**Item 1.01. Entry into a Material Definitive Agreement.**

On September 12, 2005, Ford Motor Company ( Ford , we or our ) and Visteon Corporation ( Visteon ), our largest supplier, entered into definitive agreements designed to protect the supply of critical parts and components, create opportunities for production material cost savings, and improve our ability to benefit from competitively-priced and high-quality parts, systems and technologies. Consistent with the terms of the Memorandum of Understanding described in our Current Report on Form 8-K dated May 25, 2005 and our Quarterly Report on Form 10-Q for the quarter ended June 30, 2005, significant provisions of these definitive agreements include the following:

Transfer of 23 Visteon plants and facilities in the U.S. and Mexico and associated assets to a new, temporary business entity to be managed by Ford (over time, we would prepare most of these transferred operations for sale to companies with the expertise and capital to supply us with parts, systems and technologies that are competitive in price and quality);

Payment to Visteon of up to \$550 million to assist with Visteon's restructuring expenses;

Extension by Ford to Visteon of a \$250 million short-term secured loan, to be repaid by Visteon upon closing of the Ford-Visteon transaction;

Provision by Visteon of certain services (e.g., information technology, accounting, etc.) to facilitate the operation of the new business entity;

Payment by Ford for inventories included in the transferred operations;

Assumption by Ford or the Ford-managed business entity of certain liabilities associated with the transferred business, including employee-related (for the Ford-UAW hourly employees assigned to work at Visteon) and environmental liabilities; and

Acceleration of payment terms through 2006 for payments due from Ford to Visteon for components purchased by Ford for its U.S. facilities, with a gradual return over time to normal payment terms by 2009.

We currently anticipate that the transaction will close on or about October 1, 2005.

**Item 8.01. Other Events.**

Our news release dated September 13, 2005 concerning the execution of the definitive agreements with Visteon, filed as Exhibit 99 to this report, is incorporated by reference herein.
