock on the Nasdaq Global Select Market at the beginning and end of each 6-month purchase period. As of January 31, 2009, which was the end of the most recent 6-month purchase period, the purchase price for a share of our common stock under the Employee Stock Purchase Plan was \$1.71 (rounded to the nearest cent).

Other Benefits

We also provide our named executive officers with certain employee benefits that are generally consistent with both the employee benefits we provide to all of our employees and that are provided by other employers in Silicon Valley. These benefits consist of a tax-qualified defined contribution plan, which we refer to as our 401(k) plan (and to which we do not make any contributions), health benefits, life insurance benefits, and other welfare benefits. We do not provide any special employee benefits for our named executive officers other than increased life insurance coverage equal to \$300,000 per person, which increased coverage is also available to each of our employees who hold a position equal to or above the director level. Our employees who hold a position below the director level receive \$150,000 in life insurance coverage per person.

Tax Implications of Compensation Policies

Section 162(m) of the Internal Revenue Code places a limit of \$1,000,000 on the amount of compensation we may deduct for federal income tax purposes in any one year with respect to the compensation we pay to certain of our most highly compensated officers. In order to maintain flexibility in compensating our executive officers in a manner designed to promote achievement of corporate goals, the Compensation Committee will not necessarily limit executive compensation to that which is deductible under Section 162(m) of the Internal Revenue Code. However, we currently expect that our executive officers will earn cash compensation less than \$1,000,000 per year in the foreseeable future.

Employment Arrangements, Termination of Employment Arrangements and Change in Control Arrangements

We have employment arrangements with our named executive officers to assist with attraction and retention. The following paragraphs summarize the employment-related agreements for our current named executive officers and provide additional information that we believe is helpful to an understanding of the information disclosed in the compensation tables and narratives below. For more information about post-termination payments under these employment arrangements, see [Potential Payments Upon Termination or Change-in-Control](#) below.

Joshua Pickus

On April 6, 2006, Mr. Pickus was appointed our President and Chief Executive Officer. In connection with this appointment, we entered into an offer letter with Mr. Pickus. This offer letter was amended and restated on December 23, 2008 solely for 409A purposes. Our arrangement with Mr. Pickus provided for him to receive an annual base salary of \$350,000 and a short-term cash incentive target of \$300,000 for 2006. Our Compensation Committee did not change Mr. Pickus' annual base salary or short-term cash incentive target for either 2007, 2008 or 2009.

Under the terms of our arrangement with Mr. Pickus, in 2006, we granted Mr. Pickus an option to purchase 1,300,000 shares of common stock, which option vests in equal monthly installments over 48 months. Under the terms of our arrangement with Mr. Pickus, in 2006, we also granted Mr. Pickus two additional options, each providing for a right to purchase 200,000 shares of common stock, vesting in equal monthly installments over 48 months, subject to Mr. Pickus' continued employment. These two additional options to purchase 200,000 shares of common stock only become exercisable, to the extent vested, following the date as of which the fair market value of our common stock has first equaled or exceeded \$6 per share, and \$9 per share, respectively, for

20 consecutive trading days. As of the date of this Proxy Statement, the fair market value of our common stock has already exceeded \$6 per share for 20 consecutive trading days, so one option grant for 200,000 shares of common stock will be fully exercisable as it vests over time, subject to Mr. Pickus' continued employment.

Pursuant to Mr. Pickus' amended and restated offer letter, in the event of his involuntary termination, Mr. Pickus would be entitled to severance pay equal to 12 months of salary and 50% of his target short-term cash incentive in effect for the fiscal year in which he is terminated. If Mr. Pickus is involuntarily terminated within 12 months following a change of control of the company, Mr. Pickus would be entitled to severance pay equal to 12 months of salary, 100% of his target short-term cash incentive in effect for the fiscal year in which he is terminated and the immediate vesting and exercisability of Mr. Pickus' option grants. In addition, if any amount payable to Mr. Pickus is subject to the excise tax imposed by Internal Revenue Code Section 4999 or similar state tax or assessment, we will pay Mr. Pickus an amount necessary to place Mr. Pickus in the same after-tax position had no such excise tax been imposed or assessed, as well as an amount to pay the income and excise taxes resulting from the payment of the excise tax amount. Under the terms of the offer letter, the maximum amount payable by us resulting from excise taxes imposed on Mr. Pickus is \$1,500,000.

Shelly Schaffer

Ms. Schaffer joined us as Executive Vice President, Finance on February 29, 2008. As noted above, Ms. Schaffer assumed the title of Chief Financial Officer upon the filing of our annual report on Form 10-K for the fiscal year ended December 31, 2007 on March 13, 2008. In connection with her appointment to these roles, we entered into an offer letter with Ms. Schaffer. Our arrangement with Ms. Schaffer provided for her to receive an annual base salary of \$265,000 and a short term cash incentive target of \$132,500 for 2008. In addition, effective March 4, 2008, Ms. Schaffer was granted an option to purchase 449,000 shares of our common stock. Twenty-five percent of this option vested one full year after the grant date, and thereafter the option vests in equal monthly installments over the following 36 months, subject to Ms. Schaffer's continued employment.

Pursuant to the terms of Ms. Schaffer's offer letter, if Ms. Schaffer is terminated without cause or resigns for good reason, Ms. Schaffer would be entitled to severance pay equal to six months of base salary and 50% of the short-term cash incentive target in effect for the year in which she is terminated. If such termination or resignation followed a change of control of the company, Ms. Schaffer would also be entitled to vest in 50% of any remaining unvested shares underlying her initial grant of the option to purchase 449,000 shares of common stock.

Michael Sayer

Mr. Sayer, who was initially appointed our Senior Vice President of Worldwide Sales, became the General Manager and Executive Vice President of our Enterprise Solutions Group effective January 29, 2008. Mr. Sayer's offer letter was amended and restated on October 27, 2008 for 409A purposes and to amend certain other terms. On April 6, 2009, we amended and restated Mr. Sayer's offer letter to provide that a \$250,000 lump sum payment and continued health care coverage may be provided to Mr. Sayer under certain circumstances following the closing of an Enterprise Sale (as such term is defined in the amended and restated employment offer letter) as more fully described in the amended and restated employment offer letter. The Asset Sale will qualify as an Enterprise Sale for purposes of the amended and restated employment offer letter and any payment made in connection with an Enterprise Sale would be in lieu of (and not in addition to) any other severance provisions provided for in the offer letter. Under the terms of our offer letter with Mr. Sayer, he was entitled to an annual salary of \$250,000 and a potential bonus of up to \$250,000. Our Compensation Committee did not change Mr. Sayer's annual base salary or short-term cash incentive target for 2007 or 2008. For 2009, his base salary was frozen and his maximum potential bonus was reduced to \$150,000. In addition, effective May 22, 2006, Mr. Sayer was granted an option to purchase 450,000 shares of common stock. Twenty-five percent of this option vested one full year after the grant date, and thereafter the option vests in equal monthly installments over the following 36 months, subject to Mr. Sayer's continued employment.

Table of Contents

Pursuant to the terms of Mr. Sayer's amended and restated offer letter, if Mr. Sayer is terminated without cause or resigns for good reason (other than in connection with an Asset Sale), Mr. Sayer would be entitled to severance pay equal to six months of base salary for the year in which he is terminated. If such termination or resignation followed a change of control of the company, Mr. Sayer would also be entitled to vest in 50% of any remaining unvested shares underlying his initial grant of the option to purchase 450,000 shares of common stock.

Richard Mandeberg

Mr. Mandeberg, who was initially appointed our Senior Vice President, Consumer Business Development, became was appointed our Chief Revenue Officer for our Consumer Business effective August 4, 2008. Mr. Mandeberg's offer letter was amended and restated on October 6, 2008 for 409A purposes and to amend certain other terms. Under the terms of our offer letter with Mr. Mandeberg, he was entitled to an annual salary of \$240,000 and an annual potential target short-term cash incentive of \$60,000. Our Compensation Committee did not change Mr. Mandeberg's annual base salary or short-term cash incentive target for 2007 or 2008. For 2009, his base salary was increased to \$250,000 and his maximum bonus potential was increased to \$125,000. In addition, effective December 18, 2006, Mr. Mandeberg was granted an option to purchase 374,000 shares of common stock. Twenty-five percent of this option vested one full year after the grant date, and thereafter the option vests in equal monthly installments over the following 36 months, subject to Mr. Mandeberg's continued employment.

Pursuant to the terms of Mr. Mandeberg's offer letter, if Mr. Mandeberg is terminated without cause or resigns for good reason, Mr. Mandeberg would be entitled to severance pay equal to six months of base salary and 50% of the short-term cash incentive target in effect for the year in which he is terminated. If such termination or resignation followed a change of control of the company, Mr. Mandeberg would also be entitled to vest in 50% of any remaining unvested shares underlying his initial grant of the option to purchase 374,000 shares of common stock.

Anthony Rodio

Mr. Rodio, who was initially appointed our Chief Marketing Officer, was appointed our Chief Operating Officer for our Consumer Business effective August 4, 2008. Mr. Rodio's offer letter was amended and restated on October 6, 2008 for 409A purposes and to amend certain other terms. Under the terms of our offer letter with Mr. Rodio, he was entitled to an annual salary of \$220,000 and an annual potential target short-term cash incentive of \$55,000. Effective November 1, 2007, we increased Mr. Rodio's annual base salary to \$240,000. Mr. Rodio's annual potential target short-term cash incentive continued to be 25% of his annual base salary, meaning that his annual incentive target increased to \$60,000. Our Compensation Committee did not change Mr. Rodio's annual base salary or short-term cash incentive target for 2008, but it increased his base salary for 2009 to \$250,000 and increased his maximum bonus potential to \$125,000. In addition, effective September 6, 2006, Mr. Rodio was granted an option to purchase 399,000 shares of common stock. Twenty-five percent of this option vested one full year after the grant date, and thereafter the option vests in equal monthly installments over the following 36 months, subject to Mr. Rodio's continued employment.

Pursuant to the terms of Mr. Rodio's offer letter, if Mr. Rodio is terminated without cause or resigns for good reason, Mr. Rodio would be entitled to severance pay equal to six months of base salary and 50% of the short-term cash incentive target in effect for the year in which he is terminated. If such termination or resignation followed a change of control of the company, Mr. Rodio would also be entitled to vest in 50% of any remaining unvested shares underlying his initial grant of the option to purchase 399,000 shares of common stock.

(1) The amount disclosed in column (d) for 2008 reflects a one-time signing bonus made at the time of hiring as compensation for opportunities foregone by Ms. Schaffer when she left her prior place of employment, included earned but unpaid bonus compensation. The amount disclosed in column (d) for 2006 reflects a discretionary cash award that was not directly tied to achieving pre-determined objectives.

(2) The amounts disclosed in column (f) for 2008 are the amounts of compensation cost recognized by us in fiscal year 2008 related to stock option awards made in 2008 and in prior fiscal years, as described in Statement of Financial Accounting Standards No. 123(R). We estimate the fair value of stock options granted using the Black-Scholes option pricing model. This pricing model requires a number of complex assumptions including volatility, expected term, risk-free interest rate, and expected dividends. We based our expected volatility on a weighted average calculation combining both historical volatility of our common stock price and implied volatility from traded options on our common stock. The expected term represents the period that our stock options are expected to be outstanding and was

determined based on historical experience of similar stock options considering the contractual terms of the stock options, vesting schedules and expectations of future employee behavior. The average assumptions used to calculate the fair value of stock options granted in 2008 were volatility of 53.2%, risk-free rate of 1.95%, expected dividend of 0, expected forfeiture rate of 14.0% and expected life of 4.3 years. - (3) The amounts disclosed in column (f) for 2008 reflect the aggregate short-term cash incentive awards earned for all four quarters of the 2008 fiscal year under the annual incentive plan. Payouts for earned awards were made both in 2008 and 2009.

- (4) Our employees may participate in our 401(k) plan, which is a tax-qualified defined contribution plan. We do not provide any type of matching contributions on any employee's contribution to the 401(k) plan. The amounts disclosed in column (i) include life insurance premiums for \$300,000 of term life insurance for each named executive officer.

- (5) As disclosed above, Ms. Schaffer joined us in February 2008. Amounts shown reflect awards paid from February 2008 until the end of fiscal 2008.

Our 10-K for the fiscal year ended December 31, 2007 was filed on March 13, 2008, and Ms. Schaffer succeeded Ms. Owyang as Chief Financial Officer at that time.

The following table sets forth certain information with respect to grants of plan-based awards in 2008 to our named executive officers, including short-term cash incentive awards and equity awards. The options granted to our named executive officers in 2008 were granted under our 2000 Omnibus Equity Incentive Plan, unless otherwise noted. All options were granted at the closing price for our common stock on the Nasdaq Global Select Market on the date of the grant.

- (1) For 2008, consistent with past practice, we defined MBO targets for our executive officers at the beginning of the year, with goals for quarterly and/or full year performance. MBO targets were expressed as financial goals for the company and/or for the executive officer's business unit(s), as well as individual performance goals in some instances. At a meeting of our board of directors on July 28, 2008, our board of directors adopted amended and restated MBO targets for our executive officers (other than Mr. Sayer) for the second half of 2008. As noted in our Current Report on Form 8-K filed with the Securities and Exchange Commission on August 1, 2008, these amendments and changes related primarily to the Consumer Solutions Group, and were implemented to ensure that our executive incentive compensation plan would be flexible enough to achieve our incentive and retention objectives during the early stages of our Consumer Business, when the business is characterized by a rapid rate of change. Specific to MBO targets for the second half of 2008, revenue targets for our Consumer Business were lowered, while the potential for executive officers to overachieve on MBO targets based on Consumer Solutions Group revenue achievement was eliminated for 2008. Additional information about changes to MBO targets for individual executive officers are reflected in the notes below. For more information about the changes to our annual incentive plan, please see our Current Report on Form 8-K filed with the Securities and Exchange

Commission on August 1, 2008.

- (2) The shares subject to this stock option vest monthly in equal 1/48th installments over 48 months, subject to the named executive officer's continued employment with us.
- (3) As noted above, Mr. Pickus's MBO targets were amended and restated by our board of directors for the second half of 2008. For the first half of 2008, 50% of Mr. Pickus's MBO target was based on company operating income achievement. For the second half of 2008, this MBO target was amended to be based on operating income achievement by our Enterprise Business. For the first half of 2008, the other 50% of Mr. Pickus's MBO target was based on company revenue achievement. For the second half of 2008, this MBO target was amended to be based on revenue achievement by our Consumer Business. Additionally, even 100% achievement of revenue goals by the Consumer Business in the second half of 2008 would have resulted in payment of only 80% of Mr. Pickus's MBO target for this metric. For Mr. Pickus for 2008, if performance was below the minimum threshold for his company and business unit goals, then Mr. Pickus would not receive any payout of the affected portion of his MBO for any quarter in which that threshold was not achieved. The amount shown in column (c) represents the minimum amount payable (approximately 67.6% of the targeted payout amount shown in column (d)) for minimum performance (80% achievement against quarterly company revenue goals / Consumer Solutions Group revenue goals, and 70% achievement against quarterly company operating income goals / Enterprise Solutions Group operating income goals). The amount shown in column (e) represents the maximum amount payable under the amended and restated annual incentive plan (approximately 148% of the targeted payout amount shown in column (d)) for maximum performance under the amended and restated annual incentive plan (achievement against annual company operating income goals / Enterprise Solutions Group operating income goals at a level equating to the capped 200% payout against this element of Mr. Pickus's MBO targets).
- (4) Ms. Schaffer commenced employment with us in February 2008. By the terms of her offer letter, Ms. Schaffer's MBO targets for 2008 were calculated based on her full year salary, with the amount of the MBO target apportioned evenly across the second, third and fourth quarters of 2008. 50% of her

Table of Contents

MBO target was measured on achievement against individual goals, and the remaining 50% on company and business unit performance. As noted above, Ms. Schaffer's MBO targets were amended and restated by our board of directors for the second half of 2008. For the second quarter of 2008, 50% of the company portion of Ms. Schaffer's MBO target was based on our operating income achievement. For the second half of 2008, this MBO target was amended to be based on operating income achievement by our enterprise business. For the second quarter of 2008, the other 50% of the company portion of Ms. Schaffer's MBO target was based on our revenue achievement. For the second half of 2008, this MBO target was amended to be based on revenue achievement by our Consumer Business. For Ms. Schaffer for 2008, if performance was below the minimum threshold for her company and business unit goals, then Ms. Schaffer would not receive any payout of that portion of her MBO for any quarter in which that threshold was not achieved. The amount shown in column (c) represents the minimum amount payable (approximately 85% of the targeted payout amount shown in column (d)) for minimum performance (80% achievement against quarterly company revenue goals / Consumer Business revenue goals, and 70% achievement against quarterly company operating income goals / enterprise business operating income goals, plus full achievement of individual MBO goals). The amount shown in column (e) represents the maximum amount payable under the amended and restated annual incentive plan (approximately 125% of the targeted payout amount shown in column (d)) for maximum performance under the amended and restated annual incentive plan (achievement against annual company operating income goals / enterprise business operating income goals at a level equating to the capped 200% payout against this element of Ms. Schaffer's MBO targets).

- (5) For Mr. Sayer for 2008, if performance was below the minimum threshold for his MBO goals, then Mr. Sayer would not receive any payout. The amount shown in column (c) represents the minimum amount payable (70% of the targeted payout amount shown in column (d)) for minimum performance (achievement of minimum operating income goals for the Enterprise Solutions Group, in all four quarters and cumulatively for the year). For 2008, Mr. Sayer's short-term cash incentive payout opportunity was capped at 200% of the targeted payout amount.
- (6) As noted above, Mr. Mandenberg's MBO targets were amended and restated by our board of directors for the second half of 2008. For the first half of 2008, 100% of Mr. Mandenberg's MBO target was based on Consumer Solutions Group revenue achievement. For the second half of 2008, this MBO target was amended to be based 50% on revenue achievement by our Consumer Business, and 50% on achievement against individual goals. For Mr. Mandenberg for 2008, if performance was below the minimum threshold for his business unit goals, then Mr. Mandenberg would not receive any payout of that portion of his MBO for any quarter in which that threshold was not achieved. The amount shown in column (c) represents the minimum amount payable (approximately 67.6% of the targeted payout amount shown in column (d)) for minimum performance (66.7% achievement against quarterly company revenue goals during the first half of the year, and 80% achievement against Consumer Solutions Group revenue goals during the second half of the year, plus full achievement of individual MBO goals). There is no value listed in column (e), because Mr. Mandenberg's target was based on revenue achievement by our Consumer Business and no overachievement was possible for Consumer Business revenue due to the changes made to the annual incentive plan in July 2008.
- (7) As noted above, Mr. Rodio's MBO targets were amended and restated by our board of directors for the second half of 2008. For the first half of 2008, 60% of his MBO target was measured on Consumer Solutions Group revenue achievement. The remaining 40% of his MBO target was measured on performance of the Consumer Business's work from home call center (25% of the total MBO target) and performance of the Consumer Business's support.com operation (15% of the total MBO target). For the second half of 2008, Mr. Rodio's MBO targets were amended to be based 25% on Consumer Solutions Group revenue achievement, and 75% on performance of the work from home call center and support.com. For Mr. Rodio for 2008, if performance was below the minimum threshold for his MBO goals, then Mr. Rodio would not receive any payout. The amount shown in column (c) represents the minimum amount payable (approximately 53.3% of the targeted payout amount shown in column (d)) for minimum performance (66.7% achievement against quarterly Consumer Solutions Group revenue goals during the first half of the year, and 80% achievement against Consumer Solutions Group revenue goals during the second half of the year; 80% achievement of work from home call center and support.com goals for which an achievement scale applied, and full achievement of work from home call center and support.com goals for which no achievement scale applied). There is no value listed in column (e), because Mr. Rodio's target was based on revenue achievement by our Consumer Business and no overachievement was possible for our Consumer Business revenue due to the changes made to the annual incentive plan in July 2008.
- (8) As noted above, Mr. Owyang's last day with us was July 3, 2008. As consideration for Mr. Owyang's agreement to remain with us for a sufficient period to ensure a smooth transition to his successor as Chief Financial Officer, Mr. Owyang was guaranteed payment of his MBO for the first quarter of 2008 at 100% of target. For the second quarter of 2008, Mr. Owyang's MBO target was calculated on a pro rata basis at 37.5% of his full quarter MBO target, and was measured on completion of our Quarterly Report on Form 10-Q for the first quarter of 2008, and continued assistance in the transition process.

Our named executive officers are parties to employment contracts or arrangements with us. During 2008, we were a party to various employment contracts and arrangements with our named executive officers. Under these contracts and arrangements, we are obligated to provide our named executive officers with certain payments or other forms of compensation if their employment with us is terminated under certain conditions. The forms of such termination that would trigger additional payments or compensation include involuntary termination without cause and involuntary termination without cause and/or resignation for good reason following a change of control.

The tables below reflect the estimated amounts of payments or compensation each of our named executive officers may receive under particular circumstances in the event of termination of such named executive officer's employment. The first table below was prepared as though each of our named executive officers had been terminated involuntarily without cause on December 31, 2008, the last business day of 2008. The second table below was prepared as though each of our named executive officers had been terminated involuntarily without cause on December 31, 2008, the last business day of 2008, within twelve months of a change-in-control of the company and assumes that the price per share of our common stock equals \$2.23, which was the closing price of our common stock on December 31, 2008 as reported on the Nasdaq Global Select Market. For more information about these agreements and arrangements, including the duration for payments or benefits received under these agreements and arrangements, see "Compensation Discussion and Analysis—Employment Arrangements, Termination of Employment Arrangements and Change in Control Arrangements" above. DIRECTOR COMPENSATION

We compensate our five independent, non-employee directors for serving on our Board. We do not pay Mr. Pickus, the only company employee serving as a director, any additional compensation for serving on our Board. Our Board reviews from time to time the compensation we pay to our non-employee directors and recommends, as appropriate, adjustments to such compensation. The compensation we pay to our non-employee directors consists of two components: equity and cash.

Equity. On the date that an individual first becomes a non-employee director, we grant him or her an option to purchase 40,000 shares of our common stock under our 2000 Omnibus Equity Incentive Plan, which we refer to as our Incentive Plan. These options vest in equal monthly installments over a 48-month period. Following the conclusion of each regular annual meeting of our stockholders, each non-employee director (if, on such date, he or she continues to serve on our Board) will receive a grant of an option to purchase 2,000 shares of our common stock, in addition to and along with the automatic grant of an option to purchase 8,000 shares of our common stock as provided for in our Incentive Plan.

Each option granted to non-employee directors, other than the initial 40,000 share grant, immediately vests and is exercisable on the date of grant. Options granted under our Incentive Plan have an exercise price equal to the closing price of our common stock on the Nasdaq Global Select Market on the date of grant and a term of either ten years, if granted prior to December 2005, or seven years, if granted in or after December 2005. In addition, all options to purchase shares of our common stock previously granted to non-employee directors were amended as of March 15, 2005 to provide for immediate and full acceleration of vesting upon the occurrence of a change of control. All other option grants to the non-employee directors that are not otherwise immediately vested at the time of grant will also immediately and fully vest upon a change of control.

Cash Retainer. We pay non-employee directors an annual retainer of \$30,000 for serving as a director and an additional annual retainer of \$10,000 to the chairs of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee. We pay an additional annual retainer of \$20,000 to the chairman of the Board. The retainers are paid quarterly.

The following table sets forth a summary of the compensation paid to or earned by our non-employee directors for service in 2008. The compensation we paid to Mr. Pickus, or which he earned, in 2008 is included in the 2008 Summary Compensation Table on page 90 relating to the compensation for our named executive officers.

See Note 1 to our consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2008 for details as to the assumptions used to determine the fair value of the option awards. See also our discussion of stock-based compensation under Management's Discussion and Analysis of Financial Condition and Results of Operations Critical Accounting Policies in our Annual Report on Form 10-K for the fiscal year ended December 31, 2008.
