ECOLAB - 2018 Proxy Statement iii

March 19, 2018

DEAR FELLOW STOCKHOLDER:

You are cordially invited to join us for our Annual Meeting of Stockholders, to be held at 9:30 a.m. on Thursday, May 3, 2018, in the Cafeteria of the Ecolab Global Headquarters, 1 Ecolab Place, Saint Paul, Minnesota 55102. The Notice of Annual Meeting and the Proxy Statement that follow describe the business to be conducted at our Annual Meeting. We urge you to read both carefully.

We hope you plan to attend our Annual Meeting. However, if you will not be able to join us, we encourage you to exercise your right as a stockholder and vote. Please sign, date and promptly return the accompanying proxy card, or make use of either our telephone or Internet voting services. Stockholders not in attendance may listen to a broadcast of the meeting on the Internet. Webcast instructions will be available on-line at www.investor.ecolab.com.

Sincerely,

Douglas M. Baker, Jr.
Chairman of the Board
and Chief Executive Officer
YOUR VOTE IS IMPORTANT!
PLEASE SUBMIT YOUR PROXY TODAY.

Your vote is a valuable part of the investment made in our Company and is the best way to influence corporate governance and decision-making. Please take time to read the enclosed materials and vote!

Whether or not you plan to attend the meeting, please complete the accompanying proxy and return it in the enclosed envelope. Alternatively, you may vote by telephone or the Internet. If you attend the meeting, you may vote your shares in person even though you have previously returned your proxy by mail, telephone or the Internet.

PLEASE REFER TO THE ACCOMPANYING MATERIALS FOR VOTING INSTRUCTIONS.

NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON MAY 3, 2018

To the Stockholders of Ecolab Inc.:

The Annual Meeting of Stockholders of Ecolab Inc. will be held on Thursday, May 3, 2018, at 9:30 a.m., in the Cafeteria of the Ecolab Global Headquarters, 1 Ecolab Place, Saint Paul, Minnesota 55102, for the following purposes (which are more fully explained in the Proxy Statement):

1. To elect as directors to a one-year term ending in 2019 the 13 nominees named in the Proxy Statement;
2. To ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the current year ending December 31, 2018;
3. To approve, on an advisory basis, the compensation of executives disclosed in the Proxy Statement;
4. To consider and vote on a stockholder proposal regarding the threshold to call special stockholder meetings, if properly presented; and
5. To transact such other business as may properly come before our Annual Meeting and any adjournment or postponement thereof.

Our Board of Directors has fixed the close of business on March 6, 2018 as the record date for the determination of stockholders entitled to notice of, and to vote at, the meeting.

By Order of the Board of Directors

Michael C. McCormick
Executive Vice President, General Counsel
and Secretary
March 19, 2018

The Board of Directors of Ecolab Inc. is asking you to elect 13 director nominees. The table above provides summary information about the director nominees. A nominee will only be elected if the number of votes cast for the nominee's election is greater than the number of votes cast against the nominee. For more information, see page 23.

Ratification of Independent Accountants

The Board of Directors is asking you to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm to audit our consolidated financial statements for the year ending December 31, 2018. For more information, see page 66.

Advisory Vote to Approve Executive Compensation

The Board of Directors is asking you to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this Proxy Statement. For more information, see page 67.

Stockholder Proposal Regarding the Threshold to Call Special Stockholder Meetings

The Board of Directors recommends that you vote AGAINST a stockholder proposal regarding the threshold to call special stockholder meetings, if properly presented. For more information, see page 68.

Summary of Compensation Practices

Key compensation practices include the following:

- We use different performance measures in our short-term and long-term incentive plans.
- We have a balanced double-trigger change-in-control severance policy with no tax gross-ups.
- We have robust stock ownership guidelines of 6 times salary for our CEO and 3 times salary for our other officers.
- Risk mitigation features in our compensation programs include varied and balanced performance targets, discretionary authority of the Compensation Committee to reduce award pay-outs, bonus caps at 200% of target and a claw-back policy.
- We do not maintain employment agreements with any of our named executive officers.

For more information, see page 28.

Corporate Governance Highlights

Key aspects of our corporate governance structure, policies and processes include the following:

- All of our directors, with the exception of our CEO, are independent.
- We have an independent Lead Director with substantial and clearly delineated authority.
- We do not have a stockholder rights plan.
- Each director serves a one-year term and stands for re-election at each annual meeting.
- Directors elected in uncontested elections must receive a majority vote. A director who fails to receive the required number of votes for election must tender his or her written resignation for consideration by the Board.
- All of our named executive officers hold Ecolab common stock in excess of our stock ownership guidelines.

For more information, see page 13.

PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

MAY 3, 2018

1 Ecolab Place, Saint Paul, Minnesota 55102

The Board of Directors of Ecolab Inc. is using this Proxy Statement (the “Proxy Statement”) to solicit proxies from the holders of Ecolab Common Stock, par value \$1.00 per share (“Common Stock”), for use at the 2018 Annual Meeting of Ecolab Stockholders. We are first mailing this Proxy Statement and accompanying form of proxy to Ecolab stockholders on or about March 19, 2018.

- Meeting Time and Place – Thursday, May 3, 2018, at 9:30 a.m., in the Cafeteria of the Ecolab Global Headquarters, 1 Ecolab Place, Saint Paul, Minnesota 55102.
 - Purpose of the Meeting – is to vote on the following items:
 1. To elect as directors to a one-year term ending in 2019 the 13 nominees named in this Proxy Statement;
 2. To ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the current year ending December 31, 2018;
 3. To approve, on an advisory basis, the compensation of executives disclosed in the Proxy Statement;
 4. To consider and vote on a stockholder proposal regarding the threshold to call special stockholder meetings, if properly presented; and
 5. To transact such other business as may properly come before our Annual Meeting and any adjournment or postponement thereof.
 - Record Date – The record date for determining the holders of Common Stock entitled to vote at our Annual Meeting is the close of business on March 6, 2018.
 - Shares Entitled to Vote – As of March 6, 2018, the record date for the meeting, there were 288,348,134 shares of Common Stock outstanding. Each share of Common Stock is entitled to one vote. Common Stock held by Ecolab in our treasury is not counted in shares outstanding and will not be voted.
- Note – References in this Proxy Statement to “Ecolab,” “the Company,” “we,” “our,” or “us” are to Ecolab Inc.

VOTING PROCEDURES

VOTING PROCEDURES

Quorum – A quorum of stockholders is necessary to hold a valid meeting. The presence in person or by proxy at the meeting of holders of a majority of the outstanding shares of Common Stock entitled to vote at the meeting is a quorum. Abstentions and broker non-votes count as present for establishing a quorum. Common Stock held by Ecolab in our treasury does not count toward a quorum.

Broker Non-Votes – Broker non-votes occur on a proposal when the beneficial owner of Common Stock does not submit voting instructions to a broker or bank. Under New York Stock Exchange rules, brokers, banks and other nominees generally will have discretionary authority to vote shares in absence of instructions on "routine" matters, such as the ratification of the appointment of PricewaterhouseCoopers LLP, and will not have discretion to vote shares on non-routine matters. Other than the appointment of PricewaterhouseCoopers LLP, broker non-votes are not counted as votes cast for any purpose in determining whether a matter has been approved. To ensure that their views are represented at the meeting, we strongly urge all beneficial owners to provide specific voting instructions on all matters to be considered at the meeting to their record-holding brokers.

Treatment of Abstentions – Shares voted "Abstain" will have no effect on the election of directors or on the non-binding vote regarding the threshold to call special stockholder meetings. For the other proposals to be voted on at the Annual Meeting, abstentions are treated as shares present or represented and voting and therefore have the same effect as negative votes.

How to Vote by Proxy – You may vote in person by ballot at our Annual Meeting or by submitting a valid proxy. We recommend you submit your proxy even if you plan to attend the Annual Meeting. If you attend the Annual Meeting, you may vote by ballot, thereby canceling any proxy previously submitted.

Voting instructions are included on your proxy card. If you properly complete your proxy and submit it to us in time to be tabulated, one of the individuals named as your proxy will vote your Common Stock as you have directed. You may vote for or against each proposal, or you may abstain from voting on a proposal. With respect to the election of directors, you may vote for or against each nominee, or you may abstain from voting on the election of one or more nominees.

Revoking Your Proxy – You may revoke your proxy at any time before it is voted by:

- timely delivery of a valid, later-dated proxy, including a proxy given by telephone or Internet;
- timely delivery of written notice to our Corporate Secretary before the Annual Meeting, stating that you have revoked your proxy; or
- voting by ballot at our Annual Meeting.

Vote Tabulation – The vote on each proposal will be tabulated as follows:

Proposal 1: Election of Directors – Each nominee will be elected by a majority of the votes cast in uncontested elections. We currently expect that the election of directors at our meeting will be uncontested. Under the majority voting standard, a nominee must receive a number of "FOR" votes that exceeds 50% of the votes cast with respect to that director's election. Votes cast with respect to a nominee include votes FOR or AGAINST a nominee and exclude abstentions and broker non-votes.

If an uncontested nominee for director does not receive an affirmative majority of "FOR" votes, he or she will be required to promptly offer his or her resignation to the Board's independent Governance Committee. That committee will then make a recommendation to the Board as to whether the offered resignation should be accepted or rejected, or whether other action should be taken. The Board will publicly announce its decision regarding the offered resignation

and the rationale behind it within 90 days after the election results have been certified. Any director who has so offered his or her resignation will not be permitted to vote on or participate in the recommendation of the Governance Committee or the Board's decision with respect to his or her resignation.

ECOLAB - 2018 Proxy Statement 5

VOTING PROCEDURES

Unless a contrary choice is specified, proxies solicited by our Board of Directors will be voted FOR the election of the 13 nominees named in this Proxy Statement. If, for any reason, any nominee becomes unavailable for election prior to our Annual Meeting, the proxies solicited by our Board of Directors will be voted FOR such substituted nominee as is selected by our Board of Directors, or our Board of Directors, at its option, may reduce the number of directors to constitute the entire Board.

Proposal 2: Ratification of Appointment of Independent Registered Public Accounting Firm – The affirmative vote of a majority of the total votes cast by holders of shares present in person or represented by proxy at the Annual Meeting and entitled to vote will constitute ratification of the appointment of PricewaterhouseCoopers LLP. Unless a contrary choice is specified, proxies solicited by our Board of Directors will be voted FOR ratification of the appointment of PricewaterhouseCoopers LLP.

Proposal 3: Advisory Vote to Approve the Compensation of Executives Disclosed in this Proxy Statement – The affirmative vote of a majority of the total votes cast by holders of shares present in person or represented by proxy at the Annual Meeting and entitled to vote will constitute approval of the compensation of executives disclosed in this Proxy Statement. Unless a contrary choice is specified, proxies solicited by our Board of Directors will be voted FOR approval of the compensation of executives disclosed in this Proxy Statement.

Proposal 4: Stockholder Proposal Regarding the Threshold to Call Special Stockholder Meetings – For this proposal, which calls for a non-binding vote regarding the threshold to call special stockholder meetings, the affirmative vote of a majority of the total votes cast by holders of shares present in person or represented by proxy at the Annual Meeting and entitled to vote will constitute approval of the proposal, if properly presented at the meeting. Unless a contrary choice is specified, proxies solicited by our Board of Directors will be voted AGAINST the proposal.

Discretionary Voting – We are not currently aware of any other business to be acted upon at our Annual Meeting. If, however, other matters are properly brought before the Annual Meeting, or any adjournment or postponement of the Annual Meeting, your proxy includes discretionary authority on the part of the individuals appointed to vote your Common Stock or act on those matters according to their best judgment, including to adjourn the Annual Meeting.

Adjournments – Adjournment of our Annual Meeting may be made for the purpose of, among other things, soliciting additional proxies. Any adjournment may be made from time to time by approval of the holders of Common Stock representing a majority of the votes present in person or by proxy at the Annual Meeting, whether or not a quorum exists, without further notice other than by an announcement made at the Annual Meeting. We do not currently intend to seek an adjournment of the Annual Meeting.

Communications with Directors

Our stakeholders and other interested parties, including our stockholders and employees, can send substantive communications to our Board using the following methods published on our website at www.investor.ecolab.com/corporate-governance:

- to correspond with the Board's Lead Director, please complete and submit the on-line "Contact Lead Director" form;
- to report potential issues regarding accounting, internal controls and other auditing matters to the Board's Audit Committee, please complete and submit the on-line "Contact Audit Committee" form; or
- to make a stockholder recommendation for a potential candidate for nomination to the Board, please submit an e-mail to the Board's Governance Committee, in care of our Corporate Secretary, at investor.info@ecolab.com.

All substantive communications regarding governance matters or potential accounting, control, compliance or auditing irregularities are promptly relayed or brought to the attention of the Lead Director or Chair of the Audit Committee following review by our management. Communications not requiring the substantive attention of our Board, such as employment inquiries, sales solicitations, questions about our products and other such matters, are handled directly by our management. In such instances, we respond to the communicating party on behalf of the Board. Nonetheless, our management periodically updates the Board on all of the on-line communications received, whether or not our management believes they are substantive. In addition to on-line communications, interested parties may direct correspondence to our Board of Directors, our Board Committees or to individual directors at our headquarters address, repeated at the top of page 4 of this Proxy Statement.

Future Stockholder Proposals and Director Nomination Process

Any stockholder proposal, other than those for director nominations, must comply with advance notice procedures set forth in Article II, Section 4 of our By-Laws. As described in more detail below, stockholder proposals for director nominations must comply with Article II, Section 3 and Section 15 of our By-Laws. Under our By-Laws, to be in proper written form, the stockholder's notice to our Corporate Secretary must set forth as to each matter such stockholder proposes to bring before the Annual Meeting a brief description of the business desired to be brought before the Annual Meeting and the reasons for conducting such business at the Annual Meeting and, as to the stockholder giving the notice and any Stockholder Associated Person (i.e., any person acting in concert, directly or indirectly, with such stockholder and any person controlling, controlled by or under common control with such stockholder): (i) the name and record address of such person, (ii) the class or series and the number of shares beneficially owned by the stockholder, (iii) the nominee holder for, and number of, shares owned beneficially but not of record by such person, (iv) whether and the extent to which any hedging or other transaction or series of transactions has been entered into by or on behalf of, or any other agreement or arrangement has been made, the effect or intent of which is to mitigate loss to or manage risk or benefit of share price changes for, or to increase or decrease the voting power of, such person with respect to any share of stock of the Company, (v) to the extent known, the name and address of any other stockholder supporting the proposal, (vi) a description of all arrangements or understandings between or among such persons in connection with the proposal and any material interest in such proposal, and (vii) a representation by the stockholder that he or she intends to appear at the Annual Meeting to present the business. Any ownership information shall be supplemented by the stockholder giving the notice not later than ten (10) days after the record date for the meeting as of the record date. This summary is qualified in its entirety by reference to the full text of our By-Laws, which can be found on our website at www.investor.ecolab.com/corporate-governance. If the presiding Chairperson of the Annual Meeting of Stockholders determines that business, or a nomination, was not brought before the meeting in accordance with the By-Law provisions, that business will not be transacted or the defective nomination will not be accepted.

STOCKHOLDER ACCESS

- **Deadline for Inclusion in the Proxy Statement** – All proposals, other than with respect to director nominees (as discussed below), to be considered by the Board for inclusion in the Proxy Statement and form of proxy for next year’s Annual Meeting of Stockholders expected to be held on May 2, 2019, must be received by the Corporate Secretary at our headquarters address, repeated at the top of page 4 of this Proxy Statement, no later than November 19, 2018.
- **Deadline for Consideration** – Stockholder proposals not included in a Company proxy statement for an annual meeting as well as proposed stockholder nominations for the election of directors for inclusion in the Company’s proxy statement and form of proxy at an annual meeting must each comply with advance notice procedures set forth in our By-Laws in order to be properly brought before that annual meeting of stockholders. In general, written notice of a stockholder proposal or a director nomination must be received by the Corporate Secretary not less than 120 days nor more than 150 days prior to the anniversary date of the preceding annual meeting of stockholders. With regard to next year’s Annual Meeting of Stockholders, expected to be held on May 2, 2019, the written notice must be received between December 4, 2018 and January 3, 2019, inclusive.
- **Director Nomination Process** – Our Board’s Governance Committee has, under its Charter, responsibility for director nominee functions, including review of any director nominee candidates recommended by stockholders. The Governance Committee has the following duties and authority:
 - Review and recommend to the Board of Directors policies for the composition of the Board, including such criteria as:
 - § size of the Board;
 - § diversity of gender, race, ethnicity, experience, employment, background and other relevant factors of Board members;
 - § the proportion of the Board to be comprised of non-management directors;
 - § qualifications for new or continued membership on the Board, including experience, employment, background and other relevant considerations; and
 - § director retirement requirements or standards.
 - Review any director nominee candidates recommended by stockholders.
 - Identify, interview and evaluate director nominee candidates and have sole authority to:
 - § retain and terminate any search firm to be used to assist the Committee in identifying director candidates; and
 - § approve the search firm’s fees and other retention terms.
 - Recommend to the Board:
 - § the slate of director nominees to be presented by the Board for election at the Annual Meeting of Stockholders;
 - § the director nominees to fill vacancies on the Board; and
 - § the members of each Board Committee.

STOCKHOLDER ACCESS

- Director Nominations – Any stockholder nomination for directors must comply with the advance notice procedures set forth in Article II, Section 3 and Section 15 of our By-Laws. Under our By-Laws, to be in proper written form, the stockholder’s notice to our Corporate Secretary must set forth as to each person whom the stockholder proposes to nominate for election as a director: (i) the name, age, business address, residence address and record address of such person, (ii) the principal occupation or employment of such person, (iii) the following information regarding such person: (A) the class or series and number of shares of capital stock of the Company which are owned beneficially or of record by such person, (B) any option, warrant, convertible security, stock appreciation right, or similar derivative instrument related to any class or series of shares of the Company that is directly or indirectly owned beneficially by such person; (C) any proxy, contract, agreement, arrangement, understanding, or relationship pursuant to which such person has a right to vote any shares of any security of the Company; (D) any “short interest” in any security of the Company; (E) any rights to dividends on the shares of the Company owned beneficially by such person that are separated or separable from the underlying shares of the Company; (F) any proportionate interest in shares of the Company or derivative instruments held, directly or indirectly, by a general or limited partnership in which such person is a general partner or, directly or indirectly, beneficially owns an interest in a general partner; and (G) any performance-related fees (other than an asset-based fee) to which such person is entitled based on any increase or decrease in the value of shares of the Company or any derivative instruments, if any, as of the date of such notice, including, without limitation, any such interests held by members of such person’s immediate family sharing the same household, (iv) any information relating to such person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the rules and regulations promulgated thereunder, (v) the nominee holder for, and number of, shares owned beneficially but not of record by such person, (vi) to the extent known by the stockholder giving the notice, the name and address of any other stockholder supporting the nominee for election or reelection as a director on the date of such stockholder’s notice, (vii) a description of all arrangements or understandings between or among such persons pursuant to which the nomination(s) are to be made by the stockholder, and (viii) a representation that such stockholder intends to appear in person or by proxy at the meeting to nominate the persons named in its notice. In addition to the information required pursuant to Section 3, our By-Laws provide that the Company may require any proposed nominee to furnish such other information: (a) as may reasonably be required by the Company to determine the eligibility of such proposed nominee to serve as an independent director under the rules and listing standards of the principal United States securities exchanges upon which the Common Stock of the Company is listed or traded, any applicable rules of the U.S. Securities and Exchange Commission or any publicly disclosed standards used by the Board of Directors in determining and disclosing the independence of the Company’s directors, (b) that could be material to a reasonable stockholder’s understanding of the independence, or lack thereof, of such nominee, or (c) that may reasonably be requested by the Company to determine the eligibility of such nominee to serve as a director of the Company. Any ownership information shall be supplemented by the stockholder giving the notice not later than ten (10) days after the record date for the meeting as of the record date. The notice must be accompanied by a written consent of the proposed nominee to being named as a nominee and to serve as a director if elected. No person shall be eligible for election as a director of the Company unless nominated in accordance with the foregoing procedures. This summary is qualified in its entirety by reference to the full text of our By-Laws, which can be found on our website at www.investor.ecolab.com/corporate-governance.
- Proxy Access – Under our By-Laws, a stockholder or a group of up to 20 stockholders owning 3% or more of the Company’s outstanding shares continuously for at least three years may nominate and include in our proxy materials director candidates constituting up to the greater of two individuals or 20% of the Board, provided that the stockholder(s) and the nominee(s) satisfy the requirements specified in our By-Laws. Our proxy access by-law limits the number of stockholders that may aggregate their shares to satisfy the 3% test to 20 stockholders. For purposes of the 20 stockholder limit, certain related funds are counted as one stockholder.

In terms of our principles for composition of the Board generally, and qualifications for director nominees specifically, we refer you to our Corporate Governance Principles, which can be found on our website at www.investor.ecolab.com/corporate-governance. Under these provisions, for example:

STOCKHOLDER ACCESS

- No more than three Board members will be from current management. These management members normally would be the Chief Executive Officer, the Chairman (if an employee of the Company and not the CEO) and the President (if an employee of the Company and not the CEO) but may be any other officer deemed appropriate by the Board;
- It is desired that the members of the Board represent a geographical dispersion and variety of business disciplines so as to bring to the work of the Board a diversity of experience and background, with the predominance of members being chief or executive officers from different industries; and
- A continuing effort is made to seek well-qualified women and minority group members for the Board, but these persons must be sought out and evaluated as individuals rather than as representatives of specific groups. The Board of Directors is committed to actively seeking out highly-qualified women and minority candidates for each search the Board undertakes. In identifying, evaluating and recommending director nominee candidates, the Committee will consider diversity of gender and ethnicity within the Board, the criteria set forth in the section above entitled "Director Nomination Process," and such other factors as the Committee deems appropriate. The Board conducts a periodic review of its efforts to achieve such diversity among its members.

Other criteria relevant to service as a director of our Company are also set forth in our Corporate Governance Principles.

In recent years, the Governance Committee's efforts in recruiting new directors have included a focus on candidates with significant organizational leadership experience, including individuals who were chief executive officers or otherwise headed a large and complex organization, and on qualified candidates with experience that would round out our Board, particularly experience germane to our key end-markets, such as food, water and energy, and technical competencies, such as information technology and cybersecurity. The Committee has also sought to ensure that women and people of color were considered each time that the Committee undertook a formal search process to recruit director candidates.

All directors are encouraged to submit to the Governance Committee the name of any person deemed qualified to serve on the Board, together with information on the candidate's qualifications. The Governance Committee screens and submits to the full Board the names and biographical information of those persons considered by the Committee to be viable candidates for election as directors. The same evaluation process and criteria are used by the Committee: (i) for recommendations for director candidates submitted by stockholders in accordance with our Restated Certificate of Incorporation and By-Laws, and (ii) for recommendations submitted by any other source, such as a director or a third-party search firm.

SECURITY OWNERSHIP

Executive Officers and Directors

In general, “beneficial ownership” includes those shares of our Common Stock which a director or executive officer has the power to vote or transfer, as well as stock options that are exercisable currently or within 60 days and stock underlying stock units that may be acquired within 60 days. On March 6, 2018, our current executive officers and directors beneficially owned, in the aggregate, 4,370,647 shares of Common Stock constituting approximately 1.5% of our shares outstanding. As required by SEC disclosure rules, “shares outstanding” for this purpose includes options exercisable within 60 days and stock underlying stock units that may be acquired within 60 days by such executive officers and directors. The detail of beneficial ownership is set forth in the following table.

CORPORATE GOVERNANCE

Corporate Governance Materials and Code of Conduct

Our Company is managed under the overall direction of our Board of Directors for the benefit of all stockholders. Written materials concerning policies of our Board of Directors, corporate governance principles and corporate ethics practices, including our Code of Conduct as last amended in 2012, are available on our website at www.investor.ecolab.com/corporate-governance/code-of-conduct.

We intend to promptly disclose on our website should there be any amendments to, or waivers by the Board of Directors of, the Code of Conduct.

Board Structure

Under our Corporate Governance Principles, the preferable size of the Board is between 11 and 15 members, in order to facilitate effective discussion and decision-making, adequate staffing of Board Committees, and a desired mix of diversified experience and background. Our Board of Directors currently consists of 13 members. As described on page 23 under Proposal 1: Election of Directors, 13 nominees, if elected, will serve a one-year term ending as of the 2019 Annual Meeting expected to be held on May 2, 2019.

Board Leadership Structure

Our Board of Directors is led by Douglas M. Baker, Jr., our Chairman, who is also our Chief Executive Officer. Mr. Baker has served as our Chief Executive Officer and as a director since 2004, and he was elected Chairman in 2006.

As stated in our Corporate Governance Principles, the Board believes that it is best not to have a fixed policy on whether the offices of Chairman and Chief Executive Officer are to be held by one person or two. In May 2017, the Board determined that its current board leadership structure remains appropriate and best serves the interests of stockholders at this time. In making that annual determination, the Board considered numerous factors, including the benefits to the decision-making process with a leader who is both Chairman and Chief Executive Officer; the significant operating experience and qualifications of Mr. Baker; the importance of deep Ecolab knowledge in exercising business judgment in leading the Board; the size and complexity of our business; the significant business experience and tenure of our directors; and the qualifications and role of our Lead Director.

In accordance with our Corporate Governance Principles, the independent directors, after recommendation of the Governance Committee, appointed Jeffrey M. Ettinger as Lead Director in May 2017. Mr. Ettinger has extensive public company board experience. Mr. Ettinger also is independent and has considerable knowledge of our business. Specific responsibilities of the Lead Director, as enumerated in our Corporate Governance Principles, include:

- presiding over meetings of the Board at which the Chairman is not present, including executive sessions of the independent directors;
- acting as a liaison between the Chairman and the independent directors;
- reviewing and approving information sent to the Board;
- reviewing and approving meeting agendas for the Board;
- reviewing and approving meeting schedules to assure that there is sufficient time for discussion of all agenda items;
- at the discretion of the Lead Director, calling meetings of the independent directors; and
- if requested by significant stockholders, ensuring that he or she is available for consultation and direct communication.

Mr. Baker works closely with Mr. Ettinger to ensure the smooth and effective operation of the Board.

CORPORATE GOVERNANCE

Board's Role in Risk Oversight

The Board of Directors, in exercising its overall responsibility to direct the business and affairs of the Company, has established various processes and procedures with respect to risk management. First, annually as a core agenda item of the full Board, management presents to the Board a comprehensive and detailed risk assessment of the Company after following a vigorous enterprise risk review and analysis. Pursuant to the risk assessment, the Company has categorized the most relevant risks as follows: strategic, operating, reporting and compliance. As part of the annual risk assessment, the Board determines whether any of the Company's overall risk management processes or control procedures requires modification or enhancement.

Strategic risk, which relates to the Company properly defining and achieving its high-level goals and mission, and operating risk, which relates to the effective and efficient use of resources and pursuit of opportunities, are regularly monitored and managed by the full Board through the Board's regular and consistent review of the Company's operating performance and strategic plan. For example, at each of the Board's five regularly scheduled meetings throughout the year, management provided the Board presentations on the Company's various business units as well as the Company's performance as a whole. Agenda items were included for significant developments as appropriate, for example, significant acquisitions, important market developments and senior management succession. Pursuant to the Board's established monitoring procedures, Board approval is required for the Company's strategic plan and annual plan which are reported on by management at each Board meeting. Similarly, significant transactions, such as acquisitions and financings, are brought to the Board for approval.

Reporting risk, which relates to the reliability of the Company's financial reporting, and compliance risk, which relates to the Company's compliance with applicable laws and regulations, are primarily overseen by the Audit Committee. The Audit Committee meets at least six times per year and, pursuant to its charter and core agendas, receives input directly from management as well as from the Company's independent registered public accounting firm, PricewaterhouseCoopers LLP, regarding the Company's financial reporting process, internal controls and public filings. The Committee also receives regular updates from the Company's General Counsel and the Chief Compliance Officer regarding any Code of Conduct issues or legal compliance concerns and annually receives a summary of all Code of Conduct incidents during the preceding year from the Chief Compliance Officer. See "Board Committees – Audit Committee" on page 15 for further information on how the Audit Committee monitors, and assists the Board of Directors' oversight of, reporting and compliance risks.

The Company believes that its leadership structure, discussed in detail above, supports the risk oversight function of the Board. While the Company has a combined Chairman of the Board and Chief Executive Officer, our Lead Director has substantial and clearly delineated authority pursuant to our Corporate Governance Principles, strong directors chair the various Board Committees involved in risk oversight, there is open communication between management and directors, and all directors are actively involved in the risk oversight function.

Compensation Risk Analysis

The Compensation Committee has established an annual process and criteria for assessing risk in our compensation programs and has directed management to apply that process and criteria to all compensation plans and practices that have the potential to give rise to behavior that creates risks that are reasonably likely to have a material adverse effect on the Company and to report the results to the Compensation Committee. As part of the process in 2017, the Company took the following steps to complete the assessment: (1) we agreed on a materiality framework for determining which compensation plans and practices to review; (2) we inventoried plans and practices that fell within the materiality framework; (3) we reviewed the identified plans and practices against our evaluation framework established in consultation with the Compensation Committee's independent compensation consultant, Frederic W. Cook & Co., Inc. ("FW Cook"); (4) we identified factors, processes or procedures in place which may mitigate any risks

in identified plans and practices; and (5) the Compensation Committee reviewed the results of the analysis with FW Cook. Our risk assessment revealed that our compensation programs do not create risks that are reasonably likely to have a material adverse effect on the Company. In making this determination, we took into account the compensation mix for our employees as well as various risk control and mitigation features of our programs, including varied and balanced performance targets, review procedures for incentive pay calculations, appropriate incentive payout caps, the Company's rights to cancel incentive awards for employee misconduct, discretionary authority of the Compensation Committee to reduce award pay-outs, internal controls around customer and distributor pricing and contract terms, our stock ownership guidelines, prohibition on hedging Company stock and our compensation recovery ("clawback") policy.

CORPORATE GOVERNANCE

Director Attendance

There were six meetings of the Board of Directors during the year ended December 31, 2017. Each incumbent director attended at least 75% of all Board meetings and meetings held by all Committees on which he or she served. Overall attendance at Board and Committee meetings was 95%. Directors are expected, but are not required, to attend our Annual Meeting of Stockholders. All of the directors then serving who were continuing to serve following the meeting attended last year's Annual Meeting.

Board Committees

Our By-Laws permit the Board of Directors to designate Committees, each comprised of three or more directors, to assist the Board in carrying out its duties. The Board annually reviews its Committee structure as well as the Charter and composition of each Committee and makes modifications as necessary. The Charters for the Board's five standing Committees - Audit, Compensation, Finance, Governance and Safety, Health and Environment - were reviewed and approved by the Board in May 2017. The Charters of each of our Committees are available on our website at www.investor.ecolab.com/corporate-governance. The separately designated standing Audit Committee meets the requirements of Section 3(a)(58)(A) of the Exchange Act. The members of the Audit, Compensation and Governance Committees meet the "independence" and other requirements established by the rules and regulations of the SEC, the Internal Revenue Code of 1986, as amended (the "IRS Code"), the New York Stock Exchange and our Board, as applicable.

· Audit Committee – The Audit Committee members are Mses. McKibben, Reich (Chair) and Vautrinot and Messrs. Casale and MacLennan (Vice Chair). The Committee met six times during 2017. In addition, either the full Audit Committee or the Committee Chair, as representative of the Committee (and at their election the other members of the Audit Committee), discussed the interim financial information contained in each quarterly earnings announcement for the first three calendar quarters of 2017 with our Chief Financial Officer and Controller and with our independent registered public accounting firm, prior to each of our quarterly earnings announcements. The Committee met to discuss the financial information contained in the fourth quarter and full year 2017 earnings announcement prior to dissemination of that press release and it being furnished to the SEC on a Form 8-K in February 2018. The Form 10-K for the year ended December 31, 2017, was also discussed by the Committee at its February 2018 meeting.

The Committee fulfills, and assists the Board of Directors' oversight of, its responsibilities to monitor: (i) the quality and integrity of our consolidated financial statements and management's financial control of operations; (ii) the qualifications, independence and performance of the independent accountants; (iii) the role and performance of the internal audit function; (iv) our compliance with legal and regulatory requirements; and (v) our cybersecurity program and related risks. The Committee meets regularly and privately with our management and internal auditors and with our independent registered public accounting firm, PricewaterhouseCoopers LLP.

A report of the Audit Committee is found under the heading "Audit Committee Report" at page 64.

The Board of Directors has determined that each member of the Audit Committee is "independent" and meets the independence and other requirements of Sections 303A.02 and 303A.07(b) of the listing standards of the New York Stock Exchange, and Rule 10A-3 under the Exchange Act, as well as of our Board. The Board has determined that each of Mses. McKibben and Reich and Messrs. Casale and MacLennan is an "audit committee financial expert" under the SEC's rules and should be so designated. Further, the Board has determined, in its business judgment, that each of Mses. McKibben and Reich and Messrs. Casale and MacLennan has "accounting and related financial management expertise" and that each member of the Audit Committee is "financially literate" under the New York Stock Exchange's listing standards.

CORPORATE GOVERNANCE

· Compensation Committee – The Compensation Committee members are Messrs. Biller, Chazen (Vice Chair), Ettinger, Higgins and Zillmer (Chair). The Committee met five times during 2017. The principal functions of this Committee are to: (i) review and approve or recommend to the Board, as applicable, with respect to the establishment, amendment and administration of any compensation plans, benefits plans, severance arrangements and long-term incentives for directors and any executive officers (including the CEO); (ii) review and approve our overall compensation policy and annual executive salary plan, including CEO compensation; and (iii) administer our director stock option and deferred compensation plans, executive and employee stock incentive plans, stock purchase plans, cash incentive programs and stock retention and ownership guidelines. The Committee may not delegate its primary responsibilities with respect to overseeing executive officer compensation. In accordance with the terms of our 2010 Stock Incentive Plan, the Committee has delegated to the CEO (in his capacity as a director) the authority to grant long-term incentives to employees who are not officers or directors, subject to specified thresholds and applicable law. A report by the Committee is located on page 28 of this Proxy Statement.

To assist the Committee in the design and review of the executive and director compensation programs, the Committee has selected and retained FW Cook, an independent compensation consulting firm, which reports directly to the Committee. As requested from time to time on behalf of the Committee, FW Cook provides the Committee with market data regarding various components of executive and director compensation, reviews the methodology on which compensation is based and designed, and informs the Committee of market trends in executive and director compensation. FW Cook performs no services for us other than those performed on behalf of the Committee.

The Committee has considered the independence of FW Cook in light of SEC rules and New York Stock Exchange listing standards. In connection with this process, the Committee has reviewed, among other items, a letter from FW Cook addressing the independence of FW Cook and the members of the consulting team serving the Committee, including the following factors: (i) other services provided to us by FW Cook; (ii) fees paid by us as a percentage of FW Cook's total revenue; (iii) policies or procedures of FW Cook that are designed to prevent conflicts of interest; (iv) any business or personal relationships between the senior advisor of the consulting team and any member of the Committee; (v) any Ecolab stock owned by the senior advisor; and (vi) any business or personal relationships between our executive officers and the senior advisor. The Committee discussed these considerations and concluded that the work performed by FW Cook and its senior advisor involved in the engagement did not raise any conflict of interest.

The Board of Directors has determined that each member of the Compensation Committee meets the independence requirements of the SEC (including Rule 16b-3), the New York Stock Exchange, and Section 162(m) of the IRS Code and of our Board.

· Finance Committee – The current Finance Committee members are Mses. McKibben and Vautrinot and Messrs. Biller (Chair), Chazen and Larson (Vice Chair). The Committee met six times during 2017. The principal functions of this Committee are to review and make recommendations to the Board concerning: (i) management's financial and tax policies and standards; (ii) our financing requirements, including the evaluation of management's proposals concerning funding to meet such requirements; (iii) share repurchases and dividends; (iv) our capital expenditure budget; (v) adequacy of insurance coverage; and (vi) our use of derivatives to limit financial risk. The Committee also evaluates specific acquisition, divestiture and capital expenditure projects from a financial standpoint and reviews the financial impact of our significant retirement plans.

· Governance Committee – The Governance Committee members are Ms. Beck and Messrs. Casale (Vice Chair), Ettinger (Chair), MacLennan and Zillmer. The Committee met four times during 2017. Certain functions of the Governance Committee are described starting on page 8 of this Proxy Statement under the heading "Director Nomination Process." In addition, the principal functions of this Committee include: (i) lead the annual review of Board performance and effectiveness; (ii) review the Board's organizational structure and operations (including appointing a lead director for executive sessions of non-management directors) and its relationship to senior management; (iii) review issues of senior management succession; (iv) lead the annual Chief Executive Officer performance review and oversee the evaluation process for senior management; (v) review Certificate of

Incorporation, By-Law or stockholder rights plan issues or changes in fundamental corporate charter provisions; (vi) review various corporate governance matters (including any necessary modifications to the Corporate Governance Principles); (vii) review and recommend to the Board with respect to director independence determinations and review, approve or ratify reportable related-person transactions; (viii) receive reports from management with regard to relevant social responsibility issues and report to the Board as appropriate; (ix) review our Company's efforts to achieve its affirmative action and diversity goals; (x) review director orientation, training and continuing education; (xi) review our political contributions policy as well as our corporate contributions; and (xii) undertake special projects which do not fall within the jurisdiction of other committees of the Board.

CORPORATE GOVERNANCE

The Board of Directors has determined that each member of the Governance Committee meets the “independence” requirements of the SEC, the New York Stock Exchange and of our Board.

- Safety, Health and Environment Committee – The members of the Safety, Health and Environment Committee are Mses. Beck (Chair) and Reich and Messrs. Baker, Higgins (Vice Chair) and Larson. The Committee met four times during 2017. This Committee monitors compliance with applicable safety, health and environmental (“SHE”) laws and regulations. The principle functions of this Committee include: (i) review SHE policies, programs and practices, SHE risks, SHE statistics, pending SHE matters, security risks and industry best practices; (ii) review regulatory, environmental and health and safety trends, issues and concerns which affect or could affect our SHE practices; (iii) review the implementation of our SHE practices and related compliance with applicable policies; and (iv) review our Sustainability Report.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is comprised of five non-employee, independent directors: Messrs. Biller, Chazen (Vice Chair), Ettinger, Higgins, and Zillmer (Chair). No member of the Compensation Committee is or was formerly an officer or an employee of the Company or had any related person transaction required to be disclosed in which the Company was a participant during the last fiscal year. In addition, no executive officer of the Company serves on the compensation committee or board of directors of a company for which any of the Company’s directors serves as an executive officer.

RELATED-PERSON TRANSACTIONS

The Governance Committee of the Board of Directors is responsible for reviewing, approving or ratifying transactions in excess of \$120,000 with the Company’s executive officers or directors, including their immediate family members, or any greater than 5% stockholder known to us. Our practices and procedures for identifying transactions with related persons are located in the charter of the Governance Committee. The Governance Committee considers the related person’s relationship to the Company and interest in the transaction; the material facts of the transaction, including the proposed aggregate value of such transaction; the benefits to the Company of the proposed related-person transaction; if applicable, the availability of other sources of comparable products or services; an assessment of whether the proposed related-person transaction is on terms that are comparable to the terms available to an unrelated third party or to employees; and such other factors and information as the Governance Committee may deem appropriate. The Governance Committee determined that there were no such transactions with related persons during 2017, nor any currently anticipated transactions.

(1) Represents annual retainer of \$105,000 (or a pro rata portion thereof) earned during 2017, plus additional fees paid to the Lead Director, the respective Chairs of Board Committees and the members of the Audit Committee; includes retainer and fees, if any, deferred at the election of directors pursuant to the 2001 Non-Employee Director Stock Option and Deferred Compensation Plan (the "2001 Plan"). The features of the 2001 Plan are described in the Summary below. The dollar amount of retainer and fees deferred by applicable directors during 2017 is as follows: Ms. Beck, \$120,000; Mr. Biller \$120,000; Mr. Chazen, \$54,217; Mr. Ettinger, \$131,370; Mr. Grundhofer, \$42,938; and Mr. Higgins, \$105,000.

(2) Represents the crediting by the Company of \$100,000 (or a pro rata portion thereof) to a deferred stock unit account under the 2001 Plan during 2017, which also represents the full grant date fair value of each stock unit award under FASB ASC Topic 718. The features of the deferred stock unit account are described under the Summary below. The aggregate number of stock units held by each non-employee director is set forth under footnote (3) to the "Security Ownership – Executive Officers and Directors" table at page 12.

(3) Represents the full grant date fair value of each option award, computed in accordance with FASB ASC Topic 718. The value has been determined by application of the lattice (binomial)-pricing model, based upon the terms of the option grant to directors. Director stock options granted in May 2017 to directors have a ten-year contractual exercise term and vest 25% at the end of each three-month period following the date of grant. Key assumptions include: risk-free rate of return,

Edgar Filing: ECOLAB INC. - Form DEF 14A

expected life of the option, expected stock price volatility and expected dividend yield. The specific assumptions used in the valuation of these options are summarized in the table below:

Grant Date	Risk Free Rate	Expected Life	Expected Volatility	Expected Dividend Yield
05/04/2017	2.05%	6.14 years	23.25%	1.18%

As of December 31, 2017, the aggregate number of stock options held by each director named in the table above is as follows: Ms. Beck, 15,900; Mr. Biller, 34,000; Mr. Casale, 9,900; Mr. Chazen, 12,100; Mr. Ettinger, 6,500; Mr. Grundhofer, 18,100; Mr. Higgins, 24,600; Mr. Larson, 16,600; Mr. Levin, 575; Mr. MacLennan, 5,300; Ms. McKibben, 6,900; Ms. Reich, 26,800; Ms. Vautrinot, 9,400; and Mr. Zillmer, 34,000.

- (4) Messrs. Grundhofer and Levin retired from the Board effective May 2017, and each received a pro-rated portion of compensation for 2017.

DIRECTOR COMPENSATION FOR 2017

Summary

During 2017, members of the Board of Directors who are not employees of the Company were entitled to receive base annual compensation valued at \$260,000 as follows:

- An annual retainer of \$105,000;
- \$100,000 annually in the form of stock units (which are described below); and
- Stock options having a grant date fair value of approximately \$55,000.

We also paid the following supplemental retainers to the Lead Director, committee chairs and members of the Audit Committee:

Director Role	Amount (\$)
Lead Director	25,000
Audit Committee Chair	20,000
Compensation Committee Chair	20,000
Finance Committee Chair	15,000
Governance Committee Chair	15,000
Safety, Health and Environment Committee Chair	15,000
Audit Committee Member	10,000

The base annual compensation of \$260,000 per year, excluding committee retainers, is within the median range of our competitive market, as is the total equity compensation of \$155,000 comprising a portion of such base. For director compensation, we define our competitive market as a group of 19 comparison companies for compensation benchmarking and the median range as within 10% of the median for total annual director compensation. The companies comprising our comparison group are the same as the executive compensation comparison group and are set forth under the heading "Compensation Benchmarking" found under the Compensation Discussion and Analysis of this Proxy Statement at page 35.

All reasonable travel and other expenses incurred by directors on behalf of Ecolab were reimbursed.

The features of the 2001 Plan are as follows:

- Non-employee directors may elect to defer some, or all, of the cash portion of their annual retainer and additional fees in a cash account or a deferred stock unit account until cessation of Board service. Amounts deferred in the cash account earn interest at market rates and amounts deferred in the stock unit account are credited with dividend equivalents. Upon cessation of Board service, deferred amounts are paid in a lump sum or in equal installments over a maximum of ten years as elected by the director, with payments from the interest-bearing account made in cash and payments from the stock unit account made in shares of our Common Stock.
- Director stock option grants are made on the date of the Annual Meeting of Stockholders and have an exercise price which is the average of the high and low market price on the date of grant. We believe that the use of the average of the high and low market price on the date of the grant removes same-day stock volatility. Director stock options vest 25% at the end of each three-month period following the grant date and will terminate 10 years after the grant date. If a non-employee director ceases to serve as a director of the Company for any reason, then each of his or her stock options will, to the extent it was already exercisable, remain exercisable for the shorter of the remaining term of the stock option or five years after the date service as a director ceased. The stock options granted to directors under the 2001 Plan may be transferred to defined family members or legal entities established for their benefit. We do not

have a program, plan or practice to time stock option grants to directors in coordination with the release of material non-public information.

- The 2001 Plan is the only plan or arrangement under which share-based compensation is provided to our non-employee directors.

DIRECTOR COMPENSATION FOR 2017

- The aggregate grant date fair value of 2001 Plan awards denominated in shares that may be made to any non-employee director of the Company during any calendar year may not exceed \$800,000, excluding such awards made at the election of a director to defer the receipt of cash compensation otherwise payable for services as a director.

Stock Retention and Ownership Guidelines

We have in place stock retention and ownership guidelines to encourage our directors to accumulate a significant ownership stake so they are vested in maximizing long-term stockholder returns. Our guidelines provide that our directors own Company stock with a market value of at least five times the annual retainer. Until the stock ownership guideline is met, the director is expected to retain 100% of all after-tax profit shares from stock option exercises. For purposes of complying with our guidelines, stock is not considered owned if subject to an unexercised stock option. Shares owned outright, legally or beneficially, by a director or his or her immediate family members residing in the same household and deferred stock units in the director's deferral plan count towards meeting the guidelines. Our directors may not pledge shares or enter into any risk hedging arrangements with respect to Company stock. Our directors are in compliance with our guidelines by either having achieved the ownership guideline or, if the guideline is not yet achieved, by retaining 100% of all after-tax profit shares from any stock option exercises.

Changes Effective in 2018

The Committee reviews our compensation program for non-employee directors annually; however, it is our general practice to consider adjustments to our program every other year. Based upon the recommendation of the Compensation Committee's independent consultant, FW Cook, we made the following changes effective as of January 1, 2018:

- Increased the annual retainer from \$105,000 to \$110,000; and
- Increased the annual deferred stock unit award from \$100,000 to \$115,000.

We retained all of the other components of our non-employee director compensation program, including the annual stock option grant with a grant date fair value of \$55,000 and the retainers for the Lead Director, committee chairs and Audit Committee members, without change. The changes to the annual retainer and stock unit awards increase total annual director compensation from \$260,000 per year to \$280,000 per year, excluding committee retainers, which is within the median range of our competitive market as previously defined at page 19 of this Proxy Statement.

DIRECTOR INDEPENDENCE STANDARDS AND DETERMINATIONS

DIRECTOR INDEPENDENCE STANDARDS AND DETERMINATIONS

“Independence” Standards

Pursuant to the Board of Directors’ policy, a director is not independent if:

- The director is, or has been within the last three years, an employee of the Company, or an immediate family member is, or has been within the last three years, an executive officer, of the Company.
- The director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).
- (A) The director is a current partner or employee of a firm that is the Company’s internal or external auditor; (B) the director has an immediate family member who is a current partner of such a firm; (C) the director has an immediate family member who is a current employee of such a firm and personally works on the Company’s audit; or (D) the director or an immediate family member was within the last three years a partner or employee of such a firm and personally worked on the Company’s audit within that time.
- The director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee.
- The director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.

The Board of Directors’ independence policy is also available on our website at www.investor.ecolab.com/corporate-governance/board-of-directors.

“Independence” Determinations

In February 2018, the Governance Committee undertook a review of director independence by examining the nature and magnitude of transactions and relationships during 2017, 2016 and 2015 between each director serving during 2017 or director nominee, as the case may be (or any member of his or her immediate family or the company he or she is employed by and its subsidiaries and affiliates), and the Company, its subsidiaries and affiliates. Appropriate scrutiny is given to any situation which could be reasonably considered a material relationship. Both the existence and nature of the relationship are considered. The relationships include, among others, commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships. The Company also endeavors to identify, quantify and evaluate ordinary course commercial transactions between the Company and any company that employs a director or director nominee, including subsidiaries and affiliates of the company. In this regard, the Board’s Governance Committee has reviewed the following transactions and determined that the transactions do not exceed the Board’s categorical “independence” standards described above or adversely affect the director for “independence” status as the combined impact of the transactions is immaterial to the Company and the respective organizations.

- Mr. MacLennan serves as Chairman and Chief Executive Officer of Cargill, Incorporated. During 2017, Ecolab’s sales to Cargill and its affiliates were approximately \$29 million, or less than 0.03% of Cargill’s revenues, and Ecolab’s purchases from Cargill and its affiliates were approximately \$6 million, or less than 0.006% of Cargill’s revenues. Ecolab believes all sales to Cargill were made in the ordinary course, at arm’s length, and at prices and on terms customarily available. Further, Ecolab believes Mr. MacLennan had no personal interest in, or received any personal benefit from, such commercial transactions.

DIRECTOR INDEPENDENCE STANDARDS AND DETERMINATIONS

Based on the review of the Governance Committee, the Board of Directors has determined that the following directors, including those on the slate of nominees for election to the Board at this year's Annual Meeting (other than Mr. Baker), are, and have been since January 1, 2017, or the date which they became a director of the Company if later than January 1, 2017, independent in accordance with the listing standards of the New York Stock Exchange, the rules and regulations of the SEC, applicable law, and the Board's "independence" policy: Barbara J. Beck, Leslie S. Biller, Carl M. Casale, Stephen I. Chazen, Jeffrey M. Ettinger, Jerry A. Grundhofer, Arthur J. Higgins, Michael Larson, Jerry W. Levin, David W. MacLennan, Tracy B. McKibben, Victoria J. Reich, Suzanne M. Vautrinot and John J. Zillmer.

The Board determined that Douglas M. Baker, Jr. is not "independent," due to his status as the current Chief Executive Officer.

PROPOSAL 1: ELECTION OF DIRECTORS

PROPOSAL 1: ELECTION OF DIRECTORS

Our Board of Directors currently consists of 13 members. The 13 nominees, if elected, will serve a one-year term ending as of the 2019 Annual Meeting expected to be held on May 2, 2019.

Pursuant to the recommendation of the Governance Committee, Mses. Beck, McKibben, Reich and Vautrinot and Messrs. Baker, Biller, Casale, Chazen, Ettinger, Higgins, Larson, MacLennan and Zillmer were nominated for election as Directors. The Board of Directors has no reason to believe that any of the named nominees is not available or will not serve if elected.

Board of Directors' Recommendation – The Board of Directors recommends a vote FOR the election of the 13 nominees named in this Proxy Statement. Unless a contrary choice is specified, proxies solicited by our Board of Directors will be voted FOR each of the nominees named in this Proxy Statement.

The following information with regard to business experience, qualifications and directorships has been furnished by the respective director nominees or obtained from our records.

COMPENSATION DISCUSSION AND ANALYSIS

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the following Compensation Discussion and Analysis of the Company with management. Based on their review and discussion, the Compensation Committee recommended to the Board of Directors, and the Board has approved, the inclusion of the Compensation Discussion and Analysis in both the Company's Annual Report on Form 10-K for the year ended December 31, 2017, and the Company's Proxy Statement for the Annual Meeting of Stockholders to be held May 3, 2018.

Dated: February 23, 2018 Leslie S. Biller Arthur J. Higgins
 Stephen I. Chazen John J. Zillmer
 Jeffrey M. Ettinger

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis ("CD&A") provides information about the principles underlying our executive compensation programs and the key executive compensation decisions that were made for the fiscal year ended December 31, 2017 ("2017"), including the most important factors relevant to those decisions. This CD&A is intended to provide additional context and background for the compensation earned by and awarded to the following named executive officers ("NEOs") for 2017 as reported in the Summary Compensation Table which follows this discussion:

Douglas M. Baker, Jr.	Chairman of the Board and Chief Executive Officer
Daniel J. Schmechel	Chief Financial Officer and Treasurer
Thomas W. Handley	President and Chief Operating Officer
Christophe Beck	Executive Vice President and President – Global Nalco Water
Michael A. Hickey	Executive Vice President and President – Global Institutional

The Company's compensation programs enable us to attract and retain the leadership talent that is necessary to successfully manage our strong earnings growth and return on invested capital objectives, while balancing necessary investment in the businesses in order to achieve attractive, long-term shareholder returns. Our corporate short-term and long-term incentive plan performance measures are aligned with this strategy by utilizing growth in adjusted diluted earnings per share (hereinafter, "adjusted EPS," unless the context otherwise requires) and adjusted return on invested capital (hereinafter, "adjusted ROIC," unless the context otherwise requires), both as defined later in this CD&A. At the business unit level, we also incorporate business unit sales and operating income performance measures.

Executive Summary

Business Environment

The Company achieved accelerating sales and earnings growth through 2017 as it drove new product introductions, new business wins and improved operating efficiency in a mixed market environment. Increased pricing was implemented to offset higher delivered product costs. Earnings per share (hereinafter "EPS") leveraged the solid operating income growth, benefiting from lower interest expense, taxes and shares outstanding, to deliver the attractive EPS gain.

COMPENSATION DISCUSSION AND ANALYSIS

As a result of this business environment, performance under our annual incentive plan versus our pre-established performance goals were 98% of target for corporate performance and ranged from 61% to 96% of target for division performance, as illustrated below:

Performance under our 2015-2017 performance-based restricted stock unit grant cycle versus our pre-established adjusted ROIC performance goal was 100% of target, as illustrated below:

Compensation Actions

We took the following actions with respect to our NEOs in 2017:

Compensation Element	2017 NEO Compensation Action
Base salaries	<ul style="list-style-type: none"> • With respect to NEOs who were employed by us in 2016 and 2017, base salaries increased between 3.2% and 4.2% and on average 3.7% versus 2016, excluding promotions
Annual cash incentives	<ul style="list-style-type: none"> • Annual cash incentive bonus payouts were between 73% and 100% of target, and averaged 91% of target • Annual cash incentive bonus payout for our CEO was at 100% of target
Long-term incentives	<ul style="list-style-type: none"> • Long-term equity incentive awards, consisting of stock options and performance-based restricted stock units (“PBRsUs”),

were granted in the same proportion as prior years and were within the median range of our size-adjusted competitive market for each NEO

- For the 2015 to 2017 PBRUS grant cycle, average award payouts were at 100% of target award opportunities

COMPENSATION DISCUSSION AND ANALYSIS

The charts below illustrate our Company's actual performance relative to our pre-established performance goals as well as our actual award payouts as a percentage of target award opportunities for the annual cash and long-term incentive plans:

* The achievement of adjusted EPS of \$4.69 per share actually aligned with a payout of 98% of target under the annual cash incentive plan. The payout was increased to 100% of the target which aligned with adjusted EPS of \$4.70 per share. The \$0.01 adjustment was made to offset the impact of the sale of the Company's Equipment Care business on November 1, 2017, as the target level was based upon including a full year's worth of Equipment Care results. See "Annual Cash Incentives – Performance Goals and Achievement – Corporate," starting on page 38 for a further discussion of the adjustment.

*Adjusted ROIC is a non-GAAP financial measure that is described in the section starting on page 37 entitled "Adjustments to Reported Financial Results."

COMPENSATION DISCUSSION AND ANALYSIS

Compensation of our Chief Executive Officer

The compensation of our CEO is positioned within the median range of our compensation benchmark and is based on the same design elements and performance standards that are applicable to our other corporate officers. For 2017, the Compensation Committee determined to increase the CEO's base salary by 4.2%, maintain his target annual incentive opportunity at 150% of base salary, and increase his long-term incentive opportunity from \$9.5 million to \$10 million (a 5.3% change), which is equally allocated to stock options and performance-based restricted stock units.

The chart below illustrates the increase in target total direct compensation for our CEO for 2017, as well as the total shareholder return for 2017 for the Company and our comparison group.

Target total direct compensation represents the sum of base salary, target annual incentive plan opportunity, and long-term incentive grant guideline, as summarized below:

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Practices

Our compensation programs encourage executive decision-making that is aligned with the long-term interests of our stockholders. We tie a significant portion of pay to Company performance over a multi-year period. Our Compensation Committee has incorporated the following market-leading governance features into our executive compensation programs:

Compensation Philosophy	We maintain a market median range compensation philosophy for all elements of total direct compensation, with Committee discretion to position our NEOs appropriately relative to that range based on factors such as tenure, past performance, and future potential
Goal Setting Process	We have in place a robust planning process to establish financial and business performance metrics for incentive plans
Performance Measures	We use different performance measures in our short-term and long-term incentive plans
Stock Ownership	We maintain stock ownership guidelines that encourage executives to retain a significant long-term position in our stock and thereby align their interests with the interests of our stockholders
Change in Control	We have implemented a balanced change-in-control severance policy that provides our officers severance at two times the sum of base salary plus annual incentive pay at target following a change in control and termination of employment (a so-called “double-trigger”), with no tax gross-ups
Risk Mitigation	We employ features to mitigate against our executives taking excessive risk in order to maximize pay-outs, including varied and balanced performance targets, discretionary authority of the Compensation Committee to reduce award pay-outs, bonus caps at 200% of target and a Policy on Reimbursement of Incentive Payments (or so-called “clawback” policy)
Problematic Practices	We do not provide or permit “single-trigger” vesting in event of change in control, hedging or pledging of our Company stock, or backdating or repricing of stock option awards
Employment Agreements	We do not maintain employment agreements with any of our NEOs

The Compensation Committee oversees the design and administration of our executive compensation programs according to the processes and procedures discussed in the Corporate Governance section of this Proxy Statement. The Compensation Committee is advised by an independent compensation consultant, FW Cook.

Pay-Versus-Performance Alignment

We emphasize pay-for-performance and structure our programs to provide incentives for executives to drive business and financial results. We believe that the pay of our executives, particularly our CEO, correlates well with our total shareholder returns; and while our incentive programs help to drive results, they do so without encouraging excessive risk-taking that would threaten the long-term growth of our business.

The Compensation Committee annually evaluates how the amount of cash compensation paid aligns with the Company’s size and performance relative to the comparison companies. For purposes of this analysis, composite size and performance is calculated based on various measures of company size, profitability, growth, and total shareholder return. Cash compensation paid represents the sum of actual base salaries and annual bonuses paid for each fiscal year. The chart below illustrates how annual cash compensation paid for the NEOs has been conservative relative to the Company’s size and performance over the last four years for which such data was available for the comparison companies as of the date of this Proxy Statement.

COMPENSATION DISCUSSION AND ANALYSIS

Shareholder Outreach and 2017 Say-on-Pay Results

During 2017, we engaged stockholders holding approximately 50% of our shares concerning a variety of topics, including our executive compensation program. The stockholders did not raise any significant issues with respect to our program. Additionally, at the 2017 Annual Meeting, our stockholders approved on an advisory basis the compensation of our NEOs disclosed in that year's proxy statement, with more than 94% of the total votes cast by holders of shares represented at the meeting voting in favor of our executive compensation proposal. The Compensation Committee took this favorable stockholder support into account in deciding to retain the overall structure and philosophy of our compensation plans and programs in 2017.

Program Elements

The principal elements of our executive compensation programs for 2017 are illustrated below:

COMPENSATION DISCUSSION AND ANALYSIS

To align pay levels for NEOs with the Company's performance, our pay mix places the greatest emphasis on performance-based incentives. Approximately 91% of our CEO's target total direct compensation (salary, target bonus and the grant date fair value of long-term incentive awards), and approximately 77% of the average target total direct compensation of our other NEOs is performance-based, as summarized below, with equity elements depicted in blue and cash elements depicted in gray:

CEO Pay Mix Average Other Named Executive Officer Pay Mix

Our Analysis

Our analysis indicates that total direct compensation mix for our NEOs on average is generally consistent with the competitive market. The CEO receives a higher proportion of his total direct compensation allocated to performance-based components than non-performance-based components and more allocated to equity-based compensation than cash-based compensation compared to the other NEOs. The higher emphasis on performance-based compensation for the CEO is designed to reward him for driving company performance and creating long-term shareholder value that is a greater responsibility in his position than in the positions of the other NEOs, and is consistent with the competitive market for the CEO position. The level of compensation of our CEO reflects the many responsibilities of serving as CEO of a public company. Accordingly, our CEO's median range competitive pay levels (including long-term equity awards) reflect his broader scope and greater responsibilities compared to our other NEOs.

Compensation Philosophy

Our executive compensation program is designed to meet the following objectives:

- Support our corporate vision and long-term financial objectives
- Communicate the importance of our business results
- Retain and motivate executives important to our success
- Reward executives for contributions at a level reflecting our performance

Our executive compensation program as a whole, as well as each element, is designed to be market-competitive in order to attract, motivate and retain our executives in a manner that is in the best interests of our stockholders. Our executive compensation program is further designed to reinforce and complement ethical and sustainable management practices, promote sound risk management and align management interests (such as sustainable long-term growth) with those of our stockholders. We believe that our long-term equity incentive program, which typically accounts for at least half of our NEOs' total annual compensation, is an effective tool in aligning our executives' interests with those of our stockholders and in incentivizing long-term value creation.

COMPENSATION DISCUSSION AND ANALYSIS

Our philosophy is to position base salary, annual cash incentives, and long-term equity incentives in the median range of our competitive market, adjusted for the Company's size. We define the median range as within 15% of the median for base salaries and within 20% of the median for annual cash incentive targets and long-term incentive targets. For annual cash incentives, our philosophy generally is to also position them at a level commensurate with the Company's performance based on adjusted EPS compared to EPS growth in the Standard & Poor's 500 ("S&P 500"). We position annual cash incentives and long-term incentives to provide lower than median compensation for lower than competitive market performance and higher than median compensation for higher than competitive market performance. This approach provides motivation to executives without incentivizing inappropriate risk-taking to achieve pay-outs, as we believe that the Company's prospects for growth are generally at least as favorable as the average of the S&P 500.

Our Analysis

For 2017, total direct compensation opportunities for all our NEOs were positioned in the market median range. The Compensation Committee has determined to establish total direct compensation opportunities for our CEO toward the high end of the median range in recognition of his long tenure and sustained exceptional performance.

Compensation Process

For our NEOs, the Compensation Committee reviewed and approved all elements of 2017 compensation, taking into consideration recommendations from our CEO (but not for his own compensation), as well as competitive market guidance and feedback provided by the Compensation Committee's independent compensation consultant and our human resources staff regarding individual performance, time in position and internal pay comparisons. The Compensation Committee reviewed and approved all elements of 2017 compensation for our CEO, taking into consideration the Board's performance assessment of the CEO and recommendations, competitive market guidance and feedback from the Compensation Committee's independent compensation consultant and our human resources staff. Recommendations with respect to the compensation of our CEO are not shared with our CEO.

Compensation Benchmarking

For benchmarking purposes, we define our competitive market for compensation data to be a simple average of median compensation from a 19-company comparison group and size-adjusted median general industry data from third-party surveys in which we participate.

The comparison group is selected by the independent compensation consultant based on input from the Company and the Compensation Committee, and is reviewed and approved annually by the Compensation Committee in the spring of each year. The independent consultant utilizes an objective selection process methodology that consists of the following steps:

- Focus on companies in the chemicals, oil & gas equipment & services, and industrial conglomerates industry groups
- Screen for companies with annual revenues of one-fourth to four times the annual revenues of our Company
- Further screen for companies within a reasonable size range in various other measures such as annual operating income, total assets, total equity, total employees and market capitalization
- Identify companies that meet several other criteria, such as significant international operations, inclusion in the S&P 500, business-to-business focus, and not highly cyclical

COMPENSATION DISCUSSION AND ANALYSIS

The chart below summarizes our Company's percentile ranking versus the 19 companies selected for the comparison group for 2017 based on the above selection criteria:

All financial and market data are taken from Standard & Poor's Capital IQ

The third party general industry surveys used during 2017 were from Aon Hewitt, Willis Towers Watson and FW Cook. For benchmarking 2017 base salary and annual cash incentive compensation, we used the average of size adjusted median compensation data from Aon Hewitt and Willis Towers Watson, as well as median compensation data from the comparison companies. The 2016 Willis Towers Watson CDB General Industry Executive Compensation Survey includes 484 organizations that range in revenue from approximately \$1 billion to over \$42 billion. We also used the 2016 Aon Hewitt TCM Executive Regression Analysis Survey, which includes over 400 organizations that range in revenue from approximately \$120 million to \$152 billion. For benchmarking long term incentives, we used the average of the median compensation data yielded by the comparison companies, the 2017 Willis Towers Watson CDB General Industry Executive Compensation Survey and the FW Cook 2017 Survey of Long Term Incentives. The 2017 Willis Towers Watson survey has 507 participants which range in revenue from approximately \$1 billion to greater than \$41 billion. The FW Cook survey has 56 participants which range in revenue from over \$5 billion to over \$190 billion.

Base Salaries

The Compensation Committee reviews base salaries for our NEOs and other executives annually in February to be effective as of April 1 of the current fiscal year, and adjustments are based on changes in our competitive market, changes in scope of responsibility, individual performance and time in position. Our philosophy is to pay base salaries that are within the median range of our size-adjusted competitive market. When an executive officer is new to his or her position, his or her initial base salary will likely be at the low end of the median range but, if performance is acceptable, his or her base salary will be increased over several years to arrive at the median.

COMPENSATION DISCUSSION AND ANALYSIS

Salary Increases

For 2016 and 2017, annualized base salary rates for our NEOs are summarized below:

Name	2016	2017	Increase Percentage(1)
	Annualized Base Salary Rate (\$)	Annualized Base Salary Rate (\$)	
Douglas M. Baker, Jr.	1,200,000	1,250,000	4.2 %
Daniel J. Schmechel	600,000	625,000	4.2 %
Thomas W. Handley	675,000	700,000	3.7 %
Christophe Beck	552,500	570,000	3.2 %
Michael A. Hickey	552,500	570,000	3.2 %

(1) All increases represent merit increases.

Our Analysis

For 2017, base salaries accounted for approximately 9% of total compensation for the CEO and 23% on average for the four other NEOs. 2017 base salary rates were within the median range for all of our NEOs. In general, the 2017 merit salary increases for our NEOs were in line with the principles used to deliver the Company's U.S. salary increases broadly.

Adjustments to Reported Financial Results

The Compensation Committee has authority to adjust the reported diluted EPS and ROIC on which incentive compensation payouts are determined in order to eliminate the distorting effect of unusual income or expense items that may occur during a given year and that impact year-over-year growth or return percentages.

For purposes of the adjusted EPS performance measure used in our annual cash incentive program, a reconciliation of 2017 diluted EPS as reported to 2017 adjusted diluted EPS is summarized below:

2017 reported diluted EPS	\$	5.13
Adjustments:		
Special (gains) and charges	\$	0.19
Discrete tax net expense (benefit)	(\$0.63)	
Adjusted diluted EPS	\$	4.69

Note: Per-share amounts do not necessarily sum due to rounding. Additional information regarding the composition of the adjustments identified in the table above is contained on pages 33-37 of our Annual Report on Form 10-K for the fiscal year ended December 31, 2017.

Reported diluted earnings per share and adjusted EPS for the years 2013 through 2017 are provided in our 2017 Annual Report. We believe that in this context adjusted EPS is a more meaningful measure of the Company's underlying business performance than reported diluted earnings per share because it provides greater transparency with respect to our results of operations and that it is more useful for period-to-period comparison of results. In addition, we use adjusted EPS internally to evaluate our performance and in making financial and operational

decisions.

For purposes of the measurement of divisional and business unit performance goals and in the determination of payouts to executives under our annual cash incentive program, the revenue and operating income performance measures are recorded at fixed currency rates of foreign exchange and adjusted for special gains and charges, as well as certain other exceptional items, such as the results of certain businesses acquired during the year and certain strategic initiatives. We include within special gains and charges items that we believe can significantly affect the period-over-period assessment of operating results and not necessarily reflect costs and/or income associated with historical trends and future operating results, as more fully identified on pages 33-35 of our Annual Report on Form 10-K for the fiscal year ended December 31, 2017. We use these measures internally to evaluate our performance and in making financial and operational decisions, including with respect to incentive compensation. We believe that our use of these measures provides greater transparency with respect to our results of operations and that these measures are useful for period-to-period comparison of results.

ECOLAB - 2018 Proxy Statement 37

COMPENSATION DISCUSSION AND ANALYSIS

For purposes of the adjusted ROIC performance measure used in our PBRUSU program, we define ROIC as the quotient of after-tax operating income divided by the sum of short-term and long-term debt and shareholders' equity, less cash and cash equivalents. The PBRUSU awards provide for adjustment of the ROIC calculation in the event of a large acquisition (such as the Nalco and Champion transactions) or other significant transaction or event approved by the Board. Considering the significant impact of purchase accounting and special gains and charges related to the Nalco and Champion transactions on the ROIC calculation, for the 2018 to 2020 performance cycle, adjusted ROIC is measured excluding the purchase accounting impact and special gains and charges related to these transactions and is also adjusted for acquisitions, accounting or tax changes, gains or losses from discontinued operations, restructurings, and certain other unusual or infrequently occurring charges during the performance period.

This CD&A contains statements regarding incentive targets and goals. These targets and goals are disclosed in the limited context of the Company's compensation programs and should not be understood to be statements of management's expectations or estimates of results or other guidance.

Annual Cash Incentives

The Company maintains annual cash incentive programs for executives referred to as the Management Incentive Plan, or MIP, and Management Performance Incentive Plan, or MPIP. In effect, the MPIP establishes the maximum bonus payouts for the NEOs, while the MIP criteria are used by the Compensation Committee to guide the exercise of its downward discretion in determining the actual pay-outs which have historically been (and were in 2017) well below the MPIP maximum permitted payouts. As further described under the "Regulatory Considerations" heading on page 44, the annual cash incentive programs have been historically designed and administered in this manner to preserve the federal income tax deductibility of the associated compensation expense by the Company. To determine the 2017 award payments (which were paid in March 2018), the Committee reviewed the performance of the NEOs and other executives at its February 2018 meeting prior to filing. With respect to the 2017 awards, the Committee established a performance goal under the MPIP to determine the maximum pay-out potential and then used the goals described below with respect to the MIP to determine whether and to what degree the actual payout amount for each NEO's annual cash incentive award would be less than the maximum permitted amount.

Target Award Opportunities

Under the MIP, we establish annual target award opportunities expressed as a percentage of base salary paid during the year and various award payment limits expressed as a percentage of the target award. Our annual cash incentive targets are set within the median range relative to our competitive market for each position, and the annual cash incentive plan is structured so that lower performance results in below-market payouts and superior performance drives payouts above the median range. For 2017, target award opportunities were within the median range for all our NEOs and ranged from 75% to 150% of base salary. Minimum and maximum payout opportunities ranged from 40% to 200% of target award opportunity, respectively, with no payout for performance below the minimum level specified.

Performance Measures

Under the MIP, we use a mix of overall corporate, business unit and individual performance measures to foster cross-divisional cooperation and to assure that executives have a reasonable measure of control over the factors that affect their awards. This performance measure mix varies by executive position.

Performance Goals and Achievement - Corporate

Under the MIP, several performance goals are used, including goals measuring overall corporate performance as well as goals for specific business unit performance for those executives who are responsible for these business units. Overall corporate performance in 2017 was based on adjusted EPS goals. We believe that adjusted EPS is a better measure of the Company's underlying business performance than reported diluted EPS because it provides greater transparency with respect to our results of operations, which is more useful for period-to-period comparison of results. In addition, a total company measure of performance such as adjusted EPS is used as one of the performance measures with respect to our NEOs who manage particular business units because it reinforces our Circle the Customer -- Circle the Globe strategy and fosters cross-divisional cooperation.

COMPENSATION DISCUSSION AND ANALYSIS

In establishing these goals for 2017, we took into consideration our prior year results, overall economic and market trends, other large companies' performance expectations and our anticipated business opportunities, investment requirements and the competitive situation. For 2017, the adjusted EPS goals were:

Payout at 40% of the target award opportunity (minimum level) at	\$4.43
Payout at 100% of the target award opportunity (target level) at	\$4.70
Payout at 140% percent of the target award opportunity (140% level) at	\$4.85
Payout at 200% of the target award opportunity (maximum level) at	\$4.95 or greater

Payouts for results between performance levels are interpolated on a straight-line basis. Actual 2017 adjusted EPS was \$4.69 resulting in the achievement of the adjusted EPS goal at 98% of target. However, Management recommended that the Compensation Committee exercise its discretion as provided under the MIP and adjust the Company's performance achievement with respect to adjusted EPS from the actual adjusted EPS achieved of \$4.69 to \$4.70. The Compensation Committee followed Management's recommendation, and as a result, the adjusted EPS pay-out was adjusted from 98% of target to 100% of target. Management recommended the \$0.01 adjustment for all participants in the MIP to offset the impact of the sale of the Company's Equipment Care business on November 1, 2017, as the target level was based upon including a full year's worth of Equipment Care results.

Performance Goals and Achievement - Division

For Mr. Handley, who is our President and Chief Operating Officer, 30% of his annual cash incentive is based upon a 2017 total division operating income goal. For 2017, the total division operating income goals were:

- 2.3% growth over 2016 total division operating income for payout at 40% of the target award opportunity (minimum level)
- 7.9% growth over 2016 total division operating income for payout at 100% of the target award opportunity (target level)
- 10.7% growth over 2016 total division operating income for payout at 140% percent of the target award opportunity (140% level)
- 20.3% growth over 2016 total division operating income for payout at 200% of the target award opportunity (maximum level)

Payouts for results between performance levels are interpolated on a straight-line basis. Adjusted as noted above, 2017 total division operating income grew 5.3% over 2016 total division operating income resulting in the achievement of the total division operating income goal at 72% of target.

For two of our NEOs, namely Messrs. Beck and Hickey who manage particular business units for us, 70% of their annual cash incentive is based upon their respective 2017 business unit performance goals which are measured against the achievement of revenue and operating income goals. The revenue and operating income goals, which are weighted equally, are set forth below.

The 2017 revenue goal for Mr. Beck was:

The 2017 revenue goal for Mr. Hickey was:

COMPENSATION DISCUSSION AND ANALYSIS

The 2017 operating income goal for Mr. Hickey was:

1.4% growth over 2016 business unit operating income for payout at 40% of the target award opportunity (minimum level)

6.1% growth over 2016 business unit operating income for payout at 100% of the target award opportunity (target level)

11.3% growth over 2016 business unit operating income for payout at 140% percent of the target award opportunity (140% level)

15.5% growth over 2016 business unit operating income for payout at 200% of the target award opportunity (maximum level)

No pay out is made with respect to the business unit revenue goal unless the business unit achieves at least the minimum level on its operating income goal. Pay outs for results between these two performance levels are interpolated on a straight line basis. Adjusted as noted above, revenue growth and operating income growth for the business units managed by Mr. Beck were 4.1% and 3.6%, respectively, resulting in achievement by Mr. Beck of his business unit goal at 96% of target. Revenue growth and operating income growth for the business units managed by Mr. Hickey were 0.9% and 2.3%, respectively, resulting in achievement by Mr. Hickey of his business unit goal at 61% of target.

Performance Goals and Achievement - Individual

For Mr. Schmechel, who holds a staff position as our Chief Financial Officer, 30% of his annual cash incentive is based upon attainment of individual performance goals. This component of his staff position award under the MIP is set at 30% of the performance measure mix for annual cash incentives so that achievement of these goals is a component of the award but remains balanced against achievement of corporate performance goals. The 2017 individual performance objectives for our Chief Financial Officer are specific, qualitative, and achievable with significant effort and, if achieved, provide benefit to the Company. Mr. Schmechel's individual performance goals covered financial, organizational and strategic initiatives, including delivering on financial objectives, developing talent and projects to increase efficient service delivery. Mr. Schmechel achieved 72% of his individual target performance goals. The Compensation Committee, with input from the CEO, approved an annual cash incentive of \$453,400, including the component based on the Chief Financial Officer's achievement of his 2017 individual performance goals.

(1) Management recommended that the Compensation Committee exercise its discretion as provided under the MIP and adjust the Company's performance achievement with respect to adjusted earnings per share from the actual adjusted earnings per share achieved of \$4.69 to \$4.70. The Compensation Committee followed Management's recommendation, and, as a result, the adjusted earnings per share pay-out was adjusted from 98% of target to 100% of target. See "Annual Cash Incentives — Performance Goals and Achievement - Corporate", beginning at page 38 for a discussion of the reasons for the adjustment.

COMPENSATION DISCUSSION AND ANALYSIS

Discretionary Adjustments

To recognize individual performance, the Compensation Committee also may increase or decrease an NEO's payout from the level recommended by applying the MIP performance metrics (but always subject to the maximum permitted MPIP payout), with input from the CEO (other than as to his own award), based on the individual performance of the NEO. This is done to recognize either inferior or superior individual performance in cases where this performance is not fully represented by the performance measures. No such discretionary adjustments were made to the 2017 annual cash incentive payouts.

The Compensation Committee reviews and approves all adjustments to our overall corporate results and significant adjustments to our business unit performance results. Other than described above, the 2017 annual cash incentive payouts were made in accordance with the overall corporate results and business unit performance results established for the NEOs without adjustment.

Our Analysis

In 2017 the Compensation Committee set the minimum, target and maximum levels of the adjusted EPS component of the annual incentive so that the intended relative difficulty of achieving the various levels is consistent with the past several years, taking into account current prospects and market considerations. Target award opportunities in 2017 accounted for approximately 17% of total compensation on average for the NEOs receiving all elements of our compensation program and were within the median range of our competitive market for each position. Actual award payments for the NEOs averaged 91% of target award opportunities. The 2017 award payouts are indicative of solid fixed currency organic sales and earnings growth for the Company and differing levels of sales and earnings growth for the business segments during the year.

Long-Term Equity Incentives

The Compensation Committee granted long-term equity incentives to our NEOs and other executives in December 2017, consistent with its core agenda and past practice of granting these incentives at its regularly scheduled December meeting. For 2017, our long-term equity incentive program consisted of an annual grant of stock options and PBRsUs, weighted approximately equally in terms of grant value.

Our program continues to be based on pre-established grant guidelines that are calibrated annually to our competitive market on a position-by-position basis for the NEOs. Actual grants may be above or below our guidelines based on our assessment of individual performance and future potential. Generally, long-term equity incentives are granted on the same date as our Compensation Committee approval date and in no event is the grant date prior to the approval date.

Stock Options

Our stock options have a 10-year contractual exercise term from the date of grant and vest ratably over three years. Our stock options have an exercise price which is the average of the high and low market price on the date of grant. We believe that the use of the average of the high and low market price on the date of the grant removes potential same-day stock volatility. We do not have a program, plan or practice to time stock option grants to executives in coordination with the release of material non-public information. From time to time, in addition to our annual grants, we may make special grants of stock options to our NEOs and other executives in connection with promotions and recruitment, and for general retention purposes. During 2017, we did not make any such special grants of stock options to our NEOs.

COMPENSATION DISCUSSION AND ANALYSIS

Performance-Based Restricted Stock Units

Our PBRsUs cliff-vest after three years, subject to attainment of three-year average annual adjusted ROIC goals over the performance period. We selected ROIC as the performance measure because it reinforces focus on capital efficiency throughout the organization, is highly correlated with shareholder returns, matches well with our long-standing corporate goal of achieving consistent return on beginning equity and is understood by our external market. As further described under the “Regulatory Considerations” heading on page 44, our PBRsUs have been historically designed and administered in a manner to preserve the federal income tax deductibility of the associated compensation expense by the Company. In this connection, the Compensation Committee annually establishes an adjusted ROIC goal for the executive officers to determine maximum payout potential, with the ability to exercise downward discretion to reduce the actual payout in accordance with the adjusted ROIC goals described below to be applied to a broader group of PBRsU award recipients.

For the 2018 to 2020 performance cycle, 40% of the PBRsUs granted may be earned subject to attainment of a threshold goal of 10% average annual ROIC over the cycle, and 100% of the PBRsUs may be earned subject to attainment of a target goal of 15% average annual ROIC over the cycle, in each case adjusted as described above under the heading “Adjustments to Reported Financial Results” beginning at page 37, with straight-line interpolation for performance results between threshold and target goals. No PBRsUs may be earned if adjusted ROIC is below the threshold goal, and no more than 100% of the PBRsUs may be earned if adjusted ROIC is above the target goal; accordingly, target and maximum are equal. Importantly, the threshold goal exceeds our cost of capital, thereby ensuring that value is created before awards are earned. Excluding the impact of purchase accounting and special gains and charges related to the Nalco and Champion transactions, the Company’s annual adjusted ROIC for 2017 was 22.6%. Dividend equivalents are not paid or accrued on the PBRsUs during the performance period.

Pay-out of Performance-Based Restricted Stock Units Vesting in 2017

The PBRsUs granted by the Committee in December 2014 for the 2015 to 2017 performance cycle vested on December 31, 2017 and the Committee has determined the pay out for such PBRsUs, including with respect to Messrs. Baker, Schmechel, Handley, Beck and Hickey, to be 100% of the target opportunity. For the PBRsUs granted in December 2014, the target payout would be earned upon attainment of an average annual ROIC, adjusted as previously described, of 15% over the 2015 through 2017 performance cycle. Consistent with the established formula and definition of adjusted ROIC, the Company’s average annual ROIC over the cycle, excluding the impact of purchase accounting and special gains and charges relating to the Nalco and Champion transactions, was 21.6%. Based upon this performance, the Committee approved pay out of 100% of the PBRsUs.

Restricted Stock

From time to time, we may make special grants of restricted stock or restricted stock units subject only to service-based vesting to our NEOs and other executives in connection with promotions and recruitment, and for general retention purposes. During 2017, we did not make any special grants of restricted stock units to our NEOs.

Our Analysis

For the last completed fiscal year, long-term equity incentives accounted for approximately 77% of total target compensation for the CEO and 59% on average for the other NEOs, which is consistent with our competitive market. Actual grants to the NEOs were within the median range for all of our NEOs. Our annual practice of granting equity incentives in the form of stock options and PBRsUs is similar to our competitive market, where other forms of long-term equity and cash compensation are typically awarded in addition to, or in lieu of, stock options. Our selective use of restricted stock or restricted stock units as a retention or recruitment incentive is consistent with our

competitive market. We believe that our overall long-term equity compensation cost is within a reasonable range of our competitive market as to our NEOs and also our other employees.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Benefits and Perquisites

Our NEOs participate in all of the same health care, disability, life insurance, pension, and 401(k) benefit plans made available generally to the Company's U.S. employees. In addition, our NEOs are eligible to participate in a deferred compensation program, restoration plans for the qualified 401(k) and pension plans, and, with respect to certain of our NEOs, an executive disability and life benefit and a supplemental retirement benefit. The non-qualified retirement plans supplement the benefits provided under our tax-qualified plans, taking into account compensation and benefits above the IRS limits for qualified plans. The NEOs also receive limited perquisites that are described in more detail in the footnotes to the Summary Compensation Table, including certain allowances and limited perquisites received by Mr. Beck related to his relocation.

The Company has maintained a private aircraft use policy for several years authorizing the use of private aircraft for business and personal use by the Company's Chairman of the Board and Chief Executive Officer and, under certain circumstances, business use by its directors and certain other executives. Under the policy, personal use of private aircraft by the Chairman of the Board and Chief Executive Officer is limited to \$100,000 of unreimbursed usage per year. Additional information with respect to this perquisite is provided in more detail in the footnotes to the Summary Compensation Table.

Our Analysis

We review our executive benefits and perquisites program periodically to ensure it remains market-competitive for our executives and supportable to our stockholders. Excluding allowances and perquisites provided to Mr. Beck to support his relocation, our perquisites account for 1.5% of total compensation for the CEO and the other NEOs receiving all elements of our compensation program in 2017. Executive benefits and perquisites are consistent with our competitive market.

Executive Change-In-Control Policy

The terms of our Change-In-Control Severance Compensation Policy, including the events constituting a change in control under our policy, are described in Potential Payments upon Termination or Change in Control section of this Proxy Statement. Our policy applies to all elected officers, including the NEOs, except those who are covered by separate change-in-control or similar agreements with the Company or a subsidiary, a circumstance which arises only in the case of an executive having such an agreement with a company we acquire. Such an executive will become covered automatically under the Company's Change-In-Control Severance Compensation Policy when the existing agreements terminate or expire.

Our Analysis

We review our change-in-control protection periodically to ensure it continues to address the best interests of our stockholders. Our analysis indicates that our change-in-control policy, which is structured as a so-called "double-trigger" policy, promotes the interests of stockholders by mitigating executives' concerns about the impact a change in control may have on them, thereby allowing the executives to focus on the best interests of stockholders under such circumstances.

Stock Retention and Ownership Guidelines

We have in place stock retention and ownership guidelines to encourage our NEOs and other executives to accumulate a significant ownership stake so they are vested in maximizing long-term stockholder returns. Our guidelines provide that the CEO own Company stock with a market value of at least six times current base salary. The Company also

requires other corporate officers to own Company stock with a market value of at least three times current base salary. Until the stock ownership guideline is met, our CEO, CFO and President are expected to retain 100% of all after-tax profit shares from exercise, vesting or payout of equity awards. Our other officers are expected to retain 50% of all after-tax profit shares from exercise, vesting or payout of equity awards until their stock ownership guidelines are met. For purposes of complying with our guidelines, stock is not considered owned if subject to an unexercised stock option or unvested PBRSU. Shares owned outright, legally or beneficially, by an officer or his or her immediate family members residing in the same household and shares held in the 401(k) plan count towards meeting the guideline. Our NEOs and other officers may not pledge shares or enter into any risk hedging arrangements with respect to Company stock.

COMPENSATION DISCUSSION AND ANALYSIS

NEO Stock Ownership Relative to Guidelines

The table below illustrates the standing of each of our NEOs in relation to their respective stock ownership guidelines as of December 29, 2017, based on the closing market price of our Common Stock on such date of \$134.18 per share.

	2017 Annualized Base Salary (\$)	Stock Ownership Guideline	Stock Ownership(1)	Multiple of 2017 Base Salary
Douglas M. Baker, Jr.	1,250,000	6 X salary	617,086	66.2 X salary
Daniel J. Schmechel	625,000	3 X salary	143,593	30.8 X salary
Thomas W. Handley	700,000	3 X salary	115,970	22.2 X salary
Christophe Beck	570,000	3 X salary	23,462	5.5 X salary
Michael A. Hickey	570,000	3 X salary	50,801	12.0 X salary

(1) Excludes shares underlying unexercised or unvested long-term incentive awards.

Our Analysis

Our analysis indicates that our stock retention and ownership guidelines are consistent with the design provisions of other companies disclosing such guidelines, as reported in public SEC filings and as periodically published in various surveys and research reports. Our analysis further indicates that our NEOs are in compliance with our guidelines either by having achieved the ownership guideline or, if the guideline is not yet achieved, by retaining 100% or 50%, as applicable, of all after-tax profit shares from any stock option exercises or restricted stock unit vesting.

Compensation Recovery

The Company's Board of Directors has adopted a policy requiring the reimbursement of annual cash incentive and long-term equity incentive payments made to an executive officer due to the executive officer's misconduct, as determined by the Board based on the recommendation of the Compensation Committee. Each of our executive officers has agreed in writing to this policy. This policy was filed with the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2008 as Exhibit (10)W and is available along with our other SEC filings at our website at www.investor.ecolab.com/earnings-center/sec-filings.

Regulatory Considerations

We monitor changes in the tax and accounting regulatory environment when assessing the financial efficiency of the various elements of our executive compensation program. We have designed and administered our annual cash incentives, particularly our stockholder-approved MPIP, and long-term equity incentive plans in a manner that is intended to preserve the federal income tax deductibility of the associated compensation expense.

As part of the recent tax law changes, the exemption from Section 162(m)'s deduction limit for performance-based compensation has been repealed, effective for our 2018 year, such that compensation paid to the NEOs in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017.

Despite the Compensation Committee's efforts to structure the MPIP and PBRsUs in a manner intended to be exempt from Section 162(m) and therefore not subject to its deduction limits, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m), including the uncertain scope of the transition relief under the legislation repealing Section 162(m)'s exemption from the deduction limit, no assurance can be given that

compensation intended to satisfy the requirements for exemption from Section 162(m) in fact will. Further, the Compensation Committee reserves the right to modify compensation that was initially intended to be exempt from Section 162(m) if it determines that such modifications are consistent with our business needs.

The MPIP was designed to meet the prior requirements of Internal Revenue Code Section 162(m) regarding performance-based compensation and is administered by the Compensation Committee, which selects the participants each year and establishes the annual performance goal based upon performance criteria that it selects, the performance target and a maximum annual cash award dependent on achievement of the performance goal. For 2017, the Compensation Committee selected reported diluted earnings per share as the performance measure under the MPIP. The Compensation Committee

COMPENSATION DISCUSSION AND ANALYSIS

certifies the extent to which the performance goal has been met and the corresponding amount of the award earned by the participants, with the ability to exercise downward discretion to lower, but not raise, the award to an amount based upon the metrics used for our broader-based MIP cash incentive and to recognize individual performance.

The Compensation Committee has similarly positioned the PBRsUs to meet the prior requirements of Section 162(m). The Compensation Committee annually establishes an adjusted ROIC goal for the executive officers to determine maximum payout potential for Code Section 162(m) purposes, with the ability to exercise downward discretion to reduce the actual payout in accordance with the adjusted ROIC goals to be applied to a broader group of PBRsU award recipients as described above under “Performance-Based Restricted Stock Units.”

We have designed and administered our deferred compensation, equity compensation and change-in-control severance plans to be in compliance with federal tax rules affecting non-qualified deferred compensation. In accordance with FASB Accounting Standards Codification 718, Compensation - Stock Compensation, for financial statement purposes, we expense all equity-based awards over the service period for awards expected to vest, based upon their estimated fair value at grant date. Accounting treatment has not resulted in changes in our equity compensation program design for our NEOs.

- (1) Includes amounts deferred under Section 401(k) of the Internal Revenue Code pursuant to the Company’s Savings Plan and ESOP, amounts deferred under a non-qualified mirror 401(k) deferred compensation plan maintained by the Company for a select group of executives, and any salary reductions per Section 125 or Section 132(f)(4) of the Internal Revenue Code.
- (2) Represents the aggregate grant date fair value of performance-based restricted stock unit (PBRSU) award grants during the year in accordance with FASB ASC Topic 718, based on the average daily share price of the Company’s Common Stock at the date of grant, adjusted for the absence of future dividends, and assuming full (maximum) achievement of applicable performance criteria over the performance period. The PBRSU awards cliff-vest after three years, subject to attainment of three-year average annual return on invested capital goals for the Company over the performance period. See Note 11 to the Company’s Consolidated Financial Statements for the year ended December 31, 2017, located at Item 8 of the Company’s Annual Report on Form 10-K for the year ended December 31, 2017, for further discussion of the assumptions used in determining these values. See footnote (1) to the “Grants of Plan-Based Awards for 2017” table on page 48 for a description of the specific performance goals for the PBRsUs.
- (3) Represents the aggregate grant date fair value of stock option grants during the year in accordance with FASB ASC Topic 718 but with no discount for estimated forfeitures. The value of grants has been determined by application of the lattice (binomial)-pricing model. Key assumptions include: risk-free rate of return, expected life of the option, expected stock price volatility and expected dividend yield. See Note 11 to the Company’s Consolidated Financial Statements for the year ended December 31, 2017, located at Item 8 of the Company’s Annual Report on Form 10-K for the year ended December 31, 2017, for further discussion of the assumptions used in determining these values. The specific assumptions used in the valuation of the options granted in 2017 are summarized in the table below:

Grant Date	Risk Free Rate	Expected Life (years)	Expected Volatility	Expected Dividend Yield
12/06/2017 (all executives)	2.19%	6.15	22.67%	1.20%

- (4) Represents the annual cash incentive awards earned and paid in respect of 2017 under the Company’s Management Performance Incentive Plan (“MPIP”). The MPIP is discussed in the Compensation Discussion and Analysis beginning at page 38 and as part of the table entitled “Grants of Plan-Based Awards For 2017” at page 48.

SUMMARY COMPENSATION TABLE FOR 2017

- (5) Represents the change in the actuarial present value of the executive officer's accumulated benefit under the Company's defined benefit plans as of December 31, 2017 over such amount as of December 31, 2016. The Company's defined benefit plans include the Pension Plan, the Mirror Pension Plan and the Supplemental Executive Retirement Plan which are discussed beginning at page 52 and as part of the table entitled "Pension Benefits for 2017." There are no "above market" earnings under the Mirror Savings Plan, a non-qualified defined contribution plan, because all earnings under this plan are calculated at the same rate as earnings on one or more externally managed investments available to participants in the Company's broad-based tax-qualified deferred compensation plans. The Mirror Savings Plan is discussed beginning at page 56.
- (6) Amounts reported as All Other Compensation include:
- (a) Payment by the Company of certain perquisites, including costs relating to the following: (i) executive physical examinations for each of the named executive officers; (ii) in the case of Mr. Baker, business entertainment expense and transportation, and \$44,893 for the personal use of corporate aircraft, with incremental cost calculated using a method that takes into account aircraft fuel expenses and engine reserve expense per flight hour, as well as any landing and parking fees, crew travel expenses, on-board catering costs and dead-head flight costs attributable to such use; (iii) housing and auto allowances in connection with Mr. Beck's assignment at the Company's Naperville worksite, \$61,773; (iv) travel of immediate family members, and gross-ups on such amounts of: Mr. Baker, \$13,867; Mr. Handley, \$4,664; Mr. Beck, \$2,980; and Mr. Hickey, \$15,531; and (v) business travel and accident insurance for each of the named executive officers for which no incremental cost is allocated to the named executive officers.
- (b) Pursuant to the Company's tax equalization policy, the Company paid tax preparation fees, and a gross-up of \$292,503 on foreign income, on behalf of Mr. Schmechel, in connection with income earned during a previous international assignment. The total amount listed in the All Other Compensation Column also reflects \$103,184 in foreign taxes paid on Mr. Schmechel's earnings pursuant to the Company's tax equalization policy.
- (c) Payment by the Company of life insurance premiums in 2017 for: Mr. Baker, \$45,967; Mr. Schmechel, \$30,896; Mr. Handley, \$49,643; Mr. Beck, \$22,168; and Mr. Hickey, \$30,638.
- (d) Payment of matching contributions made by the Company for 2017 as follows: (i) matching contributions made by the Company under the Company's tax-qualified defined contribution 401(k) Savings Plan and ESOP available generally to all employees for: Messrs. Baker, Schmechel, Handley and Hickey, \$10,800; Mr. Beck, \$16,200; and (ii) matching contributions made or to be made by the Company on base salary and annual cash incentive award earned in respect of 2017 that the executive deferred under a non-qualified mirror 401(k) deferred compensation plan maintained by the Company for a select group of executives, in the following amounts: Mr. Baker, \$112,952; Mr. Schmechel, \$32,086; Mr. Handley, \$39,826; Mr. Beck, \$42,512; and Mr. Hickey, \$24,197.
- (e) The Company maintains a self-funded, supplemental long-term disability benefit plan for certain executives, which benefits each of Messrs. Baker, Schmechel, Handley, Beck and Hickey. No specific allocation of cost is made to any named executive officer prior to the occurrence of a disability.

- (1) Amounts reflect the threshold, target and maximum number of shares of Company Common Stock that may be earned pursuant to performance-based restricted stock unit (PBRSU) awards granted in 2017. No PBRsUs may be earned if adjusted ROIC is below the threshold goal, and no more than 100% of the PBRsUs may be earned if adjusted ROIC is above the target goal; accordingly, target and maximum are equal. Dividend equivalents are not paid or accrued during the performance period. See the discussion under the heading “Performance-Based Restricted Stock Units” in the Compensation Discussion and Analysis for more information on these awards, including with respect to the target and maximum performance goals.
- (2) Options granted in 2017 have a ten-year contractual exercise term and vest (or will be exercisable) over three years, on a cumulative basis, as to one third of the option shares on the first and second anniversaries of the date of grant and as to the remaining option shares on the third anniversary.
- (3) If a holder terminates employment at or after age 55 with five or more years of continuous employment, stock options held at least six months will become immediately exercisable in full and the service-based vesting conditions on PBRsU awards held at least six months will be deemed satisfied but vesting will remain subject to attainment of the performance goals; all unvested restricted stock unit awards will terminate and be forfeited. A discussion of the consequences of a change in control on outstanding options, PBRsU awards and restricted stock awards begins at page 61 under the heading “Change in Control.”
- (4) Each of the stock options granted to our named executive officers during the year ended December 31, 2017 and reported in the table above were granted on the same date as our Compensation Committee approval date and have an exercise price which is the average of the high and low market price on the date of grant. We believe that the use of the average of the high and low market price on the date of the grant removes potential same-day stock volatility.
- (5) Represents the grant date fair value of each equity award, computed in accordance with FASB ASC Topic 718. With respect to stock options, the value has been determined by application of the lattice (binomial)-pricing model, based upon the terms of the option grant and Ecolab’s stock price performance history as of the date of the grant. Key assumptions include: risk-free rate of return, expected life of the option, expected stock price volatility and expected dividend yield. The specific assumptions used in the valuation of these options are located in footnote (3) to the Summary Compensation Table at page 46. With respect to PBRsUs, the value has been determined based on the maximum award payout, consistent with the estimate of aggregate compensation cost to be recognized over the three-year vesting period of the award. See footnote (1) above for a description of the performance goals and performance period.

GRANTS OF PLAN-BASED AWARDS FOR 2017

(6) The Company maintains annual cash incentive programs for executives referred to as the Management Incentive Plan, or MIP, and Management Performance Incentive Plan, or MPIP, which are discussed in the Compensation Discussion and Analysis under the headings “Annual Cash Incentives” and “Regulatory Considerations,” including detail regarding the MPIP and MIP performance goals. In the case of the named executive officer participants, the potential payouts that could be earned under the MIP for 2017 and that would be used to guide the Committee’s discretion under the MPIP are noted in the MPIP row of the above table. Actual payouts to each of the named executive officers with respect to 2017 are included under the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table at page 46. Each award is subject to and interpreted in accordance with the terms and conditions of the MPIP or MIP, as applicable, and no amount will be paid under the MPIP or the MIP unless and until the Committee has determined the extent to which the applicable performance goal has been met, the corresponding amount of the award earned by the participant and the degree to which the Committee chooses to exercise its permitted discretion under the MPIP.

(2) Represents performance-based restricted stock unit (PBR SU) awards which cliff-vest after three years, subject to attainment of performance goals over a three-year performance period, and assuming attainment of target (which also represents maximum) performance, as the performance over the prior three-year period has exceeded threshold. In order from top to bottom, the PBR SUs have performance periods of 2016-2018, 2017-2019, and 2018-2020 and will vest on December 31, 2018, December 31, 2019 and December 31, 2020, respectively, and, subject to certification of results by the Compensation Committee, will be paid out in shares of Common Stock no later than March 15 following each vesting date. The awards are subject to the post-termination and change-in-control provisions generally described at pages 58 through 62 under the heading "Potential Payments Upon Termination or Change in Control." The reported market value of \$134.18 per share is based on the closing market price of the Company's Common Stock on December 29, 2017, the last trading day of 2017.

- (1) Represents the aggregate number of shares and dollar amount realized by the named executive officer upon exercise of one or more stock options during 2017. The dollar amount realized on exercise represents the difference between the fair market value of our Common Stock on the exercise date and the exercise price of the option.
- (2) Represents the performance-based restricted stock unit (PBRSU) shares earned for the 2015-2017 performance period that ended on December 31, 2017 because performance targets were met. The value shown as realized is based on the number of shares earned for the 2015-2017 performance period using the per-share closing market price of our Common Stock of \$134.18 on December 29, 2017, the last trading day of 2017, although shares were not issued until Compensation Committee certification of results on February 21, 2018.

(1) As cash balance formula participants, Mr. Handley and Mr. Beck would be eligible to receive their vested benefits under the Pension Plan and Mirror Pension upon separation from service.

The Company maintains the following non-contributory defined benefit plans for its executives: (i) a U.S. tax-qualified plan (Pension Plan); (ii) a non-qualified excess plan (Mirror Pension); and (iii) a supplemental executive retirement plan (SERP).

The preceding table shows the actuarial present value of the accumulated benefit for each executive officer under the Pension Plan, the Mirror Pension and the SERP as of December 31, 2017, using the same assumptions as are used by the Company for financial reporting purposes under generally accepted accounting principles, except that retirement age is assumed to be age 62, the earliest retirement age at which a participant may retire under the plans without any benefit reduction due to age.

The current accrued benefit for U.S. executives is allocated between the tax-qualified Pension Plan and the related supplemental non-qualified plans based on the Internal Revenue Code limitations applicable to tax-qualified plans as of December 31, 2017.

The present value is determined by using a discount rate of 3.72% for the Pension Plan and 3.39% for the Mirror Pension Plan and SERP for 2017 and assuming that the executive officer: (i) terminated employment on December 31, 2017 with vested benefits; and (ii) commenced a retirement benefit at age 62 as a single life annuity or lump sum, if available. The present value of the Pension Plan single life annuity assumed mortality rates from the “RP 2014 Healthy Annuitant Mortality” table, projected back to 2006 with mortality improvement scale MP 2014, and projected forward with scale MP 2017. Mirror Pension and SERP annuities were converted to lump sums, where available, using an interest rate of 2.95% and the mortality rates defined in the Mirror Pension and SERP plans as prescribed in Revenue Ruling 2001-62. Cash balance benefits were valued assuming future interest credits of 2.35% for periods after December 31, 2017. The cash balance annuity conversion for the SERP offset used the interest rate and mortality assumptions prescribed by the IRS under Internal Revenue Code Section 417(e) for 2017 pension lump-sum calculations.

PENSION BENEFITS FOR 2017

Pension Plan - The Pension Plan is a tax-qualified defined benefit plan covering most U.S. employees of the Company and its U.S. affiliates. It is intended to provide long-service employees a foundation for retirement benefits in the form of regular income.

- Participants hired prior to January 1, 2003, including Messrs. Baker, Schmechel and Hickey, earn monthly pension benefits under the following formula (“traditional formula”): $1/12$ of the sum of: (a) years of credited service times 1% of “final average compensation” plus (b) years of credited service (not exceeding 35) times 0.45% of “final average compensation” minus “covered compensation.” “Final average compensation” is the average of the participant’s annual compensation for the five consecutive calendar years that produce the highest average, counting the participant’s base salary and annual cash incentive compensation for a plan year, excluding any long-term and non-cash incentive bonuses and amounts above the IRS compensation limits for qualified plans. “Covered compensation” is the average Social Security taxable wage base over a 35 year period ending at a participant’s Social Security retirement age.
- Participants hired after 2002, including Mr. Handley and Mr. Beck, accrue an account credit at the end of each year equal to a fixed percentage of the participant’s compensation for that year plus an interest credit applied to the participant’s account balance on the first day of that year (“cash balance formula”). The fixed percentage is either 5% or 3% depending on a participant’s date of entry into the Pension Plan. Mr. Handley’s and Mr. Beck’s cash balance formulas are based on 5% and 3% of compensation, respectively. Compensation used in determining the credits is the participant’s base salary and annual cash incentive compensation for a plan year, excluding any long-term and non-cash incentive bonuses and amounts above the IRS limits for qualified plans.
- Participants become entitled to a non-forfeitable (“vested”) right to their Pension Plan benefit upon completing three years of continuous service with the Company. Normal retirement date is the date on which the participant attains age 65 and has completed at least three years of continuous service.
- Traditional formula participants who have terminated employment with the Company may begin to receive benefit payments as early as age 55, reducing the benefit by $1/280$ for each month by which payment begins before age 62. Unreduced benefits may begin after attaining age 62. The normal form of benefit is a single life only annuity for participants who are not married and a joint and 50% survivor annuity for married participants. Subject to a spousal consent requirement for married participants, participants may select an actuarially equivalent benefit in one of the following forms: single life only annuity; joint and 75% or 100% survivor annuity (married participants only); life and five-year certain annuity; and life and ten-year certain annuity. If a participant dies after benefit commencement, payments to a beneficiary, if any, are made according to the payment option selected by the participant. If a participant with a vested traditional formula benefit dies before benefit payments commence, the participant’s beneficiary is entitled to a death benefit. If the beneficiary is the participant’s surviving spouse, the benefit is a life annuity beginning after the participant would have attained age 55. Other beneficiaries receive a five- or ten-year annuity benefit.
- Cash balance formula participants with at least three years of continuous service may commence benefit payment at any time after termination. The payment will be the actuarial equivalent value of their account balance, determined using the mortality and interest factors prescribed by the IRS. The normal form of benefit for cash balance formula participants is a single life only annuity for participants who are not married and a joint and 50% survivor annuity for married participants. Optional forms of payment for cash balance formula participants are lump-sum payment, single life annuity, and, for married participants only, joint and 75% or 100% survivor annuity. The beneficiary of a cash balance formula participant who dies before commencing benefits will receive a death benefit actuarially equivalent to the participant’s account balance.

Mirror Pension Plan - The Mirror Pension Plan is a non-qualified plan intended to restore benefits under the tax-qualified Pension Plan for those employees whose benefits are reduced by Internal Revenue Code limits. The Mirror Pension has generally the same terms as the Pension Plan except:

- (i) compensation is determined without regard to the IRS limits for qualified plans;
- (ii) vesting is accelerated upon a change in control;

PENSION BENEFITS FOR 2017

- (iii) benefits may be forfeited for certain serious misconduct; and
 - (iv) the optional forms of benefits available to participants with respect to benefits accrued and vested as of December 31, 2004 (“Grandfathered Mirror Pension Benefits”) include a lump-sum payment.
- Benefits accrued or vested after December 31, 2004 are subject to Internal Revenue Code Section 409A (“409A Mirror Pension Benefits”) and are not linked to the Pension Plan. The normal form of 409A Mirror Pension Benefits is a 10-year annual installment payout commencing upon the later of attainment of age 55 or separation from service for traditional formula participants, or upon separation from service for cash balance formula participants, provided that payment to a “specified employee” (corporate officers, including each of the named executive officers) may not commence earlier than six months after separation from service. Optional forms of benefits available to participants include 5-year annual installments, lump sum or an annuity option (single life, life and 5-year certain, life and 10-year certain, and for married participants, joint and 50%, 75% or 100% survivor). Participants were permitted to make a transition election as to an optional form of benefit for their 409A Mirror Pension Benefits before the end of 2008 as permitted under 409A regulations. Any subsequent change in optional form by a participant is subject to the “1-year/5-year rule” which requires that the change be made 12 months before separation from service and must not become effective for 12 months after the election is made (the 1-year rule), and the payment commencement date must be delayed for five years after the date the amounts would otherwise have been paid (the 5-year rule). A participant who elects an annuity option may choose among the various types of annuity forms at any time before benefit commencement.
- Despite the plan’s normal form of benefit or a participant’s election of an optional form of benefit, the Company will cash out the participant’s Grandfathered Mirror Pension Benefit and/or the participant’s 409A Mirror Pension Benefit in a lump sum if the present value of such portion of the benefit at the time of distribution does not exceed \$25,000.
- SERP - The SERP is a non-qualified supplemental executive retirement plan intended to ensure a pension benefit that replaces a significant portion of the income of certain executives. The maximum SERP benefit equals 2% of final average compensation multiplied by years of credited service (up to 30 years), reduced by the benefits payable under the Pension Plan, the Mirror Pension and 50% of the age 65 Primary Social Security benefit. A participant age 65 with 30 years of service would receive benefits from all three defined benefit plans equal to 60% of final average compensation (less 50% of the age 65 Social Security benefit). For certain executives hired by the Company after age 35 and therefore unable to earn the maximum benefit at age 65, the SERP provides an additional “past service benefit.” The annual past service benefit equals 1% of the difference between final average compensation and annualized earnings at the time of joining the Company (“first year earnings”) multiplied by the difference between the executive’s age at date of hire and 35.
- Material terms of the SERP are similar to those of the Pension Plan except:
- (i) compensation is determined without regard to the IRS limits for qualified plans;
 - (ii) the SERP benefit vests upon attainment of age 55 and completion of ten years of service or attainment of age 65;
 - (iii) vesting is accelerated upon a change in control;
 - (iv) benefits may be forfeited for certain serious misconduct; and
 - (v) participants hired after age 35 are credited with additional “past service credit” equal to one year for each year by which the executive’s age at date of hire exceeded 35. In addition, the normal form of benefit with respect to SERP benefits accrued and vested as of December 31, 2004 (“Grandfathered SERP Benefits”) is a 15-year certain monthly annuity commencing at age 65, and participants may elect to receive an actuarially equivalent benefit in any of the optional forms of payment available under the Pension Plan or in a lump sum. SERP benefits accrued or vested after December 31, 2004 are subject to Internal Revenue Code Section 409A (“409A SERP Benefits”). The normal form of benefit, election of optional forms of benefit and time of commencement of the 409A SERP Benefits are linked to the Mirror Pension.

PENSION BENEFITS FOR 2017

- Despite the normal form of benefit or a participant's optional form of benefit election, the Company will cash out the participant's grandfathered SERP Benefits and/or the participant's 409A SERP Benefits in a lump sum if the present value of such portion of the benefit at the time of distribution does not exceed \$25,000.
- The Company does not grant extra years of credited service under the Pension Plan or the Mirror Pension Plan except as approved by its Board of Directors. Prior service credits have been approved by the Board in limited circumstances in connection with a business acquisition or merger, entry into plan participation by employees formerly participating in a union plan while employed with the Company and for employment with the Company before the Pension Plan was adopted in 1972. None of the named executive officers has been granted extra years of service under these plans.
- Messrs. Schmechel, Handley and Beck were hired by the Company after age 35 and will benefit from the past service benefit and past service credits under the SERP. The SERP benefit in the above table includes past service benefits for Mr. Schmechel totaling \$115,209 for 1.35 years of past service credit, Mr. Handley totaling \$1,493,486 for 14.10 years of past service credit and Mr. Beck totaling \$227,626 for 5.10 years of past service credit.
- In 2010, the SERP was amended to eliminate further benefit accruals after December 31, 2020.

- (3) Amounts reported in the aggregate balance at last fiscal year end include the following amounts which were reported as compensation to the named executive officer in the Summary Compensation Table in 2007-2017: Mr. Baker, \$2,541,593; Mr. Schmechel, \$393,400 (Mr. Schmechel became a named executive officer in 2012); Mr. Handley, \$929,139 (Mr. Handley became a named executive officer in 2007); Mr. Beck, \$174,177 (Mr. Beck was a named executive officer in 2015 - 2017); and Mr. Hickey, \$260,445 (Mr. Hickey was a named executive officer in 2012 and in 2014 - 2017).

The Mirror Savings Plan is a non-qualified mirror 401(k) deferred compensation excess plan which enables executives to obtain the benefits of a tax-deferred savings and investment program without regard to limits on compensation and benefits imposed by the Internal Revenue Code on the Company's tax-qualified deferred compensation plans. The plan is unfunded and does not protect the executive from insolvency of the Company. In 2017, participants were permitted to defer a specified percentage of base salary in excess of the Internal Revenue Code compensation limit for tax-qualified plans. For participants entitled to a final average pay benefit or 5% cash balance benefit in the Pension Plan, this percentage was 5%; for participants entitled to a 3% cash balance benefit in the Pension Plan (those entering the Pension Plan after January 1, 2007), the specified percentage was 8%. Participants were also permitted to defer up to 100% of their annual cash incentive compensation for the calendar year. The Company credits a matching contribution for each of the named executive officers participating in the plan. Participants who are entitled to a final average pay benefit or 5% cash balance benefit in the Pension Plan, including Messrs. Baker, Schmechel, Handley, and Hickey, receive a matching contribution credit equal to: (i) 100% of the amount of the executive's deferrals that do not exceed 3% of covered compensation, plus (ii) 50% of the executive's deferrals that exceed 3% but do not exceed 5% of the executive's covered compensation. Participants in the Pension Plan who are eligible to accrue a 3% cash balance benefit in the Pension Plan, including Mr. Beck, receive a matching contribution credit equal to: (i) 100% of the amount of the executive's deferrals that do not exceed 4% of covered compensation, plus (ii) 50% of the executive's deferrals that exceed 4% but do not exceed 8% of the executive's covered compensation.

NON-QUALIFIED DEFERRED COMPENSATION FOR 2017

An account is maintained on the Company's books in the name of each participating executive. The account is credited with phantom earnings at the same rate as earnings on externally managed investment funds available to participants in the Company's tax-qualified deferred compensation plans. An executive is allowed to elect the investment fund or funds that will apply and may change the election at any time; provided that: (i) an executive officer is not permitted to elect the Company stock fund, and (ii) effective January 1, 2006, the Company discontinued making its matching contributions to the Company stock fund. The earnings rate applicable to each such investment fund for 2017 is as set forth in the following table:

Participants are always 100% vested in their deferred compensation account and are entitled to receive a distribution in cash upon termination, death or disability. The normal form of distribution with respect to the portion of the account attributable to contributions made before 2005 (“Grandfathered Mirror Savings Benefit”) is a single lump sum, but an executive may elect to receive such portion of the account in the form of annual installments over a period not to exceed ten years. The portion of the executive's account attributable to contributions made after 2004 is subject to Internal Revenue Code Section 409A (“409A Mirror Savings Benefit”). The normal form of 409A Mirror Savings Benefit is a 10-Year Annual Installment payout commencing upon separation from service, provided that payment to a “specified employee” (corporate officers, including each of the named executive officers) may not commence earlier than six months after separation from service. Optional forms of benefits available to participants include 5-year annual installments or a lump-sum payment. Participants were permitted to make a transition election as to an optional form of benefit for their 409A Mirror Savings Benefit before the end of 2008 as permitted under 409A regulations and new participants may make such an election at the time of initial enrollment. Any subsequent change in optional form by a participant is subject to the “1-year/5-year rule” which requires that the change be made 12 months before

separation from service and must not become effective for 12 months after the election is made (the 1-year rule), and the payment commencement date must be delayed for five years after it would otherwise be paid (the 5-year rule). Despite the plan's normal form of benefit or a participant's election of an optional form of benefit, the Company will cash out the participant's Grandfathered Mirror Savings Benefit and/or the participant's 409A Mirror Savings Benefit in a lump sum if the present value of such portion of the benefit at the time of distribution does not exceed \$25,000. Deferrals may be withdrawn during employment only upon an unforeseeable emergency and are limited to the amount needed to satisfy such emergency. Company matching amounts are not available for such in-service withdrawal and are subject to forfeiture for certain serious misconduct.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The Company maintains certain plans, policies and practices covering named executive officers that will require it to provide incremental compensation upon certain types of terminations, including termination due to a change in control of the Company.

Overview – The following discussion describes additional amounts that the Company would pay or provide to a named executive officer or his or her beneficiaries as a result of termination of employment in each of the following situations: voluntary resignation, discharge for cause, discharge without cause, resignation due to constructive discharge, death or disability and change in control of the Company. For purposes of this discussion, estimated benefits are calculated as if the termination and/or change in control occurred on December 31, 2017, PBRSU awards are valued based on the value of a share of the Company's stock of \$134.18, the closing price on December 29, 2017, the last trading day of 2017, and option awards are valued based on the difference between \$134.18 and the per share exercise price of the respective awards.

As permitted by SEC rules, the following discussion and amounts do not include the payments and benefits that are not enhanced by the termination of employment or change in control. These payments and benefits are referred to hereafter in this discussion as “vested benefits” and include:

- benefits accrued under the Company's Pension Plan, tax-qualified deferred compensation 401(k) and profit-sharing plan, in which all eligible employees participate;
- benefits provided under a retiree health, and except as specified, a death benefits program, in which all eligible employees participate;
- accrued vacation pay, health and life insurance plan continuation and other similar amounts payable when employment terminates under programs applicable to the Company's salaried employees generally;
- payment of earned annual cash incentive payable if employed through the end of the year described beginning at page 38;
- benefits accrued under the Mirror Savings Plan described in connection with the “Non-Qualified Deferred Compensation for 2017” table beginning at page 56;
- benefits accrued that have vested under the SERP described in connection with the “Pension Benefits for 2017” table beginning at page 52;
- stock options that have vested and become exercisable as described at page 41;
- PBRSU awards that have vested upon completion of the relevant service period and whose payout are subject to the attainment of the relevant performance goals as described at page 42; and
- shares of restricted stock or restricted stock units that have vested as described at page 42.

Voluntary Resignation – The Company is not obligated to pay any amounts in addition to the named executive officer's vested benefits in the event of a voluntary termination of employment, unless the executive's age and years of service qualify for special provisions applicable for retirement under the plans described below.

- Annual Cash Incentive – If termination is after age 55 and completion of at least three years of service, the executive would receive payment of a portion of the annual cash incentive under the Company's annual cash incentive program (Management Performance Incentive Plan or “MPIP” and Management Incentive Plan or “MIP”), which is described in the Compensation Discussion and Analysis beginning at page 38 and as part of the table entitled “Grants of Plan-Based Awards for 2017” beginning at page 48, earned for the year that is proportionate to the portion of the performance period under the Plan that was completed prior to the termination of employment. The earned annual cash incentive payable to such an eligible executive officer for termination on December 31, 2017 would be the full amount of the actual annual cash incentive earned as reported in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table at page 46.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

- Retiree Life Insurance – Certain elected corporate officers who terminate employment at or after: (i) attaining age 55 and completing at least ten years of service or (ii) attaining age 65 are covered by an executive life insurance policy. Under the program, the beneficiary of the retired executive is entitled to a death benefit equal two times the executive's average compensation for the five consecutive years of employment preceding retirement which yields the highest average compensation, subject to the maximum of \$750,000.
- Options – If termination is after: (i) age 55 and (ii) completion of at least five years of service, the executive would be entitled to accelerated vesting for options held at least six months and an extended, post-retirement exercise period of five years (or the remaining term of the options, if shorter).
- PBRsUs – If termination is after: (i) age 55 and (ii) completion of at least five years of service, service-vesting conditions with respect to PBRsU awards held at least six months will be deemed satisfied, but vesting remains subject to the attainment of performance goals.

Messrs. Baker, Schmechel, Handley and Hickey would have been entitled to some or all of such special retirement provisions as of December 31, 2017, as follows:

Name	Annual		Accelerated		Total (excluding Retiree Life Ins.) (\$)
	Cash Incentive (\$)	Retiree Life Insurance (\$)	Accelerated Portion of Stock Options Number (#)	Accelerated Portion of PBRsUs(1) Number (#)	
Douglas M. Baker, Jr. (PEO)	1,856,300	750,000	183,469 37,825	79,577	15,471,767
Daniel J. Schmechel (PFO)	453,400	750,000	34,725 56,148	15,056	3,029,762
Thomas W. Handley	571,900	750,000	39,306 28,668	17,192 307,762	3,508,330
Michael A. Hickey	309,300	750,000	23,587 7,201	10,319 384,603	2,071,104

Discharge for Cause – The Company is not obligated to pay any amounts in addition to the named executive officer's vested benefits in the event of a termination of employment for cause. The executive's right to exercise vested options expires and unvested PBRsU and restricted stock unit awards are forfeited upon discharge for cause. Cause under the Company's stock incentive plans includes: (a) deliberate injury or attempted injury related to the Company or any subsidiary, including dishonesty, fraud, misrepresentation, or embezzlement; (b) any unlawful or criminal activity of a serious nature; (c) any intentional and deliberate material breach of duty; or (d) material breach of any confidentiality or non-compete agreement.

An elected corporate officer with qualifying age and years of service would receive coverage under the retiree life insurance program described in the above section entitled "Voluntary Resignation."

Death or Disability – In the event of a termination as a result of death or disability, the named executive officer or his or her beneficiaries would be entitled to the following benefits in addition to his or her vested benefits:

- Executive Long-Term Disability Benefits – Certain executives who become "disabled" will, following a 180-day elimination period, receive payments from the Company equal to 60% of his or her base salary and annual cash incentive, reduced by the benefit paid under the Company's insured long-term disability plan available to all full-time employees (which is limited to \$15,000 per month). Total disability benefits are limited to \$35,000 per month. An executive is "disabled" during the first 18 months if he or she cannot earn at least 80% of his or her pre-disability compensation at his or her own occupation. After 18 months, the executive is "disabled" if he or she cannot earn at least 80% of his or her pre-disability compensation at any occupation for which he or she is qualified by training,

education or experience. Benefits may continue until the executive reaches Social Security Normal Retirement Age, subject to certain minimum lengths of payment. Benefits are limited to 24 months if disability is a result of mental illness that results from any cause, any condition that may result from mental illness, alcoholism which is under treatment, or the non-medical use of narcotics, sedatives, stimulants, hallucinogens or any other such substance.

- Executive Life Insurance – If an executive covered by executive life insurance dies, his beneficiary will receive an insured basic executive death benefit equal to three times the executive’s base salary and target annual cash incentive for the year preceding the death, subject to a maximum benefit of \$9,000,000. If an executive’s death is accidental, the beneficiary would receive an additional accidental death benefit amount equal to the executive death benefit, subject to a maximum of \$6,000,000. If an executive’s death occurs during travel on Company business, the benefit would be increased by three times the executive’s annual compensation for the year preceding the death, subject to a maximum business travel benefit of \$6,000,000.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

- Annual Cash Incentive – Payment of the annual cash incentive under the Company’s annual cash incentive program (Management Performance Incentive Plan or “MPIP” and Management Incentive Plan or “MIP”), which is described in the Compensation Discussion and Analysis beginning at page 38 and as part of the table entitled “Grants of Plan-Based Awards For 2017” at page 48, earned for the year that is proportionate to the portion of the performance period under the Plan that was completed prior to the termination of employment. The earned annual cash incentive payable to each of the named executive officers for termination due to death or disability on December 31, 2017 would be the full amount of the actual annual cash incentive earned as reported in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table at page 46.
- Options – If employment terminates as a result of death or disability, the vesting of options is accelerated and the post-death/disability exercise period is extended to five years (or the remaining term of the options, if shorter).
- PBRsUs – If employment terminates as a result of death or disability, service-based vesting conditions on PBRsUs will be deemed satisfied, but vesting remains subject to attainment of performance goals.
- Restricted Stock Unit Awards – If employment terminates as a result of death or disability, the vesting of restricted stock unit awards is accelerated. None of the named executive officers holds any unvested restricted stock units.

Name	Executive Long-Term Disability Benefits (\$)	Executive Life Insurance (\$)	Accelerated Portion of Stock Options		Accelerated Portion of PBRsUs(1) Value (\$)	Total (excluding Executive Life Ins. and Long-Term Disability Benefits) (\$)
			Number (#)	Value (\$)		
Douglas M. Baker, Jr. (PEO)	\$35,000/mo	9,000,000	356,203	77,825	15,776,884	18,714,709
Daniel J. Schmechel (PFO)	\$35,000/mo	3,975,000	65,535	148	2,938,139	3,494,287
Thomas W. Handley	\$35,000/mo	4,746,000	73,828	668	3,327,664	3,956,332
Christophe Beck	\$35,000/mo	3,505,500	44,309	201	1,996,464	2,373,665
Michael A. Hickey	\$35,000/mo	3,505,500	44,309	201	1,996,464	2,373,665

(1) Accelerated vesting of the PBRsUs for each of the named executive officers, assuming full attainment of performance goals, payment after the end of the performance period and a stock price of \$134.18, the closing price on December 29, 2017, the last trading day of the year.

Discharge Not for Cause: Resignation Due to Constructive Discharge – The Company negotiates severance arrangements on a case-by-case basis if an executive’s employment is terminated involuntarily without cause or if the executive resigns as a result of a constructive discharge. Any such negotiated settlement would require the named executive officer to sign a general release and waiver of claims against the Company and would typically require compliance with confidentiality and non-compete restrictions. Payment of such severance will generally be made in equal installments over regular payroll periods. For purposes of this disclosure, such a negotiated severance is estimated to include payment of up to two years’ base salary and target annual cash incentive for each of the named executive officers listed.

At the discretion of the Compensation Committee, the vesting of options may be accelerated or extended and the exercise period extended. However, no option may remain exercisable or continue to vest for more than two years beyond the date such option would have terminated if not for the Compensation Committee's action, or beyond its expiration date, whichever first occurs.

In addition, the Compensation Committee may, at its discretion, accelerate the vesting of PBRSU and restricted stock unit awards. The PBRSU awards further provide that vesting of the service-based vesting conditions will be accelerated on a pro-rated basis in the event an executive's employment is terminated without cause, with payment of the pro-rated award subject to satisfaction of applicable performance criteria.

In addition, if an executive's position, age and years of service qualify at time of termination, the executive would receive benefits under the same special provisions applicable for retirement as are described in the section entitled voluntary resignation above. As noted in that section, Messrs. Baker, Schmechel, Handley and Hickey would have been entitled to such special retirement provisions as of December 31, 2017.

Change in Control – The Company maintains a Change-in-Control Severance Compensation Policy (the “Policy”) which applies to elected officers (other than assistant officers) of the Company, including each named executive officer listed in the Summary Compensation Table at page 46. The Policy excludes an officer who may otherwise be eligible for coverage but is covered by separate change-in-control or similar agreements with the Company or a subsidiary. The Board of Directors may terminate the Policy after two years’ advance notice, except that the Policy may not be terminated within two years after a change in control has occurred.

The Policy entitles an officer to a severance payment if, within two years following a change in control, the officer’s employment with the Company is terminated without Just Cause (as defined in the Policy) or the officer voluntarily terminates employment for Good Reason (as defined in the Policy). The severance payment is paid in a lump sum equal to the sum of: (i) two times the sum of the officer’s base salary plus target annual cash incentive; plus (ii) a pro-rated portion of the target annual cash incentive for the year of termination. The officer also is entitled to payment of reasonable outplacement service fees up to 20% of base salary, and continuation, for up to 18 months, of medical and dental health coverage at the cost the officer paid prior to termination of employment. The Policy does not provide a gross-up for the 280G excise tax. However, the Policy does provide for a reduction of payments if the Policy results in higher after-tax income to the participant due to 280G excise tax. As a condition of the payment of such benefits, the officer must release the Company from employment-related claims.

The Company’s non-qualified Mirror Pension Plan and Supplemental Executive Retirement Plan discussed under the section entitled “Pension Benefits For 2017” beginning at page 52 provide that the interests of participants shall vest and become non-forfeitable upon a change in control of the Company. Messrs. Baker, Schmechel, Handley, Beck and Hickey each participate in the Mirror Pension Plan and the Supplemental Executive Retirement Plan, and Messrs. Baker, Schmechel, Handley and Hickey are already vested in these benefits.

Upon a change in control, if any outstanding option, PBRsU award or restricted stock unit award is continued, assumed or replaced by the Company or the surviving or successor entity in connection with the change in control, and if within two years after the change in control an executive’s employment or other service is terminated without Cause or is terminated by the executive for Good Reason, then:

- (i) each of the executive’s outstanding options will become exercisable in full and remain exercisable for the remaining term of the option,
- (ii) each of the holder’s unvested restricted stock unit awards and PBRsU awards will fully vest, and
- (iii) any performance goals applicable to the holder’s PBRsU awards will be deemed to have been satisfied to the target level of performance.

If any outstanding option, PBRsU award or restricted stock unit award is not continued, assumed or replaced in connection with the change in control, then the same consequences as specified in clauses (i) through (iii) of the previous sentence will occur in connection with a change in control unless and to the extent the Compensation Committee elects to terminate such options or awards in exchange for a payment with respect to each option or award

in an amount equal to the excess, if any, between the fair market value of the shares subject to the option or award immediately prior to the effective date of such change in control (which may be the fair market value of the consideration to be received in the change-in-control transaction for the same number of shares) over the aggregate exercise price (if any) for the shares subject to such option or award (or, if there is not excess, such option or award may be terminated without payment).

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

For purposes of the Policy and stock incentive plans, the term “change in control” means the occurrence of any of the following events:

- a person or group acquires 25% or more of the Company’s outstanding voting power;
- during any 24 consecutive month period, individuals who constitute the Board on the first day of the period or any new director (other than a director whose initial assumption of office is in connection with an actual or threatened election relating to the election of directors) whose election or nomination for election by the Company’s stockholders was approved or recommended by a vote of at least two-thirds of the directors then still in office who were directors on the first day of such period (or whose election or nomination were previously so approved) shall cease for any reason to constitute at least a majority of the Board of Directors;
- the Company engages in a merger or consolidation, other than a merger or consolidation in which the Company’s voting securities immediately prior to the transaction continue to represent over 50% of the voting power of the Company or the surviving entity immediately after the transaction and in which no person or group acquires 50% or more of the voting power of the Company or surviving entity; or
- the consummation of a plan of complete liquidation or the Company sells all or substantially all of the Company’s assets, other than to an entity with more than 50% of its voting power owned by the Company’s stockholders in substantially the same proportion as their ownership of the Company immediately prior to the sale.

The table below summarizes the maximum additional payments the Company would be obligated to make if a qualifying termination due to a change in control occurred on December 31, 2017.

(1) Represents that portion of the actuarial present value of accumulated pension benefits reported in the “Pension Benefits For 2017” table at page 52 which would become payable upon a change in control as a result of acceleration of vesting.

(2) Total number of unvested options as of December 31, 2017.

(3) Represents the difference between the closing price of our Common Stock as of December 29, 2017 (\$134.18) and the exercise price of each option that would be accelerated. All options may be exercised at any time during the three months (or five years if retirement eligible) after employment after the change in control, but not beyond the original ten-year term of the option.

(4)

Represents the value of PBRSU and restricted stock unit awards as of December 29, 2017 (\$134.18) that would be accelerated.

- (5) Represents the sum of amounts in Column (A) Total Severance Payments, (B) Accelerated Portion of Stock Options and (C) Accelerated Portion of PBRSU and Restricted Stock Unit Awards.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

PAY RATIO DISCLOSURE

We are required by SEC rules and regulations to disclose: (i) the annual total compensation for our CEO; (ii) an estimate of the median annual total compensation for a global population consisting of our associates (excluding our CEO) and other individuals whom such rules and regulations deem to be our employees (collectively, our “global employees,” and the global employee having the median of such global employees’ estimated annual total compensation, our “global median employee”); and (iii) the ratio of the annual total compensation for our CEO to the annual total compensation for our global median employee. For the year ended December 31, 2017, the annual total compensation for our CEO was \$14,383,229, as reported in the final column of the Summary Compensation Table at page 46, and the annual total compensation for our global median employee was \$60,556, calculated in accordance with the rules applicable to the Summary Compensation Table. For the year ended December 31, 2017, the annual total compensation for our CEO was 238 times the annual total compensation for our global median employee.

For purposes of identifying our global median employee, we used our global employee population as of November 1, 2017, which consisted of 52,563 total global employees, of whom 21,908 were employed in the United States and 30,655 were employed in foreign jurisdictions. As permitted by SEC rules and regulations, we excluded: (i) leased employees and independent contractors; (ii) approximately 827 employees from the Laboratories Anios, Prochimservice, and Georgia-Pacific Paper Chemicals Business acquisitions that closed in 2017; and (iii) 2,546 employees in the foreign jurisdictions of Uganda (92 employees), South Africa (506 employees), Chile (564 employees), Russia (595 employees), and Indonesia (789 employees). After giving effect to these exclusions, the number of global employees from which our global median employee was identified was 50,017. We used the sum of base salary and commissions for the 12-month period ending October 31, 2017 as the compensation measure that we applied consistently to all global employees, and we annualized this amount for global employees who commenced employment during that period. For global employees paid in currencies other than U.S. dollars, we converted to U.S. dollars using treasury rates as of September 30, 2017. We applied statistical sampling with the assistance of an outside expert to identify the population of global employees with compensation within a 1 percent range around the median. Once this population of global employees was identified, we included all other elements of annual total compensation to determine the global median employee, including, but not limited to, bonus and overtime pay, the grant date fair value of stock and option awards, the actuarial increase in the present value of pension benefits, Company contributions to defined contribution plans, and perquisites.

AUDIT COMMITTEE REPORT

AUDIT COMMITTEE REPORT

The Audit Committee operates under a written Charter and the functions of the Committee are described under the heading “Board Committees – Audit Committee” at page 15 hereof. The Audit Committee’s Charter recognizes that (i) it is the responsibility of management to prepare the Company’s financial statements in accordance with Accounting Principles Generally Accepted in the United States of America and to maintain an effective system of financial control; and (ii) it is the responsibility of the independent auditors to plan and conduct the annual audit and express their opinion on the consolidated financial statements in accordance with professional standards. As recognized in the Charter, the Committee’s responsibilities include overseeing the work of the participants in the financial reporting and control process.

In this context, the Audit Committee has (i) reviewed and discussed the audited consolidated financial statements of the Company as of December 31, 2017, and for the year then ended (the “Financial Statements”) with management which has represented that the Financial Statements were prepared in accordance with Accounting Principles Generally Accepted in the United States of America, (ii) discussed the Financial Statements with PricewaterhouseCoopers LLP (our independent registered public accounting firm), including the matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard 1301, “Communications with Audit Committees,” and (iii) received the written disclosures and the letter from PricewaterhouseCoopers LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant’s communications with the Audit Committee concerning independence and has discussed with PricewaterhouseCoopers LLP their independence. The Committee has also considered whether PricewaterhouseCoopers LLP’s provision of non-audit services as described below under the heading “Audit Fees” is compatible with maintaining PricewaterhouseCoopers LLP’s independence.

Based on the foregoing review and discussions, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the Financial Statements be included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the SEC.

- (4) This category includes all fees paid to PwC that must be disclosed and are appropriately not included in the Audit, Audit-Related and Tax categories.

All of the professional services provided by PwC in 2017 and 2016 were approved or pre-approved in accordance with policies of the Audit Committee and the Company. The Audit Committee has pre-approved projects for certain permissible non-audit services. Under the policy, requests for pre-approvals of permissible non-audit services must be accompanied by detailed documentation regarding specific services to be provided. The policy specifies that:

- annual pre-approval of the audit engagement (including internal control attestation) is required;
- the independent auditor may not provide prohibited services;

- annual pre-approval is provided for employee benefit plan audits and special audits, as well as other attestation services;
- management and the independent auditors report to the Committee on all non-audit service projects and related fees;
- all services and fees are reviewed annually; and
- the Committee Chair has been delegated authority to approve specific permissible non-audit service projects and fees to ensure timely handling of unexpected matters.

Examples of permissible non-audit services under the policy include: (i) merger/acquisition due diligence services; (ii) attest services; (iii) tax compliance, filings and returns; and (iv) tax planning services, provided that such services are limited to projects having “known or accepted” outcomes.

PROPOSAL 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

PROPOSAL 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed PricewaterhouseCoopers LLP (“PwC”) as our independent registered public accounting firm to audit our consolidated financial statements for the year ending December 31, 2018 and to perform other appropriate services. Representatives of PwC are expected to be present at our Annual Meeting of Stockholders. They will have an opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

PwC has provided professional services to the Company in 2017, the aggregate fees and expenses of which are reported at page 65.

Board of Directors’ Recommendation – The Board of Directors recommends that the stockholders vote FOR the ratification of the appointment of PwC as our independent registered public accounting firm for the year ending December 31, 2018. Under the laws of the State of Delaware, stockholder ratification of the appointment of our independent registered public accounting firm is not required. However, the Board deems it advisable to submit the appointment of PwC for stockholder consideration and ratification. If the appointment of PwC is not ratified, the Audit Committee will reconsider the matter, but will not be required to change its decision to appoint PwC as independent registered public accounting firm. Unless a contrary choice is specified, proxies solicited by our Board of Directors will be voted FOR ratification of the appointment of PricewaterhouseCoopers LLP.

PROPOSAL 3: ADVISORY VOTE TO APPROVE THE COMPENSATION OF EXECUTIVES DISCLOSED IN THIS PROXY STATEMENT

PROPOSAL 3: ADVISORY VOTE TO APPROVE THE COMPENSATION OF EXECUTIVES DISCLOSED IN THIS PROXY STATEMENT

Ecolab's executive compensation program is intended to: (1) support our corporate vision and long-term financial objectives, (2) communicate the importance of business results, (3) retain and motivate executives important to our success and (4) reward executives for contributions at a level reflecting our performance. We believe that our compensation policies and procedures have met these objectives. They have contributed to the Company's historically strong growth and returns, rewarded executives based on performance and are aligned with the long-term interests of our stockholders. See "Compensation Discussion and Analysis," beginning at page 28.

The Company is presenting this proposal, which gives you as a stockholder the opportunity to endorse or not endorse our executive pay program through an advisory vote for or against the following resolution:

"RESOLVED, that the stockholders approve, on an advisory basis, the compensation of our named executive officers, as disclosed in the Company's Proxy Statement for the 2018 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the compensation tables, and the related disclosure contained in the Proxy Statement."

The Company has presented this proposal at each Annual Meeting since 2010 and each year the proposal has received support from greater than 94% of the total shares cast on the proposal.

The Board of Directors encourages stockholders to endorse the compensation program for our named executive officers by voting FOR the above resolution. As discussed in the Compensation Discussion and Analysis contained in this Proxy Statement, we believe that the executive compensation for 2017 was reasonable and appropriate and was justified by the performance of the Company. Our compensation program is the result of a carefully considered approach, including input and advice from the Compensation Committee's independent compensation consultant.

Because your vote is advisory, it will not be binding upon the Board of Directors. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

Board of Directors' Recommendation – The Board of Directors recommends that you vote FOR approval of the compensation of Ecolab's executives as described in the Compensation Discussion and Analysis and the compensation tables and otherwise in this Proxy Statement pursuant to the compensation disclosure rules of the SEC. Proxies solicited by our Board of Directors will be voted FOR approval of the proposal unless otherwise specified.

PROPOSAL 4: STOCKHOLDER PROPOSAL REGARDING THE THRESHOLD TO CALL SPECIAL SHAREHOLDER MEETINGS

PROPOSAL 4: STOCKHOLDER PROPOSAL REGARDING THE THRESHOLD TO CALL SPECIAL STOCKHOLDER MEETINGS

John Chevedden, 2215 Nelson Avenue, No. 205, Redondo Beach, CA 90278, who owns 100 shares of our Common Stock, has notified the Company that he intends to present the following resolution at the Annual Meeting. The Company disclaims any responsibility for the content of this proposal and statement of support, the text of which, in accordance with rules of the Securities and Exchange Commission, is printed verbatim from its submission, with only minor formatting changes.

After careful consideration, the Board of Directors unanimously recommends that you vote AGAINST the stockholder proposal set forth below.

STOCKHOLDER PROPOSAL

Proposal 4 – Special Shareholder Meeting Improvement

RESOLVED, Shareowners ask our board to take the steps necessary (unilaterally if possible) to amend our bylaws and each appropriate governing document to give holders in the aggregate of 10% of our outstanding common stock the power to call a special shareowner meeting. This proposal does not impact our board's current power to call a special meeting.

Scores of Fortune 500 companies allow a 10% of shares to call a special meeting compared to Ecolab's higher requirement. Ecolab shareholders do not have the full right to call a special meeting that is available under Delaware law.

Special meetings allow shareholders to vote on important matters, such as electing new directors that can arise between annual meetings. This proposal topic won more than 70%-support at Edwards Lifesciences and SunEdison in 2013.

An enhanced ability of shareholders to call a special meeting would give shareholders greater standing to have input in improving the makeup of our board of directors after the 2018 annual meeting. For instance, we did not have oversight of our CEO by an independent chairman. And our CEO received as much as 9-times the negative votes as other directors.

Carl Casale, David MacLennan and Stephen Chazen had relatively short tenure and were marked as inside-related directors – this is not a good trend for board refreshment at Ecolab. Leslie Stuart Biller had 20 years long tenure. Long-tenure can detract from the independence of a director no matter how well qualified. Independence is a high valuable attribute in a director. Inside-related status and long-tenure are the opposite of this high valuable attribute.

To compound matters the 3 relatively new directors, who were inside-related, had an oversized influence on our audit committee – holding 50%-control. They also had 40%-control of our nomination committee. Serious consideration should be given to keeping inside-related directors off such important board committees.

Please vote to improve accountability to shareholders:

Special Shareholder Meeting Improvement – Proposal 4

RESPONSE OF THE BOARD OF DIRECTORS

After careful consideration, our Board of Directors recommends that you vote AGAINST this proposal for the following reasons:

The Company's By-Laws include a stockholder right to call special meetings that strikes the appropriate balance between enhancing stockholder rights and adequately protecting the best interests of all of our stockholders.

PROPOSAL 4: STOCKHOLDER PROPOSAL REGARDING THE THRESHOLD TO CALL SPECIAL SHAREHOLDER MEETINGS

Under our By-Laws, stockholders holding 25% of the voting power of our outstanding capital stock may call a special stockholder meeting. In February 2010, the Board amended our By-Laws to establish the current 25% ownership threshold after soliciting input from some of the Company's larger stockholders.

In its consideration of this proposal, the Board evaluated a number of factors, including the interests of our stockholders to call a special meeting, the resources required to convene a special meeting, the existing opportunities stockholders have to engage with the Board and management between annual meetings, and the characteristics and composition of our stockholder base, including that one stockholder currently holds greater than 10% of our stock and two other stockholders each hold greater than 5% of our stock. The Board also considered that approximately 82% of Delaware-incorporated S&P 500 companies either provide stockholders no right to call a special meeting or have an ownership threshold of 25% or more, whereas only approximately 5% of Delaware-incorporated S&P 500 companies have a 10% ownership threshold. Additionally, the Board considered that, at our 2010 Annual Meeting, a similar stockholder proposal requesting that our special meeting by-law be amended to a 10% threshold was not approved by stockholders. The Board continues to believe that the current 25% ownership threshold provides an appropriate balance between ensuring the Board's accountability to stockholders and enabling the Board and management to operate the Company in an effective manner.

Convening a meeting of stockholders imposes significant administrative and operational costs. The Company must prepare required disclosures, print and distribute materials, solicit proxies and tabulate votes. A significant amount of attention by the Board, management and employees is required to prepare for special meetings, distracting them from their primary focus of maximizing long-term financial returns and operating the Company's business in the best interests of stockholders. Because special meetings require a considerable diversion of resources, they should be limited to circumstances where a substantial number of stockholders believe a matter is sufficiently urgent or extraordinary that it must be addressed between annual meetings. Unlike a 10% ownership threshold, the current 25% threshold prevents one or two stockholders from calling a special meeting and imposing these costs on all stockholders even when most stockholders do not want a special meeting. Accordingly, the current 25% ownership threshold is a more appropriate standard to ensure that special meetings are held only for matters important to an appropriately large group of stockholders.

We have a strong corporate governance structure and record of accountability.

Our corporate governance structure reflects our ongoing commitment to effective governance practices and a willingness to be responsive and accountable to our stockholders. In addition to our special meeting by-law, we have implemented numerous other corporate governance measures to ensure the Board remains accountable to stockholders and to provide our stockholders with a meaningful voice. For example:

- Annual Election of Directors - Each of our directors serves a one-year term and stands for re-election at each annual meeting.
- Majority Voting - Directors must be elected by a majority vote in an uncontested election and a director who fails to receive the required number of votes for re-election must tender his or her written resignation for consideration by the Board.
- Each Non-Executive Member of our Board Is Independent - Each year, our Governance Committee conducts a thorough review of transactions and relationships to assist the Board in determining whether our directors are independent in accordance with the listing standards of the New York Stock Exchange, the rules and regulations of the Securities and Exchange Commission, applicable law and the Board's independence policy, which can be found on our website at www.investor.ecolab.com/corporate-governance. As our Board has determined, all of our directors, with the exception of our Chief Executive Officer, are independent. The proposal's assertion that directors Carl Casale, David MacLennan and Stephen Chazen are "inside-related" and not independent is inaccurate and

misleading.

- Independent Lead Director - We have an independent Lead Director with substantial and clearly delineated authority. Our Lead Director provides strong independent leadership of our Board by, among other things, presiding at executive sessions in connection with every regularly scheduled Board meeting.

PROPOSAL 4: STOCKHOLDER PROPOSAL REGARDING THE THRESHOLD TO CALL SPECIAL SHAREHOLDER MEETINGS

- No Supermajority Voting - In 2012, in response to a non-binding stockholder proposal at the 2011 Annual Meeting, the Board recommended and stockholders approved amendments to the Company's Certificate of Incorporation to eliminate the supermajority voting provisions.
- No Stockholder Rights Plan - We do not have a stockholder rights plan.
 - Stockholder Right to Act by Written Consent - Stockholders have the right to act by written consent.
- Proxy Access - In 2015, the Board amended our By-laws to implement proxy access. Our proxy access by-law permits a stockholder or a group of up to 20 stockholders owning 3% or more of the Company's outstanding shares continuously for at least three years to nominate and include in our proxy materials director candidates constituting up to the greater of two individuals or 20% of the Board, provided that the stockholder(s) and the nominee(s) satisfy the requirements specified in our By-Laws. Our proxy access by-law limits the number of stockholders that may aggregate their shares to satisfy the 3% test to 20 stockholders. For purposes of the 20-stockholder limit, certain related funds are counted as one stockholder.
- Stockholder Input on Nominations Outside of Proxy Access — In addition to proxy access, our stockholders have the ability to recommend director candidates to the Board's Governance Committee, which considers such recommendations in the same manner as recommendations received from other sources (as described further under "Stockholder Access" on page 7). Stockholders also have the option to directly nominate director candidates and solicit proxies for the election of those candidates in accordance with our By-Laws and the federal securities laws.
- Stockholder Engagement — Stockholders can communicate directly with the Board and/or individual directors, and we regularly engage with our investors to solicit views on important issues such as executive compensation and corporate governance matters.

The Board will continue to evaluate corporate governance measures and changes to our governance policies that it believes will serve the best interests of Ecolab and its stockholders.

The Board continues to believe that the current 25% ownership threshold provides an appropriate balance between ensuring the Board's accountability to stockholders and enabling the Board and management to operate the Company in an effective manner. In light of the Company's carefully considered special meeting by-law, as well as the Board's continuing commitment to ensuring effective corporate governance, the Board believes that this proposal is not in the best interests of the Company or its stockholders.

Board of Directors' Recommendation — The Board of Directors recommends that you vote AGAINST this proposal. Proxies solicited by our Board of Directors will be voted AGAINST the stockholder proposal unless otherwise specified.

Approval of the non-binding stockholder proposal would serve as a recommendation to the Board of Directors to amend our special meeting by-law as necessary to reflect the terms set forth in the proposal. As with all proposals, if the stockholder proposal is not properly presented by the proponent at the Annual Meeting, it will not be voted upon.

OTHER MATTERS

OTHER MATTERS

Proxy Solicitation Costs

We will bear the cost of the preparation and solicitation of proxies, including the charges and expenses of brokerage firms, banks or other nominees for forwarding proxy material to beneficial owners. In addition to solicitation by mail, proxies may be solicited by telephone, the Internet or personally. We have retained Georgeson Inc., 480 Washington Blvd., 26th Floor, Jersey City, NJ 07310, to aid in the solicitation of proxies for a fee of \$12,000 plus expenses. Proxies may also be solicited by certain directors, officers and employees of the Company without extra compensation.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's executive officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities, to file with the SEC reports on ownership of Company securities and changes in reported ownership. As a practical matter, Company personnel assist executive officers and directors by monitoring transactions and completing and filing Section 16 reports (SEC Forms 3, 4 and 5) on their behalf based upon company records and information provided to us.

Based solely on a review of Section 16 reports and on written representations from reporting persons, the Company believes that during the fiscal year ended December 31, 2017 the Company's executive officers, directors and greater than ten percent owners timely filed all reports they were required to file under Section 16(a).

Householding Information

Some banks, brokers and other nominee record holders may be participating in the practice of "householding" proxy soliciting material. This means that you and other holders of our Common Stock in your household may not receive separate copies of the Company's Proxy Statement or Annual Report. We will promptly deliver an additional copy of either document to any stockholder upon request to: Corporate Secretary, Ecolab Inc., 1 Ecolab Place, Saint Paul, MN 55102; telephone (651) 250-2981; or e-mail investor.info@ecolab.com. If you desire to reduce the number of copies mailed to your household, please contact your bank or broker.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to be held on May 3, 2018

The Notice of 2018 Annual Meeting, Proxy Statement and Annual Report to Stockholders of Ecolab Inc. is available at www.proxyvote.com.

 - the Ecolab Canada Share Purchase Plan administered by Computershare Trust Company of Canada

* If you participate in the Ecolab Savings Plan and ESOP, the Ecolab Savings Plan and ESOP for Traditional Benefit Employees or the Ecolab Puerto Rico Savings Plan, you are entitled to direct the respective plan trustee to vote (or not to vote) the equivalent number of shares of Common Stock credited to your Plan account. Your proxy card will serve as a voting instruction to the Trustee and if your instructions are timely received, the Trustee will follow your voting instructions. If you do not timely submit your voting instructions, the Trustee will vote your Plan shares in the same proportion as to each respective proposal as the shares for which voting instructions have been received from other Plan participants. To allow sufficient time for voting of your shares by the Trustee, your voting instructions should be received by May 1, 2017 to ensure tabulation.

If you hold Ecolab shares through any other Ecolab plans, you will receive voting instructions from that plan's administrator.

ECOLAB INC.
ANNUAL MEETING
OF STOCKHOLDERS
MAY 3, 2018

The undersigned
hereby appoints
Douglas M. Baker, Jr.,
Michael C.

McCormick and Theodore D. Herzog, and each of them, with power of substitution to each as proxies to represent the undersigned at the Annual Meeting of Stockholders of Ecolab Inc., to be held in St. Paul, Minnesota, at the Ecolab Global Headquarters at 9:30 a.m. on Thursday, May 3, 2018, and at any adjournment or postponement thereof, and to vote all shares of stock which the undersigned may be entitled to vote at said meeting as directed on the reverse side with respect to the proposals as set forth in the Proxy Statement, and in their discretion, upon any other matters that may properly come before the meeting.

This proxy will be voted as specified by the undersigned. If no such direction is given, your proxies will have the authority to vote “for” each of the nominees listed in proposal 1, “for” proposals 2 and 3, “against” on proposal 4 and in the discretion of the proxy holder on any other matter that may properly come before the annual meeting and any adjournment or postponement thereof.

The tabulator cannot vote the shares unless you sign and return this card, or you use the telephone or Internet voting services to cast your proxy.
