To the Pension and Employee Benefit Committee of Engelhard Corporation:

We have audited the accompanying statement of net assets available for benefits of the Salary Deferral Savings Plan of Engelhard Corporation (the "Plan") as of December 31, 2001 and the related statement of changes in net assets available for benefits for the year ended December 31, 2001. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits as of December 31, 2001, and the changes in net assets available for benefits for the year ended December 31, 2001, in conformity with accounting principles generally accepted in the United States.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2001 and reportable transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements, and in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The following audit opinion is a copy of the opinion issued by Arthur Andersen LLP on June 26, 2001. This opinion has not been reissued by Arthur Andersen LLP. These financial statements and the supplemental schedule referred to below are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements and schedules based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits as of December 31, 2000 and 1999, and the changes in net assets available for benefits for the year ended December 31, 2000, in conformity with accounting principles generally accepted in the United States.

Notes to Financial Statements

Note 1 - Description of the Plan

The Salary Deferral Savings Plan of Engelhard Corporation (the "Plan"), effective September 1, 1989, is designed to provide eligible employees of Engelhard Corporation (the "Company") an opportunity to save part of their earnings by having the Company reduce their compensation and contribute the amount of the reduction to the Plan on a tax deferred and/or post-tax basis.

The following plan description provides only general information. Participants of the Plan should refer to the Plan Document for a more complete description of plan provisions.

Eligibility

-----

Except as specifically included or excluded by the Board of Directors of the Company (the "Board"), United States salaried employees of the Company and its wholly-owned (directly or indirectly) domestic subsidiaries and all non-collectively bargained hourly employees are eligible to participate in the Plan.

Contributions

-----

The Plan permits eligible employees participating in the Plan the opportunity to defer on a pretax basis up to 15 percent of their compensation, as defined, subject to certain restrictions and limitations, and to have that amount contributed to the Plan. Employees may also contribute, subject to certain restrictions and limitations, up to 10 percent of compensation to the Plan on a post-tax basis (see also note 8 for amendment to plan effective January 1, 2002).

Matching Contributions

-----

The Company will contribute, on a monthly basis, subject to certain limitations and exclusions, either cash or common stock of the Company in an amount equal to 50 percent of the first 6 percent contributed by the Participants. Participants must have completed one year of service to be eligible for a matching contribution.

Investments

-----

All contributions to the Plan are held and invested by Vanguard Fiduciary Trust Company (the Trustee). The Trustee maintains the following fifteen separate investment funds within the Plan:

Edgar Filing: ENGELHARD CORP - Form 11-K

- e) The Balanced Fund (Vanguard Asset Allocation Fund).
- f) The Equity Index Fund (Vanguard Growth and Income Fund).

- m) The International Growth Fund (Vanguard International Growth Fund).
- n) The Life Strategy Income Fund (Vanguard Life Strategy Income Fund).
- o) The Short-Term Bond Fund (Vanguard Short-Term Corporate Fund).

Participants have the right to elect, subject to restrictions, the investment fund or funds in which their contributions are invested. All matching contributions are initially invested in the Company Stock Fund. The Participants matching contributions are initially restricted and become unrestricted at the rate of 25 percent per year. Once unrestricted, funds may be moved to one of the other investment funds.

Included in the Statement of Net Assets Available for Benefits are non-participant directed funds that are included in the Company Stock Fund. These amounts represent the restricted portion of the employee matching contribution. The following describes the change in the balance during the year ended December 31, 2001.

### Participant Accounts

-----  
Each participant's account is credited with the participant's contributions and allocations of (a) the Company Contributions and (b) plan earnings including realized gains/losses, unrealized appreciation/depreciation, and an allocation of fund expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

8

### Vesting

-----  
Participants at all times have a fully vested and non-forfeitable interest in their contributions and in the matching contributions allocated to their account.

### Loan Provision

-----  
Participants may borrow from their Fund accounts a minimum of \$1,000 up to a maximum equal to 50% of their Fund balance or \$50,000, whichever is less. The loans are secured by the balance in the Participant's accounts and bear interest at a reasonable rate as determined by the Company in accordance with applicable laws and regulations. Principal and interest is paid ratably through monthly payroll deductions. Loans are generally five years in duration unless the loan is for the purchase of a primary residence in which case the term can be up to ten years.

### Plan Termination

-----  
Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA.

### Distributions and Withdrawals

-----  
Upon termination of employment, as provided in the Plan Document, participants generally have the option of taking a distribution, rolling the balance over into another qualified plan, or leaving the money in the plan until retirement. After-tax contributions may be withdrawn at any time however the earnings on the contribution will be subject to current income taxes as well as a penalty for early withdrawal unless the Participant has reached the age of 59 1/2. All distributions are made in the form of cash except the balance in the Engelhard Company Stock Fund which may be made in the form of shares at the Participant's discretion.

The Plan under certain circumstances permits hardship withdrawals. The hardship withdrawals are only made in accordance with IRS guidelines and must be approved in advance by the Employee Benefit Plans Administrative Committee.

### Note 2 - Accounting Policies

The accounts of the Plan are maintained on an accrual basis. Purchases and

## Edgar Filing: ENGELHARD CORP - Form 11-K

sales of investments are reflected on a trade date basis. Assets of the Plan are valued at fair value. Gains and losses on distributions to Participants and sales of investments are based on average cost.

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

The Plan provides for various investment options in any combination of stocks or mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in market value in the near term would materially affect Participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

9

### Note 3 - Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated February 28, 1996, stating that the Plan is qualified under Section 401 (a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Subsequent to this issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

### Note 4 - Administrative Expenses

Expenses are incurred at either the fund level or the Plan level. All expenses incurred by the fund (commissions, management fees, etc.) are paid out of investor assets and are therefore netted in unrealized appreciation/depreciation of investments in the statement of changes in net assets available for benefits. Loan administration expenses are included in other expenses in the statement of changes in net assets available for benefits. Commissions on the purchase of Engelhard Corporation stock incurred when such purchases are made in the stock market are netted in unrealized appreciation/depreciation of investments in the statement of changes in net assets available for benefits. The Company pays all other plan administrative expenses.

### Note 5 - Concentrations of Credit Risk

Investments in securities are generally exposed to various risks, such as interest rate, credit, and overall market volatility risks. Financial instruments which potentially subject the plan to concentration of credit risk consist principally of investments in the Engelhard Corporation Stock Fund. The plan limits the concentration of credit risk by allowing participants, subject to the lapsing of restrictions, the opportunity to invest in an array of mutual funds offered by the Vanguard Group.

### Note 6 - Investments

Investments in the common stock of the Company are valued at the readily-available, quoted market price as of the valuation date and investments

## Edgar Filing: ENGELHARD CORP - Form 11-K

in Vanguard Funds are valued based on the quoted net asset value (redemption value) of the respective investment fund as of the valuation date.

Investments that represent more than 5% or more of fair value of the Plan's net assets are as follows:

Investments	2001	2000
-----	-----	-----
Engelhard Corporation Company Stock Fund	\$ 59,201,120	\$ 54,062,664
Fixed Income Fund (Retirement Savings Trust)	38,638,981	27,587,279
Growth Fund (Windsor Fund)	29,237,340	24,114,366
Balanced Fund (Asset Allocation Fund)	13,948,093	14,312,032
Equity Index Fund (Growth and Income Portfolio)	19,719,141	20,660,370
Prime Cap Fund	14,317,977	16,113,585
U.S. Growth Fund	-	10,343,902

10

### Note 7 - Related Party Transactions

For the 2001 plan year, the Company transferred 122,114 treasury stock shares (representing a contribution dollar amount of \$3,092,278) to Vanguard to fund the employer match. The number of shares transferred each month represented the employer matching contribution divided by the closing market price on the day the contribution was remitted.

### Note 8 - Plan Amendments

The plan was amended in December of 2001 to reflect certain provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA). Among the more significant changes to the plan were the following:

- \* Changed the limit of employee pretax contributions from a maximum of 15% of salary to 100% of salary subject to certain plan limitations.
- \* Increased the compensation limit in determining after tax contributions and IRC 415 limits to the plan from \$170,000 to \$200,000.
- \* Allows catch-up contributions for those 50 and over by the end of the plan year. These catch up contributions allow participants to contribute an additional \$1,000 per year.

EGTRRA provides for the above amounts to be indexed each year as specified in the legislation. These amendments are effective for plan years beginning after December 31, 2001. The full context of these provisions is described in the plan document and summary plan description.
