#### Committees of the Board of Directors

To assist in its governance, our board has formed three standing committees composed entirely of independent directors: Audit, Compensation, and Nominating and Corporate Governance. A discussion of each committee's function is set forth below. Each of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee has a written charter. The charters are available on our website at [www.millerenergyresources.com](http://www.millerenergyresources.com). Messrs. Miller, Boruff, Hall, and Voyticky, who are not independent directors, are not members of any committee of our Board of Directors. Information concerning the current membership and function of each committee is as follows:

Audit Committee. The Audit Committee assists the board in fulfilling its oversight responsibility relating to:

- the integrity of our financial statements;
- our compliance with legal and regulatory requirements;
- the qualifications, independence, and performance of our independent registered public accountants; and

## ITEM 11. EXECUTIVE COMPENSATION COMPENSATION DISCUSSION AND ANALYSIS

The following discussion and analysis of compensation arrangements of our named executive officers should be read together with the compensation tables and related disclosures set forth below. This discussion contains forward-looking statements that are based on our current plans, as well as considerations, expectations and determinations regarding future compensation programs. Actual compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

This Compensation Discussion and Analysis provides information about the fiscal 2013 and fiscal 2014 compensation programs for our fiscal 2013 named executive officers, including:

• Scott M. Boruff, Chief Executive Officer, our principal executive officer;  
• David J. Voyticky, President and Acting Chief Financial Officer, our principal financial officer;  
• Deloy Miller, our Executive Chairman and former Chief Operating Officer (until July 2013);  
• David M. Hall, our Chief Operating Officer (since July 2013) and the Chief Executive Officer of Cook Inlet Energy;  
and  
• Kurt C. Yost, our Senior Vice President and General Counsel.

### I. Our Decision Making Climate: Fiscal 2013 Corporate Performance

During fiscal 2013, we continued work to restore previously producing wells in Alaska and launched our horizontal drilling program in Tennessee. Our revenues declined by 2% to \$34.8 million compared to \$35.4 million in the previous fiscal year, which was primarily due to RU-7 being offline due to a pump failure and related workover, a normal decline curve from our WMRU field, and fluctuations in our shipping schedules. Total net production, excluding natural gas produced and used as fuel gas, was 317,606 barrels of oil equivalent (“BOE”) in fiscal 2013 compared to 371,874 BOE for fiscal 2012.

We also completed the installation of Rig-35 on the Osprey platform, and have used it to bring online two gas wells, RU-3 and RU-4, and to replace the ESP in RU-7. Subsequent to our fiscal year end, we completed our first sidetrack with Rig-35, our RU-2A oil well, which showed a 21-day initial production of 1,314 boe/d. In addition, on August 17, 2013, we completed our second sidetrack of the RU-1 well with Rig 35. Our RU-1 sidetrack has produced more than 700 boe/d of oil since coming online. These wells have more than doubled our production since April 30, 2013.

We refinanced our \$100 million credit facility with a new facility with Apollo Investment Corporation at a lower cost of funds than our previous facility and with a larger initial borrowing base of \$55 million.

We also raised funds through our newly designated Series B and Series C Preferred Stock. Our Series C Preferred Stock is listed on the NYSE under the symbol “MILLprC.”

We added personnel to our corporate team to improve our financial reporting and internal controls. In particular, we added two new executive officers to lead our Legal and Financial Reporting teams.

### II. Compensation Philosophy

#### Objectives, Elements, Design

Miller Energy has seen significant growth and change in the past four fiscal years. Because of this growth, our compensation program has evolved during this time. The objectives of our compensation program are to attract, motivate, and retain the key executives who drive our success and industry leadership. Early in fiscal 2014, our

Compensation Committee reviewed our executive compensation program and made recommendations to assist the Compensation Committee in the negotiation of new employment agreements, taking effect for our 2014 fiscal year and expiring on July 28, 2014, with Messrs. Boruff and Voyticky. These agreements also formed the basis of new contracts with our other named executives, Messrs. Miller, Hall and Yost.

Our Compensation Committee reviews the effectiveness and competitiveness of these packages on an ongoing basis, and considered the results of the "Say-On-Pay" vote at our April 3, 2012 shareholder meeting in its latest review. Our shareholders voted to approve the executive compensation program at that meeting, and accordingly, the Compensation Committee has continued to consider the same elements of compensation in our executive compensation program.

Each named executive officer's compensation package is comprised of the following elements:

- Base salary
- Incentive-based bonus
- Long term stock-based incentives
- Other benefits, including health and life insurance, or car allowances or use of a company vehicle.

Our compensation program is designed to meet our objectives of attracting, motivating and retaining our named executive officers through a compensation package that:

- provides competitive total compensation including stock-based compensation, encouraging our executive officers to act as owners with an equity stake in Miller Energy;
- provides a significant portion of total compensation linked to performance that we believe will create long-term shareholder value;
- differentiates rewards based on the executive officer's contributions to our performance;
- enhances retention by having a significant percentage of executive officer total compensation subject to multi-year vesting; and
- does not encourage unnecessary and excessive risk taking.

This program is designed to reward our named executive officers for performance that is in the best interest of our shareholders and meets the specific goals for each named executive officer set by the Compensation Committee each year. It also incentivizes our named executive officers to continue their employment with us, and encourages them to think long term with respect to the company's development and operations.

Generally, the Compensation Committee meets during the first quarter of the fiscal year to determine whether to award incentive compensation awards for the fiscal year that has just been completed. At that meeting, base salaries and long term stock-based incentive awards are usually considered. Bonuses and incentive stock grants were considered in the context of our fiscal 2013 performance were determined in a meeting in June 2013, with compensation packages for the 2014 fiscal year to be determined later.

This year, the Compensation Committee determined that it would be appropriate to not automatically renew Mr. Boruff's and Mr. Voyticky's employment agreements and to instead engage in a thorough review and renegotiation of those agreements. Due to the nature of this task, a series of meetings were held from May through July, 2013. New employment contracts for our named executives were discussed, negotiated, and drafted in several meetings in July 2013.

#### Benchmarking: Peer Companies

We compete with other independent oil and gas exploration companies and small and mid-market capitalization U.S. companies for senior executive talent. While each executive's salary and other terms of his compensation are negotiated individually upon hire and periodically over the course of employment, we try to establish similar terms across our executives' compensation packages. Seeking to hire and to retain exceptional talent, we do try to keep our compensation packages in line with the top 80% of companies within the oil and gas exploration markets, though the Compensation Committee has decided to make exceptions where it believed warranted in its business judgment. In fiscal 2011, we reviewed the market competitiveness of our executive compensation relative to industry peers in order to provide a baseline for our named executive officers' compensation, which is reflected in each executive employment agreement. The following list identifies the companies the Compensation Committee included in this peer group during the review in fiscal 2011:

Abraxas Petroleum Corp., Approach Resources, Inc., ATP Oil & Gas Corp., Berry Petroleum Co., Bill Barrett Corp., BPZ Resources, Inc., Breitburn Energy Partners L.P., CAMAC Energy Inc., Carrizo Oil & Gas Inc., Clayton Williams Energy Inc., Comstock Resources Inc., Contango Oil & Gas Co., Delta Petroleum Corp., Dorchester Minerals LP, Encore Energy Partners LP, Endeavour International Corporation, Energy Partners Ltd., EV Energy Partners LP, FX Energy Inc., GeoResources, Inc., Goodrich Petroleum Corp., Gulfport Energy Corp., Harvest Natural Resources Inc., Houston American Energy Corp., Hyperdynamics Corporation, Kodiak Oil & Gas Corp., Legacy Reserves Lp, Magnum Hunter Resources Corp., McMoRan Exploration Co., North European Oil Royalty Trust, Northern Oil and Gas, Inc., Panhandle Oil and Gas Inc., Penn Virginia Corp., Petroleum Development Corporation, PetroQuest Energy Inc., Resolute Energy Corporation, Rex Energy Corporation, Rosetta Resources, Inc., Stone Energy Corp., Swift Energy Co., TransAtlantic Petroleum Ltd., Vaalco Energy Inc., Vanguard Natural Resources, LLC, Venoco, Inc., W&T Offshore Inc., Warren Resources Inc.

These companies were selected by the Compensation Committee to represent a broad selection of oil and gas exploration and development companies comparable in market capitalization and overall risk profile to our company.

We entered into new employment agreements with our named executive officers subsequent to the end of fiscal 2013. We considered the market competitiveness of our executive compensation relative to industry peers in order to provide a baseline for our named executive officers' compensation, but also considered the groundwork laid by those named executives in prior years.

The following list identifies the companies the Compensation Committee included in this peer group during the latest review, in line with the Compensation Committee's focus on small and mid-capitalization oil and gas exploration companies:

Abraxas Petroleum Corp., Bill Barrett Corp., BPZ Resources, Inc., Callon Petroleum Company, Comstock Resources Inc., Contango Oil & Gas Co., Dune Energy, Inc., Emerald Oil, Inc., Endeavour International Corporation, Goodrich Petroleum Corp., Hyperdynamics Corporation, Northern Oil and Gas, Inc., Oasis Petroleum, Inc., Penn Virginia Corp., PetroQuest Energy Inc., Resolute Energy Corporation, SandRidge Energy, Inc., Stone Energy Corp., Swift Energy Co., Vaalco Energy Inc.

A subset of these companies was used by the Compensation Committee in reviewing Mr. Voyticky's compensation, as several of the peer companies did not have an officer in a role that was deemed readily comparable to his. That peer group included the following:

Bill Barrett Corp., BPZ Resources, Inc., Comstock Resources Inc., Dune Energy, Inc., Emerald Oil, Inc., Oasis Petroleum, Inc., PetroQuest Energy Inc., Resolute Energy Corporation, SandRidge Energy, Inc., Stone Energy Corp., Swift Energy Co.

#### Decision Making Process

The Compensation Committee sets and reviews the overall goals of our executive compensation program and the elements of the program, including the mix of cash and stock-based compensation and the mix of short-term and long-term compensation, to determine whether they are appropriate, properly coordinated, and achieve their intended purposes. From time to time, the Compensation Committee may make modifications or revisions to existing compensation plans and adopt new plans. Once the results of the previous fiscal year are available for review, which usually occurs in the first quarter of the subsequent fiscal year, the Compensation Committee meets for the purposes of:

- Designing our Compensation Program. Establishing the overall design and governance of our executive compensation program.
- Reviewing Performance for Prior Fiscal Year. Adjusting base salary and approving actual incentive awards based on each executive officer's performance for the just-completed fiscal year.
- Setting Compensation Opportunities for Current Fiscal Year. Determining future compensation targets and maximum awards for our executive officers for a fiscal year.

The following table depicts the roles of management, the Compensation Committee, and our Board of Directors in recommending or approving actions relating to the compensation of our executive officers.

## Risk-Limiting Factors

The Compensation Committee has determined that the structure of our compensation program for executive officers does not incentivize unnecessary or excessive risk taking. The base salary component of compensation does not encourage risk-taking because it is a fixed amount. The current incentive awards have the following risk-limiting characteristics:

### Fiscal 2013

Cash bonus awards to each executive officer for fiscal 2013 took into account the executive's base salary, performance, and whether the executive met specific goals set by the Compensation Committee, as well as operational progress made by the Company.

Awards are made based on a review of a variety of indicators of performance, thus diversifying the risk associated with any single indicator of performance.

### Fiscal 2014

Cash bonus awards to each executive officer for fiscal 2014 take into account the executive's base salary, performance, stock performance of Miller relative to peers, and whether the executive meets specific goals set by the Compensation Committee, such as compliance with legal, risk, safety, environmental and regulatory requirements, maintaining appropriate capitalization and cash flow for the Company, and avoiding excess leverage, achieving a minimum \$7.40 per share as stock price of April 30, 2014, and achieving a 5,000 barrels of oil equivalent per day minimum production level from February 1, 2014 to April 30, 2014.

Awards will be made based on a review of a variety of indicators of performance, thus diversifying the risk associated with any single indicator of performance.

The Board does not believe that the market currently recognizes the value of our infrastructure and mid-stream assets and potential reserves in Alaska in our stock price, and believes that as additional production comes online and the market recognizes the value of our infrastructure and mid-stream assets and potential reserves that the target prices tied to the vesting of certain options to our executive officers is achievable without unnecessary risk taking by the executive officers or the Company. In addition, the Board believes that the best way to align management's interests with those of our shareholders is to deliver a substantial portion of their compensation contingent on the achievement of certain share price points as the achievement of these targets benefits all shareholders.

The Compensation Committee has retained negative discretion with respect to the stock option grants and incentive cash bonuses resulting in their ability to determine that the executive officers may not receive the option grants or incentive cash bonuses if at the end of fiscal 2014 the Committee is not satisfied with their overall performance.

## III. Current Compensation: Base Salary and Annual Incentive Bonuses

### Base Salaries

A competitive base salary for each of our employees is essential to our ability to compete with other independent oil and gas exploration companies and small and mid-market capitalization U.S. companies in attracting and retaining senior executive talent. The Compensation Committee sets base salaries at hiring and reviews base salaries by considering the following:

The scope and complexity of the responsibilities of each position; the training, knowledge, and experience required to perform the job; the recruiting challenges and opportunities associated with the position; the risks and opportunities associated with hiring at the higher and lower ranges of the position skill sets; the expected autonomy of the job; and for current executives, the company-specific experience, seniority, performance, and compatibility; and

•The benchmarking process described above; and where applicable, industry or position specific surveys.

The Compensation Committee reviews base salaries annually, usually at the same time as the determination of incentive compensation bonuses.

For fiscal 2013, our named executive officers had the following annualized base salaries, established in prior agreements with these executives:

•Mr. Boruff - \$500,000

•Mr. Voyticky - \$475,000

Mr. Miller - \$205,000

Mr. Hall - \$205,000

Mr. Yost - \$175,000

Subsequent to the end of fiscal 2013, our named executive officers each received increases to their base salaries, resulting in the following annualized base salaries:

Mr. Boruff - \$795,000

Mr. Voyticky - \$750,000

Mr. Miller - \$375,000

Mr. Hall - \$375,000

Mr. Yost - \$300,000

The increases were effective as of July 17, 2013. The increases in base salary for the named executives were based on the Compensation Committee's determination that:

accomplishments in fiscal 2013 and prior fiscal years are expected to lead to significant gains in shareholder value in fiscal 2014 and beyond, including the expansion of operations and increases in production experienced in early fiscal 2014, management's obtaining financing necessary to drill our reserves, which has the potential to substantially increase production in FY 2014 and transform the Company, given the work needed on those capital raising and drilling/rework operations activity in FY 2014, the Board deemed it important to appropriately and fairly compensate and incentivize management, with respect to Mr. Voyticky, because his role in the Company is integral to the Company's operational results and capital raising efforts, more akin to a Co-CEO, with his having a substantial leadership role comparable to Mr. Boruff in his overall importance to the Company's business; the newly negotiated employment agreements each had a term of one-year without any automatic renewal or "evergreen" provision, and thus salaries could be adjusted downward in future periods if the expected gains were less than anticipated, in the course of the negotiating the fiscal 2014 compensation package, the named executive officers agreed to substantial conditions on all bonus and incentive awards, including a 5,000 barrel of oil equivalent production target and share price performance requirements in connection with receiving cash incentives and separate share price performance targets in connection with receiving long term incentives, each as more fully described below.

#### Incentive Compensation Bonuses

Following the end of fiscal 2012, the Compensation Committee devoted one of its meetings in the first quarter of fiscal 2013 to a comprehensive discussion of all executive officers' performance and long-term potential. The meeting was attended by the members of the Compensation Committee, Mr. Boruff, and Mr. Yost. The Compensation Committee also reviewed information prepared by our senior management that set forth each executive officer's historical earnings, the value of outstanding and unvested equity awards, current holdings of shares of Miller Energy common stock, any perquisites and benefits, and, if applicable, any potential severance payments and benefits. Based on its discussions at this meeting and recommendations from Mr. Boruff, the Compensation Committee established the target amount of each executive officer's incentive award for fiscal 2013 and any base salary adjustments for fiscal 2013 after considering an evaluation of the executive officer's performance for the just-completed fiscal year, as prepared and presented by Mr. Boruff. Mr. Boruff did not make recommendations on his own compensation.

The Compensation Committee also used the meeting to set compensation opportunities for our executive officers for fiscal 2013. The Compensation Committee established a framework which set forth a minimum revenue threshold and a target revenue goal, as well as a minimum adjusted earnings before interest, tax, depreciation, amortization, accretion, and other non-cash expenses such as equity related compensation, gains or losses on derivatives or other

assets and exploration expense (referred to as Adjusted EBITDA) threshold and a target Adjusted EBITDA goal.

These thresholds and goals were the same for each named executive officer. At a subsequent first quarter meeting, the Compensation Committee set specific individual performance metrics for Mr. Boruff and Mr. Voyticky. This framework established that the target incentive bonuses would be set at a percentage of each named executive officer's base salary. It further broke down how each metric would relate to the earning of a portion of the incentive bonus, as follows:

Named Executive officer	Percent of Salary	Revenue Metric	Adjusted EBITDA Metric	Performance Metrics
Mr. Boruff	100-300%	25	% 25	% 50% (up to \$1,000,000)
Mr. Voyticky	100-300%	25	% 25	% 50% (up to \$950,000)
Mr. Miller	100%	50	% 50	% —
Mr. Hall	100%	50	% 50	% —
Mr. Yost	35%	50	% 50	% —

Mr. Boruff's and Mr. Voyticky's performance metrics are discussed in more detail below. While the criteria set forth above give a clear roadmap to our named executive officers as to the specific goals the Compensation Committee expects them to achieve, the Compensation Committee also retained the discretion to award bonuses. This allows us to adjust actual compensation up or down to reward our named executive officers for timely adjustments to changing dynamics in the market, including work that cannot be anticipated in advance of the performance period.

#### Performance Review Process

At the end of our 2013 fiscal year, our named executive officers participated in a performance review process that led to decisions on the target size of their incentive awards for the past fiscal year, whether their base salaries should be increased, and whether they should remain in their position.

#### Chief Executive Officer

As described later in this Annual Report, we are a party to an employment agreement with Mr. Boruff. The compensation terms of this agreement include a base salary, an annual incentive opportunity, and grants of stock options which are contingent on shareholder approval of an increase in the number of shares available for grant under the 2011 Equity Compensation Plan ("2011 Plan"). Following the end of fiscal 2013, the independent members of our Board of Directors, led by the Lead Director (who was also then Chair of the Compensation Committee), evaluated Mr. Boruff's performance in achieving his performance objectives, which included financial, operational, and strategic metrics. Specifically, the Compensation Committee considered the company's revenues, Adjusted EBITDA, and performance of the company's stock on a percentage basis as measured against a slate of eight peer companies. The Compensation Committee had previously established a program under the terms of his employment agreement for Mr. Boruff to receive a bonus up to 300% of his base salary as follows:

Revenue Metric	Adjusted EBITDA Metric	Performance Metrics
Minimum Threshold: ½ of 25% of \$500,000 (target) = \$62,500	Minimum Threshold: ½ of 25% of \$500,000 (target) = \$62,500	Beat 5 of 8 peers: \$250,000
Target: 25% of \$500,000 = \$125,000	Target: 25% of \$500,000 = \$125,000	Beat 6 of 8 peers: \$500,000
2x Target: 25% of \$1,000,000 = \$250,000	2x Target: 25% of \$1,000,000 = \$250,000	Beat 7 or 8 peers: \$750,000
		Beat 8 of 8 peers: \$1,000,000

The Compensation Committee, after meeting in executive session to consider Mr. Boruff's performance, awarded Mr. Boruff certain incentive compensation for the just-completed fiscal year as described below.

In order to earn the revenue component of Mr. Boruff's bonus, during fiscal 2013 the company would have needed to meet a minimum revenue threshold. The minimum revenue threshold was not met, and therefore no bonus for the revenue metric was awarded to Mr. Boruff.

In order to earn the Adjusted EBITDA component of Mr. Boruff's bonus, during fiscal 2013 the company would have needed to meet a minimum Adjusted EBITDA threshold. The minimum Adjusted EBITDA threshold was not met, and therefore no bonus for the revenue metric was awarded to Mr. Boruff.

In order to earn the performance component of Mr. Boruff's bonus, during fiscal 2013 the company's common stock would have needed to have outperformed the common stock of at least five of eight peers designated by the Compensation Committee. If our common stock outperformed the common stock of more than five peers, then the performance component of the bonus would increase as set forth above. The peer companies were selected by the Compensation Committee prior to the end of the first fiscal quarter of 2013. Those companies, along with the information considered by the Compensation Committee when the bonus metrics were applied, is set forth below:

## Peer Performance Comparison at April 30,

Company	Symbol	2013 Price	2012 Price	Price Change	MILL vs Peer Result
Abraxas Petroleum Corp	AXAS	\$2.24	\$2.98	-24.83	% Under perform
Callon Petroleum Company	CPE	3.58	5.81	-38.38	% Out perform
Emerald Oil, Inc. <sup>7</sup>	EOX	6.43	20.32	-68.36	% Out perform
SandRidge Energy, Inc.	SD	5.14	7.99	-35.67	% Out perform
Bill Barrett Corp.	BBG	19.86	23.98	-17.18	% Under perform
ATP Oil & Gas Corp.	ATPAQ	0.14	7.56	-98.15	% Out perform
Oasis Petroleum Inc.	OAS	34.23	33.07	3.51	% Under perform
PetroQuest Energy Inc.	PQ	4.28	6.04	-29.14	% Under perform
Miller Energy Resources, Inc.	MILL	3.80	5.43	-30.02	%

\*This peer was originally designated as Voyager Oil and Gas, Inc. (VOG), which acquired Emerald Oil on July 26, 2012. Voyager's 4/30/2012 stock price was \$2.54, while Emerald's was \$17.78.

The company's common stock did not outperform the common stock of five or more of its peers. However, in recognition of the company's operational progress late in fiscal 2013, the Compensation Committee used its discretion to award Mr. Boruff a bonus of \$500,000, and a restricted stock grant of 50,000 shares of our common stock which is contingent upon shareholder approval of an increase in the number of shares available for grant under the 2011 Equity Compensation Plan (the "2011 Plan"). Mr. Boruff also earned 50,000 shares of restricted stock as incentive compensation due to the fact that the fiscal 2013 gross revenue benchmark included in his employment agreement was achieved.

## Other Named Executive Officers

The Compensation Committee also assessed the performance of our other named executive officers. The performance of Mr. Voyticky, Mr. Miller, Mr. Hall, and Mr. Yost were evaluated as to the achievement of each of their performance objectives, which included financial, operational, and strategic metrics. For each named executive officer, the Compensation Committee considered the same revenue and Adjusted EBITDA metrics as set forth in the discussion above regarding Mr. Boruff's incentive compensation. Mr. Voyticky also had an additional metric considered, which was consistent with the performance metric for Mr. Boruff. In order for Mr. Voyticky to earn the performance component of his bonus, during fiscal 2013 the company's common stock would have needed to have outperformed the common stock of at least five of eight peers designated by the Compensation Committee.

## Mr. Voyticky

As described later in this Annual Report, we are a party to an employment agreement with Mr. Voyticky. The compensation terms of this agreement include a base salary, an annual incentive opportunity, and a grant of stock options which are contingent on shareholder approval. The Compensation Committee, after meeting with Mr. Boruff and discussing his recommendations, awarded Mr. Voyticky certain incentive compensation for the just-completed fiscal year as described below.

The Compensation Committee had previously established a program under the terms of his employment agreement for Mr. Voyticky to receive a bonus up to 300% of his base salary as follows:

Revenue Metric	Adjusted EBITDA Metric	Performance Metrics
Minimum Threshold: ½ of 25% of \$475,000 (target) = \$59,375	Minimum Threshold: ½ of 25% of \$475,000 (target) = \$59,375	Beat 5 of 8 peers: \$237,500

		Beat 8 of 8 peers: \$950,000

The revenue metric and Adjusted EBITDA metric which, if met, would have entitled Mr. Voyticky to certain incentive compensation were the same as those established for Mr. Boruff. As set forth above, neither the revenue metric nor the Adjusted EBITDA metric were met and Mr. Voyticky was not awarded any bonus in connection with those metrics.

In order to earn the performance component of Mr. Voyticky's bonus, during fiscal 2013 the company's common stock would have needed to have outperformed the common stock of at least five of eight peers designated by the Compensation Committee. If our common stock outperformed the common stock of more than five peers, then the performance component of the bonus would increase as set forth above. The peer companies were selected by the Compensation Committee prior to the end of the first fiscal quarter of 2013.

The company's common stock did not outperform the common stock of five or more of its peers. However, in recognition of the company's operational progress late in fiscal 2013, the Compensation Committee used its discretion to award Mr. Voyticky a bonus of \$475,000, and a restricted stock grant of 100,000 shares of our common stock which is contingent upon shareholder approval of an increase in the number of shares available for grant under the 2011 Plan.

#### Mr. Miller

Mr. Miller was not a party to an employment agreement with us during fiscal 2013; therefore, any bonus which he may earn is at the discretion of the Compensation Committee. The revenue metric and Adjusted EBITDA metric which, if met, would have entitled Mr. Miller to certain incentive compensation were the same as those established for Mr. Boruff. These metrics were not met; however the Compensation Committee used its discretion to award Mr. Miller a cash bonus of \$165,000 and a restricted stock grant of 60,000 shares of our common stock which is contingent upon shareholder approval of an increase in the number of shares available for grant under the 2011 Plan.

#### Mr. Hall

Mr. Hall was not a party to an employment agreement with us during fiscal 2013; therefore, any bonus which he may earn is at the discretion of the Compensation Committee. The revenue metric and Adjusted EBITDA metric which, if met, would have entitled Mr. Hall to certain incentive compensation were the same as those established for Mr. Boruff. These metrics were not met. Accordingly, Mr. Hall was not awarded an incentive bonus for fiscal 2013

#### Mr. Yost

As described later in this Annual Report, we were party to an employment agreement with Mr. Yost during fiscal 2013. The compensation terms of this agreement include a base salary, an annual incentive opportunity, and a grant of stock options which vest over thirty-six months subject to his continued employment with us. The revenue metric and Adjusted EBITDA metric which, if met, would have entitled Mr. Yost to certain incentive compensation were the

same as those established for Mr. Boruff. These metrics were not met. Accordingly, Mr. Yost was not awarded an incentive bonus for fiscal 2013. However, in recognition of his exemplary performance during fiscal 2013, the Compensation Committee, after meeting with Mr. Boruff and discussing his recommendations, awarded Mr. Yost a cash bonus of \$175,000 and a restricted stock grant of 35,000 shares of our common stock which is contingent upon shareholder approval of an increase in the number of shares available for grant under the 2011 Plan.

#### IV. Long Term Incentive Compensation

We also provide a significant portion of total compensation to our named executive officers through options to purchase Miller Energy's common stock. We rely on stock-based compensation with a multi-year vesting schedule to enhance retention and align our executive officers' interests with the long-term interests of Miller Energy and our shareholders. The executive will only

realize value from the stock option grants if the stock price increases after the date of grant. We generally vest our stock options over three or more years to retain our executive talent.

#### Grants of Stock Options at April 30, 2013

Messrs. Boruff, Voyticky, and Yost each hold options granted to them in connection with their hiring. Each of our named executive officers employed by us at the time was granted options on April 27, 2010, and on May 27, 2011. The grants received by Mr. Voyticky on these dates were in connection with his prior service on our Board of Directors, and as a consultant to us. Mr. Hall received certain warrants in connection with his sale of his membership interest in Cook Inlet Energy, LLC, to us in December 2009. These warrants are not listed below as they are not compensation issued in connection with Mr. Hall's employment, but rather the warrants were a component of the purchase price paid by us for the membership interest. Our named executives hold the following options to purchase our common stock, as of April 30, 2013:

Named Executive Officer	Vested Options		Unvested Options	
	Total Shares	Price per Share	Total Shares	Price per Share

#### New Grants of Stock Options In Fiscal 2014

Subsequent to our 2013 fiscal year end, in connection with our new executive compensation plan and new executive employment agreements, additional long term incentive awards were granted to our named executive officers under the 2014 Equity Compensation Program at the recommendation of the Compensation Committee. As required by the charter of the Compensation Committee, the 2014 Equity Compensation Program was voted on and approved by a subset of the members of the Compensation Committee who met the definition of “outside directors” for purposes of Section 162(m) of the Internal Revenue Code (the “Subcommittee”). The decisions of that Subcommittee were then approved by a vote of the Compensation Committee and later by a vote of the full Board.

Unlike previous grants, which simply vest over time contingent on the executive's continued employment with us, the new grants vest at certain stock price thresholds. The Board and Compensation Committee determined this structure strongly aligns rewards to our executives with the creation of substantial shareholder value.

Each named executive officer was granted options to acquire the number of shares of the Company's common stock set forth below, contingent upon shareholder approval of an increase in the number of shares available for grant under the 2011 Plan. The exercise price for these options is \$5.21 per share (which was the closing price of the Company's common stock on the New York Stock Exchange on the date of the grant by the Board and the Compensation Committee).

Officer and Title	Number of Options to be Granted
Scott Boruff, Chief Executive Officer	3,000,000
David Voyticky, President and Acting Chief Financial Officer	3,000,000
Deloy Miller, Chairman	499,998
David Hall, Chief Operating Officer	499,998
Kurt Yost, Senior Vice President and General Counsel	300,000

These options will only be granted to the extent the Company's shareholders vote in favor of an amendment to the Company's 2011 Plan increasing the number of shares available for allotment under that 2011 Plan by more than 7.3 million share. The Compensation Committee retains the discretion to reduce these awards (its "Negative Discretion") if issues should arise regarding legal, risk, safety, environmental and regulatory requirements, management's failure to maintain appropriate capitalization of the Company, excessive leverage within the Company or a failure to maintain adequate cash flow. In addition, these options will only vest if (i) the Company's average daily production for the fourth quarter of fiscal year 2014 is greater than 5,000 barrels of oil equivalent per day (using the ratio of one barrel of crude oil, condensate or natural gas liquids to six thousand cubic feet of natural gas) and (ii) the following pricing conditions are met:

1. One-third of the options vest if the closing share price for the Company's common stock as reported on the New York Stock Exchange exceeds \$8.00 for at least 20 trading days during fiscal year 2014.

2. To the extent not previously vested under tranche 1 above, two-thirds of the options shall vest if the closing share price for the Company's common stock as reported on the New York Stock Exchange exceeds \$10.00 for at least 20 trading days during fiscal year 2014.

3. To the extent not previously vested under tranches 1 and 2 above, the options shall vest in full if the closing share price for the Company's common stock as reported on the New York Stock Exchange exceeds \$12.00 for at least 20 trading days during fiscal year 2014.

The Compensation Committee determined that meeting these vesting thresholds will require a substantial effort on the part of the named executive officers and substantial growth in the value of the business in line with the best interests of the Company and the shareholders as well as recognition of those efforts by the markets.

#### V. Other Compensation: Benefits, Change-in-Control Arrangements, and Employment Agreements

##### Executive Benefits and Perquisites

Our named executive officers are eligible for the same benefits made available to our other full-time employees, including our Section 401(k) plan, health care plan, life insurance plans, and other welfare benefit programs. Mr. Boruff and Miller also have the use of a company vehicle.

Employment Agreements In Effect During Fiscal 2013

Employment Agreement with Mr. Boruff

Effective August 1, 2008, we entered into an employment agreement, as amended in September 2008, with Mr. Boruff pursuant to which Mr. Boruff will serve as our Chief Executive Officer for an initial term of five years, subject to additional one-year renewal periods. On December 23, 2010, we entered into a second amendment to the employment agreement with Mr. Boruff.

The changes in the agreement reflected our uplisting to the NASDAQ Stock Market, and the increases in Mr. Boruff's responsibilities associated with the oversight of new employees hired and the several subsidiaries we acquired in 2009.

Mr. Boruff's amended employment agreement provided for the following:

- a base salary of \$500,000 per annum, an annual incentive opportunity with a target payout of 100% - 300% of his base salary, with the Compensation Committee required to set certain metrics that are significantly related to our business performance during the first quarter of the fiscal year.
- 10 year options to purchase 250,000 shares of our common stock at an exercise price per share of \$0.33, all which have vested.
- a restricted stock grant of 250,000 shares of common stock, all of which have vested, and an option to purchase 2,500,000 shares of our common stock exercisable at \$6.00 per share, 625,000 of which have vested and 1,875,000 shares which vest ratably on December 22, 2012, 2013, and 2014.

Under the original agreement, Mr. Boruff was entitled to receive certain incentive compensation in the form of cash and shares of our common stock based upon, and subject to, two performance benchmarks, gross revenue and Adjusted EBITDA (earnings before provision for income taxes, depreciation and amortization) as follows:

100% of his base salary and 100,000 shares of our common stock in the event that our gross revenues for fiscal 2009 (annualized beginning on the date of the agreement) were not less than \$2,000,000 and Adjusted EBITDA for such period was not less than \$200,000,

100% of his base salary and 100,000 shares of our common stock in the event that our gross revenues for fiscal 2010 are not less than \$4,000,000 and Adjusted EBITDA for such period was not less than \$400,000,

100% of his base salary and 100,000 shares of our common stock in the event that our gross revenues for fiscal 2011 are not less than \$8,000,000 and Adjusted EBITDA for such period was not less than \$800,000,

One half of each element of incentive compensation was earned if the gross revenue benchmark is achieved, and the other half of each element is earned if the Adjusted EBITDA benchmark is achieved. Mr. Boruff earned the incentive compensation for each of fiscal 2009, fiscal 2010, and fiscal 2011. The equity portion of the incentive awards earnable by Mr. Boruff for fiscal 2011, 2012 and 2013 were not changed by the December 2010 amendment to his employment agreement. For fiscal 2011, the present value of the cash portion of the annual incentive award earnable as set forth above was estimated to be approximately \$260,000 and was paid when he entered into the December 2010 amendment to his employment agreement.

The cash portion of the annual incentive award earnable for fiscal 2012 and fiscal 2013 was amended as part of the December 2010 amendment to his employment agreement. However, the following restricted stock grants remained:

100,000 shares of our common stock in the event that our gross revenues for fiscal 2012 are not less than \$16,000,000 and Adjusted EBITDA for such period was not less than \$1,600,000, and

100,000 shares of our common stock in the event that our gross revenues for fiscal 2013 are not less than \$30,000,000 and Adjusted EBITDA for such period was not less than \$3,000,000.

Mr. Boruff earned one half of the incentive compensation for fiscal 2012 as the gross revenue benchmark was achieved but the Adjusted EBITDA target was not. Using its discretion, the Compensation Committee awarded the full 100,000 shares of restricted stock as incentive compensation to Mr. Boruff for fiscal 2012.

Mr. Boruff earned one half of the incentive compensation for fiscal 2013 as the gross revenue benchmark was achieved but the Adjusted EBITDA target was not. Using its discretion, the Compensation Committee awarded the

full 100,000 shares of restricted stock as incentive compensation to Mr. Boruff for fiscal 2013. Of the 100,000 shares of restricted stock granted, 50,000 shares of restricted stock are contingent upon shareholder approval of an increase in the number of shares available for grant under the 2011 Plan.

The new cash incentive structure took effect in fiscal 2012, as follows:

The target annual incentive opportunity will not be less than 100% of base salary, with a maximum annual incentive opportunity of not less than 300% of his base salary, with the Board of Directors or Compensation Committee retaining discretion to specify a threshold annual incentive opportunity and other payout levels for performance ranging between the threshold and target levels of performance or between the target and maximum levels of performance;

The Board of Directors or Compensation Committee will specify the performance goals to be achieved as a condition to earning and payout of the target annual incentive and maximum annual incentive, and for other specified levels of payout of the annual incentive opportunity; provided, however that:

the performance goals will be based on performance determined by the Board of Directors or Compensation Committee to be significantly related to our business performance (which may include Adjusted EBITDA), revenues, operating income, stock price or total shareholder return, measures of production, return on capital, or other measures specified by the Board of Directors or Compensation Committee, and

the performance goal corresponding to the target annual incentive will be at a level determined by the Board of Directors or Compensation Committee to have at least an approximately even chance of being achieved for the fiscal year.

The nature of the performance and the levels of performance triggering payments of the annual incentive compensation for each fiscal year will be established by the Board of Directors or Compensation Committee after consultation with Mr. Boruff, and will be established by the Board of Directors or Compensation Committee and communicated to him not later than the end of the first quarter of such fiscal year;

Any annual incentive compensation payable to Mr. Boruff will be paid at times specified under any applicable plan and the Board of Directors or Compensation Committee retains negative discretion with regard to the final payout amount of the annual incentive to the extent specified in any incentive plan governing annual incentive awards for senior executives;

For fiscal years beginning in 2011 and thereafter, we will aim to structure and administer the annual incentive award so as to qualify as "performance-based compensation" under Internal Revenue Code Section 162(m), if we then have in effect a shareholder approved compensation plan providing for such performance-based compensation; and

The Board of Directors or Compensation Committee may provide for payment of a portion or all of an annual incentive award in the form of shares of our common stock. With respect to any payout of an annual incentive award in excess of the target annual incentive award, the common stock may be granted in the form of restricted stock or restricted stock units subject to vesting in annual installments over four years, subject to accelerated vesting in the event of Mr. Boruff's termination due to death or disability or by us not for cause or upon a change in control. In addition, the Board of Directors or Compensation Committee may provide Mr. Boruff with an opportunity to elect to receive shares or share units (deferred shares) in lieu of portions of the annual incentive award otherwise payable in cash.

In lieu of an automobile allowance, we provide Mr. Boruff with the use of a company vehicle. The employment agreement, as amended, also provides that Mr. Boruff is entitled to participate in the employee benefit plans, programs and arrangements we have in effect during the employment term which are generally available to our senior executives. The agreement, as amended, also contains indemnification, confidentiality and non-solicitation clauses.

We did not consult with any experts or other third parties in determining the terms of Mr. Boruff's employment agreement. The Compensation Committee, however, recommended the terms of the December 2010 amendment to our Board of Directors, after engaging and being advised by a third party executive compensation attorney.

The agreement with Mr. Boruff may be terminated by us for cause, as defined in the agreement, or upon his death or disability, or for no cause. If we should terminate the agreement for cause, or Mr. Boruff should terminate the agreement for any reason or if the agreement is not renewed, he is only entitled to receive his base salary through the date of termination. We may also terminate the agreement without cause, in which event Mr. Boruff will be entitled to his base salary through the date of termination and, should we terminate the agreement during the initial term, as severance, his base salary for one year, along with a pro-rata portion of the incentive award earned and payable for that year. If Mr. Boruff should die or become disabled, the same payments would apply as for a termination without cause. If we should terminate the agreement 90 days prior to a change in control as defined in the agreement at the request of the acquiror, or within two years after a change of control as defined in the agreement, he is entitled to a lump sum payment equal to 2.99 times his then base salary and payment of the annual incentive award earned for the applicable year without pro ration. Any unvested stock grants or options awarded pursuant to Mr. Boruff's

employment agreement would immediately vest upon a change in control. Monies payable in connection with any termination of Mr. Boruff's employment agreement are contingent upon his execution of a satisfactory release.

Employment Agreement with Mr. Voyticky

On June 9, 2011, the Board of Directors appointed Mr. Voyticky as our President. We entered into an Employment Agreement with Mr. Voyticky with an initial term of two years that will automatically renew for successive one year periods unless it is not renewed upon 60 days written notice by either us or Mr. Voyticky. Under the agreement, Mr. Voyticky receives an annual base salary of \$475,000, and received a stock option grant of 2,300,000 shares at an exercise price of \$5.35 per share vesting over four years, which is contingent upon continued service to us. In addition, Mr. Voyticky receives an annual incentive opportunity to be determined each year by the Compensation Committee of the Board of Directors which will range between 100% to 300% of Mr. Voyticky's base salary, subject to the same requirements as set forth above in the disclosure for Mr. Boruff's employment

agreement. Under the terms of his original Employment Agreement, Mr. Voyticky is entitled to work from time to time in the State of California in a space established by the Company. Mr. Voyticky receives the same benefits that all of our employees receive with respect to health and life insurance. In lieu of an automobile allowance, we provide Mr. Voyticky with use of a company vehicle.

We did not consult with any experts or other third parties in determining the terms of Mr. Voyticky's employment agreement.

The agreement with Mr. Voyticky may be terminated by us for cause, as defined in the agreement, or upon his death or disability, or for no cause. If we should terminate the agreement for cause, or Mr. Voyticky should terminate the agreement for any reason or if the agreement is not renewed, he is only entitled to receive his base salary through the date of termination. We may also terminate the agreement without cause, in which event Mr. Voyticky will be entitled to his base salary through the date of termination and, should we terminate the agreement during the initial term, as severance, his base salary for one year, along with a pro-rata portion of the incentive award earned and payable for that year. If Mr. Voyticky should die or become disabled, the same payments would apply as for a termination without cause. If we should terminate the agreement 90 days prior to a change in control as defined in the agreement at the request of the acquiror, or within two years after a change of control as defined in the agreement, he is entitled to a lump sum payment equal to 2.99 times his then base salary and payment of the annual incentive award earned for the applicable year without pro ration. Any unvested stock options awarded pursuant to Mr. Voyticky's employment agreement would immediately vest upon a change in control. Monies payable in connection with any termination of Mr. Voyticky's employment agreement are contingent upon his execution of a satisfactory release.

#### Sale Agreement with Mr. Hall

In the sale agreement executed in December 2009 by David Hall for the sale of his membership interest in Cook Inlet Energy, LLC, we promised Mr. Hall that he would retain his position for the next three years. In the event that we were to terminate his employment, except for cause, we would be required to pay him one and one-half his base salary in a lump sum cash payment as severance. In the event of a sale of either Cook Inlet Energy, LLC or Miller, we would also be required to make this payment. These provisions expired in December 2012.

#### Employment Agreement with Mr. Yost

On May 20, 2012, the Board of Directors appointed Mr. Yost as our Senior Vice President and General Counsel. We entered into an employment agreement with him with an initial term of one year that will automatically renew for successive one year periods unless it is not renewed upon 60 days written notice by either us or Mr. Yost. Under the agreement, Mr. Yost receives an annual base salary of \$175,000, and received a stock option grant of 250,000 shares at an exercise price of \$4.01 vesting over 36 months, which is contingent upon continued service to us. In addition, Mr. Yost receives an annual incentive opportunity to be determined each year by the Compensation Committee of the Board of Directors. Mr. Yost receives the same benefits that all of our employees receive with respect to health and life insurance.

We did not consult with any experts of other third parties in determining the terms of Mr. Yost's employment agreement.

The agreement with Mr. Yost may be terminated by us for cause, as defined in the agreement, or upon his death or disability, or for no cause. If we should terminate the agreement for cause, or Mr. Yost should terminate the agreement for any reason or if the agreement is not renewed, he is only entitled to receive his base salary through the date of termination. The agreement contains a maximum severance amount of one year's salary, which is only payable in the case of termination without cause. Upon a termination of employment because of a change in control of the Company, Mr. Yost will be paid an amount equal to his annualized salary that he is then earning (plus payment for any accrued, but unused vacation days), reduced to present value, as set forth in Section 280G of the Internal Revenue Code, payable in a lump-sum payment upon the closing of the change in control.

### Severance, Retirement, and Change-in-Control Arrangements

At April 30, 2013, we were party to employment agreements with Mr. Boruff, Mr. Voyticky, and Mr. Yost which contain change of control provisions as described above.

Each of our named executive officers has received grants under the 2010 Stock Option Plan and/or the 2011 Stock Option Plan. The consequences of retirement, termination of employment, death, disability, and a change in control for each of those plans are described below. Any options or stock awards which were not awarded pursuant to a plan are governed by the terms of the applicable stock option agreement.

## Employment Agreements In Effect Subsequent to the End of Fiscal 2013

In July 2013, we conducted an analysis of our executive compensation program and entered into new employment agreements with each of our named executive officers. Those agreements are substantially similar with respect to their terms, differing only with respect to base salary level, incentive compensation, car allowances, and certain non-compete provisions. The salary levels are set forth above in Section III, under the heading "Base Salaries." The employment agreements contain the following material terms:

The terms of the Agreements are for one year, subject to earlier termination for Cause, upon death or Disability, voluntarily by the Executive, by the Company without Cause or upon a Change in Control. The Agreements do not auto-renew.

If an Executive's Agreement is terminated for Cause, or voluntarily by that Executive, the Company is only obligated to pay the Executive's Base Salary accrued, but not paid, through the date of termination.

If an Executive's Agreement is terminated as a result of the death or Disability of that Executive, the Company is only obligated to pay the Executive's Base Salary accrued, but not paid, through the date of termination and a pro rata payment of the Executive's Incentive Bonus under the 2014 Cash Bonus Program.

If an Executive's Agreement is terminated by the Company without Cause, the Executive would receive his Base Salary paid in accordance with the Company's normal payroll practices through the remainder of the one year term of his Agreement, and a pro rata payment of the Incentive Bonus earned under the 2014 Cash Bonus Program. The severance payments are contingent upon the execution of a satisfactory release by the Executive in favor of the Company.

If an Executive's Agreement is terminated by the Company without Cause after a Change in Control, or in the 90 days prior to a Change in Control upon the request of the acquiror, the Executive would receive, in lieu of the amount that would be otherwise payable upon a termination by the Company without Cause (immediately above), a lump sum payment of 2.00 multiplied by his annualized Base Salary. The Executive would also receive his Incentive Bonus under the 2014 Cash Bonus Program, without pro ration, earned for the year. In the Agreements, "Change in Control" is defined as the acquisition by any individual or entity (or group(s) thereof acting together), which is not a beneficial owner of any of the Company's securities as of the date of the agreement of beneficial ownership of securities of the Company representing greater than 50% of the combined voting power of the Company's then outstanding voting securities.

Messrs. Boruff, Voyticky, Miller, and Hall have each agreed to one year non-competition and non-solicitation restrictions after the termination of their Agreements. Mr. Yost has agreed to similar restrictions, however, as an attorney, under the Tennessee Rules of Professional Responsibility, he is limited in his ability to agree to restrictions which prohibit the practice of law.

Each Executive receives no less than four weeks of vacation time. Messrs. Boruff, Voyticky, and Miller each receive a \$1,000 per month car allowance or, at the Company's discretion the use of a Company-owned vehicle. At this time, the Company has elected to provide a vehicle for their use in lieu of such allowance.

The agreements contain two incentive compensation programs: the Cash Incentive Bonus Program, and the Equity Bonus Program. The details of the Equity Bonus Program are set forth above at the end of Section IV under "New Stock Option Grants in Fiscal 2014." The Cash Incentive Bonus Program is a cash bonus program for our named executive officers which builds on our past practice of designating certain peer companies against whose common stock we measure our common stock's performance.

If the conditions to payment are satisfied, each participant in the 2014 Cash Bonus Program shall be entitled to receive a cash bonus equal to a percentage of his base salary for fiscal year 2014. The amount of bonus payable under the 2014 Cash Bonus Program will depend upon the extent to which the closing share price for the Company's common stock as reported on the New York Stock Exchange for the period beginning on May 1, 2013 through April 30, 2014, outperforms, on an annual return basis, the share price for the common stock of the Peer Companies (defined below) over that same time period.

“Peer Companies” means publicly-traded companies included in the SunTrust Small Cap Index, but excluding any companies on that list which cease to be publicly traded on or before April 30, 2014. “SunTrust Small Cap Index” shall mean the list of oil and natural gas exploration and production companies with a market capitalization of less than \$1 billion as prepared by SunTrust Robinson Humphrey in their S&P Sector Comparison as of July 15, 2013. We select this peer group for compensation analysis because it represents the most probable competitors to Miller in the market for executive talent.

The bonus payments made under the 2014 Cash Bonus Program will be determined as follows:

Officer and Title	Percentage of Peer Companies on the SunTrust Small Cap Index that the Company outperforms from May 1, 2013 through April 30, 2014					
	55% or fewer	Greater than 55% up to 65%	Greater than 65% up to 75%	Greater than 75% up to 80%	Greater than 80% up to 90%	Greater than 90%
	Bonus Payable Under the 2014 Cash Bonus Program (as a percentage of base salary for fiscal year 2014)					
Scott Boruff, Chief Executive Officer	0%	50%	100%	150%	250%	300%
David Voyticky, President and Acting Chief Financial Officer	0%	50%	100%	150%	250%	300%
Deloy Miller, Chairman	0%	50%	75%	100%	125%	150%
David Hall, Chief Operating Officer	0%	50%	60%	100%	125%	150%

The Compensation Committee retains the discretion to reduce payments made under the 2014 Cash Bonus Program based upon the Company's regulatory compliance, safety and environmental record and the Company's cost of capital and capital structure.

As required by the charter of the Compensation Committee, the 2014 Cash Compensation Program was voted on and approved by a Subcommittee. The decisions of that Subcommittee were then approved by a vote of the Compensation Committee and later by a vote of the full Board. Payments will not be made under the 2014 Cash Bonus Program unless the following conditions are satisfied: (i) the closing price of the Company's common stock on the New York Stock Exchange on April 30, 2014 must be \$7.60 or greater and (ii) the Company's average daily production for the fourth quarter of fiscal year 2014 must be greater than 5,000 barrels of oil equivalent per day (using the ratio of one barrel of crude oil, condensate or natural gas liquids to six thousand cubic feet of natural gas). The Compensation Committee retains its Negative Discretion to reduce these cash awards. Except as disclosed below, a participant must be employed by the Company on April 30, 2014 in order to receive a bonus under the 2014 Cash Bonus Program or the 2014 Equity Bonus Program (as defined below).

The Compensation Committee adopted the compensation program for Mr. Boruff, and recommended the compensation program for the remaining executive officers to the Board on July 29, 2013. The Board subsequently adopted the compensation programs for Mr. Voyticky, Mr. Miller, Mr. Hall, and Mr. Yost later in the same session.

#### Voting on the Compensation Plan for the Named Executive Officers

The Compensation Committee had voted to approve a prior proposed compensation package on or about July 19, 2013 (the "July 19 Proposal"). However, subsequently, internal and external counsel determined that this earlier plan would not have been compliant with Section 162(m) of the Internal Revenue Code (as the performance-based elements of it were not all duly passed on by the Subcommittee) and was not fully effective under the charter of the Compensation Committee and the Company's Bylaws (and, in addition, Mr. Boruff's proposed employment agreement was not then effective). In order to consider and approve a revised plan in compliance with Section 162(m) and in light of General McPeak's unavailability due to overseas travel, it was necessary to add an additional director who

would qualify as an “outside director” for 162(m) purposes.

On July 25, 2013, the Board expanded the size of the Board to ten directors and elected Marceau Schlumberger to the Board. Mr. Schlumberger was appointed to the Compensation Committee and was immediately provided materials for review prior to a meeting of the Compensation Committee on July 29, 2013. At this meeting, the Compensation Committee revisited the compensation package and developed a revised compensation plan (the “July 29 Plan”). The July 29 Plan included the incentive

payments, option grants and base salaries for the named executive officers for fiscal 2014 as described above and elsewhere in this Annual Report.

The Compensation Committee approval of the July 29 Plan was not unanimous. General McPeak was out of the country and did not participate in the July 29 meeting. Although General McPeak voted in favor of the July 19 Proposal, he did not approve of certain changes in the July 29 Plan which he did not have an opportunity to vote on. In later meetings of the Compensation Committee, he noted his objections to the July 29 Plan, in particular objecting to the compensation for Mr. Voyticky, the cost of the options to be issued under the July 29 Plan and their potentially dilutive effect.

Although many features of the July 19 Proposal were carried forward into the July 29 Plan, there were several significant differences which arose based on additional negotiations with management. The terms of the July 19 Proposal, which was ultimately not entered into by the Company, are discussed in more detail below.

#### Proposed Base Salaries for FY 2014

Under the July 19 Proposal, the named executive officers would have received the following salaries:

Scott M. Boruff: \$795,000  
 David Voyticky: \$475,000  
 Deloy Miller: \$300,000  
 David M. Hall: \$300,000  
 Kurt C. Yost: \$250,000

#### Proposed Cash Incentive Compensation for FY 2014

Under the July 19 Proposal, the cash bonus incentive compensation would have been structured as a percentage of the base salary of the named executive officer earned if the Company's stock price outperformed, on a percentage basis, the share price for the common stock of a certain percentage of the Peer Companies, as follows.

Officer and Title	Proposed Percentage of Peer Companies on the SunTrust Small Cap Index that the Company outperforms from May 1, 2013 through April 30, 2014					
	55% or fewer	Greater than 55% up to 65%	Greater than 65% up to 75%	Greater than 75% up to 80%	Greater than 80% up to 90%	Greater than 90%
Scott Boruff, Chief Executive Officer	0%	50%	100%	150%	250%	300%
David Voyticky, President and Acting Chief Financial Officer	0%	50%	100%	150%	250%	300%
Deloy Miller, Chairman	0%	50%	75%	100%	125%	150%
David Hall, Chief Operating Officer	0%	50%	60%	100%	125%	150%
Kurt Yost, Senior Vice President and General Counsel	0%	50%	60%	100%	125%	150%

Under the July 19 Proposal, if the Company's common stock price were to have fallen below \$4.00 per share or lower by April 30, 2014, no cash bonuses could have been paid to any named executive officer. Under the July 29 Plan, the Company's closing stock price has to be \$7.60 or higher on April 30, 2014, the Company's average daily production for the fourth quarter of fiscal 2014 has to exceed 5,000 barrels of oil equivalent in order for cash bonuses to be paid and the Compensation Committee must agree not to use its Negative Discretion.

Proposed Equity Long Term Incentive Compensation for FY 2014

Under the July 19 Proposal, each of the named executive officers would have been granted a 2-year option to purchase the Company's common stock at an exercise price of \$5.00 per share. Just as with the July 29 Plan, this grant would have been subject to shareholder approval of an increase in the number of shares available under the Company's 2011 Plan. If these options do not vest in the relevant named executive officer on or before April 30, 2014, they terminate.

The number of options included in the July 19 Proposal were the same as those ultimately approved under the July 29, Plan except that David Voyticky would have received an option to acquire only 1,000,000 shares rather than 3,000,000.

Officer and Title	Number of Options to be Granted under the July 19 Proposal
Scott Boruff, Chief Executive Officer	3,000,000
David Voyticky, President and Acting Chief Financial Officer	1,000,000
Deloy Miller, Chairman	499,998
David Hall, Chief Operating Officer	499,998
Kurt Yost, Senior Vice President and General Counsel	300,000

Under the July 19 Proposal, as under the July 29, Plan:

one-third of the options would have vested on the earliest date on which the closing share price for the Company's common stock as reported on the New York Stock Exchange exceeded \$8.00 for at least 20 trading days during the 2014 fiscal year

another one-third would have vested if the closing share price for the Company's common stock as reported on the New York Stock Exchange shall exceed \$10.00 for at least 20 trading days during the 2014 fiscal year

the final one-third would have vested if the closing share price for the Company's common stock as reported on the New York Stock Exchange shall exceed \$12.00 for at least 20 trading days during the 2014 fiscal year.

Under the July 29 Plan, long term incentive compensation can only be awarded if the Company's production exceeds 5,000 barrels of oil equivalent during the fourth quarter of fiscal 2014, but under the July 19 Proposal, this condition would not have applied.

Comparison of the July 19 Proposal against the July 29 Plan.

The following table compares the terms of the July 19 Proposal against the July 29 Plan:

July 19 Proposal

Base Salaries

- 1 Scott Boruff - \$795,000

Equity Long Term Incentive Compensation

Each of the named executive officers was granted a 2-year option to purchase the Company's common stock at an exercise price of \$5.21 per share, subject to shareholder approval of an increase in the number of shares available under the Company's 2011 Plan.

The option will vest in thirds on the earliest date on which the closing share price for the Company's common stock on the NYSE exceeds the following prices for at least 20 trading days during the 2014 fiscal year: \$8.00, \$10.00, and \$12.00, respectively.

### Severance, Retirement, and Change-in-Control Arrangements

Subsequent to April 30, 2013, we are party to employment agreements with Mr. Boruff, Mr. Voyticky, Mr. Miller, Mr. Hall, and Mr. Yost which contain change of control provisions as described above in this Section V under “Employment Agreements In Effect Subsequent to the End of Fiscal 2013.”

Each of our named executive officers has received grants under the 2010 Stock Option Plan and/or the 2011 Stock Option Plan. The consequences of retirement, termination or employment, death, disability, and a change in control for each of those plans are described below. Any options or stock awards which were not awarded pursuant to a plan are governed by the terms of the applicable stock option agreement.

### Tax/Accounting Treatment of Compensation

Under Section 162(m) of the Internal Revenue Code, we may not be able to deduct as compensation expense amounts in excess of \$1 million paid in one year to certain of our named executive officers. Certain performance-based compensation approved by our shareholders is not subject to this deduction limit. Generally, in structuring compensation for our named executive officers, we consider whether a form of compensation will be deductible; however, other factors as discussed above may be of greater importance than preserving deductibility for a particular form of compensation. Awards under the 2011 Plan may qualify as performance based compensation for purposes of Section 162(m). In fiscal 2013, the compensation awarded to Mr. Boruff did not qualify as performance based compensation for purposes of Section 162(m).

In accordance with ASC Topic 718, we measure the fair value of stock awards, including those granted under the incentive plan, based on the market price of the underlying common stock as of the date of grant, reduced by the present value of estimated future dividends. The compensation expense for these awards is amortized over their applicable vesting period on a straight-line basis.

### Executive Compensation Recovery Policy

We do not currently have an executive compensation recovery policy besides what is required by law.

### Stock Ownership Guidelines

We have not yet set stock ownership guidelines for our directors and named executive officers.

## COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis. Based on its review and discussions with management, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Annual Report for fiscal 2013.

Submitted by the Compensation Committee of the Board of Directors:

August 28, 2013

### COMPENSATION COMMITTEE MEMBERS:

General Merrill A. McPeak

Gerald E. Hannahs, Jr. <sup>1</sup>

Marceau Schlumberger <sup>1</sup>

Charles M. Stivers <sup>1</sup>

<sup>1</sup> Member on the date the Compensation Committee Report was approved.

## COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During fiscal 2013, General McPeak, the Chairman of our Compensation Committee, served as interim CEO of Genesis Biopharma, Inc. Until mid-August, 2013, Mr. David Voyticky, our President and Acting CFO, was also a member of Genesis Biopharma's Board of Directors.

No other director was an officer, employee or former officer of our company or any of its subsidiaries or had any relationship that would be considered a compensation committee interlock and would require disclosure in a proxy statement or annual report pursuant to SEC regulations. None of our executive officers served as a member of a compensation committee or a director of another entity under circumstances that would require disclosure in a proxy statement or annual report pursuant to SEC regulations.

### Summary Compensation Table

The following table summarizes all compensation recorded by us in fiscal 2013 for:

- our principal executive officer or other individual acting in a similar capacity,
- our principal financial officer or other individual acting in a similar capacity,
- our two most highly compensated executive officers other than our principal executive officer and principal financial officer who were serving as executive officers at April 30, 2013 as that term is defined under Rule 3b-7 of the Securities Exchange Act of 1934, and
- up to two additional individuals for whom disclosure would have been required but for the fact that the individual was not serving as an executive officer at April 30, 2013.

For definitional purposes, these individuals are sometimes referred to as the “named executive officers.” The value attributable to any option awards in the following table is computed in accordance with ASC Topic 718. The value of the securities issued reflects the aggregate grant date fair value computed in accordance with ASC Topic 718 assuming the following weighted averages:

Mr. Boruff has served as our Chief Executive Officer since August 2008 and the terms of his compensation are set forth in his employment agreement which is described earlier in this Annual Report. The value of stock awards and option awards in fiscal 2013, fiscal 2012, and fiscal 2011 represents the value of restricted stock awards and option grants made to him under the terms of his employment agreement and other grants made by the Compensation Committee. All other compensation for fiscal 2013, fiscal 2012 included personal use of Company provided vehicle of \$12,745 and \$12,475. Other compensation for fiscal 2011 included an auto allowance of \$1,000 per month plus \$704 of compensation derived from personal use of a company vehicle. The amount of Mr. Boruff's compensation excludes fees paid to Dimirak Securities Corporation, a broker-dealer and member of FINRA, under the terms of a Marketing Agreement. Mr. Boruff was a director and owner of 49% of Dimirak Securities Corporation and, in such position, had an economic interest in the amounts we paid to that firm, but he has since sold that ownership interest. See our disclosure under Certain Relationships and Related Transactions and Director Independence appearing later in this Annual Report. For fiscal 2013, Mr. Boruff was also awarded a discretionary bonus of 50,000 shares of restricted stock that is contingent upon shareholder approval of an increase in the number of shares available for grant under the 2011 Plan.

Mr. Voyticky has served as our President since June 2011 and our Acting Chief Financial Officer since September 2011. Prior to his appointment as our President, Mr. Voyticky was a member of our Board of Directors. The terms of his compensation are set forth in his employment agreement which is described earlier in this Annual Report. The value of option awards in fiscal 2013 and 2012 represents the value of restricted stock awards and option grants made to him under the terms of his employment agreement and other grants made by the Compensation Committee. After his appointment to the board, but prior to his appointment as President, Mr. Voyticky served as a consultant to us. The amount of Mr. Voyticky's other compensation also includes \$50,000 of fees paid and a \$250,000 bonus to Matrix Group, LLC for work performed for us as a consultant in fiscal 2012. For fiscal 2013, Mr. Voyticky was also awarded a discretionary bonus of 100,000 shares of restricted stock that is contingent upon shareholder approval of an increase in the number of shares available for grant under the 2011 Plan.

<sup>3</sup> Mr. Miller served as our Chief Executive Officer from December 1997 to August 2008 and our Chief Operating Officer until July 2013. He is currently our Executive Chairman. All other compensation included \$5,635, \$6,375,

and \$1,277 of compensation derived from personal use of a company vehicle in fiscal 2013, fiscal 2012, and fiscal 2011, respectively, as valued on the basis of the aggregate incremental cost to us and calculated per applicable annual lease value table rates. The value of stock awards and option awards in fiscal 2013, fiscal 2012, and fiscal 2011 represents the value of restricted stock awards and option grants made to him by the Compensation Committee. For fiscal 2013, Mr. Miller was also awarded a discretionary bonus of 60,000 shares of restricted stock that is contingent upon shareholder approval of an increase in the number of shares available for grant under the 2011 Plan.

Mr. Hall is our Chief Operating Officer and the Chief Executive Officer of our subsidiary, Cook Inlet Energy, LLC.  
<sup>4</sup> The value of stock awards and option awards in fiscal 2013, fiscal 2012, and fiscal 2011 represents the value of restricted stock awards and option grants made to him by the Compensation Committee.

Mr. Yost has served as our Senior Vice President and General Counsel since May 20, 2012. The terms of his compensation are set forth in his employment agreement which is described earlier in this Annual Report. The value of stock awards and option awards in fiscal 2013 represents the value of restricted stock awards and option grants made to him under the terms of his employment agreement and other grants made by the Compensation Committee. For fiscal 2013, Mr. Yost was also awarded a discretionary bonus of 35,000 shares of restricted stock that is contingent upon shareholder approval of an increase in the number of shares available for grant under the 2011 plan.

The awards of options to purchase 200,000 shares of our common stock at \$5.94, 100,000 shares of our common stock at \$4.98, and 150,000 shares of our common stock at \$5.89 were made while Mr. Voyticky was a member of our Board of Directors and not an employee.

Mr. Hall's options exclude certain warrants received in connection with his sale of his membership interest in Cook  
3 Inlet Energy, LLC, to us in December 2009. These warrants are not listed above as they are not compensation issued in connection with Mr. Hall's employment but rather the warrants were a component of the purchase price paid by us for the membership interest.

## Director Compensation

Executive officers of our company or its subsidiaries who are also members of the Board of Directors do not receive any compensation specifically for their services as directors.

On May 27, 2011, the board adopted a compensation policy for its outside directors, consisting of certain cash payments and an annual grant of an option to purchase 40,000 shares of our common stock at a price equal to the price at the close of business on the date of award, vesting in one year. The compensation is comprised of an annual retainer of \$20,000, and a per board meeting payment of \$1,000. An outside director is also paid \$500 for attendance at a committee meeting, and \$500 for telephonic attendance of a board or committee meeting. Instead of the \$20,000 retainer, our lead independent director receives a \$30,000 annual retainer. The chairman of each of our committees receives an additional retainer as follows: Audit, \$7,500; Compensation, \$5,000; and Nominating and Corporate Governance, \$2,500.

The following table provides information about compensation paid to our non-employee directors during fiscal 2013 for their services as directors. The value of the securities issued reflects the aggregate grant date fair value computed in accordance with ASC Topic 718. While options were granted to these individuals as described below, because not all of these options have vested by the end of fiscal 2013 and the grant is subject to continued board service, under generally accepted accounting principles, we recognize compensation expense for these grants over the vesting period.

In April 2010 our Board of Directors authorized the Miller Petroleum, Inc. Stock Plan (the "2010 Plan") which was subsequently approved by our shareholders at a special meeting held on April 26, 2010. We have reserved 3,000,000 shares of our common stock for issuance under this plan. Options and restricted stock awards may be granted under the plan only to our employees, officers or directors, or to members of any advisory panel or board established at the direction of the board. In determining the persons to whom options or restricted stock awards will be granted and the number of shares to be covered by each option or award, the Compensation Committee may take into account the nature of the services rendered by the respective persons, their present and potential contributions to us and such other factors as the Compensation Committee in its discretion may believe relevant. The term of options granted under the stock option plan may not exceed 10 years or five years for an incentive stock option granted to an optionee owning more than 10% of our voting stock. The exercise price for stock options cannot be less than fair market value on the date of grant. However, the incentive stock options granted to a 10% holder of our voting stock are exercisable at a price equal to or greater than 110% of the fair market value of the common stock on the date of the grant. As of April 30, 2013, we have options or awarded shares in the amount of 2,825,000 shares of our common stock which remain outstanding under the plan.

Options under the 2010 Plan are only exercisable by the grantee and only while the grantee is employed by us. In the case of a termination for cause, which is defined in the plan and for Mr. Boruff or Mr. Voyticky, is defined by their

employment agreements, the options terminate immediately. Upon a termination without cause, fully vested options remain exercisable for 30 days following the termination date. Upon retirement, fully vested options remain exercisable for 180 days following the termination date. Upon death or permanent disability, fully vested options remain exercisable for 6 months after the termination date. Upon a change in control, the Board of Directors has the sole discretion to determine treatment of unvested options. Any exercisable options at a change of control may be exercised by an employee at the closing of the change in control, or for a period of not less than 30 days prior to the dissolution or liquidation. Options may be exercised on a cashless basis upon a change in control.

## Miller Petroleum, Inc. 2011 Equity Compensation Plan

We have reserved 8,250,000 shares of our common stock for issuance under this plan. Options and restricted stock awards may be granted under the plan only to our employees, officers or directors, or consultants. In determining the persons to whom options or restricted stock awards will be granted and the number of shares to be covered by each option or award, the Compensation Committee may take into account the nature of the services rendered by the respective persons, their present and potential contributions to us and such other factors as the Compensation Committee in its discretion may believe relevant. The term of options granted under the stock option plan may not exceed 10 years or five years for an incentive stock option granted to an optionee owning more than 10% of our voting stock. The exercise price for stock options cannot be less than fair market value on the date of grant. However, the incentive stock options granted to a 10% holder of our voting stock are exercisable at a price equal to or greater than 110% of the fair market value of the common stock on the date of the grant. As of April 30, 2013, we have options or awarded shares in the amount of 8,065,672 shares of our common stock which remain outstanding under the plan.

Options under the 2011 Plan are only exercisable by the grantee and only while the grantee is employed by us. Upon a termination without cause, fully vested options remain exercisable for six months following the termination date. Upon retirement, fully vested options remain exercisable for six months following the termination date. Upon death or permanent disability, fully vested options remain exercisable for one year after the termination date. Upon a change in control, the Board of Directors has the sole discretion to determine treatment of unvested options. Any exercisable options at a change of control may be assumed or substituted by the successor corporation, or, if the successor corporation declines to assume or substitute awards, the vesting of any or all awarded granted pursuant to the 2011 Plan will accelerate immediately prior to the effective date of the change in control and any or all options or other awards granted pursuant to the 2011 Plan will become exercisable in full prior to the consummation of the change in control at such time and on such conditions as the Compensation Committee determines.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We use a number of contract labor companies to provide on demand labor at our Alaska operations. H&H Industrial, Inc. is an entity contracted by CIE, a wholly-owned subsidiary of the Company, to provide services related to the exploration and production of oil and natural gas. The company is owned by the sister and father of David Hall, Chief Executive Officer ("CEO") of CIE and member of our Board of Directors. Rediske Air, Inc., an entity contracted by CIE to provide flight services to our production facilities in the Cook Inlet region, is owned by the brother-in-law of David Hall. The audit committee of our Board of Directors determined that the amounts paid by us for the services performed were fair to and in the best interests of the Company. For fiscal 2013, 2012 and 2011, we paid H&H Industrial Inc. a total of \$1,024,000, \$632,000 and \$193,000, respectively and we paid Rediske Air, Inc. a total of \$680,000, \$463,000 and \$231,000, respectively.

From time to time the Company provides service work on oil and gas wells owned by Mr. Gettelfinger (and family), a member of the Board of Directors. As of April 30, 2013 and 2012, Mr. Gettelfinger owed us \$11,000 and \$17,000, respectively. The audit committee of our Board of Directors determined that the amounts paid to us for the services performed were fair and in the best interests of the Company.

The Company is required to remit payroll taxes related to certain stock-based compensation transactions. As of April 30, 2013, we have recorded a related payable of \$620,000 as well as a corresponding receivable from the respective employees of \$593,000. This receivable was collected subsequent to April 30, 2013.

In 2009, we entered into a marketing agreement with The Dimirak Companies, an affiliate of Dimirak Financial Corp. and Dimirak Securities Corporation, a broker-dealer and member of Financial Industry Regulatory Authority ("FINRA"). Mr. Boruff, our CEO, was then a director and 49% owner of Dimirak Securities Corporation. Under the terms of this agreement, we engaged The Dimirak Companies to serve as our exclusive marketing agent in a \$20,000,000 income fund and a \$25,500,000 drilling offering, which included the Miller Energy Income ("MEI") offering. The terms of the agreement expire upon the termination of the offerings. We agreed to pay The Dimirak Companies a monthly consulting fee of \$5,000, a marketing fee of 2% of the gross proceeds received in the offerings or within 24 months from the expiration of the term of the agreement, a wholesaling fee of 2% of the proceeds and a reimbursement of certain pre-approved expenses. The agreement contained customary indemnification, non-circumvention and confidentiality clauses. During fiscal 2013, 2012 and 2011, we paid The Dimirak Companies and their affiliates approximately \$49,000, \$169,000 and \$70,000, respectively. Effective July 24, 2012, Mr. Boruff sold his interest in Dimirak Securities Corporation and we terminated our agreements with it.

In 2009 we formed both Miller Energy GP and Miller Energy Income 2009-A, LP ("MEI") to raise capital necessary to support strategic business initiatives. From November 2009 to May 2010 we entered into three secured promissory notes with MEI to borrow \$3,071,000 with maturity dates ranging from November 2013 to May 2014. On June 29, 2012, the maturity dates on the promissory notes were amended to reflect, (i) the later of 91 days after the date on which the Apollo Credit Facility is extinguished, or (ii) July 31, 2017. Our wholly owned subsidiary, Miller Energy GP, owns 1% of MEI, however due to the shared management of our company and MEI, we consolidate this entity. We have not presented noncontrolling interest on our consolidated balance sheets or our consolidated statements of operations due to the fact that these amounts are immaterial.

There are no assurances that the terms of the transactions with the related parties are comparable to terms we could have obtained from unaffiliated third parties.

The Audit Committee of our Board of Directors is responsible for approving transactions where a director may have a personal interest in the transaction. Before the transaction is entered into, the Audit Committee will review the terms

of the proposed transaction, and, in their business judgment, determine that entry into the transaction is in our best interest or that we should not enter into the transaction. Any director with an interest in the transaction is excluded from this discussion and review.

## DIRECTOR INDEPENDENCE

The Board of Directors has determined that a majority of our current directors have no relationship which, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and are “independent directors” as defined in the New York Stock Exchange Listed Company Manual. These directors are Messrs. Gettelfinger, Hannahs, Schlumberger, Stivers, and Turkleson, and General McPeak. In determining the independence of our directors, the Board of Directors has adopted independence standards specified by applicable laws and regulations of the SEC and the listing standards of the New York Stock Exchange, the exchange on which our common stock is listed. In making the determination of the independence of our directors, the Board of Directors considered all known transactions in which we and any director had any interest, including any discussed under “Certain Relationships and Related Transactions” above.

The corporate governance rules of the New York Stock Exchange require that our independent directors must meet in regularly scheduled executive sessions held at least twice a year at which only independent directors are present. General McPeak, the Lead Director of the Board of Directors, presides at these sessions. Each independent director has access to the members of our management team or other employees as well as full access to our books and records. We have no policy limiting, and exert no control over, meetings of our independent directors.
