Dear Stockholder:

You are cordially invited to attend the Annual Meeting of Stockholders (Annual Meeting) of PROS Holdings, Inc. on Tuesday, June 4, 2013 at 8:00 a.m., local time, at 3100 Main Street, 9th Floor, Houston, Texas 77002 for the following purposes:

- 1 To elect two (2) Class III directors to the Board of Directors of PROS Holdings, Inc. (Board of Directors), each to serve for a three-year term until the Annual Meeting to be held in the year 2016;
- 2 To ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013;
- 3 To conduct an advisory vote on executive compensation;
- 4 To approve adoption of the 2013 Employee Stock Purchase Plan which provides for the issuance of up to 500,000 shares of our common stock to our employees; and
- 5 To transact such other business as may properly come before the Annual Meeting or any adjournment or postponements thereof.

The above matters are fully described in the Proxy Statement. We have not received notice of any other matters that may be properly presented at the Annual Meeting.

We are pleased to take advantage of the U.S. Securities and Exchange Commission rules that allow companies to furnish their proxy materials over the Internet. As a result, we are mailing to our stockholders a Notice of Internet Availability of Proxy Materials (Notice), instead of a paper copy of this Proxy Statement and our Annual Report to Stockholders for the Year Ended December 31, 2012 (2012 Annual Report). The Notice contains instructions on how to access those documents over the Internet. The Notice also contains instructions on how to request a paper copy of our proxy materials, including this Proxy Statement, our 2012 Annual Report and a form of proxy card or voting instruction card. As a result of the Notice, not all stockholders will receive a paper copy of our proxy materials. Only stockholders of record at the close of business on April 11, 2013 will be entitled to vote at the Annual Meeting. A list of stockholders entitled to vote at the Annual Meeting will be available for inspection by any stockholder at our offices, 3100 Main Street, Suite 900, Houston, TX 77002, during ordinary business hours, for 10 days prior to the Annual Meeting. If you would like to review the stockholder list, please call our Corporate Secretary at 713-335-5151 to schedule an appointment.

To ensure that your vote is recorded promptly, please vote as soon as possible, even if you plan to attend the Annual Meeting. You are urged to vote in one of the following three ways whether or not you plan to attend the Annual Meeting: (1) via the Internet, (2) by completing your proxy using the toll-free number listed on the proxy card or (3) by completing, signing and dating the accompanying proxy card and returning it in the postage-prepaid envelope enclosed for that purpose. For further details, see the section entitled "Voting Instructions" in this Proxy Statement and your proxy card or the email you received for electronic delivery of this Proxy Statement. If you have Internet access, we encourage you to record your vote via the Internet, as it is convenient and saves us significant postage and processing costs.

By Order of the Board of Directors,

PROS HOLDINGS, INC.
PROXY STATEMENT
2013 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD JUNE 4, 2013

General

The enclosed proxy is solicited on behalf of the Board of Directors of PROS Holdings, Inc. (Board of Directors) for use at the Annual Meeting of Stockholders (Annual Meeting) to be held June 4, 2013 at 8:00 a.m., local time, at 3100 Main Street, 9th Floor, Houston, Texas 77002, or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. Only stockholders of record at the close of business on April 11, 2013 (Record Date) are entitled to notice of and to vote at the Annual Meeting. These proxy solicitation materials and our Annual Report to Stockholders for the year ended December 31, 2012 (2012 Annual Report), including financial statements, were first mailed or made available on or about April 25, 2013 to stockholders entitled to vote at the Annual Meeting. References in this Proxy Statement to the "Company," "we," "our," and "us" refer to PROS Holdings, Inc. and its consolidated subsidiaries.

The purposes of the Annual Meeting are:

- 1 To elect two (2) Class III directors to the Board of Directors, each to serve for a three-year term until the Annual Meeting to be held in the year 2016;
- 2 To ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013;
- 3 To conduct an advisory vote on executive compensation;
- 4 To approve adoption of the 2013 Employee Stock Purchase Plan which provides for the issuance of up to 500,000 shares of common stock of the Company, par value \$0.001 (Common Stock) to employees of the Company; and
- 5 To transact such other business as may properly come before the Annual Meeting or any adjournment thereof.

Record date and shares outstanding

Stockholders of record at the close of business on the Record Date are entitled to notice of and to vote at the Annual Meeting. As of the Record Date, 27,915,120 shares of Common Stock were outstanding. Each stockholder of record as of the Record Date is entitled to one vote for each share of Common Stock held by such stockholder.

Vote required

If a quorum is present, a plurality vote of the holders of our Common Stock entitled to vote and present or represented by proxy at the Annual Meeting is required for the election of a director. The affirmative vote of the holders of a majority of the shares of Common Stock present or represented by proxy and voting at the Annual Meeting is required to approve the ratification of the selection of our independent auditors, the advisory vote on executive compensation, and the 2013 Employee Stock Purchase Plan. We will not count abstentions as either for or against a director, so abstentions have no effect on the election of a director. A properly executed proxy marked "abstain" with respect to any matter is considered entitled to vote, and thus, will have the effect of a vote against a matter, except for the election of directors.

Our bylaws provide that a majority of the outstanding shares of our stock entitled to vote, whether present in person or represented by proxy, shall constitute a quorum for the transaction of business at the Annual Meeting. Votes for and against, abstentions and "broker non-votes" (shares held by a broker or nominee that does not have the authority, either express or discretionary, to vote on a particular matter) will each be counted as present for purposes of determining the presence of a quorum.

Effect of not casting your vote

The New York Stock Exchange (NYSE) prohibits banks, brokers and other intermediaries from voting shares held in their clients' accounts on elections of directors unless the client has provided voting instructions. Therefore, if you hold your shares in street name through a broker, it is important that you cast your vote if you want it to count in the election of directors (Proposal One of this Proxy Statement).

Attending the Annual Meeting

The Annual Meeting will be held at 8:00 a.m., local time, on Tuesday, June 4, 2013, at 3100 Main Street, 9th Floor, Houston, Texas 77002. When you arrive, signs will direct you to the meeting room. Please note that the doors to the meeting room will not be open until 8:00 a.m. You do not need to attend the Annual Meeting to vote. Even if you plan to attend the Annual Meeting, please submit your vote in advance as instructed below.

Revocability of proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted at the Annual Meeting. Proxies may be revoked by:

- Filing with our Corporate Secretary, at or before the taking of the vote at the Annual Meeting, a written notice of revocation bearing a later date than the proxy;
- Duly executing a later-dated proxy relating to the same shares and delivering it to our Corporate Secretary at or before the taking of the vote at the Annual Meeting; or
- Attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy).

Any written notice of revocation or subsequent proxy should be delivered to PROS Holdings, Inc. at our headquarters located at 3100 Main Street, Suite 900, Houston, Texas 77002, Attention: Corporate Secretary, or hand-delivered to our Corporate Secretary before the taking of the vote at the Annual Meeting.

Electronic delivery of stockholder communications

We are pleased to take advantage of the U.S. Securities and Exchange Commission (SEC), rules that allow companies to furnish their proxy materials over the Internet. As a result, we are mailing to our stockholders a Notice of Internet Availability of Proxy Materials (Notice), instead of a paper copy of this Proxy Statement and our 2012 Annual Report. The Notice contains instructions on how to access those documents over the Internet. The Notice also contains instructions on how to request a paper copy of our proxy materials, including this Proxy Statement, our 2012 Annual Report and a form of proxy card or voting instruction card. As a result of the Notice, not all stockholders will receive a paper copy of our proxy materials.

Voting instructions

To ensure that your vote is recorded promptly, please vote as soon as possible, even if you plan to attend the Annual Meeting in person. Most stockholders have three options for submitting their votes: (1) via the Internet, (2) by telephone or (3) by mail using the paper proxy card. If you have Internet access, we encourage you to record your vote via the Internet. It is convenient and saves us significant postage and processing costs. In addition, when you vote via the Internet or by telephone prior to the meeting date, your vote is recorded immediately and there is no risk that postal delays will cause your vote to arrive late and therefore not be counted. If you attend the Annual Meeting, you may also submit your vote in person, and any previous votes that you submitted, whether by Internet, telephone or mail, will be superseded by the vote that you cast at the Annual Meeting.

Vote by Internet. You can vote via the Internet. The website address for Internet voting is www.PROXYVOTE.com. Have your proxy card in hand when you access the web site and follow the instructions to obtain your records and to create an electronic voting instruction form. You can use the Internet to transmit your voting instructions up until 11:59 P.M. Eastern Time on June 3, 2013. Internet voting is available 24 hours a day. If you vote via the Internet you do NOT need to vote by telephone or return a proxy card.

•

Vote by Telephone. You can vote by telephone by calling the toll-free telephone number provided on your proxy card. Have your proxy card in hand when you call and then follow the instructions. You may transmit your voting instructions from any touch-tone telephone up until 11:59 P.M. Eastern Time on June 3, 2013. Telephone voting is available 24 hours a day. If you vote by telephone you do NOT need to vote over the Internet or return a proxy card.

Vote by Mail. If you received a printed copy of the proxy card, you can vote by marking, dating and signing it, and returning it in the postage-paid envelope provided to PROS Holdings, Inc., c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717. Please promptly mail your proxy card to ensure that it is received prior to the closing of the polls at the Annual Meeting. If you vote by mail you do NOT need to vote over the Internet or vote by telephone.

If you are a beneficial owner, or you hold your shares in “street name,” please check your voting instruction card or contact your bank, broker or nominee to determine whether you will be able to vote by Internet or telephone.

Householding Matters

Some banks, brokers and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports. This means that only one copy of this notice and Proxy Statement may have been sent to multiple stockholders in your household. If you would prefer to receive separate copies of a proxy statement either now or in the future, please contact our Corporate Secretary by writing to our principal office at 3100 Main Street Suite 900, Houston, Texas 77002. Upon written request, we will provide separate copies of this notice or this Proxy Statement to each stockholder at that address. In addition, stockholders sharing an address and receiving multiple copies can request delivery of a single copy of proxy statements upon written request to our Corporate Secretary at the address stated above.

**PROPOSAL ONE
ELECTION OF DIRECTORS**

Our Board of Directors consists of seven members, which is divided into three classes, each of whose members serve for a staggered three-year term. The term of office of one class of directors expires each year in rotation so that one class is elected at each annual meeting for a full three-year term. Andres D. Reiner and Ronald F. Woestemeyer have been nominated by the Board of Directors as Class III Directors, each to hold office until the Annual Meeting to be held in the year 2016 and until a successor has been duly elected and qualified or until the earlier of their death, resignation or removal.

The Board of Directors is also composed of three (3) Class I directors, whose terms expire upon the election and qualification of directors at the Annual Meeting to be held in 2014, and two (2) Class II directors, whose terms expire upon the election and qualification of directors at the Annual Meeting to be held in 2015.

The Board of Directors knows of no reason why any of the nominees would be unable or unwilling to serve, but if any nominee should for any reason be unable or unwilling to serve, the proxies will be voted for the election of such other person for the office of director as the Board of Directors may recommend in the place of such nominee. Unless otherwise instructed, the proxy holders will vote the proxies received by them for the nominees named below.

Vote required

Election of a director requires the plurality vote of the holders of our Common Stock entitled to vote and present or represented at the Annual Meeting. Accordingly, the two nominees who receive the highest number of properly executed "FOR" votes from the holders of Common Stock, will be elected as directors. We will not count abstentions as either for or against a director, so abstentions have no effect on the election of a director.

In accordance with Delaware law, abstentions will be counted for purposes of determining both whether a quorum is present at the Annual Meeting and the total number of shares represented and voting on this proposal. While broker non-votes will be counted for purposes of determining the presence or absence of a quorum, broker non-votes will not be counted for purposes of determining the number of shares represented and voting with respect to the particular proposal on which the broker has expressly not voted and, accordingly, will not affect the approval of this proposal. The NYSE broker discretionary rules prohibit banks, brokers and other intermediaries from voting shares held in their clients' accounts on elections of directors unless the client has provided voting instructions. Therefore, if you hold your shares in street name, it is important that you cast your vote if you want it to count in the election of directors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING "FOR" THE ELECTION OF THE NOMINEES LISTED BELOW.

The name of and certain information regarding each Class III director nominee is set forth below, together with information regarding our Class I and Class II directors remaining in office. The business address for each nominee for matters regarding PROS Holdings, Inc. is 3100 Main Street, Suite 900, Houston, TX 77002.

PROPOSAL TWO

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board of Directors (Audit Committee) has selected the independent registered public accounting firm of PricewaterhouseCoopers LLP to audit our consolidated financial statements for the fiscal year ending December 31, 2013 and recommends that stockholders vote for ratification of such appointment.

Notwithstanding the selection and ratification, the Audit Committee, in its discretion, may appoint a different independent registered public accounting firm at any time, if it believes doing so would be in the best interests of us and our stockholders. In the event of a negative vote on ratification, the Audit Committee will reconsider, but might not change, its selection.

PricewaterhouseCoopers LLP has audited our financial statements annually since 2002. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Vote required

Approval of the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm requires the affirmative vote of the holders of at least a majority of the outstanding shares of our Common Stock entitled to vote and present or represented at the Annual Meeting. A properly executed proxy marked "ABSTAIN" with respect to this matter is considered entitled to vote and thus, will have the effect of a vote against this matter.

In accordance with Delaware law, abstentions will be counted for purposes of determining both whether a quorum is present at the Annual Meeting and the total number of shares represented and voting on this proposal. While broker non-votes will be counted for purposes of determining the presence or absence of a quorum, broker non-votes will not be counted for purposes of determining the number of shares represented and voting with respect to the particular proposal on which the broker has expressly not voted and, accordingly, will not affect the approval of this proposal. **THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING "FOR" THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2013.**

PROPOSAL THREE

ADVISORY VOTE ON EXECUTIVE COMPENSATION

As required pursuant to Section 14A of the Securities Exchange Act of 1934, we are providing our stockholders with the opportunity to vote to approve, on an advisory or non-binding basis, the compensation of our named executive officers (NEOs) as disclosed in this Proxy Statement in accordance with SEC rules. We currently conduct this advisory vote on an annual basis and expect to conduct the next advisory vote at our Annual Meeting to be held in 2014.

As described in the “Compensation Discussion and Analysis” section of this Proxy Statement, our executive compensation program is designed to attract, retain, and motivate talented individuals with the executive experience and leadership skills necessary for us to manage our business and meet our long-term objectives. We seek to provide executive compensation that is competitive with companies that are similar to us. We also seek to provide near-term and long-term financial incentives that reward well-performing executives when strategic corporate objectives designed to increase long-term stockholder value are achieved. We believe that executive compensation should include base salary, cash incentives and equity awards. We also believe that our executive officers’ base salaries should be set at levels relative to comparable companies, and cash and equity incentives should generally be set at levels that give executives the opportunity to achieve above-average total compensation reflecting above-average Company performance. In particular, our executive compensation philosophy is to promote long-term value creation for our stockholders by rewarding improvement in selected financial metrics, and by using equity incentives. Please see our “Compensation Discussion and Analysis” (beginning on page 21) and related compensation tables for detailed information about our executive compensation programs, including information about the fiscal year 2012 compensation of our NEOs.

This vote is advisory and therefore not binding. However, the Compensation Committee of our Board of Directors (Compensation Committee) values the opinions of our stockholders and to the extent there is any significant vote against the NEO compensation as disclosed in this Proxy Statement, we will consider those stockholders’ concerns, and the Compensation Committee will evaluate whether any actions are necessary to address those concerns. Stockholders should realize that because the advisory vote on executive compensation occurs well after the beginning of the compensation year, in most cases it may not be feasible to change any executive compensation program in consideration of any one year’s advisory vote on executive compensation.

Vote required

The affirmative vote of a majority of the outstanding shares of our Common Stock entitled to vote and present in person or represented by proxy at the Annual Meeting is required for advisory approval of this proposal. A properly executed proxy marked “ABSTAIN” with respect to this matter is considered entitled to vote, and thus will have the effect of a vote against this matter.

In accordance with Delaware law, abstentions will be counted for purposes of determining both whether a quorum is present at the Annual Meeting and the total number of share represented and voting on this proposal. While broker non-votes will be counted for purposes of determining the presence or absence of a quorum, broker non-votes will not be counted for purposes of determining the number of shares represented and voting with respect to the particular proposal on which the broker has expressly not voted and, accordingly, will not affect the approval of this proposal. **THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING “FOR” THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.**

PROPOSAL FOUR

APPROVAL OF ADOPTION OF 2013 EMPLOYEE STOCK PURCHASE PLAN

At the Annual Meeting, the stockholders will be asked to approve our adoption of the PROS 2013 Employee Stock Purchase Plan (ESPP). In April 2013, the Board of Directors adopted the ESPP, subject to stockholder approval, to become effective on January 1, 2014 (Effective Date). The ESPP will be implemented through six month offerings at the end of which participants will acquire from PROS, shares of our Common Stock with amounts accumulated through payroll deductions. A total of 500,000 shares of Common Stock will be reserved for issuance under the ESPP. The Board of Directors believes that adopting the ESPP will benefit the Company by attracting, retaining, and motivating valued employees through the opportunity to purchase shares of Common Stock pursuant to the ESPP.

DESCRIPTION OF THE PROS 2013 EMPLOYEE STOCK PURCHASE PLAN

The following summary of the ESPP is qualified in its entirety by the specific language of the ESPP, a copy of which is available to any stockholder upon request by writing to our Corporate Secretary, PROS Holdings, Inc., 3100 Main Street, Suite 900, Houston, Texas 77002. The ESPP may also be viewed without charge on the SEC website at www.SEC.gov.

General. The ESPP is intended to qualify as an “employee stock purchase plan” under section 423 of the Internal Revenue Code (Code). Each participant in the ESPP is granted at the beginning of each offering under the plan the right to purchase (Purchase Right) through accumulated payroll deductions up to a number of shares of the Common Stock of the Company determined on the first day of the offering. The Purchase Right is automatically exercised on the last day of the offering unless the participant has withdrawn from participation in the ESPP prior to such date.

Shares Authorized. A maximum of 500,000 of our authorized but unissued or reacquired shares of Common Stock may be issued under the ESPP, subject to appropriate adjustment in the event of any stock dividend, stock split, reverse stock split, recapitalization, combination, reclassification, or similar change in our capital structure, or in the event of any merger, sale of assets or other reorganization of the Company. If any Purchase Right expires or terminates, the shares subject to the unexercised portion of the Purchase Right will again be available for issuance under the ESPP.

Plan Administration. Our Compensation Committee will administer the ESPP. Our Compensation Committee has full and exclusive authority to interpret the terms of the ESPP and determine employee eligibility to participate subject to the conditions of our ESPP. The ESPP provides, subject to certain limitations, for indemnification by the Company of any director, officer or employee against all reasonable expenses, including attorneys' fees, incurred in connection with any legal action arising from such person's action or failure to act in administering the plan.

Eligibility. Generally, all of our employees are eligible to participate if they are employed by us, or any participating subsidiary, for at least 20 hours per week. However, an employee may not be granted a Purchase Right if such employee immediately after the grant would own stock possessing 5% or more of the total combined voting power or value of all classes of our capital stock or that of any related corporation.

Offering Periods. The ESPP provides for consecutive six-month offering periods. The offering periods generally start on the first trading days of January and July of each year. The administrator may, in its discretion, modify the terms of future offering periods, provided that no offering period may exceed 27 months.

Payroll Deductions. The ESPP permits participants to purchase Common Stock through payroll deductions of up to 10% of their eligible compensation, which includes a participant's base straight time gross earnings, commissions, and overtime, but exclusive of payments for incentive compensation, bonuses and other compensation. Generally, a participant may purchase during an offering period up to the lesser of 500 shares or a number of shares equal to \$5,000 divided by the fair market value of a share of Common Stock at the beginning of the offering period. The Committee may change this limit for any future offering period, but the maximum amount of stock for all offerings beginning in a calendar year a participant may purchase cannot have a fair market value (measured as of the first day of the offering period) that would exceed \$25,000.

Exercise of Purchase Right. Amounts deducted and accumulated by the participant are used to purchase shares of our Common Stock at the end of each six-month offering period. The purchase price of the shares generally will be 95% of the lower of the fair market value of our Common Stock (i) on the first trading day of each offering period or (ii) on the purchase date, but in no event less than the amount permitted by Section 423 of the Code. The closing price of a share of our Common Stock on the NYSE on April 10, 2013 was \$23.74. Participants may end their participation at any time during an offering period, and will be paid their accrued payroll deductions that have not yet been used to purchase shares of Common Stock. Participation ends automatically upon termination of employment.

Non-transferability. A participant may not transfer rights granted under the ESPP other than as provided in the ESPP.

Change in control. In the event of our merger, sale of substantially all of our assets or other change in control, as defined in the ESPP, a successor corporation may assume or substitute replacement rights for each outstanding

Purchase Right. If the successor corporation refuses to assume or substitute for the outstanding Purchase Rights, the offering period then in progress will be shortened, and a new purchase date will be set. The administrator will notify each ESPP participant that the purchase date has been changed and that the participant's Purchase Right will be exercised automatically on the new purchase date unless prior to such date the participant has withdrawn from the offering period.

Amendment, termination. Our ESPP will continue indefinitely until we terminate it. Our Board of Directors has the authority to amend, suspend or terminate our ESPP, except that (a) subject to certain exceptions described in the ESPP, no such action may adversely affect any outstanding rights to purchase stock under our ESPP; and (b) the approval of the Company's stockholders is required for any amendment increasing the number of shares authorized for issuance under our ESPP.

Summary of United States Federal Income Tax Consequences

The following summary is intended only as a general guide as to the United States federal income tax consequences of participation in the ESPP under current law and does not attempt to describe all possible federal or other tax consequences of such participation or tax consequences based on particular circumstances.

Generally, there are no tax consequences to an employee of either becoming a participant in the ESPP or purchasing shares under the ESPP. The tax consequences of a disposition of shares vary depending on the period such stock is held before its disposition. If a participant disposes of shares within two years after the start of the applicable offering period or within one year after the purchase date on which the shares are acquired (Disqualifying Disposition), the participant recognizes ordinary income in the year of disposition in an amount equal to the difference between the fair market value of the shares on the purchase date and the purchase price. Such income may be subject to withholding of tax. Any additional gain or resulting loss recognized by the participant from the disposition of the shares is a capital gain or loss. If the participant disposes of shares at least two years after the start of the applicable offering period and at least one year after the purchase date on which the shares are acquired, the participant recognizes ordinary income in the year of disposition in an amount equal to the lesser of (i) the difference between the fair market value of the shares on the date of disposition and the purchase price or (ii) the difference between the fair market value of the shares on at the start of the offering period and purchase price (determined as if the Purchase Right were exercised on the first day of the offering period). Any additional gain recognized by the participant on the disposition of the shares is a capital gain. If the fair market value of the shares on the date of disposition is less than the purchase price, there is no ordinary income, and the loss recognized is a capital loss. If the participant owns the shares at the time of the participant's death, the lesser of (i) the difference between the fair market value of the shares on the date of death and the purchase price or (ii) the difference between the fair market value of the shares at the start of the offering period and purchase price (determined as if the Purchase Right were exercised on the first day of the offering period) is recognized as ordinary income in the year of the participant's death.

If the exercise of a Purchase Right does not constitute an exercise pursuant to an “employee stock purchase plan” under section 423 of the Code, the exercise of the Purchase Right will be treated as the exercise of a nonstatutory stock option. The participant would therefore recognize ordinary income on the purchase date equal to the excess of the fair market value of the shares acquired over the purchase price. Such income is subject to withholding of income and employment taxes. Any gain or loss recognized on a subsequent sale of the shares, as measured by the difference between the sale proceeds and the sum of (i) the purchase price for such shares and (ii) the amount of ordinary income recognized on the exercise of the Purchase Right, will be treated as a capital gain or loss, as the case may be.

If the participant disposes of the shares in a Disqualifying Disposition we should be entitled to a deduction equal to the amount of ordinary income recognized by the participant as a result of the disposition, except to the extent such deduction is limited by applicable provisions of the Code or the regulations thereunder. In all other cases, we are not allowed a deduction.

New Plan Benefits

Because benefits under the ESPP will depend on employees' elections to participate and the fair market value of our Common Stock at various future dates, it is not possible to determine the benefits that will be received by executive officers and other employees if adoption of the ESPP is approved by the stockholders.

In 2012, the Nominating and Corporate Governance Committee held three in-person meetings.

CORPORATE GOVERNANCE MATTERS

Independence of Directors

The Board of Directors has adopted categorical standards or guidelines to assist our Board of Directors in making its independence determinations with respect to each director. These standards are published in our Corporate Governance Guidelines and are available under the Corporate Governance – Investor Relations section of our website at www.PROS.com. The Board of Directors has determined that the following directors are independent within the meaning of the NYSE listing standards and federal securities laws: Messrs. Petersen, Russell, Williams and Mrs. Keszler. As part of such determination of independence, our Board of Directors has affirmatively determined that none of these four directors has a relationship with us that would interfere with the exercise of independent judgment in carrying out his or her responsibilities as a director. A majority of our Board of Directors is independent, and our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee is comprised of all independent directors.

Meeting Attendance

During 2012, our Board of Directors held six meetings, the Audit Committee held ten meetings, the Compensation Committee held eight meetings, and the Nominating and Corporate Governance Committee held three meetings. The incumbent directors attended each meeting of our Board of Directors and the committees on which he or she served during 2012. The Board of Directors encourages all directors to attend annual meetings of the stockholders. All directors attended the 2012 meeting of the stockholders.

Director Nomination

The Nominating and Corporate Governance Committee of our Board of Directors has the responsibility for establishing the criteria for recommending which directors should stand for reelection to our Board of Directors and the selection of new directors to serve on our Board of Directors. In addition, the Nominating and Corporate Governance Committee is responsible for establishing the procedures for our stockholders to nominate candidates to

our Board of Directors. Although the Nominating and Corporate Governance Committee has not formulated any specific minimum qualifications for director candidates, it has determined that desirable characteristics include, but are not limited to, business experience, mature judgment, personal and professional ethics, and integrity. The Company does not have a formal policy with respect to consideration of diversity in identifying director nominees; however, in the process of selecting a director nominee, the Nominating and Corporate Governance Committee assesses backgrounds and expected contributions of the individuals to the Board of Directors. These and other standards are published in our Corporate Governance Guidelines. We will provide copies of our Corporate Governance Guidelines without charge upon request. A printed copy of our Corporate Governance Guidelines may be obtained by any stockholder upon sending a written request to PROS Holdings, Inc., 3100 Main Street, Suite 900, Houston, Texas 77002, Attn: Corporate Secretary. Our

Corporate Governance Guidelines are also available under the Corporate Governance - Investor Relations section of our website at www.PROS.com.

Our bylaws permit any stockholder of record to nominate directors. Stockholders who wish to submit nominees for election at an annual or special meeting of stockholders should follow the procedure described on page 39. The Nominating and Corporate Governance Committee applies the same standards in considering candidates submitted by stockholders as it does in evaluating candidates submitted by members of the Board of Directors.

The Board of Directors is currently led by a non-executive chairman, who is an independent director. The Board of Directors' current preferred governance structure is to have an independent director serve as chairman. We believe the current structure provides strong leadership for our Board of Directors, while also positioning our Chief Executive Officer as the leader of the Company. We believe that our current structure helps ensure independent oversight over the Company, while allowing our Chief Executive Officer to focus his energies on management of the Company.

The Board of Directors recognizes that there is no single, generally accepted approach to providing board leadership, and the board leadership structure may vary in the future as circumstances warrant. If the Board of Directors determines it is in the best interests of our stockholders to combine the positions of chairman and Chief Executive Officer, the independent directors will designate a lead independent director.

Our non-executive chairman oversees the planning of the annual Board of Directors' calendar, and, with the Chief Executive Officer, in consultation with the other directors, schedules and sets the agenda for meetings of the Board of Directors and leads the discussion at such meetings. The chairman also presides at executive sessions, serves as a liaison between the Chief Executive Officer and the independent directors, sees that directors receive appropriate and timely information, assists the chairmen of the committees of the Board of Directors in preparing agendas for the respective committee meetings, chairs our annual meetings of stockholders, is available in appropriate circumstances to speak on behalf of the Board of Directors, and performs such other functions and responsibilities as set forth in our Corporate Governance Guidelines or as requested by the Board of Directors from time to time. The chairman also encourages direct dialogue between all directors and management and provides leadership to the Board of Directors in its oversight function.

Executive Sessions

Executive sessions, which are meetings of the non-employee members of the Board of Directors, are regularly scheduled throughout the year. Non-employee directors meet by themselves, without management or employee-directors present, at every regularly scheduled in-person Board of Directors meeting. Non-employee directors and independent directors may hold other such sessions at the request of any non-employee director or independent director. Non-employee and independent directors may notify the non-executive chairman of the Board of Directors if they would like to hold such a session, and the non-executive chairman of the Board of Directors will facilitate the scheduling of such a session. Executive sessions (whether of the non-employee directors or independent directors) are led by non-executive chairman of the board of directors.

The Board's Role in Risk Oversight

The Board of Directors oversees the Company's risk management process. Management reviews the process, including identification of key risks and steps taken to address them, with the full Board of Directors on a periodic basis. Although the full Board of Directors is responsible for this oversight function, the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee assist the Board of Directors in discharging its oversight duties.

The Compensation Committee reviews risks related to the subject matters enumerated in its charter, including risks associated with the Company's compensation programs. The Nominating and Corporate Governance Committee considers risks related to the subject matters for which it is responsible as identified in its charter, including risks associated with corporate governance. Similarly, the Audit Committee considers risks related to the subject matters enumerated in its charter, including risks relating to internal controls, disclosure, and financial reporting.

Accordingly, while each of the three committees contributes to the risk management oversight function by assisting the Board of Directors in the manner outlined above, the Board of Directors itself remains responsible for the oversight of the Company's risk management program.

Compensation Committee Interlocks and Insider Participation

No member of our Compensation Committee and none of our executive officers has any relationships that would constitute an interlocking relationship with executive officers and directors of any another entity.

Corporate Governance Guidelines

We believe in sound corporate governance practices and have adopted formal Corporate Governance Guidelines to enhance our effectiveness. Our Board of Directors adopted these Corporate Governance Guidelines in order to ensure that it has the necessary authority and practices in place to review and evaluate our business operations as needed and to make decisions that are independent of our management. The Corporate Governance Guidelines are also intended to align the interests of directors and management with those of our stockholders. The Corporate Governance Guidelines set forth the practices our Board of Directors follows, including, but not limited to, the Board of Directors and committee composition and selection, director responsibilities, director access to officers and employees and Chief Executive Officer performance evaluation and succession planning. A printed copy of our Corporate Governance Guidelines may be obtained by any stockholder upon sending a written request to PROS Holdings, Inc., 3100 Main Street, Suite 900, Houston, Texas 77002, Attn: Corporate Secretary. A copy of our Corporate Governance Guidelines is also available under the Corporate Governance – Investor Relations section of our website at www.PROS.com.

Code of Business Conduct and Ethics

Our Board of Directors has adopted a Code of Business Conduct and Ethics that applies to all of our directors and employees. We will provide copies of our Code of Business Conduct and Ethics without charge upon request. A printed copy of our Code of Business Conduct and Ethics may be obtained by any stockholder upon sending a written request to PROS Holdings, Inc., 3100 Main Street, Suite 900, Houston, Texas 77002, Attn: Corporate Secretary. Our Code of Business Conduct and Ethics is also available under the Corporate Governance – Investor Relations section of our website at www.PROS.com.

Communications with our Board of Directors

Stockholders or interested parties who wish to communicate with members of our Board of Directors, including the independent directors individually or as a group, may send correspondence to them in care of our Corporate Secretary at 3100 Main Street, Suite 900, Houston, TX 77002. Such communication will be forwarded to the intended recipient(s). We also intend to enter into indemnification agreements with our future directors and officers.

In addition, they must report any potential conflict of interest, including related party transactions, to their managers or our compliance officer who then reviews and summarizes the proposed transaction for our Audit Committee. Pursuant to its charter, our Audit Committee must then approve any related party transactions, including those transactions involving our directors. In approving or rejecting such proposed transactions, the Audit Committee considers the relevant facts and circumstances available and deemed relevant to the Audit Committee, including the material terms of the transactions, risks, benefits, costs, availability of other comparable services or products and, if applicable, the impact on a director's independence. (1) A reconciliation of non-GAAP income from operations to the most directly comparable generally accepted accounting principles in the United States (GAAP) financial measure, is provided below. Non-GAAP income from operations is defined as GAAP income from operations and excludes the impact of non-cash share-based compensation expense.

	For the Year Ended December 31, 2012
Income from operations as reported	\$8,180
Non-GAAP adjustment:	
GAAP share-based compensation	9,645
Non-GAAP income from operations	\$17,825

(2) Backlog is calculated as set forth in our Annual Report on Form 10-K for the year ended December 31, 2012 as filed with the SEC on February 22, 2013.

We believe the compensation program for our NEOs was instrumental in helping retain the executive team responsible for achieving strong financial performance despite a challenging macroeconomic environment.

Compensation Highlights

Our stockholders indicated overwhelming support for our executive compensation program in 2012. At our previous annual stockholders' meeting in June 2012, our stockholders had the opportunity to provide an advisory vote on the compensation paid to our NEOs, or a "say-on-pay" vote. Over 95% of the total votes cast at our 2012 annual stockholder's meeting voted in favor of our say-on-pay resolution. As a result, the Compensation Committee generally believes that the results of our say-on-pay vote affirmed stockholder support of our approach to executive compensation.

Our compensation program emphasizes performance-based pay. A significant portion of our NEOs' compensation is variable and tied to the success of our business and the individual performance of our executives. Consistent with this pay-for-performance orientation, we believe that annual bonus and equity compensation should together represent a significant portion of total compensation. As a result, a large portion of our NEOs' total compensation is at risk relative to our other employees. We believe this is appropriate because our NEOs bear the greatest responsibility for our results and can exert the greatest influence on our performance. As illustrated by the graph below, in 2012, the majority of our NEOs total compensation was “performance-based”—that is, contingent upon the performance of our business, our stock price or individual performance. We believe this direct and significant link between pay and performance is an effective way to motivate our NEOs to achieve our financial and key strategic objectives and ultimately increase stockholder value.

Equity awards include “performance-based” compensation. The payouts of our market stock unit (MSU) awards to our NEOs vary based on the relative performance of our stock compared to the Russell 2000 Index over the applicable performance period.

Cash bonus awards are “performance-based”. Our Compensation Committee seeks to motivate our NEOs to continuously improve the financial performance of the Company and to achieve our key strategic priorities through a cash bonus plan that rewards higher performance with increased bonus opportunities.

Relationship Between Company Performance, Stock Price and CEO Compensation.

The following illustrates the directional relationship between our performance, based on several key financial metrics and our stock price, and the compensation of our CEO from 2010 to 2012. These metrics are used in our cash incentive compensation plan and reflect our continued focus on growth and profitability over the long term.

Compensation Philosophy and Objectives

Our Compensation Committee believes that an effective compensation program should reward achievement of specific corporate goals and align our executives' interests with those of our stockholders by rewarding performance that meets or exceeds established goals. Our compensation programs are designed to motivate our NEOs to achieve or exceed corporate goals that enhance stockholder value and enable us to attract and retain key employees. Our executive compensation program is designed to reward superior performance and to achieve the following overall objectives:

Objective	Rationale
Offer competitive compensation	Enable the Company to attract and retain high-caliber talent
Emphasize performance-based compensation	Provide a compensation package that is weighted heavily towards performance-based pay
Incentivize and reward the achievement of our financial objectives	Directly link rewards to the achievement of measurable financial objectives that build long-term stockholder value
Recognize individual performance	Encourage personal achievement by rewarding individual performance
Align the interests of our executives with those of our stockholders	Incentivize and reward the creation and preservation of stockholder value

Role of Our Compensation Committee

The responsibility for establishing, administering and interpreting our policies governing the compensation and benefits for our NEOs, lies with our Compensation Committee, which consists entirely of non-employee directors. Our Compensation Committee has taken the following steps to ensure that our executive compensation and benefit policies are consistent with both our compensation philosophy and our Corporate Governance Guidelines:

- solicited recommendations from an independent executive compensation consultant to evaluate our executive compensation practices and assisted in developing and implementing the executive compensation programs;
- established a practice, in accordance with the rules of the NYSE, of reviewing the performance and determining the compensation earned, paid or awarded to our Chief Executive Officer; and
- established a policy, in accordance with the rules of the NYSE, to review on an annual basis the performance of our other executive officers with assistance from our Chief Executive Officer and determined what we believe to be appropriate total compensation for these executive officers.

Our Compensation Committee considers a broad range of facts and circumstances in setting executive compensation. Among the factors considered for our executives generally, and for the NEOs in particular, are recommendations from our compensation consulting firm, Compensia, Inc. (Compensia), advice from our Chief Executive Officer, general economic and market conditions, our financial condition and operating results, our operating plan, our geographic location and the objectives of our executive compensation policies described above. The weight given each factor differs from year to year and may differ among individual NEOs in any given year.

Our Compensation Committee establishes executive compensation programs that the Compensation Committee believes, based on the members' experience, is the most appropriate to achieve the goals described above. Our Compensation Committee will continue to evaluate our executive compensation programs on a quantitative and qualitative basis on at least a yearly basis or as circumstances dictate. Our Compensation Committee expects to make new awards and adjustments to our executive compensation programs as appropriate.

In making its decisions regarding executive compensation, the Committee considers input from the Chief Executive Officer and the Chief Financial Officer, but meets outside the presence of executive officers when making final decisions about each executive officer. The Chief Executive Officer is periodically present during portions of these

deliberations that relate to the compensation for other executive officers.

All SARs, RSUs and other share-based awards are approved by our Compensation Committee. For share-based grants to employees who are not NEOs, the Compensation Committee may delegate to the Chief Executive Officer the authority to make share-based awards within certain limitations on aggregate grants and specific award terms.

Role of Our Executive Compensation Consultant

The Compensation Committee engaged Compensia to advise the Committee on 2012 executive compensation matters due to the breadth and depth of Compensia's experience with executive compensation matters and its particular expertise in the software industry. Compensia provided the following services on behalf of the Compensation Committee during fiscal year 2012:

- reviewed and provided recommendations on the composition of our peer group of companies, and provided compensation data relating to executives at the companies in the peer group;
- conducted a comprehensive review of the total compensation arrangements for all of our NEOs;
- provided recommendations to the committee regarding our NEOs' compensation packages;
- assisted with executive equity program design, including an analysis of equity mix, aggregate share usage and target grant levels; and
- updated the Compensation Committee on emerging trends and best practices in the area of executive compensation.

The Compensation Committee is satisfied with the qualifications, performance and independence of Compensia. Other than serving as an advisor to the Compensation Committee, Compensia does not provide any other services to us. We pay the cost for Compensia's services as negotiated with the Compensation Committee.

Peer Group

To assist the Compensation Committee in its deliberations on executive compensation, Compensia provided recommendations on the composition of our peer group. The criteria used to develop our peer group included:

- software industry;
- publicly-traded;
- headquarters in the United States;
- revenue of \$30 million to \$275 million; and
- market capitalization to revenue ratio in excess of 2.0x.

Based on the recommendations provided, the Compensation Committee established the following companies as our full peer group for 2012:

Accelrys	Actuate
Aspen Technology	comScore
Constant Contact	Cornerstone OnDemand
Keynote Systems	LivePerson
LogMeIn	Qlik Technologies
Responsys	Sourcefire
Ultimate Software Group	VASCO Data Security
Vocus	

Compensia then prepared a compensation analysis compiled from data gathered from publicly available information regarding the companies that the Compensation Committee had selected as members of our peer group and information. The Compensation Committee used this data to compare the compensation of our NEOs to similarly positioned persons within the peer group and to determine the relative compensation for each NEO position, based on direct, quantitative comparisons of pay levels. The Compensation Committee will continue to review and update our peer group, as necessary, to ensure that the comparisons are meaningful.

Stockholder Say-On-Pay Votes

The Company provides its stockholders with the opportunity to cast an annual advisory vote on executive compensation. At the Company's annual meeting of stockholders held in June 2012, over 95% of the votes cast on the say-on-pay proposal at that meeting were voted in favor of the proposal. We believe this strong showing affirms stockholders' support of our approach to executive compensation. The Compensation Committee will continue to consider the outcome of our say-on-pay votes when making future compensation decisions for our NEOs.

Policy on Recovery of Bonus in Event of Financial Restatement

In 2008, the Board of Directors adopted a "clawback" policy that permits the Board to consider and make a decision in its sole discretion to recover, under applicable law, any incentive bonuses awarded to NEOs whose fraud or intentional misconduct significantly contributed to a restatement of financial results that led to the awarding of incentive bonuses.

Components of Executive Compensation

Base Salaries

We use base salaries primarily to compensate and retain our executives for their services. Base salaries for our executive officers are reviewed on an annual basis. In January 2012, the Compensation Committee reviewed the responsibilities and performance of Messrs. Reiner, Murphy and Woestemeyer, their tenure with us, their existing compensation packages and their expected contributions and responsibilities for 2012. Based on this review and in light of Messrs. Reiner and Murphy's contributions to the Company's performance in 2011, the Compensation Committee increased Mr. Reiner's base salary to \$425,000 and Mr. Murphy's base salary to \$325,000. The Compensation Committee set Mr. Woestemeyer's base salary for 2012 at \$233,750, unchanged from his 2011 base salary after considering Mr. Woestemeyer's substantial equity position in the Company. After the above adjustments, base salaries for each of Messrs. Reiner, Murphy and Woestemeyer were positioned near the 50th percentiles of our peer group for 2012.

Executive compensation activities in 2013. In January 2013, the Compensation Committee reviewed the responsibilities and performance of Messrs. Reiner, Murphy and Woestemeyer, their tenure with us, their existing compensation packages and their expected contributions and responsibilities for 2013. Based on this review and in light of Messrs. Reiner and Murphy's contributions to the Company's performance in 2012, the Compensation Committee increased Mr. Reiner's base salary to \$475,000 and Mr. Murphy's base salary to \$345,000. The Compensation Committee set Mr. Woestemeyer's base salary for 2013 at \$233,750, unchanged from his 2012 base salary after considering Mr. Woestemeyer's substantial equity position in the Company. After the above adjustments, base salaries for each of Messrs. Reiner, Murphy and Woestemeyer were positioned near the 50th percentiles of our peer group for 2013.

Cash Incentives

We have a cash incentive plan for our NEOs under which cash incentive payments may be made after the end of each year based on our performance against our corporate objectives for the year. The cash incentive program is intended to reward our NEOs upon the achievement of fiscal year financial performance goals, with some limited discretion available for individual performance. Each component of this cash incentive plan is independent of the other components and has minimum target and maximum levels.

Cash incentive payments are generally paid in the first quarter following completion of a given year. Our Compensation Committee does not have the discretion to increase the performance component targets or decrease the incentive payment amounts to any of our NEOs. The Compensation Committee does have the discretion to lower the performance component targets and/or increase the incentive payment amounts under this cash incentive plan. The Compensation Committee traditionally has not exercised this discretion, but did so in 2012 to adjust for certain

one-time nonrecurring operating expenses in the aggregate amount of \$270,000.

The target incentive payment amounts are payable under this cash incentive plan if we hit our target levels for each component. Actual results between the minimum, target and the maximum goal levels are pro-rated. The discretionary component is determined by the Compensation Committee on an annual basis at the end of the Company's fiscal year. We use our cash incentive plan to align our NEOs' performance with our financial results and to motivate our NEOs to achieve annual goals.

2012 Named Executive Officer Plan. In February 2012, our Compensation Committee approved our 2012 Named Executive Officer Plan (2012 NEO Plan). The 2012 NEO Plan set target incentive payment amounts based upon four components:

25

(i) revenue, (ii) non-GAAP operating income, (iii) estimated backlog for 2013, and (iv) discretionary. The weighting of the components as they relate to potential incentive payments is set forth in the following table:

Component	Weighting of component as a % of bonus payment
Revenue	50%
Non-GAAP operating income ⁽¹⁾	20%
Estimated Backlog for 2013 ⁽²⁾	20%
Discretionary	10%

(1) Non-GAAP operating income represents operating income calculated under GAAP, less share-based compensation expense calculated under GAAP, and such other items that are reported by the Company as non-GAAP items.

(2) Estimated backlog for 2013 is derived from agreements that we believe to be firm commitments to provide software solutions and related services during calendar year 2013.

The revenue and non-GAAP operating income components of the 2012 NEO Plan were set by the Compensation Committee and those components were measured at the end of 2012 against actual financial results. The discretionary component was determined by the Compensation Committee after the end of the Company's fiscal year, and the Compensation Committee authorized the payments under the 2012 NEO Plan in 2013. The Compensation Committee added Estimated backlog for 2013 as a new component of NEO compensation in 2012 to further tie our executive compensation to our future financial performance and value.

The payouts under the 2012 NEO Plan were based on our performance as a Company within a range of each component's target. No incentive payment was to be earned for performance below the target minimum and the maximum bonus was to be earned at the target maximum. The range and target for each component are set forth in the following table:

Component	Target Minimum (in millions)	At Target (in millions)	Target Maximum (in millions)
Revenue	\$106.1	\$117.9	\$121.8
Non-GAAP operating income ⁽¹⁾	\$16.5	\$18.3	\$20.3
Estimated Backlog for 2013 ⁽²⁾	\$94.6	\$105.1	\$108.5

(1) Non-GAAP operating income represents operating income calculated under GAAP, less share-based compensation expense calculated under GAAP, and such other items that are reported by the Company as non-GAAP items.

(2) Estimated backlog for 2013 is derived from agreements that we believe to be firm commitments to provide software solutions and related services in calendar 2013.

The aggregate payouts for each of our NEOs exceeded the target. The incentive payment as a percentage of the base salary of each NEO set by the Compensation Committee, as well as the actual payout in 2012, are forth in the following table:

Executive Officer	Target Minimum	At Target	At Target Maximum	Actual Payout	
Andres D. Reiner	50.0	% 100.0	% 200.0	% 125.9	%
Charles H. Murphy	40.0	% 80.0	% 120.0	% 89.9	%
Ronald F. Woestemeyer	22.5	% 45.0	% 67.5	% 50.5	%

For 2012, target total cash compensation (base salary plus target cash incentives) was positioned near the peer group 50th percentile for Mr. Reiner, between the peer group 50th and 75th percentile for Mr. Murphy, and between the 25th and 50th percentile of the peer group for Mr. Woestemeyer.

Executive compensation activities in 2013. In February 2013, our Compensation Committee approved our 2013 Named Executive Officer Plan (2013 NEO Plan). The 2013 NEO Plan set targets incentive payment amounts based upon the components from the 2012 NEO Plan (revenue, non-GAAP operating income, estimated backlog for 2014, and discretionary). The weighting of the components is set forth in the following table:

26

Component	Weighting of component as a % of bonus payment
Revenue	40%
Estimated Backlog for 2014 (1)	30%
Non-GAAP operating income(2)	20%
Discretionary	10%

(1) Estimated backlog for 2014 is derived from agreements that we believe to be firm commitments to provide software solutions and related services during calendar 2014.

(2) Non-GAAP operating income represents operating income calculated under GAAP, less share-based compensation expense calculated under GAAP, and such other items that are reported by the Company as non-GAAP items.

For the 2013 NEO Plan, the Compensation Committee set the amount of each incentive payment as a percentage of the base salary of each NEO as set forth in the following table:

Named Executive Officer	At Target Threshold	At Target	At Target Maximum
Andres D. Reiner	50%	100%	200%
Charles H. Murphy	40%	80%	160%
Ronald F. Woestemeyer	22.5%	45%	67.5%

In setting these targets, the Compensation Committee believed that there was a reasonable likelihood that the Company could achieve the targets specified if the Company executed on its business plan.

Equity Awards

The Compensation Committee believes that equity compensation plans are an essential tool to link the long-term interests of stockholders and employees, especially the NEOs, and serve to motivate NEOs to make decisions that will, in the long run, deliver the best returns to stockholders.

In 2012, the Compensation Committee reconsidered the equity mix for our NEOs and believed it was in our best interests to grant equity awards in an equal mix of MSUs and RSUs.

MSUs are performance-vested units under which the number of shares of Common Stock received following vesting is based on the Company's total stockholder return (TSR) in relation to the Russell 2000 Index (Index) over a specified period of time. The Compensation Committee believes that MSUs help more closely align our NEO compensation with our performance, motivate behavior consistent with long-term value creation, and better assist in retaining our NEOs.

RSUs are intended to assist in retaining our NEOs and to reward them for sustaining and increasing the share price of our common stock. RSUs granted in 2012 vest in four equal annual installments on January 1st of each year.

The Compensation Committee determines the size of awards following review of competitive market data from our peer group, as well as subjective factors such as relative job scope, individual performance, tenure and experience, expected future contributions to the growth and development of the Company, Company performance, historical equity compensation awarded to an NEO, and the unvested equity position held by each NEO. For 2012, the value of Mr. Reiner's target equity award was positioned near the peer group 75th percentile, reflecting the Company's strong performance under his leadership and the relatively small equity position he held in the Company as a

recently-promoted CEO. For 2012, Mr. Murphy's target equity award was positioned somewhat above the peer group 75th percentile, reflecting his experience as a public company CFO, and the Compensation Committee's assessment that Mr. Murphy's responsibilities are broader in scope than that of many chief financial officers. Mr. Woestemeyer did not receive an equity award in 2012 due to his sizable equity stake in the Company as our founder.

The actual number of shares of our Common Stock issuable under MSUs is variable based on over-or under-performance of our stock price compared to the Index during the performance period. The MSUs awarded in 2012 have a two year performance period beginning in January 2012. If we under-perform the Index, the percentage at which the MSUs convert into shares of our Common Stock will be reduced from 100%, at a rate of 2.5 to 1 (two-percentage-point reduction in the number of target units for each percentage point of under-performance), with a minimum percentage of 0%. If we outperform the Index, the percentage at which the MSUs convert to shares will be increased from 100%, at a rate of 2.5 to 1 (2.5 percentage-point increase in the number of target units for each percentage point of over-performance), with a maximum percentage of 200%.

Executive compensation activities in 2013. In 2013, the Compensation Committee reconsidered the equity mix for our NEOs and believed it was in our best interests to again grant equity awards in an equal mix of MSUs and RSUs. RSUs granted in 2013 vest in four equal annual installments on January 1st of each year. The MSUs awarded in 2013 have a three year performance period beginning in January 2013. If we under-perform the Index, the percentage at which the MSUs convert into shares of our Common Stock will be reduced from 100%, at a rate of 4 to 1 (four-percentage-point reduction in the number of target units for each percentage point of under-performance), with a minimum percentage of 0%. If we outperform the Index, the percentage at which the MSUs convert to shares will be increased from 100%, at a rate of 4 to 1 (4 percentage-point increase in the number of target units for each percentage point of over-performance), with a maximum percentage of 200%.

For 2013, the value of Mr. Reiner's target equity award was positioned slightly above the peer group 75th percentile, reflecting the Company's strong performance under his leadership in 2012. For 2013, Mr. Murphy's target equity award was positioned somewhat above the peer group 75th percentile, reflecting his experience as a public company CFO, and the Compensation Committee's assessment that Mr. Murphy's responsibilities are broader in scope than that of many chief financial officers. Mr. Woestemeyer did not receive an equity award in 2013 due to his sizable equity stake in the Company as our founder.

Other Compensation

Benefits. We provide our NEOs the following benefits, generally on the same terms as we provide our other employees:

- health, dental, travel, accident insurance and vision;
- life insurance;
- employee assistance plan;
- medical and dependent care flexible spending account;
- short-and long-term disability, accidental death and dismemberment;
- a 401(k) plan;
- paid time off;
- sick days; and
- tuition reimbursement.

We believe these benefits are consistent with companies with which we compete for employees.

401(k) Plan. We provide a tax-qualified employee savings and retirement plan (401(k) Plan) intended to qualify under Section 401(a) of the Code. Contributions, and income earned thereon, are not taxable to employees until withdrawn. Under the 401(k) Plan, employees may elect to reduce their current compensation up to the statutorily prescribed annual limit and have the amount of the reduction contributed to the 401(k) Plan. The 401(k) Plan also permits us to make matching contributions to the plan on behalf of participants. Historically, the Company's matching contribution is defined as 50% of the first 6% of employee contributions. The Company may also make discretionary contributions. In 2012, we matched 50% of each employee's contribution up to 6% of the employee's eligible income contributed to our 401(k) Plan and made no discretionary contributions.

Ownership Guidelines and Policies

As part of our overall corporate governance and compensation practices, our Board of Directors adopted stock ownership guidelines for our NEOs and directors. These guidelines are designed to align our NEOs' interests with our stockholders' long-term interests by promoting long-term share ownership, which reduces the incentive for excessive short-term risk taking. The guidelines currently state that each NEO is required to hold at least \$100,000 worth of our stock while serving as an NEO. Share units or unexercised options held by an NEO under any of our equity incentive plans are included in calculating the value of ownership to determine whether this minimum ownership requirement has been met. The guidelines also state that each non-employee director is required to hold at least \$100,000 worth of

our stock while serving as a director. Directors appointed after our initial public offering have five years to attain this ownership threshold. Shares, units or unexercised options held by an NEO or director under either of our equity incentive plans are included in calculating the value of ownership to determine whether this minimum ownership requirement has been met. As of December 31, 2012, each of our NEOs and directors were in compliance with the applicable guidelines.

Our Board of Directors may evaluate whether exceptions should be made in the case of any covered person who, due to his or her unique financial circumstances, would incur a hardship by complying with these guidelines. No such exceptions were granted or in place in 2012.

Severance compensation and termination protection

We generally provide our NEOs with severance packages if they are terminated without cause (as defined in their employment or severance agreements) or for good reason (as defined in their employment or severance agreements) in order to attract and retain them. The amount of severance benefits is described below, and in more detail elsewhere in the section titled "Potential Payments Upon Termination or Change of Control." The Compensation Committee reviews the potential payouts to ensure their market-competitiveness in order to incentivize our NEOs to maintain focus on both daily and long-term efforts.

Our severance compensation provisions are designed to meet the following objectives:

Change in Control: As part of our normal course of business, we engage in discussions with other companies about possible collaborations and/or other ways in which the companies may work together to further our respective long-term objectives. In certain scenarios, the potential for merger or being acquired may be in the best interests of our stockholders. We provide a component of severance compensation if an NEO is terminated as a result of a change of control transaction to promote the ability of our NEOs to act in the best interests of our stockholders even though they could be terminated as a result of the transaction.

Termination Without Cause or For Good Reason: If we terminate the employment one of our NEOs "without cause" or one of our NEOs resigns for "good reason," each as defined in the applicable agreement, we are obligated to make certain payments based on the NEO's then-effective base salary. We believe this is appropriate because the terminated NEO is bound by confidentiality and non-competition provisions continuing after termination. We also believe it is beneficial to have a mutually-agreed severance package in place prior to any termination event, to avoid disruptive conflicts and provide us with more flexibility to make a change in management if such a change is in our and our stockholders' best interests.

Andres D. Reiner. On February 28, 2011, we entered into an employment agreement with Andres Reiner, our Chief Executive Officer and President. The base salary payable to Mr. Reiner is subject to periodic review by our Compensation Committee. Mr. Reiner is entitled to participate in our employee bonus plans. In the event Mr. Reiner's employment with us is terminated by him for good reason, or by us without cause, he will receive (i) his full base salary each month for the following 12 months, (ii) any unpaid bonus earned prior to the termination relating to periods preceding the date of termination, (iii) the payment of a bonus at 100% of performance targets, including discretionary components, within the bonus plan in effect as if employed by us for twelve months, (iv) health benefits for the following twelve months, and (v) the acceleration of vesting of stock options and certain other equity awards. Alternatively, if Mr. Reiner's employment is terminated by us without cause or if he resigns for good reason within six months prior to, or any time after, a change of control of the Company, he will receive (i) his full base salary each month for the following 18 months, (ii) any unpaid bonus earned prior to the termination relating to periods preceding the date of termination, (iii) the payment in equal monthly installments, of an aggregate bonus equal to 100% of performance targets, including discretionary components, within the bonus plan in effect as if employed by us for eighteen months, (iv) health benefits for the following eighteen months, and (v) the acceleration of vesting of stock options and certain other equity awards with respect to such shares that would have vested following the date of termination. In addition, in the event that the surviving or acquiring entity (or its parent entity) elects to assume, continue or substitute for any then-outstanding equity award or option under the Company's 2007 Equity Incentive Plan (2007 Plan) and Mr. Reiner's employment is terminated by us without cause or if he resigns for good reason within six months prior to, or any time after, a change of control of the Company, such awards or options shall vest in full. If the surviving or acquiring entity (or its parent entity) elects not to assume, continue or substitute for the equity awards or options due under the 2007 Plan, all outstanding equity awards and options under the 2007 Plan will vest in full and become fully exercisable. Mr. Reiner is subject to non-competition and non-solicitation restrictions during the term of his employment and for the 12-month period following the termination of his employment.

Charles H. Murphy. On March 24, 2009, we entered into an amended employment agreement with Mr. Murphy, our Executive Vice President and Chief Financial Officer. The base salary payable to Mr. Murphy is subject to periodic

review by our Compensation Committee. In the event Mr. Murphy's employment with us is terminated by him for good reason, or by us without cause, he will receive (i) 12 months of severance, (ii) up to 12 months of health benefits, (iii) any unpaid bonus earned prior to the termination relating to completed bonus periods preceding the date of termination, and (iv) the payment in equal monthly installments of an aggregate bonus equal to 100% of performance targets, including discretionary components, within the bonus plan in effect as if employed by the Company for twelve months, (v) health benefits for the following twelve months, and (vi) the acceleration of vesting of stock options and certain other equity awards. Alternatively, if Mr. Murphy's employment is terminated by us without cause or if he resigns for good reason within six months prior to, or any time after, a change of control of the Company, he will receive (i) his full base salary each month for the following 18 months, (ii) any unpaid bonus earned prior to the termination relating to periods preceding the date of termination, (iii) the payment in equal monthly installments, of an aggregate bonus equal to 100% of performance targets, including discretionary components, within the bonus plan in effect as if employed by us for eighteen months, and (iv) health benefits for the following eighteen months. In addition, in the event of a change of

control of the Company, Mr. Murphy will receive acceleration of the vesting of stock options and certain other equity awards granted to him. Mr. Murphy is subject to non-competition and non-solicitation restrictions during the term of his employment and for the 12-month period following the termination of his employment.

Ronald F. Woestemeyer. In January 1999, we entered into an employment agreement with Mr. Woestemeyer, our Executive Vice President. This agreement was originally for a two-year term and automatically renews for one-year terms unless the Company decides not to renew. Under this agreement, Mr. Woestemeyer's salary is subject to periodic review by our Compensation Committee. In the event Mr. Woestemeyer's employment with us is terminated by us without cause as defined in his agreement, or we decide not to renew his agreement without giving him notice, he will receive 12 months of severance. If we decide not to renew this agreement and we provide 60-days notice of non-renewal to Mr. Woestemeyer, he is entitled to 10 months of severance. Mr. Woestemeyer is subject to non-competition and non-solicitation restrictions during the term of his employment and for the severance period following the termination of his employment.

"Cause" is defined in these employment agreements as a breach by our officer of his duties of confidentiality which causes a material harm to us, his conviction of, or a plea of guilty or no contest to, a felony or his failure to perform his duties after notice and a cure period. In addition, for Messrs. Reiner and Murphy, "cause" also includes an intentional wrongdoing by them that adversely affects us. Messrs. Reiner and Murphy can resign for "good reason" and be entitled to severance. "Good reason" is defined in their employment agreements as the assignment of duties to them that are substantially inconsistent with their current roles with us, the relocation of their offices to more than 50 miles from our present location, a material reduction in their base salaries or our failure to provide them with similar benefits that we provide to our other employees.

Tax and accounting considerations

Tax considerations

We are subject to Section 162(m) of the Code, which limits the amount that we may deduct for compensation paid to our Chief Executive Officer and to each of our four most highly compensated officers other than our Chief Financial Officer to \$1,000,000 per person per year, unless certain exemption requirements are met. Exemptions to this deductibility limit may be made for various forms of "performance-based" compensation approved by our stockholders. In addition to salary and bonus compensation that is not "performance-based," certain equity grants may cause an officer's total compensation to exceed \$1,000,000. However, compensation from options or other equity grants that meet certain requirements will be exempt from the \$1,000,000 cap on deductibility. In the past, annual compensation to certain of our NEOs has exceeded \$1,000,000 per person, and we currently anticipate such compensation will exceed the \$1,000,000 limit for certain of our most highly compensated officers in 2013. If we do not qualify for the exemptions to this deductibility limit, we will not be able to deduct the compensation amount in excess of \$1,000,000. While the Compensation Committee cannot predict how the deductibility limit may impact our compensation program in future years, the Compensation Committee intends to maintain an approach to executive compensation that strongly links pay to performance. Accordingly, we have not adopted a policy that all compensation must qualify as deductible under Section 162(m) of the Code.

Notwithstanding the above, in the event that the number of directors to be elected at an annual meeting of stockholders is increased and there is no public announcement by the Company naming the nominees for the additional directorships at least one hundred thirty (130) days prior to the first anniversary of the date that the Company's proxy statement was released to stockholders in connection with the previous year's annual meeting of stockholders, a stockholder's notice shall also be considered timely, but only with respect to nominees for the additional directorships, if it shall be delivered to the Corporate Secretary of the Company at the principal executive offices of the Company not later than the close of business on the tenth (10th) day following the day on which such public announcement is first made by the Company. In the event the Company calls a special meeting of stockholders for the purpose of electing one or more directors to the Board of Directors, any such stockholder may nominate a person(s), for election to such positions as are specified in the Company's notice of meeting, if the stockholder's notice shall be delivered to the Corporate Secretary of the Company at the principal executive offices of the Company not earlier than the ninetieth (90th) day prior to such special meeting and not later than the close of business on the later of the seventieth (70th) day prior to such special meeting or the tenth (10th) day following the day on which public announcement is first made of the date of the special meeting and of the nominees proposed by the Board of Directors to be elected at such meeting.
