Cash and cash equivalents at the end of the period	1,224,670

NOTE TO CONSOLIDATED FINANCIAL STATEMENT:**1. RELEVANTS EVENTS**

On January 1, 2008, the merger of Banco de Chile and Citibank Chile became effective, with the former assuming the assets and liabilities of the latter. Consequently, as of that date, Banco de Chile is the legal successor of Citibank Chile.

2. CHANGES IN ACCOUNTING PRINCIPLES

a) On November 9, 2007, the Superintendency of Banks and Financial Institutions issued Circular No. 3,410, through which it informed the new compendium of accounting standards that Banks must apply, in the context of convergence with International Financial Reporting Standards (IFRS) developed by this Superintendency. This compendium

establishes, among other matters, the monthly and annual financial statement presentation formats that the Banks must apply starting on January 1, 2008. Those new criteria will only affect the financial statement presentation and will not affect the accounting criteria used by the Bank during 2008. This compendium in its transitory dispositions, does not establishes any obligation for disclosure of comparative financial statement in intermediate periods.

Additionally, the mentioned circular established the obligation to arise a provision for minimum dividends.

b) In connection with the merge between Bank de Chile and Citibank Chile, which became effective from January 1, 2008, it proceeded the homologation criteria maintained by each bank before the merge referring to financial instruments classification, according to the different categories defined by the rule. The homologation criteria process at September 30, 2008 has implied to reclassify certain financial instruments from "Trading Securities" to "Available for sale instruments" by an amount equivalent to MM\$ 244.827.
