ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

On August 2, 2006, Navistar International Corporation (the “company”) obtained the required consent to amend (the “amendment”) its existing 3-year senior unsecured term loan facility in the aggregate principal amount of \$1,500,000,000 (the “loan facility”), which was arranged by Credit Suisse Securities (USA) LLC and included Banc of America Securities LLC, Banc of America Bridge LLC, Citigroup Global Markets Inc. and J.P. Morgan Securities, Inc., and with the lender parties indicated therein. The loan facility provides, among other things, that the company cannot make any borrowings under the loan facility after August 9, 2006, and that, as of that date, all existing defaults under certain of its outstanding debt securities must be cured or waived by the holders thereof.

The amendment provides the company with additional flexibility under the loan facility to permit the company to borrow the remaining balance of the loan facility by August 9, 2006 and place such funds in escrow to repay, discharge or otherwise cure by December 21, 2006 any existing default under its outstanding 2 ½% senior convertible notes (the “2 ½% senior notes”). Such borrowed funds may only be released from escrow in connection with a repayment (including a discharge of the notes on or after December 15, 2006) or other cure of the company’s outstanding 2 ½% senior notes.

The effectiveness of the amendment is conditioned, inter alia, upon the drawing of the full balance remaining under the loan facility by August 9, 2006 and the placing of such borrowed funds in escrow as discussed above.

ITEM 2.03 CREATION OF A DIRECT FINANCIAL OBLIGATION OR AN OBLIGATION UNDER AN OFF-BALANCE SHEET ARRANGEMENT OF A REGISTRANT

On August 2, 2006, Navistar International Corporation (the “company”) gave an irrevocable notice to borrow on August 8, 2006 an aggregate principal amount of \$195,028,048.61 under its new 3-year senior unsecured term loan facility in the aggregate principal amount of \$1,500,000,000 (the “loan facility”). The loan facility was arranged by Credit Suisse Securities (USA) LLC and included Banc of America Securities LLC, Banc of America Bridge LLC, Citigroup Global Markets Inc. and J.P. Morgan Securities, Inc., and with the lender parties indicated therein. The loan facility is guaranteed by International Truck and Engine Corporation, the principal operating subsidiary of the company.

The proceeds of this borrowing will be held in escrow and released only in connection with a repayment (including a discharge of the notes on or after December 15, 2006) or other cure of the company’s outstanding 2 ½% senior convertible notes due 2007 and to pay certain fees incurred in connection with the loan facility and the repurchase of such notes.

This borrowing under the loan facility accrues interest at a rate equal to an adjusted LIBOR rate plus a spread. The spread, which is based on the company’s credit ratings in effect from time to time, ranges from 475 basis points to 725 basis points and will increase by an additional 50 basis

points at the end of the twelve-month period following the date of the first borrowing and by an additional 25 basis points at the end of each subsequent six-month period and is subject to further increases under certain other circumstances.

These statements often include words such as “believe,” “expect,” “anticipate,” “intend,” “plan,” “estimate” or similar expressions. These statements are not guarantees of performance or results and they involve risks, uncertainties and assumptions, including the risk of continued delay in the completion of our financial statements and the consequences thereof, the availability of funds, either through cash on hand or the company’s other liquidity sources, to repay any amounts due should any of the company’s debt become accelerated, and decisions by suppliers and other vendors to restrict or eliminate customary trade and other credit terms for the company’s future orders and other services, which would require the company to pay cash and which could have a material adverse effect on the company’s liquidity position and financial condition. Although we believe that these forward-looking statements are based on reasonable assumptions, there are many factors that could affect our actual financial results or results of operations and could cause actual results to differ materially from those in the forward-looking statements.
