Item 1.01 Entry into a Material Definitive Agreement.

On September 7, 2008, UST Inc., a Delaware corporation (the “Company”), Altria Group, Inc., a Virginia corporation (“Parent”), and Armchair Merger Sub, Inc., a Delaware corporation and a wholly owned subsidiary of Parent (“Acquisition Sub”), entered into an Agreement and Plan of Merger (the “Merger Agreement”). Pursuant to the Merger Agreement and subject to the terms and conditions thereof, Acquisition Sub will be merged with and into the Company (the “Merger”), with the Company surviving as a wholly-owned subsidiary of Parent.

Upon consummation of the Merger, each outstanding share of the Company's common stock, par value \$0.50 per share (the “Common Stock”), other than those held by the Company, or its wholly-owned subsidiaries, Parent or Acquisition Sub, and other than those shares with respect to which dissenters rights are properly exercised, will be converted into the right to receive \$69.50 in cash, without interest. Each option to purchase Common Stock of the Company outstanding at the effective time of the Merger, whether vested or unvested, will be cancelled and converted into the right to receive the difference between \$69.50 and the exercise price per share of such option. Similar treatment will be provided to any other equity awards outstanding at the effective time of the Merger.

The completion of the Merger is subject to a number of conditions, including, but not limited to, (i) approval by the Company's stockholders in accordance with the applicable requirements of Delaware law, (ii) the expiration or termination of the applicable waiting periods under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, (iii) the receipt of certain other regulatory approvals, and (iv) other customary conditions, including the absence of any law or government order prohibiting the Merger.

The Company has made customary representations, warranties and covenants in the Merger Agreement, and certain representations and warranties relating to the businesses in which it operates, which expire at the effective time of the Merger. The Company may not solicit competing proposals or, subject to exceptions set forth in the Merger Agreement, participate in any substantive discussions or negotiations regarding alternative business transactions. In addition, the Company has also agreed to operate its business in the ordinary course of business, consistent with past practice and the terms of certain interim operations covenants, pending consummation of the Merger.

The Merger Agreement contains specified termination rights for the parties, and provides that, in certain circumstances, including the termination of this Agreement by the Company to accept a superior proposal (should one be received), the Company would be required to pay Parent a termination fee of \$250,000,000 and to reimburse Parent for certain expenses up to an aggregate amount of \$10,000,000. Additionally, in certain circumstances, including the failure of Parent to obtain financing for the transaction, Parent would be required to pay the Company, at the Company's election, a reverse termination fee of \$200,000,000. Either party may terminate the Merger Agreement if the transaction has not been consummated within nine months of the date of the Merger Agreement (the “Termination Date”), but, by mutual agreement of the Company and Parent, the Termination Date may be extended, from time to time, for up to three additional months, if additional time is needed to obtain any regulatory approval or remove any other legal impediment, and all other conditions to closing have been satisfied.

The foregoing description of the Merger Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Merger Agreement, a copy of which is attached hereto as Exhibit 1.1 and the terms of which are incorporated herein by reference. The Merger Agreement contains representations and warranties of the parties made to (and solely for the benefit of) the other parties, and the assertions embodied in those representations and warranties are qualified by confidential information in schedules that the parties have exchanged with each other. Accordingly, investors and security holders should not rely on the representations and warranties as characterizations of the actual state of facts, because they were made as of the date of the agreement and are modified in important part by the disclosure schedules.
