EXPLANATORY NOTE

On April 13, 2016, Peabody Energy Corporation, a Delaware corporation (the "Company"), and a majority of the Company's wholly owned domestic subsidiaries, as well as one international subsidiary in Gibraltar (collectively with the Company, the "Debtors"), filed voluntary petitions under Chapter 11 of Title 11 of the U.S. Code (the "Bankruptcy Code") in the United States Bankruptcy Court for the Eastern District of Missouri (the "Bankruptcy Court"). The Debtors Chapter 11 cases (collectively, the "Chapter 11 Cases") were jointly administered under the caption *In re Peabody Energy Corporation, et al.*, Case No. 16-42529.

On December 22, 2016, the Debtors filed with the Bankruptcy Court a Joint Plan of Reorganization under Chapter 11 of the Bankruptcy Code and a related Disclosure Statement, and, on January 25, 2017, the Debtors filed with the Bankruptcy Court the First Amended Joint Plan of Reorganization and the First Amended Disclosure Statement. On January 27, 2017, the Debtors filed with the Bankruptcy Court the Second Amended Joint Plan of Reorganization (as amended, the "Plan") and the Second Amended Disclosure Statement (as amended and hereafter, the "Disclosure Statement") to address certain modifications after a hearing before the Bankruptcy Court on January 26, 2017. On January 27, 2017, the Bankruptcy Court entered the Order: (i) Approving Second Amended Disclosure Statement, (ii) Establishing Procedures for Solicitation and Tabulation of Votes to Accept or Reject Second Amended Plan of Reorganization, (iii) Scheduling Hearing on Confirmation of Second Amended Joint Plan of Reorganization and (iv) Approving Related Notice Procedures, which authorized the Debtors to solicit creditors' votes on the Plan. On March 6, 2017 and March 15, 2017, the Debtors filed supplements to the Plan with the Bankruptcy Court.

On March 17, 2017, the Bankruptcy Court entered the Order Confirming Second Amended Joint Plan of Reorganization of Debtors and Debtors in Possession as Revised on March 15, 2017 (the "Confirmation Order"), which approved and confirmed the Plan. Copies of the Confirmation Order and the Plan were included as exhibits to the Current Report on Form 8-K filed by the Company with the SEC on March 20, 2017.

On April 3, 2017 (the "Effective Date"), the Debtors satisfied the conditions to effectiveness set forth in the Plan. As a result, the Plan became effective in accordance with its terms, and the Debtors emerged from the Chapter 11 Cases.

For more information on the events that occurred and the Securities issued in connection with our emergence from the Chapter 11 Cases, see our current report on Form 8-K that was filed with the SEC on April 3, 2017.

Unless otherwise noted or suggested by context, all financial information and data and accompanying financial statements and corresponding notes, as of and prior to the Effective Date, as contained in this prospectus or incorporated by reference, reflect the actual historical consolidated results of operations and financial condition of the Company for the periods presented and do not give effect to the Plan or any of the transactions contemplated thereby or the adoption of "fresh start" accounting. Accordingly, such financial information may not be representative of our performance or financial condition after the Effective Date. Except with respect to such historical financial information and data and accompanying financial statements and corresponding notes or as otherwise noted or suggested by the context, all other information contained in this prospectus relates to the Company following the Effective Date.

Our Business

We are the world's largest private sector coal company. As of December 31, 2016, we owned interests in 23 coal mining operations located in the United States (the U.S.) and Australia. We have a majority interest in 22 of those mining operations and a 50% equity interest in Middlemount Coal Pty. Ltd., which owns the Middlemount Mine in Queensland, Australia. In addition to our mining operations, we market and broker coal from other coal producers, both as principal and agent, and trade coal and freight-related contracts through trading and business offices in Australia, China, Germany, the United Kingdom and the U.S. (listed alphabetically).

In 2016, we produced and sold 175.6 million and 186.8 million tons of coal, respectively, from continuing operations. During that period, 76% of our total sales (by volume) were to U.S. electricity generators, 21% were to customers outside the U.S. and 3% were to the U.S. industrial sector, with approximately 86% of our worldwide sales (by volume) delivered under long-term contracts.

We conduct business through six operating segments: Australian Metallurgical Mining, Australian Thermal Mining, Midwestern U.S. Mining, Powder River Basin Mining, Western U.S. Mining and Trading and Brokerage.

In 2016, we achieved a global safety incidence rate of 1.22 incidents per 200,000 hours worked, marking a new company record, and a 35% improvement in our global safety performance over the past five years. It is uncertain whether or when we will pay cash dividends or other distributions with respect to our Common Stock. Our senior secured term loan facility and the indenture governing our outstanding notes limit our ability to pay cash dividends and repurchase shares. The maximum number of shares subject to awards that may be granted to a non-employee member of the Board in any calendar year taken together with any cash fees paid to such non-employee director during the year, cannot exceed \$600,000 in total value (calculating the value of any such awards based on the grant date fair value of such awards for financial reporting purposes).

Awards

Awards may be granted to employees of and consultants to the Company or a subsidiary of the Company, and to members of the Board. Each award under the 2017 Incentive Plan will be evidenced by an award agreement in a form approved by the Board or the Committee.

Options. The 2017 Incentive Plan permits the grant of options. The Committee may make option grants containing such terms as the Committee shall determine, including whether the options granted are incentive stock options (as provided under Section 422 of the Code) or non-qualified stock options and vesting provisions that may or may not be subject to the achievement of specified performance goals. Subject to exceptions as provided in the 2017 Incentive Plan, no portion of an option will vest less than one year following the grant date. Options generally must have an exercise price that is not less than the fair market value of our Common Stock on the date of grant. The term of an option may not exceed 10 years. No dividend equivalents may be granted in connection with an option.

Stock Appreciation Rights. The 2017 Incentive Plan permits the grant of SARs. The Committee may make grants of SARs containing such terms as the Committee shall determine. No dividend equivalents may be granted in connection with an SAR.

Restricted Stock. The 2017 Incentive Plan permits the grant of shares of restricted stock. A share of restricted stock is a share of our Common Stock that is subject to restrictions. Vesting may be time-based, performance-based, or based on the occurrence of a specified event, as determined by the Committee. The Committee will determine the amount, if any, that a grantee will pay in exchange for an award of restricted stock. If restricted stock is forfeited, and if the grantee was required to pay for such shares or acquired such restricted stock upon the exercise of an option, the grantee is deemed to have resold such restricted stock to us at a price equal to the lesser of (a) the amount paid by the grantee for such restricted stock or the exercise price of the option, as applicable, and (b) the fair market value of the restricted stock on the date of forfeiture.

Restricted Stock Units. The 2017 Incentive Plan permits the grants of RSUs. An RSU represents the right to receive a certain number of shares of our Common Stock or cash equal to a certain number of shares of our Common Stock. Vesting may be time-based, performance-based, or based on the occurrence of a specified event, as determined by the Committee. If provided in an award agreement, whenever dividends are paid or distributions are made with respect to shares, dividend equivalents may be credited to RSU accounts in the form of additional RSUs or cash, and such dividend equivalents will be subject to the same vesting conditions as otherwise apply to the RSUs to which they relate.

Deferred Stock. The 2017 Incentive Plan permits the grant of deferred stock. The Committee may make grants of deferred stock upon such terms as it shall determine. No voting rights may attach to deferred stock. In addition, the Committee may determine that the delivery of Common Stock or the payment of cash, upon the exercise, vesting or settlement of all or a portion of any award (other than a cash incentive award) may be deferred and may establish programs and procedures for deferral elections to be made by grantees. The Committee may provide for distributions while a grantee is still an employee or otherwise providing services to us. The Committee is authorized to make

deferrals of awards (other than cash incentive awards) and determine when, and in what annual percentages, grantees may receive payments, including lump sum payments, following the grantee's termination of service, and implement such other terms and conditions allowed by the 2017 Incentive Plan and applicable law.

Table of Contents

Performance Units. The 2017 Incentive Plan permits the grant of performance units. The Committee may make grants of performance units containing such terms as it shall determine, consistent with the terms of the 2017 Incentive Plan. The Committee will set performance goals that, depending on the extent to which they are met during a performance period, will determine the number or value of performance units that will be paid to the grantee. At the discretion of the Committee, and subject to the terms of the 2017 Incentive Plan, a grantee may be entitled to receive dividends or dividend equivalents declared with respect to shares deliverable in connection with the grant of performance units which have been earned, but not yet delivered to the grantee.

Cash Incentive Awards. The 2017 Incentive Plan permits the grant of cash incentive awards containing such terms, including performance goals, as the Committee shall determine. Plan Amendment or Termination. The Board generally may amend, alter, suspend, discontinue or terminate the 2017 Incentive Plan in whole or in part at any time. Certain amendments, however, will be contingent upon the approval of our stockholders when so required by law, and any amendment or termination will not accelerate the timing of any payments that constitute deferred compensation under Section 409A of the Code unless such acceleration of payment is permitted by the Section 409A of the Code. Subject to the foregoing, the Committee generally may amend the 2017 Incentive Plan and outstanding awards at any time, but no such amendment may materially impair the rights of any grantee under any award previously granted without such grantee's consent, and any such amendment will be subject to the approval of the Board. In certain limited circumstances set forth in the 2017 Incentive Plan, the Board may amend the 2017 Incentive Plan and outstanding awards without the grantee's consent.

The foregoing description of the 2017 Incentive Plan is qualified in its entirety by reference to the full text of the 2017 Incentive Plan, which is included as Exhibit 4.6 to the registration statement on Form S-8 filed with the SEC on April 3, 2017, and incorporated herein by reference.

Table of Contents**PRINCIPAL AND SELLING STOCKHOLDERS**

The following tables set forth information as of the April 7 regarding the beneficial ownership of our Securities by:

all stockholders known by us to hold more than 5% of either of our outstanding shares of Common Stock or Preferred Stock, as well as the selling stockholders;

each of our directors and named executive officers; and

all of our directors and executive officers as a group.

SEC rules generally provide that a person is the beneficial owner of securities if such person has or shares the power to vote or direct the voting thereof, or to dispose or direct the disposition thereof or has the right to acquire such powers within 60 days. Common Stock subject to options, warrants or rights that is currently exercisable or convertible, or exercisable or convertible within 60 days of April 11, 2017, is deemed to be outstanding and beneficially owned for purposes of calculating the beneficial and percentage ownership of the person holding such securities. Shares issuable upon the exercise of outstanding warrants are deemed to be outstanding for computing the Common Stock percentage ownership of the person holding such warrants but are not deemed outstanding for computing the percentage ownership of any other person. Unvested restricted stock units, including those granted in connection with our emergence from the Chapter 11 Cases, are not considered beneficially owned and are not deemed outstanding for the purposes of computing the percentage of Common Stock owned until they have vested. Shares issuable upon conversion of our preferred stock are not reflected under Common Stock below. Percentage of ownership is based on 94,707,535 shares of Common Stock and 19,439,388 shares of Preferred Stock outstanding as of April 7, 2017. Except as disclosed in the footnotes to these tables beginning on page 26, we believe that each stockholder identified in the table possesses sole voting and investment power over all shares of Securities shown as beneficially owned by the stockholder. Unless otherwise indicated in the table or footnotes below, the address for each director and named executive officer is c/o Peabody Energy Corporation, 701 Market Street, St. Louis, Missouri 63101-1826.

Table of Contents**CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS**

Under a written policy adopted by the Board, the Nominating and Corporate Governance Committee is responsible for reviewing and approving all transactions between us and certain related persons, such as our executive officers, directors and owners of more than 5% of our voting securities. In reviewing a transaction, the Nominating and Corporate Governance Committee considers the relevant facts and circumstances, including the benefits to us, any impact on director independence and whether the terms are consistent with a transaction available on an arms-length basis. Only those related person transactions that are determined to be in (or not inconsistent with) our best interests and the best interests of our stockholders are permitted to be approved. No Committee member may participate in any review of a transaction in which the member or any of his or her family members is the related person. A copy of the policy can be found on our website (www.peabodyenergy.com) by clicking on Investors, then Corporate Governance, and then Board of Directors Committee Charters, and is available in print to any stockholder who requests it. Information on our website is not considered part of this Form S-1.

Related person transactions for the last three fiscal years are described below.

Transaction	Description of Relationship
Registration Rights Agreement	On the Effective Date, we entered into the Registration Rights Agreement with certain of our pre-emergence creditors that received Securities on the Effective Date (together with any person or entity that becomes a party to the Registration Rights Agreement, the Holders), as provided in the Plan. The Registration Rights Agreement provides resale registration rights for the Holders Registrable Securities (as defined in the Registration Rights Agreement).

Pursuant to the Registration Rights Agreement, we are required to file a Shelf Registration Statement (as defined in the Registration Rights Agreement) with respect to the Registrable Securities within 30 days of the Effective Date. The registration statement, of which this prospectus forms a part, that we have filed with the SEC has fulfilled this requirement. We are required to maintain the effectiveness of any such registration statement until the Registrable Securities covered by the registration statement have been disposed of or are no longer Registrable Securities.

In addition, if there is no Shelf Registration Statement, or if the Registrable Securities cannot be sold under the Shelf Registration Statement, the Holders have the right to demand that the Company effect the registration of any or all of the Registrable Securities (a Demand Registration). We are not obligated to effect more than four Demand Registrations in any twelve-month period, and we need not comply with such a request unless the aggregate gross proceeds from such a sale will exceed \$25 million.

Holdings also have customary underwritten offering and piggyback registration rights, subject to the limitations set forth in the Registration Rights Agreement. Under their underwritten offering registration rights, certain Holdings have certain rights to demand that we effectuate the distribution

of any or all of their Registrable Securities by means of an underwritten offering pursuant to a shelf takedown. We are not obligated to effect an underwritten offering within 90 days after the consummation of a previous underwritten offering.

These registration rights are subject to certain conditions and limitations, including the right of the underwriters to limit the number of shares to be included in a registration statement and our right to delay or withdraw a registration statement under certain circumstances. We will generally pay all registration expenses in connection with our obligations under the Registration Rights Agreement, regardless of whether a registration statement is filed or becomes effective. The registration rights granted in the Registration Rights Agreement are

subject to customary indemnification and contribution provisions, as well as customary restrictions such as blackout periods and, if an underwritten offering is contemplated, limitations on the number of shares to be included in the underwritten offering that may be imposed by the managing underwriter.

No separate review of this transaction was performed by the Nominating and Corporate Governance Committee as it was a requirement of the Plan.

Joy Global Inc. Michael W. Sutherlin was elected to the Board on January 22, 2014. He served as the President and Chief Executive Officer of Joy Global Inc., a mining equipment and services provider, from 2006 to December 2013 and continued as an employee of Joy through January 31, 2014. We purchase mining equipment and services from Joy and its subsidiaries in the ordinary course of our business. Mr. Sutherlin, given his previous position as President and Chief Executive Officer of Joy, may be deemed to have been a related party with an indirect material interest in these transactions. During 2013, we paid Joy and its subsidiaries approximately \$81.3 million for mining equipment and services. The Nominating and Corporate Governance Committee reviewed and ratified these transactions under our related persons transactions policy at the time that Mr. Sutherlin was elected to the Board.

DESCRIPTION OF CAPITAL STOCK

Below, we have summarized the material terms of our Fourth Amended and Restated Certificate of Incorporation (*Charter*), the Certificate of Designation attached thereto, and our Amended and Restated Bylaws (*Bylaws*) and relevant sections of the Delaware General Corporation Law (the *DGCL*). The summaries below are not intended to be complete and are subject to and qualified in their entirety by our full Charter and Bylaws, copies of which have been filed as exhibits to our registration statement on Form 8-A dated April 3, 2017 and are incorporated by reference into the registration statement of which this prospectus is a part, and by the applicable provisions of the DGCL.

Authorized Capital

We have the authority to issue a total of 450,000,000 shares of Common Stock, par value \$0.01 per share, 100,000,000 shares of preferred stock, par value \$0.01 per share, of which 50,000,000 are designated as Preferred Stock, and 50,000,000 shares of series common stock, par value \$0.01 per share.

The Board of Directors is granted authority to issue both preferred stock and series common stock of one or more series and in connection with the creation of any such series to fix by the resolution or resolutions providing for the issue of shares, any designation, voting powers, preferences and relative, participating, optional, or other special rights of such series, and the qualifications, limitations or restrictions attaching thereto.

We may not issue non-voting equity securities; provided, however, that such restriction shall (a) not apply beyond what is required under Section 1123(a)(6) of the Bankruptcy Code, (b) only have such force and effect for so long as Section 1123 of the Bankruptcy Code is in effect and applicable to us, and (c) in all events may be amended or eliminated in accordance with applicable law.

Preferred Stock

Series A Convertible Preferred Stock

Our outstanding Preferred Stock accrues dividends at a rate of 8.5% per annum, payable semi-annually in PIK as additional shares of Preferred Stock. Our Preferred Stock will also participate on an as-converted basis (giving effect to any accrued and unpaid dividends) in any dividend, distribution or payments to holders of Common Stock. If we liquidate, dissolve or wind up, whether voluntarily or involuntarily, the holders of Preferred Stock are granted \$25.00 per share of Preferred Stock, plus any accrued but unpaid dividends through the date of liquidation. They may also participate on an as-converted basis in any payments upon liquidation payable to the holders of Common Stock.

The Preferred Stock shall be convertible into Common Stock at any time, at the option of the holders at an initial conversion price of \$16.25, representing a discount of 35% to the equity value assigned to the Common Stock by the Plan (subject to customary any-dilution adjustments, the *Conversion Price*). If at any time following the Effective Date, less than 7,500,000 shares of Preferred Stock remain outstanding, then the Company shall have the right, but not the obligation, to redeem all (but not less than all) of the remaining shares of Preferred Stock, following thirty days notice, and on no more than 60 days' notice, at a redemption price equal to \$25 per share of Preferred Stock, payable in cash or shares of Common Stock at our election, subject to certain adjustments; provided that the Company shall not redeem any shares of Preferred Stock for cash during any time that any obligations under our senior secured term loan facility entered into on April 3, 2016 remain outstanding. At any time following the Effective Date, if holders of at least 66 2/3% of the Preferred Stock elect to convert, then all remaining outstanding Preferred Stock will automatically convert at the same time and on the same terms.

In addition, beginning on the Effective Date, each outstanding share of Preferred Stock shall automatically convert into a number of shares of Common Stock at the Conversion Price (such conversion, the Mandatory

Table of Contents

Conversion) if the volume weighted average price of the Common Stock exceeds \$32.50 (the Conversion Threshold) for at least 45 trading days in a 60 consecutive trading day period, including each of the last 20 days in such 60 consecutive trading day period (such period, the Mandatory Conversion Period). Notwithstanding the foregoing, during the first 45 trading days after the Effective Date, a Mandatory Conversion will be deemed to have occurred if the volume weighted average price of Common Stock exceeds \$37.50 for at least 10 trading days in a 20 consecutive day trading period, including each of the last 5 days of the 10 trading days when the threshold is achieved.

Finally, the Preferred Stock shall automatically convert into shares of Common Stock immediately prior to the consummation of a Fundamental Change (as defined below) if either (1) at consummation of the Fundamental Change, the price of the Common Stock exceeds the Conversion Threshold, or (2) the consideration payable in the Fundamental Change per share of Common Stock exceeds the Conversion Threshold and is payable in cash.

For purposes of the Preferred Stock, our Certificate of Designation defines a Fundamental Change as a transaction in which the Company consolidates with, or merges with or into, or enters into any other business combination with, another person or sells, assigns, conveys, transfers, leases or otherwise disposes of all or substantially all of its and its subsidiaries assets to any person, or any person consolidates or combines with, or merges with or into, the Company, in which such consolidation, combination, or merger the outstanding voting capital stock of the Company is converted into or exchanged for cash, securities or other property; provided, however, for purposes of mandatory conversions, following such transaction the holders of Common Stock immediately prior to such transaction do not own more than 50% of the common equity of the company surviving such business combination transaction or to which such assets are transferred or do not own the common equity in the company surviving such business combination substantially in the same relative proportions as their respective interests in the Common Stock.

Upon any optional or mandatory conversion of the Preferred Stock that occurs on or prior to the three year anniversary of their initial issuance, holders of the Preferred Stock will be deemed to have (1) received dividends through the last payment of dividends prior to the conversion, including dividends received on prior dividends, to the extent accrued and not previously paid; and (2) dividends on the shares of Preferred Stock then outstanding and any shares deemed issued pursuant to the preceding clause accruing from the last dividend date preceding the date of the conversion through, but not including, the three year anniversary of their initial issuance, and all dividends on prior dividends. In respect of an optional or mandatory conversion occurring after the three year anniversary of their initial issuance, there shall be deemed to have been issued in respect of all shares of Preferred Stock at the time outstanding (1) dividends through the date of payment of the dividend immediately preceding the date of the conversion, including dividends on such dividends, to the extent accrued and not previously paid, and (2) dividends on (a) the shares of Preferred Stock at the time outstanding and (b) any shares of Preferred Stock deemed issued pursuant to the preceding clause (1) accruing from the date of payment of the dividend immediately preceding the conversion, through, but not including, the date of conversion and all dividends on such dividends.

There are no restrictions on the repurchase or redemption of the Preferred Stock while there is any arrearage in the payment of dividends.

Table of Contents

The Preferred Stock votes with the Common Stock as a single class on an as-converted basis on all matters submitted to a vote of the holders of Common Stock with the exception of:

any issuance of Preferred Stock other than paid-in-kind dividends;

any increase in the authorized amount of the Preferred Stock;

the authorization of any class of equity ranking senior to or on par with the Preferred Equity;

any amendment to the terms of the Preferred Stock, which approval shall require the affirmative vote of 2/3 of the outstanding Preferred Equity;

any Fundamental Change requiring approval of the holders of Common Stock;

any liquidation or winding-up; and

authorization of dividends on Common Stock in excess of \$100 million payable in any 12-month period.

On these matters, the holders of Preferred Stock are entitled to vote as a separate class with a majority vote required for approval.

Holders of Preferred Stock are also signatories to the Registration Rights Agreement described under **Certain Relationships and Related Party Transactions** above.

Other Preferred Stock

As of the date hereof, no other series of preferred stock is outstanding. Our Charter provides that our Board may, by resolution, establish one or more classes or series of preferred stock having the number of shares and relative voting rights, designations, dividend rates, liquidation and other rights, preferences and limitations (subject to the rights of the Preferred Stock) as may be fixed by them without further stockholder approval. The holders of our preferred stock may be entitled to preferences over common stockholders with respect to dividends, liquidation, dissolution or our winding up in such amounts as are established by the resolutions of our Board approving the issuance of such shares.

The issuance of preferred stock may have the effect of delaying, deferring or preventing a change in control without further action by the holders and may adversely affect voting and other rights of holders of our Securities. In addition, issuance of preferred stock, while providing desirable flexibility in connection with possible acquisitions and other corporate purposes, could make it more difficult for a third party to acquire a majority of the outstanding shares of voting stock.

Series Common Stock

As of the date hereof, no series common stock is outstanding. Our Charter provides that our Board may, by resolution, establish one or more classes or series of common stock having the number of shares and relative voting rights, designations, dividend rates, liquidation and other rights, preferences and limitations as may be fixed by them without further stockholder approval. The holders of our series common stock may be entitled to preferences over Common Stockholders and holders of preferred stock with respect to dividends, liquidation, dissolution or our winding up in such amounts as are established by the resolutions of our Board approving the issuance of such shares.

The issuance of series common stock may have the effect of delaying, deferring or preventing a change in control without further action by the holders and may adversely affect voting and other rights of holders of our Securities. In addition, issuance of series common stock, while providing desirable flexibility in connection with possible acquisitions and other corporate purposes, could make it more difficult for a third party to acquire a majority of the outstanding shares of voting stock.

Table of Contents

Voting Rights

Subject to the Preferred Stock voting rights described above, and any other voting rights granted to preferred stock or series common stock that may be outstanding from time to time, each share of our Common Stock shall be entitled to one vote per share, in person or by proxy, on all matters submitted to a vote for our stockholders on which the holders of Common Stock are entitled to vote. Except as otherwise required in our Charter, Bylaws or by applicable law, the holders of voting stock shall vote together as one class on all matters submitted to a vote of stockholders generally. Our Charter and Bylaws do not provide for cumulative voting in connection with the election of directors, and accordingly, holders of more than 50% of the shares voting will be able to elect all of the directors. However, in a contested election, a plurality of the votes shall be enough to elect a director. The holders of a majority of our voting stock issued and outstanding and entitled to vote thereat, present in person or represented by proxy, constitute a quorum at all meetings of the stockholders for the transaction of business.

Dividend Rights

Subject to the Preferred Stock dividend rights described above, and any other dividend rights granted to preferred stock or series common stock that may be outstanding from time to time, the holders of shares of Common Stock shall be entitled to receive such dividends and other distributions in cash, property or shares of stock as may be declared thereon by our Board from time to time out of the assets or funds legally available. Before payment of any dividend, there may be set aside out of any funds available for dividends such sum or sums as the directors, in their absolute discretion, think proper as a reserve or reserves to meet contingencies, or for equalizing dividends, or for repairing or maintaining any Company property, or for such other purpose as the directors shall think conducive to the interests of the Company, and the directors may modify or abolish any such reserve in the manner in which it was created.

No Preemptive Rights

No holder of our capital stock has any preemptive right to subscribe for any shares of our capital stock issued in the future.

Liquidation Rights

The holders of Common Stock shall be entitled to share ratably in the net assets remaining after payment of all liquidation preferences to the Preferred Stock as described above, and any other liquidation rights granted to preferred stock or series common stock that may be outstanding from time to time.

Anti-Takeover Provisions of Charter, Bylaws and DGCL

Preferred Stock and Series Common Stock

See above under Preferred Stock and Series Common Stock.

Special Meetings of Stockholders

Our Charter and Bylaws provide that special meetings of the stockholders may be called by our Chairman of the Board, Chief Executive Officer, President or the Board. A special meeting of stockholders shall also be called by our secretary upon the written request of stockholders entitled to cast at least 40% of all votes entitled to be cast at the special meeting.

Advance Notice of Stockholder Meetings

Notice of any annual or special meeting of stockholders, stating the place (if any), date and hour of the meeting shall be given to each stockholder entitled to notice of such meeting not less than ten nor more than sixty days before the date of such meeting.

Advance Notice for Nominations or Stockholder Proposals at Meetings

Our Bylaws also prescribe the procedure that a shareholder must follow to nominate directors or bring business before shareholders' meetings.

Nominations of persons for election to the Board and the proposal of business at stockholder meetings may be made by (1) the Company, (2) the chairman of the Board, or (3) any stockholder entitled to vote and who makes the nomination or proposal pursuant to timely notice in proper written form to our secretary in compliance with the procedures set forth in the Bylaws. For a stockholder to nominate a candidate for director or to bring other business before a meeting, we must receive notice not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is advanced by more than 20 days, or delayed by more than 70 days from such anniversary date, notice by the stockholder must be so delivered not earlier than 120 days prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is made. Notice of a nomination for director must also include a description of various matters regarding the nominee and the shareholder giving notice, as set forth in the Bylaws.

In addition, our Bylaws permit a stockholder, or group of no more than 20 stockholders meeting specified eligibility requirements, to include director nominees in our proxy materials for annual meetings. In order to be eligible, stockholders must have owned 3% or more of the Company's outstanding Common Stock continuously for at least three years. Requests to include stockholder-nominated candidates in our proxy materials must be delivered to us within the time periods applicable to stockholder notices of nominations as described in the preceding paragraph. The maximum number of stockholder-nominated candidates is the greater of two directors or the largest whole number that does not exceed 20% of the number of directors in office as of last day on which a notice under these provisions is delivered. The Bylaws provide a process to determine which candidates under these provisions exceed the maximum permitted number. Each stockholder seeking to include a director nominee in our proxy materials pursuant to these provisions is required to provide certain information, as set forth in the Bylaws. A stockholder nominee must also meet certain eligibility requirements, as set forth in the Bylaws.

At a meeting of stockholders, only such business (other than the nomination of candidates for election as directors in accordance with the Bylaws) will be conducted or considered as is properly brought before the annual meeting or a special meeting as specified in the Bylaws.

Action by Written Consent

Our Charter prohibits action by written consent by stockholders.

Directors

The Board shall consist of at least three members and no more than 15, and may be fixed from time to time by a resolution adopted by the Board or by the stockholders. At present, the Board has nine members. Directors need not be stockholders but are subject to certain share ownership requirements as described in our Annual Report on Form 10-K for the year ended December 31, 2016.

Each director to be elected by stockholders shall be elected by a majority vote of the stockholders, except that if the number of nominees exceeds the number of directors to be elected, the directors shall be elected by a plurality of votes. There is no cumulative voting in the election of directors. Directors may be removed, with or without cause, by a majority vote of our voting stock.

All directors will be in one class and serve for a term ending at the annual meeting following the annual meeting at which the director was elected. Our current class of directors will be subject to reelection at our 2018 annual meeting.

Table of Contents

The Board is authorized to adopt, amend, alter or repeal the Bylaws by the affirmative vote of a majority of the directors present at any regular or special meeting, subject to the power of the voting stock to adopt, amend, alter or repeal the Bylaws made by the Board. Notwithstanding anything in the Charter or Bylaws to the contrary, a vote of holders of 75% or more of the voting stock is required to adopt, amend, alter or repeal any provision inconsistent with the foregoing or the manner in which action may be taken by voting stock.

Limitations on Liability and Indemnification of Officers and Directors

The Company's Charter and Bylaws provide for indemnification of officers and directors of the Company and certain other persons to the full extent permitted by law, as now in effect or later amended, against liabilities and expenses incurred by any of them in certain stated proceedings and under certain stated conditions.

The Company may maintain insurance for the benefit of its directors, officers, employees, agents and certain other persons, insuring such persons against any expense, liability or loss, including liability under the securities laws. In addition, the Company has entered into indemnification agreements with our directors and executive officers that require us to indemnify these persons for claims made against each of these persons because he or she is, was or may be deemed to be a director, officer, employee or agent of the Company or any of our subsidiaries. We are obligated to pay the expenses of these persons in connection with any claims that are subject to the agreement.

Section 102 of the DGCL allows a corporation to eliminate the personal liability of directors of a corporation to the corporation or its stockholders for monetary damages for a breach of fiduciary duty as a director, except where the director breached his duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend or approved a stock repurchase in violation of the DGCL or obtained an improper personal benefit.

Section 145 of the DGCL provides, among other things, that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, agent or employee of the corporation or is or was serving at the corporation's request as a director, officer, agent, or employee of another corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding. The power to indemnify applies (a) if such person is successful on the merits or otherwise in defense of any action, suit or proceeding, or (b) if such person acted in good faith and in a manner he or she reasonably believed to be in the best interest, or not opposed to the best interest, of the corporation, and with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. The power to indemnify applies to actions brought by or in the right of the corporation as well, but only to the extent of defense expenses (including attorneys' fees but excluding amounts paid in settlement) actually and reasonably incurred and not to any satisfaction of judgment or settlement of the claim itself, and with the further limitation that in such actions no indemnification shall be made in the event of any adjudication of negligence or misconduct in the performance of his or her duties to the corporation, unless the court believes that in the light of all the circumstances indemnification should apply.

Section 174 of the DGCL provides, among other things, that a director, who willfully or negligently approves of an unlawful payment of dividends or an unlawful stock purchase or redemption, may be held liable for such actions. A director who was either absent when the unlawful actions were approved or dissented at the time may avoid liability by causing his or her dissent to such actions to be entered in the books containing the minutes of the meetings of the board of directors at the time such action occurred or immediately after such absent director receives notice of the unlawful acts.

Table of Contents

The selling stockholders may from time to time pledge or grant a security interest in some or all of the Securities, and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the Securities from time to time under this prospectus, or under a supplement or amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act amending the list of selling stockholders to include the pledgee. The list of selling stockholders may similarly be amended to include any donee, transferee or other successor of the selling stockholders.

The selling stockholders and any broker-dealers or agents who participate in the distribution of Securities may be deemed to be underwriters. As a result, any profits on the sale of the Securities by selling stockholders and any discounts, commissions or concessions received by any such broker-dealers or agents might be deemed to be underwriting discounts and commissions under the Securities Act. If the selling stockholders were deemed to be underwriters, the selling stockholders may be subject to certain statutory liabilities as underwriters under the Securities Act.

The Securities may be offered to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more of such firms. Unless otherwise set forth in the prospectus supplement, the obligations of the underwriters or dealers to purchase the Securities offered will be subject to certain conditions precedent and the underwriters or dealers will be obligated to purchase all of the offered Securities if any are purchased. Any public offering price and any discount or concession allowed or re-allowed or paid by underwriters or dealers to other dealers may be changed from time to time.

If Securities are sold through underwriters or broker-dealers, each selling stockholder will be responsible for underwriting discounts or commissions or agent's commissions applicable to the sale of such selling stockholder's Securities.

Each selling stockholder reserves the right to accept and, together with its agents, to reject, any proposed purchases of Securities to be made directly or through agents.

The selling stockholders and any other person participating in a distribution will be subject to applicable provisions of the Exchange Act, as amended, and the rules and regulations thereunder, including, without limitation, to the extent applicable, Regulation M of the Exchange Act, which may limit the timing of purchases and sales of any of the shares of the Securities by the selling stockholders and any other participating person. To the extent applicable, Regulation M may also restrict the ability of any person engaged in the distribution of the Securities to engage in market-making activities with respect to the Securities. All of the foregoing may affect the marketability of the Securities and the ability of any person or entity to engage in market-making activities with respect to the Securities.

In order to comply with the securities laws of certain states, if applicable, the Securities may be sold in those jurisdictions only through registered or licensed brokers or dealers. In addition, in certain states, the Securities may not be sold unless they have been registered or qualified for sale in the state or an exemption from the registration or qualification requirement is available and complied with.

We know of no existing arrangements between any selling stockholder, any other stockholder, broker, dealer, underwriter, or agent relating to the sale or distribution of the Securities offered by this prospectus. To our knowledge, there are currently no plans, arrangements or understandings between any selling stockholders and any underwriter, broker-dealer or agent regarding the Securities by the selling stockholders. There can be no assurance that any selling stockholder will sell any or all of the Securities pursuant to this prospectus.

Pursuant to the Registration Rights Agreement, we are obligated to provide customary indemnification to the selling stockholders. In addition, we have agreed to pay all reasonable expenses incidental to the registration of the Securities, including the payment of federal securities law and state blue sky registration fees excluding underwriting discounts and commissions relating to the sale of Securities by the selling stockholders.

Table of Contents

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers, and controlling persons, we have been advised that in the opinion of the SEC this indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

This offering will terminate on the date that all of the Securities offered by this prospectus have been sold by the selling stockholders.

The selling stockholders may also sell Securities pursuant to Section 4(a)(7) of the Securities Act or Rule 144 under the Securities Act, or other exemption from registration under the Securities Act, rather than this prospectus, in each case if such exemption is available.

ITEM 14. INDEMNIFICATION OF DIRECTORS AND OFFICERS

The Company's Charter and Bylaws provide for indemnification of officers and directors of the Company and certain other persons to the full extent permitted by law, as now in effect or later amended, against liabilities and expenses incurred by any of them in certain stated proceedings and under certain stated conditions.

The Company may maintain insurance for the benefit of its directors, officers, employees, agents and certain other persons, insuring such persons against any expense, liability or loss, including liability under the securities laws. In addition, the Company has entered into indemnification agreements with our directors and executive officers that require us to indemnify these persons for claims made against each of these persons because he or she is, was or may be deemed to be a director, officer, employee or agent of the Company or any of our subsidiaries. We are obligated to pay the expenses of these persons in connection with any claims that are subject to the agreement.

Section 102 of the DGCL allows a corporation to eliminate the personal liability of directors of a corporation to the corporation or its stockholders for monetary damages for a breach of fiduciary duty as a director, except where the director breached his duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend or approved a stock repurchase in violation of the DGCL or obtained an improper personal benefit.

Section 145 of the DGCL provides, among other things, that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, agent or employee of the corporation or is or was serving at the corporation's request as a director, officer, agent, or employee of another corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding. The power to indemnify

applies (1) if such person is successful on the merits or otherwise in defense of any action, suit or proceeding, or (2) if such person acted in good faith and in a manner he or she reasonably believed to be in the best interest, or not opposed to the best interest, of the corporation, and with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. The power to indemnify applies to actions brought by or in the right of the corporation as well, but only to the extent of defense expenses (including attorneys' fees but excluding amounts paid in settlement) actually and reasonably incurred and not to any satisfaction of judgment or settlement of the claim itself, and with the further limitation that in such actions no indemnification shall be made in the event of any adjudication of negligence or misconduct in the performance of his or her duties to the corporation, unless the court believes that in the light of all the circumstances indemnification should apply.

Section 174 of the DGCL provides, among other things, that a director, who willfully or negligently approves of an unlawful payment of dividends or an unlawful stock purchase or redemption, may be held liable for such actions. A director who was either absent when the unlawful actions were approved or dissented at the time may avoid liability by causing his or her dissent to such actions to be entered in the books containing the minutes of the meetings of the board of directors at the time such action occurred or immediately after such absent director receives notice of the unlawful acts.

(b) Financial Statement Schedules.

Schedules have been omitted because the information set forth therein is not material, not applicable or is included in the financial statements or related notes of the prospectus which forms a part of this registration statement.

ITEM 17. UNDERTAKINGS

(a) The undersigned registrant hereby undertakes:

1. To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in

the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

2. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
 4. That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, if the registrant is subject to Rule 430C (§230.430C of this chapter), each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A (§230.430A of this chapter), shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use
 5. That, for purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b) (1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.
 6. That, for the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (b) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
