FOR IMMEDIATE RELEASE - São Paulo, October 18, 2011 – Gafisa S.A. (Bovespa: GFSA3; NYSE: GFA), Brazil’s leading national homebuilder, today announced its operational figures for the third quarter of 2011 which ended on September 30th, 2011.

Launches

Launches in 3Q11 reached R\$ 1.0 billion which represents a decrease of 15% as compared to 3Q10, totaling R\$ 2.9 billion in the first nine months of 2011 with the implementation of a strategy to focus launches at Tenda on those that can be immediately transferred to the Caixa Economica Federal (CEF). The quarter’s launches included 7 projects/phases in 3 different states (São Paulo, Rio de Janeiro and Goias), regions where the Company has strong supply chains in place and projects show strong profit potential. The launches for the first nine months of 2011 represent 56% of the mid-range of launch guidance expected for the full year of R\$ 5.3 billion.

Guidance				
Lauches (R\$ mm)	Guidance 2011	9H11		%
Gafisa (consolidated)	min.	5000		59%
	mean	5300	2.945	56%
	max.	5600		53%

During the 3Q11, the Gafisa segment was responsible for 62% of the launches while AlphaVille and Tenda represented 33% and 5%, respectively. As to the same figures for first nine months of 2011, the Gafisa

segment was responsible for 62% of the launches while AlphaVille and Tenda represented 21% and 17%, respectively.

The primary reason for the diminished contribution of Tenda projects is the implementation in the third quarter of a more conservative strategy adopted in the sales process with CEF. And, going forward we will be launching projects under the Tenda brand that can be transferred (repassé) immediately to CEF.

Contracted Sales

Sales reached R\$ 1.0 billion in 3Q11, which represents an increase of 3% as compared to 3Q10, totaling R\$ 3.0 billion in the first nine months of 2011.

In the 3Q11, the Gafisa brand was responsible for 64% of the sales, while AlphaVille made up 27% and Tenda, the remaining 9%. During the first nine months of 2011, the Gafisa brand was responsible for 62% of the sales, AlphaVille and Tenda 20% and 18%, respectively.

Sales from inventory represented 18% of the R\$ 1.0 billion while 82% were from units launched during the same quarter.

Sales Velocity for the 3Q11 was 23.1% vs. 25.2% in the 2Q11, reflecting lower launches during the period (please refer to the chart below). Sales velocity of launches reached 50%, compared to 42% in 2Q11.

Inventories

Inventory at market value totaled R\$ 3.5 billion in the 3Q11, an increase of 2.3% as compared to the R\$ 3.4 billion registered in 2Q11. On a consolidated basis, our inventory is at a comfortable level of 9 months of sales based on LTM figures.

Delivered Projects

During the third quarter, Gafisa delivered 8,700 units. The delivery date is based on the “delivery meeting” that takes place with customers, and not upon the physical completion which is prior to the delivery meeting. Regarding construction completion (Habite-se) we already completed 18,700 units through 9M11 and expect to complete an additional 7,000 units in the 4Q11.
