PROXY STATEMENT

HEMISPHERX BIOPHARMA, INC.

INTRODUCTION

Edgar Filing: HEMISPHERX BIOPHARMA INC - Form PRE 14A

This proxy statement is furnished in connection with the solicitation of proxies for use at the annual meeting of stockholders of Hemispherx Biopharma, Inc. ("Hemispherx" or the "Company") to be held on Wednesday, June 23, 2004, and at any adjournments. The accompanying proxy is solicited by the Board of Directors of Hemispherx and is revocable by the stockholder by notifying Hemispherx's Corporate Secretary at any time before it is voted, or by voting in person at the annual meeting. This proxy statement and accompanying proxy will be distributed to stockholders beginning on or about May 17, 2004. The principal executive offices of Hemispherx are located at 1617 JFK Boulevard, Philadelphia, Pennsylvania 19103, telephone (215) 988-0080.

OUTSTANDING SHARES AND VOTING RIGHTS

RECORD DATE; OUTSTANDING SHARES

Only stockholders of record at the close of business on April 26, 2004, the record date, are entitled to receive notice of, and vote at the annual meeting. As of the record date, the number and class of stock outstanding and entitled to vote at the meeting was 42,363,928 shares of common stock, par value \$.001 per share. Each share of common stock is entitled to one vote on all matters. No other class of securities will be entitled to vote at the meeting. There are no cumulative voting rights.

The six nominees receiving the highest number of votes cast by the holders of common stock represented and voting at the meeting will be elected as Hemispherx's directors and constitute the entire board of directors of Hemispherx. The affirmative vote of at least a majority of the shares represented and voting at the annual meeting at which a quorum is present (which shares voting affirmatively also constitute at least a majority of the required quorum) is necessary for approval of Proposals No. 2, 3 and 4. Pursuant to the AMEX Company Guide, votes on Proposal No. 3 by Company stockholders who own the debentures and warrants referred to in that Proposal may not be counted with regard to that Proposal.

REVOCABILITY OF PROXIES

If you attend the meeting, you may vote in person, regardless of whether you have submitted a proxy. Any person giving a proxy in the form accompanying this proxy statement has the power to revoke it at any time before it is voted. It may be revoked by filing, with the corporate secretary of Hemispherx at its principal offices, 1617 JFK Boulevard, Suite 660, Philadelphia, PA 19103, a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the meeting and voting in person.

VOTING AND SOLICITATION

Every stockholder of record is entitled, for each share held, to one vote on each proposal or item that comes before the meeting. There are no cumulative voting rights. By submitting your proxy, you authorize William A. Carter and Ransom W. Etheridge and each of them to represent you and vote your

Edgar Filing: HEMISPHERX BIOPHARMA INC - Form PRE 14A

shares at the meeting in accordance with your instructions. Messrs. Carter and Etheridge and each of them may also vote your shares to adjourn the meeting from time to time and will be authorized to vote your shares at any adjournment or postponement of the meeting.

Hemispherx has borne the cost of preparing, assembling and mailing this proxy solicitation material. The total cost estimated to be spent and the total expenditures to date for, in furtherance of, or in connection with the solicitation of stockholders is approximately \$40,000. Hemispherx may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding soliciting materials to beneficial owners. Proxies may be solicited by certain of Hemispherx's directors, officers and employees, without additional compensation, personally, by telephone or by facsimile.

We have hired the firm of MacKenzie Partners, Inc. to assist in the solicitation of proxies on behalf of the Board of Directors. MacKenzie has agreed to perform this service for a proposed fee of \$5,000 plus out-of-pocket expenses.

ADJOURNED MEETING

The chair of the meeting may adjourn the meeting from time to time to reconvene at the same or some other time, date and place. Notice need not be given of any such adjournment meeting if the time, date and place thereof are announced at the meeting at which the adjournment is taken. If the time, date and place of the adjournment meeting are not announced at the meeting which the adjournment is taken, then the Secretary of the Corporation shall give written notice of the time, date and place of the adjournment meeting not less than ten (10) days prior to the date of the adjournment meeting. Notice of the adjournment meeting also shall be given if the meeting is adjourned in a single adjournment to a date more than 30 days or in successive adjournments to a date more than 120 days after the original date fixed for the meeting.

TABULATION OF VOTES

The votes will be tabulated and certified by Hemispherx's transfer agent.

VOTING BY STREET NAME HOLDERS

If you are the beneficial owner of shares held in "street name" by a broker, the broker, as the record holder of the shares, is required to vote those shares in accordance with your instructions. If you do not give instructions to the broker, the broker will nevertheless be entitled to vote the shares with respect to "discretionary" items but will not be permitted to vote the shares with respect to "non-discretionary" items (in which case, the shares will be treated as "broker non-votes").

QUORUM; ABSTENTIONS; BROKER NON-VOTES

The required quorum for the transaction of business at the annual meeting is a majority of the shares of common stock entitled to vote at the annual meeting, in person or by proxy. Shares that are voted "FOR," "AGAINST" or "WITHHELD FROM" a matter are treated as being present at the meeting for purposes of establishing a quorum and are also treated as shares represented and voting the votes cast at the annual meeting with respect to such matter.

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, Hemispherx believes that abstentions should be counted for purposes of determining both: (i) the presence or absence of a quorum for the transaction of business; and (ii) the total

Edgar Filing: HEMISPHERX BIOPHARMA INC - Form PRE 14A

number of votes cast with respect to a proposal (other than the election of directors). In the absence of controlling precedent to the contrary, Hemispherx intends to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote against the proposal (other than the election of directors).

Under current Delaware case law, while broker non-votes (i.e. the votes of shares held of record by brokers as to which the underlying beneficial owners have given no voting instructions) should be counted for purposes of determining the presence or absence of a quorum for the transaction of business, broker non-votes should not be counted for purposes of determining the number of votes cast with respect to the particular proposal on which the broker has expressly not voted. Hemispherx intends to treat broker non-votes in this manner. Thus, a broker non-vote will make a quorum more readily obtainable, but the broker non-vote will not otherwise affect the outcome of the voting on a proposal.

DEADLINE FOR RECEIPT OF STOCKHOLDER PROPOSALS

Proposals of stockholders to be considered for inclusion in the Proxy Statement and proxy card for the 2005 Annual Meeting of Stockholders must be received by the Company's Secretary, at Hemispherx Biopharma, Inc., 1617 JFK Boulevard, Philadelphia, PA 19103 no later than , 2005.

Pursuant to the Company's Restated and Amended Bylaws all stockholder proposals may be brought before an annual meeting of stockholders only upon timely notice thereof in writing having been given the Secretary of the Company. To be timely, a stockholder's notice, for all stockholder proposals other than the nomination of candidates for director, shall be delivered to the Secretary at the principal executive offices of the Company not less than sixty (60) nor more than ninety (90) days prior to the anniversary date of the immediately preceding annual meeting of stockholders; provided, however, that in the event that the annual meeting is called for a date that is not within thirty (30) days before or after such anniversary date, the stockholder's notice in order to be timely must be so received not later than the close of business on the tenth (10th) day following the day on which such notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever first occurs. To be timely, a stockholder's notice, with respect to a stockholder proposal for nomination of candidates for director, shall be delivered to the Secretary at the principal executive offices of the Company not less than ninety (90) nor more than one hundred twenty (120) days prior to the anniversary date of the immediately preceding annual meeting of stockholders; provided, however, that in the event that the annual meeting is called for a date that is not within thirty (30) days before or after such anniversary date, the stockholder's notice in order to be timely must be so received not later than the close of business on the tenth (10th) day following the day on which such notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever first occurs. Provided, however, in the event that the stockholder proposal relates to the nomination of candidates for director and the number of directors to be elected to the Board of Directors of the Company at an annual meeting is increased and there is no public announcement by the Company naming all of the nominees for director or specifying the size of the increased Board of Directors at least one hundred days prior to the first anniversary of the preceding year's annual meeting, a stockholder's notice shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it shall be delivered to the Secretary at the principal executive offices of the Company not later than the close of business on the tenth day following the day on which such public announcement is first made by the Company. All stockholder proposals must contain all of the information required under the Company's Bylaws, a copy of which is available upon written request, at no charge, from the Secretary.

Edgar Filing: HEMISPHERX BIOPHARMA INC - Form PRE 14A

The Company reserves the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

Four of the incumbent directors attended 100% of the Board Meetings and one incumbent, Iraj Eqhbal Kiani,

Edgar Filing: HEMISPHERX BIOPHARMA INC - Form PRE 14A

attended two meetings.

INFORMATION CONCERNING COMMITTEES OF THE BOARD

The board of directors maintains the following committees:

Executive Committee.

The Executive Committee is composed of William A. Carter, Chief Executive Officer and President, Ransom W. Etheridge, Secretary and director, and Iraj-Eqhbali Kiani. The Executive Committee makes recommendations to management regarding general business matters of Hemispherx.

Compensation Committee.

The Compensation Committee is composed of Dr. William Mitchell, director, and Richard C. Piani, director. The Compensation Committee makes recommendations concerning salaries and compensation for employees of and consultants to Hemispherx.

Nominating Committee.

The Nominating Committee is composed of Dr. William Mitchell, Dr. Iraj-Eqhbali Kiani and Richard Piani, all determined by the Board of Directors to be independent directors under the AMEX Company Guide. This Committee is responsible for recommending to the Board the slate of nominees to be put forth for election by the stockholders at our annual meeting. This Committee also reviews proposals for nominations from stockholders that are submitted in accordance with the procedures published in our proxy statement.

The Nominating Committee does not currently have a charter. The committee utilizes a subjective analysis to identify and evaluate candidates to be nominated as directors, including but not limited to, general business knowledge, experience with financial reporting, interest in the Company's business and related marketing businesses, and willingness to serve. However, there are currently no minimum qualifications or standards that the Company seeks for director nominees. The Company does not engage or pay any third party to assist in the process of identifying or evaluating candidates for a director position. The Company would consider candidates for director nominees recommended by stockholders in accordance with the requirements of Delaware law. If stockholder nominations were made, the Nominating Committee would perform an investigation of the candidate to determine if the candidate were qualified and would present the stockholder nomination in the proxy statement to be subject to a vote of the stockholders.

Audit Committee and Audit Committee Expert.

Hemispherx's Audit Committee of the Board of Directors consists of Richard Piani, Committee Chairman, William Mitchell, M.D. and Iraj Eqhbali Kiani, M.B.A., Ph.D. Mr. Piani, Dr. Mitchell and Dr. Iraj-Eqhbali Kiani, all determined by the Board of Directors to be independent directors under Section 121B(2)(a)(i) of the AMEX Company Guide. Hemispherx does not have a financial expert as defined in Securities and Exchange Commission rules on the committee in the true sense of the description. However, Mr. Piani is a businessman and has 40 years of experience working with budgets, analyzing financials and dealing with financial institutions. Hemispherx believes Mr. Piani, Dr. Mitchell and Iraj Eqhbali Kiani to be independent of management and free of any relationship that would interfere with their exercise of independent judgment as members of this committee. The principal functions of the Audit Committee are to (i) annually recommend independent accountants, (ii) prepare the reports or statements as may be required by AMEX or the securities laws, (iii) review the adequacy of Hemispherx's system of internal accounting controls and Hemispherx's audited

Edgar Filing: HEMISPHERX BIOPHARMA INC - Form PRE 14A

financial statements and reports, (iv) discuss the statements and reports with management, including any significant adjustments, management judgments and estimates, new accounting policies and disagreements with management, and (vi) review disclosures by independent accountants concerning relationships with Hemispherx and the performance of Hemispherx's independent accountants.

The Board of Directors is currently reviewing the charter of the Audit Committee and plan to vote on an updated and revised charter at the Board Meeting scheduled for June 23, 2004.

Audit Committee Report.

The primary responsibility of the Audit Committee (the "Committee") is to assist the Board of Directors in discharging its oversight responsibilities with respect to financial matters and compliance with laws and regulations. The primary methods used by the Committee to fulfill its responsibility with respect to financial matters are:

- o To appoint, evaluate, and, as the Committee may deem appropriate, terminate and replace our independent auditors;
- o To monitor the independence of our independent auditors;
- o To determine the compensation of our independent auditors;
- o To pre-approve any audit services, and any non-audit services permitted under applicable law, to be performed by our independent auditors;
- o To review our risk exposures, the adequacy of related controls and policies with respect to risk assessment and risk management;
- o To monitor the integrity of our financial reporting processes and systems of control regarding finance, accounting, legal compliance and information systems;
- o To facilitate and maintain an open avenue of communication among the Board of Directors, management and our independent auditors.

The Audit Committee is composed of three directors, and the Board has determined that each of those directors is independent as that term is defined in Sections 121(B)(2)(a)(i) of the American Stock Exchange Company Guide.

In March 2004, the Board re-elected Mr. Piani, Dr. Mitchell and Iraj-Eqhbali Kiani to the Audit Committee effective March 11, 2004, subject to their election to the Board by stockholders at the Annual Meeting.

The Committee has met four times in 2003.

In discharging its responsibilities relating to internal controls, accounting and financial reporting policies and auditing practices, the Committee discussed with our independent auditor, BDO Seidman, LLP, the overall scope and process for its audit. The Committee regularly meets with BDO Seidman, LLP, with and without management present, to discuss the results of its examinations, the evaluations of our internal controls and the overall quality of our financial reporting.

The Committee has discussed with BDO Seidman, LLP its judgments about the quality, in addition to the acceptability, of our accounting principles as applied in our financial reporting, as required by Statement on Auditing Standards No. 61 "Communications with Audit Committees."

The Committee also has received the written disclosures and the letter

Edgar Filing: HEMISPHERX BIOPHARMA INC - Form PRE 14A

from BDO Seidman, LLP that is required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has discussed with BDO Seidman, LLP their independence.

The Committee has met and held discussions with management. The Committee has reviewed and discussed with management Hemispherx's audited consolidated financial statements as of and for the fiscal year ended December 31, 2002 and the audited consolidated financial statements as of and for the fiscal year ended December 31, 2003.

Based on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements referred to above be included in our Informational Statement and Annual Report for the year ended December 31, 2003.

This report is respectfully submitted by the members of the Audit Committee of the Board of Directors.

Employment Agreements

Hemispherx entered into an amended and restated employment agreement with its President and Chief Executive Officer, Dr. William A. Carter, dated as of December 3, 1998, as amended in August 2003, which provided for his employment until May 8, 2008 at an initial base annual salary of \$361,586, subject to annual cost of living increases. In addition, Dr. Carter could receive an annual performance bonus of up to 25% of his base salary, at the sole discretion of the board of directors. Dr. Carter will not participate in any discussions concerning the determination of his annual bonus. Dr. Carter is also entitled to an incentive bonus of 0.5% of the gross proceeds received by us from any joint venture or corporate partnering arrangement, up to an aggregate maximum incentive bonus of \$250,000 for all such transactions. Dr. Carter's agreement also provides that he be paid a base salary and benefits through May 8, 2004 if he is terminated without "cause", as that term is defined in the agreement. This agreement was extended to May 8, 2008. Pursuant to his original agreement, as amended on August 8, 1991, Dr. Carter was granted options to purchase 73,728 shares of our common stock at an exercise price of \$2.71 per share.

Hemispherx entered into an amended and restated engagement agreement with Robert E. Peterson dated April 1, 2001, which provides for Mr. Peterson's employment as Hemispherx's Chief Financial Officer until December 31, 2003 which has been extended six months, at an annual base salary of \$155,988 per year, subject to annual cost of living increases. In addition, Mr. Peterson shall receive bonus compensation upon Federal Drug Administration approval of Ampligen based on the number of years of his employment by us up to the date of such approval. Mr. Peterson's agreement also contains a provision for severance pay equal to nine months compensation.

Compensation of Directors

The compensation package for members of the Board of Directors was changed on September 9, 2003. Board member compensation consists of an annual retainer of \$100,000 to be paid 50% in cash and 50% in Company common stock. In addition, certain non-employee directors received some compensation in 2003 for special project work performed on the Company's behalf. All directors have been granted options to purchase common stock under our 1990 Stock Option Plan and/or Warrants to purchase common stock. The Company believes such compensation and payments are necessary in order for us to attract and retain qualified outside directors.

1990 Stock Option Plan

Hemispherx 1990 Stock Option Plan, as amended ("1990 Plan"), provides for the grant of options to employees, directors, officers, consultants and advisors for the purchase of up to an aggregate of 460,798 shares of common stock. The 1990 plan is administered by the Compensation Committee of the board of directors, which has complete discretion to select eligible individuals to receive and to establish the terms of option grants. The number of shares of common stock available for grant under the 1990 Plan is subject to adjustment for changes in capitalization. As of December 31, 2003, no options were available for grants under the 1990 plan. This plan remains in effect until terminated by the Board of Directors or until all options are issued.

401(K) Plan

In December 1995, Hemispherx established a defined contribution plan,

Edgar Filing: HEMISPHERX BIOPHARMA INC - Form PRE 14A

effective January 1, 1995, entitled the Hemispherx Biopharma employees 401(K) Plan and Trust Agreement. All full time employees are eligible to participate in the 401(K) plan following one year of employment. Subject to certain limitations imposed by federal tax laws, participants are eligible to contribute up to 15% of their salary (including bonuses and/or commissions) per annum. Participants' contributions to the 401(K) plan may be matched by Hemispherx at a rate determined annually by the board of directors. Each participant immediately vests in his or her deferred salary contributions, while Hemispherx contributions will vest over one year. In 2003, Hemispherx provided matching contributions to each employee for up to 6% of annual pay for a total of \$34,000 for all eligible employees.

Compensation Committee Interlocks and Insider Participation

During the fiscal year ended December 31, 2003, the members of Hemispherx's Compensation Committee were Ransom W. Etheridge and Richard Piani. Mr. Etheridge serves as secretary and general counsel and he is an attorney in private practice and has rendered legal services to Hemispherx for which he received a fee. Mr. Piani received fees for certain consulting work performed in Europe on Hemispherx's behalf. Mr. Etheridge was paid \$60,000 for his professional services.

Notwithstanding anything to the contrary, the following report of the Compensation Committee, the report of the Audit Committee on page 8, and the performance graph on page 21 shall not be deemed incorporated by reference this Proxy Statement into any filing under the Securities Act of 1933, or under the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

Compensation Committee Report on Compensation

The Compensation Committee makes recommendations concerning salaries and compensation for Hemispherx employees and consultants.

The following report of the compensation committee discusses executive compensation policies and the basis of the compensation paid to executive officers in 2003.

In general, the compensation committee seeks to link the compensation paid to each executive officer to the experience and performance of such executive officer. Within these parameters, the executive compensation program attempts to provide an overall level of executive compensation that is competitive with companies of comparable size and with similar market and operating characteristics.

There are three elements in Hemispherx's executive compensation program, all determined by individual and corporate performance:

- o Base salary
- o Annual incentive
- o Long-term incentive

Base Salary

In establishing base salary levels for individual executives, the Compensation Committee will consider factors such as the executive's scope of responsibility, current and future potential performance, and overall competitive positioning relative to comparable positions at other companies. The objective of the Company is to structure salaries that are competitive with those of similarly situated companies.

Edgar Filing: HEMISPHERX BIOPHARMA INC - Form PRE 14A

The Summary Compensation Table shows amounts earned during 2003 by Hemispherx executive officers. The base compensation of such executive officers is set by terms of the employment agreement entered into with each such executive officer. Hemispherx established the base salaries for Chief Executive Officer, Dr. William A. Carter under an employment agreement in December 3, 1998 (as amended on August 14, 2003), which provides for a base salary of \$361,586 until May 8, 2008. Also, Hemispherx entered into an extended employment agreement with Robert E. Peterson, Chief Financial Officer for a base salary of \$155,988 until December 31, 2003, which was extended six months. Dr. Carter and Mr. Peterson's agreements allow for annual cost of living increases. Dr. Carter's compensation also includes funds previously paid to Dr. Carter by Hahnemann Medical University where he served as a professor until 1998. This compensation was continued by us and totaled \$79,826 in 2001, \$82,095 in 2002 and \$84,776 in 2003.

Annual Incentive

Annual incentive bonus awards are granted from time to time to executives in recognition of their contribution to the Company's business and operations, as measured against competitors of the company and the Company's internal budgets and operating plans.

Hemispherx's Chief Executive Officer and Chief Financial Officer are entitled to an annual incentive bonus as determined by the compensation committee based on such executive officers' performance during the previous calendar year. The cash bonus awarded to Hemispherx's Chief Executive Officer in 2003 and the cash bonus awarded to the Chief Financial Officer in 2003 were determined based on this provision in their employment agreements.

Long-Term Incentives

The Company grants long-term incentive awards periodically to align a significant portion of the executive compensation program with stockholder interests over the long-term through encouraging and facilitating executive stock ownership. Executives are eligible to participate in the Company's incentive stock option plans. Hemispherx's Chief Executive Officer and President, Dr. William Carter, received a grant of 1,450,000 warrants in 2003. These warrants are exercisable at \$2.20 per share and expire on September 8, 2008, unless previously exercised. These warrants vest upon consummation of the second ISI asset closing or the filing by us with the U.S. Food & Drug Administration of a new drug application, whichever happens first. The warrants vested on March 18, 2004, when the second ISI asset closing was consummated.

Chief Executive Officer Compensation

The Summary Compensation Table shows that during the year 2003 the Company's Chief Executive Officer and President, Dr. William A. Carter earned \$582,461 in base compensation pursuant to the terms of his employment agreement. In addition, Dr. Carter's compensation in 2003 also includes funds previously paid by Hahnemann University where he served as a Professor until 1998.

The Compensation Committee believes that Dr. Carter's total compensation is consistent with the median compensation for CEO's in comparable companies. Factors reviewed by the Compensation Committee's assessment of the Company's and the CEO's performance includes individual performance, growth in revenue and expense management and implementation of the Company's business strategy.

Compliance With Internal Revenue Code Section 162(m).

One of the factors the Compensation Committee considers in connection with compensation matters is the anticipated tax treatment to Hemispherx and to

Edgar Filing: HEMISPHERX BIOPHARMA INC - Form PRE 14A

the executives of the compensation arrangements. The deductibility of certain types of compensation depends upon the timing of an executive's vesting in, or exercise of, previously granted rights. Moreover, interpretation of, and changes in, the tax laws and other factors beyond the Compensation Committee's control also affect the deductibility of compensation. Accordingly, the Compensation Committee will not necessarily limit executive compensation to that deductible under Section 162(m) of the Code. The Compensation Committee will consider various alternatives to preserving the deductibility of compensation payments and benefits to the extent consistent with its other compensation objectives.

This report submitted by the Compensation Committee of the
Company's Board of Directors.

HEMISPHERX AND ITS STOCKHOLDERS AND RECOMMENDS A VOTE "FOR" APPROVAL THEREOF.

PROPOSAL NO. 3

APPROVAL OF THE ISSUANCE OF 13,468,793 SHARES OF COMMON STOCK ISSUABLE UPON EXERCISE OF CERTAIN WARRANTS AND UPON CONVERSION OF CERTAIN OUTSTANDING DEBENTURES AND DEBENTURES ISSUABLE UPON EXERCISE OF CERTAIN RIGHTS TO COMPLY WITH AMEX COMPANY GUIDE SECTION 713

As described below, in three transactions between July 10, 2003 and January 26, 2004, we issued convertible debentures, rights to purchase convertible debentures, warrants and common stock in private transactions with accredited investors. Section 713 of the American Stock Exchange ("AMEX") Company Guide provides that we must obtain stockholder approval before issuance, at a price per share below market value, of common stock, or securities convertible into common stock, equal to 20% or more of our outstanding common stock. Taken separately, the three transactions do not trigger Section 713. However, the AMEX has taken the position that the three transactions should be aggregated and, as such, stockholder approval is required for exercise of all of the warrants and conversion of some of the Debentures.

To assure that we are in compliance with Company Guide Section 713, we are requesting your approval of the issuance of 13,468,793 shares (includes 2,798,097 anti-dilution shares) upon conversion of all of the warrants, and upon conversion of all of the outstanding debentures and all of the debentures issuable upon exercise of rights described below.

Description of the transactions.

On July 10, 2003, we issued an aggregate of \$5,426,000 in principal amount of 6% Senior Convertible Debentures due July 31, 2005 (the "July Debentures") and an aggregate of 507,103 Warrants (the "July 2008 Warrants") to two accredited investors, in a private placement for aggregate anticipated proceeds of \$4,650,000. Pursuant to the terms of the July Debentures, \$1,550,000 of the proceeds from the sale of the July Debentures were to have been held back and released to us if, and only if, we acquired the facility of Interferon Sciences, Inc. ("ISI") within a set timeframe. These funds were released to us in October 2003 although we had not acquired ISI's facility at that time. The July Debentures mature on July 31, 2005 and bear interest at 6% per annum, payable quarterly in cash or, subject to satisfaction of certain conditions, common stock. Any shares of common stock issued to the investors as payment of interest shall be valued at 95% of the average closing price of the common stock during the five consecutive business days ending on the third business day immediately preceding the applicable interest payment date.

The July Debentures are convertible at the option of the investors at any time through July 31, 2005 into shares of our common stock. The conversion price under the July Debentures was fixed at \$2.14 per share; however, as part of the debenture placement closed on October 29, 2003 (see below), the conversion price under the July Debentures was lowered to \$1.89 per share. The conversion price is subject to adjustment for anti-dilution protection for issuance of common stock or securities convertible or exchangeable into common stock at a price less than the conversion price then in effect. In addition, in the event that we do not pay the redemption price at maturity, the Debenture holders, at their option, may convert the balance due at the lower of (a) the conversion price then in effect and (b) 95% of the lowest closing sale price of our common stock during the three trading days ending on and including the conversion date.

The July 2008 Warrants, as amended, received by the investors are to acquire at any time commencing on July 26, 2004 through January 31, 2009 an aggregate of 507,102 shares of common stock at a price of \$2.46 per share. On July 10, 2004,

Edgar Filing: HEMISPHERX BIOPHARMA INC - Form PRE 14A

the exercise price of these July 2008 Warrants will reset to the lesser of the exercise price then in effect or a price equal to the average of the daily price of the common stock between July 11, 2003 and July 9, 2004 (but in no event less than \$2.14 per share). The exercise price (and the reset price) under the July 2008 Warrants also is subject to similar adjustments for anti-dilution protection.

On October 29, 2003, we issued an aggregate of \$4,142,357 in principal amount of 6% Senior Convertible Debentures due October 31, 2005 (the "October Debentures") and an aggregate of 410,134 Warrants (the "October 2008 Warrants") in a private placement for aggregate anticipated gross proceeds of \$3,550,000. Pursuant to the terms of the October Debentures, \$1,550,000 of the proceeds from the sale of the October Debentures have been held back and will be released to us if, and only if, we acquire ISI's facility within 90 days of January 26, 2004 and provide a mortgage on the facility as further security for the October Debentures. In March 2004, we acquired the facility and we are in the process of mortgaging the facility to the Debenture holders. The October Debentures mature on October 31, 2005 and bear interest at 6% per annum, payable quarterly in cash or, subject to satisfaction of certain conditions, common stock. Any shares of common stock issued to the investors as payment of interest shall be valued at 95% of the average closing price of the common stock during the five consecutive business days ending on the third business day immediately preceding the applicable interest payment date.

Upon completing the sale of the October Debentures, we received \$3,275,000 in net proceeds consisting of \$1,725,000 from the October Debentures and \$1,550,000 that had been withheld from the July Debentures. As noted above, \$1,550,000 of the proceeds from the October Debentures have been held back pending our mortgaging of the ISI facility to the Debenture holders. We are in the process of providing this mortgage.

The October Debentures are convertible at the option of the investors at any time through October 31, 2005 into shares of our common stock. The conversion price under the October Debentures is fixed at \$2.02 per share, subject to adjustment for anti-dilution protection for issuance of common stock or securities convertible or exchangeable into common stock at a price less than the conversion price then in effect. In addition, in the event that we do not pay the redemption price at maturity, the Debenture holders, at their option, may convert the balance due at the lower of (a) the conversion price then in effect and (b) 95% of the lowest closing sale price of our common stock during the three trading days ending on and including the conversion date.

The October 2008 Warrants, as amended, received by the investors are to acquire at any time commencing on July 26, 2004 through April 30, 2009 an aggregate of 410,134 shares of common stock at a price of \$2.32 per share. On October 29, 2004, the exercise price of these October 2008 Warrants will reset to the lesser of the exercise price then in effect or a price equal to the average of the daily price of the common stock between October 29, 2003 and October 27, 2004 (but in no event less than \$2.19 per share). The exercise price (and the reset price) under the October 2008 Warrants also is subject to similar adjustments for anti-dilution protection.

On January 26, 2004, we issued: (i) an aggregate of \$4,000,000 in principal amount of 6% Senior Convertible Debentures due January 31, 2006 (the "January 2004 Debentures"); (ii) an aggregate of 790,514 warrants (the "2009 Warrants"); (iii) 158,103 shares of common stock; and (iv) Additional Investment Rights ("AIR") to purchase up to an additional \$2,000,000 principal amount of January 2004 Debentures commencing in six months, in a private placement for aggregate net proceeds of \$3,695,000. The January 2004 Debentures mature on January 31, 2006 and bear interest at 6% per annum, payable quarterly in cash or, subject to satisfaction of certain conditions, common stock. Any shares of common stock issued to the investors as payment of interest shall be valued at 95% of the

Edgar Filing: HEMISPHERX BIOPHARMA INC - Form PRE 14A

average closing price of the common stock during the five consecutive business days ending on the third business day immediately preceding the applicable interest payment date. Commencing six months after issuance, we are required to start repaying the then outstanding principal amount under the January 2004 Debentures in monthly installments amortized over 18 months in cash or, at our option, in shares of common stock. Any shares of common stock issued to the investors as installment payments shall be valued at 95% of the average closing price of the common stock during the 10-day trading period commencing on and including the eleventh trading day immediately preceding the date that the installment is due.

The January 2004 Debentures are convertible at the option of the investors at any time through January 31, 2006 into shares of our common stock. The conversion price under the January 2004 Debentures is fixed at \$2.53 per share, subject to adjustment for anti-dilution protection for issuance of common stock or securities convertible or exchangeable into common stock at a price less than the conversion price then in effect. In addition, in the event that we do not pay the redemption price at maturity, the Debenture holders, at their option, may convert the balance due at the lower of (a) the conversion price then in effect and (b) 95% of the lowest closing sale price of our common stock during the three trading days ending on and including the conversion date.

There are two classes of July 2009 warrants received by the Investors: Class A and Class B. The Class A warrants are to acquire any time from July 26, 2004 through July 26, 2009 an aggregate of up to 395,257 shares of common stock at a price of \$3.29 per share. The Class B warrants are to acquire any time from July 26, 2004 through July 26, 2009 an aggregate of up to 395,257 shares of common stock at a price of \$5.06 per share. On January 27, 2005, the exercise price of these July 2009 Class A and Class B Warrants will reset to the lesser of their respective exercise price then in effect or a price equal to the average of the daily price of the common stock between January 27, 2004 and January 26, 2005 (but in no event less than \$2.58 per share with regard to the Class A warrants and \$3.54 per share with regard to the Class B warrants). The exercise price (and the reset price) under the July 2009 Warrants also is subject to similar adjustments for anti-dilution protection.

The above mentioned AIR grant the investors the right to acquire up to an additional \$2,000,000 principal amount of January 2004 Debentures from us. These Debentures are identical to the January 2004 Debentures except that the conversion price is \$2.58. The AIR are exercisable commencing on July 26, 2004 (the "Trigger" date) for a period of 90 days from the Trigger Date or 90 days from the date which the registration statement registering the shares issuable upon the conversion of the January 2004 Debentures to be issued pursuant to the AIR is declared effective, whichever is longer.

Pursuant to the terms and conditions of the July Debentures, October Debentures and January 2004 Debentures (collectively, the "Debentures"), we have pledged all of our assets, other than our intellectual property, as collateral, and we are subject to comply with certain financial and negative covenants. In addition, we have paid \$1,300,000 into the Debenture cash collateral account as required by the terms of the Debentures. The cash collateral account provides additional security for repayment of the Debentures in the event of default.

We entered into Registration Rights Agreements with the investors in connection with the issuance of (i) the Debentures (including any Debentures issued pursuant to the AIR); (ii) the July 2008, October 2008 and January 2009 Warrants (collectively, the "Warrants"); and (iii) the shares issued in January 2004. Pursuant to the Registration Rights Agreements we have registered on behalf of the investors the shares issued to them in January 2004 and 135% of the shares issuable upon conversion of the Debentures (including any Debentures issued pursuant to the AIR) and upon exercise of the Warrants. If, subject to certain exceptions, sales of all shares so registered cannot be made pursuant to the

Edgar Filing: HEMISPHERX BIOPHARMA INC - Form PRE 14A

registration statements, then we will be required to pay to the investors their pro rata share of \$3,635 for each day the above condition exists.

By agreement with Cardinal Securities, LLC, for general financial advisory services and in conjunction with the private debenture placements in July and October 2003 and in January 2004, we paid Cardinal Securities, LLC an investment banking fee equal to 7% of the investments made by the two Debenture holders and issued to Cardinal the following common stock purchase warrants: (i) 112,500 exercisable at \$2.57 per share; (ii) 87,500 exercisable at \$2.42 per share; and (iii) 100,000 exercisable at \$3.04 per share. The \$2.57 warrants expire on July 10, 2008, the \$2.42 warrants expire on October 30, 2008 and the \$3.04 warrants expire on January 5, 2009. By agreement with Cardinal, we have registered 300,000 of the shares issuable upon exercise of these warrants for public sale and agreed to register the balance. We are seeking approval of the issuance of the shares upon exercise of these warrants too.

As of the record date, the investors had converted \$11,902,610 of debt from the March, July and October Debentures into 7,073,234 shares of our common stock. The March Debentures have been fully converted. The remaining principal balance on the Debentures is convertible into shares of our stock at the option of the investors at any time, through their respective maturity dates.

We have used and continue to use the net proceeds from these private offerings for operating purposes.

Effects of issuance of the shares

A significant number of shares will be issuable upon conversion of the Debentures and exercise of the Warrants. To the extent that a significant number of these shares are issued, there will be a substantial pro rata dilution to our current stockholders. In addition, because these shares have been registered for public sale, such sales, or the anticipation of the possibility of such sales, represents an overhang on the market and could depress the market price of our common stock.

However, if issuance of the these shares is not approved by stockholders, we will be unable to issue shares upon exercise of approximately 2,707,751 warrants and we will be unable to issue shares upon conversion of the Debentures issuable upon exercise of the AIR. Depending upon the amount and timing of conversion of the outstanding Debentures, we also may be required to pay interest in cash rather than shares.

Pursuant to the terms of the Warrants, if stockholders do not approve this resolutions, any time the Warrant holder presents a notice of exercise, we would be required to pay within two business days an amount in cash equal to the product of (X) the number of shares of common stock which could not be issued multiplied by (Y) the excess of (1) the average of the closing sale prices of the common stock on each of the five trading days ending on the third trading day immediately preceding the date that the Warrants become unexercisable as a result of the stockholders failure to approve this resolution over (2) the warrant exercise price then in effect.

Pursuant to the terms of the Debentures issuable upon exercise of the AIR, if stockholders do not approve this resolutions, any time the Debenture holder presents a notice of conversion, we would be required to pay within two business days an amount in cash equal to the number of shares of common stock which could not be issued multiplied by (Y) the average of the weighted average price of the common stock on each of the five trading days ending on the third trading day immediately preceding the date of delivery of such conversion notice.

PROPOSAL NO. 4

APPROVAL OF THE HEMISPHERx 2004 EQUITY INCENTIVE PLAN

The Company is submitting the Hemispherx 2004 Equity Incentive Plan (the "Equity Incentive Plan") to the stockholders for approval at the annual meeting. The Equity Incentive Plan is intended to attract and retain individuals of experience and ability, to provide incentive to employees, consultants, and non-employee directors of the Company, to encourage employee and director proprietary interests in the Company, and to encourage employees to remain in the employ of the Company. The Equity Incentive Plan is conditioned upon the stockholders' approval. The purposes of obtaining stockholder approval include qualifying the Equity Incentive Plan under the Internal Revenue Code (the "Code") for the granting of incentive stock options; meeting the requirements for tax-deductibility of certain compensation items under Section 162(m) of the Code; and meeting the requirements of AMEX applicable to the Equity Incentive Plan.

The following general description of certain features of the Equity Incentive Plan is qualified in its entirety by reference to the Equity Incentive Plan, which is attached as Appendix A. Capitalized terms not otherwise defined herein have the meanings ascribed to them in the Equity Incentive Plan.

The Board of Directors adopted the Equity Incentive Plan effective May 1, 2004, subject to the approval of the Company's stockholders. The Equity Incentive Plan authorizes the grant of non-qualified and incentive stock options, stock appreciation rights, restricted stock and other stock awards. A maximum of 8,000,000 shares of common stock is reserved for potential issuance pursuant to awards under the Equity Incentive Plan. Unless sooner terminated, the Equity Incentive Plan will continue in effect for a period of 10 years from its effective date.

The Equity Incentive Plan is administered by the Board of Directors. The Equity Incentive Plan provides for awards to be made to such officers, other key employees, non-employee directors, consultants and advisors of the Company and its subsidiaries as the Board may select. No awards have been granted under the Equity Incentive Plan.

Stock options awarded under the Equity Incentive Plan may be exercisable at such times (not later than 10 years after the date of grant) and at such exercise prices (not less than fair market value at the date of grant) as the Board may determine. The Board may provide for options to become immediately exercisable upon a "change in control," which is defined in the Equity Incentive Plan to occur upon any of the following events: (a) the acquisition by any person or group, as beneficial owner, of 20% or more of the outstanding shares or the voting power of the outstanding securities of the Company; (b) either a majority of the directors of Company at the annual stockholders meeting has been nominated other than by or at the direction of the incumbent directors of the Board, or the incumbent directors cease to constitute a majority of the Company's Board; (c) the Company's stockholders approve a merger or other business combination pursuant to which the outstanding common stock of the Company no longer represents more than 50% of the combined entity after the transaction; (d) the Company's shareholders approve a plan of complete liquidation or an agreement for the sale or disposition of all or substantially all of the Company's assets; or (e) any other event or circumstance determined by the Company's Board to affect control of the Company and designated by resolution of the Board as a change of control.

The exercise price of an option may be paid with cash, common stock, or such other consideration as the Board may specify. No options may be granted

Edgar Filing: HEMISPHERX BIOPHARMA INC - Form PRE 14A

under the Equity Incentive Plan after the tenth anniversary of its effective date. Unless the Board determines otherwise, options will be transferable only by will or the laws of descent and distribution.

Stock appreciation rights awarded under the Equity Incentive Plan may be granted as related rights, either in connection with and at the same time as an option is granted, or by amendment of an outstanding non-qualified option. A related stock appreciation right may be granted with respect to all or some of the shares covered by the related option. Related stock appreciation rights generally become exercisable at the same times as the related options become exercisable, but may be limited so as to become exercisable only upon certain events, such as a change in control. Upon exercise of a related right, the grantee would receive, in lieu of purchasing stock, either stock or cash equal to the difference between the fair market value on the date of exercise of the underlying shares of common stock subject to the related option and the exercise price of the option. Stock appreciation rights may also be granted independently of any option, to become exercisable at such times as the Board may determine. Upon exercise of such a right, the grantee would receive either stock or cash equal to the difference between the fair market value on the date of exercise of the shares of common stock subject to the right and the fair market value of the shares on the date of grant of the right.

Restricted stock awarded under the Equity Incentive Plan may be granted on such terms and conditions as the Board may determine, including provisions that govern the lapse of restrictions and voting dividend, distribution and other shareholder rights with respect to the restricted stock. If a grantee of restricted stock terminates service with the Company for any reason, the grantee will forfeit to the Company any restricted stock on which the restrictions have not lapsed or been removed on or before the date of termination of service.

Other stock awards under the Equity Incentive Plan may provide for common stock to be issued to grantees in exchange for consideration specified by the Board that is either the grantee's cash or other direct payment to the Company or the grantee's past services rendered to the Company or a subsidiary on or before issuance.

The following is a brief summary of certain of the U.S. federal income tax consequences of certain transactions under the Equity Incentive Plan based on federal income tax laws in effect on January 1, 2004. This summary applies to the Equity Incentive Plan as normally operated and is not intended to provide or supplement tax advice to eligible employees. The summary contains general statements based on current U.S. federal income tax statutes, regulations and currently available interpretations thereof. This summary is not intended to be exhaustive and does not describe state, local or foreign tax consequences or the effect, if any, of gift, estate and inheritance taxes.

Grants of options or stock appreciation rights are not taxable income to the grantees or deductible for tax purposes by the Company at the time of the grant. In the case of non-qualified stock options, a grantee will be deemed to receive ordinary income upon exercise of the stock option, and the Company will be entitled to a corresponding deduction, in an amount equal to the amount by which the fair market value of the common stock purchased on the date of exercise exceeds the exercise price. The exercise of an incentive stock option will not be taxable to the grantee or deductible by the Company, but the amount of any income deemed to be received by a grantee due to premature disposition of common stock acquired upon the exercise of an incentive stock option will be a deductible expense of the Company for tax purposes. In the case of stock appreciation rights, a grantee will be deemed to receive ordinary income upon exercise of the right, and the Company will be entitled to a corresponding deduction, in an amount equal to the cash or fair market value of shares payable to the grantee. Grantees of restricted stock awards generally will recognize ordinary income in an amount equal to the fair market value of the shares of

common stock granted to them at the time that the restrictions on the shares lapse and the shares become transferable. At that time, the Company will be entitled to a corresponding deduction equal to the amounts recognized as income by the grantees in the year in which the amounts are included in the grantees' income. Grantees of stock issued pursuant to other stock awards will generally receive ordinary income, and the Company will be entitled to a corresponding deduction, in an amount equal to the amount by which the fair market value of the common stock on the date of issuance exceeds the grantee's cash or other payment to the Company, if any.

Section 162(m) of the Code generally disallows a publicly held corporation's tax deduction for certain compensation in excess of \$1 million per year paid to each of the five most highly compensated executive officers, exclusive of compensation that is "performance-based." The Company has designed the Equity Incentive Plan in a manner that is intended to qualify the options and any stock appreciation rights granted under the Equity Incentive Plan as performance-based compensation that will not be subject to the deduction limitation of Section 162(m). Any grant of restricted stock or other stock award could (but is not required to) be designed to avoid any such deduction limitation.

The Board has the general power to amend the Equity Incentive Plan in any respect. However, if the Equity Incentive Plan is approved by the stockholders at the annual meeting, the Board may not, without further approval of the Company's stockholders, amend the Plan so as to increase the aggregate number of shares of common stock that may be issued under the Equity Incentive Plan, modify the requirements as to eligibility to receive awards, or to increase materially the benefits accruing to participants. In addition, the Board is permitted to modify, extend or renew outstanding stock options or stock appreciation rights, and to authorize the granting of new options or stock appreciation rights in substitution for existing options and rights. However, existing options or rights may not be repriced, directly or indirectly, so as to provide for modified or new options or rights with an exercise price lower than the exercise price provided for the outstanding stock options and stock appreciation rights. The Board is also authorized to accelerate the lapse of restrictions on restricted stock awards or to remove any or all restrictions at any time.
