# UNITED STATES SECURITIES AND EXCHANGE COMMISSION

Washington, D.C. 20549

#### FORM 8-K/A

#### **Current Report**

Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934

Date of Report (Date of earliest event reported): February 6, 2001

### THE DOW CHEMICAL COMPANY

(Exact name of registrant as specified in its charter)

Delaware

1-3433

38-1285128

(State or other jurisdiction of incorporation or organization)

(Commission file number)

(I.R.S. Employer Identification No.)

#### 2030 DOW CENTER, MIDLAND, MICHIGAN 48674

(Address of principal executive offices) (Zip Code)

Registrant's telephone number, including area code: **517-636-1000** Effective April 7, 2001, the area code for Midland, Michigan will change from 517 to 989.

#### Not applicable

(Former name, former address and former fiscal year, if changed since last report)

#### Item 7. Financial Statements and Exhibits.

This Current Report on Form 8-K/A is being filed as an amendment to the Current Report on Form 8-K filed by The Dow Chemical Company on February 20, 2001, describing the merger with Union Carbide Corporation.

(a) Financial statements of businesses acquired.

The financial statements of businesses acquired are incorporated herein by reference to the financial statements, including notes to financial statements, contained in the Union Carbide Corporation Annual Report on Form 10-K for the year ended December 31, 2000, filed with the U.S. Securities and Exchange Commission on March 8, 2001.

(b) Pro forma financial information.

The following describes the pro forma effect of the merger of The Dow Chemical Company and Union Carbide Corporation as required pursuant to Article 11 of Regulation S-X.

2

#### **Unaudited Pro Forma Combined Condensed Financial Information**

The following describes the pro forma effect of the merger on the historical condensed statements of income for the years ended December 31, 2000, 1999 and 1998 and the historical condensed balance sheet as of December 31, 2000 of The Dow Chemical Company and Union Carbide Corporation under the assumptions and adjustments described below.

The pro forma adjustments reflect the application of the pooling of interests method of accounting for a business combination. The unaudited pro forma combined condensed financial information and the accompanying notes should be read in conjunction with the historical financial statements and related notes of Union Carbide Corporation (incorporated by reference in this Current Report on Form 8-K/A) and The Dow Chemical Company.

The unaudited pro forma combined condensed financial information is provided for informational purposes only and does not purport to represent what the combined financial position and results of operations would actually have been had the merger and other pro forma adjustments in fact occurred at the dates indicated. The following unaudited pro forma combined condensed statements of income and unaudited pro forma combined condensed balance sheet illustrate the estimated effects of the merger as if that transaction had occurred for the statements of income as of January 1, 1998 and for the balance sheet as of December 31, 2000. The unaudited pro forma combined condensed statements of income do not include the impact of all the nonrecurring charges or credits directly attributable to the transaction.

For financial accounting purposes, the merger has been accounted for using the pooling of interests method of accounting. Accordingly, the recorded historical cost basis of the assets and liabilities of The Dow Chemical Company and Union Carbide Corporation have been carried forward to the combined company and the historical results of operations of the separate companies for all fiscal years before the merger have been combined. No adjustments have been made to the historical financial statements of The Dow Chemical Company or Union Carbide Corporation to conform the accounting policies of the combining companies as the nature and amounts of such adjustments are not significant. In addition, no adjustments have been made in the unaudited pro forma combined condensed financial information for transactions between The Dow Chemical Company and Union Carbide Corporation as such transactions were determined to be immaterial.

#### **Notes to Unaudited Pro Forma Combined Condensed Financial Information**

#### (in millions, except per share amounts)

- The Dow Chemical Company (Dow) and Union Carbide Corporation (Union Carbide) estimate they will incur direct transaction costs of approximately \$118 (pretax) associated with the merger. These costs consist primarily of investment banking, legal and accounting fees. At December 31, 2000, \$67 had been incurred and deferred. The unaudited pro forma combined condensed balance sheet reflects the transaction costs as if they had been paid in total as of the end of 2000.
- Adjustments reflect a reclassification of Union Carbide's reported amounts of depreciation; certain selling, general and administrative expenses; amortization of intangibles; partnership income; interest income; insurance and finance company operations pretax income; prepaid expenses; noncurrent receivables; accounts payable; pension and other post retirement liabilities; and deferred tax liabilities to conform to Dow's presentation.
- Adjustments for the issuance of 218.4 million shares of Dow common stock to effect the exchange of Union Carbide common stock at the exchange ratio of 1.611 shares of Dow common stock for each share of Union Carbide common stock, and for the retirement of Union Carbide common stock held in treasury. For accounting purposes, the Dow common shares held in treasury issued to effect the pooling of interest are first treated as though the shares of stock are retired and then reissued. The cost basis of the retired Dow common stock held in treasury is \$4,340 and the cost basis of Union Carbide treasury stock as of December 31, 2000 is \$1,020. The cost of the retired treasury stock in excess of the additional paid-in capital balance is recorded as an adjustment to retained earnings.
- (4)

  The pro forma combined per share amounts and weighted-average common shares outstanding reflect the combined weighted-average of Dow and Union Carbide common shares outstanding for all periods presented, after adjusting the number of Union Carbide

common shares to reflect the exchange ratio of 1.611 shares of Dow common stock for each share of Union Carbide common stock. Share data has also been adjusted to reflect the three-for-one split of Dow's common stock on June 16, 2000.
