Merger

On April 5, 2006, HealthMarkets, Inc. completed its merger (the Merger) providing for the acquisition of the Company by affiliates of a group of private equity investors, including The Blackstone Group, Goldman Sachs

Capital Partners and DLJ Merchant Banking Partners. The stock ownership of each of these private equity firms is set forth below under the caption Security Ownership of Certain Beneficial Owners and Management. As a result of the Merger, holders of record on April 5, 2006 of HealthMarkets common shares (other than shares held by certain members of management and shares held through the HealthMarkets agent stock accumulation plans) received \$37.00 in cash per share.

In the transaction, HealthMarkets public shareholders received aggregate consideration of approximately \$1.6 billion, of which approximately \$985.0 million was contributed as equity by the private equity investors. The balance of the Merger consideration was financed with the proceeds of a \$500.0 million term loan facility extended by a group of banks (which was repaid in full on February 29, 2012), the proceeds of \$100.0 million of trust preferred securities issued in a private placement, and Company cash on hand in the amount of approximately \$42.8 million.

Voting

The Board of Directors has selected the close of business on March 30, 2012 (the Record Date) as the time for determining the holders of record of our Class A-1 Common Stock, par value \$0.01 per share, and Class A-2 Common Stock, par value \$0.01 per share (collectively, Common Stock), entitled to notice of, and to vote at, the Annual Meeting or any adjournment or postponement thereof. Shares of Common Stock outstanding on the record date are the only securities that entitle holders to vote at the Annual Meeting or any adjournment or postponement thereof. Each share of Class A-1 Common Stock and Class A-2 Common Stock is entitled to one vote per share on all matters to be presented at the Annual Meeting.

Members of the Board of Directors, members of management and other significant holders of our Class A-1 Common Stock (collectively, the Consenting Stockholders) own a total of 27,450,452.6216 shares, or approximately 88.8% of our total voting power. Because the Consenting Stockholders have indicated that they will vote in favor of all of the Proposals and because such Consenting Stockholders control more than a majority of the voting power, the Proposals are assured of receiving the required vote and being adopted and, thus, we are not soliciting any proxies from holders of the Class A-2 Common Stock.

Stockholders attending the Annual Meeting are welcome to vote at the Annual Meeting and may address any matters that may properly come before the Annual Meeting.

How Many Shares of HealthMarkets Common Stock Were Outstanding as of the Record Date?

As of March 30, 2012, our record date, 32,182,382.6216 shares of our Common Stock were issued and 30,905,157.6216 shares were outstanding, consisting of 27,921,510.6216 shares of Class A-1 Common Stock and 2,983,647.0000 shares of Class A-2 Common Stock. Each share owned entitles the holder to one vote for each share so held. A list of our Stockholders entitled to vote is available at our executive offices at 9151 Boulevard 26, North Richland Hills, Texas 76180. The telephone number of our executive offices is (817) 255-5200.

How Many Shares Are Needed to Constitute a Quorum at the Meeting?

The presence, in person or by proxy, of stockholders holding at least a majority of the voting power are necessary to constitute a quorum at the Annual Meeting. However, the stockholders present at the Annual Meeting may adjourn the Annual Meeting despite the absence of a quorum.

What Vote is Required to Approve the Proposals?

A plurality of the votes cast is required to elect directors. For all of the other Proposals, the affirmative vote of the holders of a majority of the voting power of the shares present or represented by proxy is required to approve the other Proposals. Abstentions will have the same effect as votes against the Proposals, although abstentions will count toward the presence of a quorum.

Why Isn't HealthMarkets Required to Solicit Proxies for the Proposals?

As indicated above, the Consenting Stockholders have indicated they will vote in favor of the Proposals, thereby ensuring that such Proposals will be adopted. Therefore, the solicitation of proxies is not necessary and, in order to eliminate the costs and management time involved, our Board of Directors has decided not to solicit proxies.

When Will Each Proposal Become Effective?

The Proposals will be effective immediately following the completion of the Annual Meeting, which is at least 20 days after the mailing of this Information Statement. We are mailing this Statement on or about April 18, 2012 and will hold our Annual Meeting on May 10, 2012.

How Can Stockholders Participate in the Meeting?

Each stockholder of record as of the record date can participate in the Annual Meeting personally or through another person or persons designated to act for such stockholder by proxy.

How Will Our Stockholders Know When the Proposals are Effective?

Those stockholders that attend the Annual Meeting will be notified then of the effectiveness of the Proposals. In addition, we will notify our stockholders of the effective dates of the Proposals described in this Information Statement when we file our Form 10-Q for the quarter ended June 30, 2012, which will be the first Quarterly Report on Form 10-Q following the Annual Meeting.

Who Will Pay for the Costs Associated with this Information Statement?

HealthMarkets will pay all costs associated with distributing this Information Statement, including the costs of printing and mailing.

No additional action is required by you in connection with the Proposals. However, Section 14(c) of the Securities Exchange Act of 1934 requires the mailing to our stockholders of the information set forth in this Information Statement at least twenty (20) days prior to the earliest date on which the corporate action may be taken.

PROPOSAL 1

ELECTION OF DIRECTORS

Election of Directors

Nine (9) directors will be elected at the Annual Meeting, each of whom is expected to serve until our next annual meeting of stockholders and until his successor has been duly elected and qualified. All of the nominees are currently directors of the Company, and each nominee has consented to being named as a nominee and to serve, if elected.

In connection with the Merger, we entered into a stockholders agreement with various investment affiliates of The Blackstone Group, Goldman Sachs Capital Partners and DLJ Merchant Banking (the "Private Equity Investors"), as well as certain management stockholders. The Stockholders Agreement provides that the Board of Directors of the Company consist of the following:

up to four directors (plus the number of Non-Investor Directors) nominated or designated by the investment affiliates of Blackstone and any permitted transferee thereof (collectively, the "Blackstone Investor Group");

up to two directors nominated or designated by the investment affiliates of Goldman Sachs and any permitted transferee thereof (collectively, the "GS Investor Group");

one director nominated or designated by the investment affiliates of DLJ Merchant Banking and any permitted transferee thereof (collectively, the DLJ Investor Group, and each of the Blackstone Investor Group, the GS Investor Group and the DLJ Investor Group, a Private Equity Investor Group);

the Company's Chief Executive Officer, or such other executive officer as may be selected, which we refer to as the Management Director, to be nominated by Private Equity Investors holding a majority of the Class A-1 Common Stock held by Private Equity Investors; and

additional directors, which we refer to as the Additional Directors, including directors who may be considered independent under various SEC and stock exchange definitions to the extent deemed necessary or advisable.

The allocation of board representation to the Private Equity Investor Groups will be reduced as the ownership interest of Class A-1 Common Stock of such Private Equity Investor Group is reduced. The Blackstone Investor Group will have the ability to designate a majority of the directors for so long as it holds a majority of the shares of Class A-1 Common Stock issued to the Private Equity Investors in the Merger. Each Private Equity Investor Group will lose its right to designate directors entirely when its ownership of shares of Class A-1 Common Stock is less than the greater of (i) five percent of the shares of Class A-1 Common Stock issued to the Private Equity Investors in the Merger and (ii) three percent of the then-outstanding shares of Class A-1 Common Stock.

Generally, each director will have one vote. However, if the Blackstone Investor Group nominates or designates fewer than the maximum number of directors to which it is entitled, then the Blackstone Investor Group's directors will have aggregate voting power on board matters equal to the maximum number of directors that the Blackstone Investor Group is entitled to nominate or designate divided by the number of directors they have actually nominated or designated.

The Blackstone Investor Group has designated Chinh E. Chu, Jason K. Giordano and David K. McVeigh for nomination as directors. The GS Investor Group has designated Adrian M. Jones for nomination as a director. The DLJ Investor Group has designated R. Neal Pomroy for nomination as a director. Kenneth J. Fasola has been designated as the Management Director. Phillip J. Hildebrand, Mural R. Josephson and Steven J. Shulman have been designated as Additional Directors.

THE BOARD OF DIRECTORS HAS NOMINATED THE FOLLOWING SLATE OF DIRECTORS TO HEALTHMARKETS BOARD AND HAS RECOMMENDED APPROVAL OF THEIR ELECTION TO SERVE UNTIL THE NEXT ANNUAL MEETING OF ITS STOCKHOLDERS IN 2013 OR UNTIL THEIR RESPECTIVE SUCCESSORS ARE ELECTED AND QUALIFIED. IF A NOMINEE IS UNAVAILABLE FOR ELECTION, THE BOARD MAY REDUCE THE NUMBER OF DIRECTORS TO BE ELECTED AT THE ANNUAL MEETING.

Background and Experience of Directors

As discussed above, pursuant to the terms of the Company's Stockholders Agreement, all directors of the Company other than Mr. Fasola (our Management Director), Mr. Hildebrand (our non-management Chairman)

and Messrs. Josephson and Shulman (our independent directors) are nominated or designated by investment affiliates of the Private Equity Investor Groups. We believe that our directors provide an appropriate mix of experience and skills relevant to the size and nature of the Company's business. In particular, Messrs. Chu, Giordano and McVeigh (designated by the Blackstone Investor Group), Mr. Jones (designated by the GS Investor Group) and Mr. Pomroy (designated by the DLJ Investor Group) have significant financial, investment and strategic business planning experience and have served as directors of portfolio companies of the Private Equity Investor Groups. Mr. Hildebrand, our Chairman, has extensive management experience in the insurance industry, having served as a director and CEO of HealthMarkets, Inc. from 2008 to 2011 and, prior to that, for many years in senior management roles and as a director for New York Life Insurance Company or its subsidiaries. Mr. Fasola, our President and Chief Executive Officer, has extensive successful experience in the health insurance industry, honing his skills over a 26-year career that includes senior executive roles with two of the nation's leading health insurance carriers, Humana Inc. and UnitedHealth Group. Our independent directors bring extensive management, financial and/or accounting experience from the insurance and health care industries. Specifically, Mr. Josephson, the Chairman of our Audit Committee, is an audit committee financial expert, as that term is defined under applicable Securities Exchange Act rules, by virtue of his years of experience with a major independent public accounting firm, as well as in various senior management and board positions. Mr. Shulman brings extensive experience as a founder, chairman, chief executive officer and/or director of a number of businesses in the health services and insurance industries.

Board Leadership Structure

Mr. Chu, who is a representative of The Blackstone Group, our majority stockholder, led the Company as Chairman of the Board until April 1, 2011, at which time Mr. Hildebrand was appointed Chairman of the Board. The Chief Executive Officer position is separate from the Chairman position. We believe that the separation of the Chairman and the Chief Executive Officer positions is appropriate for our business and delineates the separate roles of management and directors. In his capacity as Chief Executive Officer, Mr. Fasola provides the day-to-day leadership of the Company. As our Chairman, Mr. Hildebrand is the principal representative of the Board of Directors and leads the Board in the performance of its duties, including presiding over all Board meetings he attends.

Role of Board in Risk Oversight

The Company is exposed to a number of risks, including, among others, economic, financial, operational and regulatory risks. The Company's management is responsible for the day-to-day management of these risks, while the Board as a whole is responsible for the oversight of such risk. The Audit, Executive Compensation, Compliance & Governance and Investment Committees each play an important role in assisting the Board to carry out its oversight responsibilities. The Audit Committee regularly meets with management, members of the Company's internal audit department and the Company's independent registered public accounting firm to address any significant financial risk exposure, including disclosure controls and procedures and internal control over financial reporting. The Executive Compensation Committee assists the Board with risk oversight by administering and evaluating the Company's compensation programs and practices for its highest paid executives, so that these compensation practices meet the Company's objectives and do not encourage employees to take excessive risks. In addition to the evaluation of compensation for the highest paid executives undertaken by the Executive Compensation Committee, a group of management personnel, including representatives from the finance, human resources, internal audit and legal functions, undertake a more comprehensive analysis of all compensation programs for employees of the Company and evaluate whether such compensation programs (after taking into account potential likelihood and impact) present inherent risk and whether, after taking into account mitigating factors (for example, vesting periods, duration of arrangement and number of participants), these compensation programs present any residual risk. The management group conducted this analysis utilizing an online tool to capture the risk assessments for each compensation program. The group then met to review the assessments provided by the online tool and made any necessary adjustments. After conducting this analysis and discussing the results as a group, the management group determined that, consistent with the Executive Compensation Committee's approach to compensation for the Company's highest paid executives, the Company's compensation policies and practices do not create risks that are reasonably likely to have a material

adverse effect on the Company. This analysis was provided to the Executive Compensation Committee and the Committee had the opportunity to review and discuss with members of management.

The Compliance & Governance Committee assists with risk oversight by overseeing, among other things, the Company's compliance and regulatory functions, including oversight of the integrity of the Company's compliance with legal and regulatory requirements and overall compliance program. The Investment Committee coordinates with the Investment/Finance Committee of the Company's insurance subsidiaries in supervising and implementing investments by the Company and these subsidiaries, to ensure that these investments do not present excessive risk to the Company.

Director Independence

The Board has determined that Messrs. Josephson and Shulman are independent, as that term is defined under the listing standards of the New York Stock Exchange. Mr. Fasola is not independent due to his affiliation with the Company and Mr. Hildebrand is not independent due to his employment with the Company that ended on April 1, 2011. Messrs. Chu, Giordano, Jones, McVeigh, and Pomroy are not independent due to their respective affiliations with the Private Equity Investors.

Annual Meeting Attendance

We encourage but do not require our directors to attend the Annual Meeting of Stockholders. None of the Company's then directors attended the Annual Stockholder Meeting held May 23, 2011.

Stockholder Communication with Our Board

All current members of the Company's Board are listed under the heading "About HealthMarkets, Inc." on the Company's website (<http://www.healthmarketsinc.com>). Stockholders may communicate directly with the HealthMarkets Board of Directors, including the Chairman of the Audit Committee, the Chairman of the Nominating Committee and/or the non-Management Directors individually or as a group. All communications should be directed to our Corporate Secretary at HealthMarkets, Inc., 9151 Boulevard 26, North Richland Hills, TX 76180. In addition, we maintain contact information, both telephone and email, on our website under the "Contact Us" link. The envelope for any mailings should clearly indicate the person or persons to whom the Corporate Secretary should forward the communication. Communications will be distributed to the Board, or to any individual director or directors as appropriate, depending on the facts and circumstances outlined in the communications, with the exception of spam, business solicitations and advertisements, product inquiries and suggestions, resumes and other forms of job inquiries, surveys, and obvious "junk" and mass mailings.

Board Meetings, Attendance, and Executive Sessions

During the fiscal year ended December 31, 2011, the Board of Directors met six (6) times and took action on other occasions by unanimous written consent of its members. Each member of the Board of Directors who held such position in 2011 attended at least 75% in the aggregate of all meetings of the Board and any committee on which such director served. The Board met in executive session during all regularly scheduled meetings, without management present, and plans to continue that practice going forward.

Board Committees

To assist the Board in the discharge of its responsibilities, the Company has established a standing Audit Committee, Executive Committee, Investment Committee, Compliance & Governance Committee, Nominating Committee, and Executive Compensation Committee. The following chart shows the current composition of the committees.

The functions and composition of these Board committees are described below:

Audit Committee, Financial Expert

The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities by assessing the processes related to the Company's risks and control environment, overseeing the integrity of the Company's financial statements and financial reporting and compliance with legal and regulatory requirements and evaluating the Company's audit processes. The Audit Committee confers with the Company's independent registered public accounting firm and internal auditors regarding audit procedures, including proposed scope of examination, audit results and related management letters. The Audit Committee reviews the services performed by the independent registered public accounting firm in connection with determining their independence, reviews the reports of the independent registered public accounting firm and internal auditors, and reviews recommendations about internal controls. The Committee selects and appoints the Company's independent registered public accounting firm and approves any significant non-audit relationship with the independent registered public accounting firm.

KPMG LLP, the Company's independent registered public accounting firm, has direct access to the Audit Committee and may discuss any matters that arise in connection with their audits, the maintenance of internal controls, and any other matters relating to the Company's financial affairs. The Audit Committee may authorize the independent registered public accounting firm to investigate any matters that the Audit Committee deems appropriate and may present its recommendations and conclusions to the Board.

Since joining the Board in May 2003, Mr. Josephson has served as the Audit Committee Chairman. The Board of Directors has determined that Mr. Josephson, who is independent of management of the Company, is an audit committee financial expert, as that term is defined under applicable Securities Exchange Act rules. Following his retirement in October 2002 as Senior Vice President and Chief Financial Officer of Lumbermens Mutual Casualty Company (the lead company of Kemper Insurance Companies), Mr. Josephson has served as a consultant to various financial institutions. In July 1998, Mr. Josephson retired as a partner with KPMG LLP after 28 years with the firm. Mr. Josephson was a licensed Certified Public Accountant in Illinois for 30 years, and is a member of the American Institute of Certified Public Accountants. In addition to Mr. Josephson, Mr. Shulman is an independent director and serves on the Audit Committee. The other members of the Audit Committee are not independent.

The Audit Committee operates under a written charter adopted by the Board of Directors. The charter is available for review on the Corporate Governance page of the Company's website (<http://www.healthmarketsinc.com>). A copy of the charter is available in print to any stockholder who requests it. Requests for a copy of the charter should be directed to the Corporate Secretary, c/o HealthMarkets, Inc., 9151 Boulevard 26, North Richland Hills, TX 76180. The Committee reviews and assesses the adequacy of its charter on an annual basis.

The Audit Committee has adopted procedures governing the receipt, retention and handling of concerns regarding accounting, internal accounting controls or auditing matters that are reported by employees, stockholders and other persons. Employees may report such concerns confidentially and anonymously by utilizing a toll free hot line number (877-778-5463) or by accessing Report-It (<http://www.reportit.net>), a third party reporting service. All others may direct such concerns in writing to the Board of Directors, Audit Committee and/or the non-Management Directors, c/o our Corporate Secretary, HealthMarkets, Inc., 9151 Boulevard 26, North Richland Hills, TX 76180.

The Audit Committee's Report appears elsewhere in this Information Statement.

Executive Committee

The Executive Committee has the authority of the full Board of Directors in the management and affairs of the Company, except that the Committee *may not* effect certain fundamental corporate actions, including (a) declaring a dividend, (b) amending the Certificate of Incorporation or Bylaws, (c) adopting an agreement of merger or consolidation, or (d) imposing a lien on substantially all of the assets of the Company. In practice, the Executive Committee meets infrequently and does not act except on matters that are not sufficiently important to require action by the full Board of Directors. Although the Committee did not meet during the Company's 2011 fiscal year, the Committee took action on selected occasions by unanimous written consent of its members.

Investment Committee

The Investment Committee coordinates with the Investment/Finance Committees of the Company's insurance subsidiaries in supervising and implementing the investments of the funds of the Company and its insurance subsidiaries. None of the members of the Investment Committee are independent.

Compliance & Governance Committee

The Compliance & Governance Committee was established by the Board of Directors on August 30, 2006. The Committee develops and recommends to the Board the Corporate Governance Guidelines applicable to the Company and also oversees and monitors the Company's compliance and regulatory functions, including the assessment on a periodic basis of the processes related to the Company's risk and control environment, the oversight of the integrity of the Company's compliance with legal and regulatory requirements and evaluation of the Company's overall compliance program.

The Compliance & Governance Committee operates under a written charter adopted by the Board of Directors. The charter is available for review on the Corporate Governance page of the Company's website (<http://www.healthmarketsinc.com>). A copy of the charter is available in print to any stockholder who requests it. Requests for a copy of the charter should be directed to the Corporate Secretary, c/o HealthMarkets, Inc., 9151 Boulevard 26, North Richland Hills, TX 76180.

Nominating Committee

The Nominating Committee identifies individuals qualified to become directors and recommends that the Board select the director nominees to be voted on at the next annual meeting of stockholders. None of the members of the Nominating Committee are independent.

As a result of the Merger and the terms of the Stockholders' Agreement that provide for the designation of directors by the Private Equity Investor Groups, the Board of Directors has determined that it is not appropriate to establish specific qualifications for nominees or a formal process for identifying and evaluating such nominees

for director, and has not established a specific diversity policy. However, it is the Board and the Nominating Committee's practice to seek director candidates who will contribute to a diversity of perspectives. The Board and the Nominating Committee take into account a candidate's specific background, training, knowledge, experience and other personal attributes, in an effort to provide a diverse mix of capabilities and viewpoints on the Board of Directors.

In carrying out its responsibilities to nominate directors, the Nominating Committee will consider candidates recommended by the Board of Directors and by stockholders of the Company. All suggestions by stockholders for nominees for director for 2013 must be made in writing and received by the Corporate Secretary of the Company, 9151 Boulevard 26, North Richland Hills, Texas 76180 no later than December 19, 2012 (*see* Stockholder Proposals for the 2013 Annual Meeting). The mailing envelope must contain a clear notation indicating that the enclosed letter is a Director Nominee Recommendation. The letter must identify the author as a stockholder and provide a brief summary of the candidate's qualifications, as well as contact information for both the candidate and the stockholder. At a minimum, candidates for election to the Board must meet the independence requirements of Rule 10A-3 under the Securities Exchange Act of 1934, as amended. Candidates should also have relevant business and financial experience, and must be able to read and understand fundamental financial statements. The Committee has not historically received director candidate recommendations from the Company's stockholders but will consider all relevant qualifications as well as the needs of the Company in terms of compliance with the Securities and Exchange Commission rules.

The Nominating Committee operates under a written charter adopted by the Board of Directors, which is available for review on the Corporate Governance page of the Company's website (<http://www.healthmarketsinc.com>). A copy of the charter is available in print to any stockholder who requests it. Requests for a copy of the charter should be directed to the Corporate Secretary, c/o HealthMarkets, Inc., 9151 Boulevard 26, North Richland Hills, TX 76180.

The Nominating Committee did not receive any recommendations from stockholders regarding candidates for election to the Board at the 2012 Annual Stockholder Meeting.

Executive Compensation Committee

The Executive Compensation Committee administers the Company's compensation programs and remuneration arrangements for its highest-paid executives. The Committee is authorized to provide assistance to the Company's directors in fulfilling their responsibility to shareholders to ensure that the Company's officers, key executives and directors are compensated in accordance with the Company's total compensation objectives and executive compensation policy. The Company is also authorized to advise, recommend, and approve compensation policies, strategies, and pay levels necessary to support organizational objectives. The Committee may form and delegate to subcommittees when appropriate.

The Executive Compensation Committee evaluates the CEO's performance and sets the CEO's compensation level based on this evaluation. The Committee meets in executive session without the CEO to determine his compensation. The Committee receives recommendations from the CEO as to compensation of other executive officers, and the CEO participates in Committee discussions regarding the compensation of such officers.

The Executive Compensation Committee also makes recommendations to the Board with respect to incentive-compensation plans and equity-based plans, evaluates, from time to time, the compensation to be paid to directors for their service on the Board or any committee thereof, and prepares a report on executive compensation as required by the Securities and Exchange Commission to be included in the Information Statement.

A subcommittee of the Executive Compensation Committee (the Subcommittee) consisting solely of two (2) outside directors (Mr. Josephson and Mr. Shulman) has been granted the sole authority to approve any compensation matters where such compensation is intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended.

The Executive Compensation Committee operates under a written charter adopted by the Board of Directors, which is available for review on the Corporate Governance page of the Company's website (<http://www.healthmarketsinc.com>). Requests for a copy of the charter should be directed to the Corporate Secretary, c/o HealthMarkets, Inc., 9151 Boulevard 26, North Richland Hills, TX 76180.

Compensation Consultant

Under its charter, the Executive Compensation Committee is empowered to engage an independent consultant. The Executive Compensation Committee engaged Compensation Resources in 2011 as its independent compensation consultant to provide an externally focused perspective and specialized compensation expertise. Compensation Resources reports directly to the Executive Compensation Committee and does not perform any separate services for management. The Executive Compensation Committee (and the Subcommittee) uses information provided by Compensation Resources to augment the information provided by management (including management's compensation recommendations) and to help in the evaluation of the effectiveness and fairness of our compensation programs and practices. Compensation Resources provides recommendations and information to the Executive Compensation Committee regarding: (i) appropriate compensation levels for our executives, (ii) general compensation plan design, and (iii) current and emerging industry trends and best practices.

Compensation Committee Interlocks and Insider Participation in Compensation Decisions

The Board has determined that Messrs. Chu and Jones are not independent as that term is defined under the listing standards of the New York Stock Exchange, due to their respective affiliations with the Private Equity Investors. During 2011, no Executive Compensation Committee member was an officer or employee of us or our subsidiaries, or formerly an officer, nor had any relationship otherwise requiring disclosure under the rules of the Securities and Exchange Commission. None of our executive officers served as a member of the Executive Compensation Committee or as a director of any company where an executive officer of that company is a member of our Executive Compensation Committee. The members of the Executive Compensation Committee thus do not have any compensation committee interlocks or insider participation. Certain relationships and related transactions that may indirectly involve our board members are described below under the caption Certain Relationships and Related Party Transactions.

Family Relationships

There are no family relationships between any of the directors or executive officers.

Involvement in Certain Legal Proceedings

During the past ten years, none of the directors or executive officers has been involved in any legal proceedings that are material to the evaluation of their ability or integrity.

Code of Ethics

The Company has a Code of Ethics that applies to all of the Company's employees, including its Chief Executive Officer, Chief Financial Officer, Principal Accounting Officer and the Board. A copy of this Code is available for review on the Corporate Governance page of the Company's website (<http://www.healthmarketsinc.com>). Requests for a copy of the charter should be directed to the Corporate Secretary, c/o HealthMarkets, Inc., 9151 Boulevard 26, North Richland Hills, TX 76180. The Company intends to disclose any changes in or waivers from its Code of Ethics by posting such information on its website or by filing a Form 8-K.

COMPENSATION DISCUSSION AND ANALYSIS

In 2011, most of the Company's significant compensation decisions related to developments in the core aspects of our business that are fundamental to the Company's corporate strategy and long term focus, specifically business opportunities that allow us to maximize the value of our independent agent sales force, with particular focus on the sale of third-party health insurance products underwritten by non-affiliated insurance companies and the sale of supplemental insurance products underwritten by the Company's insurance subsidiaries.

During this period, Insphere Insurance Solutions, Inc. (Insphere), the Company's insurance agency subsidiary created in 2009, continued to grow and gather momentum. Insphere increased total sales production, continued to maintain strong relationships with its third party insurance carrier partners, developed a number of new carrier relationships, grew its product portfolio and became a national Medicare distribution leader. In a year in which many health insurance companies significantly reduced commissions for individual health products to comply with the requirements of national health care reform, causing many of Insphere's peers to shrink or withdraw from the market, Insphere increased the number of its recruits, retained the vast majority of its top performing agents and dramatically increased cross-selling opportunities. In 2011, the Company's management also continued its efforts to make Insphere more efficient, by streamlining its organizational and compensation structure.

In 2011, we also made tremendous strides expanding our supplemental insurance product business underwritten by the Company's insurance subsidiaries. Beginning in late 2010 and continuing in 2011, The Chesapeake Life Insurance Company (Chesapeake), an indirect wholly-owned subsidiary of the Company, introduced an extensive supplemental product portfolio currently available in 46 states. Chesapeake's supplemental products are marketed primarily under the SureBridge Insurance brand and distributed by Insphere agents as well as other independent, third party producers. Our supplemental product offerings include dental and vision, disability, critical illness, accident, hospital indemnity and bundled/multi-benefit products. Our Chesapeake supplemental product sales more than doubled from 2010 to 2011. In the future, we expect to place an increasing emphasis on our supplemental product offerings, which are generally not subject to national health care reform legislation.

For a further discussion of our performance in 2011, see Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations in the Company's Annual Report on Form 10-K for the year ended December 31, 2011.

Our highest paid executives were rewarded in 2011 for their efforts relating to the ongoing development and implementation of the Company's corporate strategy, including the continued growth of our relatively new Insphere business and expansion of the Chesapeake supplemental insurance business in a difficult regulatory and business environment.

Our management team continued to evolve and develop in 2011. As contemplated at the time of his hiring, Kenneth J. Fasola was promoted to Chief Executive Officer effective April 1, 2011. Upon the appointment of Mr. Fasola as Chief Executive Officer, Mr. Hildebrand stepped down as our Chief Executive Officer and was contemporaneously elected Chairman of the Company's Board of Directors for a one year term. It is anticipated that Mr. Hildebrand will continue to serve in his capacity of Chairman following the 2012 Annual Stockholder Meeting. In addition, the employment of B. Curtis Westen, our Executive Vice President and General Counsel, and Jack V. Heller, our Senior Vice President and Chief Distribution Officer, with the Company terminated during the third quarter of 2011. Mr. Westen continued to provide services as a consultant through December 31, 2011. Finally, in September 2011, the Company hired Mark H. Smith to become Senior Vice President and Chief Operating Officer of Insphere. Our management team continues to have significant experience in the insurance business and will continue to develop and implement the corporate strategy, building on our recent successes.

What are the Company's compensation objectives?

The Company's compensation objectives are to support and enhance the Company's overall business strategy and goals, attract and retain the best possible executive talent, motivate executive officers to achieve the Company's performance objectives, and reward individual performance and contributions. Our executive compensation program is designed to effectively and appropriately compensate our executives and guide their activities in response to the targeted incentives we provide.

Who is responsible for evaluating and administering executive compensation?

The Executive Compensation Committee (the Committee) administers the Company's compensation programs and remuneration arrangements for the Company's Named Executive Officers (as defined below). As discussed in more detail above under the heading Compensation Committee Interlocks and Insider Participation

in Compensation Decisions, two of the four members of the Committee are not considered independent. A subcommittee of the Committee consisting solely of two (2) outside directors has been granted the sole authority to approve any compensation matters where such compensation is intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended.

Who are the Company's Named Executive Officers?

For 2011, the seven (7) executive officers included in the Summary Compensation Table on page 29, and which are referred to as Named Executive Officers throughout this section, are:

Kenneth J. Fasola, President and Chief Executive Officer*;

K. Alec Mahmood, Senior Vice President and Chief Financial Officer;

Derrick A. Duke, Senior Vice President, Treasurer and Chief Insurance Operating Officer;

Mark H. Smith, Senior Vice President and Chief Operating Officer - Insphere Insurance Solutions, Inc. (effective October 3, 2011);

Phillip J. Hildebrand, Chairman and Former Chief Executive Officer*;

Jack V. Heller, Former Senior Vice President and Chief Distribution Officer (Mr. Heller's employment with the Company terminated effective September 15, 2011); and

B. Curtis Westen, Former Executive Vice President and General Counsel (Mr. Westen's employment with the Company terminated effective August 12, 2011).

* On March 16, 2011, as contemplated at the time of Mr. Fasola's hiring, Mr. Fasola was appointed the Company's Chief Executive Officer, effective April 1, 2011. In connection with the effectiveness of Mr. Fasola's appointment as Chief Executive Officer, Mr. Hildebrand stepped down as the Company's Chief Executive Officer and was elected Chairman of the Company's Board of Directors.

Does the Committee use an outside consultant for advice?

In 2011, the Committee engaged Compensation Resources, an independent compensation consultant, to perform an overall review of our executive and employee compensation plans and programs, as well as to provide general advice on compensation program design. The compensation consultant reports directly to the Committee and, as directed by the Committee, may work with management and the Chairperson of the Committee. Compensation Resources did not provide any other services to the Company in 2011.

Compensation Resources, at the Committee's request, provides independent advice on current trends in compensation design, including proxy analysis of the compensation of executive officers at companies in our peer groups (as further described below), the pros and cons of particular forms of compensation in relation to our business strategy and compensation philosophy, compensation levels, appropriate mix of compensation and emerging compensation practices.

What role do Named Executive Officers play in setting compensation?

Our Chief Executive Officer recommends bonuses and compensation adjustments for his direct reports including each of the other Named Executive Officers. The Committee then takes these recommendations into consideration in setting compensation for each of the other Named Executive Officers. Our Chief Executive Officer does not make any recommendations to the Committee with respect to his own compensation.

To what extent does the Committee use external data to compare executive compensation?

As described above, the Committee engaged Compensation Resources in 2011 to perform an overall review of our compensation plans and programs. As part of this review, Compensation Resources provided the Committee with external data for its review and consideration.

In addition to many other factors considered by the Committee, the Committee takes into account the compensation practices of comparable companies provided by Compensation Resources in formulating our

compensation program. Recognizing that the peers included in the peer groups (listed below) may be bigger or smaller than the Company and that officer positions listed in the proxy vary from company to company, the data is used as a general indicator of compensation trends and pay levels.

For 2011, the Committee considered the compensation practices at the following peer companies in setting compensation for our Named Executive Officers:

Accident, Life and Health Insurance Peer Companies

American Equity Investment Life Holding
FBL Financial Group
Kansas City Life Ins. Company
Phoenix Companies Inc.
Protective Life Corporation
Symetra Financial Corporation

Dephi Financial Group Inc.
Independence Holding Company
National Western Life
Presidential Life Corporation
Stancorp Financial Group

Insurance Agents, Brokers & Service Peer Companies

Brown & Brown Inc.
Crawford & Co.
Arthur J. Gallagher & Company
Verisk Analytics Inc.

Corvel Corp
Erie Indemnity Company
National Financial Partners Corporation

In addition to reviewing the compensation data from public disclosures for the above-mentioned companies, Compensation Resources also considered several published proprietary compensation surveys, both broad and narrow, in making its recommendations to the Committee.

How does the Company set compensation for its Named Executive Officers?

Named Executive Officer compensation for 2011 is generally based on the terms of their employment agreements or related compensation arrangements. The Company has entered into employment agreements or similar arrangements with each of its Named Executive Officers. In connection with the previously described transition within our senior management team, Mr. Hildebrand and Mr. Fasola entered into employment arrangements with the Company in September 2010. These arrangements provided for the terms of compensation for each of Mr. Hildebrand and Mr. Fasola during the Chief Executive Officer transition in 2011 and also provided for ongoing compensation for Mr. Fasola in his role as Chief Executive Officer.

In addition, both Mr. Westen and Mr. Heller entered into separation agreements in 2011 that provided for the terms of their separation from employment with the Company and the Company also entered into an independent contractor consulting agreement with Mr. Westen pursuant to which Mr. Westen provided consulting services and was paid consulting fees through December 31, 2011. The Company also entered into a letter agreement with Mr. Smith at the time he began his employment with the Company and entered into an employment agreement with Mr. Mahmood in August of 2011. Each of the employment arrangements described in this paragraph were reviewed and approved by the Committee after considering each of the components described below.

As more fully described below, the employment agreements and similar arrangements provide the compensation terms for Named Executive Officers, including in some cases guaranteed annual bonuses and other incentive opportunities.

What are the components of executive compensation?

We use a variety of compensation elements to achieve our executive compensation program goals. These components include base salary, annual bonus compensation, awards of stock options and restricted stock, long-term incentive plan awards, retention awards, employee benefit plans, and termination and change of control benefits provided pursuant to employment agreements. We also offer limited perquisites to certain Named Executive Officers. Each component of compensation has been designed to complement the other components

and, when considered together, to meet the Company's overall compensation objectives; however, there is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation.

Base Salaries

Base salary is the primary fixed portion of executive pay. It compensates executives for performing their day-to-day duties and responsibilities. The base salaries of the Named Executive Officers for 2011 were generally based on the terms of their respective employment agreements, as adjusted for subsequent increases. Base salaries of the Named Executive Officers who are direct reports of the Chief Executive Officer are evaluated annually by the Committee, generally by the end of the first quarter. Other than with respect to Mr. Fasola, whose base salary increased from \$700,000 to \$750,000 in connection with his appointment as Chief Executive Officer, and Mr. Smith, who joined the Company in 2011, base salaries for each of the Named Executive Officers in 2011 did not change from 2010.

Annual Bonus Compensation

The annual bonus compensation program (the Management Incentive Plan or MIP) is designed to achieve the Company's objective of linking compensation to annual performance results, attracting, motivating and retaining high-caliber leadership, and aligning the interests of senior executives and stockholders. In 2011, the Committee established the 2011 MIP for its executives with specific performance goals that were established and communicated by the Committee to participants. The Committee established the following performance targets and thresholds for the 2011 MIP:

Performance Targets	Minimum Threshold	Target	Stretch	Weight
Harvest Capital (Year-end 2011 Holding Company Cash Balance)	\$ 255.9M	\$ 284.3M	\$ 341.2M	20%
Increase Agent Cross-Sell Rate (Total Cross Sell Rate (% of health apps))	222.1%	246.8%	271.5%	20%
Agent Growth/First New Business (Year End Appointed Agent Count)	2,592	2,880	3,168	20%
3 rd Party Distribution Expansion (Selling Agreements Signed and Onboarded)	UNH Only	UNH + 3 Others	UNH + 5 Others	20%
Increase Agent Productivity				
Commercial Health (apps per week)	1.9	2.1	2.3	
Supplemental (apps per week)	2.7	3.0	3.3	20%
Association (apps per week)	1.4	1.6	1.8	
Life (apps per week)	1.6	1.8	2.0	

Each of the performance targets is fully scalable on an individual basis between Minimum Threshold and Target and between Target and Stretch. The Committee selected these performance targets as they accurately capture the Company's objectives for 2011 and the achievement of these performance targets was important to the Company's success in 2011. In addition to the corporate performance targets set forth in the chart above, in making the final determination for individual annual bonuses, the Committee adjusts the actual bonus payment for the individual performance of each Named Executive Officer.

The Named Executive Officers had the following bonus opportunities in 2011:

Named Executive Officer	Target Opportunity	Maximum Opportunity
Kenneth J. Fasola	100% of base salary	200% of base salary
K. Alec Mahmood	75% of base salary	150% of base salary
Derrick A. Duke	75% of base salary	150% of base salary
Mark H. Smith	50% of base salary	N/A
Phillip J. Hildebrand	133.33% of base salary	266.66% of base salary
Jack V. Heller	75% of base salary	150% of base salary
B. Curtis Westen	100% of base salary	200% of base salary

The bonus opportunities set forth above are generally based on the terms of the employment agreements or a similar arrangement with each Named Executive Officer and are established based on the officer's position, skills, experience, responsibility, and potential impact on Company performance.

In connection with a retention program implemented by the Company in 2010, a portion of the 2011 annual bonus was guaranteed for each of Messrs. Mahmood, Duke, Heller and Westen. The retention program provided that each of Messrs. Mahmood, Duke, Heller and Westen were guaranteed 50% of their target bonus for 2011, provided that they remained employed through December 31, 2011 (subject to earlier vesting in the case of a change of control combined with certain qualifying terminations of employment). In addition, Mr. Smith had a bonus guarantee for 2011 in his letter agreement equal to 50% of his annual base salary, prorated for the portion of 2011 that he was employed. While the annual bonus program generally requires that each Named Executive Officer remain employed through the end of the applicable fiscal year, portions of the guaranteed bonus for those who participate in the retention program are paid in equal pro rata installments on a quarterly basis (in some cases in advance of the end of the applicable fiscal year), but 75% of the gross amount of any annual bonus payment made prior to the end of the applicable fiscal year is subject to clawback by the Company based on specified termination events. The Company agreed to provide these guarantees as an incentive to retain the executives in light of the Company's changing corporate strategy and the transition associated with the launch and development of the Company's Inspire business in 2010. The Company determined that providing the Named Executive Officers with some certainty with respect to annual bonus compensation was essential for maintaining focus during a challenging time for the Company and the industry.

The retention program also provides that Messrs. Mahmood and Duke are eligible for a guaranteed bonus equal to 50% of their target bonus for 2012, subject to their continued employment through December 31, 2012 (unless, with respect to the guaranteed bonus in 2012, the bonuses are earlier vested in the case of a change of control combined with certain qualifying terminations of employment).

The non-guaranteed portions of each Named Executive Officer's annual bonus compensation with respect to performance in 2011 were subject to the annual performance criteria set forth above. At its meeting on February 7, 2012, the Committee evaluated the Company's performance in 2011. In reviewing the Company's 2011 performance, the Committee determined that the corporate performance factors were achieved at the following levels:

Performance Targets	Actual	Weight	Achieved
Harvest Capital (Year-end 2011 Holding Company Cash Balance)	\$ 450M	20%	30%
Increase Agent Cross-Sell Rate (Total Cross Sell Rate (% of health apps))	222.9%	20%	10%
Agent Growth/First New Business (Year End Appointed Agent Count)	2,951	20%	10%

Based on the achievement of the performance targets set forth above, the Committee determined that, with respect to the corporate performance portion of the 2011 MIP, the aggregate bonus pool available would be set at 90% of target, with specific bonuses paid at levels below, at, or above 90% of target based on individual performance evaluations.

In adjusting individual performance, for each of the Named Executive Officers other than Mr. Fasola, the Committee was presented with Mr. Fasola's evaluation of the Named Executive Officers' individual performance for 2011. With respect to Mr. Fasola, the Committee independently evaluated his performance during 2011. Each evaluation included a review of the competencies required to be an executive officer at the Company, including accountability, communications, drive for results, integrity, judgment and teamwork/collaboration, as well as a holistic view of the individual's contributions to the Company during 2011.

As a result, the Named Executive Officers earned the following annual bonuses for 2011:

Named Executive Officer	Guaranteed Bonus	Performance Bonus	Total Bonus
Kenneth J. Fasola*	\$	\$ 811,438	\$ 811,438
K. Alec Mahmood	\$ 150,000	\$ 122,000	\$ 272,000
Derrick A. Duke	\$ 150,000	\$ 180,000	\$ 330,000
Mark H. Smith(1)	\$ 35,107	\$	\$ 35,107
Phillip J. Hildebrand(2)	\$ 200,000	\$ 194,520	\$ 394,520
Jack V. Heller	\$ 75,000	\$	\$ 75,000
B. Curtis Westen(3)	\$ 175,000	\$ 140,000	\$ 315,000

- (1) Represents 90% of the pro-rata portion of a one-year guaranteed bonus for the time Mr. Smith was employed by the Company in 2011.
- (2) Represents pro-rata portion of Mr. Hildebrand's target bonus for 2011 guaranteed by the terms of his Transition Agreement.
- (3) Represents 90% of Mr. Westen's target bonus for 2011.

* The Committee determined that, notwithstanding the terms of Mr. Fasola's employment agreement, the Company should pay Mr. Fasola \$663,904 (approximately 82% of his annual bonus) in cash and \$147,534 (approximately 18% of his annual bonus) should be withheld to acquire shares of Company common stock. Mr. Fasola's employment agreement provided that 50% of Mr. Fasola's annual bonus would be withheld to acquire shares of Company common stock until such time as Mr. Fasola has acquired an additional \$375,000 (after his initial investment of \$375,000) in Company common stock at the fair market value of Company common stock on the date that the Company common stock was acquired. In making this decision, the Committee provided that Mr. Fasola will acquire additional Company common stock in order to offset this change in structure of the annual bonus with the proceeds from the sale of Mr. Fasola's home, once it is sold.

Retention Bonuses

In June 2010, Messrs. Heller, Mahmood and Duke were granted retention bonus awards of \$1.2 million, \$1.125 million, and \$1.125 million respectively. These retention bonus awards vest in three annual installments (25%, 25%, 50%), subject to continued employment through the applicable vesting date (with earlier vesting in the event of a change of control or certain qualifying terminations of employment). The first portion of the retention bonus vested on June 30, 2011 and the next two portions of the retention bonus will vest on June 30, 2012 and June 30, 2013, respectively. While the retention bonus payments are subject to vesting, they will be paid in equal pro rata installments on a quarterly basis (in some cases in advance of vesting), but 75% of the gross amount of any payment made prior to vesting is subject to clawback by the Company based on specified termination events. The Company granted these retention bonus awards, along with the guaranteed portion of annual bonus compensation (described above), in order to further incentivize key employees of the Company to remain motivated and focused during a period of changing corporate strategy for the Company and the transition associated with the launch and development of the Company's Insphere business in 2010.

Stock Options and Restricted Share Awards – 2006 Management Stock Option Plan

On May 8, 2006, the Board of Directors adopted the 2006 Management Stock Option Plan (as amended, the "2006 Plan"), in accordance with which options to purchase shares, restricted shares and restricted stock units of HealthMarkets' Class A-1 Common Stock may be granted from time to time to officers, employees and non-employee directors of HealthMarkets or any subsidiary. The purpose of the 2006 Plan is to attract and retain officers and other key employees for the Company and its subsidiaries and to provide to such persons incentives and rewards for superior performance. The Committee believes that the Company will be able to enhance the prospects for its business objectives and more closely align the interests of outside directors, officers and key employees with those of the Company's stockholders by providing those individuals with the opportunity to increase their equity interests in the Company on meaningful terms.

Stock options granted to our Named Executive Officers are intended to provide a long-term incentive opportunity to the executives that also links the interests of the executive with those of the stockholders, as the options provide no value unless the value of the underlying shares increases. The number of stock options granted to a particular executive officer is based on the executive's position and an evaluation of the executive's ability to influence the long-term growth and profitability of the Company. These options are included in the Grants of Plan Based Awards table on page 31 below. The Committee does not time the grant of stock options in consideration of the release of material non-public information.

The only Named Executive Officer to be granted equity awards pursuant to the 2006 Plan in 2011 was Mr. Smith. In connection with commencing employment with the Company, Mr. Smith was granted a non-qualified stock option to purchase 75,000 shares common stock which vest in equal 20% installments on each of the first five anniversaries of the grant date.

Long-Term Incentive Plan Awards

The Company previously granted long term incentive awards (LTIPs) pursuant to the terms of the employment agreements (or any predecessor employment agreements) with each of Messrs. Hildebrand and Westen. The LTIPs are subject to achievement of the specified performance goals and continued employment with the Company through each applicable vesting date, and generally vest in three equal annual installments on each of the first, second and third anniversaries of the executive's effective date of employment. The LTIP awards are intended to attract and retain key executives and to provide to such persons incentives and rewards for superior performance. The Committee believes that the LTIP awards help align the interests of key executives with those of the Company's stockholders by providing these executives with an opportunity to earn additional compensation based upon achievement of specific performance goals. The Company did not grant any LTIP awards in 2011.

HealthMarkets 401(k) and Savings Plan

The Company maintains for the benefit of its and its subsidiaries' employees the HealthMarkets 401(k) and Savings Plan (the Employee Savings Plan). The Employee Savings Plan enables eligible employees to make pre-tax contributions to the Employee Savings Plan (subject to overall limitations) and to direct the investment of such contributions among several investment options. The Employee Savings Plan, which is made available to all employees, is intended to assist in attracting and retaining employees by providing them with a tax-advantaged means to save a portion of their earnings for retirement purposes.

During 2011, the Company made certain matching contributions to participants' accounts in cash. All contributions made on behalf of the Named Executive Officers were calculated using the same formula as is used for all other eligible employees. The Committee approved the 100% vesting of all active participants in the Employee Savings Plan effective January 1, 2011, including immediate full vesting for all new plan participants during 2011 that was not related to partial termination, returning to the graduated vesting schedule in prescribed increments over a four-year period in 2012 for all new plan participants.

Employee Benefit Plans

The Company offers benefit plans such as vacation, medical, prescription drug, vision, dental and term life insurance coverage to the Named Executive Officers on the same basis as offered to all employees. The Company offers these plans to attract, motivate and retain high-caliber employees. The Company does not maintain a pension plan or non-qualified deferred compensation plan for the Named Executive Officers or its other employees.

Perquisites

Historically, the Company has not provided a broad array of perquisites and personal benefits to its Named Executive Officers. The Company has chosen to offer only a very limited number of perquisites to its executives as an incremental benefit to recognize their position within the Company and as an accommodation to certain executives who maintain a residence in states other than the location of their Company office or who might

otherwise incur certain expenses associated with the commencement of their employment. In 2011, the Company provided a monthly car allowance for Mr. Hildebrand during the period in which he was employed and reimbursement of certain relocation, travel and/or housing expenses for Messrs. Fasola and Smith. The Company also maintains a club membership for use by Mr. Fasola for business development and entertainment purposes. Such perquisites were provided pursuant to employment agreements or similar arrangements with these executives. The Company furnished these executives with tax gross-ups for income attributable to certain of these payments. The Company believes that these payments enhanced its ability to attract and retain these executives. The Company chose to provide the tax gross-ups to preserve the level of benefits intended to be provided under these arrangements. The value of each of these perquisites is included in the All Other Compensation column of the Summary Compensation Table on page 29 below.

Other

Prior to his appointment as an officer of the Company in December 2006, Mr. Heller served as an independent agent of the Company's insurance subsidiaries for approximately 15 years, 11 of which he spent as a regional sales leader. Pursuant to his agent contract with the insurance subsidiaries, Mr. Heller is entitled to ongoing commissions for sales production during this period. These amounts are included in the All Other Compensation column of the Summary Compensation Table on page 29 below. The Committee did not take Mr. Heller's commissions income into account when setting his compensation for 2011. Mr. Heller continues to be entitled to certain commission payments, subject to the terms of his separation agreement.

Severance Provisions in Employment Agreements

Under the terms of their current employment agreements or similar arrangements with the Company, the Named Executive Officers are entitled to certain payments in the event of their termination in certain specified circumstances. The level of severance and other severance benefits are set forth on pages 32-36. These levels were determined to be necessary in order to attract and retain our Named Executive Officers and were provided as part of the negotiations with each executive. Each of the Named Executive Officers (other than Mr. Smith) has agreed to post-termination non-competition and non-solicitation covenants that remain in effect for a period of one (1) year following termination of the executive's employment. As a condition to receiving severance benefits, Mr. Smith has agreed to execute a release in a form reasonably acceptable to the Company that would include, but not be limited to, a release of claims against the Company, non-compete, confidentiality, non-disparagement and non-solicitation acknowledgments.

Each of the Named Executive Officers who was employed by the Company on December 31, 2011, except Mr. Smith, is entitled to change of control parachute excise tax gross-up protection on all payments and benefits due to the executive in connection with a change of control, unless the parachute payments exceed the applicable safe harbor (as defined in Section 280G of the Internal Revenue Code of 1986, as amended) by less than 10 percent in which case all payments will be reduced to the safe harbor. The Company agreed to provide the golden parachute excise tax gross-up as a way of mitigating the often arbitrary adverse effects of the tax on the Named Executive Officers and to provide them with comfort that the value intended to be provided to them in connection with a transaction would not be diminished by the tax.

Other provisions addressing a change of control of the Company are contained in various Company plans applicable to the Named Executive Officers as well as to other employees. We believe that these change of control arrangements benefit the Company and its stockholders by providing key employees with financial assurances so that they can perform their jobs with minimum distraction in the face of a pending change of control; by encouraging key employees to stay with the Company while a change of control is occurring; and by helping the Company recruit employees who may have similar agreements with other companies.

What tax and accounting rules does the Company take into account in designing its compensation programs?

Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended, limits the deductibility of compensation in excess of \$1.0 million paid to the Company's principal executive officer or to any of the

Company's three other highest-paid executive officers (other than the principal financial officer) unless certain specific and detailed criteria are satisfied. The Committee considers the anticipated tax treatment to the Company and its executive officers in its review and establishment of compensation programs and payments, but has determined that it will not necessarily seek to limit compensation to that amount otherwise deductible under Section 162(m).

Does the Company have a policy for recouping performance-based compensation in the event of an earnings restatement?

The Company has no specific policies to adjust or recoup prior performance-based compensation. However, under Section 304 of Sarbanes-Oxley, if the Company is required to restate its financials due to material noncompliance with any financial reporting requirements as a result of misconduct, the Chief Executive Officer and Chief Financial Officer may be required to reimburse the Company for any bonus or other incentive-based or equity-based compensation received during the 12 months following the first public issuance of the non-complying document and any profits realized from the sale of securities of the Company during that twelve month period. In addition, the Company will comply with any statutory recoupment requirements under the Dodd-Frank Act once such requirements are finalized.

COMPENSATION COMMITTEE REPORT

The Executive Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis appearing above. Based on the review and discussions referred to above, the Executive Compensation Committee recommends to the Company's Board of Directors that the Compensation Discussion and Analysis be included in the Company's Information Statement on Schedule 14C.

Employment Agreements

The Company is party to agreements with each of the Named Executive Officers.

Employment Agreement with Mr. Fasola

The Company entered into an employment agreement with Mr. Fasola in September 2010, pursuant to which he was to initially be the President and Chief Operating Officer and subsequently the Company's Chief Executive Officer, which occurred effective April 1, 2011. The agreement has an initial term of three years and will thereafter automatically renew for successive one-year terms unless either party notifies the other that it does not wish to renew the agreement. Mr. Fasola initially received an annual base salary of \$700,000 and such annual base salary was increased to \$750,000 upon his appointment as the Company's Chief Executive Officer. For each fiscal year of the Company (after 2010) during the term of the agreement, Mr. Fasola will have a target bonus opportunity of 100% of his then current annual base salary and a maximum bonus opportunity of 200% of his then current annual base salary. The Company will withhold one-half of his annual bonus payments (after adjustment for taxes) to purchase Company common stock until such time as Mr. Fasola has acquired an additional \$375,000 (after his initial investment of \$375,000) in Company common stock at the fair market value of Company common stock on the date that the Company common stock was acquired.

Under the terms of his employment agreement, Mr. Fasola was granted an option to purchase 375,000 shares of the Company's Class A-1 common stock, as well as 200,000 restricted shares. The stock option granted to Mr. Fasola will vest in twenty equal quarterly installments, through September 30, 2015, subject to the executive's continued employment through the applicable vesting date (subject to earlier vesting in the case of certain qualifying terminations or a change of control) and, subject to achievement of certain EBITDA goals prior to the first anniversary of the grant date (which were met), the restricted shares granted to Mr. Fasola will vest on the same schedule as the stock options described above.

Mr. Fasola also received a \$1.0 million sign-on bonus, \$750,000 of which was paid in cash and the remaining \$250,000 after adjustment for taxes was paid in shares of the Company's A-1 common stock. In the event that Mr. Fasola's employment is terminated by the Company for cause or he resigns without good reason during the 18-month period following the commencement of his employment, Mr. Fasola will be required to repay a pro-rated portion of his sign-on bonus awarded in cash. If Mr. Fasola's employment is terminated by the Company for cause or he resigns without good reason during the two-year period following the commencement of his employment, the portion of Mr. Fasola's sign-on bonus awarded in shares of Company common stock will be acquired by the Company at no cost to the Company.

Mr. Fasola's employment also provides that, during the term of his employment, Mr. Fasola will be eligible to participate in the Company's equity and any other incentive and deferred compensation plans and programs as well as any employee benefit plans and perquisite programs. In connection with Mr. Fasola's commencement of employment with the Company, the Company agreed to provide him with relocation benefits pursuant to the Company's relocation program and up to six months of temporary living expenses in the Dallas/Ft. Worth area. The Company subsequently agreed to extend reimbursement of Mr. Fasola's living expenses for an additional 7 months (through October 2011) and continues to reimburse Mr. Fasola's travel expenses from his home in Minnesota to the Company's headquarters.

Employment Agreements with Messrs. Mahmood and Duke

The employment agreement with Mr. Mahmood was entered into on August 17, 2011 and is effective through August 17, 2013 (subject to automatic renewal for successive one-year terms unless either party notifies the other that it does not wish to renew the agreement). The employment agreement provides for an annual base salary of \$400,000, a target annual bonus opportunity of 75% and a maximum annual bonus opportunity of 150%. Mr. Mahmood's employment agreement also provides for certain severance benefits that are described on page 32.

The employment agreement with Mr. Duke was effective as of April 5, 2006 and the term renews annually for successive one-year terms unless either party notifies the other that it does not wish to renew the employment

agreement. The base salary and bonus opportunity provided in Mr. Duke's employment agreement were changed subsequent to his entering into the employment agreement and his annual base salary is currently \$400,000 and his target annual bonus opportunity is 75% and his maximum annual bonus opportunity is 150%. Mr. Duke's employment agreement also provides for certain severance benefits that are described on page 32.

Letter Agreement with Mr. Smith

Mr. Smith entered into a letter agreement with the Company on August 31, 2011 which sets forth his initial base salary (\$320,000), cash bonus (target bonus opportunity of 50%, with target guaranteed for one year from his employment date) and provided for the grant of a stock option to acquire 75,000 shares of Company common stock, as well as standard welfare benefits, relocation and severance on a termination of employment by the Company without cause or by Mr. Smith for good reason. More detail on the severance benefits are set forth on page 33 below.

Transition Agreement with Mr. Hildebrand

In connection with the transition of the senior management team, Mr. Hildebrand entered into a transition agreement with the Company in September 2010. The transition agreement provided that Mr. Hildebrand would continue to serve as the Company's Chief Executive Officer until the earlier of (i) another employee of the Company being appointed Chief Executive Officer or (ii) June 1, 2011. The transition agreement also provided that Mr. Hildebrand will serve as Chairman of the Board for a one-year term beginning on the date that his term as the Company's Chief Executive Officer concludes. As discussed above, Mr. Hildebrand's term as the Company's Chief Executive Officer concluded on April 1, 2011.

The transition agreement provided that Mr. Hildebrand would remain subject to the terms and conditions of his employment agreement with the Company until he resigned as the Company's Chief Executive Officer. The severance benefits provided to Mr. Hildebrand under the transition agreement following his resignation date are substantially similar to those provided in the employment agreement (and are described on page 33). Pursuant to the terms of his existing employment agreement, Mr. Hildebrand receives an annual base salary of \$1,200,000 and is entitled to a target bonus opportunity of 133.33% and a maximum bonus opportunity of 266.66% of his base salary for each year beginning fiscal year 2010. The transition agreement also provides for the accelerated vesting of certain outstanding equity awards in connection with Mr. Hildebrand resigning as our Chief Executive Officer (as further described on page 33).

Under the terms of his employment agreement, Mr. Hildebrand was granted both an initial long-term incentive award and a 2009 long-term incentive award. Mr. Hildebrand's long-term incentive awards are generally earned based on the achievement of certain performance goals and vest based on continued employment and pay on fixed payment dates in the future; however, the vesting (and sometimes payment) may be accelerated on certain qualifying terminations of employment or a change of control of the Company.

Under the terms of his employment agreement, Mr. Hildebrand was granted an option to purchase 506,650 shares of the Company's Class A-1 common stock and 506,650 restricted shares of the Company's Class A-1 common stock. The Company also granted Mr. Hildebrand a special restricted share award in respect of 25,862 shares of the Company's Class A-1 common stock. The options granted to Mr. Hildebrand vest in quarterly installments, through June 4, 2014, subject to Mr. Hildebrand's continued employment through the applicable vesting date. Subject to the achievement of certain EBITDA goals by September 8, 2010 (which were achieved), the restricted shares granted to Mr. Hildebrand (other than the special restricted shares) vest on the same schedule as the stock options granted to him and the special restricted shares vest as to one-third of the shares subject to the grant on the date the award becomes effective, and will otherwise be subject to quarterly vesting through June 4, 2012, in each case, subject to Mr. Hildebrand's continued employment through the applicable vesting date. As noted above, these awards were subject to accelerated vesting in connection with Mr. Hildebrand resigning as our Chief Executive Officer.

Mr. Hildebrand's transition agreement also provides for the payment of an annual retainer of (i) \$100,000 for his service as a member of the Company's Board, (ii) \$50,000 for his service as Chairman of the Board and (iii) \$25,000 for each of the committee(s) of the Board that Mr. Hildebrand serves on.

Separation Agreement and Consulting Agreement with Mr. Westen

In connection with Mr. Westen's resignation from his role as Executive Vice President and General Counsel, Mr. Westen entered into a separation agreement on September 1, 2011 that provided for (i) a prorata retention payment of \$63,800; (ii) an amount equal to the annual bonus that would have been paid with respect to the Company's 2011 fiscal year that he would have been entitled to had he remained employed through the date on which annual bonuses are paid to other senior executives of the Company, with the actual payment to be based on the achievement of actual performance goals, with such amount reduced by any guaranteed bonus payments that were previously paid to Mr. Westen in 2011 (including guaranteed bonus payments that are paid subsequent to the effective date of the separation agreement); and (iii) the vesting of his initial long-term incentive award granted pursuant to his prior employment agreement (to the extent previously unvested). The separation agreement also provides for the survival of certain restrictive covenants set forth in Mr. Westen's prior employment agreement.

Mr. Westen also entered into an independent contractor consulting agreement, pursuant to which Mr. Westen provided consulting services on an as needed basis through December 31, 2011. The consulting agreement provided for a weekly consulting fee of \$17,040, with the consulting fees paid on a monthly basis in arrears. Mr. Westen is also entitled to reimbursement for all reasonable and documented out-of-pocket expenses incurred in connection with providing the consulting services. Mr. Westen's consulting arrangement also provides for a covenant not to solicit or hire employees of the Company for twelve months following the end of the consulting period.

Separation Agreement with Mr. Heller

Mr. Heller entered into a separation agreement in connection with the termination of his employment with the Company. The separation agreement provides for: (i) a payment in the amount of \$600,000 (less applicable withholdings) generally payable in equal installments in accordance with the Company's regular payroll schedule over a twelve month period; (ii) a lump sum payment in the amount of \$36,982.19 that represents the equivalent of twenty-four (24) months of the Company premium payments for continued medical, prescription drug and dental coverage and a tax gross-up for applicable federal income tax and Medicare tax withholdings; (iii) reasonable legal fees up to a maximum of \$5,000; (iv) the repurchase (at the request of Mr. Heller no earlier than September 15, 2012) of up to 28,180 shares of the Company's Class A-2 stock owned by the Mr. Heller, at the fair market value of such shares in effect on the date of purchase; and (v) the Company to cause certain subsidiaries to pay commission payments to which Mr. Heller has an ongoing right under the terms of the Independent Insurance Agent Commission-Only Contract between Mr. Heller and The MEGA Life and Health Insurance Company, dated as of December 22, 2005, in accordance with the terms of such agreement; provided, however, that such commission payments will be calculated using the bonus table (rather than the base table) and will not be subject to a five percent (5%) administrative fee. In connection with Mr. Heller's separation, he forfeited all outstanding equity awards (including vested and unvested stock options) and any payments not yet paid pursuant to the retention program.

Mr. Heller continues to be subject to a noncompetition covenant through September 15, 2012 and perpetual nondisparagement and confidentiality covenants.

the portion of any outstanding equity awards which vests solely based on time/service that would have vested if the executive had remained employed through the first anniversary of the date of termination will vest on the date of termination and all vested options will remain exercisable until the earlier of the expiration of the original term or the first anniversary of the date of termination of employment.

Mr. Fasola's agreement also provides for the following upon certain terminations of employment:

if his employment is terminated without Cause or for Good Reason less than 18 months after the commencement of his employment, he will be entitled to relocation back to Minneapolis, Minnesota on the same terms as he was relocated to the Dallas/Ft. Worth area; and

if Mr. Fasola's employment is terminated without Cause or for Good Reason (i) after a definitive agreement is entered into which will result in a change of control (provided such agreement results in a change of control) or (ii) within six months prior to a change of control, each outstanding equity award will be treated as if it had fully vested as of the date of the change of control.

If Mr. Smith's employment is terminated by Company without Cause or by the executive for Good Reason, subject to the executive's execution and non-revocation of a release of claims, Mr. Smith will be entitled to a severance payment equal to the sum of (i) one year's base salary and (ii) seventy five percent of his annual target bonus for the year of termination of employment, payable in equal installments over a one-year period. In addition, the portion of Mr. Smith's unvested options that would have vested if Mr. Smith had remained employed through the first anniversary of the date of termination will vest on the date of termination and all vested options will remain exercisable until the earlier of the expiration of the original term or the first anniversary of the date of termination.

Mr. Hildebrand was employed as our Chief Executive Officer through April 1, 2011. Consistent with the terms of his transition agreement and his outstanding equity awards, upon resigning as Chief Executive Officer, he became entitled to the following benefits: (i) \$2.8 million in severance, payable in equal installments beginning on the 65th day following the termination of his employment and ending on April 1, 2012; (ii) a pro-rata annual bonus for the year of termination of employment (\$394,520); (iii) to the extent then unvested, the executive's initial long-term incentive award will vest and be transferred to him on September 8, 2012 (the vesting of the unvested portion of the initial long-term incentive award with respect to 11,494 shares of common stock was accelerated); (iv) to the extent then unvested, the executive's 2009 long-term incentive award will vest and be paid to him on June 4, 2012 (the unvested portion of the 2009 long-term incentive award to be vested and paid out is equal to \$800,000); (v) 12 months of continued health and life insurance benefits and continued use of the corporate membership in the club previously designated by Mr. Hildebrand until the earlier of the divestiture of the club membership and April 1, 2012; (vi) the accelerated vesting of 126,662 stock options and 156,473 shares of restricted stock, with all vested outstanding stock options to remain exercisable until the earlier of April 1, 2012 or the expiration of the original term of the stock options; and (vii) payment of \$75,000 for relocation benefits.

Mr. Heller was employed through September 15, 2011 and, following his execution and non-revocation of a release of claims, he was entitled to the following benefits pursuant to the terms of his separation agreement: (i) a payment in the amount of \$600,000 (less applicable withholdings) generally payable in equal installments in accordance with the Company's regular payroll schedule over a twelve month period; (ii) a lump sum payment in the amount of \$36,982.19 that represents the equivalent of twenty-four (24) months of the Company premium payments for continued medical, prescription drug and dental coverage and a tax gross-up for applicable federal income tax and Medicare tax withholdings; (iii) reasonable legal fees up to a maximum of \$5,000; (iv) the repurchase (at the request of Mr. Heller no earlier than September 15, 2012) of up to 28,180 shares of the Company's Class A-2 stock owned by the Mr. Heller, at the fair market value of such shares in effect on the date of purchase; and (v) the Company to cause certain subsidiaries to pay commission payments to which Mr. Heller has an ongoing right under the terms of the Independent Insurance Agent Commission-Only Contract between Mr. Heller and MEGA Life and Health Insurance Company, dated as of December 22, 2005, in accordance with the terms of such agreement; provided, however, that such commission payments will be calculated using the bonus table (rather than the base table) and will not be subject to a five percent (5%) administrative fee. In connection with Mr. Heller's separation, he forfeited all outstanding equity awards (including vested and unvested stock options) and any payments not yet paid pursuant to the retention program.

Mr. Westen was an employee of the Company through August 12, 2011 and, following his execution and non-revocation of a release of claims, he was entitled to the following benefits pursuant to the terms of his separation agreement: (i) a pro-rata payment of his quarterly cash retention bonus for the third quarter of 2011;

(ii) the annual bonus payment that would have been paid had he remained employed by the Company through the date on which annual bonuses are paid to senior executives of the Company generally, with the actual payment to be based upon the achievement of the applicable performance goals; and; (iii) vesting of his initial long-term incentive award and settlement of such award on the date that it would have been settled had Mr. Westen remained employed through December 31, 2011.

Each of the Named Executive Officers, except for Mr. Smith, is entitled to a gross-up for any taxes imposed under the so-called "golden parachute" excise tax of Section 4999 of the Code, unless the executive's parachute payments do not exceed 110% of the executive's "safe harbor" in which case the executive's payments will be reduced such that the executive is not subject to the tax. In addition, while employed by the Company and for one year following his termination of employment, each of the Named Executive Officers (except for Mr. Smith) is subject to certain non-competition and/or non-solicitation restrictions and will be subject to ongoing confidentiality restrictions. If the Named Executive Officers breach the non-compete, the non-solicitation or confidentiality covenants in the agreement, the Company will not be obligated to make additional payments of the cash severance described above or the pro-rata bonus and will not be obligated to provide him and his eligible dependents with any continued health and life insurance benefits and the executives will be required to pay back to the Company any cash severance amounts or pro-rata bonus amounts previously paid to them. Mr. Smith will be subject to non-compete, non-solicitation and confidentiality obligations in connection with the receipt of severance under his employment letter, however, the terms of such obligations will be finalized at the time of executing a release in connection with the receipt of severance.

Potential Payments upon Termination or Change-in-Control

Assuming each Named Executive Officer was terminated on December 31, 2011 (except Messrs. Hildebrand, Heller and Westen, whose employment ended in April 2011, September 2011 and August 2011, respectively) and that the fair market value of the Company's Common Stock was \$9.58 on December 31, 2011, then these Named Executive Officers would be entitled to the following payments upon termination of employment or change of control:

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the securities laws of the United States, the Company's directors, executive and certain other officers, and any persons holding more than ten percent of the Company's Common Stock, are required to report their ownership of the Company's Common Stock and any changes in that ownership to the Securities and Exchange Commission (the Commission). Specific due dates for these reports have been established and the Company is required to report in this Information Statement any failure to file by these dates during 2011. Based solely upon a review of Reports on Forms 3, 4 and 5 and any amendments thereto furnished to the Company pursuant to Section 16 of the Securities Exchange Act of 1934, as amended, and written representations from the executive officers and directors that no other reports were required, and except as otherwise stated in this paragraph, the Company believes that all of such reports were filed on a timely basis by executive officers and directors during 2011.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

On April 5, 2006, the Company completed a merger providing for the acquisition of the Company by affiliates of a group of Private Equity Investors, including affiliates of The Blackstone Group, Goldman Sachs Capital Partners and DLJ Merchant Banking Partners. At March 30, 2012, affiliates of The Blackstone Group, Goldman Sachs Capital Partners and DLJ Merchant Banking Partners held approximately 52.4%, 21.5%, and 10.7%, respectively, of the Company's outstanding equity securities.

Certain members of the Board of Directors of the Company are affiliated with the Private Equity Investors. In particular, Chinh E. Chu, Jason K. Giordano and David K. McVeigh serve as a Senior Managing Director, Principal and Executive Director, respectively, in the Corporate Private Equity group of The Blackstone Group; Adrian M. Jones serves as a Managing Director of Goldman, Sachs & Co.; and R. Neal Pomroy is a Partner and Managing Director and Global Operating Partner of DLJ Merchant Banking Partners.

The Company maintains written policies and procedures for review and approval of related party transactions. These policies provide that any material transaction entered into between the Company and any related party shall be valid for all purposes if such transaction is assessed to be fair to the Company and is approved in advance by a majority of the Company's disinterested outside directors. Material transactions are defined as any arrangement, contract or transaction involving payments by or from the Company equal to or greater than \$250,000 (in any twelve month period) or \$1.0 million (over the term of such arrangement, contract or transaction). Related parties are defined as any person or entity that is an affiliate of the Company or any entity in which an affiliate of the Company has a 5% or greater equity interest. Affiliates of the Company are persons or entities controlled by, controlling, or under common control with, the Company, including directors and officers of the Company and their immediate family members.

Set forth below is a summary description of all material transactions between the Company and the Private Equity Investors and all other parties related to the Company. The Company believes that the terms of all such transactions with all related parties are and have been on terms no less favorable to the Company than could have been obtained in arms-length transactions with unrelated third parties.

Transactions with the Private Equity Investors

Transaction and Monitoring Fee Agreements

At the closing of the Merger, the Company entered into separate Transaction and Monitoring Fee Agreements with advisory affiliates of each of the Private Equity Investors, whereby the advisory affiliates agreed to provide to the Company ongoing monitoring, advisory and consulting services, for which the Company agreed to pay to affiliates of each of The Blackstone Group, Goldman Sachs Capital Partners and DLJ Merchant Banking Partners an annual monitoring fee in an amount equal to \$7.7 million, \$3.2 million and \$1.6 million, respectively. The annual monitoring fees are, in each case, subject to an upward adjustment in each year based on the ratio of the Company's consolidated earnings before interest, taxes, depreciation and amortization (EBITDA) in such year to consolidated EBITDA in the prior year, provided that the aggregate monitoring fees paid to all advisors pursuant to the Transaction and Monitoring Fee Agreements in any year shall not exceed the

greater of \$15.0 million or 3% of consolidated EBITDA in such year. The Company paid aggregate annual monitoring fees of \$12.5 million for 2011 in January 2011. Aggregate monitoring fees of \$12.5 million for 2012 were paid in January 2012.

Group Purchasing Organization

The Company participates in a group purchasing organization (GPO) that acts as the Company's agent to negotiate with third party vendors the terms upon which the Company will obtain goods and services in various designated categories that are used in the ordinary course of the Company's business. On behalf of the various participants in its group purchasing program, the GPO extracts from such vendors pricing terms for such goods and service that are believed to be more favorable than participants could obtain for themselves on an individual basis. In consideration for such favorable pricing terms, each participant has agreed to obtain from such vendors not less than a specified percentage of the participant's requirements for such goods and services in the designated categories. In connection with purchases by participants, the GPO receives a commission from the vendor in respect of such purchases. In consideration of The Blackstone Group's facilitating the Company's participation in the GPO and in monitoring the services that the GPO provides to the Company, the GPO has agreed to remit to an affiliate of The Blackstone Group a portion of the commission received from vendors in respect of purchases by the Company under the GPO purchasing program. The Company's participation during 2011 was nominal with respect to purchases by the Company under the GPO purchasing program in accordance with the terms of this arrangement.

Registration Rights Agreement

The Company is a party to a registration rights and coordination committee agreement, dated as of April 5, 2006 (the Registration Rights Agreement), with the investment affiliates of each of the Private Equity Investors, providing for demand and piggyback registration rights with respect to the Class A-1 Common Stock. Certain management stockholders are also expected to become parties to the Registration Rights Agreement. Following an initial public offering of the Company's stock, the Private Equity Investors affiliated with The Blackstone Group will have the right to demand such registration under the Securities Act of its shares for public sale on up to five occasions, the Private Equity Investors affiliated with Goldman Sachs Capital Partners will have the right to demand such registration on up to two occasions, and the Private Equity Investors affiliated DLJ Merchant Banking Partners will have the right to demand such registration on one occasion. No more than one such demand is permitted within any 180-day period without the consent of the board of directors of the Company.

In addition, the Private Equity Investors have, and, if they become parties to the Registration Rights Agreement, the management stockholders will have, so-called piggy-back rights, which are rights to request that their shares be included in registrations initiated by the Company or by any Private Equity Investors. Following an initial public offering of the Company's stock, sales or other transfers of the Company's stock by parties to the Registration Rights Agreement will be subject to pre-approval, with certain limited exceptions, by a Coordination Committee that will consist of representatives from each of the Private Equity Investor groups. In addition, the Coordination Committee shall have the right to request that the Company effect a shelf registration.

Investment in Certain Funds Affiliated with the Private Equity Investors

On April 20, 2007, the Company's Board of Directors approved a \$10.0 million investment by Mid-West National Life Insurance Company of Tennessee in Goldman Sachs Real Estate Partners, L.P., a commercial real estate fund managed by an affiliate of Goldman Sachs Capital Partners. The Company has committed such investment to be funded over a series of capital calls. In 2011, the Company did not fund any capital calls and received no capital distributions. At December 31, 2011, based on funding by the Company and commitment reductions of \$3.6 million by the fund managers, the Company had a remaining commitment to Goldman Sachs Real Estate Partners, L.P. of \$1.6 million.

On April 20, 2007, the Company's Board of Directors approved a \$10.0 million investment by The MEGA Life and Health Insurance Company in Blackstone Strategic Alliance Fund L.P., a hedge fund of funds managed by an affiliate of The Blackstone Group. The Company has committed such investment to be funded over a series

of capital calls. In 2011, the Company funded a capital call in the amount of \$132,000; received capital distributions of \$3.2 million; and received a distribution of earnings of \$317,000. As of December, 2011, the Company had a remaining commitment to The Blackstone Strategic Alliance Fund L.P. of \$458,000.

Other

From time to time, the Company may obtain goods or services from parties in which the Private Equity Investors hold an equity interest. During 2011, the Company held several events at a hotel in which an affiliate of The Blackstone Group holds an equity interest. During 2011, in connection with these events, the Company paid the hotel approximately \$601,000. Additionally, employees of the Company traveling on business may also, from time to time, receive goods or services from entities in which the Private Equity Investors hold an equity interest.

AUDIT COMMITTEE REPORT

During 2011, the Audit Committee consisted of three directors. The Audit Committee operates under a written charter. On August 2, 2007, the Committee reviewed its charter and, after assessing the adequacy thereof, approved an amended Charter.

The Audit Committee held four (4) meetings in 2011. The meetings facilitated communication with senior management and employees, the Company's internal auditor and KPMG LLP, the Company's independent registered public accounting firm. The Committee held discussions with the internal auditor and independent registered public accounting firm, both with and without management present, on the results of their examinations and the overall quality of the Company's financial reporting and internal controls.

The Audit Committee has the sole authority to appoint or replace the independent registered public accounting firm, and the Committee is responsible for the oversight of the scope of the independent registered public accounting firm's role and the determination of its compensation. The Committee regularly evaluates the performance and independence of the Company's independent registered public accounting firm and, in addition, has reviewed and pre-approved all services provided by KPMG LLP during 2011.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management, however, has the primary responsibility to establish and maintain a system of internal controls over financial reporting, to plan and conduct audits and to prepare consolidated financial statements in accordance with generally accepted accounting principles.

KPMG LLP, the Company's independent registered public accounting firm, is responsible for performing an independent audit of the Company's consolidated financial statements in conformity with the auditing standards of the Public Company Accounting Oversight Board (United States) and issuing a report thereon. The Audit Committee is responsible for monitoring and reviewing these procedures. It is not the Committee's duty or responsibility to conduct auditing or accounting reviews or procedures. The members of the Audit Committee are not employees of the Company and are not necessarily accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, the Audit Committee has relied, without independent verification, on management's representation that the consolidated financial statements of the Company have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles and on the representations of the independent registered public accounting firm included in their report on the Company's consolidated financial statements.

In fulfilling its oversight responsibilities, the Committee has met and held discussions with management and representatives of KPMG LLP regarding the fair and complete presentation of the Company's financial results, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Committee has discussed significant accounting policies applied by the Company in its financial statements, as well as alternative treatments. The Committee has reviewed and discussed with the Company's management and representatives of KPMG LLP the annual audited and quarterly unaudited consolidated financial statements of the Company for the 2011 fiscal year (including the disclosures contained under the caption Management's Discussion and Analysis of Financial Condition and Results of Operations in the Company's Annual Report on Form 10-K for the year ended December 31, 2011 and each of the Company's Quarterly Reports on Form 10-Q filed during 2011).

The Committee has also reviewed with representatives of KPMG LLP such matters as are required to be discussed with the Committee under Statement on Auditing Standards No. 61, *Communications with Audit Committee*. In addition, the Committee has discussed with the independent registered public accounting firm its independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and considered the compatibility of non-audit services with the registered public accounting firm's independence. The Audit Committee has also received a written report from KPMG LLP regarding its independence and other matters. The Audit Committee has determined that the provision of non-audit services should not compromise KPMG LLP's independence.

The Audit Committee has also reviewed the certifications of Company executive officers contained in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2011 filed with the SEC, as well as reports issued by KPMG LLP, included in the Company's Annual Report on Form 10-K related to its audit of the Company's consolidated financial statements. The Company's Annual Report on Form 10-K included management's assessment of the effectiveness of the Company's internal control over financial reporting as of December 31, 2011, but did not include an attestation report of KPMG. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to an exemption from the auditor attestation requirement for non-accelerated filers that permits the Company to provide only management's report in this annual report.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2011 for filing with the Securities and Exchange Commission. The Committee has selected and appointed the Company's independent registered public accounting firm, subject to stockholder ratification.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

In addition to retaining KPMG LLP to audit HealthMarkets' consolidated financial statements for 2011, HealthMarkets and its affiliates retained KPMG LLP and other accounting and consulting firms to provide advisory, auditing and consulting services in 2011. The Company understands the need for KPMG LLP to maintain objectivity and independence in its audit of the Company's consolidated financial statements. To minimize relationships that could appear to impair the objectivity of KPMG LLP, the HealthMarkets Audit Committee has restricted the non-audit services that KPMG LLP may provide to HealthMarkets primarily to tax services and merger and acquisition due diligence and audit services, and the Audit Committee has determined that HealthMarkets will obtain non-audit services from KPMG LLP only when the services offered by KPMG LLP are more effective or economical than comparable services available from other service providers.

The Audit Committee Charter provides that the Committee shall approve all non-audit engagement fees and terms with the independent registered public accounting firm and all other compensation to be paid to the independent registered public accounting firm. The Committee has the authority to delegate pre-approvals of non-audit services to a single member of the Audit Committee, and the Chairman of the Committee has been authorized to pre-approve non-audit services up to \$75,000 for any one transaction, not to exceed an aggregate of \$250,000 in any one year. Fees for non-audit services exceeding these amounts must be approved by the full Committee. As a matter of policy the Chairman requests the Committee to ratify his approval of the non-audit fees at the next quarterly meeting.

In determining the appropriateness of a particular non-audit service to be performed by the independent registered public accounting firm, the Audit Committee shall consider whether the service facilitates the performance of the audit, improves the Company's financial reporting process or is otherwise in the public interest.

The aggregate fees billed for professional services by KPMG LLP in 2011 and 2010 were as follows:

	2011	2010
Audit Fees(1)	\$ 1,747,000	\$ 1,378,000
Audit-Related Fees		
All Other Fees		
Total	\$ 1,747,000	\$ 1,378,000

(1) The 2011 Audit Fees include \$247,000 in Audit fees paid in 2011 but attributable to services performed for 2010. For purposes of the table above, audit fees are fees that the Company paid to KPMG LLP for the audit of the Company's consolidated financial statements included in HealthMarkets' Annual Report on Form 10-K and review of financial statements included in Quarterly Reports on Form 10-Q, and for services that are normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements; audit-related fees represent fees billed by KPMG LLP for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements; and all other fees are fees billed by the independent registered public accounting firm to the Company for any services not included in the first two categories. All fees in each fee category were approved by the Company's Audit Committee.

PROPOSAL 2

PROPOSAL TO RATIFY THE APPOINTMENT OF

KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Although Delaware law does not require that the selection by the Audit Committee of the Company's independent registered public accounting firm be approved each year by the stockholders, the Board of Directors believes it is appropriate to submit the Audit Committee's selection to the stockholders for their approval and to abide by the result of the stockholders' vote. Subject to ratification by the stockholders, the Audit Committee reappointed the firm of KPMG LLP as the Company's independent registered public accounting firm to audit the financial statements of the Company for the fiscal year ending December 31, 2012. In recommending ratification by the stockholders of the appointment of KPMG LLP, the Board of Directors has satisfied itself as to that firm's professional competence and standing. However, if the stockholders do not ratify the appointment of KPMG LLP, the Audit Committee may investigate the reasons for the stockholders' rejection and may consider whether to retain KPMG LLP or to appoint another independent registered public accounting firm. Furthermore, even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Representatives of KPMG LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they so desire. Such representatives will also be available to respond to appropriate questions from stockholders at the Annual Meeting.

THE AUDIT COMMITTEE AND THE BOARD OF DIRECTORS RECOMMEND THE RATIFICATION OF THE SELECTION OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2012.
