Report of Independent Registered Public Accounting Firm

Managers and Members of
ZettaWorks LLC
Houston, Texas

We have audited the accompanying consolidated balance sheets of ZettaWorks LLC (ZettaWorks), as of December 31, 2003 and 2002, and the related consolidated statements of operations, members' equity and cash flows for the years then ended. These financial statements are the responsibility of ZettaWorks' management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. ZettaWorks is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for purposes of expressing an opinion on the effectiveness of ZettaWorks' internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of ZettaWorks as of December 31, 2003 and 2002, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

As explained in Note 11 to the financial statements, ZettaWorks changed its method of accounting for mandatorily redeemable units on July 1, 2003.

Note 1: Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations

ZettaWorks LLC (ZettaWorks), provides information systems consulting services and staffing for customers located in the United States and Australia. ZettaWorks is a subsidiary of AB Holdings, LLC. AB Holdings, LLC, owns 100 percent of the voting interest and 52 percent of equity. ZettaWorks is a Texas limited liability company. The term of ZettaWorks is the earlier of dissolution by the members or May 2030.

Principles of Consolidation

The consolidated financial statements include the accounts of ZettaWorks and its wholly owned subsidiary, ZettaWorks Australia Pty. Ltd. All significant inter-company accounts and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Accounts Receivable

Accounts receivable are stated at the amount billed to customers. ZettaWorks provides an allowance for doubtful accounts, which is based upon a review of outstanding receivables, historical collection information and existing economic conditions. The allowance for bad and doubtful trade receivables amounted to \$96,300 and \$125,005 as of December 31, 2002 and 2003, respectively. Bad debt expense was approximately \$246,000 and \$228,000 for the years ended December 31, 2002 and December 31, 2003, respectively.

Property and Equipment

Property and equipment are recorded at cost, and are being depreciated over the estimated useful life of each asset. Leasehold improvements are amortized over the shorter of the lease term or the estimated useful lives of the improvements. Annual depreciation is primarily computed using straight-line methods.

Foreign Currency Translation

The financial currency for ZettaWorks foreign subsidiary is the local currency, the Australian dollar. Assets and liabilities are translated at the exchange rate in effect on the last day of the respective year or period. Items impacting the statements of operations are translated at the average exchange rate in effect during the respective year or period. The translation adjustments are recorded as a component of

members' equity. Gains and losses from foreign currency denominated transactions are included in other income on the statements of operations.

Interim Financial Statements (unaudited)

The accompanying unaudited interim consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States and are presented in accordance with the rules and regulations of the Securities and Exchange Commission applicable to interim financial information. Accordingly, certain footnote disclosures have been condensed or omitted. In the opinion of management, the unaudited interim financial statements at September 30, 2004 and for the nine months ended September 30, 2003 and 2004 include all adjustments necessary to present fairly ZettaWorks' financial position at September 30, 2004, and results of operations and cash flows for the nine months ended September 30, 2003 and 2004. Results for the nine months ended September 30, 2003 and 2004 are not necessarily indicative of the results to be expected for the entire year.

Segment Information

ZettaWorks operates in one segment for financial reporting purposes.

Income Taxes

ZettaWorks' members have elected to have ZettaWorks' income taxed as a partnership under provisions of the Internal Revenue Code. Therefore, taxable income or loss is reported to the individual members for inclusion in their respective tax returns and no provision for federal income taxes is included in these financial statements. ZettaWorks is subject to certain state income taxes and ZettaWorks' wholly owned subsidiary is subject to tax in Australia. Deferred tax assets and liabilities are recognized for the tax effects of differences in financial and tax bases of the subsidiary in Australia.

Revenue Recognition

All revenue is recognized as consulting and staffing services are performed. Deferred revenue represents billings in advance of services performed. Unbilled revenue is included as a component of accounts receivable. Losses are recognized at such time facts and circumstances indicate that a loss will be incurred on a contract. ZettaWorks has recognized losses on uncompleted contracts in the amounts of \$-0- and \$88,466 at September 30, 2003 and 2004 (unaudited), respectively. There were no losses recognized at December 31, 2002 and 2003.

Revenue relating to certain fixed-price contracts for consulting services is generally recognized by applying percentages of completion for each period to the total estimated revenue for the respective contracts. The percentages of completion are determined by relating the number of actual units of work performed to date to the current estimated number of total units of work required to complete the respective contracts. Contract costs include all direct labor and other costs related to contract performance. Because of the inherent uncertainties in estimating costs and revenues, it is at least reasonably possible that estimates could change in the near term.

Unit Appreciation Rights Plan

ZettaWorks has a unit appreciation rights employee compensation plan, which is described more fully in Note 9. ZettaWorks may incur a liability to pay employees an amount to be determined by the number of units that eventually vest and by the increase in the unit price from a specified level. Changes in the amount of the liability due to unit valuation changes are compensation cost of the period in which the changes occur.

Comprehensive Income

ZettaWorks follows Statement of Financial Accounting Standards No. 130, *Reporting Comprehensive Income*, which established standards for reporting comprehensive income and its components. ZettaWorks' other comprehensive income is from foreign currency translation.

Fair Value of Financial Instruments

Fair value is the estimated amount at which financial assets or liabilities could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. Because no market exists for certain of these financial instruments and because management does not intend to sell these financial instruments, ZettaWorks does not know whether the fair values shown represent values at which the respective financial instruments could be sold individually or in the aggregate.

All of ZettaWorks' financial instruments are short-term, thus the carrying amount is a reasonable estimate of fair value.

Earnings Per Member Unit

ZettaWorks follows the provisions of Statement of Financial Accounting Standards No. 128, *Earnings Per Share*. Earnings per member is computed by dividing net income (loss) available to members by the weighted average units outstanding during the period.

Effective July 1, 2003, ZettaWorks adopted Statement of Financial Accounting Standards No. 150, *Accounting For Certain Financial Instruments With Characteristics of Both Liabilities and Equity*, to account for member units subject to mandatory redemption. (See Note 11) As of the date of adoption the member units subject to mandatory redemption (Class B and Class C member units) are reported as a liability and are no longer included in the computation of earnings per member unit. Had the Class B and Class C member units been excluded from the computation of earnings per member unit in all periods presented, earnings (loss) per member unit would have been as follows:

December 31, 2002	\$ 0.126
September 30, 2003	\$ (0.035)
December 31, 2003	\$ (0.019)

Note 2: Line of Credit

ZettaWorks has a \$2,000,000 revolving line of credit expiring in September, 2005. At December 31, 2002 and 2003, there was \$1,825,000 and \$1,357,369, respectively, borrowed against this line of credit. The line of credit is collateralized by substantially all of ZettaWorks' assets and is secured by a guarantee of a member. Interest is payable monthly at the greater of the bank's prime rate or 5.0 percent. Under the provisions of the loan agreement, ZettaWorks is required, among other things, to maintain certain financial ratios and equity balances. ZettaWorks repaid the balance owed on the line of credit in December, 2004 in conjunction with an asset purchase by Perficient Zettaworks, Inc, further discussed in Note 15.

Note 3: Operating Leases

Operating leases for facilities in Houston, Texas, New York, New York, Irvine, California, Melbourne, Australia, and Sydney, Australia are on a month-to-month basis. Rent expense under the agreements was approximately \$154,000 and \$167,000 for the years ended December 31, 2002 and 2003, respectively.

The Houston facility and New York facilities are subleased from an affiliate related through common ownership. Rental expenses paid to the affiliate for the years ended December 31, 2002 and 2003 totaled approximately \$127,000 and \$162,000, respectively.

Note 4: Concentrations of Credit Risk

Accounting principles generally accepted in the United States of America require the disclosure of current vulnerabilities due to certain concentrations of risk. Financial instruments that potentially subject ZettaWorks to concentrations of credit risk consist principally of cash and accounts receivable.

ZettaWorks maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. ZettaWorks has not experienced any losses in such accounts. ZettaWorks believes it is not exposed to any significant credit risk on cash.

ZettaWorks operates and grants credit primarily to commercial companies in the United States and Australia. ZettaWorks' policy is to evaluate each customer's financial condition and determine the amount of credit to be extended. ZettaWorks does not, as a matter of policy, require collateral on credit granted to customers. Sales to the top customer accounted for approximately 29 percent and 26 percent of 2002 and 2003 revenues, respectively. At December 31, 2002 and 2003, accounts receivable from one customer were approximately 22 percent and 21 percent of total accounts receivable, respectively.

Note 5: Income Taxes

The tax effects of temporary differences related to deferred taxes shown on the balance sheets were:

	2002	2003
Deferred tax assets, net operating loss	\$ 10,400	\$ 226,000
Deferred tax liabilities		
Net deferred tax asset	10,400	226,000
Valuation allowance:		
Beginning balance		(10,400)
Increase during period	(10,400)	(215,600)
Ending balance	(10,400)	(226,000)
Net deferred tax asset	\$	\$

ZettaWorks has unused operating loss carryforwards in Australia of approximately \$750,000. The carryforwards do not have an expiration date. Management of ZettaWorks periodically reviews the deferred tax assets for realizability and recognizes a valuation allowance if it is more likely than not that some or all of a deferred tax asset may not be realized. As ZettaWorks has suffered recurring losses, management determined a full valuation allowance is appropriate for the net deferred tax assets at December 31, 2003.

Note 6: Profit Sharing Plan

ZettaWorks has a 401(k) profit sharing plan (the plan) covering substantially all employees. ZettaWorks contributions to the plan are determined annually by the Board of Directors. Contributions to the plan were approximately \$73,000 and \$99,000 for 2002 and 2003, respectively.

Note 7: Related Party Transactions

ZettaWorks had approximately \$925,700 and \$875,500 in sales to a commonly controlled affiliate during the years ended December 31, 2002 and 2003, respectively. The amount included in ZettaWorks trade accounts receivable balance from the same affiliate was approximately \$39,000 and \$16,000 at December 31, 2002 and 2003, respectively. At December 31, 2003, ZettaWorks had a payable to the affiliate of approximately \$12,000 that is included in accounts payable.

ZettaWorks has a management agreement with a commonly controlled affiliate. Management fee expense recognized under the management agreement totaled approximately \$68,000 and \$78,000 for the years ended December 31, 2002 and 2003, respectively.

Note 9: Unit Appreciation Rights Plan

ZettaWorks has an incentive compensation plan in the form of a unit appreciation rights plan to reward key employees who contribute to the success of ZettaWorks. The plan provides for the grant of unit appreciation rights (UARs) to employees as selected by the administrative committee. UARs vest in accordance with each individual participant's UARs agreement, generally over a five-year period and expire 10 years from the grant date. Vested UARs can be exercised in full or in part and converted to cash at the calculated value beginning after the completion of three years of employment and ending on the expiration date. Value is determined by a formula stated in the plan based on ZettaWorks' adjusted book value. These UARs can be only converted to cash payments by ZettaWorks, and are not convertible to members' equity or sold to anyone other than ZettaWorks. As of December 31, 2002, and 2003, 840,250 and 1,021,500 units were outstanding, respectively. As of December 31, 2003, there was no liability related to this plan.

PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS

The unaudited pro forma combined financial information includes a statement of operations for the year ended December 31, 2003, and the nine months ended September 30, 2004 which assumes the acquisitions for Genisys Consulting, Inc., Meritage Technologies, Inc. and ZettaWorks LLC occurred on January 1, 2003 and an unaudited balance sheet at September 30, 2004, which assumes the ZettaWorks LLC acquisition occurred on that date (the Genisys Consulting, Inc., and Meritage Technologies, LLC, acquisitions occurred prior to September 30, 2004 and accordingly, their balances are already reflected at September 30, 2004).

On December 17, 2004, Perficient, Inc. (the Company), Perficient ZettaWorks, Inc., a Delaware corporation and a wholly-owned subsidiary of Perficient (the Acquisition Sub) and ZettaWorks LLC (ZettaWorks), a Texas limited liability company, entered into an Asset Purchase Agreement (the Purchase Agreement) pursuant to which Acquisition Sub acquired substantially all of the assets and assumed certain liabilities of ZettaWorks (the Acquisition). The Acquisition closed on December 20, 2004. The total consideration paid in the Acquisition is \$11.4 million, which amount includes approximately \$2.9 million in cash and approximately \$7.8 million worth of the Company's common stock (1,193,179 shares of the Company's common stock), based on the average closing price of the Company's common stock for the three trading days immediately preceding the acquisition, and transaction costs of approximately \$0.7 million. The following unaudited pro forma condensed combined financial statements give effect to the acquisition by the Company of ZettaWorks. This acquisition will be accounted for as a purchase business combination. The consideration paid in the Acquisition has been preliminarily allocated to the tangible and identifiable intangible assets acquired and liabilities assumed according to their estimated respective fair values, with the excess purchase consideration being allocated to goodwill at the closing of the transaction. These unaudited pro forma condensed combined financial statements have been prepared from the historical consolidated financial statements of the Company and ZettaWorks and should be read in conjunction therewith. Operating results of ZettaWorks are included in operating results of the Company's condensed combined financial statements as of December 20, 2004.

On June 18, 2004, the Company consummated the acquisition of Meritage Technologies, Inc. (Meritage), a Delaware corporation, by merging our wholly owned subsidiary Perficient Meritage, Inc., a Delaware corporation, with and into Meritage. Meritage survived the merger as our direct wholly owned subsidiary, under the name Perficient Meritage, Inc. The Company paid approximately \$7.1 million consisting of approximately \$2.9 million in cash, assumed debt of approximately \$2.4 million, and issued 1,168,219 shares of the Company's common stock, subject to adjustments, which are not expected to be material. The shares of common stock issued in connection with the merger were ascribed a value of \$3.595 per share, which was the average closing price of the Company's common stock for the 23 consecutive trading days ending on June 15, 2004, which value is consistent with the valuation under EITF-99-12, *Determination of the Measurement Date for the Market Price of Acquired Securities Issued in a Purchase Business Combination*. Approximately \$0.9 million in transaction costs have been incurred in relation to the acquisition.

On April 2, 2004, the Company consummated the acquisition by way of merger of Genisys Consulting, Inc. (Genisys), an Illinois corporation, with and into our wholly owned subsidiary, Perficient Genisys, Inc., a Delaware corporation. Perficient Genisys, Inc. is the surviving corporation to the merger. The Company paid approximately \$8.3 million consisting of approximately \$1.5 million in cash, issued 1,687,439 shares of the Company's common stock and granted stock options valued at \$400,000. The shares of common stock issued in connection with the merger were ascribed a value of \$3.77 per share, which was the average closing price of the Company's common stock for the 30 consecutive trading days ending on April 1, 2004, which value is consistent with the valuation under EITF-99-12, *Determination of the Measurement Date for the Market Price of Acquired Securities Issued in a Purchase Business*

Combination. The common stock issued in connection with the merger included 825,459 shares which are restricted based upon the continued employment with Perficient of certain employees of Genisys through April 1, 2007, and another 352,055 shares held in escrow until April 1, 2005. Approximately \$0.5 million in transaction costs have been incurred in relation to the acquisition.

The pro forma amounts for the Genisys and Meritage acquisitions are based on the historical financial statements of Genisys and Meritage and should be read in conjunction with those historical financial statements and related notes, which were previously filed with Forms 8-K/A on June 16, 2004, and August 30, 2004, respectively.

Table of Contents

The following pro forma condensed combined financial statements are presented to illustrate the effects of the acquisitions on the historical financial position and operating results of the Company. The unaudited pro forma condensed combined statements of operations for the year ended December 31, 2003 and for the nine months ended September 30, 2004 give effect to the acquisitions as if they occurred on January 1, 2003 and combine the respective statements of operations for the Company and the above entities for the respective periods. These pro forma historical results do not reflect operational efficiencies and cost savings that may be achieved with respect to the combined companies. Therefore, these pro forma historical results reflect operating costs which are not indicative or predictive of future period results. The pro forma balance sheet as of September 30, 2004 assumes that the acquisition of ZettaWorks occurred on that date (the Genisys and Meritage acquisitions had already occurred).

The pro forma information is presented for illustrative purposes only and is not necessarily indicative of the operating results or financial position that would have occurred if the merger had been consummated on the indicated dates, nor is it necessarily indicative of future operating results. The pro forma adjustments are based on information available at the time of this filing.
