**Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

On March 24, 2006, Fiserv, Inc. (the Company) entered into a Credit Agreement, dated as of such date (the Credit Agreement), among Fiserv, Inc., certain foreign subsidiaries thereof from time to time parties thereto and the financial institutions parties thereto, which replaced the Company's existing \$700.0 million credit facility. The Company intends to use the new revolving credit facility for general corporate purposes.

The Credit Agreement provides for a revolving credit facility that matures on March 24, 2011. The initial maximum aggregate amount of availability under the revolving credit facility is \$900.0 million (of which approximately \$335.3 million was drawn as of March 24, 2006, with the balance available at the Company's election). Availability under the revolving credit facility is reduced by outstanding letters of credit, which were approximately \$9.1 million as of March 24, 2006. The Company may increase the maximum aggregate amount of availability under the revolving credit facility to up to \$1,250.0 million at the Company's discretion, subject to certain conditions, which include, among other things, the absence of any default or event of default under the Credit Agreement.

The Company may borrow, repay and reborrow amounts under the Credit Agreement from time to time until the maturity of the revolving credit facility. Voluntary prepayments and commitment reductions under the Credit Agreement are permitted at any time without fee upon proper notice.

The Company will unconditionally guarantee the obligations of certain of its foreign subsidiaries under the Credit Agreement to the extent such subsidiaries borrow directly under the Credit Agreement. In addition, certain material domestic subsidiaries of the Company will unconditionally guarantee the obligations under the Credit Agreement. All borrowings under the Credit Agreement are unsecured.

The facility fee, the participation fee with respect to participations in letters of credit and the interest rate margin for outstanding amounts fluctuate based upon the Company's long-term debt rating in effect from time to time, and the Company believes they reflect market rates.

The Credit Agreement contains various restrictions and covenants applicable to the Company and certain of its subsidiaries. Among other requirements, the Company must limit its consolidated indebtedness to no more than three and one-half times the Company's consolidated net earnings before interest, taxes, depreciation and amortization. The Credit Agreement also contains customary events of default. If an event of default under the Credit Agreement occurs and is continuing, then the administrative agent may declare any outstanding obligations under the Credit Agreement to be immediately due and payable.

The description of the Credit Agreement set forth above is qualified by reference to the Credit Agreement filed herewith as Exhibit 4 and incorporated herein by reference.
