## ITEM 1.01. ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

On December 16, 2014, Gartner, Inc. (“Gartner”) entered into a Credit Agreement (the “Credit Agreement”), among Gartner; the several lenders who are parties thereto from time to time; Wells Fargo Bank, National Association and Citizens Bank, N.A., as co-syndication agents; TD Bank, N.A., U.S. Bank National Association, Union Bank, N.A., SunTrust Banks, Inc. and Bank of America, as co-documentation agents; and JPMorgan Chase Bank, N.A., as administrative agent (the “Administrative Agent”). The Credit Agreement provides for a \$400 million term loan and a \$1.1 billion revolving credit facility. The term and revolving facilities may be increased, at Gartner’s option and under certain conditions, by up to an additional \$500 million in the aggregate. The term loan will be repaid in 16 consecutive quarterly installments commencing March 31, 2015, plus a final payment due on December 16, 2019, and may be prepaid at any time without penalty or premium (other than applicable breakage costs) at the option of Gartner. The revolving credit facility may be used for loans, and up to \$40 million may be used for letters of credit. The revolving loans may be borrowed, repaid and re-borrowed until December 16, 2019, at which time all amounts borrowed must be repaid.

On December 16, 2014, Gartner drew down the \$400 million term loan under the Credit Agreement. The initial drawdown was used to refinance the outstanding loans under that certain Credit Agreement, dated as of March 7, 2013, among Gartner; the several lenders who are parties thereto from time to time; Wells Fargo Bank, National Association and RBS Citizens, N.A., as co-syndication agents; and JPMorgan Chase Bank, N.A., as administrative agent (the “Existing Credit Facility”). Additional amounts drawn down under the Credit Agreement will be used for general working capital purposes. Gartner’s obligations under the Credit Agreement are guaranteed by each existing and future direct and indirect U.S. subsidiary. The Existing Credit Facility, which terminated by its terms in March 2018, was repaid and terminated in connection with the execution of the Credit Agreement. The Company undertook this refinancing to take advantage of current financing conditions and to obtain greater flexibility through a larger revolving credit facility.

Loans under the Credit Agreement bear interest at a rate equal to, at Gartner’s option, either (i) the greatest of: (x) the Administrative Agent’s prime rate; (y) the average rate on overnight federal funds plus 1/2 of 1%; (z) and the eurodollar rate (adjusted for statutory reserves) plus 1%, in each case plus a margin equal to between 0.125% and 0.50% depending on Gartner’s consolidated leverage ratio as of the end of the four consecutive fiscal quarters most recently ended, or (ii) the eurodollar rate (adjusted for statutory reserves) plus a margin equal to between 1.125% and 1.50%, depending on Gartner’s leverage ratio as of the end of the four consecutive fiscal quarters most recently ended. The commitment fee payable on the unused portion of the revolving credit facility is equal to between 0.15% and 0.25% based on utilization of the revolving credit facility. Gartner has also agreed to pay customary letter of credit fees.

The Credit Agreement contains certain customary restrictive loan covenants, including, among others, financial covenants requiring a maximum leverage ratio and a minimum interest expense coverage ratio, and covenants limiting Gartner’s ability to incur indebtedness, grant liens, make acquisitions, be acquired, dispose of assets, pay dividends, repurchase stock, make capital expenditures, make investments and enter into certain transactions with affiliates.

Edgar Filing: GARTNER INC - Form 8-K

The Credit Agreement contains customary events of default that include, among others, non-payment of principal, interest or fees, material inaccuracy of representations and warranties, violation of covenants, cross defaults to certain other indebtedness, bankruptcy and insolvency events, ERISA defaults, material judgments, and events constituting a change of control. The occurrence of an event of default will increase the applicable rate of interest by 2.0%, allows the lenders to terminate their

obligations to lend under the Credit Agreement and could result in the acceleration of Gartner's obligations under the credit facility and an obligation of any or all of the guarantors to pay the full amount of Gartner's obligations under the credit facility.

The foregoing description of the Credit Agreement is not complete and is qualified in its entirety by reference to the Credit Agreement, a copy of which will be filed as an exhibit to Gartner's Annual Report on Form 10-K for the year ended December 31, 2014 pursuant to Regulation S-K, Item 601(a)(4).
