PROXY STATEMENT

This proxy statement and the enclosed proxy are being furnished to shareholders of IntriCon Corporation (the "Corporation") in conjunction with the solicitation of proxies by the Board of Directors of the Corporation for use at the 2009 Annual Meeting of Shareholders (the "Annual Meeting") to be held on Wednesday, April 15, 2009 at the Hampton Inn North located at 1000 Gramsie Road, Shoreview, Minnesota 55126, at 11:30 a.m., local time, and any adjournment or postponement of the Annual Meeting. This Proxy Statement and accompanying form of proxy are first being sent or given to shareholders on or about March 13, 2009.

The Board of Directors has fixed the close of business on March 6, 2009 as the record date for determination of the shareholders entitled to notice of and to vote at the Annual Meeting. As of March 6, 2009, there were 5,343,079 shares of common stock, par value \$1.00 per share (the "Common Shares") of the Corporation outstanding, each of which is entitled to one vote on all matters to be presented at the Annual Meeting.

Proxies in the form enclosed, if properly executed and received in time for voting, and not revoked, will be voted as directed on the proxies. If no directions to the contrary are indicated, the persons named in the proxy will vote all of your Common Shares for the election of the two nominees for director and for the ratification of the appointment of Virchow, Krause & Company, LLP as the Corporation's independent auditor for fiscal year 2009. With respect to any other matter that properly comes before the meeting, the proxy holders will vote the proxies in their discretion in accordance with their best judgment. Because the proxy is revocable, sending in a signed proxy will not affect a shareholder's right to attend the Annual Meeting and vote in person. You also have the option of voting by telephone. If you choose to vote by telephone you may call toll-free in the U.S. or Canada, 1-866-578-5350 on a touch-tone telephone. You also have the option of voting over the Internet. To do so, log on to www.votestock.com and follow the web site instructions. Once you have cast your vote, be sure to click on "Accept Vote." The deadline to vote telephonically or over the Internet is Tuesday, April 14, 2009, 11:59 p.m., eastern daylight time.

Edgar Filing: INTRICON CORP - Form DEF 14A

Any shareholder who submits a proxy may revoke it at any time before the proxy is voted at the Annual Meeting by delivering a later dated proxy or by giving written notice to the Secretary of the Corporation or attending the Annual Meeting in person and so requesting. If you vote by telephone or over the Internet, you may change your vote telephonically or over the Internet by following the procedures used to submit your initial vote. The last vote received chronologically will supersede any prior votes. Attendance at the Annual Meeting will not by itself revoke a previously granted proxy.

1

The presence, in person or represented by proxy, of the holders of a majority of the outstanding Common Shares will constitute a quorum for the transaction of business at the Annual Meeting. All Common Shares present in person or represented by proxy (including broker non-votes) and entitled to vote at the Annual Meeting, no matter how they are voted or whether they abstain from voting, will be counted in determining the presence of a quorum. If the Annual Meeting is adjourned because of the absence of a quorum, those shareholders entitled to vote who attend the adjourned Annual Meeting, although constituting less than a quorum as provided herein, shall nevertheless constitute a quorum for the purpose of electing directors. If the Annual Meeting is adjourned for one or more periods aggregating at least 15 days because of the absence of a quorum, those shareholders entitled to vote who attend the reconvened Annual Meeting, if less than a quorum as determined under applicable law, shall nevertheless constitute a quorum for the purpose of acting upon any other matter set forth in the Notice of Annual Meeting.

Each Common Share is entitled to one vote on each matter that may be brought before the Annual Meeting. The election of the director will be determined by a plurality vote and the two nominees receiving the highest number of for votes will be elected. Approval of any other proposal, including ratification of the appointment of Virchow, Krause & Company, LLP as the Corporation's independent auditor for fiscal year 2009, will require the affirmative vote of a majority of the shares entitled to vote and present in person or represented by proxy at the Annual Meeting. Under our Bylaws and the Pennsylvania Business Corporation Law, an abstention or withholding of authority to vote will have the same legal effect as an against vote and will be counted in determining whether the proposal has received the required shareholder vote; however, a broker non-vote will have no effect on whether the proposal has received the required shareholder vote.

The cost of this solicitation will be borne by the Corporation. In addition to solicitation by mail, proxies may be solicited in person or by telephone, telegraph or teletype by officers, directors or employees of the Corporation, without additional compensation. Upon request, the Corporation will pay the reasonable expenses incurred by record holders of the Corporation's Common Shares who are brokers, dealers, banks or voting trustees, or their nominees, for mailing proxy materials to the beneficial owners of the shares they hold of record.

PROPOSAL 1

ELECTION OF DIRECTORS

The Board of Directors currently consists of five members divided into three classes.

The Board of Directors, based upon the recommendation of the Nominating and Corporate Governance Committee, has nominated Philip N. Seamon and Nicholas A. Giordano for election as directors at the Annual Meeting to serve until the 2012 annual meeting of shareholders and until his respective successor has been duly elected and qualified. Each nominee is a current director of the Corporation and previously has been elected as a director by the Corporation's shareholders. Messrs. Seamon and Giordano have each indicated their willingness to continue serving as directors. The Board of Directors knows of no reason why the nominees would be unable to serve as directors. If either of the nominees are for any reason be unable to serve, then the proxies will be voted for the election of such substitute nominee as the Board of Directors may designate, unless the Board of Directors reduces the number of directors on the board.

Assuming a quorum is present, the two nominees receiving the highest number of for votes will be elected. For such purposes, an abstention, the withholding of authority to vote or broker non-vote will not be counted in determining whether the nominee has received the required shareholder vote. The Board of Directors recommends that the shareholders vote for the election of each of Messrs. Seamon and Giordano as a director for the ensuing term.

The following table sets forth certain information concerning the nominees and the persons whose terms as directors will continue after the Annual Meeting, including their ages and principal occupations during the past five years:

Messrs. Giordano and Masucci are first cousins.		

Independence of the Board of Directors

Under our corporate governance guidelines, the Board, with the assistance of legal counsel and the Nominating and Corporate Governance Committee, uses the current standards for independence established by The Nasdaq Stock Market, LLC, referred to in the remainder of this proxy statement as Nasdaq, to determine director independence. The Board of Directors has determined that the following directors, constituting a majority of the members of the Board, are independent as defined in the corporate governance rules of the Nasdaq Stock Market, LLC: Messrs. Giordano, Masucci, McKenna and Seamon.

4

Edgar Filing: INTRICON CORP - Form DEF 14A

The independence standards of Nasdaq are composed of objective standards and subjective standards. Under the objective standards, a director will not be deemed independent if he directly or indirectly receives payments for services (other than as a director) in excess of certain thresholds or if certain described relationships exist. Under the subjective independence standard, a director will not be deemed independent if he has a material relationship with the Corporation that, in the view of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Under the Nasdaq rules, an independent director must satisfy both the objective and the subjective standards.

In evaluating the independence of Mr. Seamon, the Board considered that Mr. Seamon was a senior managing director in the corporate finance practice of FTI Consulting, Inc., which provided consulting services to the Corporation in 2005, but did not provide any services in 2006, 2007 or 2008. The Board determined that Mr. Seamon was independent under the objective Nasdaq standards because: (i) no payments were made to Mr. Seamon directly in exchange for the services provided to the Corporation by FTI Consulting, Inc. and (ii) the amounts paid to FTI Consulting, Inc. did not exceed the thresholds contained in the Nasdaq standards. The Board also determined that Mr. Seamon was independent under the subjective Nasdaq standard for the reasons discussed above and because: (i) the last payment made by the Corporation to FTI Consulting, Inc. was in 2005 and the Corporation did not use FTI Consulting in 2006, 2007 or 2008, and (ii) Mr. Seamon was no longer an employee of FTI Consulting.

In evaluating the independence of Mr. McKenna, the Board considered that a partner of the law firm retained by the Corporation since 2002 is the son-in-law of Mr. McKenna. See Certain Relationships and Related Party Transactions. The Board determined that Mr. McKenna was independent under the objective Nasdaq standards because: (i) no payments were made to Mr. McKenna or his son-in-law directly in exchange for the services provided to the Corporation by the law firm and (ii) the amounts paid to the law firm did not exceed the thresholds contained in the Nasdaq standards. The Board also determined that Mr. McKenna was independent under the subjective Nasdaq standard for the reasons discussed above and because Mr. McKenna's son-in-law was not personally involved in the law firm's legal representation of the Corporation.

Communication with the Board

Shareholders may communicate with the Board of Directors, including any individual director, by sending a letter to the Board of Directors, c/o Corporate Secretary, IntriCon Corporation, 1260 Red Fox Road, Arden Hills, Minnesota 55112. The Corporate Secretary has the authority to disregard any inappropriate communications or to take other appropriate actions with respect to any such inappropriate communications. If deemed an appropriate communication, the Corporate Secretary will submit your correspondence to the Chairman of the Board or to any specific director to whom the correspondence is directed.

Meetings of the Board and Committees

The Corporation's Board of Directors held ten meetings in 2008. During 2008, all directors of the Corporation attended at least 75% of the total number of meetings of the Board of Directors of the Corporation and all committees of which they were members.

Attendance at Annual Meeting of Shareholders

The Board of Directors has adopted a policy that all of the directors should attend the annual meeting of shareholders, absent exceptional cause. All five of the directors attended the 2008 annual meeting of shareholders.

Code of Ethics

The Corporation has adopted a code of ethics that applies to its directors, officers and employees, including its chief executive officer, chief financial officer, controller and persons performing similar functions. Copies of the Corporation's code of ethics are available without charge upon written request directed to Cari Sather, Director of Human Resources, IntriCon Corporation, 1260 Red Fox Road, Arden Hills, MN 55112. A copy of the code of ethics is also available on the Corporation's website: www.intricon.com. The Corporation intends to satisfy the disclosure requirement under Item 5.05 of SEC Form 8-K regarding any future amendments to a provision of its code of ethics by posting such information on the Corporation's website: www.intricon.com.

Director Compensation for 2008

Edgar Filing: INTRICON CORP - Form DEF 14A

The following table sets forth information concerning the compensation earned during the year ended December 31, 2008 by each of our directors that was not also an employee.

Name	Fees Earned or Paid in Cash (\$)	Stock Awards (1) (\$)	Option Awards (2) (\$)	All Other Compensation (\$)	Total (\$)
Nicholas A. Giordano	45,500	—	18,597	—	64,097
Robert N. Masucci	38,500	—	18,597	—	57,097
Michael J. McKenna	63,500(3)	—	20,152	—	83,652
Philip N. Seamon	34,000	—	20,887	—	54,887

- (1) We have not granted any stock awards to our directors. Under the Non-Employee Director and Executive Officer Stock Purchase Program, directors may purchase Common Shares directly from the Corporation at the last reported sale price on the date that the election to purchase is made. During 2008, Mr. Giordano purchased 5,000 Common Shares from the Corporation under this program at a cost of \$21,250. See Non-Employee Director and Executive Officer Stock Purchase Program.
- (2) The amounts included in the Option Awards column represent the compensation cost we recognized in 2008 related to option awards granted in 2008 and prior years, in accordance with Statement of Financial Accounting Standards No. 123(R). For a discussion of valuation assumptions, see Note 12 to our consolidated financial statements included in our annual report on Form 10-K for the fiscal year ended December 31, 2008. However, as required by SEC regulations, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. The grant date fair value of each stock option award made in 2008 to each of Messrs. Giordano, Masucci, and Seamon was \$33,854 and to Mr. McKenna was \$40,625. As of December 31, 2008, the number of stock option awards held by our non-employee directors was: Mr. Giordano 75,000; Mr. Masucci 75,000; Mr. McKenna 79,500; and Mr. Seamon 25,000.
- (3) Pursuant to the Non-Employee Directors Stock Fee Election Program, Mr. McKenna elected to have a total of \$12,235 of his director fees paid in Common Shares and received 1,902 Common Shares. See Non-Employee Directors Stock Fee Election Program.

For 2008, the Chairman of the Board received an annual retainer of \$49,000. The Chairman of the Audit Committee received an annual retainer of \$34,000. Each non-employee member of the Board, other than the Chairman of the Board and the Chairman of the Audit Committee, received an annual retainer of \$24,000. Each of the annual retainers was paid on a quarterly basis. In addition, each non-employee member of the Board received \$1,000 for each Board meeting attended in person and \$500 for each telephonic meeting of the Board attended, and \$1,000 for each committee meeting attended in person and \$500 for each telephonic meeting of the committee attended of which such non-employee member of the Board is a member; however, no fee was payable for telephonic board and committee meetings that last less than 30 minutes.

Directors are eligible to receive awards under the 2006 Equity Incentive Plan. The Compensation Committee has approved the automatic grant of options to non-employee directors who are re-elected or continue as a non-employee director at each annual meeting of shareholders as follows: chairman of the board - options to purchase 12,000 Common Shares and each other non-employee director - options to purchase 10,000 Common Shares. Accordingly, following the 2008 annual meeting, Mr. McKenna, in his capacity as chairman of the board, was granted an option to purchase 12,000 Common Shares, while each of Messrs. Giordano, Masucci, and Seamon was granted an option to purchase 10,000 Common Shares, in each case at an exercise price of \$8.98 per share, the fair market value on the date of the grant. Assuming that they are re-elected or continue as a director, as the case may be, at the 2009 annual meeting, the chairman of the board will receive an option to purchase 12,000 Common Shares, and each of the other non-employee directors will receive an option to purchase 10,000 Common Shares, in each case at an exercise price equal to the fair market value of the Common Shares on the date of the 2009 annual meeting. All director options vest in three equal, annual installments beginning one year after the date of grant, except that the options will become immediately exercisable upon a change in control as defined in the 2006 Equity Incentive Plan or the death or disability of the recipient, and expire ten years after the date of grant, unless terminated earlier by the terms of the option.

Non-Employee Directors Stock Fee Election Program

Edgar Filing: INTRICON CORP - Form DEF 14A

In December 2006, the Board of Directors approved the Non-Employee Directors Stock Fee Election Program, referred to as the Program, as an award under the 2006 Equity Incentive Plan. The Program gives each non-employee director the right under the 2006 Equity Incentive Plan to elect to have some or all of his quarterly director fees paid in Common Shares rather than cash. The minimum amount that can be the subject of such election by a director is 25% of his quarterly director fees. The shares to be issued will be valued based on the last reported sale price of the Common Shares as reported on Nasdaq on the first business day of each calendar quarter when quarterly director fees are paid. The number of shares that will be issued for any such quarterly director fees with respect to which an election is in effect will be equal to the amount of the election divided by the applicable last sale price. No fractional shares will be issued and a director will receive cash in lieu of any fractional shares. That portion of the quarterly director fees for which no election is in effect will continue to be paid in cash. The shares so purchased will be deemed fully vested as of the quarterly payment date. In 2008, Mr. McKenna elected to have a total of \$12,235 of his director fees paid in Common Shares and received 1,902 Common Shares.

Non-Employee Director and Executive Officer Stock Purchase Program.

In July 2008, the Compensation Committee approved the Non-Employee Director and Executive Officer Stock Purchase Program (the Purchase Program) as an award under the 2006 Equity Incentive Plan. The purpose of the Purchase Program is to permit the Company's non-employee directors and executive officers to purchase Common Shares directly from the Corporation. Pursuant to the Purchase Program, participants may elect to purchase Common Shares not exceeding an aggregate of \$100,000 during any fiscal year. Participants may make such election one time during each ten business day period following the public release of the Corporation's earnings announcement (a Window Period) and only if such participant is not in possession of material, non-public information concerning the Corporation and subject to the discretion of the Board to prohibit any transactions in Common Shares by directors and executive officers during a Window Period. The purchase price of the Common Shares to be issued pursuant to the Program will be equal to the last reported sale price of the Common Shares as reported on the Nasdaq Global Market on the business day on which the election is made. Elections by participants may not be modified or revoked. During 2008, Mr. Giordano purchased 5,000 Common Shares from the Corporation under the Purchase Program at a cost of \$21,250.

7

Director Share Ownership Requirements

In April 2006, the Nominating and Corporate Governance Committee adopted a policy that all directors must purchase and own Common Shares with a purchase price equal to at least one-year's annual director fees. All directors are in compliance with this policy.

Committees of the Board

The Board of Directors of the Corporation has established an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee.

Audit Committee. The Board of Directors of the Corporation has appointed a standing Audit Committee consisting of Messrs. Giordano (Chairman), Masucci, and McKenna. The Board of Directors has determined that each member of the Audit Committee is independent, as defined in applicable Nasdaq corporate governance rules and SEC regulations. In addition, the Board of Directors has determined that Mr. Giordano qualifies as an audit committee financial expert, as defined in applicable SEC rules. The Audit Committee held ten meetings in 2008.

The Audit Committee is governed by a written charter approved by the Board of Directors, a copy of which is available on our website at www.intricon.com. The principal duties of the Audit Committee are to monitor the integrity of the financial statements of the Corporation, the compliance by the Corporation with legal and regulatory requirements and the independence and performance of the Corporation's independent auditors. The Audit Committee also approves all related party transactions and establishes procedures for (i) the receipt, retention and treatment of complaints received by the Corporation regarding accounting, internal accounting controls or auditing matters, and (ii) the confidential, anonymous submissions by the Corporation's employees of concerns regarding questionable accounting or auditing matters. In addition, the Committee selects the firm to be engaged as the Corporation's independent public accountants, and approves the engagement of the independent public accountants for all non-audit activities permitted under the Sarbanes-Oxley Act of 2002. The report of the Audit Committee appears on page 35.

Compensation Committee. The Board of Directors of the Corporation has appointed a standing Compensation Committee currently consisting of Messrs. McKenna (Chairman), Seamon, and Masucci. The Board of Directors has determined that each member of the Compensation Committee is independent, as defined in applicable Nasdaq corporate governance rules. The Compensation Committee reviews and makes recommendations to the Board of Directors concerning officer compensation and officer and employee bonus programs and administers the 2006 Equity Incentive Plan, Corporation's 2001 Stock Option Plan, Amended and Restated 1994 Stock Option Plan, Non-Employee Directors Stock Option Plan and Employee Stock Purchase Plan. The Compensation Committee met five times in 2008.

Edgar Filing: INTRICON CORP - Form DEF 14A

The Compensation Committee is governed by a written charter approved by the Board of Directors, a copy of which is available on our website at www.intricon.com. The principal duties of the Compensation Committee are to formulate, evaluate and approve the compensation of the Corporation's executive officers, oversee all compensation programs involving the issuance of the Corporation's stock and other equity securities of the Corporation, and, if required, review and discuss with the Corporation's management the Compensation Discussion and Analysis and preparing the Committee's report thereon for inclusion in the Corporation's annual proxy statement in accordance with applicable rules and regulations.

8

A discussion of the Compensation Committee's processes and procedures for the consideration and determination of executive and director compensation is included in Compensation Discussion and Analysis.

Nominating and Corporate Governance Committee. The Board of Directors of the Corporation has appointed a standing Nominating and Corporate Governance Committee currently consisting of Messrs. McKenna (Chairman), Giordano, Masucci and Seamon. The Board of Directors has determined that each member of the Nominating and Corporate Governance Committee is independent, as defined in applicable Nasdaq corporate governance rules. The Nominating and Corporate Governance Committee met once in 2008.

The Nominating and Corporate Governance Committee is governed by a written charter approved by the Board of Directors, a copy of which is available on our website at www.intricon.com. The principal duties of the Nominating and Corporate Governance Committee are to identify individuals qualified to become members of the Board consistent with the criteria approved by the Committee, consider nominees made by shareholders in accordance with the Corporation's bylaws, select, or recommend to the Board, the director nominees for each annual shareholders meeting, recommend to the Board directors to be appointed to each Committee of the Board, recommend to the Board whether to increase or decrease the size of the Board, develop and recommend to the Board corporate governance principles and oversee the evaluations of the Board and senior management.

Director Nomination Process

Consideration of Director Candidates Recommended by Shareholders. The Nominating and Corporate Governance Committee will consider properly submitted shareholder recommendations for director candidates. A shareholder who wishes to recommend a prospective director nominee should send a signed and dated letter to the Chairman of the Nominating and Corporate Governance Committee, c/o Corporate Secretary, IntriCon Corporation, 1260 Red Fox Road, Arden Hills, Minnesota 55112 with the following information:

the name and address of the shareholder making the recommendation and of each recommended nominee;

a representation that the shareholder is a holder of record, and/or a beneficial owner, of voting stock of the Corporation entitled to vote at the meeting and intends to appear in person or by proxy at the meeting to vote for the person(s) recommended if nominated;

a description of all arrangements and understandings between the shareholder and each recommended nominee and any other person(s), naming such person(s), pursuant to which the recommendation was submitted by the shareholder;

such other information regarding each recommended nominee as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had the nominee been nominated by the Nominating and Corporate Governance Committee, including the principal occupation of each recommended nominee; and

the consent of each recommended nominee to serve as a director if so nominated and elected.

The deadline for submitting the letter recommending a prospective director nominee for the 2010 annual meeting of shareholders is November 13, 2009. All late or non-conforming recommendations will be rejected.

9

In addition, under the Corporation's bylaws, shareholders are permitted to nominate directors to be elected at a meeting of shareholders by providing notice and the other required information specified in the bylaws. Although shareholders may nominate directors, such nominees will not appear in the Corporation's proxy statement or in the proxy solicited by the Board of Directors. The Corporation's amended and restated

bylaws are available, at no cost, at the SEC's website, www.sec.gov, as Exhibit 3.1 to the Corporation's Current Report on Form 8-K filed October 12, 2007 or upon the shareholder's written request directed to the Corporate Secretary at the address given above.

Director Qualifications. The Nominating and Corporate Governance Committee has the sole authority to select, or to recommend to the Board of Directors, the Board of Director nominees to be considered for election as a director. Nominees for director must be at least 21 years old. Nominees for director will be selected on the basis of outstanding achievement in their careers; broad experience; education; independence under applicable Nasdaq and SEC rules; financial expertise; integrity; financial integrity; ability to make independent, analytical inquiries; understanding of the business environment; and willingness to devote adequate time to Board and committee duties. The proposed nominee should have sufficient time to devote their energy and attention to the diligent performance of the director's duties, including attendance at Board and committee meetings and review of the Corporation's financial statements and reports, SEC filings and other materials. Finally, the proposed nominee should be free of conflicts of interest that could prevent such nominee from acting in the best interest of shareholders.

Additional special criteria apply to directors being considered to serve on a particular committee of the Board. For example, members of the Audit Committee must meet additional standards of independence and have the ability to read and understand the Corporation's financial statements.

Identifying and Evaluating Nominees for Director. The Nominating and Corporate Governance Committee assesses the appropriate size of the Board in accordance with the limits fixed by the Corporation's charter and bylaws, whether any vacancies on the Board are expected and what incumbent directors will stand for re-election at the next meeting of shareholders. If vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee considers candidates for director suggested by members of the Nominating and Corporate Governance Committee and other Board members as well as management, shareholders and other parties. The Nominating and Corporate Governance Committee also has the sole authority to retain a search firm to identify and evaluate director candidates. Except for incumbent directors standing for re-election as described below, there are no differences in the manner in which the Nominating and Corporate Governance Committee evaluates nominees for director, based on whether the nominee is recommended by a shareholder or any other party.

In the case of an incumbent director whose term of office expires, the Nominating and Corporate Governance Committee reviews such director's service to the Corporation during the past term, including, but not limited to, the number of Board and committee meetings attended, as applicable, quality of participation and whether the candidate continues to meet the general qualifications for a director outlined above, including the director's independence, as well as any special qualifications required for membership on any committees on which such director serves. When a member of the Nominating and Corporate Governance Committee is an incumbent director eligible to stand for re-election, such director will not participate in that portion of the Nominating and Corporate Governance Committee meeting at which such director's potential nomination for election as a director is discussed by the Nominating and Corporate Governance Committee.

In the case of a new director candidate, the Nominating and Corporate Governance Committee will evaluate whether the nominee is independent, as independence is defined under applicable Nasdaq corporate governance rules, and whether the nominee meets the qualifications for director outlined above as well as any special qualifications applicable to membership on any committee on which the nominee may be appointed to serve if elected. In connection with such evaluation, the Nominating and Corporate Governance Committee determines whether the committee should interview the nominee, and if warranted, one or more members of the Nominating and Corporate Governance Committee interviews the nominee in person or by telephone.

Upon completing the evaluation, and the interview in case of a new candidate, the Nominating and Corporate Governance Committee makes a decision as to whether to nominate the director candidate for election at the shareholders meeting.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Background

The Compensation Committee of our Board of Directors administers our compensation program for executive officers. The objectives of our compensation program are to attract and retain talented and dedicated executive officers and to align a significant portion of their compensation with our business objectives and performance.

Elements of Executive Compensation

Our compensation program for executive officers consists of the following elements:

Base Salary. Base salary is designed to reward the performance of our executive officers in their daily fulfillment of their responsibilities to us. The Compensation Committee determines the base salary of each of our executive officers by evaluating their scope of responsibilities and experience, years of service with us, our performance and the performance of each of the executive officers during the past year, the executive's future potential and competitive salary practices. We believe that our base salaries are competitive with other companies of our size.

Annual Cash Incentive Compensation. The Compensation Committee's philosophy is that a significant portion of the total potential compensation of our executive officers should depend upon the degree of our financial and strategic success in a particular year. The Compensation Committee approved the 2008 Bonus Plan, which is not set forth in a written agreement. Pursuant to the 2008 Bonus Plan, each of the executive officers was eligible to receive a cash bonus based on (i) our exceeding certain earnings per share target amounts for the fiscal year 2008 and (ii) our achievement of certain strategic objectives. Each component of the 2008 Bonus Plan accounted for one-half of the target bonus payable. Depending upon the earnings per share target amount and the achievement of the strategic objectives, Mr. Gorder was eligible to receive a bonus of up to 110% of his 2008 base salary and each of the other executive officers was eligible to receive a bonus of up to 55% of their respective 2008 base salary.

Edgar Filing: INTRICON CORP - Form DEF 14A

In February 2009, the Compensation Committee adopted the Annual Incentive Plan for Executives and Key Employees for Fiscal Year 2009 (the 2009 Incentive Plan). For further information, see 2009 Incentive Plan.

Long-Term Incentive Compensation in the Form of Stock Awards. In 2006, our Board of Directors and shareholders approved the 2006 Equity Incentive Plan. The 2006 Equity Incentive Plan is designed to:

promote the long-term retention of our employees, directors and other persons who are in a position to make significant contributions to our success;

further reward these employees, directors and other persons for their contributions to our growth and expansion;

provide additional incentive to these employees, directors and other persons to continue to make similar contributions in the future; and

further align the interests of these employees, directors and other persons with those of our shareholders.

15

To achieve these purposes, the 2006 Equity Incentive Plan permits the Compensation Committee to make awards of stock options, stock appreciation rights, restricted stock or unrestricted stock, deferred stock, restricted stock units or performance awards for our Common Shares. For more information concerning the 2006 Equity Incentive Plan, see 2006 Equity Incentive Plan.

Stock options are granted at the fair market value of our Common Shares on the date of grant. Stock options are granted based on various factors, including the executive's ability to contribute to our long-term growth and profitability.

Employee Stock Purchase Plan. All of our fulltime employees, including our executive officers (other than Mr. Gorder), are entitled to participate in our Employee Stock Purchase Plan. Under this Plan, employees may purchase our Common Shares at a discount of up to 10% through payroll deductions.

Non-Employee Director and Executive Officer Stock Purchase Program. Under the Non-Employee Director and Executive Officer Stock Purchase Program, executive officers may purchase Common Shares directly from the Corporation at the last reported sale price on the date that the election to purchase is made. During 2008, the executive officers did not purchase any Common Shares from the Corporation under this program.

Other Benefits. All of our fulltime employees, including our executive officers, are entitled to participate in our health insurance, life insurance and 401(k) plans. We also maintain a disability insurance policy on behalf of certain of the members of our senior management, including Messrs. Gorder, Binnix, Geraci, Longval, Conger, Gruenhagen and Gonsior, that is in addition to the disability benefits that we maintain for our salaried employees.

Additional Benefits Payable to the Chief Executive Officer. Mr. Gorder, our Chief Executive Officer, receives additional benefits under our employment agreement with him. Under this agreement, we maintain disability insurance for Mr. Gorder's benefit. Additionally, under the employment agreement, we are required to reimburse Mr. Gorder for his country club membership fees. We are also required to provide Mr. Gorder with an automobile for use in connection with the performance of his duties under the employment agreement and reimburse him for all expenses reasonably incurred by him for the maintenance and operation, including fuel, of the automobile.

Processes and Procedures for the Determination of Executive Officer and Director Compensation

Scope of Authority of the Compensation Committee. The scope of the Compensation Committee's authority and responsibilities is set forth in its charter, a copy of which is available on our website at www.intricon.com. The Compensation Committee's authority includes the authority to:

determine the following with respect to our executive officers: (i) the annual base salary level, (ii) the annual incentive opportunity level, (iii) the long-term incentive opportunity level, (iv) employment agreements, severance agreements, change in control agreements/provisions and other compensatory arrangements, in each case as, when and if appropriate, and (v) any special or supplemental benefits, in each case subject to the terms of any existing applicable employment agreement terms; and

determine the compensation payable to directors and members of committees of the board, including the Chairman of the Board and the Chairman of each committee, other than directors who are our salaried employees.

Delegation of Authority. As provided under the Compensation Committee's charter, the Compensation Committee may delegate its authority to special subcommittees of the Compensation Committee as the Compensation Committee deems appropriate, consistent with applicable law and Nasdaq listing standards. Additionally, the 2006 Equity Incentive Plan permits the Compensation Committee, subject to criteria, limitations and instructions as the Compensation Committee determines, to delegate to an appropriate officer of the Corporation the authority to determine the individual participants under that Plan and amount and nature of the award to be issued to such participants; provided, that no awards may be made pursuant to such delegation to a participant who is subject to Section 16(b) of the Securities Exchange Act of 1934, as amended. To date, the Compensation Committee has not delegated its responsibilities other than delegating to the Chief Executive Officer and Chief Financial Officer the authority to grant a limited number of stock options under the 2006 Equity Incentive Plan to non-executive employees.

Role of Management in Determining or Recommending Executive Compensation. Traditionally, the Compensation Committee reviews our executive compensation program in December and/or January of each year, although decisions in connection with new hires and promotions are made on an as-needed basis. Mr. Gorder, our President and Chief Executive Officer, makes recommendations concerning the amount of compensation to be awarded to our executive officers, including himself, but does not participate in the Compensation Committee's deliberations or decisions. The Compensation Committee reviews the recommendations together with a tally sheet showing all items of executive compensation. After a presentation by Mr. Gorder, the Committee meets in executive session to discuss and consider the recommendations and makes a final determination.

Role of Compensation Consultants in Determining or Recommending Executive Compensation. Under its charter, the Compensation Committee has authority to retain, at the Corporation's expense, such counsel, consultants, experts and other professionals as it deems necessary. To date, the Compensation Committee has not relied on consultants. Instead, from time to time, the Compensation Committee conducts an informal survey of area companies and review the compensation practices of the surveyed companies.

At the request of the Compensation Committee, the Corporation retained RSM McGladrey to review the Corporation's compensation structure on a company-wide basis in 2008. Based on their review, RSM McGladrey concluded that the Corporation's overall compensation structure appears to be comparable with that of similarly situated companies. In conjunction with their review, RSM McGladrey assisted in the development of the 2009 Incentive Plan.

Determination of Executive Compensation

Base Salary. Typically, the Compensation Committee reviews and adjusts base salaries on an annual basis. In December 2007, the Compensation Committee increased the 2008 base salary of each of our executive officers ranging from approximately 12% to 28%. Additionally, the Compensation Committee may increase base salary as a result of promotions. In December 2008, the Compensation Committee determined that due to the current economic climate that the base salaries of the executive officers would not be increased for 2009.

Annual Cash Incentive Compensation. In December 2008, the Compensation Committee determined that because the minimum target under the 2008 Bonus Plan had not been met, Mr. Gorder, our President and Chief Executive Officer and the other executive officers, would not be entitled to a bonus for 2008.

Long-Term Incentive Compensation in the Form of Stock Awards. The Compensation Committee generally makes awards on an annual basis but also makes awards in connection with new hires and promotions.

In December, 2008, the Compensation Committee awarded stock options to the Corporation's executive officers under the 2006 Equity Incentive Plan to purchase Common Shares at an exercise price of \$4.69 per share, the fair market value of the Common Shares on the date of grant. On January 20, 2009, the Compensation Committee awarded stock options to certain of the Corporation's other key employees under the 2006 Equity Incentive Plan to purchase Common Shares at an exercise price of \$4.00 per share per share.

Edgar Filing: INTRICON CORP - Form DEF 14A

Generally, the options will become exercisable in three equal, annual installments beginning one year from the date of grant or earlier upon the death, disability or retirement of the recipient or our change of control (as defined in the 2006 Equity Incentive Plan).

For information concerning stock options granted to our executive officers for 2008, see Outstanding Equity Awards at Fiscal Year End.

Employment Agreements and Change in Control Arrangements

In October, 2007, we entered into employment agreements with Mark S. Gorder, our President and Chief Executive Officer, and the executive officers named in our Summary Compensation Table.

The employment agreement with Mr. Gorder was based on his prior employment agreement and incorporated the provisions of the change in control agreement that was then in effect. The employment agreements with the other executive officers also contain a similar change in control provision. Among other things, each employment agreement provides for a fixed employment term, subject to annual renewals, the executive's base salary and the executive's right to participate in our bonus plans, equity plans and other employee benefits. In addition, in the event that (i) there occurs a change in control (as defined in the agreements) or sale of our assets accounting for 90% of more of our sales and (ii) the executive's employment is involuntarily terminated within one year afterwards, the executive will be entitled to payment of his base salary for one year (two years for Mr. Gorder) in a lump sum and continuation of his medical benefits for a period of one year.

The change in control provisions that we use contain a double trigger requirement, meaning that for an executive to receive a payment under the change of control provision, there must be both a change of control, as defined in the applicable agreement, and an involuntary termination of the executive's employment. The double trigger requirement was chosen to prevent us from having to pay substantial payments in connection with a change in control where an executive had not suffered any adverse employment consequences. However, all stock options will vest and become immediately exercisable upon a change of control, regardless of whether the executive is involuntarily terminated.

We believe that employment agreements and change in control protections are important to attract and retain talented executive officers and to protect our executive officers from a termination or significant change in responsibilities arising after a change in control. For more information, see Employment Agreements and Potential Payments Upon Termination of Employment or Change in Control.

Accounting and Tax Considerations

Under our prior stock options plans, the Compensation Committee was limited to issuing stock options. The Compensation Committee is evaluating making awards using the other types of awards permitted under the 2006 Equity Incentive Plan in light of Statement of Financial Accounting Standards No. 123, Share-Based Payment (revised 2004), commonly referred to as FAS 123(R). This accounting standard, which we adopted as of January 1, 2006, requires us to record as compensation expense the grant date fair value of a stock option over the life of the option. Prior to the adoption of FAS 123(R), no compensation expense was required to be recorded in connection with stock options granted at fair market value. The Compensation Committee intends to consider the compensation expense of option and other equity grants when making future awards; however, given that, traditionally, the Compensation Committee has not made large grants of option awards to our executive officers and employees, we do not expect that the compensation expense associated with option grants will have a material effect on our reported earnings.

Generally, Section 162(m) of the Internal Revenue Code of 1986, referred to as the Internal Revenue Code, and the Internal Revenue Service, referred to as the IRS, regulations adopted under that section, which are referred to collectively as Section 162(m), deny a deduction to any publicly held corporation, such as the Corporation, for certain compensation exceeding \$1,000,000 paid during each calendar year to each of the chief executive officer and the four other highest paid executive officers, excluding, among other things, certain qualified performance-based compensation. Our policy is to maximize the tax deductibility of compensation paid to our most highly compensated executives under Section 162(m). For example, our 2006 Equity Incentive Plan is intended to satisfy certain of the requirements for an exemption for qualified performance-based compensation under Section 162(m). We do not believe that Section 162(m) will have a material adverse effect on us in 2009.

Binnix, our Vice President and General Manager of RTI Electronics; Christopher D. Conger, our Vice President, Research and Development; Michael P. 2009 Incentive Plan

In February 2009, the Compensation Committee adopted the 2009 Incentive Plan. Pursuant to the 2009 Incentive Plan, executive officers and selected key employees of IntriCon are eligible to receive incentive compensation based on (i) IntriCon exceeding certain net income targets for 2009 and (ii) achievement of designated strategic objectives. A participant will receive incentive compensation only if both the minimum net income target and some or all of the strategic objectives are achieved.

Based on IntriCon achieving 100% of targeted net income for 2009, Mr. Gorder would be eligible to receive incentive compensation equal to 50% of his 2009 salary and each of the other Named Officers would be eligible to receive incentive compensation equal to 40% of their 2009 salary. In the event that IntriCon achieves 80% of targeted net income for 2009, Mr. Gorder would be eligible to receive incentive compensation equal to 25% of his 2009 salary and each of the other executive officers would be eligible to receive incentive compensation equal to 20% of their 2009 salary. In the event that IntriCon achieves 150% of targeted net income for 2009, Mr. Gorder would be eligible to receive incentive compensation equal to 75% of his 2009 salary and each of the other executive officers would be eligible to receive incentive compensation equal to 60% of their 2009 salary. Between these points, the amount of the incentive compensation available will increase or decrease proportionately based upon IntriCon achieving more or less than targeted net income; however, no incentive compensation will be paid if IntriCon achieves less than 80% of targeted net income and the maximum incentive compensation payable is capped at IntriCon achieving 150% of target net income. IntriCon will establish weighted strategic objectives for the executives and, in all cases, the amount of incentive compensation paid will depend on the extent to which strategic objectives are satisfied.

The following table shows the potential amounts payable to the current Named Officers under the 2009 Incentive Plan at different levels of target net income, assuming, in each case, that all of the strategic objectives are met:

Equity Plans

The following descriptions summarize our equity plans pursuant to which eligible employees, including the Named Officers, and directors receive equity based awards. Our 2006 Equity Incentive Plan, which was adopted by our shareholders at the 2006 annual meeting of shareholders, replaced our 2001 Stock Option Plan (described below) and the Amended and Restated Non-Employee Director Stock Option Plan, referred to collectively as the Old Plans. No additional grants may be made under the Old Plans. Outstanding grants under the Old Plans continue to be governed by their terms and the terms of the Old Plans.

2006 Equity Incentive Plan

At the 2006 annual meeting of shareholders of the Corporation, shareholders approved the 2006 Equity Incentive Plan.

The 2006 Equity Incentive Plan permits grants of incentive stock options, options not intended to qualify as incentive stock options, stock appreciation rights, restricted and unrestricted stock awards, restricted stock units, deferred stock units, performance awards, supplemental cash awards and combinations of the foregoing.

The 2006 Equity Incentive Plan is administered by the Compensation Committee of the Board of Directors. The Compensation Committee determines the type of awards to be granted under the 2006 Equity Incentive Plan; selects award recipients and determines the extent of their participation; determines the method or formula for establishing the fair market value of the Common Shares for various purposes under the 2006 Equity Incentive Plan; and establishes all other terms, conditions, restrictions and limitations applicable to awards and the Common Shares issued pursuant to awards, including, but not limited to, those relating to a participant's retirement, death, disability, leave of absence or termination of employment. The Compensation Committee may accelerate or defer the vesting or payment of awards, cancel or modify outstanding awards, waive any conditions or restrictions imposed with respect to awards or the Common Shares issued pursuant to awards and make any and all other interpretations and determinations which it deems necessary with respect to the administration of the 2006 Equity Incentive Plan, other than a reduction of the exercise price of an option after the grant date and subject to the provisions of Section 162(m) of the Internal Revenue Code with respect to covered employees, as defined in Section 162(m) of the Internal Revenue Code, except that the Committee may not, without the consent of the holder of an award or unless specifically authorized by the terms of the plan or an award, take any action with respect to such award if such action would adversely affect the rights of such holder.

22

The maximum total number of shares for which awards may be granted under the 2006 Equity Incentive Plan is 698,500 Common Shares, subject to appropriate adjustment in a manner determined by the Board of Directors to reflect changes in the Corporation's capitalization; however, such authorized share reserve will be increased from time to time by a number of shares equal to the number of Common Shares that are issuable pursuant to option grants outstanding under the Old Plans as of April 26, 2006 that, but for the termination and/or suspension of the Old Plans, would otherwise have reverted to the share reserve of the Old Plans pursuant to the terms thereof as a result of the expiration, termination, cancellation or forfeiture of such options.

As of March 6, 2009:

options to purchase 515,450 Common Shares were outstanding under the 2006 Equity Incentive Plan;

the total number of shares available for new awards under the 2006 Equity Incentive Plan was 245,067 Common Shares; and

Edgar Filing: INTRICON CORP - Form DEF 14A

options to purchase 399,200 Common Shares were outstanding under the Old Plans, which shares will become available for new awards under the 2006 Equity Incentive Plan in the event of the cancellation, expiration, forfeiture or repurchase of such awards.

2001 Stock Option Plan

The 2001 Stock Option Plan provided for the grant of incentive stock options (as defined in Section 422 of the Internal Revenue Code) and non-qualified stock options for officers and other key employees of the Corporation.

The Compensation Committee administers the 2001 Stock Option Plan. Stock options are generally subject to vesting, which means the optionee earns the right to exercise an increasing number of the shares underlying the option over a specific period of time only if he or she continues to provide services to the Corporation over that period. Non-qualified stock options granted under the 2001 Stock Option Plan must have a per share exercise price of at least the fair market value of the Common Shares on the date of grant. Incentive stock options granted under the 2001 Stock Option Plan must have a per share exercise price of at least 100% of the fair market value of the Common Shares on the date of grant, and not less than 110% of the fair market value in the case of incentive stock options granted to an employee who holds more than 10% of the total voting power of all classes of the Corporation's stock or any parent or subsidiary's stock. Payment of the exercise price or purchase price with respect to any award may be made in cash or other consideration as determined by the Compensation Committee. The term of an option cannot be longer than 10 years from the date of grant or five years from the date of grant of an incentive stock option in the case of a greater than 10% shareholder.

Potential Payments Upon Termination of Employment or Change in Control

Our employment agreements with the executive officers named in the Summary Compensation Table provide the following material terms in the event of the termination of the employment of the executive under certain circumstances:

in the event of the termination of the executive's employment without cause, we are required to pay the executive's base salary and medical benefits for a severance period equal to one year (two years in the case of Mr. Gorder with respect to salary); provided that for any executive that has less than 12 years of continuous service with us, the severance period will be equal to 30 days for each year of continuous full-time employment, but in no event less than 90 days or more than one year. We are required to pay the present value of the base salary in a lump sum, using a discount rate of 6%;

in the event that (i) there occurs a change in control or sale of our assets accounting for 90% or more of our sales and (ii) the executive's employment is involuntarily terminated within one year afterwards, we are required to pay the executive's base salary for one year (two years for Mr. Gorder) in a lump sum and to continue medical benefits for a period of one year;

in the sole and absolute discretion of the Board of Directors, in the event that the executive is terminated without cause or there occurs a change of control followed by the executive's involuntary termination, we may elect to pay executive a prorated amount of the bonus that executive would have been entitled to receive for the year in which he was terminated;

Edgar Filing: INTRICON CORP - Form DEF 14A

the immediate vesting of all stock options and equity awards held by the executive in the event of a change in control or in the event that the executive's employment is terminated (i) by us for any reason other than cause or (ii) by the executive under circumstances that constitute an involuntary termination; and

a one year non-competition covenant (or, if longer, for so long as the period with respect to which executive is entitled to receive, or has received, payment of severance following a termination by us without cause or change of control) and covenants concerning confidentiality and inventions.

In the event that we give a notice of non-renewal of the term of the agreement to the executive and, within 12 months after the date of the non-renewal notice, the executive's employment is terminated by us for any reason other than cause or the death or disability of executive, then the executive will be entitled to the severance benefits described above with respect to a termination without cause except that the severance period shall be reduced by the number of days between the date of the non-renewal notice and the termination of executive's employment.

As defined in the employment agreements:

Asset Sale means the sale of our assets (including the stock or assets of our subsidiaries) to which 90% or more of our consolidated sales volume is attributable.

25

Cause means the following, provided that, in the case of circumstances described in the fourth through sixth clauses below, we must have first given written notice to executive, and executive must have failed to remedy the circumstances as determined in the sole discretion of the Board of Directors within 30 days after such notice:

fraud or dishonesty in connection with executive's employment or theft, misappropriation or embezzlement of our funds;

conviction of any felony, crime involving fraud or knowing misrepresentation, or of any other crime (whether or not such felony or crime is connected with his employment) the effect of which in the judgment of the Board of Directors is likely to adversely affect us or our affiliates;

material breach of executive's obligations under the employment agreement;

repeated and consistent failure of executive to be present at work during normal business hours unless the absence is because of a disability as defined in the agreement;

willful violation of any express direction or requirement established by the Board of Directors, as determined by a majority of Board of Directors;

insubordination, gross incompetence or misconduct in the performance of, or gross neglect of, executive's duties under the employment agreement, as determined by a majority of the Board of Directors; or use of alcohol or other drugs which interfere with the performance by executive of his duties, or use of any illegal drugs or narcotics.

Change of control means an asset sale or a change in majority stock ownership.

Change in majority stock ownership means the acquisition by any person (as such term is used in Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, referred to as the Exchange Act), including any affiliate or associate as defined in Rule 12b-2 under the Exchange Act of such person, or any group of persons acting in concert, other than us, any trustee or other fiduciary holding securities under an employee benefit plan of ours, or any corporation or other entity owned, directly or indirectly, by our shareholders in substantially the same proportion as their ownership of capital stock of us, of beneficial ownership (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of 50% or more of the combined voting power of our then outstanding securities.

Involuntarily terminated means:

any termination of the employment of executive by us other than for cause, death or disability; or

any termination of employment of the executive by executive following:

Edgar Filing: INTRICON CORP - Form DEF 14A

- o a material diminution in the executive's base compensation;
- o a material diminution in the executive's authority, duties, or responsibilities;
- o a material diminution in the authority, duties, or responsibilities of the supervisor to whom the executive is required to report, including a requirement that an executive report to a corporate officer or employee instead of reporting directly to the board of directors;
- o a material diminution in the budget over which the executive retains authority;
- o a material change in the geographic location at which the executive must perform the services; or
- o any other action or inaction that constitutes a material breach by us under the agreement.

26

Provided, however, that with respect to any termination by executive pursuant to the foregoing, executive shall have first provided notice to us of the existence of the condition proposed to be relied upon within 90 days of the initial existence of the condition, and shall have given us a period of 30 days during which we may remedy the condition and we shall have failed to do so during such period.

The change in control provisions that we use contain a "double trigger" requirement, meaning that for an executive to receive a payment under the change of control provision, there must be both a change of control, as defined in the applicable agreement, and an involuntary termination of the executive's employment. The double trigger requirement was chosen to prevent us from having to pay substantial payments in connection with a change in control where an executive had not suffered any adverse employment consequences. However, all stock options will vest and become immediately exercisable upon a change of control, regardless of whether the executive is involuntarily terminated.

Disability Benefits for Certain Named Officers. We provide all of our full-time salaried employees with short-term disability benefits for six months. We also maintain a disability insurance policy on behalf of certain members of our senior management, including Messrs. Gorder, Binnix, Geraci and Gonsior, that is in addition to the disability benefits that we maintain for our salaried employees. In the event that any of these executives became disabled, as provided in their respective policies, was unable to return to the performance of their duties after six months and was terminated as an employee effective as of December 31, 2008, they would be paid monthly benefits until age 65 as follows: Mr. Gorder - \$8,370 per month; Mr. Binnix - \$4,480 per month; Mr. Geraci - \$6,450 per month; Mr. Gonsior - \$5,860 per month; Mr. Conger - \$3,000 per month; Mr. Gruenhagen - \$6,935 per month; and Mr. Longval \$3,250 per month.

Equity Plans. Our Named Officers hold unvested stock options under our 2001 Stock Option Plan and our 2006 Equity Incentive Plan. Under the 2001 Stock Option Plan, upon the death, disability, retirement or change of control of us, the holder of an option generally can exercise only options that have vested as of the date of such event. In addition, that plan gives the Compensation Committee the authority to accelerate the vesting of any unvested options.

Under our 2006 Equity Incentive Plan, all unvested options will automatically accelerate and become vested upon the death, disability, retirement of the holder or upon a change of control of us, as defined in that Plan.

Under both the 2001 Stock Option Plan and 2006 Equity Incentive Plan, options held by an employee whose employment is terminated for cause, as defined in those plans, will terminate immediately. In addition, under both such plans, the voluntary resignation of employment by an employee will not result in the acceleration of unvested options.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Mr. Gorder, our president, chief executive officer and a director, is a general partner (with a one-third interest) of Arden Partners I, L.L.P., a Minnesota limited liability partnership, referred to as Arden, that owns and leases to our subsidiary, Resistance Technology, Inc., referred to as RTI, property under a lease entered into November 31, 1991, and amended and restated on November 1, 1996. The leased property is one of RTI's two manufacturing facilities. In 2002, the lease was renewed with a term of October 31, 2011. Under the lease, RTI pays Arden a base monthly rent of approximately \$30,667. In 2008, we paid Arden approximately \$477,000 for rent, taxes and other charges. Mr. Gorder's interest in such payment was approximately \$159,000.

We use the law firm of Blank Rome LLP for legal services. A partner of that firm, David A. Dorey, is the son-in-law of the Chairman of our Board of Directors, Mr. McKenna; however, the legal services are provided by other attorneys at that firm and not by Mr. Dorey. In 2008, we paid that firm approximately \$235,000 for legal services and costs. The interest of Mr. Dorey in such amount is not determinable.

In order to reduce printing costs and postage fees, the Corporation has adopted the process called householding for mailing its annual report and proxy statement to street name holders, which refers to shareholders whose shares are held in a stock brokerage account or by a bank or other nominee. This means that street name holders who share the same last name and address will receive only one copy of the Corporation's annual report and proxy statement, unless the Corporation receives contrary instructions from a street name holder at that address. the Corporation will continue to mail a proxy card to each shareholder of record.

If you prefer to receive multiple copies of the Corporation's proxy statement and annual report at the same address, you may obtain additional copies by writing to IntriCon Corporation. Attention: Scott Longval, Chief Financial Officer, 1260 Red Fox Road, Arden Hills, Minnesota 55112 or by calling (651) 604-9526. Eligible shareholders of record receiving multiple copies of the annual report and proxy statement can request householding by contacting The Corporation in the same manner.
