SOUTH JERSEY INDUSTRIES, INC.
PROXY STATEMENT

This statement is furnished on behalf of the Company's Board of Directors to solicit proxies for use at its Annual Meeting of Shareholders. The meeting is scheduled for Thursday, April 17, 2003, at 10:00 a.m. at the Renault Winery Restaurant, 72 N. Bremen Avenue, Egg Harbor City, New Jersey. The approximate

Edgar Filing: SOUTH JERSEY INDUSTRIES INC - Form DEF 14A

date proxy materials will be sent to shareholders is March 14, 2003.

The Company bears the cost of this solicitation, which is primarily made by mail. However, the Secretary or employees of the Company may solicit proxies by phone, telegram, fax, e-mail or in person. The Company may also use a proxy-soliciting firm at a cost not expected to exceed \$2,500, plus expenses, to distribute to brokerage houses and other custodians, nominees, and fiduciaries additional copies of the proxy materials and Annual Report to Shareholders for beneficial owners of our stock.

Only shareholders of record at the close of business on February 27, 2003 may vote at the meeting. On that date, the Company had 12,241,272 shares of Common Stock outstanding. Shareholders are entitled to one vote per share on each matter to be acted upon.

A quorum is necessary to conduct the business of the meeting. This means that holders of at least a majority of the outstanding shares of Common Stock must be present at the meeting, either by proxy or in person. Directors are elected by a plurality vote of all votes cast at the meeting. The approval of the Company's auditors and other matters that come before the meeting require the affirmative vote of a majority of the votes cast at the meeting. Abstentions and broker non-votes will be treated as present to determine a quorum but will not be deemed to be cast and, therefore, will not affect the director elections or the approval of the appointment of the independent auditors.

Properly signed proxies received by the Company will be voted at the meeting. If a proxy contains a specific instruction as to any matter to be acted on, the shares represented by the proxy will be voted in accordance with those instructions. If you sign and return your proxy but do not indicate how to vote for a particular matter, your shares will be voted "For" the election of the nominated slate of directors and "For" approval of the appointment of Deloitte & Touche LLP as the Company's independent auditors. A shareholder who returns a proxy may revoke it at any time before it is voted. If you attend the meeting and wish to revoke your proxy, you must notify the meeting's secretary in writing prior to the voting of the proxy. If any other matters or motions properly come before the meeting, including any matters dealing with the conduct of the meeting, it is the intention of the persons named in the accompanying proxy card to vote such proxy in accordance with their judgment.

DIRECTOR ELECTIONS

At the Annual Meeting, four directors are to be elected to the Board of Directors. Three nominees are to be elected as Class II Directors to hold office for a term of three years and one nominee is to be elected as a Class III Director for a one-year term. As designated on the proxy card, unless otherwise instructed, proxy votes will be cast for the following persons as directors: Class II (term expiring in 2006) -- Shirli M. Billings, Ph.D., Sheila Hartnett-Devlin, CFA, and Frederick R. Raring; Class III (term expiring in 2004) -- Clarence D. McCormick. The Board of Directors currently consists of nine members. All of the nominees previously have been elected by the Company's shareholders and are currently serving as directors. While we do not anticipate that, if elected, any of the nominees will be unable to serve, if any should be unable to accept the nomination or election, the persons designated as proxies on the proxy card will vote for the election of such other person as the Board of Directors may recommend.

THE BOARD OF DIRECTORS

Meetings of the Board of Directors and its Committees

The Board of Directors met six times in 2002. Each director attended 93% or more of the total number of meetings of the Board of Directors and the meetings of the committees of the Board on which he or she served, except for Ms. Hartnett-Devlin, who attended 73% of such meetings. Ms. Hartnett-Devlin's attendance was affected by increased work requirements associated with September 11th's tragic impact on her firm. During 2002, each of the directors of the Company also served on the Boards of one or more of South Jersey Gas Company, South Jersey Energy Company, Energy & Minerals, Inc. and R&T Group, Inc., all of which are direct subsidiaries of the Company. There are six standing committees of the Board: the Audit Committee; the Compensation/Pension Committee; the Environmental Committee; the Executive Committee; the Nominating and Governance Committee; and the Management Development Committee.

The Audit Committee of the Board of Directors, which met four times during 2002, is comprised of four "independent" directors as that term is defined in the listing standards of the New York Stock Exchange: Dr. Herman D. James,

Chairman; Sheila Hartnett-Devlin; William J. Hughes; and Frederick R. Raring. The Audit Committee: (1) annually recommends to the Board a firm of independent public accountants for appointment, subject to shareholder approval, as auditors of the Company; (2) reviews with the independent auditors the scope and results of each annual audit; (3) reviews with the independent auditors, the Company's internal auditors and management, the quality and adequacy of the Company's internal controls and the internal audit function's organization, responsibilities, budget and staffing; and (4) considers the possible effect on

Edgar Filing: SOUTH JERSEY INDUSTRIES INC - Form DEF 14A

the objectivity and independence of the independent auditors of any non-audit services to be rendered to the Company. The Audit Committee's activities and the scope of its responsibilities as adopted by the Company's Board of Directors are more fully described in the Audit Committee Report (at page 14). The Board of Directors has adopted a written charter for the Audit Committee.

The Compensation/Pension Committee of the Board of Directors, which met four times during 2002, is comprised of five non-employee directors: Clarence D. McCormick, Chairman; Dr. Shirli M. Billings; Sheila Hartnett-Devlin; W. Cary Edwards; and Dr. Herman D. James. The Compensation/Pension Committee: (1) is responsible for making grants under and otherwise administering the Company's Stock-Based Compensation Plan; (2) reviews and makes recommendations to the Board of Directors on the operation, performance and administration of the retirement plans, other employee benefit plans and employment policies; and (3) reviews and makes recommendations to the Board of Directors on forms of compensation, including the performance and levels of compensation of the officers of the Company.

The Environmental Committee of the Board of Directors, which did not meet during 2002, is comprised of four directors: Charles Biscieglija; Keith S. Campbell; W. Cary Edwards; and Frederick R. Raring. The Environmental Committee: (1) reviews and evaluates management activities with respect to environmental remediation of the Company's and its subsidiaries' current and former properties; and (2) oversees litigation against the Company's insurance carriers for the recovery of remediation costs.

The Executive Committee of the Board of Directors, which met five times during 2002, is comprised of five directors: Charles Biscieglija, Chairman; Dr. Shirli M. Billings; W. Cary Edwards; Dr. Herman D. James; and Clarence D. McCormick. The Executive Committee: (1) formulates policies to be followed in planning and conducting the business and affairs of the Company; and (2) may act on behalf of the Board of Directors during intervals between meetings of the Board in managing the business and affairs of the Company.

The Nominating and Governance Committee of the Board of Directors, which met one time during 2002, was comprised of seven directors: Dr. Shirli M. Billings, Chairman; Charles Biscieglija; Keith S. Campbell; Sheila Harnett-Devlin; William J. Hughes; Clarence D. McCormick; and Frederick R. Raring. Among its functions, the Nominating Committee: (1) maintains a list of prospective candidates for director, including those recommended by shareholders; (2) reviews the qualifications of candidates for director; (3) makes recommendations to the Board of Directors to fill vacancies and for nominees for election to be voted on by the shareholders; and (4) is responsible for monitoring the implementation of the Company's Corporate Governance Policy. The Nominating and Governance Committee will consider nominees for the Board of Directors recommended by shareholders and submitted, in compliance with the Company's bylaws, in writing to the Secretary of the Company. Any shareholder wishing to propose a nominee should submit a recommendation in writing to the Company's Secretary, indicating the nominee's qualifications and other relevant biographical information and providing confirmation of the nominee's consent to serve as a director. Mr. Biscieglija resigned as a member of the Nominating and Governance Committee as of December 1, 2002. Henceforth, all of the members of the Committee are expected to be "independent" directors as that term is defined in the listing standards of the New York Stock Exchange.

- 7 -

The Management Development Committee of the Board of Directors, which met once during 2002, is comprised of five directors: Charles Biscieglija, Chairman; Dr. Shirli M. Billings; Keith S. Campbell; W. Cary Edwards; and Dr. Herman D. James. The Management Development Committee: (1) reviews the Company's programs

Edgar Filing: SOUTH JERSEY INDUSTRIES INC - Form DEF 14A

and practices used to develop employees identified for leadership positions in the organization; and (2) evaluates training and educational programs to assure that they reflect current and emerging workplace, industry and general business issues.

Compensation of Directors

During 2002, non-employee directors received shares of restricted stock with a market value of \$8,000. In addition, they receive \$1,000 for each meeting of the Board of the Company or its subsidiaries attended, except that the maximum fee paid to any person for attendance at one or more meetings of these boards held on the same day is \$1,000. Non-employee directors also receive \$500 for each meeting of a Committee of the Board of the Company or of a subsidiary that they attend if the meeting is held on the same day as a Board meeting or \$1,000 if the meeting is held on any other day. During 2002, chairmen of each committee were paid an additional \$200 for each meeting of their committee that they attend. During 2002, non-employee members of the Executive Committee were paid an annual retainer of \$13,600, and all other non-employee Board members received an annual retainer of \$11,100. The Company has established a policy to recognize exceptional service to the Company beyond the service normally provided by a Board member. In 2002, no payments were made under this policy. Directors who are also officers of the Company receive no separate compensation for serving on the Board. The Company has established a plan whereby directors may elect to defer the receipt of fees until a specified date or until retirement from the Board. The deferred amount, together with interest, may be paid in a lump sum or in equal annual installments as the director elects.

Effective January 1, 2003, non-employee directors receive annually shares of restricted stock with a market value of \$9,000. Non-employee members of the Executive Committee are paid an annual retainer of \$16,600 and all other non-employee directors are paid an annual retainer of \$14,100. Chairmen of each committee are paid an additional \$300 per meeting. Non-employee directors who participate telephonically in a Board or Committee meeting receive \$500.

COMPENSATION/PENSION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation/Pension Committee consists of five non-employee directors. Among other responsibilities, the Committee makes recommendations to the Board about the Company's executive compensation policies, practices and objectives; administers the Company's Stock-Based Compensation Plan; and grants awards to selected key employees at its discretion in consultation with the Company's Chief Executive Officer (other than awards to the Chief Executive Officer).

The current structure emerged from a 1998 comprehensive review which examined the Company's executive compensation philosophy and approach. That study drew upon the experience and knowledge of Committee members in consultation with their independent compensation consultant. In November 2002, the Committee revisited executive compensation to ensure that the key components of the existing structure remained consistent with contemporary compensation methods and tools. The Committee determined that the compensation components currently in place support the mission of the Company's compensation policies, which is to attract and retain qualified executive management. Moreover, the Committee believes that the existing structure maintains an approach which aligns the interest of Company shareholders with the financial incentives of executives on a short-term and long-term basis.

- 8 -

At the direction of the Committee, in November 2002, the compensation consultant prepared and presented an updated comprehensive report which

Edgar Filing: SOUTH JERSEY INDUSTRIES INC - Form DEF 14A

reexamined both the components of executive compensation as currently applied at the Company and how executives' base salary, annual cash and long-term compensation compared to those of energy and general business companies. The consultant's report analyzed 16 industry peer companies with revenues comparable to those of the Company. The study, which uses a variety of executive compensation data sources, found that, overall, Company executives' base salary and annual total cash compensation levels were competitive at 97% and 94% of the market median, respectively. When long-term compensation was included, compensation levels were reported at the 75th percentile of the competitive market median. Using those same data sources, the total annual direct compensation of Mr. Biscieglija, our Chief Executive Officer, was reported at approximately 57% of the competitive market median.

The established incentive-based executive compensation structure consists of three parts, two of which are directly linked to achieving predefined short-term and long-term performance goals. These three components were fully implemented with respect to compensation and performance for fiscal year 2000 and each year thereafter. They are as follows:

- * Base Salary - which is set at the 50th percentile of the relevant peer market;
- * Annual Cash Awards - which provides an annual award, 75% of which is directly tied to the Company's earnings per share from continuing operations, with the balance based upon specific, predefined performance objectives for each executive; and
- * Long-Term Incentive - which employs equity-based instruments, currently restricted stock grants, which are earned based upon the Company's relative total shareholder return, measured against industry peer companies, over three-year cycles.

In general, executive base salaries, including that of Mr. Biscieglija, were increased in January 2002 to provide a 4.7% adjustment, which was the market adjustment recommended by the Committee's consultant. The base salary of several executives remained unchanged since they were at or above the 50th percentile of the competitive market median.

In January 2002, long-term incentive grants were provided to executives, including Mr. Biscieglija, in the form of restricted stock. The performance period for this long-term incentive is the three-year period ending December 31, 2004. The Committee established at-risk threshold, target and maximum incentive levels based upon total shareholder returns for the period compared to shareholder returns of the predefined peer group. Grants are detailed in the Summary Compensation Table. Also, on December 31, 2002, performance-based restricted stock grants provided in January 2000 vested and were awarded to executives, including Mr. Biscieglija. Awards are detailed in the Summary Compensation Table.

In January 2003, annual cash awards with respect to fiscal 2002 were provided to executives, including Mr. Biscieglija, 75% of which were based upon a predetermined earnings per share target from continuing operations for 2002, and the remaining 25% based upon individual performance goals. Awards are detailed in the Summary Compensation Table.

The Committee believes that the Company's performance over the past four years provides tangible evidence that at-risk compensation, both annual and long-term, should continue to represent a significant portion of total executive compensation. Annual incentives promote short-term performance which instills a measure of deserved confidence in the Company's ability to produce consistent results, year after year. The use of a time-restricted, stock-based incentive strongly encourages management to conduct the business of the Company in ways

that advance both the market value of its stock and its ability to continue to provide a competitive dividend to shareholders over time. The alignment of interests is desirable and works to the benefit of Company shareholders.

The executive officers of the Company are eligible for benefits under a tax-qualified pension plan for salaried employees provided by the Company. Compensation considered under the pension plan consists of base salary only, which in the case of the executive officers is included in the cash compensation reported in column (c) of the Summary Compensation Table. Employees do not make contributions to the plan, and the employer contributions (which are based on aggregate actuarial calculations without individual allocation) are held and invested in a diversified portfolio of funds of recognized standing until they are used to provide retirement benefits. Early retirement with reduced annual benefits is permitted (but not before age 55). Executive officers who are 50

years of age or older are also covered by an unfunded supplemental retirement plan that is designed in general to provide the officer with a minimum retirement benefit from the salaried employee pension plan and the supplemental plan that aggregates 2% of the average of the highest three of the final six years' salary (as defined in the plan), for each year of service, plus 5%. Assuming continued employment and retirement at age 60, Messrs. Bisciegia, Graham, Kindlick, Ruggiero and Walker will have, respectively, 36, 36, 35, 19 and 31 years of credited service. No credit is provided under the supplemental

plan for more than 30 years of service.

Employment Contracts

The Company has employment agreements with each of the Named Executives. Mr. Bisciegli's employment agreement is for the period ending January 31, 2004. The other Named Executives have agreements for a three-year period ending December 31, 2005, which provide for a base salary that will be reviewed periodically but will not be less than what was being paid at the beginning of the period. If a change of control (as defined in each agreement) occurs, the agreement is automatically extended for three years from the date the change of control occurs. If, during the extended term of the agreement, the officer's employment is terminated for other than cause, or if he resigns after there has been a significant adverse change in his employment arrangement with the Company, he is entitled to a severance payment equal to 300% of his average annual compensation during the preceding five calendar years. If the officer's employment agreement is terminated for other than cause without a change of control, he is entitled to a severance payment equal to 150% of his average annual compensation during the preceding five calendar years.

STOCK PERFORMANCE

The graph below compares the cumulative total return on the Company's Common Stock for the five-year period ended December 31, 2002 with the cumulative total return on the S&P 500 and the S&P Utility Index.
