NOTICE OF THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 10, 2001

March 21, 2001

Dear Dow Stockholder:

We are pleased to invite you to the Annual Meeting of Stockholders of The Dow Chemical Company to be held on Thursday, May 10, 2001, at 2 p.m. at the Midland Center for the Arts, 1801 West St. Andrews, Midland, Michigan.

Stockholders will vote upon the following matters either by proxy or in person:

1. Election of five Directors: Arnold A. Allemang, John C. Danforth, Allan D. Gilmour, James M. Ringler and William S. Stavropoulos.
2. Ratification of the appointment of Deloitte & Touche LLP as Dow's independent auditors for 2001.
3. Transaction of any other business as may properly come before the Meeting.

Your vote is important. Whether or not you plan on attending the Meeting, we hope you will vote your shares as soon as possible. You may vote your shares by telephone, on the Internet, or by mailing a completed form. Your voting form includes instructions on each of these voting methods.

Your Board of Directors has set the close of business on March 12, 2001, as the record date for determining stockholders who are entitled to receive notice of the Annual Meeting and any adjournment, and entitled to vote. A list of stockholders entitled to vote shall be open to any stockholder for any purpose relevant to the Meeting for ten days before the Meeting, from 8:30 a.m. to 5 p.m., at the Office of the Corporate Secretary, 2030 Dow Center, Midland, Michigan.

Since seating is limited, the Board has established the rule that only stockholders may attend or up to three people holding proxies for any one stockholder or account (in addition to those named as Board proxies on the printed proxy forms). Proxy holders are asked to present their credentials in the lobby before the Annual Meeting begins.

You will need a validated ticket of admission or proof of stock ownership to be admitted to the Meeting. Stockholders will receive a ticket as part of their proxy material. Stockholders of record and participants in the Dividend Reinvestment Program, The Dow Chemical Company Employees' Savings Plan, The Dow Chemical Company Stock Ownership Plan, the Dow AgroSciences Employee Savings Plan, The Savings and Investment Program for Employees of Union Carbide Corporation and Participating Subsidiary Companies, the Union Carbide Corporation Stock Ownership Plan and/or the DH Compounding Savings and Retirement Plan need only check the box on

Edgar Filing: DOW CHEMICAL CO /DE/ - Form DEF 14A

the voting form to validate their preprinted ticket and indicate that they will attend. Questions may be directed to 877-227-3294 (a toll-free number in the U.S. and Canada) or 517-636-1792.

Other stockholders holding stock in nominee name or beneficially (in "street name") will receive a ticket with their proxy material and need take no further action. Street name holders without tickets will need proof of ownership for admission to the Annual Meeting, such as a recent brokerage statement or letter from the bank or broker.

Thank you for your continued support and interest in The Dow Chemical Company.

This Proxy Statement is issued in connection with the 2001 Annual Meeting of Stockholders of The Dow Chemical Company to be held on May 10, 2001.

VOTING PROCEDURES

In the following pages of this Proxy Statement, you will find information on your Board of Directors, the candidates for election to the Board and the current Directors, and one resolution to be voted upon at the Annual Meeting of Stockholders or any adjournment of that Meeting. The background information in this Proxy Statement has been supplied to you at the request of the Board of Directors to help you decide how to vote.

VOTING YOUR SHARES BY PROXY

You are encouraged to use the proxy form to cast your vote. As explained on the form, you may vote by telephone, on the Internet, or by mail. YOUR SHARES WILL BE VOTED IF THE PROXY FORM IS PROPERLY EXECUTED AND RECEIVED PRIOR TO MAY 10, 2001, THE DATE OF THE ANNUAL MEETING. IF NO SPECIFIC CHOICES ARE MADE BY YOU, AS EXPLAINED ON YOUR PROXY FORM, THE SHARES REPRESENTED BY YOUR EXECUTED PROXY FORM WILL BE VOTED AS RECOMMENDED BY THE BOARD OF DIRECTORS.

You may revoke your proxy at any time before its use at the Meeting by sending a written revocation, by submitting another proxy at a later date, or by attending the Meeting and voting in person. No matter which voting method you choose, however, you need not vote any single account more than once unless you wish to change your vote.

The Company has a policy of vote confidentiality. Proxies and ballots of all stockholders are kept confidential from the Company's management and Board unless disclosure is required by law and in other limited circumstances. The policy further provides that employees may confidentially vote their shares of Company stock held by the Company defined contribution plans, and requires the appointment of independent tabulators and inspectors of election for the Meeting.

DIVIDEND REINVESTMENT PROGRAM SHARES AND EMPLOYEES' SAVINGS PLAN SHARES

If you are enrolled in the Dividend Reinvestment Program ("DRP"), the enclosed proxy form indicates the shares of common stock owned on the record date by you directly, plus all shares of common stock held for you in the DRP. Fleet National Bank, as the DRP administrator, will vote all shares of stock held in your DRP account only if you return your proxy form. If no specific instruction is given on an executed proxy form returned by you, the DRP administrator will vote as recommended by the Board of Directors.

Separate "Confidential Voting Instruction" cards are being sent to current and former Dow employees participating in The Dow Chemical Company Employees' Savings Plan, The Dow Chemical Company Stock

Edgar Filing: DOW CHEMICAL CO /DE/ - Form DEF 14A

Ownership Plan, the Dow AgroSciences Employee Savings Plan, The Savings and Investment Program for Employees of Union Carbide Corporation and Participating Subsidiary Companies, the Union Carbide Corporation Stock Ownership Plan and/or the DH Compounding Savings and Retirement Plan (the "Plan" or "Plans"), covering all shares of common stock held for each participant in the applicable Plan(s) on the record date. Your executed card will provide voting instructions to the applicable Plan trustee(s). If no instructions are provided, the trustees will vote the respective Plan shares according to the provisions of the Plan documents.

DOW SHARES OUTSTANDING

At the close of business on the record date, March 12, 2001, there were 898,339,169 shares of Dow common stock outstanding and entitled to vote. Each share of common stock is entitled to one vote. There are no shares of Preferred Stock outstanding.

PROXIES ON BEHALF OF THE DOW BOARD

The enclosed proxy is being solicited by your Board of Directors to provide an opportunity to all stockholders of record to vote on agenda items, whether or not they are able to attend the Annual Meeting. Proxies on behalf of the Board may be solicited in person, by mail, by telephone or by electronic communication by Dow officers and employees. They will not be specially compensated for their services in this regard.

Dow has retained Georgeson Shareholder Communications Inc. to aid in the solicitation of stockholders (primarily brokers, banks and other institutional investors) for an estimated fee of \$17,000. Arrangements have been made with brokerage houses, nominees and other custodians and fiduciaries to send materials to their principals, and their reasonable expenses will be reimbursed on request. The cost of solicitation will be borne by the Company.

THE BOARD OF DIRECTORS AND BOARD COMMITTEES

The ultimate authority to manage the business of The Dow Chemical Company rests with the Board of Directors. The Board appoints the Company's officers, assigns to them responsibilities for management of the Company's operations, and reviews their performance.

There were six Board meetings in 2000. All but one of the Directors attended 100 percent of the Board meetings and all of the Directors then serving attended the last Annual Meeting of Stockholders. All but three Dow Directors had 100 percent attendance at all Board and Board committee meetings they were eligible to attend.

In the past year, three Directors retired from the Board: Enrique C. Falla, who served as a Director since 1985; Frank P. Popoff, who served as a Director since 1982 and Chairman since 1992; and David T. Buzzelli, who served as a Director since 1993. Their advice and experience will be greatly missed.

Board committees perform many important functions. The

Edgar Filing: DOW CHEMICAL CO /DE/ - Form DEF 14A

responsibilities of each committee are stated in the Bylaws. The Board, upon the recommendation of the Committee on Directors, elects members to each committee and has the authority to change the responsibilities of any committee and the committee membership. A brief description of the current standing Board committees follows, with memberships listed as of March 12, 2001.

AGENDA ITEM 1

CANDIDATES FOR ELECTION AS DIRECTOR

In accordance with the recommendation of the Committee on Directors, the Board of Directors has nominated Arnold A. Allemang, John C. Danforth, Allan D. Gilmour, James M. Ringler and William S. Stavropoulos for election as Directors in Class III, to serve three-year terms to expire at the Annual Meeting in the year 2004, and until their successors are elected and qualified.

Each nominee is currently serving as a Director and each has consented to serve for the new term. All nominees, except for Mr. Ringler, have previously been elected as Directors by the Company's stockholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF ALL OF THESE NOMINEES AS DIRECTORS.

The election of Directors requires a plurality of the votes actually cast. As explained on the accompanying proxy, it is the intention of the persons named as proxies to vote in favor of the candidates nominated by the Board unless such authority is withheld. If something unanticipated should occur prior to the Annual Meeting, making it impossible for one or more of the candidates to serve as a Director, votes will be cast in the best judgment of the persons authorized as proxies.

Information in the biographies of candidates and continuing Directors that follows is current as of March 12, 2001, the record date for the Annual Meeting.

AGENDA ITEM 2
RATIFICATION OF THE APPOINTMENT
OF THE INDEPENDENT AUDITORS

RESOLVED, THAT THE APPOINTMENT BY THE BOARD OF DIRECTORS OF DELOITTE & TOUCHE LLP TO AUDIT THE 2001 CONSOLIDATED FINANCIAL STATEMENTS OF THE DOW CHEMICAL COMPANY AND ITS SUBSIDIARIES IS HEREBY RATIFIED.

The Bylaws provide that the Board's selection of auditors must be presented for stockholder ratification or rejection at the Annual Meeting. The Audit Committee has recommended and the Board has, subject to your ratification, appointed Deloitte & Touche LLP to audit and report on the consolidated financial statements of Dow and its subsidiaries for 2001. Deloitte & Touche LLP has audited Dow's financial statements for more than ninety years and served as its independent auditors for 2000. Deloitte & Touche LLP has offices or affiliates at or near most of the locations where Dow operates in the United States and other countries. Deloitte & Touche LLP regularly rotates its lead audit partner assigned to Dow.

Before making its recommendation for appointment, the Audit Committee carefully considers the qualifications of candidates for independent auditors. For Deloitte & Touche LLP, this has included a review of its performance in prior years, as well as its reputation for integrity and for competence in the fields of accounting and auditing. The Audit Committee has expressed its satisfaction with Deloitte & Touche LLP. In February 2001, Deloitte & Touche LLP advised the Audit Committee that it believes all litigation against Deloitte & Touche LLP can fairly be characterized as incidental to the practice of the accounting profession and that resolution of its cases will not affect its ability to serve as independent auditors for the Company. The Audit Committee has concluded that the ability of Deloitte & Touche LLP to perform services for the Company is not adversely affected by such litigation. Representatives of Deloitte & Touche LLP will attend the Annual Meeting and may make a statement if they wish. They will be available to answer stockholder questions at the Meeting.

Audit services performed by Deloitte & Touche LLP for the year ended December 31, 2000, included the audit of the consolidated financial statements of the Company and its subsidiaries, the separate audits of the financial statements of certain subsidiary

Edgar Filing: DOW CHEMICAL CO /DE/ - Form DEF 14A

companies and employee benefit plans where required by government regulations or agreement, as well as services related to filings with the Securities and Exchange Commission and consultation on matters related to accounting and financial reporting.

Approval of this proposal to ratify the appointment of Deloitte & Touche LLP requires a majority of votes actually cast on the matter. For purposes of determining the number of votes cast on the matter, only those cast "for" or "against" are included. Abstentions and broker non-votes are not included. If Agenda Item 2 does not pass, the selection of independent auditors will be reconsidered by the Audit Committee and the Board. Because it is difficult and not cost effective to make any change in independent auditors so far into the year, the appointment of Deloitte & Touche LLP would probably be continued for 2001, unless the Audit Committee or the Board finds additional good reasons for making an immediate change.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE PROPOSAL TO RATIFY ITS SELECTION OF DELOITTE & TOUCHE LLP AS DOW'S INDEPENDENT AUDITORS FOR 2001.

FEES PAID TO THE INDEPENDENT AUDITORS

AUDIT FEES. The aggregate fees billed by Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, "Deloitte") for professional services rendered for the audit of the Company's annual financial statements for the year ended December 31, 2000, and for the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for that fiscal year were \$6,745,000.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES. There were no Deloitte fees or services relating to financial information systems design and implementation for the year ended December 31, 2000.

ALL OTHER FEES. The aggregate fees billed by Deloitte for services rendered to the Company, other than the services described above, for the year ended December 31, 2000, were \$12,224,000 (the largest component of which related to the merger with Union Carbide Corporation).

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors (the "Committee") is entirely made up of independent directors as defined in the New York Stock Exchange listing standards. It operates pursuant to a charter, which appears below.

The Committee reviews the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process. The independent auditors are responsible for expressing an opinion on the conformity of the Company's audited financial statements with accounting principles generally accepted in the U.S.

Edgar Filing: DOW CHEMICAL CO /DE/ - Form DEF 14A

In this context, the Committee has reviewed and discussed with management and the independent auditors the audited financial statements. The Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended by Statements on Auditing Standards Nos. 89 and 90. In addition, the Committee has received from the independent auditors the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Company and its management. And, the Committee has considered whether the independent auditors' provision of non-audit services to the Company is compatible with the auditors' independence.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on SEC Form 10-K for the year ended December 31, 2000, for filing with the Securities and Exchange Commission.

AUDIT COMMITTEE CHARTER 1

1. The Board of Directors shall appoint an Audit Committee of at least three members, consisting entirely of "independent" directors of the Board, and shall designate one member as chairman. For purposes hereof, "independent" shall mean a director who, in the judgment of the Board of Directors, meets the New York Stock Exchange definition of "independence."

In the context of the New York Stock Exchange rules, each member of the Company's Audit Committee must, in the judgment of the Board of Directors, be financially literate and one or more members of the Audit Committee shall, in the judgment of the Board of Directors, have accounting or related financial management expertise.

2. The Audit Committee shall perform the duties assigned to it by Section 4.3 of the Company's Bylaws and as set forth in this Charter.

3. The Audit Committee shall:

(a) Recommend to the Board of Directors the engagement, retention or discharge of the independent auditors, which auditors shall be ultimately accountable to the Board of Directors through the Audit Committee.

(b) Review and discuss the written statement from the independent auditor of the Company under Independence Standards Board Standard No. 1 concerning any relationships between the auditor and the Company or any other relationships that may adversely affect the independence of the auditor. Assess the independence of the auditor.

(c) Review and approve arrangements for the annual audit, including the proposed scope and fee.

(d) Review and discuss with management and with the independent auditors the Company's annual audited and quarterly unaudited financial statements, including a discussion of the auditors' judgment as to the quality of the Company's accounting principles and the appropriateness of including the audited financial statements in the Company's public reports and filings with governmental agencies.

(e) Review with the staffs of the accounting, internal auditing and legal departments their procedures and reports for assuring that the Company's internal controls and policies for assuring compliance with legal requirements are adequate and functioning.

1 As adopted by the Audit Committee on July 8, 1987; and revised by the Audit Committee on November 7, 1990; November 13, 1991; November 10, 1993; November 9, 1994; November 8, 1995; November 13, 1996; December 10, 1997; and April 12, 2000; and as approved and adopted by the Board of Directors on April 13, 2000.

AUDIT COMMITTEE CHARTER (CONTINUED)

(f) Review any internal control comments and recommendations rendered by the independent auditors that are classified as material weaknesses or reportable conditions as well as management's response to such comments and recommendations.

(g) Review the independent auditors' recommendations for significant changes in accounting policies and management's responses to those recommendations.

(h) Meet as often as may be deemed necessary or appropriate in its judgment, generally four times each year, either in person or telephonically. Consult in executive session at each meeting with the independent auditors, the Corporate Auditor and the Controller, and, as deemed appropriate, any other members of management, on any of the matters within the Audit Committee's jurisdiction.

(i) Report regularly to the Board of Directors.

(j) Review and approve a report of the Audit Committee's activities as may be required from time to time.

4. At its discretion from time to time, and at least annually, in connection with its duties, the Audit Committee will:

(a) Review the Corporate Auditor's activities, annual and quarterly reports, and any recommendations to the Audit Committee. Review the mission and objectives, resources, reporting relationship, and independence of the Corporate Auditor.

(b) Review with the Company's General Counsel the status of major items of litigation pending against or involving the Company and the reserves that may be established in connection with such litigation.

(c) Consult with the independent auditors concerning significant accounting questions or policies.

(d) Be apprised by the Controller of significant changes in accounting rules and conventions.

(e) Review the adequacy of internal controls. The specific areas to be reviewed will vary from time to time. For example, among the areas currently reviewed are internal controls relating to: (i) the Company's electronic data processing and information systems, including security, and (ii) derivative financial instruments.

(f) Review with the Company's Director of Corporate Risk Management the coverage levels of liability, property and casualty insurance.

5. The Audit Committee shall review (a) the findings and recommendations arising from the periodic conflict of interest program and questionnaires and (b) investigations concerning compliance with Company policies or applicable law. The Audit Committee shall initiate any other investigations which, in its judgment, are necessary to maintain the Company's high standards of integrity, accountability and internal control.

6. The Audit Committee shall assess at least annually the adequacy and appropriateness of this Charter, and, from time to time, its own procedures and performance.

COMPENSATION COMMITTEE REPORT

THE COMMITTEE

The Compensation Committee of the Board of Directors (the "Committee") is made up entirely of independent, non-employee Directors. The Committee is responsible for establishing base salaries, bonuses, long-term incentives, retirement benefits and other compensation for Company Directors and officers. In meeting this responsibility, the Committee's policy is to ensure that executive compensation is appropriately competitive in the attraction and retention of talented leaders, and is linked closely to individual performance, Company performance, and increases in Dow shareholder value.

After the end of each year, the Committee asks the Global Compensation and Benefits staff to present a proposed compensation plan, along with supporting competitive market data, for each executive officer. After discussion with the Chief Executive Officer ("CEO") about the individual performance of each executive compared to pre-established goals, individual compensation plans are established. The Committee meets with the Vice President of Human Resources to review similar information on the CEO (who is absent from this portion of the meeting). The Committee monitors the performance of the CEO and other executive officers throughout the year, and has final responsibility for determining their compensation levels.

Dow's policy is to manage overall executive compensation at the median level relative to companies with which we compete for executive talent, with appropriate variation for high-performing

individuals and Company performance. The Committee compares executive compensation levels and performance with a selected cross-industry group of other multinational manufacturing companies of similar size. Note that this is a different group of companies than those in the graphs on page 21. For 2000, as in prior years, compensation paid to the Company's executive officers qualified as fully deductible under applicable tax laws, with the exception of \$278,333 in base salary paid to the outgoing CEO (W.S. Stavropoulos) that was in excess of the \$1,000,000 cap for purposes of tax deductibility.

Executive employee compensation has three components: base salary, performance award (bonus), and long-term incentives, each explained more fully below.

BASE SALARIES

Base salaries for all Dow employees - including the Company's top executives - are based upon an evaluation of their responsibilities, an assessment of their performance, and market comparisons from regularly scheduled compensation surveys. Average salaries for each employee group are managed such that they fall within the median range of the survey results, in order to ensure Dow's ability to attract and retain a talented workforce. Changes in base salary for the executives named in the Proxy Statement compensation tables, as well as for all Dow employees, depend upon projected changes in the external market as well as the individual's contributions to Dow's corporate performance. In addition, the Committee reviews the performance of each executive officer against pre-established annual goals.

For 2000, the Committee reviewed the goals established by the outgoing Chief Executive Officer and his performance towards achieving each of them. Specifically, the Committee considered the following factors: economic profit; earnings per share; return on stockholders' equity; progress towards 2005 Environment, Health and Safety goals; building effective relationships with various stakeholders of the Company; and implementation of Dow's long-term strategic plan (including planning for the effective integration of the merger with Union Carbide Corporation and the implementation of Six Sigma improvement processes throughout the Company). Thus, his 2000 base pay was increased both to reflect his performance in these areas and to maintain his base salary within the competitive range. Late in the year, a promotional increase was granted to the incoming CEO, in order to position his base salary at an appropriate level relative to the external market for comparable positions.

In general, the Committee has structured the Chief Executive Officer's pay so that, at target levels of total direct compensation, no more than 25 percent is delivered as base pay. The remainder - more than 75 percent - is variable or performance-dependent pay. For the past several years, that ratio has been approximately 20 percent base pay and 80 percent of compensation at risk in the form of performance-dependent pay.

PERFORMANCE AWARDS (BONUSES)

The Executive Performance Plan (the "Plan"), first established in 1994, sets a minimum performance goal of \$700 million of Net Income as defined in the Plan. In addition, the Committee has determined that no award will be paid to those named in the Proxy Statement if the minimum economic profit goal for the Dow employees' variable pay

Edgar Filing: DOW CHEMICAL CO /DE/ - Form DEF 14A

program is not achieved. Once these goals have been met, the Compensation Committee evaluates corporate and individual performance. The Compensation Committee was notified that the Net Income goal was achieved in 2000. In accordance with the Plan, the Committee used its discretion to determine the amount of

COMPENSATION COMMITTEE REPORT (CONTINUED)

each executive's performance award, based upon corporate financial performance as measured by economic profit results, the impact on earnings before interest and taxes from Six Sigma projects, individual performance towards key Company goals, and the competitive environment.

LONG-TERM INCENTIVE COMPENSATION

In 2000, long-term incentive compensation for selected executives, including the officers of the Company, consisted of grants of Market Priced Stock Options. The decision not to use one or more additional types of performance-based equity in 2000, as was Dow's practice in 1998 and 1999, was made to achieve a short-term simplification of the program in anticipation of changes in the Company's management, organization and structure. It is expected that the Company will return to the use of performance-based equity programs as a portion of the overall long-term incentive grant in 2001. The grants of Step Stock Options made in 1998 and 1999, Performance Shares granted in 1999, as well as the ongoing grants of Market Priced Stock Options, continue to provide significant incentives to executives to achieve high levels of Total Return to Shareholders (TSR) through the delivery of superior returns on capital with an ongoing emphasis on value growth. The Compensation Committee approved long-term incentive compensation awards for 2000 after evaluating the contribution of each executive to the Company's long-term performance and the importance of his or her responsibilities within the organization.

To determine the outgoing CEO's long-term incentive compensation for 2000, the Committee evaluated progress towards:

- The optimization of Dow's business portfolio, including the identification, execution and management of acquisitions and divestitures, with emphasis on the effective integration of the Union Carbide Corporation into the overall operations of the Company.
- The furthering of Dow's value-growth initiatives, including progress in the development of New Business opportunities.
- Initiatives regarding the development of Dow employees, including the recruitment and retention of a talented global workforce.
- Progress towards meeting the Company's 2005 Environmental, Health and Safety goals.

In addition, the Committee considered the appropriate mix of short-term and long-term compensation and Dow's competitive position as compared to market data from the compensation comparison group.

The Committee determined that for 2000 the levels of long-term

Edgar Filing: DOW CHEMICAL CO /DE/ - Form DEF 14A

incentive compensation granted to the outgoing CEO reflected actual performance measured against these goals, with appropriate consideration of the desired emphasis on long-term incentive compensation and the competitive positioning of the overall compensation package.

SHARE OWNERSHIP GUIDELINES

Minimum stock ownership guidelines for key Dow executives were established in 1998. The ownership requirement for the CEO was set as six times the then-current annual base salary. The outgoing CEO currently owns shares that exceed the ownership requirement. The incoming CEO will be expected to meet the same requirement by March 31, 2004. Other executives named in the Proxy Statement tables, as well as a group of global business and corporate leaders, are required to own by March 31, 2002 (or within four years from the date they entered the group of leaders subject to ownership guidelines, if entry came subsequent to 1998) shares equivalent in value to either three or four times their then-current annual base salary.

(d) This was a single grant made on 2/16/2000. Options vest in three equal annual installments, beginning 2/16/2001.

PENSION PLANS

The Company provides the Dow Employees' Pension Plan (the "Plan") for employees on its U.S. payroll and for employees of some of its wholly owned U.S. subsidiaries. Because it is a defined benefit plan, the amount of a retiree's pension is calculated using pay and years of service as an employee, rather than by the market value of the Plan assets, as in a defined contribution plan.

Upon normal retirement at age 65, a participant receives an annual pension from the Plan subject to a statutory limitation. The annual pension is the greater of (a) or (b):

Edgar Filing: DOW CHEMICAL CO /DE/ - Form DEF 14A

(a) 1.6 percent of the employee's highest average credited compensation for any three consecutive years, multiplied by the employee's years of credited service up to 35 years, and by one-half of the years of credited service in excess of 35 years. The Plan contains a provision for an offset of the employee's primary Social Security benefit, calculated using the method specified in the Tax Reform Act of 1986.

(b) A benefit that is the sum of the employee's yearly basic and supplemental accruals. Basic accruals equal the employee's highest average credited compensation for any three consecutive years multiplied by a percentage ranging from 4 percent to 18 percent dependent upon the employee's age in the years earned. Supplemental accruals are for compensation in excess of a rolling 36-month average of the Social Security wage base. Supplemental accruals range from 1 percent to 4 percent, based on the age of the employee in the years earned.

The sum of the basic and supplemental accruals is divided by a conversion factor to calculate the immediate monthly benefit. If the employee terminates employment before age 65 and defers payment of the benefit, the account balance calculated under this formula (b) will be credited with interest, currently at 8 percent per year.

The following table illustrates the annual pension benefits, including those from the Executives' Supplemental Retirement Plan or the Key Employees' Insurance Plan payable to executive officers, calculated before the application of an offset of the employee's primary Social Security benefit. The benefits shown are single-life annuities for participants who retire at age 65. While a single life annuity provides a higher retiree benefit, most participants elect pensions with survivorship provisions.

COMPENSATION OF DIRECTORS

DIRECTORS' FEES

Directors' fees are paid only to Directors who are not Dow employees as follows:

- Board Service \$45,000 annually
- Each Board Committee \$8,000 annually
- Each Committee Chairmanship \$8,000 annually

Nonemployee Directors receive a one-time grant of 4,500 shares of the Company's common stock, subject to certain transfer restrictions specified by the Compensation Committee. Mr. Ringler received a grant in February 2001.

DEFERRED COMPENSATION PLAN

Edgar Filing: DOW CHEMICAL CO /DE/ - Form DEF 14A

Nonemployee Directors may elect, prior to the start of any Board year (from election or from the Annual Meeting to the next Annual Meeting), to have all or part of their fees credited to a deferred compensation account. At the election of the Director, this may be a cash account or an account in units based on the value of Dow common stock. Amounts credited to the Director's account will accrue interest either equivalent to 125 percent of the 120-month rolling average of the ten-year U.S. Treasury Note determined on September 30 of the preceding year, or amounts equivalent to dividends paid on Dow common stock. Such deferred amounts will be paid in installments at the election of the Director, commencing on the July 15 following the Director's termination of Board membership, on the following July 15 or on July 15 of the calendar year following the Director's 70th birthday. If the Director remains on the Board beyond his or her 70th birthday, payments shall start on the July 15 following termination of Board membership.

OPTION GRANTS

Nonemployee Directors may receive grants of ten-year nonqualified market-priced options for the purchase of Dow common stock. Such grants may be made once every five years, for the ten-year duration of the Option Plan. All options are subject to a three-year incremental vesting schedule. The size of the option grants is determined by a fixed formula based on the then current annual retainer and price of Dow common stock, and grants are contingent upon the Director owning increasingly larger amounts of Dow stock.

To be eligible to receive the third and final grant in 2004, Directors who received both prior grants under the Option Plan must hold 7,500 Dow shares; one prior grant, 6,000 Dow shares; and new grantees, 4,500 Dow shares, holding such shares for at least a year prior to the grant date.

STOCK INCENTIVE PLAN

As a substitute for a nonemployee Directors' pension plan discontinued at the end of 1997, the Company has established a nonemployee Directors' stock incentive plan. It provides annual grants of ten-year non-qualified market-priced stock options, that vest after completion of five years of Board service. However, no options may be exercised earlier than one year from the date of grant. The number of options granted to each eligible nonemployee Director is determined according to a fixed formula that calculates 45 percent of the prior year's average annual retainer and fees for nonemployee Directors. This value is then divided by the product of the Black-Scholes valuation of a ten-year option and the market price of Dow stock on the date of grant. In 2000, each nonemployee Director received an option grant for the purchase of 3,450 shares of Dow common stock.

OTHER INFORMATION

FUTURE STOCKHOLDER PROPOSALS

If you wish to submit a proposal to be considered for inclusion in the proxy material for next year's Annual Meeting, please send it to the Office of the Corporate Secretary.* Under the rules of the Securities and Exchange Commission, proposals must be received no later than November 21, 2001.

NOMINATIONS FOR DIRECTOR

The Committee on Directors will continue its long standing practice of accepting stockholders' suggestions of candidates to consider as potential Board members, as part of the Committee's periodic review of the size and composition of the Board and its committees. Such recommendations may be sent to the Committee on Directors through the Office of the Corporate Secretary.*

Under the Company's Bylaws, stockholders wishing to formally nominate a person for election as a Director at the next Annual Meeting must notify the Office of the Corporate Secretary* between November 21, 2001, and January 20, 2002. Such notices must comply with the provisions set forth in the Bylaws. A copy of the relevant provisions of the Bylaws will be sent without charge to any stockholder who requests it in writing. Such requests should be addressed to the Office of the Corporate Secretary.*

NOTIFICATION OF FUTURE ANNUAL MEETING BUSINESS

Under the Company's Bylaws, if you wish to raise items of proper business at an Annual Meeting you must give advance written notification to the Office of the Corporate Secretary.* For the 2002 Annual Meeting, written notice must be given between November 21, 2001, and January 20, 2002. Such notices must comply with the Bylaws provisions and include your name and address, representation that you are a holder of common stock entitled to vote at such Meeting and intend to appear in person or by proxy at the Meeting, disclosure of any material interest in such business, description of the business proposed, and the reasons for conducting such business. A copy of the relevant provisions of the Bylaws will be sent without charge to any stockholder who requests it in writing. Such requests should be addressed to the Office of the Corporate Secretary.*

ADDITIONAL INFORMATION AVAILABLE

Dow's Proxy Statement and Annual Report are posted on Dow's website: <http://www.dow.com> in both HTML and PDF formats. The annual report on Form 10-K is also available on the website. Printed copies of each of these documents will be sent without charge to any stockholder sending a written request to Dow's stock transfer agent: EquiServe, P.O. Box 43016, Providence, RI 02940-3016.

OTHER MATTERS

The Board does not intend to present any business at the Meeting not described in this Proxy Statement. The enclosed proxy voting form confers upon the persons designated to vote the shares represented thereby discretionary authority to vote such shares in accordance with their best judgment with respect to all matters

Edgar Filing: DOW CHEMICAL CO /DE/ - Form DEF 14A

that may come before the Meeting in addition to the scheduled items of business, including any stockholder proposal omitted from the Proxy Statement and form of proxy, pursuant to the proxy rules of the Securities and Exchange Commission, and matters incident to the conduct of the Meeting. At the time this Proxy Statement went to press, the Board of Directors was not aware of any other matter that may properly be presented for action at the Meeting, but the enclosed proxy form confers the same discretionary authority with respect to any such other matter.
