CORPORATE GOVERNANCE

The Board of Directors operates pursuant to a set of written Corporate Governance Guidelines. Copies of these Guidelines can be obtained free of charge from the Corporate Governance portion of the Investor Relations section of the Company's website: www.aquaamerica.com. Our website is not part of this Proxy Statement. References to our website address in this Proxy Statement are intended to be inactive textual references only.

DIRECTOR INDEPENDENCE

The Board of Directors is, among other things, responsible for determining whether each of the directors is independent in light of any relationship such director may have with the Company. The Board has adopted Corporate Governance Guidelines that contain categorical standards of director independence that are consistent with the listing standards of the NYSE. Under the Company's Corporate Governance Guidelines, a director will not be deemed independent if:

The director is, or has been within the last three years, an employee of the Company, or an immediate family member is, or has been within the last three years, an executive officer of the Company;

(A) the director or an immediate family member is a current partner of a firm that is the Company's internal or external auditor, (B) the director is a current employee of such a firm, (C) the director has an immediate family member who is a current employee of such a firm and personally works on the Company's audit, or (D) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such firm and personally worked on the Company's audit within that time;

The director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee;

The director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service) and, in the case of an immediate family member who is not an executive officer, other than compensation for service as an employee of the Company;

The director is an executive officer or employee, or someone in her/his immediate family is an executive officer, of another company that, during any of the other company's past three fiscal years made payments to, or received payments from, the Company for property or services in an amount which, in any single fiscal year of the other company, exceeded the greater of \$1 million or 2% of the other company's consolidated gross revenues; or

The director serves as an executive officer of a charitable organization and, during any of the charitable organization's past three fiscal years, the Company made charitable contributions to the charitable organization in any single fiscal year of the charitable organization that exceeded the greater of \$1 million or two percent of the charitable organization's consolidated gross revenues.

For purposes of the categorical standards set forth above, (a) a person's immediate family includes a person's spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, and brothers- and sisters-in-law and anyone (other than domestic employees) who shares such person's home, (b) the term executive officer has the same meaning specified for the term officer in Rule 16a-1(f) under the Exchange Act, and (c) the Company includes Aqua and its consolidated subsidiaries. In addition to these categorical standards, no director will be considered independent unless the Board of Directors affirmatively

Table of Contents

determines that the director has no material relationship with the Company (either directly, or as a partner, shareholder, director or officer, of an organization that has a relationship with the Company). When making independence determinations, the Board of Directors broadly considers all relevant facts and circumstances surrounding any relationship between a director or nominee and the Company. Transactions, relationships and arrangements between directors or members of their immediate family and the Company that are not addressed by the categorical standards may be material depending on the relevant facts and circumstances of such transactions, relationships and arrangements. The Board of Directors considered the following transactions, relationships and arrangements in connection with making the independence determinations for the current Board of Directors:

1. The Company made contributions to charitable or civic organizations for which the following directors serve as directors, trustees or executive officers: Mr. DeBenedictis, Mr. Franklin, Mr. Hankowsky, and Mr. Hilferty. None of the Company's contributions exceeded the greater of \$1 million or 2% of the recipient organization's consolidated gross revenues.
2. The Company provides water service at normal tariff rates to Liberty Property Trust or its affiliates, Independence Health Group or its affiliates (IHG), and provides water service to Dynegy or its affiliates pursuant to a contractually negotiated rate that is filed with the Pennsylvania Public Utility Commission. It provides water service pursuant to normal tariff rates to Exelon Corporation (Exelon) or its affiliates to Main Line Health Systems or its affiliates (Main Line Health), and to Bryn Mawr Bank Corp. or its affiliates (Bryn Mawr Trust). Mr. Hankowsky serves as an executive officer of Liberty Property Trust, Mr. Hilferty serves as President and Chief Financial Officer of IHG, Ms. Burke is Executive Vice President at Dynegy, Mr. DeBenedictis serves as a member of the Board of Directors of Exelon, and Mr. Holland is a Trustee of Main Line Health and serves as a member of the Board of Directors of Bryn Mawr Trust. Exelon or its affiliates provides electric service at tariff rates to the Company. The amounts paid to the Company by these other entities, and paid by the Company to Exelon are pursuant to tariff rates or a contract that is filed with the Pennsylvania Public Utility Commission, are not material to these other entities.
3. The Company has banking arrangements with Citizens Financial Group or its affiliates, and Mr. Hankowsky is a member of the Board of Directors of Citizens Financial Group. The amounts paid by the Company to Citizens Financial Group or its affiliates are not material to these entities or to the Company.
4. The Company has insurance arrangements with IHG or its affiliates. The Company contracts with IHG to serve as the administrator of the Company's self-insured medical plans for the Company's employees. As a benefit of employment, the Company offers its employees medical insurance benefits through plans established by IHG. The Company is self-insured for all of these plans, and has contracted with IHG to serve as the administrator of the Company's medical plans. As compensation for these administrative services, the Company paid fees to IHG. For each of the last three fiscal years, the fees paid to IHG, IHG's gross revenues, and the fees as a percentage of IHG's gross revenues were as follows:

Fiscal Year	Fees Paid to IHG
-------------	------------------

		IHG Gross Revenues	Fees Paid as a Percentage of IHG Gross Revenues
2015	\$ 1,445,505	\$ 13,800,000,000	0.010%
2016	\$ 1,455,046	\$ 16,700,000,000	0.009%
2017	\$ 2,313,302	\$ 16,500,000,000	0.014%

Table of Contents

5. Under the self-insured nature of the medical plans, the Company also submitted payments to IHG to maintain the necessary insurance reserves and to pay medical claims made for such years. As administrator, these payments were pass through payments and do not represent compensation to, or revenue of, IHG. The following pass through payments were made to IHG in the last three fiscal years:

Fiscal Year	Pass Through Payments
2015	\$13,853,922
2016	\$14,985,194
2017	\$12,763,289

The amounts paid by the Company to IHG are not material to IHG or to the Company.

6. Mr. DeBenedictis is a member of the Board of Directors of IHG. Based on a review applying the standards set forth in the Company's Corporate Governance Guidelines, including a review of the applicable NYSE, SEC, and Company standards, and considering the relevant facts and circumstances of the transactions, relationships, and arrangements between the Directors and the Company described above, the Board of Directors has affirmatively determined that each nominee for director, other than Mr. Franklin, the Company's Chairman, President, and Chief Executive Officer, and Mr. DeBenedictis, the Company's Chairman Emeritus and former Chief Executive Officer, is independent.

BOARD OF DIRECTORS LEADERSHIP STRUCTURE

In 2017, the Board of Directors determined to recombine the roles of Chairman and Chief Executive Officer. As such, Mr. Franklin serves as Chairman of the Board and Chief Executive Officer. The Board of Directors believes this structure provides continuity and efficiency for the Company, while providing clear accountability to the execution of the Company's strategy and its results.

Under this present structure, the Board of Directors annually elects a lead independent director to coordinate the activities of the other independent directors and enhance the role of the independent directors in the overall corporate governance of the Company. At the same time that Mr. Franklin was appointed Chairman, Mr. Hilferty was elected the Lead Independent Director.

The duties and powers of the lead independent director include:

Presiding at all meetings of the Board at which the Chairman of the Board is not present, including executive sessions of the independent directors;

Serving as liaison between the independent directors and the Chairman of the Board;

Consulting with the Chairman of the Board, reviewing and approving meeting agendas and information provided to the Board for meetings, including the authority to add items to the agendas for any such meeting;

Reviewing and approving meeting schedules to assure that there is sufficient time for discussion of all agenda items;

Having the authority to call executive sessions of the independent directors and to prepare the agendas for such executive sessions;

If requested by major shareholders, ensuring that he is available for consultation and direct communications;

Serving as a member of the Executive Committee;

Table of Contents

In the event of the death or incapacity of the Chairman, becoming the acting Chairman of the Board until a new Chairman is selected; and

Having the authority (with the approval of at least the majority of the directors) to engage such legal, financial or other advisors as the independent directors shall deem appropriate at the expense of the Company and without consultation or the need to obtain approval of any officer of the Company.

AGE AND TERM LIMITS

The Board believes that term limits are an important element of good governance. However, it also believes that it must strike the appropriate balance between the contribution of directors who have developed, over a period of time, meaningful insight into the Company and its operations, and therefore can provide an increasing contribution to the Board as a whole. Accordingly, in 2015 the Board established that upon the fifteenth anniversary of a director accepting an initial appointment or election to the Board of Directors, the director shall tender his or her resignation to the Board (the Term Limit Policy). The Term Limit Policy does not apply to directors who were elected on or before December 1, 2015.

In 2017, the Board also re-evaluated its position on mandatory retirement based upon the age of a director. Following extensive research, including conducting an outreach program to the Company's largest shareholders in which the Company sought the opinion of those shareholders, the Board determined that increasing the age for a director to submit his or her resignation from the Board of Directors to 75 was appropriate. As such, all directors are required to submit their resignation from the Board effective as of their 75th birthday.

ANNUAL PEER, COMMITTEE, BOARD EVALUATION

Each year, Directors complete a targeted questionnaire to assess the performance of the Board, each of the standing Committees, and each of the Directors individually. The questionnaire elicits quantitative and qualitative ratings in key areas of Board operation and function. Each Committee member completes questions to evaluate how well the Committees on which he or she serves are functioning and to provide suggestions for improvement.

In 2017, the Board conducted a peer review process by which each Director was asked to provide feedback on a number of characteristics of each of the other Directors, including leadership, preparation, focus on shareholder interests, and participation. The peer review process was administered by an independent consulting group, The Center for Board Excellence. The results of these reviews were then provided to each Director and, in 2018, the Chairman and the Lead Independent Director will meet with each Director to review the results of the evaluations.

SHAREHOLDER ENGAGEMENT

In 2017, the Company conducted an outreach campaign to our top 15 shareholders and met with the holders of approximately 27% of the Company's outstanding shares. We engaged with every shareholder who accepted our offer to meet. We engaged with shareholders on numerous topics during the year, including executive compensation matters, merger and acquisition strategy, the impact of Pennsylvania's anti-takeover laws on such strategy, sustainability, and social and governance issues. We also discussed the combination of our Chairman and Chief Executive Officer roles, the strong role our Lead Independent Director plays in our Board structure, and increasing the mandatory age upon which a Director must submit his resignation.

DIRECTOR ONBOARDING

In 2017, the Company appointed Mr. Hilferty as a Director. In addition to informal meetings with the existing Directors, and in conjunction with his appointment, Mr. Hilferty participated in an onboarding process

Table of Contents

that included day-long meetings with the named executive officers focused on items such as merger and acquisition strategy, regulatory matters, utility accounting and financing, water and wastewater operations, Board governance functions, and the Company's Articles of Incorporation, its Bylaws, and its Corporate Governance Guidelines.

OVERSIGHT OF RISK MANAGEMENT

The Board oversees management's risk management activities through a combination of processes:

Pursuant to its charter, the Risk Mitigation and Investment Policy Committee's primary purpose is to assist the Board of Directors in fulfilling its oversight responsibilities with respect to the Company's risk management practices, the Company's compliance with legal and regulatory requirements, the Company's potential investments in acquisitions and growth vehicles, and to review and approve the Company's risk management framework.

At least quarterly, the Risk Mitigation and Investment Policy Committee reviews the results of the Company's enterprise risk management process, and management presents to the Board a report on the status of the risks and the metrics used to monitor those risks. Each risk that is tracked as part of the enterprise risk management process has a member of the Company's management who serves as the owner and monitor for that risk. The risk owners and monitors report on the status of their respective risks at the quarterly meeting of management's Compliance Committee. The information discussed at the Compliance Committee meeting is then reviewed by the Disclosure Committee composed of the Company's Chief Executive Officer, Chief Financial Officer, General Counsel, Chief Accounting Officer and Director of Internal Audit. The results of the Disclosure Committee's meetings are presented to the Risk Mitigation and Investment Policy Committee or the Audit Committee each quarter, as appropriate.

The Audit Committee, in consultation with management, the independent registered public accountants and the internal auditors, discusses the Company's policies and guidelines regarding risk assessment and risk management as well as the Company's significant financial risk exposures and the steps management has taken to monitor, control and report such exposures. The Audit Committee meets in executive session with the Director of Internal Audit and with the independent registered public accountants at the end of each Audit Committee meeting. The Company's General Counsel reports to the Audit Committee quarterly regarding any significant litigation involving the Company and his opinion of the adequacy of the Company's reserves for such litigation. At least annually, the Executive Compensation Committee considers the risks that may be presented by the structure of the Company's compensation programs and the metrics used to determine individual compensation under that program.

The Company's Internal Audit department reports directly to the Chair of the Audit Committee.

The Corporate Governance Committee leads an annual discussion by the Board of Directors regarding the Company's strategic plans and management's performance with respect to such plans.

In administering the executive compensation program, the Executive Compensation Committee desires to strike an appropriate balance among the elements of our compensation program to achieve the program's objectives. Each of the elements of the program is discussed in greater detail in this Proxy Statement. As a result of its review of the Company's overall compensation program in the context of the risks identified in the Company's enterprise risk management processes, the Executive Compensation Committee does not believe that the risks the Company faces are materially increased by the Company's compensation programs and, therefore, the Executive Compensation Committee believes that the compensation program does not create the reasonable likelihood of a material adverse effect on the Company.

Table of Contents

In 2017, the Board of Directors implemented an oversight process of the Company's cybersecurity risk assessment and security measures. By receiving at least quarterly reports, the Board of Directors and the Risk Mitigation and Investment Policy Committee ensure that the Company is devoting the appropriate amount of resources to ensure that the risk of a cybersecurity breach is mitigated and that there is a clear response plan in the event of a breach.

In 2017, management developed a Company-wide Enterprise Risk Management process intended to identify, prioritize and monitor key risks that may affect the Company. Management reports the progress and the results of the Enterprise Risk Management program to the Risk Mitigation and Investment Policy Committee at least quarterly.

Management receives approval from the Risk Management and Investment Policy Committee on all potential acquisitions valued in excess of \$10 million, briefs the Board of Directors on acquisitions valued in excess of \$10 million, and the Board approves every acquisition valued in excess of \$25 million or which involves the issuance of the Company's common stock as part of the consideration.

In addition to updates at each Board meeting by operating management regarding any significant operational, acquisition, or environmental matters, management provides the Board with an annual update on environmental matters by the Company's Chief Environmental Officer in connection with presentation by the Company's Senior Vice President of Engineering on the Company's proposed capital spending plans and by its Senior Vice President, General Counsel, and Secretary in connection with the Company's Enterprise Risk Management program.

The Board believes that the present leadership structure, along with the important risk oversight functions performed by management, the Audit Committee, the Risk Mitigation and Investment Policy Committee, the Executive Compensation Committee, and the full Board, permits the Board to effectively perform its role in the risk oversight of the Company.

CODE OF ETHICS

The Company maintains a Code of Ethical Business Conduct for its directors, officers and employees, including the Company's Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer, as defined by the rules adopted by the SEC pursuant to Section 406(a) of the Sarbanes-Oxley Act of 2002. The Code of Ethical Business Conduct covers a number of important subjects, including: conflicts of interest; corporate opportunities; fair dealing; confidentiality; protection and proper use of Company assets; compliance with laws, rules and regulations (including insider trading laws); and encouraging the reporting of illegal or unethical behavior. Copies of the Company's Code of Ethical Business Conduct can be obtained free of charge from the Corporate Governance portion of the Investor Relations section of the Company's website: www.aquaamerica.com. The Company intends to post amendments to or waivers from the Code of Ethical Business Conduct (to the extent applicable to the Company's executive officers, senior financial officers or directors) on its website.

DIRECTOR SHARE OWNERSHIP GUIDELINES

In December 2015, the Board of Directors approved share ownership guidelines for each director to own shares of Company common stock having a value equal to five times the annual base cash retainer for directors. Directors have up to three years from December 2015 or upon appointment, whichever is later, to attain this new guideline share

ownership level. In 2017, the Board of Directors approved a modification to these guidelines prohibiting a director from selling Company common stock until the director has attained the required share ownership. Once the required share ownership level is attained, the director must maintain the level of share ownership for the duration of the director's service. As of March 9, 2018, each director nominee owned sufficient shares to comply with these guidelines, except Ms. Burke, who has been a director since 2016, and Mr. Hilferty, who has been a director since 2017.

Table of Contents

ANTI-HEDGING AND ANTI-PLEDGING POLICY

We believe that issuance of incentive and compensatory equity awards to our directors and named executive officers along with our stock ownership guidelines help to align the interests of such officers with our shareholders. As part of our insider trading policy, we prohibit all directors and officers from engaging in hedging or pledging activities with respect to any owned shares or outstanding equity awards. None of our named executive officers pledged any shares of Company stock during 2017. None of our directors nor any of our named executive officers engaged in any hedging or pledging activities with respect to the Company stock during 2017.

CYBERSECURITY MANAGEMENT

In 2017, the Board of Directors implemented an oversight process of the Company's cybersecurity risk assessment and security measures. By receiving at least quarterly reports, the Board of Directors and the Risk Mitigation and Investment Policy Committee ensure that the Company is devoting the appropriate amount of resources to ensure that the risk of a cybersecurity breach is mitigated and that there is a clear response plan in the event of a breach.

POLICIES AND PROCEDURES FOR APPROVAL OF RELATED PERSON TRANSACTIONS

The Board has a written policy with respect to related person transactions to document procedures pursuant to which such transactions are reviewed, approved or ratified. The policy applies to any transaction in which:

(1) the Company is a participant, (2) any related person has a direct or indirect material interest, and the annual amount involved exceeds \$120,000, but excludes certain types of transactions in which the related person is deemed not to have a material interest.

Under this policy, a related person means: (a) any person who is, or at any time since the beginning of the Company's last fiscal year was, a director, an executive officer or a director nominee; (b) any person known to be the beneficial owner of more than 5% of any class of the Company's voting securities; (c) any immediate family member of a person identified in items (a) or (b) above, meaning such person's spouse, parent, stepparent, child, stepchild, sibling, mother- or father-in-law, son- or daughter-in-law, brother- or sister-in-law or any other individual (other than a tenant or employee) who shares the person's household; or (d) any entity that employs any person identified in (a), (b) or (c) or in which any person identified in (a), (b) or (c) directly or indirectly owns or otherwise has a material interest.

The Corporate Governance Committee, with assistance from the Company's General Counsel, is responsible for reviewing and approving any related person transaction. In its review and approval of related person transactions (including its determination as to whether the related person has a material interest in a transaction), the Corporate Governance Committee will consider, among other factors:

The nature of the related person's interest in the transaction;

The material terms of the transaction, including, without limitation the amount and type of transaction;

The importance of the transaction to the related person;

The importance of the transaction to the Company;

Whether the transaction would impair the judgment of a director or executive officer to act in the best interests of the Company; and

Any other matters the Corporate Governance Committee deems appropriate.

The Corporate Governance Committee intends to approve only those related person transactions that are in, or are not inconsistent with, the best interests of the Company and its shareholders.

Table of Contents**BOARD AND BOARD COMMITTEES**

The Company's Bylaws provide that the Board of Directors, by resolution adopted by a majority of the whole Board, may designate an Executive Committee and one or more other committees, with each such committee to consist of two or more directors except for the Audit Committee and Executive Compensation Committee, which must have at least three members. The Board of Directors annually elects from its members the Executive, Audit, Executive Compensation, Risk Mitigation and Investment Policy, and Corporate Governance Committees. The Board may also from time to time appoint ad hoc committees such as an Executive Search Committee to oversee the Company's succession planning activities. The Retirement and Employee Benefits Committee, which is comprised of senior management of the Company, reports periodically to the Board of Directors.

The Board of Directors held six (6) meetings in 2017. Each director attended at least 75% of the aggregate of all meetings of the Board and the Committees on which each such director served in 2017. The Board of Directors encourages all directors to attend the Company's Annual Meeting of Shareholders. All the directors were in attendance at the 2017 Annual Meeting of Shareholders.

EXECUTIVE COMMITTEE

Pursuant to its charter, the Executive Committee has and exercises all of the authority of the Board in the management of the business and affairs of the Company, with certain specified exceptions. The Executive Committee is intended to serve in the event that action by the Board of Directors is necessary or desirable between regular meetings of the Board, or at a time when convening a meeting of the entire Board is not practical, and to make recommendations to the entire Board with respect to various matters. The Executive Committee currently has five members, and the Chairman of the Board of Directors serves as Chairman of the Executive Committee. The Executive Committee did not meet in 2017.

AUDIT COMMITTEE

The Audit Committee is composed of three directors, whom the Board of Directors has affirmatively determined meet the standards of independence required of audit committee members by the NYSE listing requirements and applicable SEC rules. Based on a review of the background and experience of the members of the Audit Committee, the Board of Directors has determined that, currently, all members of the Committee are financially literate and two members of the Committee are financial experts within the meaning of applicable SEC rules. The Committee operates pursuant to a Board-approved charter which states its duties and responsibilities. The primary responsibilities of the Committee are to monitor the integrity of the Company's financial reporting process and systems of internal controls, including the review of the Company's annual audited financial statements, and to monitor the independence of the Company's independent registered public accounting firm. The Committee is required to meet at least four times during the year and met 9 times during 2017.

The Audit Committee has the exclusive authority to select, evaluate and, where appropriate, replace the Company's independent registered public accounting firm. The Committee has considered the extent and scope of non-audit services provided to the Company by its independent registered public accounting firm and has determined that such services are compatible with the independent registered public accounting firm maintaining its independence.

EXECUTIVE COMPENSATION COMMITTEE

The Executive Compensation Committee is composed of three directors, whom the Board of Directors has affirmatively determined are independent directors as defined by the NYSE listing requirements and applicable SEC rules. The Committee operates pursuant to a Board-approved charter which states its duties and responsibilities. The Executive Compensation Committee has the power to, among other things, administer and make awards under the Company's equity compensation plans. The Executive Compensation Committee reviews the recommendations of the Company's Chief Executive Officer as to appropriate compensation of the Company's executive officers (other than the Chief Executive Officer) and determines the compensation of such executive officers. The Executive Compensation Committee reviews and recommends to the Board of Directors the compensation for the Company's Chief Executive Officer, which is subject to final approval by the independent members of the Board of Directors. The Executive Compensation Committee has the power to delegate aspects of its work to subcommittees, with the approval of the Board of Directors. The Executive Compensation Committee met 8 times during 2017.

identifying and considering qualified nominees for directors, and developing and periodically reviewing the Corporate Governance Guidelines by which the Board of Directors is organized and executes its responsibilities. The Committee advises the Board of Directors on director nominees, executive selections and succession, including ensuring that there is a succession plan for the Chief Executive Officer and such other senior executives as determined by the Committee. In 2017, the Committee initiated and oversaw the implementation of a comprehensive Board, Committee, and peer review process. The Corporate Governance Committee met 7 times during 2017.

The Committee also oversees the Company's acquisition process in which it reviews all acquisitions valued in excess of \$10 million. The Committee communicates with other Board of Directors Committees to avoid overlap and potential gaps in overseeing the Company's risks. The Committee advises the Board of Directors in its performance of its oversight of enterprise risk management. The Risk Mitigation and Investment Policy Committee met 8 times during 2017.

DIRECTOR COMPENSATION

In 2017, the Executive Compensation Committee retained Pay Governance, LLC (Pay Governance) to review and benchmark the Board of Directors' compensation. Pay Governance compared the directors' compensation to the Company's peers and made certain suggestions and recommendations to the Executive Compensation Committee and to the Company's Corporate Governance Committee. As a result, in December 2017, upon the recommendation of its Executive Compensation Committee and the Corporate Governance Committee, the Board of Directors approved a revised directors' compensation program effective January 1, 2018, the Board of Directors approved the following directors' compensation for 2018 for the non-employee directors of the Company:

The grant date fair value per share of the stock awards, which are paid quarterly, were; March 30, 2017 \$32.145; June 30, 2017 \$33.455; September 30, 2017 \$33.155. Table of Contents**PROPOSAL NO. 2****RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE COMPANY FOR THE 2018 FISCAL YEAR**

The Audit Committee of the Board of Directors appointed PricewaterhouseCoopers LLP (PwC) as the independent registered public accounting firm for the Company for the 2018 fiscal year. PwC has been the Company's independent registered public accountants since 2000. The Board of Directors recommends that the shareholders ratify the appointment.

Although shareholder ratification of the appointment of PwC is not required by law or the Company's Bylaws, the Board of Directors believes that it is desirable to give our shareholders the opportunity to ratify the appointment. If the shareholders do not ratify the appointment of PwC, the Audit Committee will take this into consideration and may or may not consider the appointment of another independent registered public accounting firm for the Company for future years. Even if the appointment of PwC is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm during the year if the Audit Committee determines such a change would be in the best interests of the Company. Representatives of PwC are expected to be present at the 2018 Annual Meeting, will have the opportunity to make a statement at the meeting if they desire to do so, and will be available to respond to appropriate questions.

PwC has informed us that they are not aware of any independence-related relationships between their firm and the Company other than the professional services discussed in *Services and Fees* below. Under the Sarbanes-Oxley Act of 2002 (Sarbanes-Oxley), the Audit Committee is responsible for the appointment, compensation and oversight of the work of the independent registered public accounting firm. As a result, the Audit Committee is required to pre-approve the audit and non-audit services performed by the independent registered public accounting firm in order to assure that such services do not impair the auditor's independence from the Company. The Audit Committee has established a procedure to pre-approve all auditing and non-auditing fees proposed to be provided by the Company's independent registered public accounting firm prior to engaging the accountants for that purpose. Consideration and approval of such services occurs at the Audit Committee's regularly scheduled meetings, or by unanimous consent of all the Audit Committee members between meetings. All fees and services were pre-approved by the Audit Committee for the 2017 fiscal year.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal control. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited financial statements in the Annual Report, including: the quality of the accounting principles, practices and judgments; the reasonableness of significant judgments; the clarity of disclosures in the financial statements; and the integrity of the Company's financial reporting processes and controls. The Committee also discussed the selection and evaluation of the independent registered public accounting firm, including the review of all relationships between the independent registered public accounting firm and the Company.

The Audit Committee reviewed with the independent registered public accounting firm, which is responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles in the United States of America, their judgments as to the quality of the Company's accounting principles and such other matters as required to be discussed by the Auditing Standard No. 1301, Communications with Audit Committees as adopted by the Public Company Accounting Oversight Board. In addition, the Audit Committee has discussed with the independent registered public accounting firm, the firm's independence from management and the Company, including the matters in the written disclosures required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and considered the compatibility of non-audit services with the accountants independence.

The Audit Committee discussed with the Company's internal auditors and independent registered public accounting firm, the overall scope and plans for their respective audits. The Audit Committee meets with the internal auditors and independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors approved, the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the SEC.

COMPENSATION DISCUSSION AND ANALYSIS

INTRODUCTION

In this Compensation Discussion and Analysis (CD&A), we address our compensation philosophy and program, and compensation paid to or earned by the following executive officers:

Christopher H. Franklin, Chairman, President, and Chief Executive Officer;

David P. Smeltzer, Executive Vice President and Chief Financial Officer;

Richard S. Fox, Executive Vice President and Chief Operating Officer;

Daniel J. Schuller, Executive Vice President and Chief Strategy & Corporate Development Officer; and

Christopher P. Luning, Senior Vice President, General Counsel, and Secretary.

We refer to these executive officers as our named executive officers or NEOs . As used in this CD&A, the total of base salary and annual cash incentive compensation is referred to as total cash compensation, and the total of base salary, annual cash incentive compensation and equity incentive compensation is referred to as total direct compensation. The purpose of the CD&A is to explain: the elements of compensation; why our Executive Compensation Committee (the Compensation Committee) selects these elements; and how the Compensation Committee determines the relative size of each element of compensation.

Compensation decisions for Messrs. Smeltzer, Schuller, Fox, and Luning were made by the Compensation Committee. Compensation decisions for Mr. Franklin were made by the independent members of our Board of Directors after receiving the approval and recommendation of the Compensation Committee.

Based on input from Pay Governance LLC (Pay Governance or the consultant), the independent compensation consultant retained by the Compensation Committee, we believe that the types of compensation vehicles we use and the relative proportion of the named executive officers total direct compensation represented by these vehicles is consistent with current competitive compensation practices in our industry. We believe our program s performance measures align the interests of our stakeholders and our named executive officers by correlating pay to our short-term and long-term performance.

We measure the competitiveness of our program for our named executive officers against the median compensation for comparable positions at other companies in our benchmark group composed of other investor-owned utilities. Since compensation levels often vary based on the Company s revenues, we adjust the Company s revenues in the manner described below to align with the companies in the benchmark group. We then size adjust the market data using revenue-based regression analysis to determine the market rates for our named executive officer positions. Our goal is to provide total direct compensation that is competitive with the market rates for each named executive officer. Based on the information supplied by the consultant, the total target direct compensation for each of our named executive officers was within the competitive range of the benchmark market data for each of their positions during

2017.

EXECUTIVE SUMMARY

Our 2017 performance demonstrates continued execution of our strategic goals and plans. During 2017, by effectively managing costs, strategically growing when it was prudent, maintaining strong regulatory relationships, and focusing on our customers, employees and shareholders as we continue to create value for all of our stakeholders, we had the following results:

We are making significant investments to build and improve our communities infrastructure. Over the past five years, we have invested more than \$1.5 billion in infrastructure improvements, including

Table of Contents

hundreds of miles of pipe replacement and plant upgrades to enhance water quality. In 2017, we invested more than \$450 million on infrastructure projects, helping to ensure safe and reliable water for all customers.

Regulated segment revenues were \$804.9 million in 2017.

Earnings per share increased to \$1.35 in 2017, an increase over the 2016 earnings per share of \$1.32 in 2016.

Operations and maintenance expenses decreased 5.8% to \$287.2 million in 2017 from \$304.9 million in 2016.

We added more than 10,000 customer connections in 2017.

We increased our total customer connection count by more than 1%, which includes additional customers from organic and acquisition growth.

From January 1, 2015 to December 31, 2017, the total return to our shareholders, including share price appreciation and dividends paid, shows 58.08% growth.

In 2017, the Board of Directors approved a 7% increase in the quarterly dividend to an annualized rate of \$0.82 per share.

OBJECTIVES OF OUR COMPENSATION PROGRAM

Our compensation program for named executive officers is designed to:

Provide a competitive level of total compensation;

Motivate and encourage our named executive officers to contribute to our financial success;

ALIGN INTERESTS OF NAMED EXECUTIVE OFFICERS AND SHAREHOLDERS

We supplement our pay-for-performance program with a number of compensation policies intended to align the interests of management and our shareholders. The following are several key features of our executive compensation

program:

AT AQUA AMERICA, WE DO:

Tie a high ratio of our executives pay to corporate and individual performance

Require significant stock ownership

Tie incentive compensation to a clawback policy

Require a significant amount of NEO pay to be based on performance

Use an independent compensation consultant

AT AQUA AMERICA, WE DO NOT:

× Provide golden parachute tax gross ups

× Permit pledging or hedging of Company securities

× Provide a single trigger severance upon a change of control

× Provide employment agreements to a broad group

× Encourage excessive or inappropriate risk taking through our compensation programs

Table of Contents

The table below shows the portion of each named executive officer's 2017 total direct compensation that is considered performance-based (i.e., annual cash incentives and performance-based equity incentives).

PAY FOR PERFORMANCE AND RESULTS OF THE 2017 ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

Our goal is to instill a "pay for performance" culture throughout the Company, and we target the 50th percentile of the Company's peer group as the appropriate level of pay for our named executive officers.

At our 2017 Annual Meeting, we submitted a proposal to our shareholders for a non-binding advisory vote on our 2016 compensation awarded to our named executive officers. Our shareholders approved the proposal with over 94% of the votes cast in favor of the Company's compensation programs for our named executive officers.

COMPONENTS OF 2017 COMPENSATION PROGRAM

Our executive compensation program is composed of the following seven elements, which we believe are important components of a well-designed, balanced and competitive compensation program:

Base Salary;

Annual Cash Incentive Awards (referred to as Non-Equity Incentive Plan Compensation in the Summary Compensation Table on page 46 and the Grants of Plan-Based Awards Table on page 48);

Long-Term Equity Incentive Awards;

Retirement Benefits;

Non-Qualified Deferred Compensation Plans;

Change-in-Control Agreements; and

Stock Ownership Guidelines.

We utilize these elements to achieve the objectives of our compensation program as follows:

ELEMENT OF COMPENSATION	OBJECTIVES
Competitively benchmarked base salaries	Designed to attract and retain named executive officers consistent with their talent and experience; market-based salary increases are designed to recognize the executives' performance of their duties and responsibilities; and promotions and related salary increases are designed to encourage executives to assume increased job duties and responsibilities.
Short-term incentives or annual cash incentive awards	Intended to reward executives for (1) improving the quality of service to our customers, (2) controlling the cost of service to our customers by managing expenses and improving performance, (3) achieving economies of scale by the acquisition of additional water and wastewater systems that can benefit from our resources and expertise, (4) disposing of under-performing systems where appropriate, and (5) enhancing our financial viability and performance by the achievement of annual objectives.

Equity incentives

Designed to reward named executive officers for (1) enhancing our financial health, which also benefits our customers, (2) improving our long-term performance through both revenue increases and cost control, and (3) achieving increases in the Company's equity and in absolute shareholder value and shareholder value relative to peer companies, as well as helping to retain executives due to the longer term nature of these incentives.

Retirement benefits	Intended to assist named executive officers to provide income for their retirement.
Non-qualified deferred compensation plan	Designed to allow eligible executives to manage their financial and tax planning and defer current income until a later date, including following retirement or other separation from employment without an additional contribution from the Company.
Change-in-control agreements	Designed to promote stability and dedication to shareholder value in the event of a fundamental transaction affecting the ownership of the Company and to enable the named executive officers to evaluate such a transaction impartially.
Stock ownership guidelines	Designed to focus named executive officers on the long-term performance of the Company and align the interests of our executives with our shareholders by encouraging named executive officers to maintain a significant ownership interest in the Company.

Table of Contents

The following chart provides a brief summary of the principal elements of our executive compensation program for 2017. We describe these elements, as well as retirement, severance and other benefits, in more detail in this CD&A.

COMPONENTS OF COMPENSATION PAID TO NAMED EXECUTIVE OFFICERS IN 2017

COMPENSATION ELEMENT	FORM	COMPENSATION OBJECTIVE	RELATION TO OBJECTIVE
Base Salary	Fixed annual cash paid bi-weekly	Compensate executives for their level of responsibility and sustained individual performance based on market data.	Merit salary increases are based on subjective performance evaluations.
Annual Cash Incentive Awards	Variable cash paid on an annual basis based on achievement of pre-established goals	Motivate executives to focus on achievement of our annual business objectives.	The amount of the annual incentive award, if any, is entirely dependent on achievement of pre-established Company and individual goals.
Long-Term Equity Incentive Awards	Restricted Stock Units	Align executive interests with shareholder interests; retain key executives.	Provide equity that will have same value as shares owned by shareholders; subject to stock ownership guidelines.
	Performance Share Units	Align executive interests with shareholder interests; create a strong financial incentive for achieving or exceeding long-term performance goals.	The named executive officers receive equity only if the pre-established performance goals are achieved.
	Options	Aligns executive interests with shareholder interests; through performance based nature, provides strong incentives to achieve core company goals.	The named executive officers receive options only if the pre-established performance goals are achieved.

LINK BETWEEN OPERATING PERFORMANCE AND EXECUTIVE COMPENSATION

Our stock performance in 2017 reflected our success and contributed significantly to our total shareholder return for the year. The chart below summarizes our stock performance over the past five years compared to the S&P 500 Index and the S&P Mid-Cap 400 Utilities Index.

Table of Contents

We have been steadfast in delivering sustainable dividend growth. We increased our dividend 7% in 2017 and as a result, our annualized dividend rate is \$0.82 per share. Our dividend policy is premised on continuing to grow our dividend in a prudent manner. We anticipate this growth will allow our dividend to continue to be a meaningful element of our overall shareholder return proposition. The chart below summarizes our dividend growth over recent years:

BENCHMARKING COMPETITIVE COMPENSATION AND THE ROLE OF THE COMPENSATION COMMITTEE'S CONSULTANT

The Compensation Committee has retained Pay Governance, a nationally-recognized compensation consulting firm, as the Compensation Committee's consultant to assist it in designing and assessing the competitiveness of our executive compensation program. The Compensation Committee has concluded that Pay Governance is an independent consultant after considering the factors relevant to Pay Governance's independence from management, including the factors set forth in the NYSE and SEC rules regarding compensation consultant independence.

Annually, the Compensation Committee has the consultant develop a market rate for base salary, total cash compensation, and total direct compensation for each of the named executive officer positions, including the allocation between cash compensation and equity incentives. Each market rate represents the median compensation level that would be paid to a hypothetical, seasoned performer in a position having similar responsibilities and scope, in an organization of similar size and type as the Company.

In developing the market rates for the named executive officers, the Compensation Committee's consultant, Pay Governance, used compensation data from all 55 investor-owned utilities in the utility industry database used by the consultant and approved by the Compensation Committee to determine the market rates for similarly situated executives of utility companies. The Compensation Committee believes that utilizing the data from only utility companies and adjusting the Company's revenues as described below, to better align the Company's data with the data in the utility industry compensation database, provides an appropriate comparison for determining the market rates for the Company's named executive officers given that we are primarily a utility company. Also, due to the relatively limited number of investor-owned water utility companies of the Company's size, the Compensation Committee believes that using the broader utility market data provides reasonable and reliable data for determining competitive compensation levels. All 55 companies in the utility industry compensation database used by the consultant are listed in Appendix A to this Proxy Statement. The Company has no involvement in the selection of the companies that are included in the database used by the consultant. Each company in Appendix A was used in the development of the market rates, as described in this paragraph.

Table of Contents

Management, the Compensation Committee, and Pay Governance are mindful that compensation levels for executives of companies are often correlated with a company's size as defined by revenues. In other words, executives in companies with higher revenues are generally paid more than executives with comparable positions in companies with lower revenues. The Compensation Committee and Pay Governance have concluded that the Company's revenues under-represent the complexity and scope of the Company's business given the Company's low cost of goods sold relative to energy-based utilities. The cost of goods sold as a percentage of revenues is significant for energy-based utilities due to their fuel, gas and other power costs. These commodity costs are subsequently recovered through the revenues of the energy-based utilities as they are ultimately passed through to the customer. The Company, like other water utilities, does not have comparable commodity costs. The purpose of the adjusted revenue analysis is to create a consistent comparison to the compensation data in the utility compensation database used by Pay Governance by estimating the revenue that the Company would earn if its cost of goods sold was in similar proportion to that of the energy-based utilities that constitute the majority of the companies in the database. In order to determine a factor by which to adjust the Company's annual revenues, the Compensation Committee recommended that the consultant analyze the income statements of a sample of delivery-focused (i.e., non-power generating) utilities, chosen by the consultant with no input from the Compensation Committee or management, to develop a typical cost of goods sold factor attributable to commodity costs.

Pay Governance's analysis for 2017 determined that the commodity portion of the cost of goods sold averaged 45% of revenues for these companies and calculated what the Company's adjusted revenues would be using this factor. Since there are certain complexities associated with procuring these commodities at the energy-based utilities, the consultant recommended, and the Compensation Committee agreed, that it would be appropriate to discount the market rates generated by the adjusted revenue methodology. Thus, it was agreed that the Company would use an average of the market data produced using the Company's adjusted revenue scope with market data generated using the Company's actual revenue scope in determining the market rates for the Company's named executive officers.

Because the companies listed in Appendix A vary widely in terms of revenues, Pay Governance used regression analysis to size-adjust the benchmark data for each named executive officer's revenue responsibility using the Company's actual and adjusted revenues, where possible, and then averaging the results to determine market rates for base salary, total cash compensation and total direct compensation for each named executive officer. Tabular data was used where regression data was unavailable due to insufficient correlation between officer positions in the Company and the companies in the database and/or limited sample size to ensure the accuracy of the regression analysis. Regression analysis is an objective calculation that identifies a relationship between one variable (in this case, compensation) and another variable that is correlated to it (in this case, total company revenues). Therefore, in developing the market rates for base salary, total cash compensation, and total direct compensation, Pay Governance used regression analysis to determine what the companies in Appendix A would pay at the median for positions comparable to those of the Company's named executive officers. The combination of salary, short-term incentives, and long-term incentives is intended to compensate executives at approximately the 50th percentile of the market when the Company performs at a target level.

Pay Governance reviews the Company's executive compensation program for the Compensation Committee and annually provides the data and analysis described above. The compensation consultant discusses the proposed actual compensation awards for the named executive officers and provides research and input to the Compensation Committee on changes to the compensation program.

In 2017, Pay Governance also analyzed the Company's executive compensation program to ensure that it remained competitive in the market place to show the market rate for base salary, total cash compensation and total direct compensation, including the allocation between cash compensation and equity incentives. Pay Governance provides no other services to the Company other than serving as the Compensation Committee's compensation consultant for

executive and director compensation decisions.

Table of Contents

OTHER CONSIDERATIONS

The Compensation Committee also takes into consideration the results of the advisory votes on the Company's executive compensation program for the few years prior to the year for which the executive compensation decisions are being made. For the years 2014 through 2017, the shareholders approved the advisory vote on the compensation of our named executive officers by 93% to 94% of the votes cast.

DETERMINATION OF ACTUAL COMPENSATION

We emphasize pay for performance, especially for our higher-level executives. Therefore, the named executive officers tend to receive a substantial portion of their total direct compensation from annual cash incentives and long-term equity incentives. In addition, the percentages of total direct compensation represented by base salary, annual cash incentive opportunities, and equity incentives, respectively, for the named executive officers are generally in line with the percentages represented by these elements of total direct compensation for the competitive market rate benchmarks.

The Compensation Committee determines the actual amount of each element of annual compensation to award to the Company's named executive officers with the goal of having the target total direct compensation opportunity for each named executive officer generally within a range of 15% above or below the market median rate for his position over time.

BASE SALARY

A competitive base salary is necessary to attract and retain a talented and experienced workforce. Actual salaries for the named executive officers, other than the Chief Executive Officer whose salary is determined by the Board of Directors using the same criteria, are determined by the Compensation Committee by considering both the market median rate for the position and internal equity with both the other named executive officers and other employees of the Company. The Compensation Committee's goal is to maintain base salaries generally within a range of 15% above or below the market median rate over time for each of the named executive officers, although deviations from this goal may occur due to promotions, and the time the executive has been in a particular salary grade. Base salaries are considered for adjustment annually and adjustments are based on general movement in external salary levels, changes in the market rate for the named executive officers' positions, individual performance, internal equity and changes in individual duties and responsibilities. For 2017, the annual increases to the salaries for the named executive officers reflected these assessments and averaged 4.9%. The base salaries approved by the Compensation Committee for 2017, effective April 1, 2017, were as follows: Mr. Franklin, \$720,090; Mr. Smeltzer, \$402,318; Mr. Fox, \$360,099; Mr. Schuller, \$372,030; and Mr. Luning, \$330,084.

SHORT-TERM INCENTIVE AWARDS

THE 2017 ANNUAL CASH INCENTIVE AWARDS

Annual cash incentive awards under the Annual Cash Incentive Compensation Plan (the "Annual Plan") are intended to motivate management to focus on the achievement of annual corporate and individual objectives that would, among other things, improve the level of service to our customers, control the cost of service, and enhance our financial performance.

During 2017, the Compensation Committee, Pay Governance, and management determined that it was appropriate to revise the design of the annual cash incentive portion of the total direct compensation paid to the named executive

officers to place more emphasis on financial, safety, and compliance performance metrics and to reduce the weight allocated to individual goals. The Compensation Committee believes that these changes will focus the named executive officers' efforts on business metrics that are core to the Company's mission and reward the named executive officers' performance in achieving these metrics.

The Annual Plan aligns the Company's goals with payouts dependent upon achievement of certain performance objectives over a one year period. The tables and the narrative below detail the 2017 Annual Cash Incentive Award Metrics.

The safety metric was achieved through the accumulation of points focused on specific safety components including Lost Time Incidents, Safety Training Hours, Incident Reporting, and Responsible Vehicle Accident Rate. The table below illustrates the weighting and performance range of each safety goal and a corresponding point score.

Individual Goals 10%

At the beginning of 2017, two individual goals were identified for each named executive officer that aligned with the broader Company goals. Individual goals focus on the named executive officer's role with the Company. Each named executive officer was rated on the achievement of each goal and received a rating between 50%-150%.

Based on the above-described factors, the following table shows the 2017 performance of the Company compared to the targets set in the Annual Plan:

LONG-TERM EQUITY INCENTIVE AWARDS

Our use of equity incentive awards are intended to reward our named executive officers for: (1) enhancing the Company's financial health, which also benefits our customers; (2) improving our long-term performance through both revenue increases and cost control; and (3) achieving increases in the Company's equity and shareholder value, as well as helping to retain such executives due to the longer-term nature of these awards. We make these equity incentive awards under our 2009 Omnibus Equity Compensation Plan, as amended (the "Plan"). Under the Plan, the Compensation Committee and the Board of Directors may grant stock options, dividend equivalents, performance-based or service-based stock units and stock awards, stock appreciation rights and other stock-based awards to officers, directors, key employees and key consultants of the Company and its subsidiaries who are in a position to contribute materially to the successful operation of our business. As part of its review of the total compensation package for our named executive officers, the Compensation Committee annually reviews our equity incentive compensation program. Starting in 2011, the Compensation Committee began using a combination of performance share units and restricted stock units to better link the named executive officer's long-term incentive compensation to performance results that led to increased shareholder value and enhanced our long-term financial stability, which also benefits our customers. In 2017, the Compensation Committee added performance-based stock options to the long-term incentive compensation program for the same reasons.

We aim to strike a balance between the incentive and retention goals of our equity grants:

All of the equity grants to our Chief Executive Officer are subject to performance goals.

For our other named executive officers, two-thirds of the equity grant value as of the grant date is in the form of performance share units, with the performance metrics described below, and one-third is in the form of service-based restricted stock units.

Using the market rates developed by Pay Governance, the Compensation Committee bases the annual equity incentive awards made to the named executive officers as part of the total compensation package designed to be competitive with the benchmarked group and our industry. The Compensation Committee does not consider any increase or decrease in the value of past equity incentive awards in making these annual decisions. In considering the number of equity incentive awards to be granted in total to all employees each year, the Compensation Committee considers the number of equity incentive awards outstanding and the number of equity incentive awards to be awarded as a percentage of Aqua America's total shares outstanding. The number of equity incentive awards granted annually to all employees has been less than 1% of Aqua America's total shares outstanding per year for the past several years.

Equity incentive awards are generally all made on the same grant date. It is our policy to make the grant date of equity compensation grants the date that the Compensation Committee approves the grants, which is

Table of Contents

either the date of the Compensation Committee's meeting or the date of the Board meeting following the Compensation Committee's meeting. The dates for all Board and Compensation Committee meetings, including the dates for the Compensation Committee to approve the equity grants, are set in advance, subject to changes for scheduling conflicts, and are independent of the timing of our disclosure of any material non-public information other than our normal annual earnings release.

PERFORMANCE SHARE AWARDS

Performance share or performance share unit grants (PSU) (together referred to as performance shares) provide the named executive officer with the opportunity to earn awards of shares based on Company performance against designated pre-determined, objective metrics. Participants are granted a target number of shares or units that, for the 2015 and 2016 grants, can increase to 200% of the target, and for the 2017 grants, can increase to 200% of the target or decrease to zero based on the Company's actual performance compared to the designated metrics. Dividends or dividend equivalents, as applicable, on the performance shares accrue and will be paid when the performance shares are earned and paid based on the number of shares actually earned, if any.

The performance goals to be achieved under the PSU awards have been based on the following performance goals, with the weighting of each goal assessed each year:

The Company's total shareholder return (TSR) at the end of the performance period as compared to the TSR of the other large investor-owned water companies (American Water Works Company, American States Water Company, Connecticut Water Service, Inc., California Water Service Group, Middlesex Water Company and SJW Corporation);

The Company's TSR compared to the TSR for the companies in the S&P Midcap Utility Index (Appendix A);

The achievement of maintaining Operating and Maintenance (O&M) expenses within the Company's regulated operations over the performance period; and,

The achievement of the three-year cumulative total earnings before taxes in non-Aqua Pennsylvania subsidiaries.

2015 PSU Awards Achievement

The three-year performance period for the PSU awards made by the Compensation Committee in 2015 ended on December 31, 2017. In February 2018, the Compensation Committee determined the achievement of performance goals for the 2015 PSUs, as follows:

Outstanding 2016 PSU Awards

The PSU awards granted in 2016 have similar performance goals to the 2015 PSU awards, with different percentile rankings and scales, and a performance period that began on January 1, 2016 and will end on December 31, 2018. Please see the disclosure under the heading *Outstanding Equity Awards at Fiscal Year- End* for a description of the status of such 2016 PSU awards.

Outstanding 2017 PSU Awards

The 2017 PSU awards have similar performance goals to the 2015 and 2016 PSU awards, and a performance period that began on January 1, 2017 and will end on December 31, 2019. Please see the disclosure under the heading *Outstanding Equity Awards at Fiscal Year- End* for a description of the status of such 2017 PSU awards.

STOCK OPTIONS

In 2017, the Compensation Committee added performance-based stock options to the grants to the named executive officers. The Compensation Committee believes that the award of stock options, when paired with the performance and service-based stock awards, completely aligns the interests of the named executive officers with those of the shareholders. Fifteen percent of the named executive officer's performance-based awards will vest ratably over a three-year period of time based upon the Company's achievement of at least an adjusted return on equity equal to 150 basis points below the return on equity granted by the Pennsylvania Public Utility Commission during the Company's Pennsylvania subsidiary's last rate proceeding. The Company's adjusted return on equity is calculated annually in accordance with the below descriptive formula and if the adjusted return on equity meets or exceeds 150 basis points below the return of equity of the most current Pennsylvania Public Utility Commission rate award, the awards will vest:

Return on Equity = net income (excluding net income or loss from acquisitions which have not yet been incorporated into a rate application as of the last year end) / equity (excluding equity applicable to acquisitions which are not yet incorporated in a rate application during the award period).

The Compensation Committee believes that by providing the named executive officers with the ability to earn stock options, the named executive officers' interests are aligned with the shareholders' interests as the value of the stock option is a function of the price of the Company's stock. In addition, stock options provide the use of an additional performance metric for the earning of long-term equity compensation.

RESTRICTED SHARE AWARDS

Annual restricted share or restricted stock unit grants (together referred to as *restricted shares*) entitle the named executive officer to receive the number of shares granted at the end of a given period of time, or in increments over a period of years on the anniversaries of the grant date, provided the named executive officer remains an employee of the Company, unless separation is due to death, disability, retirement or termination following a Change in Control, in which cases acceleration of the lapse of forfeiture restrictions occurs as set forth in the Plan. Dividends or dividend equivalents, as applicable, are accumulated and paid when the restricted shares are paid. The restricted shares to the other named executive officers (other than the Chief Executive Officer) vest 100% after three years, with vesting subject solely to continued service with the Company.

The restricted shares to the Chief Executive Officer vest 100% after three years, with vesting subject to continued service with the Company and the Company's achievement of at least an adjusted return on equity equal to 150 basis

points below return on equity granted by the Pennsylvania Public Utility Commission during

the Company's Pennsylvania subsidiary's last rate proceeding. The return on equity shall be calculated in the same manner as it is calculated for the purposes of determining the return on equity required for the vesting of stock options.

RETIREMENT PLANS

Our retirement plans are intended to provide competitive retirement benefits to help attract and retain employees. Some of our named executive officers are participants in our qualified pension plan (benefits frozen as of December 31, 2014) (the Retirement Plan), and in our non-qualified pension benefit plan (the Non-Qualified Pension Benefit Plan). Our non-qualified retirement plan is intended to provide executive officers with a retirement benefit that is comparable on a percentage of salary basis to that of our other employees participating in the Retirement Plan by providing the benefits that are limited under current Internal Revenue Service regulations. Benefits continue to accrue for some of our named executive officers in the Non-Qualified Pension Benefit Plan. Starting in 2009, the Company began to fund the trust for the benefits under the Non-Qualified Pension Benefit Plan using trust-owned life insurance. A named executive officer's retirement benefits under our qualified and non-qualified retirement plan are not taken into account in determining the executive's current compensation. Effective December 31, 2014, the named executive officers ceased accruing a benefit under the Retirement Plan. Specifically, their plan compensation and credited service for purposes of determining their benefits was frozen in the Retirement Plan as of December 31, 2014. Vesting service will continue to accrue in the Retirement Plan as long as the named executive officer remains employed by the Company.

NON-QUALIFIED DEFERRED COMPENSATION PLAN

We maintain a non-qualified Executive Deferred Compensation Plan (the Executive Deferral Plan) that allows eligible members of management to defer all or a portion of their salary and annual cash incentives, which enables participants to save for retirement and other life events in a tax-effective manner. Deferred amounts are deemed invested in one or more mutual funds selected by the participant under trust-owned life insurance policies on the lives of eligible executives. In addition, in order to provide named executive officers with the full Company matching contribution available to other employees under our qualified plans, executives who choose to defer up to six percent of their salary under one of Aqua America's 401(k) plans, but do not receive the full Company matching contribution under such qualified plans due to the Internal Revenue Service regulations limiting the total dollar amount that can be deferred under a 401(k) plan (\$18,000 for 2015, 2016, and \$18,500 for 2017), receive the portion of the Company matching contribution that would otherwise be forfeited by the executive as an Aqua America contribution into the Executive Deferral Plan. Effective January 1, 2009, the Company began to fund the trust holding amounts deferred by the participants in the Executive Deferral Plan using trust-owned life insurance. A named executive officer's deferrals and any earnings on deferrals under our non-qualified deferred compensation plan are not taken into account in determining the named executive officer's compensation.

SEVERANCE PLANS

All of the named executive officers are covered by a severance policy. The policy provides the named executive officers with a severance benefit of one full year salary and one full year projected bonus and a minimum of one month of continued medical benefits and a maximum of six months of continued medical benefits following termination, provided that the named executive officer is terminated for any reason other than for cause.

Additionally, Mr. Franklin and the Company entered into an Employment Agreement when he became Chief Executive Officer (Mr. Franklin's Employment Agreement). Pursuant to Mr. Franklin's Employment Agreement, if the Company terminates Mr. Franklin's employment without cause or does not renew the term of

Table of Contents

the Employment Agreement, or Mr. Franklin terminates his employment for good reason (as defined in the agreement), Mr. Franklin will receive any accrued but unpaid salary and accrued vacation as well as a lump sum equal to (i) 24 months of base salary and (ii) two times the target annual bonus. If the Company terminates Mr. Franklin's employment for cause or if he terminates his employment without good reason, or for death or disability, Mr. Franklin (or his estate) will receive any accrued but unpaid salary and accrued vacation. Mr. Franklin's Employment Agreement expires June 30, 2018, and may be extended for successive one-year terms upon mutual agreement of the Company and Mr. Franklin. Mr. Franklin's Employment Agreement is filed with our SEC filings.

CHANGE-IN-CONTROL AGREEMENTS

We maintain change-in-control agreements with the named executive officers. These change-in-control agreements are intended to minimize the distraction and uncertainty that could affect key management in the event we become involved in a transaction that could result in a change in control of Aqua America, enable the executives to impartially evaluate such a transaction, provide a retention incentive to our named executive officers and encourage their attention and dedication to their duties and responsibilities in the event of a possible change-in-control. Under the terms of these agreements, the covered named executive officer is entitled to certain severance payments and a payment in lieu of the continuation of benefits if he experiences a termination of employment other than for cause, or in the event the executive resigns for good reason, as defined in the agreements, within two years following a change-in-control of Aqua America. (See the description of Potential Payments Upon Termination or Change-in-Control on pages 60 through 62.)

These change-in-control agreements are referred to as double trigger agreements because they only provide a benefit to executives whose employment is terminated, or who have good reason to resign, following a change-in-control. These change-in-control agreements do not provide any payments or benefits to the covered executives merely as a result of a change-in-control. The normal annual restricted share, stock option and performance share grants to the named executive officers also contain double trigger provisions. Each of the change-in-control agreements limits the amount of the payments under the agreements to the Internal Revenue Service's limitation on the deductibility of these payments under Section 280G of the Internal Revenue Code (the Code).

The Company has determined that there will be no tax gross-ups in any change-in-control agreements with executives and that all such agreements will be subject to the limitations under Section 280G of the Code. We believe that the multiples of compensation and other benefits provided under the change-in-control agreements, as described on pages 60 through 62, are consistent with the multiples in the market. Named executive officers who receive payments under their change-in-control agreements in connection with their separation from employment following a change-in-control will not be entitled to any payments under our normal severance policy.

PERQUISITES

We offer a limited number of perquisites for our named executive officers. The Board has authorized executive benefits consisting of executive financial planning and annual executive physical exams. The Board regularly reviews the benefits provided to our executives and makes appropriate modifications based on the value of these benefits.

THE ROLE OF MANAGEMENT IN THE EXECUTIVE COMPENSATION PROCESS

Our Senior Vice President, General Counsel, and Secretary and our Interim Vice President, Human Resources assist the Compensation Committee by preparing schedules showing the present compensation of executives and compiling the recommended salary grade midpoints, market rates, target annual cash incentives

Table of Contents

and target range of equity compensation awards from the information provided by the Compensation Committee's consultant. Our Chief Executive Officer compiles and presents the supporting information for the individual executives' performance against their objectives and his recommendations for any discretionary points for the evaluation of the extent of achievement of individual goals (the Individual Factor) under the Annual Plan. He also provides the Compensation Committee with his recommendations for annual salary increases, any changes in target annual cash incentive percentages and equity incentive awards for the other executive officers. Our Chief Financial Officer provides the Compensation Committee with certifications as to our financial performance for purposes of the Compensation Committee's determination of the achievement of the Company-specific goals (the Company Factor) for the Annual Plan, our performance against the criteria established by the Compensation Committee for the vesting of restricted share grants and the earning of performance shares. These financial measures are also certified by our Director of Internal Audit. Our Chief Executive Officer makes recommendations to the Compensation Committee with respect to the compensation awards for the named executive officers other than himself, but the ultimate decisions regarding compensation for these officers are made by the Compensation Committee.

STOCK OWNERSHIP GUIDELINES

In 2005, the Board of Directors established stock ownership guidelines for the named executive officers to encourage these executives to maintain a significant ownership interest in the Company and to help align the interests of these executive officers with the long-term performance of the Company. In 2017, these guidelines were modified to recognize the different levels of executives who may be among the named executive officers and to state the guidelines in terms of the number of shares to be held rather than a dollar value, in order to avoid fluctuations in the number of shares to be held based on variations in the Company's stock price. In establishing the number of shares to be held, the Compensation Committee uses a round number of shares, the value of which approximates the following multiples of the midpoint of the base salary grade for the executives:

Position	Approximate Multiple of Salary	Shares, PSUs, and RSUs To Be Held
CHIEF EXECUTIVE OFFICER	5	108,000
EXECUTIVE VICE PRESIDENT	3	33,000
SENIOR VICE PRESIDENT	2	19,000

Each named executive officer is expected to have shareholdings consistent with these guidelines within five years after becoming a named executive officer or after receiving a significant promotion. Messrs. Franklin and Fox each received a significant promotion in 2015 and Mr. Schuller was initially hired in 2015, starting a new five-year period for each.

Shareholdings, as defined for ownership requirement purposes, include shares held directly or beneficially, including shares acquired under our Employee Stock Purchase Plan or 401(k) plans and restricted shares units and performance share units. An executive who has not achieved the guideline within this five-year period is expected to retain one-half of any equity awards, after any required tax withholding, in Company stock and to use 10% of any annual cash incentive awards after tax to purchase shares of Company stock until the guideline is met. The below chart shows the shareholdings of the named executive officers as of March 9, 2018:

ANTI-HEDGING AND ANTI-PLEDGING POLICY

It is the Company's policy not to permit hedging or pledging or short-selling of the Company's stock by its named executive officers. None of our named executive officers pledged any shares of Company stock during 2017. None of our named executive officers engaged in any hedging activities with respect to the Company stock during 2017.

CLAWBACK OF INCENTIVE COMPENSATION

In the event of a significant restatement of our financial results caused by executive fraud or willful misconduct, the Compensation Committee reserves the right to review the cash incentive compensation received by the named executive officers with respect to the period to which the restatement relates, recalculate Aqua America's results for the period to which the restatement relates and seek reimbursement of that portion of the cash incentive compensation that was based on the misstated financial results from the executive or executives whose fraud or willful misconduct was the cause of the restatement. In addition, starting with the performance share unit grants and restricted stock unit grants in 2014, all shares issued pursuant to those grants are subject to any applicable recoupment or clawback policies and other policies implemented by the Board, as in effect from time to time.

- (1) Salary and Non-Equity Incentive Plan Compensation amounts include amounts deferred by the named executive officer pursuant to the Executive Deferral Plan described on page 55.
- (2) The grant date fair value of stock-based compensation is based on the fair market value on the date of grant as determined in accordance with the Financial Accounting Standards Board's (FASB) accounting guidance for stock compensation. The assumptions used in calculating the fair market value are set forth in Note 14, Employee Stock and Incentive Plan contained in the Notes to the Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017. For the RSUs and Options, the Grant Date Fair Value shown is based on the actual number of shares underlying the award. For the PSUs, the Grant Date Fair Value shown is based on the target number of shares underlying the award. For all NEOs, the Grant Date Fair Value if the maximum payout occurred would be \$2,705,979 for the PSU awards; \$841,796 for the RSU awards; and, \$220,773 for the Option awards.

- (3) Non-Equity Incentive Plan Compensation is shown for the year in which the compensation is earned, and is generally paid in the following calendar year. See the description of these annual cash incentive awards above under the CD&A section of this Proxy Statement.
- (4) The change in pension value is based on the aggregate change in the actuarial present value of the named executive officer's accumulated benefit under all defined benefit pension plans (including non-qualified pension plans) from the pension plan measurement date used for financial statement reporting purposes in the Company's audited statements for the prior completed fiscal year to the pension plan measurement date used for financial statement reporting purposes in the Company's audited financial statements for the covered fiscal year. All amounts deferred by participants in the Executive Deferral Plan and all prior deferrals under the Executive Deferral Plan are invested in a variety of mutual funds selected by each participant under trust-owned life insurance used by the Company to fund the Executive Deferral Plan; there are no preferential or above-market earnings on this deferred compensation. Mr. Schuller is not eligible to participate in the Retirement Plan since he was hired by the Company after the Retirement Plan was closed to new entrants.

- (1) The named executive officers' Non-Equity Incentive Plan Awards are calculated based on the named executive officers' current annual salary multiplied by the executive's target incentive compensation percentage times an Individual Factor times a Company Factor.
- (2) The Threshold Non-Equity Incentive Plan Award is based on the minimum Individual Factor achievement of 75% and a maximum Individual Factor achievement of 150%.
- (3) The Target Non-Equity Incentive Plan Award is based on the minimum Individual Factor of 100% and a Company Factor of 100%.
- (4) The Maximum Non-Equity Incentive Plan Award is based on the maximum Individual Factor of 150% and the maximum Company Factor of 125%. 110% or more of the Company's financial target must be achieved to earn the maximum non-equity incentive plan award.
- (5) The February 22, 2017 Equity Incentive Plan Awards in these columns are composed of performance share units and restricted stock units for the CEO, Mr. Franklin, and performance share units for the other named executive officers. The performance share units for all named executive officers vest on the third anniversary of the grant date, subject to the degree of achievement of the applicable performance goals.
- (6) Represents service-based restricted stock unit grants to the named executive officers other than Mr. Franklin, which vest on the third anniversary of the grant date as long as the named executive officer is providing service to the Company.
- (7) The grant date fair value of restricted stock unit awards is based on their fair market value on the date of grant as determined under FASB accounting standards for stock compensation. The assumptions used in calculating the fair market value under FASB's accounting standard for stock

compensation are set forth in Note 14, Employee Stock and Incentive Plan contained in the Notes to Consolidated Financial Statements as incorporated by reference in the Company's Annual Report on Form 10-K for the year ended December 31, 2017.

Equity awards in 2017 consisted of RSUs, PSUs, and Stock Options. The RSU grants to the named executive officers vest at the end of three years from the grant date. The PSU grants to the named executive officers vest at the end of three years from the grant date, but the amount of the payout can range from 0% to 200% of the target grant depending on the Company's performance against the performance goals described on pages 37 to 41. The threshold level of PSUs that a grantee can earn is 50% of the target grant and the maximum level a grantee can earn is 200% of the target grant. The threshold, target and maximum payout for each of the named executive officers is shown in the Grants of Plan-Based Awards Table above. Stock Options grants to the named executive officers vest 33 1/3% in 2018, 33 1/3% in 2019, and 33 1/3% in 2020.

If the Company does not achieve the required financial performance to meet the designated performance criteria, the performance shares and stock options that are subject to such performance criteria that would otherwise vest are forfeited.

- (1) The performance goals for the PSUs granted for 2015 for the three-year performance period ended December 31, 2017 were as follows: (a) up to 30 percent of the performance shares will be earned based on attainment of Aqua's ordinal ranking (e.g. 1st, 2nd, 3rd, etc.) for TSR compared to a specified peer group of investor-owned water companies; (b) up to 30 percent of the performance shares will be earned based on Aqua's percentile ranking for TSR within the S&P MidCap Utilities Index; (c) up to 20 percent of the performance shares will be earned based on attainment of a three-year combined ratio of operations and maintenance expense compared to revenue for Aqua Pennsylvania; and, (d) up to 20 percent of the performance shares will be earned based on attainment of the three-year cumulative total earnings before taxes (EBT) for the Company's operations other than Aqua Pennsylvania. In February 2018, the Compensation Committee determined the achievement of the performance goals for the 2015 PSUs. The Company's TSR through December 31, 2017 was seventh out of seven peer water utilities (Metric (a)), the Company's TSR through December 31, 2017 was ranked eighth among the nineteen companies in the S&P MidCap Utilities Index (Metric (b)), the combined ratio of O&M expense to revenue for Aqua Pennsylvania was 29.99% (Metric (c)); and, combined EBT for operations other than Aqua Pennsylvania was \$282,026 (Metric (d)). The performance goals attainment resulted in overall achievement of 109.19%.

CEO TO MEDIAN EMPLOYEE PAY RATIO

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of Mr. Franklin:

For 2017, as is permitted under the rules of the SEC, to determine our median employee, we chose base salary as our consistently-applied compensation measure. We annualized this measure of compensation for those who commenced employment during 2017. Using a determination date of December 31, 2017, we calculated the median base salary for all required employees. Using a valid statistical sampling methodology, we then produced a sample of employees who were paid within a 5% range of that median and selected an employee from within that group as our median employee. The annual total compensation of the employee identified as the median employee of the Company (other than Mr. Franklin), was \$97,977 and, the annual total compensation of Mr. Franklin was \$4,313,503.

Accordingly, the ratio of the annual total compensation of Mr. Franklin to the median of the annual total compensation of all employees of the Company was estimated to be 44 to 1.

The annual total compensation for the median employee and Mr. Franklin were calculated under Item 402(c) of Regulation S-K. The median employee does participate in the Company's defined benefit pension plan. Without the inclusion of the change in pension and non-qualified plan values, Mr. Franklin's annual total compensation was \$2,680,733 and the median employee's annual total compensation was \$73,753 with a ratio of 36 to 1.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above. The SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. As such, pay ratios reported by other companies may not be comparable to the pay ratio reported above.

RETIREMENT INCOME PLAN FOR AQUA AMERICA, INC. AND SUBSIDIARIES (THE RETIREMENT PLAN)

The Company sponsors a qualified defined benefit Retirement Plan to provide retirement income to the company's employees hired prior to certain dates starting in 2003. Effective December 31, 2014, the named executive officers (other than Mr. Schuller, who is not a participant in the plan) ceased accruing a benefit under the Retirement Plan. Specifically, their plan compensation and credited service for purposes of determining their benefits were frozen in the Retirement Plan as of December 31, 2014.

For the portion of the Retirement Plan covering certain of the named executive officers, plan compensation is defined as total compensation paid, but excludes contributions made by the Company to a plan of deferred compensation,

distributions from a deferred compensation plan, amounts realized from the exercise of stock options or when restricted shares underlying restricted stock units or performance shares become freely transferable, fringe benefits, welfare benefits, reimbursements or other expense allowances, moving expenses and commissions. The Employee Retirement Income Security Act of 1974, as amended (ERISA), imposes maximum limitations on the annual amount of pension benefits that may be paid, and the amount of compensation that may be taken into account in calculating benefits, under a qualified, funded, defined benefit pension plan such as the Retirement Plan. The Retirement Plan complies with these ERISA limitations.

Benefits earned under the final pay formula for the retirement plan are equal to 1.35% of average plan compensation plus 0.45% of average plan compensation above Covered Compensation for each year of credited service up to 25 years, and 0.5% of average plan compensation for each year of credited service above 25 years. The annual benefit is further subject to a minimum benefit schedule. Average plan compensation is defined as the average of plan compensation over the highest five consecutive years out of the last ten years. Covered Compensation is defined as the average of the Social Security Wage Bases (as defined in the Retirement Plan) in effect for each calendar year during the 35-year period ending with the last day of the calendar year of the benefit determination. Effective December 31, 2014, years of credited service and plan compensation in the Retirement Plan was frozen for the named executive officers (other than Mr. Schuller).

Table of Contents

Under the terms of the Retirement Plan, a Company participant becomes fully vested in his or her accrued pension benefit after five years of credited service. All named executive officers (with the exception of Mr. Schuller) are vested in the Retirement Plan. Participants may retire as early as age 55 with 10 years of service. Unreduced benefits are available when a participant attains the earlier of age 65 with 5 years of vesting service or age 62 with 30 years of vesting service. Otherwise, benefits are reduced 3% for each year by which retirement precedes the attainment of age 65 or are reduced actuarially in accordance with the terms of the Retirement Plan and federal law if payment occurs before age 55. Pension benefits earned are payable in the form of a lifetime annuity or can be collected as a lump sum benefit after retirement. Married individuals may receive a reduced benefit paid in the form of a qualified joint and survivor annuity. Messrs. Smeltzer and Fox are currently eligible to retire under the Retirement Plan.

NON-QUALIFIED RETIREMENT PLAN

Effective December 1, 1989, the Board of Directors adopted a supplemental benefits plan for salaried employees of the Company. On December 1, 2014, the Board of Directors adopted an amended benefits plan for salaried employees of the Company (the Non-Qualified Pension Benefit Plan). The Non-Qualified Pension Benefit Plan is a plan that is intended to provide an additional pension benefit to Company participants in the Retirement Plan and their beneficiaries whose benefits under the Retirement Plan are adversely affected by the ERISA limitations described above. Effective December 31, 2014, the Non-Qualified Pension Benefit Plan was amended to include credited service and plan compensation that the named executive officers would have otherwise accrued under the Retirement Plan if their benefit had not been frozen in the Retirement Plan. In addition, deferred compensation is excluded from the Retirement Plan plan compensation definition, but is included in the calculation of benefits under the Non-Qualified Pension Benefit Plan. The benefit under the Non-Qualified Pension Benefit Plan is equal to the difference between (i) the amount of the benefit the Company participant would have been entitled to under the Retirement Plan absent such ERISA limitations, absent the freezing of plan compensation and credited service, and including deferred compensation in the final average earnings calculation, and (ii) the amount of the benefit actually payable under the Retirement Plan.

Participants may retire as early as age 55 with 10 years of service under the Non-Qualified Pension Benefit Plan. Unreduced benefits are available when a participant attains the earlier of age 65 with 5 years of service or age 62 with 30 years of service. Otherwise, benefits are reduced 3% for each year by which retirement precedes the attainment of age 65. Pension benefits earned under the Non-Qualified Pension Benefits Plan are payable in the form of a lump sum, unless an alternative election is made. An alternative election may be made such that benefits are paid as an annuity for life (and the life of the participant's spouse upon death), in a series of installments or under certain circumstances transferred at separation from employment to up to five separate distribution accounts under the Company's Executive Deferral Plan.

Messrs. Franklin, Fox, Smeltzer and Luning are earning benefits under the Non-Qualified Pension Benefit Plan, and are fully vested in those benefits. Messrs. Fox and Smeltzer are currently eligible to retire under the Non-Qualified Pension Benefit Plan. Mr. Schuller does not earn any benefits under the Non-Qualified Pension Benefit Plan. In 2009, the Company began to fund the Non-Qualified Pension Benefit Plan through the use of trust-owned life insurance.

Table of Contents**ACTUARIAL ASSUMPTIONS USED TO DETERMINE VALUES IN THE PENSION BENEFITS TABLE**

The amounts shown in the Pension Benefits Table above are actuarial present values of the benefits accumulated through the date shown. An actuarial present value is calculated by estimating expected future payments starting at an assumed retirement age, weighting the estimated payments by the estimated probability of surviving to each post-retirement age, and discounting the weighted payments at an assumed discount rate to reflect the time value of money. The actuarial present value represents an estimate of the amount, which, if invested today at the discount rate, would be sufficient on an average basis to provide estimated future payments based on the current accumulated benefit. Assumptions used to determine the values are the same as those disclosed on the Company's financial statements as of those dates with the exception of the assumed retirement age and the assumed probabilities of leaving employment prior to retirement. Retirement was assumed to occur at the earliest possible unreduced retirement age (or current age, if later) for each plan in which the executive participates. For purposes of determining the earliest unreduced retirement age, service was assumed to be granted until the actual date of retirement. Actual benefit present values will vary from these estimates depending on many factors, including an executive's actual retirement age. The key assumptions included in the calculations are as follows:

	RETIREMENT AGES

- (1) The Company's and the named executive officers' contributions to this plan are included in the Summary Compensation Table.
- (2) In 2017, the deferred amounts were invested in mutual funds chosen by the participant under a trust-owned life insurance policy maintained by the Company to fund the Executive Deferral Plan. The earnings shown in this column include the earnings on those mutual funds.

Employees with total projected W-2 compensation for 2017 in excess of \$141,000 were eligible to participate in the Company's Executive Deferral Plan for 2017. Participants may defer up to 100% of their salary and 100% of their non-equity incentive compensation under the Company's Annual Cash Incentive Compensation Plan. At the time the participant elects to make a deferral under the Executive Deferral Plan, the participant is also required to elect the form of payment with respect to the amounts deferred for the upcoming calendar year. If a separation distribution account is elected, the participant may choose to receive his or her distribution in either a lump sum payment or, subject to certain requirements, in annual installments over 2 to 15 years. If a flexible distribution account is elected, the participant will receive his or her distribution in a lump sum payment. The executive officers, including the named executive officers, may not commence the receipt of their account balances and the earnings on these deferrals sooner than the first day of the seventh month following the date of the executive's separation from employment.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL**CHANGE-IN-CONTROL**

The Company maintains change-in-control agreements with its named executive officers. Payments under these agreements are triggered if the named executive officer's employment is terminated other than for cause or the executive resigns for good reason, as defined in the agreements, within two years after consummation of a change-in-control transaction involving the Company.

Table of Contents

The following table provides a summary of the benefits to which each named executive officer would be entitled under the change-in-control agreements.

NAME	PAYMENT IN LIEU OF HEALTH BENEFIT		
	MULTIPLE OF BASE COMPENSATION	CONTINUATION PERIOD	OUTPLACEMENT SERVICES
FRANKLIN	2	2	6 Months
SMELTZER	2	2	6 Months
FOX	2	2	6 Months
SCHULLER	2	2	6 Months
LUNING	2	2	6 Months

For purposes of the change-in-control agreements, Base Compensation is defined as current base annual salary, plus the greater of the named executive officer's target bonus for the year in which the executive incurs a termination of employment, or the last actual bonus paid to the named executive officer under the Annual Cash Incentive Compensation Plan (or any successor plan maintained by Aqua America), in all capacities with Aqua America and its subsidiaries or affiliates. The executive's Base Compensation would be determined prior to reduction for salary deferred by the named executive officer under any deferred compensation plan of Aqua America and its subsidiaries or affiliates, or otherwise. The named executive officer is entitled to receive a pro-rata share of the named executive officer's target annual cash incentive compensation based on the portion of the calendar year that has elapsed at the time of the named executive officer's termination. The named executive officer is also entitled to receive a lump sum payment in lieu of the continuation of certain health benefits for a period of 2 years and outplacement services.

The payment of the multiple of Base Compensation would be made in a lump sum within 60 days after the executive's termination as defined under the agreement, although pursuant to the requirements of Section 409A of the Code, part or all of such payment may need to be deferred until the first day of the seventh month following the date of the named executive officer's separation from employment. Each executive is required to execute a standard release of the Company as a condition to receiving the payment under the agreement.

For equity incentive awards made under the Plan: (i) for restricted stock units without performance goals, if a change-in-control occurs prior to the vesting date, the restricted stock units would remain outstanding and vest on the vesting date or, if earlier, vest upon a qualified termination event following a change-in-control; (ii) for Options, if a change-in-control occurs prior to any vesting date, the Options would remain outstanding and vest in accordance with the vesting schedule, or, if earlier, accelerate and vest upon a qualified termination event following a change-in-control; and (iii) for performance shares, if a change-in-control occurs, performance would be measured at the date of the change-in-control, and the number of performance shares earned would be determined as of the date of the change-in-control as follows:

If a change-in-control occurs more than one year after the grant date, the number of performance shares earned as of the change-in-control date would be the greater of (i) the amount earned based on actual performance, or (ii) the target number of performance shares.

If a change-in-control occurs within one year after the grant date, the number of performance shares earned as of the change-in-control date would be a pro rata portion (based on the number of whole months in the applicable performance period worked from the date of grant to the change-in-control) of the greater of (i) the amount earned based on actual performance, or (ii) the target number of performance shares.

Any performance shares that are not earned at the change-in-control date would be forfeited. The vesting of these equity incentives is applicable to all grantees under the Plan.

Table of Contents

For purposes of the change-in-control agreements and the vesting of unvested equity incentives as described above, a change-in-control, subject to certain exceptions, means:

- (1) any person (including any individual, firm, corporation, partnership or other entity except Aqua America, any subsidiary of Aqua America, any employee benefit plan of Aqua America or of any subsidiary, or any person or entity organized, appointed or established by Aqua America for or pursuant to the terms of any such employee benefit plan), together with all affiliates and associates of such person, shall become the beneficial owner in the aggregate of 20% or more of the common stock of Aqua America then outstanding; or
- (2) during any 24-month period, individuals who at the beginning of such period constitute the Board of Directors of Aqua America cease for any reason to constitute a majority thereof, unless the election, or the nomination for election by Aqua America's shareholders, of at least seventy-five percent of the directors who were not directors at the beginning of such period was approved by a vote of at least seventy-five percent of the directors in office at the time of such election or nomination who were directors at the beginning of such period; or
- (3) there occurs a sale of 50% or more of the aggregate assets or earning power of Aqua America and its subsidiaries, or its liquidation is approved by a majority of its shareholders or Aqua America is merged into or is merged with an unrelated entity such that following the merger the shareholders of Aqua America no longer own more than 50% of the resultant entity.

The change-in-control agreement for Mr. Franklin and the form of change-in-control agreement for the other named executive officers have been filed with the SEC as exhibits to the Company's periodic report filings.

RETIREMENT AND OTHER BENEFITS

Under the terms of our qualified and non-qualified defined benefit retirement plans, eligible salaried employees, including the certain named executive officers, are entitled to certain pension benefits upon their termination, retirement, death or disability. In general, the terms under which benefits are payable upon these triggering events are the same for all participants under the qualified and non-qualified plans. The present value of accumulated pension benefits, assumed payable at the earliest unreduced age (or current age, if later), for the named executive officers is set forth in the Pension Benefits Table on page 52. The pension benefit values included in the tables on pages 60 through 62 reflect the incremental value above the amounts shown in the Pension Benefits Table for benefits payable upon each triggering event from all pension plans in the aggregate.

The Company sponsors postretirement medical plans to subsidize retiree medical benefits for employees hired prior to certain dates starting in 2003. Under the postretirement medical plans, employees are generally eligible to retire upon attainment of age 55 and completion of 15 years of service. Upon retirement, eligible participants are entitled to receive subsidized medical benefits prior to attainment of age 65 where the subsidy provided is based upon age and years of service upon retirement. Upon attainment of age 65, eligible participants are entitled to receive employer contributions into a premium reimbursement account which may be used by the retiree in paying medical and prescription drug benefit premiums. Mr. Smeltzer and Mr. Fox are eligible for these benefits. The postretirement medical benefits shown in the tables on pages 60 through 62 are those which are payable from the Company under each of the triggering events.

Assumptions used to determine the values are the same as those disclosed on the Company's financial statements. In addition, the Company assumes immediate termination, retirement, death or disability have occurred at December 31, 2017 for purposes of the tables on pages 60 through 62. Participants not eligible to receive benefits if leaving under a triggering event as of December 31, 2017 are shown with zero value in the tables.

Table of Contents

Upon termination for any reason, the named executive officer in our Executive Deferral Plan, would be entitled to a distribution of their account balances as set forth in the Nonqualified Deferred Compensation table on page 55, subject to the restrictions under the Executive Deferral Plan described on page 42. The values of these account balances are not included in the tables on pages 60 through 62. The named executive officers are also eligible for the same death and disability benefits of other eligible salaried employees. These common benefits are not included in the tables on pages 60 through 62.

Under the terms of the 2009 Omnibus Equity Compensation Plan, as amended (the Plan):

if the employment of the named executive officer terminates, any vested Options will remain exercisable for 90 days following the date of termination, or if shorter, the remaining term of the stock option;

if the named executive officer retires, other than in a change-in-control context, a prorated portion of the unvested Options will vest if the applicable performance goal is met for the year in which retirement occurs, and the vested Options will remain exercisable for the full term of the Options;

if the named executive officer dies or becomes disabled any unvested portion of any outstanding Options will become immediately vested, and will remain exercisable for one year following the termination date; and,

if, in connection with a change-in-control, the named executive officer's employment is terminated by retirement, termination without cause or disability or death, all unvested stock options will accelerate and vest on the termination date. The vested Options shall be exercisable for the applicable period.

Under the terms of the restricted stock unit grants under the Plan, grantees of restricted stock units will (i) vest in a pro-rata portion of unvested grants upon the grantee's termination of employment as a result of retirement, or (ii) vest immediately in unvested grants following the grantee's termination of employment as a result of death or disability. Shares of Company stock equal to the applicable portion of the restricted stock units shall be issued to the grantee within 60 days following the grantee's retirement, death or disability, subject to applicable tax withholding and the values of these restricted stock units as of December 31, 2017 are included in the tables on pages 60 through 62.

Under the terms of the performance share unit grants under the Plan, grantees of performance share units will (i) earn a pro-rata portion of unvested grants upon the grantee's termination of employment as a result of retirement or earn immediately any unvested grants following the grantee's termination of employment as a result of death or disability. Shares of Company stock equal to the applicable portion of the performance share units shall be issued to the grantee on the vesting date for such performance share units and the estimated values of these performance share units based on interim performance through December 31, 2017 are included in the tables on pages 60 through 62. For purposes of the performance share units tied to the performance goal of cumulative earnings before taxes, the Company's actual performance is measured against a pro rata portion of the performance goal as of year-end. Actual performance results for the full performance period may be substantially different from the amounts presented in the tables on pages 60 through 62.

TERMINATION

With respect to a termination event other than in connection with a change-in-control, the severance plan applicable to the named executive officers other than Mr. Franklin, and Mr. Franklin's Employment Agreement as described on pages 42 through 43, provides the named executive officers with a severance benefit of one full year salary and one full year projected bonus or a minimum of one month of continued medical benefits of the named executive officer is terminated for any reason other than for cause.

In addition, once vested, participants are eligible to receive qualified benefits under the Retirement Plan and nonqualified benefits from the Non-Qualified Pension Benefit Plan. Benefits vest upon attaining five years of

Table of Contents

service. Pension benefits for Messrs. Franklin, Smeltzer, Fox, and Luning are vested and payable from the Retirement Plan as well as the Non-Qualified Pension Benefit Plan.

The full value of the benefits payable due to termination is determined based on the assumed timing and form of the benefits payable as follows: the benefits for Messrs. Franklin, Fox and Luning are payable as an immediate lump sum payment or life annuity from the Retirement Plan and an immediate lump sum payment at age 55 from the non-qualified plans. Benefits have been reduced for early commencement by 3% per year of commencement prior to age 65.

RETIREMENT

In the case of retirement, the present value of benefits is determined in the same manner as termination. Mr. Smeltzer is eligible for early retirement benefits from the qualified Retirement Plan and Non-Qualified Pension Benefit Plan. Messrs. Franklin, Fox, Schuller and Luning are not currently eligible for retirement benefits.

DEATH

Vested benefits under the Retirement Plan are payable to the participant's surviving spouse as a single life annuity upon the death of the participant. The benefit will be paid to the spouse as early as the deceased participant's earliest retirement age (age 55 with ten years of service or age 65). The benefit will be equal to 75% of the benefit calculated as if the participant had separated from service on the date of death (assumed to be December 31, 2017 in the tables on pages 60 through 62), survived to the earliest retirement age and retired with a qualified contingent annuity. Vested benefits under the Non-Qualified Pension Benefit Plan are payable to the participant's surviving spouse as a lump sum (or in certain cases transferred to the Company's Executive Deferral Plan) upon the death of the participant. The benefit will be equal to 75% of the benefit calculated as if the participant had separated from service on the date of death (assumed to be December 31, 2017 in the tables on pages 60 through 62), survived to the earliest retirement age and retired with a qualified contingent annuity. For each of the participants, the total present value of pension benefits payable upon death is less than the amount shown in the Pension Benefits Table. For purposes of the benefit calculations shown, spouses are assumed to be three years younger than the participant.

DISABILITY

If an individual is terminated as a result of a disability with less than ten years of service, the benefits are payable in the same amount and form as an individual who is terminated. Individuals who terminate employment as a result of a disability with at least ten years of service are entitled to future accruals until age 65 (or earlier date if elected by the participant) assuming level future earnings and continued service. The benefits are not payable until age 65, unless elected by the participant for an earlier age. Upon the attainment of age 65, the individual would be entitled to the same options as an individual who retired from the Retirement Plan.

Messrs. Franklin, Smeltzer, Fox, and Luning have each completed ten years of service. Therefore, for purposes of this present value calculation, these participants are assumed to accrue additional service and earnings until age 65, at which time pension payments are assumed to commence. Mr. Schuller has not completed ten years of service.

Table of Contents**OWNERSHIP OF COMMON STOCK**

The following table sets forth certain information as of March 9, 2018 with respect to shares of Common Stock of the Company beneficially owned by: (1) each person known to the Company to be the beneficial owner of more than 5% of the Common Stock of the Company; (2) each director, nominee for director and executive officer named in the Summary Compensation Table; and (3) all directors, nominees and executive officers of the Company as a group. QUESTIONS AND ANSWERS ABOUT THE 2018 ANNUAL MEETING

Who is entitled to vote?

Holders of shares of the Company's common stock (the Common Stock) of record at the close of business on March 9, 2018 are entitled to vote at the meeting. Each shareholder entitled to vote shall

have the right to one vote on each matter presented at the meeting for each share of Common Stock outstanding in such shareholder's name.

How many shares can vote?

As of March 9, 2018, there were 177,893,483 shares of Common Stock outstanding and entitled to be voted at the meeting. Shares can be voted in the following four ways:

In person at the meeting;
By proxy at the meeting;

Electronically via the Internet, according to the instructions set out on the proxy card; or

By telephone, according to the instructions set out on the proxy card.

What is the proxy?

The proxy card or electronic proxy that you are being asked to give is a means by which a shareholder may authorize the voting of his or her shares at the meeting if he or she is unable to attend in person. The individuals to whom you are giving a proxy to vote your shares are Christopher P. Luning, our Senior Vice President, General Counsel and Secretary, and David P. Smeltzer, our Executive Vice President and Chief Financial Officer.

The shares of Common Stock represented by each properly executed proxy card or electronic proxy will be voted at the meeting in accordance with

each shareholder's direction. Shareholders are urged to specify their choices by marking the appropriate boxes on the proxy card or electronic proxy, or voting via telephone. If the proxy card or electronic proxy is signed, but no choice has been specified, the shares will be voted as recommended by the Board of Directors. If any other matters are properly presented at the meeting or any adjournment or postponement thereof for action, the proxy holders will vote the proxies (which confer discretionary authority to vote on such matters) in accordance with their judgment.

If a proxy is executed, can a shareholder still attend the meeting in person?

Yes, execution of the accompanying proxy or voting through an electronic proxy or voting by telephone will not affect a shareholder's right to

attend the meeting and, if desired, vote in person. You can submit a proxy and still attend the meeting without voting in person.

Can a shareholder revoke or change his or her vote?

Yes. Any shareholder giving a proxy card or voting by electronic proxy or voting by telephone has the right to revoke the proxy or the electronic or telephonic vote by giving written notice of revocation to the Secretary of the Company at any time before the proxy is voted, by executing a

proxy bearing a later date, by making a later-dated vote electronically or by telephone, or by attending the meeting and voting in person. Attendance at the meeting will not, by itself, revoke a previously granted proxy.

Table of Contents**What is Householding ?**

We have adopted a procedure approved by the SEC called householding. Under this procedure, multiple shareholders who share the same last name and address and do not participate in electronic delivery will receive only one copy of the Proxy Materials or the Notice. We have undertaken householding to reduce our printing costs and postage fees. Shareholders may elect to receive individual copies of the Proxy Materials or Notice at the same address by contacting Broadridge Financial Solutions, Inc. By telephone at 1-800-540-7095, or by mail at 51 Mercedes Way,

Edgewood, New York 11717. What are the voting requirements to approve each proposal? What is the impact of abstentions and broker non-votes on each proposal?

The following table summarizes the vote required for the approval of each proposal and the impact, if any, of abstentions and broker-non votes.

	Proposal	Vote Required for Approval	Impact of Abstentions	Impact of Broker Non-Votes
1.	Election of directors	Plurality of the votes cast*	No effect on this proposal	No effect on this proposal
2.	Ratification of the appointment of PricewaterhouseCoopers LLP	Affirmative vote of a majority of the votes cast by those shareholders present in person or represented by proxy at the meeting	No effect on this proposal	Not applicable as brokers have discretionary authority to vote on this proposal
3.	Advisory vote on executive compensation	Affirmative vote of a majority of the votes cast by those shareholders present in person	No effect on this proposal	No effect on this proposal

or represented by proxy at the
meeting

- * In accordance with the Company's majority voting resignation policy, in an election where the only nominees are those recommended by the Board of Directors, any incumbent director who is nominated for re-election and who receives a greater number of WITHHOLD votes than FOR votes for the director's election shall promptly tender his or her resignation to the Board of Directors.

Table of Contents

The Company's Articles of Incorporation also provide that the affirmative vote of a majority of the votes cast by those shareholders present in person or represented by proxy at the meeting is required to take action with respect to any matter properly brought before the meeting, other than the election of directors, on the recommendation of a vote of a majority of the entire Board of Directors.

The Company's Articles of Incorporation also provide that the affirmative vote of at least three quarters of the votes which all voting shareholders, voting as a single class, are entitled to cast is required to take action with respect to any other matter properly brought before the meeting, other than the election of directors, without the recommendation of a vote of a majority of the entire Board of Directors.

What is a quorum?

A quorum of shareholders is necessary to hold a valid meeting of shareholders for the transaction of business. The holders of a majority of the shares entitled to vote, present in person or

represented by proxy at the meeting, constitute a quorum. Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum.

What is a broker non-vote?

A broker non-vote occurs when a bank, broker or other holder of record holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have

discretionary voting power under NYSE rules for that particular item and has not received instructions from the beneficial owner.

If you are a beneficial owner, your bank, broker or other holder of record is permitted under NYSE rules to vote your shares on the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the 2017 fiscal year, even if the record holder does not receive voting instructions from

you. The record holder may not vote on the election of directors and the advisory vote on the compensation paid to the Company's named executive officers for 2017 without instructions from you. Without your voting instructions on these matters, a broker non-vote will occur.

YOUR PROXY VOTE IS IMPORTANT. ACCORDINGLY, YOU ARE ASKED TO COMPLETE, SIGN AND RETURN THE PROXY CARD OR SUBMIT AN ELECTRONIC PROXY, VOTE TELEPHONICALLY OR PROVIDE YOUR BROKER WITH INSTRUCTIONS ON HOW TO VOTE YOUR SHARES, REGARDLESS OF WHETHER OR NOT YOU PLAN TO ATTEND THE MEETING.

INFORMATION ABOUT PROPOSALS UNDER CONSIDERATION AT THIS MEETING

How are directors elected?

Under the Company's Articles of Incorporation and Bylaws, directors are elected by a plurality of the votes cast at the meeting. A description of the Company's majority voting resignation policy is set forth in the answer to the question below. Votes may be cast FOR or WITHHOLD for each nominee. The director nominees who receive the

highest number of votes up to the number of directors to be elected will be elected at the meeting. All of the directors elected at the 2018 Annual Meeting will be elected for one year terms expiring at the 2019 Annual Meeting of Shareholders and until their successors are duly elected and qualified.

What if an incumbent director receives more WITHHOLD votes than FOR votes in an uncontested election?

The Board of Directors adheres to a majority voting resignation policy for the election of directors in uncontested elections. Under this policy, in an election where the only nominees are those recommended by the Board of Directors, any incumbent director who is nominated for re-election and who receives a greater number of WITHHOLD votes than FOR votes for the director's election must promptly tender his or her resignation to the Board of Directors. The Board will evaluate the relevant facts and circumstances in connection with such director's resignation, giving due consideration to the best interests of the Company and its shareholders. Within 90 days after the election, the independent directors must make a decision on whether to accept or reject the tendered resignation, or whether other action should be taken. The Board of Directors will

promptly disclose publicly its decision and the reasons for its decision.

The Board of Directors believes that this process enhances accountability to shareholders and responsiveness to shareholder votes, while allowing the Board of Directors appropriate discretion in considering whether a particular director's resignation would be in the best interests of the Company and its shareholders. The Company's majority voting resignation policy is set forth in the Company's Corporate Governance Guidelines. Copies of the Corporate Governance Guidelines can be obtained free of charge from the Corporate Governance portion of the Investor Relations section of the Company's website: www.aquaamerica.com.

Why are the shareholders asked to vote on the ratification of the selection of the independent registered public accounting firm?

The Audit Committee of our Board of Directors carefully considers the qualifications of the independent auditors before engaging them to conduct an audit, and has the oversight authority with respect to the performance of the independent

auditors. The Board of Directors thinks it is important to provide an opportunity for the shareholders to voice any concern with respect to the independent auditors selected, which is the reason for this ratification vote.

What is the impact of the advisory vote on the compensation paid to the Company's named executive officers, referred to as "Say on Pay" vote?

The Board of Directors and the Executive Compensation Committee, which is comprised of independent directors, value the opinions of the Company's shareholders and expect to take into account the outcome of the non-binding advisory

vote when considering future executive compensation decisions to the extent they can determine the cause or causes of any significant negative voting results.

A shareholder entitled to vote for the election of directors may make a nomination for director provided that written notice (the "Nomination Notice") of the shareholder's intent to nominate a director at the meeting is filed with the Secretary of the Company prior to the 2018 Annual Meeting in accordance with provisions of the Company's Articles of Incorporation and Bylaws.

CONSIDERATION OF DIRECTOR CANDIDATES

Who chooses the director candidates?

The Corporate Governance Committee identifies, evaluates and recommends director candidates to our Board of Directors for nomination. The process followed by our Corporate Governance Committee to identify and evaluate director

candidates includes requests to current directors and others for recommendations, consideration of candidates proposed by shareholders, meetings from time to time to evaluate potential candidates and interviews of potential candidates.

How are director candidates evaluated?

In considering candidates for director, the Corporate Governance Committee will consider the candidate's personal abilities, qualifications, independence, knowledge, judgment, character, leadership skills, education, background and their expertise and experience in fields and disciplines relevant to the Company, including financial expertise or financial

literacy. When assessing a candidate, consideration will be given to the effect such candidate will have on the diversity of the Board. Diversity of the Board is evaluated by considering a broad range of attributes, including, without limitation, race, gender and national origin, background, demographics, expertise and experience.

Table of Contents

Due consideration will also be given to the position the candidate holds at the time of his or her nomination and his or her capabilities to advance the Company's interests with its various constituencies. The Corporate Governance Committee considers all of these qualities when selecting, subject to ratification by our Board of Directors, candidates for director.

The Corporate Governance Committee will evaluate shareholder-recommended candidates in the same manner as it evaluates candidates recommended by others.

What is the deadline for submitting a shareholder recommendation for a director candidate at the 2019 Annual Meeting of Shareholders?

If you would like a director candidate considered by the Corporate Governance Committee for selection as a nominee at the 2019 Annual Meeting of Shareholders, such recommendation should be submitted to the Chairperson of the Corporate Governance Committee at least 120 days before

the date on which the Company first mailed its proxy materials for the prior year's Annual Meeting of Shareholders that is, with respect to the 2019 Annual Meeting, no later than November 29, 2018.
