FreeSeas Inc. (the Company) is filing this Report on Form 6-K to provide the following information:

**Modification of Credit Suisse AG Facility Agreement**

On May 31, 2012, the Company entered a Sixth Supplemental Agreement (the Sixth Supplemental Agreement) with Credit Suisse AG (Credit Suisse), which amends and restates the Facility Agreement dated December 24, 2007, as amended, between the Company and Credit Suisse (the Facility Agreement).

The Sixth Supplemental Agreement, among other things, modifies the Facility Agreement to:

Defer further principal repayments until March 31, 2014;

Reduce the interest rate on the facility to LIBOR plus 1% until March 31, 2014 from a current margin of 3.25%;

Release restricted cash of \$1.125 million;

Waive compliance through March 31, 2014 with the requirement to maintain a minimum ratio of aggregate fair market value of the financed vessels to loan balance, after which date the required minimum ratio will be 115% beginning April 1, 2014, 120% beginning October 1, 2014, and 135% beginning April 1, 2015;

Establish certain financial covenants, including an interest coverage ratio, which must be complied with starting January 1, 2013, a consolidated leverage ratio, which must be complied with starting January 1, 2014, and a minimum liquidity ratio, which must be complied with starting July 1, 2014; and

Require the amount of any Excess Cash, as determined in accordance with the Facility Agreement at each fiscal quarter end beginning June 30, 2012, to be applied to pay the amendment and restructuring fee described below and prepay the outstanding loan balance, depending on the Company's compliance at the time with the vessel market value to loan ratio and the outstanding balance of the loan.

As of the date of this Report on Form 6-K, the outstanding balance under the Facility Agreement totaled \$36.45 million. An amendment and restructuring fee equal to 5% of the current outstanding indebtedness will be due and payable on the earlier of March 31, 2014, the date of a voluntary prepayment, or the date the loan facility becomes due or is repaid in full.

The modifications provided by the Sixth Supplemental Agreement will provide the Company with greater ability to operate in the current challenging rate environment by reducing the Company's debt service obligations, which in turn significantly reduces the Company's cash break-even rate. The Company is also no longer required to sell additional vessels, as it had been under the terms of the Facility Agreement as previously in effect.

The Company is currently in the process of documenting an amendment to its facility agreement with Deutsche Bank Nederland to implement similar modifications, and is in discussions with First Business Bank for similar relief.

**Status of Newbuilding Contract**

By letter dated June 4, 2012, the Company received a notice of cancellation of its remaining newbuilding contract from the shipyard. The Company had received on May 7, 2012 a notice of default under this contract due to the Company's failure to pay the \$3.66 million installment due on April 21, 2012.
