On November 12, 2014, Prospect Capital Corporation released a video regarding the upcoming 2014 Annual Meeting of Stockholders to be held on Friday, December 5, 2014, at 10:30 a.m., Eastern Time, at the offices of the Company, 10 East 40th Street, 44th Floor, New York, New York 10016. Below is the script to such video.

“My name is Grier Eliasek, President and Chief Operating Officer of Prospect Capital Corporation.

I am here to explain why it is so important for all of our shareholders to support Proposal 2 in our proxy statement for our annual meeting on December 5, 2014.

As an investment-grade rated company, Prospect is required to maintain the financial flexibility necessary to withstand potential adverse market conditions in the future. Every year since 2008, we have received shareholder approval of the NAV proposal and we need your support again for 2015. Without this vote, we risk losing our corporate rating of BBB by S&P and BBB+ by Kroll, raising the cost of our debt capital. This would have an adverse impact on our earnings and ability to continue to pay stable dividends to shareholders.

In addition, the financial flexibility provided under the NAV proposal enables Prospect to maintain an opportunistic approach to capitalize on attractive investments that are accretive over the long term. We have utilized this flexibility in the past to close successful transactions that generated IRRs in excess of 40%.

The alternative to this proposal for raising capital when our share price is below NAV is a rights offering, which we believe would likely be at a bigger discount and at a higher transaction cost. As a result, we urge you to approve the NAV proposal for the benefit of the company and its shareholders. To vote, please call 1-866-387-0770 ext. 9098 or visit www.voteproxy.com.

Thank you for your time and support.”

Dear Shareholder:

On behalf of Prospect Capital Corporation (ticker symbol "PSEC"), I would like to thank you for being a supportive PSEC shareholder.

Regarding the Annual Meeting of Shareholders Proposal II (NAV Proposal), we believe voting FOR such proposal is important to help avoid losing the investment grade bond rating of PSEC. Failure of this vote might put our investment grade bond rating at risk, thereby potentially increasing the cost of capital of PSEC and restricting our access to the financing markets. We also believe market conditions will continue to provide attractive opportunities for us to deploy capital.

Please take a moment to watch a brief video in which President & Chief Operating Officer Grier Eliasek explains the importance of this proposal.
