**Report of Independent Registered Public Accounting Firm**

Employee Benefit Administrator Committee  
IntegrYS Energy Group, Inc.

We have audited the accompanying statement of net assets of Peoples Energy Corporation Employee Capital Accumulation and Thrift Trust and trust balances (the Trust) as of December 31, 2006, and the related statement of changes in net assets and trust balances for the year then ended. These financial statements are the responsibility of the Trust's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Trust and trust balances as of December 31, 2005 were audited by other auditors whose report dated April 6, 2006 expressed an unqualified opinion on those statements.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets of Peoples Energy Corporation Employee Capital Accumulation and Thrift Trust and trust balances as of December 31, 2006, and the changes in its net assets and trust balances for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying statements are those of Peoples Energy Corporation Employee Capital Accumulation and Thrift Trust, which is established under Peoples Energy Corporation employee Capital Accumulation Plan and Peoples Energy Corporation Employee Thrift Plan; the statements do not purport to present the financial status of Peoples Energy Corporation Employee Capital Accumulation Plan and Peoples Energy Corporation Employee Thrift Plan. The statements do not contain certain information on accumulated plan benefits and other disclosures necessary for a fair presentation of the financial status of Peoples Energy Corporation Employee Capital Accumulation Plan and Peoples Energy Corporation Employee Thrift Plan in conformity with accounting principles generally accepted in the United States of America. Furthermore, these statements do not purport to satisfy the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 relating to the financial statements of employee benefit plans.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held for investment at December 31, 2006 and reportable transactions for the year ended December 31, 2006 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plans' management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**PEOPLES ENERGY CORPORATION  
EMPLOYEE CAPITAL ACCUMULATION AND THRIFT TRUST  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2006 and 2005**

**NOTE 1 – ESTABLISHMENT OF THE TRUST**

The Peoples Energy Corporation Employee Capital Accumulation and Thrift Trust (the Trust) was established to accumulate contributions and income thereon to be used to provide benefits under the Peoples Energy Corporation Employee Capital Accumulation Plan and the Peoples Energy Corporation Employee Thrift Plan (the Plans). The Northern Trust Company (Northern Trust) serves as Trustee for the Trust.

Peoples Energy Corporation (the Company) has received favorable determination letters for the Plans which entitle the Trust to exemption from Federal income tax liability. The Plans are subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is as follows:

**a. Basis of Accounting**

The accompanying statements were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

**b. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results could differ from those estimates.

**c. Payment of Benefits**

Benefits are recorded when paid.

**d. Administrative Expenses and Fees**

The Plans' participants, through reduced earnings, pay recordkeeping, trustee, and investment management fees. During 2006 and 2005, such fees amounted to \$228,839 and \$222,551, respectively. The Company provides certain accounting and management services to the Plans at no cost. These services include audit fees, legal fees, and time provided by Company employees. Costs borne by the Company have been excluded from the accompanying financial statements since they were not paid from Trust assets. Accrued expenses at December 31, 2006 and 2005 of \$18,593 and \$18,967, respectively relate to the normal monthly invoices charged by the trustee and the record keeper.

**PEOPLES ENERGY CORPORATION  
EMPLOYEE CAPITAL ACCUMULATION AND THRIFT TRUST  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2006 and 2005**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**e. Participant Accounts**

The underlying assets for each participant's account are maintained at the Trust level. Each participant's record is maintained at the Plan level and is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**f. Recognition of Investment Gains and Losses**

Purchases and sales of securities are accounted for on a trade-date basis. Dividends are recorded on the ex-dividend date. At the time the investments are sold, the difference between the original cost (computed on an average cost basis) and the proceeds received are recorded as a realized gain or loss in the financial statements.

The unrealized appreciation or depreciation of investments held at the end of the year represents the change in the market value of the investments from the beginning of the Plan year (or date the investments were purchased, if later) to the end of the Plan year.

**g. Investments**

Investments are included in the accompanying statements of net assets at fair market value as of the financial statement dates. Securities traded on security exchanges are valued at the closing price on the day of valuation, except for such securities included in the Northern Trust Global Investments (NTGI) Collective Fund Investment Trust for Employee Benefit Plans, which are valued at the closing net asset value on the day of valuation. Short-term credit investments (corporate notes) are valued at cost, which approximates market. Participant loans are valued at their outstanding balances, which approximate fair value.

**Report of Independent Registered Public Accounting Firm**

Employee Benefit Administrator Committee  
Integrys Energy Group, Inc.

We have audited the accompanying statement of net assets available for plan benefits of Peoples Energy Corporation Employee Capital Accumulation Plan (the Plan) as of December 31, 2006, and the related statement of changes in net assets available for plan benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Plan as of December 31, 2005 were audited by other auditors whose report dated April 6, 2006 expressed an unqualified opinion on those statements.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of Peoples Energy Corporation Employee Capital Accumulation Plan as of December 31, 2006, and the changes in its net assets available for plan benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

EMPLOYEE CAPITAL ACCUMULATION PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**DECEMBER 31, 2006 and 2005**

**NOTE 1 - DESCRIPTION OF PLAN**

**a. General**

The following is a brief description of the Peoples Energy Corporation Capital Accumulation Plan (the Plan). More complete information may be found in the plan document.

The Plan is a defined contribution plan and covers those employees of Peoples Energy Corporation and subsidiary companies who are not covered by a collective bargaining agreement. Subsidiary companies include The Peoples Gas Light and Coke Company, North Shore Gas Company, Peoples Energy Resources Corporation, Peoples Energy Services Corporation (PESC) and Peoples Energy Production. The effective date of the Plan is January 1, 1977. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In 2005 the Plan was amended to reduce from \$5,000 to \$1,000 the maximum participant balance subject to automatic lump-sum distribution upon termination of service.

**b. Contributions**

Employees are eligible to participate in this plan immediately upon employment. Participants may elect to make contributions and designate such amounts as tax deferred contributions, after tax contributions or a combination of both. For participant contributions of up to 6% of their regular rate of pay, the employer contributes a matching amount equal to 60% (100% for PESC participants) of the employee's regular contributions. The employer matching contributions are invested in the same manner that the employee contributions are invested. Participants may also elect to make additional contributions (supplemental contributions) of up to 10% of their regular rate of pay; these contributions are not matched by the employer. Participants age 50 years and older are allowed to contribute an additional pre-tax catch-up contribution according to Internal Revenue Service (IRS) guidelines and the Economic Growth and Tax Relief Reconciliation Act of 2001 provisions. Participants may also contribute amounts representing rollovers from other qualified defined benefit or defined contribution plans.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers the following eleven investment options: Money Market Fund; Short Term Bond Fund; Bond Fund; Balanced Fund; S&P 500 Equity Fund; S&P 500 Growth Fund; S&P 500 Value Fund; MidCap Equity Fund; Small Cap Equity Fund; Foreign Equity Fund; and Company Stock Fund. Effective February 21, 2007, participants are no longer able to direct contributions into the Company Stock Fund.

**NOTES TO FINANCIAL STATEMENTS**

**DECEMBER 31, 2006 and 2005**

**NOTE 1 - DESCRIPTION OF PLAN (Continued)**

**c. Participant Accounts**

Each participant's account is maintained in the Plan and is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**d. Participant Loans**

Active participants are permitted to elect to take up to two loans from their accounts. Participants may borrow from their fund accounts from a minimum of \$500 to a maximum of the lesser of (a) \$50,000 less the highest outstanding loan balance for one year preceding such loan or, (b) one half of the value of the vested balance in their account as of the last day of the month preceding the loan application date. Loans may be for five years for non-residential loans or up to 15 years for residential loans. The loans are secured by balances in the participant's accounts and bear interest equal to the prime rate on the first day of the month in which the loan was applied for, plus 1 percentage point.

**e. Vesting**

Participants are fully vested in their own contribution account and their rollover account at all times and become fully vested in the employer's contribution account at the earlier of (a) completion of at least 104 participation periods, as defined in the Plan, or (b) termination of service after attaining age 55 or by reason of death, retirement or total disability. Participants with less than 104 participation periods completed are deemed to be 25, 50 or 75 percent vested in the employer's contribution account based on the number of completed participation periods.

**f. Payment of Benefits**

For termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a 15-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

**g. Distributions**

Each participant whose employment with all employers is terminated is entitled to a distribution of the entire balance in his or her account and the vested portion of the employer contribution account within 90 days after termination, unless the employee elects to defer the distribution under the terms of the Plan. Active participants are permitted to elect in-service and retirement planning withdrawals under the Plan provisions.

**DECEMBER 31, 2006 and 2005**

**NOTE 1 - DESCRIPTION OF PLAN (Continued)**

**h. Forfeited Accounts**

In 2006 and 2005 forfeited non-vested accounts totaled \$64,324 and \$120,247, respectively. These accounts would have been or will be used to reduce employer contributions to the Plan.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements is as follows:

**a. Basis of Accounting**

The accounts of the Plan are maintained on the accrual basis of accounting. Reference is made to the separate Statements of Net Assets Held in Trust and accompanying notes of the Peoples Energy Corporation Employee Capital Accumulation and Thrift Trust (the Trust) for further information on the accounting for Trust investments and transactions.

**b. Trust Expenses**

The cost of recordkeeping, trustee, and investment management services are allocated to Plan participants based upon account balances. Such allocated costs are paid by participants through reduced investment earnings. Peoples Energy Corporation provides certain administrative and accounting services to the Plan at no cost and also pays the cost of services provided to the Plan by the independent auditors.

**c. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results could differ from those estimates.

**d. Contributions**

Employee contributions become payable to the Plan on the pay date on which the contribution is deducted from the employee's pay.

The employer contribution is required to be paid to the Trust during or as soon as possible after the end of each month as is reasonably practicable.

**PEOPLES ENERGY CORPORATION  
EMPLOYEE CAPITAL ACCUMULATION PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**DECEMBER 31, 2006 and 2005**

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**e. Investment Policy and Allocation of Earnings on Investments**

Contributions received by the Plan are invested the same day by the Trust maintained by The Northern Trust Company into each participant's account. Earnings are posted daily to each such account.

**f. Interest in the Trust**

Funds received by the Plan are invested by the Trust maintained by Northern Trust. The funds in the Plan are commingled with the funds of the Peoples Energy Corporation Employee Thrift Plan to obtain the economies available when larger amounts are available for investment. Reference is made to the Trust separate statements of net assets and accompanying notes for further information.

At December 31, 2006 and 2005, the Plan's interest in the net assets of the Trust was approximately 63% for each of the years.

**NOTE 3 - TERMINATION OF PLAN**

The Plan may be terminated at any time by the Company. In the event of such termination, the interest of all participants becomes fully vested and no part of any such participant's accounts shall be thereafter forfeited for any reason whatsoever. Presently, there is no intention on the part of the Company to terminate the Plan or to discontinue contributions to the Plan.

**NOTE 4 - TAX STATUS**

The Plan received a favorable determination letter from the IRS dated June 27, 2002 qualifying the Plan for exemption from income taxes under the Internal Revenue Code, as the Plan was then designed. The Plan has been amended since receiving the determination letter; however, the Company and the Plan's ERISA counsel believe that the Plan is designed and is currently being operated in compliance with applicable regulations of the Internal Revenue Code.

**NOTE 5 – RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities through its interest in the Peoples Energy Corporation Employee Capital Accumulation and Thrift Trust. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the Trust investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets.

**NOTES TO FINANCIAL STATEMENTS**

**DECEMBER 31, 2006 and 2005**

**NOTE 6 – SUBSEQUENT EVENT**

On February 21, 2007, the merger between WPS Resources and Peoples Energy Corporation was consummated. In connection with the merger, WPS Resources changed its name to Integrys Energy Group, Inc. Effective with the merger, the plan sponsor is changed from Peoples Energy Corporation to Integrys Energy Group, Inc. and the plan administrator is changed from the Peoples Energy Corporation Retirement & Benefit Plans Committee to the Integrys Energy Group, Inc. Employee Benefit Administrator Committee.

Effective with the date of the merger, February 21, 2007, participants are no longer able to direct contributions into the Company Stock Fund.

**Report of Independent Registered Public Accounting Firm**

Employee Benefit Administrator Committee  
IntegrYS Energy Group, Inc.

We have audited the accompanying statement of net assets available for plan benefits of Peoples Energy Corporation Employee Thrift Plan (the Plan) as of December 31, 2006, and the related statement of changes in net assets available for plan benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Plan as of December 31, 2005 were audited by other auditors whose report dated April 6, 2006 expressed an unqualified opinion on those statements.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of Peoples Energy Corporation Employee Thrift Plan as of December 31, 2006, and the changes in its net assets available for plan benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The following is a brief description of the Peoples Energy Corporation Employee Thrift Plan (the Plan). More complete information may be found in the plan document.

The Plan is a defined contribution plan and includes those employees of the subsidiaries of Peoples Energy Corporation who are covered by a collective bargaining agreement which makes the Plan applicable to such employees. Subsidiary companies include The Peoples Gas Light and Coke Company and North Shore Gas Company. The effective date of the Plan is January 1, 1977. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). For participant contributions of up to 6% of their regular rate of pay, the employer contributes a matching amount equal to 60% of the employee's regular contributions.
