-

Section 1 Registrant's Business and Operations

Item 1.01 Entry into a Material Definitive Agreement.

On October 30, 2006, Ivanhoe Energy (USA) Inc. (the Borrower), a wholly owned subsidiary of Ivanhoe Energy Inc. (the Parent), entered into a Credit Agreement (the Credit Agreement) with LaSalle Bank N.A. as administrative agent and issuing lender and the other lenders thereto (the Lenders). The Credit Agreement provides for a total borrowing base of US\$15 million with an Initial Borrower Base of US\$8 million, which will be available for the development of oil and gas properties, general corporate purposes and the commencement of engineering of HTL commercial facilities. The obligations are further guaranteed by the Parent and its other subsidiaries and secured under the security documents delivered therein.

Under the Credit Agreement, Borrower may request from Lenders either a base rate loan (the Base Rate Loan), which bears interest based at the Base Rate plus the Applicable Margin or a LIBOR loan (the LIBOR Loan, together with the Base Rate Loan, the Loans), which bears interest based on LIBOR plus the Applicable Margin. Borrower may also elect to, upon irrevocable written notice to the administrative agent, convert Loans into Loans of any other interest rate type, either Base Rate or LIBOR, or continue loans past the interest period expiration date.

Each loan shall bear interest on the aggregate outstanding principal amount from the applicable borrowing date or the date of conversion/continuation at a rate per annum equal to the lesser of (A) LIBOR or the Base Rate, as the case may be, plus the Applicable Margin or (B) as of a particular date, the maximum nonusurious interest rate that under applicable federal and state law may then be contracted for, charged or received by Lenders in connection with the obligations. All computations of interest for Base Rate Loans shall be made on the basis of a year of 365 or 366 days, as the case may be, and actual days elapsed. All other computations of fees and interest shall be made on the basis of a 360-day year and actual days elapsed. Interest and fees shall accrue during each period during which interest or such fees are computed from the first day thereof to the last day thereof.

The Credit Agreement has a final maturity date on either the earlier of the date that is two years after the date of the Credit Agreement or the date on which the Lenders commitments terminate in accordance with the provisions of the Credit Agreement.

Borrower may at any time or from time to time prepay the Loans without premium or penalty upon irrevocable notice to the administrative agent.

The Credit Agreement contains customary representations and warranties and affirmative and negative covenants including, among others: maintenance of proper books and records and delivery of financial statements and other reports, including a reserve report; preservation of existence; maintenance of property; maintenance of insurance with respect to its properties and business; payment of its obligations; compliance with laws; delivery of valid title information; compliance with ERISA and environmental laws; maintenance of its primary operative and depository accounts; authorized use of proceeds of the Loans; limitations on liens; limited disposition of assets; limitation on indebtedness; restrictions on transactions with affiliates; restrictions on disposition of assets; restrictions on consolidations and mergers; restrictions on margin stock; limitations on restricted payments and restrictive agreements; restrictions on a change in business and corporate structure and accounting treatment or reporting practices; restrictions on derivative contracts; restrictions on contingent obligations and restrictions on loans and investments.

The Credit Agreement provides for customary events of default including, among other things: non-payment; breach of any representation or warranty; failure to perform or observe any term or covenant contained in the Credit Agreement; cross-default; insolvency or voluntary proceedings; involuntary

proceedings; change of control; loss of permit; adverse change; revocation or invalidation of a guaranty; failure to observe, perform or comply with a material agreement; monetary judgment defaults of a specified amount; the existence of environmental claims and ERISA defaults.

A copy of the Credit Agreement will be filed in conjunction with Ivanhoe Energy Inc. 's 10-K filing.

Section 2 Financial Information

Item 2.03 Creation of an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

As of today 's date the only borrowing made by the Borrower under the Credit Agreement is a borrowing for US\$1.5 million made on November 1, 2006.

Section 8 Other Events

Item 8.01 Other Events.

On November 6, 2006, Ivanhoe Energy Inc. appointed Chicago-based LaSalle Bank N.A. its lead corporate bank for its business transactions worldwide.

Section 9 Financial Statements and Exhibits

Item 9.01 Financial Statements and Exhibits.
