PROXY STATEMENT

PRINCIPAL FINANCIAL GROUP, INC.
711 HIGH STREET
DES MOINES, IOWA 50392-0100

VOTING PROCEDURES AND SECURITY OWNERSHIP

GENERAL INFORMATION

The accompanying proxy is solicited by the Board of Directors of Principal Financial Group, Inc. (the "Company") in connection with the annual meeting of shareholders of the Company to be held on Monday, May 19, 2003, at 9:00 a.m., local time, at 711 High Street, Des Moines, Iowa, and at any adjournment or postponement thereof (the "Annual Meeting"). This proxy statement, the enclosed proxy card and the enclosed Annual Report for 2002 were first sent to shareholders on or about April 3, 2003.

The Company became a publicly-held company effective October 26, 2001, upon the completion of the conversion of Principal Mutual Holding Company from a mutual insurance holding company to a stock company and the initial public offering of shares of the Company's common stock ("Common Stock") under the terms of the Plan of Conversion (the "Plan of Conversion"). This process is sometimes referred to in this proxy statement as the "Demutualization." The Company is the ultimate parent of Principal Life Insurance Company ("Principal Life").

VOTING RIGHTS

Only shareholders of record at the close of business on March 21, 2003, (the "Record Date") are entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, there were approximately 328,333,079 shares of Common Stock outstanding. Each share outstanding on the Record Date is entitled to one vote on each matter to be voted on at the meeting.

A plurality of the shares voting is required for the election of directors. Approval of the other matter that is before the meeting will require the affirmative vote of the holders of a majority of the shares represented at the meeting and voting on the matter. No votes may be taken at the meeting, other than a vote to adjourn, unless a quorum has been constituted consisting of the representation of one-third of the outstanding shares as of the Record Date. Proxies marked as abstaining and proxies containing broker non-votes on any matter to be acted upon by shareholders will be treated as present at the meeting for the purpose of determining a quorum but will not be counted as shares voting on such matters. Votes will be tabulated under the supervision of Mellon Investor Services, LLC, which has been designated by the Board of Directors to act as inspector of the election.

VOTING OF PROXIES

Your proxy in the form enclosed is solicited by the Board of Directors of the Company for use at the Annual Meeting and all valid proxies will be voted. Except to the extent that contrary instructions are given by shareholders in the

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

places provided in the proxy, it is the intention of the persons named in the proxy to vote "for" each of the nominees for the Board of Directors and "for" the ratification of the appointment of Ernst & Young LLP as the Company's independent auditors. A proxy may be revoked at any time prior to its use. Such revocation may be made in person at the Annual Meeting, by a notice in writing delivered to the Corporate Secretary of the Company or by a proxy bearing a later date.

Subject to the limitations described below, shareholders may vote by proxy as follows: (i) by using the accompanying proxy card, (ii) by telephone, or (iii) through the Internet. When voting using any of these methods, as to the election of directors, you may (a) vote for all of the director nominees as a group, (b) vote for all of the director nominees as a group, except those nominees whose names you specify, or (c) withhold your vote from all nominees as a group. As to the other proposal, you may vote "for" or "against" the item or "abstain" from voting. If you properly vote by proxy by any of the methods described herein but do not specify

1

any choices, you will thereby confer authority upon the persons named as proxies to vote your shares in their discretion. A proxy also confers discretionary authority on these individuals to vote your shares on any matter that was not known on the date of this proxy statement but is properly presented at the Annual Meeting, including voting on the election of any substitute nominees selected by the Board of Directors in the event any nominees are unable or decline to serve.

The expense of proxy solicitation will be borne by the Company. Depending upon the response to the initial solicitation, proxies may be solicited in person or by mail, telephone, electronic mail or facsimile by officers or regular employees of the Company. Also depending upon the response to the initial solicitation, the Company may retain an agent to assist the solicitation. The Company estimates that the cost of such assistance would be approximately \$10,000, plus reimbursement of certain out-of-pocket expenses. The Company will reimburse brokers and others for expenses they incur in forwarding proxy materials to you.

VOTING BY PROXY CARD

Any shareholder of record as of the Record Date may vote by proxy by using the accompanying proxy card. When you return a proxy card that is properly signed and completed, the shares of Common Stock represented by the proxy will be voted as you specify on the proxy card.

VOTING BY TELEPHONE OR THROUGH THE INTERNET

If you are a registered shareholder as of the Record Date (that is, you own shares of Common Stock in your own name and not through a broker, nominee or in some other "street name" capacity), you may, as an alternative to voting by mail, vote via the telephone or Internet (please see the accompanying proxy card for instructions on how to access the telephone and Internet voting systems). If you hold shares of Common Stock in "street name" as of the Record Date, your broker or other nominee will advise you whether you may vote by telephone or through the Internet as an alternative to voting by mail.

VOTING SHARES HELD IN COMPANY PLANS

Shares of Common Stock held in The Principal Select Savings Plans are held of record and are voted by the trustees of the respective plans. Participants in these plans may direct the trustees as to how to vote shares allocated to their

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

accounts. A participant may give voting instructions by completing the voting instruction card or, by following the instructions on the card, provide voting instructions by telephone or through the Internet. The trustees of these plans will vote shares as to which they have not received voting instructions as the trustees determine in their sole discretion.

VOTING SHARES HELD IN DEMUTUALIZATION SEPARATE ACCOUNT

In connection with the Demutualization, the Company issued shares of Common Stock to a separate account which Principal Life established to fund policy credits received as Demutualization compensation by certain qualified employee benefit plans that own group annuity contracts issued by Principal Life. Although these shares are held of record and will be voted by Principal Life at the Annual Meeting, the plans may direct Principal Life how to vote shares allocated to plan accounts. A plan may give voting instructions by completing the voting instruction card that accompanies this proxy statement or, by following the instructions on the card, provide voting instructions by telephone or through the Internet. Principal Life will "mirror vote" separate account shares as to which it has not received direction. This means that Principal Life will vote the shares as to which it has not received direction in the same proportion -- for, against or abstain -- as the shares in the Demutualization separate account for which it has received instructions.

THE BOARD OF DIRECTORS URGES YOU TO EXERCISE YOUR RIGHT TO VOTE BY RETURNING THE ENCLOSED PROXY CARD, BY USING THE TELEPHONE OR THROUGH THE INTERNET.

2

PROPOSAL ONE -- ELECTION OF DIRECTORS

The Board of Directors of the Company (the "Board") is divided into three classes. One class is elected each year to hold office for a term of three years. At the Annual Meeting, five directors are to be elected to hold office until the annual meeting of shareholders to be held in the year 2006, "Class II Directors". Four of the nominees are currently directors of the Company. One nominee has not previously served as a director of the Company. There is no cumulative voting, and the five nominees receiving the most votes will be elected by a plurality. The remaining directors of the Company, whose terms expire in the year 2004 ("Class III Directors") or the year 2005 ("Class I Directors"), will continue to serve in accordance with their previous election or appointment. Donald M. Stewart, who has served as a director of the Company since it was formed in 2001 and of Principal Life since 1979, will retire from the Board at the time of the Annual Meeting. Arjun K. Mathrani, a new nominee for director of the Company, has been nominated by the Board to fill the vacancy in Class II.

Unless authority is withheld by the shareholder, it is the intention of the persons named in the enclosed proxy card to vote for the nominees listed and, in the event any nominees are unable or decline to serve, to vote for the balance of the nominees and for any substitutes selected by the Board. The name, age, principal occupation and other information concerning each current director and each nominee are set forth below.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" ALL THE NOMINEES.

GOVERNANCE OF THE COMPANY

The business and affairs of the Company are managed under the direction of the Board. The Board has established standing committees and adopted policies and practices to assist it in fulfilling its responsibilities. During 2002, the

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

Board committee with responsibility for governance matters conducted a review of the Company's corporate governance practices and policies. The purpose of the review was to assess the Company's current practices and policies and to prepare for compliance with new standards proposed by the New York Stock Exchange for its listed companies and by the Sarbanes-Oxley Act of 2002, which became law on July 30, 2002. The Committee recommended a number of actions as a result of its review, which

5

subsequently have been addressed by the Board and its committees. These include development of Director Independence Guidelines and review of each director's situation under those guidelines for a determination of independence or non-independence; changes to the Audit, Human Resources and Nominating Committee charters and adoption of a new charter for the Board Affairs and Governance Committee; a change in the membership of the Board Affairs and Governance Committee so that it is comprised solely of independent directors, as are the Audit, Human Resources and Nominating Committees; changes to the Policy on Auditor Independence; a review of the Company's Statement of Business Practices (which for purposes of the proposed New York Stock Exchange listing standards is the Company's code of business conduct and ethics) and development of the Company's Corporate Governance Guidelines. Information relating to the governance of the Company may be found on the Company's website, at www.principal.com.

The Board held five meetings in 2002, and each of the directors then in office attended at least 75% of the aggregate of the meetings of the Board and the Committees of the Board of which the director was a member, except for Dr. Stewart, who is retiring from the Board at the time of the Annual Meeting.

The Committees established by the Board include the following:

AUDIT COMMITTEE

The members of the Audit Committee are appointed by the Board after considering the recommendations of the Nominating Committee. A director may be appointed to or continue to serve on the Audit Committee only if the Board determines that the director is "independent" and "financially literate" as provided in applicable New York Stock Exchange listing standards. The current members of the Audit Committee are Ms. Tallett, Chair, Ms. Carter-Miller, Ms. Helton and Mr. Keyser. The Board has appointed Mr. Arjun K. Mathrani, a candidate for director who has not previously served on the Board, to serve on the Audit Committee upon his election at the Annual Meeting. At that time, Mr. Keyser will no longer serve on the Audit Committee and will become a member of the Nominating Committee.

The Audit Committee selects the firm of independent certified public accountants to annually audit the Company's books and records, and reviews and reports to the Board on the audit and non-audit activities of the independent auditors. The Committee must give pre-approval for any non-audit engagement of the independent auditors and reviews fees for audit and non-audit services.

The Committee meets at least quarterly with financial management, the internal auditor, and the external auditors of the Company to provide oversight of the financial reporting process and system of internal controls. The Committee reviews audit plans and results and also reviews and reports to the Board on accounting policies and legal and regulatory compliance. The Committee regularly meets alone with each of the internal auditor, primary independent auditor, the Company's Chief Financial Officer and the Company's General Counsel. The Committee reviews its charter and evaluates its performance annually. The Committee held six meetings in 2002.

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

HUMAN RESOURCES COMMITTEE

The members of the Human Resources Committee (the Board's compensation committee) are appointed by the Board after considering the recommendations of the Nominating Committee. A director may be appointed to or continue to serve on the Human Resources Committee only if the Board determines that the director is independent as provided in applicable New York Stock Exchange listing standards. The Human Resources Committee determines and reports to the Board on the compensation for executive officers, including base salaries, incentive compensation and other benefits, acts upon management's recommendations for salary and supplemental employee compensation policies for all other employees, administers the Company's Incentive Pay Plan, Long-Term Performance Plan and Stock Incentive Plan, oversees, generally, and acts on management's recommendations that require director action with respect to all employee pension and welfare benefit plans, and oversees executive management succession planning. The Committee also reviews significant compensation, benefits and general human resources topics that may apply on a broader scale across the Company. The Committee has the sole authority to retain and terminate executive compensation consulting firms to advise the Committee, including approval of consulting fees and other

6

retention terms. The Committee reviews its charter and evaluates its performance annually. The current members of the Human Resources Committee are Mr. Kerr, Chair, Mr. Gelatt, Mr. Costley and Mr. Johnson. Ronald D. Pearson, who retired from the Board on May 20, 2002, also served on the Human Resources Committee in 2002. When Mr. Pearson retired, Mr. Johnson joined the Committee. The Committee held seven meetings in 2002.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION. One of the members of the Human Resources Committee, Mr. Kerr, is the Chairman and Chief Executive Officer of Meredith Corporation ("Meredith"). In March 1999, Principal Life, for itself, and an affiliate of Principal Life, for accounts the affiliate manages, purchased in the ordinary course of business approximately \$24 million of an aggregate of \$200 million of notes issued by Meredith. Principal Life and its affiliate purchased notes in two of the three series issued by Meredith in transactions in which an insurance company unaffiliated with the Company was the lead lender. The notes held by Principal Life and its affiliate pay interest between 6.51% and 6.65%, and mature on March 1, 2005, and March 1, 2006.

In April 2001, Principal Life, for itself, and an affiliate of Principal Life for accounts it manages, purchased in the ordinary course of business an additional \$25 million of an aggregate \$100 million of notes to be issued by Meredith in two series. In Series A, Principal Life purchased \$20 million of an aggregate \$50 million of notes paying interest at 6.39% and maturing April 9, 2007; in Series B, Principal Life and its affiliate purchased \$5 million of an aggregate \$50 million of notes paying interest at 6.62% and maturing April 9, 2008. Principal Life and its affiliate purchased the notes in a transaction in which an insurance company unaffiliated with the Company was the lead lender.

NOMINATING COMMITTEE

The members of the Nominating Committee are appointed by the Board. A director may be appointed to or continue to serve on the Nominating Committee only if the Board determines that the director is independent as provided in applicable New York Stock Exchange listing standards. The Nominating Committee determines criteria for selecting director candidates and Board committee members, recommends a slate of candidates for election by shareholders at each annual meeting and proposes candidates to fill vacancies on the Board. The

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

Committee also reviews and reports to the Board with respect to the independence of directors, the performance of individual directors, recommendations for Board committee assignments and directors to act as Presiding Director and Alternate Presiding Director, and the content of the Company's code of business conduct and ethics. The Nominating Committee also reviews and makes recommendations to the Board regarding compensation of non-employee directors and reimbursement of their expenses and administers the Directors Stock Plan and the Non-Employee Directors Deferred Compensation Plan. The Committee has the sole authority to retain and terminate search firms used to identify director candidates, including approval of search firm fees and other retention terms. Hoffman, Senior Vice President and Corporate Secretary, Principal Financial Group, 711 High Street, Des Moines, Iowa 50392-0300. EXECUTIVE COMMITTEE

The members of the Executive Committee are appointed by the Board after considering the recommendations of the Nominating Committee. The Executive Committee has, during times between Board meetings, all the authority of the Board in the management of the Company's business, except that the Executive Committee has no authority for any matters as to which the Board has specifically directed otherwise and for certain matters set forth under law and in the By-Laws, including the authority to declare shareholder dividends or other distributions, fill vacancies on the Board or any Committee thereof, and adopt, amend or repeal the By-Laws. In practice, the Executive Committee generally acts only on matters specifically

7

delegated to it by the Board and on matters of a more routine nature, and matters to be acted upon must be approved by the independent members of the Committee. The current members of the Executive Committee are Mr. Griswell, Chair, Mr. Drury, Mr. Gelatt, Mr. Kerr, and Ms. Tallett. The Committee held five meetings in 2002.

BOARD AFFAIRS AND GOVERNANCE COMMITTEE

The membership of the Board Affairs and Governance Committee is established in its charter: the current Presiding Director, Alternate Presiding Director and chairs of each of the Audit, Human Resources and Nominating Committees, if different. A director may be appointed to or continue to serve on the Board Affairs and Governance Committee only if the Board determines that the director is independent as provided in applicable New York Stock Exchange listing standards. The Board Affairs and Governance Committee reviews and reassesses at least annually the adequacy of the Company's Corporate Governance Guidelines and recommends proposed changes to the Board for approval, evaluates annually and reports to the Board on the Board's overall performance and effectiveness and makes recommendations to the Board and Board committees on governance matters, and oversees evaluation of the Chief Executive Officer. The Committee also oversees the annual self-evaluations of the Audit, Human Resources and Nominating Committees of the Board. The Committee reviews its charter and evaluates its performance annually. The current members of the Committee are Mr. Gelatt, Chair, Ms. Bernard, Mr. Kerr, and Ms. Tallett. The Committee held four meetings in 2002.

COMPENSATION OF DIRECTORS

DIRECTORS' RETAINERS AND ATTENDANCE FEES

Directors who are not officers or employees of the Company or its subsidiaries receive an annual retainer of \$24,000. Non-employee directors who serve as chair of a Board committee receive an additional \$5,000 annual retainer per chair. Non-employee directors are paid an attendance fee of \$2,500 for each day of a Board meeting they attend and \$1,300 for a Board committee meeting they attend on the day of or day before a Board meeting. The fee for participation in a Board or Board committee meeting held by telephone conference call is \$1,000. Non-employee directors may defer the receipt of the payment of all or a portion of their retainer and attendance fees under the Company's Deferred Compensation Plan for Non-Employee Directors.

DIRECTORS STOCK PLAN

The purpose of the Directors Stock Plan is to enable the Company to attract, retain and motivate the best qualified non-employee directors and to foster a long-term alignment of interests between such directors and shareholders. Prior to November 26, 2002, the Human Resources Committee administered the Directors Stock Plan. Beginning November 26, 2002 the Nominating Committee assumed responsibility for administering the Directors Stock Plan. As explained below, the Nominating Committee may from time to time grant options, restricted stock or restricted stock units to non-employee directors. No member of the Nominating Committee may participate in any decisions with respect to his or her benefits under the plan unless the decision applies generally to all non-employee directors. The Directors Stock Plan provided for certain awards described below six months after completion of the Demutualization, April 29, 2002, and provides for certain awards, also described below, at each annual meeting thereafter. Any director first elected subsequent to an annual meeting will receive the number of stock options and restricted stock units, as described below, prorated based on the amount of time remaining until the next annual meeting (with respect to stock options) and the amount of time remaining in the director's term (with respect to restricted stock units).

On April 29, 2002, non-employee directors whose terms continued past the 2002 annual meeting each received options to purchase 2,000 shares of Common Stock, and each non-employee director in office on May 20, 2002, the date of the annual meeting, also received options to purchase 2,000 shares of Common Stock. At each annual meeting thereafter, each non-employee director then in office will receive options to purchase 2,000 shares of Common Stock. The exercise price will not be less than the fair market value of the

8

shares on the date the option is granted. Except as otherwise determined by the Nominating Committee, options will become exercisable in four approximately equal installments on the third, sixth, ninth and twelfth month anniversaries of the grant date; however, no options will become exercisable earlier than eighteen months following the completion of the Demutualization. Each option will expire, if not previously exercised in accordance with the terms of the plan, on the tenth anniversary of the grant date.

Non-employee directors whose terms continued past the 2002 annual meeting also received on April 29, 2002, and non-employee directors elected on May 20, 2002 received, grants of restricted stock units. The number received by each director on April 29, 2002, was prorated with respect to the amount of time remaining in such director's term, so that Class III directors received 1,500 restricted stock units, Class II directors received 750 and Class I directors received none. Upon re-election at the 2002 annual meeting, Class I directors

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

received 1,500 restricted stock units. Each director re-elected at an annual meeting will receive an additional 1,500 restricted stock units. Unless otherwise determined by the Nominating Committee, restrictions on the sale or transfer of restricted stock units will lapse in substantially equal installments from the date of grant to the date of the end of the term of such director's class, so that portions of each award vest four times per year. However, no restrictions will lapse earlier than eighteen months following the completion of the Demutualization.

Subject to the terms and conditions of the plan, the Nominating Committee may also grant options, restricted stock or restricted stock units to any non-employee director at any time, except that during the eighteen month period after the completion of the Demutualization, the aggregate number of shares granted pursuant to such discretionary option awards may not exceed 20,000 shares, and the aggregate number of shares granted pursuant to such discretionary restricted stock or restricted stock unit awards may not exceed 15,000 shares. The maximum number of shares that may be awarded under this plan is 500,000 shares of Common Stock.

DIRECTORS MATCHING GIFT PROGRAM

Under the Directors Charitable Matching Gift Program, Principal Life matches the charitable gifts of non-employee directors to institutions of higher learning and eligible section 501(c)(3) organizations up to an annual aggregate limit for each such director of \$6,000 per calendar year during a director's term and for each of the three years following the director's retirement from the Board. The directors who make personal charitable gifts that Principal Life matches derive no financial benefit since all charitable contribution tax deductions for the Principal Life matching gifts accrue solely to Principal Life.

DIRECTORS STOCK OWNERSHIP

The Board has established Common Stock ownership guidelines which require that non-employee directors must attain, by the end of the five-year period commencing with the director's initial receipt of stock options, an ownership position with respect to Common Stock equal to four times the amount of the annual retainer. Common Stock, deferred phantom-stock units under the Company's Deferred Compensation Plan for Non-Employee Directors and restricted stock units all qualify towards the ownership requirement as it applies to non-employee directors.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During 2002, Principal Residential Mortgage, Inc., the Company's mortgage banking subsidiary, extended a mortgage loan in the ordinary course of its business to James P. McCaughan, an executive officer of the Company. The original amount of Mr. McCaughan's mortgage was \$120,000, with an interest rate of 5.625%. As of March 7, 2003, the outstanding balance of the loan was \$119,083.

AUDIT COMMITTEE CHARTER AND REPORT

AUDIT COMMITTEE CHARTER

The Audit Committee operates pursuant to a charter approved by the Board. A copy of the charter as last amended by the Board on February 25, 2003, is attached to this proxy statement as Appendix A. The charter sets out the responsibilities, authority and specific duties of the Audit Committee. The

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

charter specifies, among other things, the structure and membership requirements of the Committee, as well as the relationship of the Audit Committee to the independent auditors, the internal auditor and management of the Company.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed with management the audited financial statements for the fiscal year ended December 31, 2002, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Committee has discussed with Ernst & Young LLP, the Company's independent auditors, the matters required to be discussed by Statement of Accounting Standards ("SAS") 61 (Communications with Audit Committee). SAS 61, as amended, requires the independent auditors to provide the Company with additional information regarding the scope and results of their audit of the Company's financial statements, including with respect to (i) their responsibility under generally accepted auditing standards, (ii) significant accounting policies, including a discussion of their quality, not just their acceptability, (iii) management judgments and estimates, (iv) any significant audit adjustments, (v) any disagreements with management, and (vi) any difficulties encountered in performing the audit.

The Committee has received from Ernst & Young LLP a letter providing the disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) with respect to any relationships between Ernst & Young LLP and the Company that in their professional judgment may reasonably be thought to bear on independence. The Committee has discussed with Ernst & Young LLP its independence and Ernst & Young LLP has confirmed in such letter that, in its professional judgment, it is independent of the Company within the meaning of the federal securities laws.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2002, for filing with the SEC. The Committee has also approved, subject to shareholder ratification, the reappointment of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 31, 2003.

As specified in the Audit Committee charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with generally accepted accounting principles. That is the responsibility of the Company's independent auditors and management. In giving our recommendation to the Board, the Committee has relied on (i) management's representation that such financial statements have been prepared with integrity and

objectivity and in conformity with generally accepted accounting principles, and

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

(ii) the report of the Company's independent auditors with respect to such financial statements.

PROPOSAL TWO -- RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

Subject to shareholder ratification, the Audit Committee has reappointed the firm of Ernst & Young LLP to audit the consolidated financial statements of the Company for the fiscal year ending December 31, 2003. This firm and its predecessors have been employed by the Company or Principal Life in that capacity for many years. Ratification of the appointment of auditors requires the affirmative vote of a majority of the shares represented at the meeting and voting on the matter. If the shareholders do not ratify this appointment, the matter of the appointment of independent auditors will be considered by the Audit Committee.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" SUCH RATIFICATION.

Representatives of Ernst & Young LLP will be present at the Annual Meeting, will be given an opportunity to make a statement if they so desire and will be available to respond to appropriate questions relating to the audit of the Company's 2002 consolidated financial statements.

AUDIT FEES

The Company estimates that the aggregate fees billed by its independent auditors for professional services rendered in connection with (i) the audit of the Company's annual financial statements set forth in the Company's Annual Report on Form 10-K for the year ended December 31, 2002, and (ii) the review of the Company's quarterly financial statements set forth in the Company's Quarterly Reports on Form 10-Q for the quarters ended March 31, 2002, June 30, 2002, and September 30, 2002, were approximately \$1,753,000.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

The Company incurred no fees from its independent auditors for the Company's most recent fiscal year for professional services rendered in connection with operating, or supervising the operation of, the Company's information system, managing the Company's local area network or designing and implementing hardware and software systems.

ALL OTHER FEES

The Company estimates that the fees billed by its independent auditors for the Company's most recent fiscal year for other services totaled approximately \$3,993,000. Of this amount, approximately \$1,916,000 represented recurring fees primarily for audit-related services such as financial statement audits for subsidiaries and other affiliated entities as required by law (e.g., financial statement audits of domestic and international insurance companies, separate accounts, employee benefit plans, investment advisors, and broker/dealers), assistance with the application of new accounting standards to existing operations and existing accounting standards to new transactions.

The balance of approximately \$2,077,000 represented non-recurring fees, primarily for tax and accounting services related to the Company's sale of substantially all of BT Financial Group in 2002 (over 50% of the non-recurring

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

fees), special tax planning and compliance projects, and some assistance with the Company's internal audit activities in information technology and non-domestic subsidiaries. Effective January 1, 2003, the Audit Committee has engaged a service provider other than the independent auditors to assist the Company with its internal audit activities.

11

The Committee has determined that the non-audit services rendered by Ernst & Young LLP during the Company's most recent fiscal year are compatible with maintaining Ernst & Young LLP's independence.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

Except as otherwise indicated below, the following table shows, as of March 7, 2003, beneficial ownership of shares of the Common Stock by (i) the only shareholder known to the Company to beneficially own more than 5% of the outstanding shares of Common Stock, (ii) each director, (iii) each executive officer named in the Summary Compensation Table below, and (iv) all current directors and executive officers as a group. Except as otherwise indicated below, each of the individuals named in the table has sole voting and investment power, or shares such powers with his or her spouse, with respect to the shares set forth opposite his or her name.

Prior to April 29, 2002, due to restrictions contained in the Plan of Conversion, the only shares of Common Stock that directors or executive officers could beneficially own were the shares that they, their spouses or other immediate family members received as policyholders or participants in a pension plan that was an eligible policyholder in connection with the Demutualization.

Northern Trust Investments, Inc., a subsidiary of Northern Trust Corporation, serves as portfolio manager of the Principal Life separate account established in connection with the Demutualization. - (4) Includes 121,506 shares held by The Gelatt Corporation of which Mr. Gelatt is a controlling shareholder, director and executive officer.

In addition to beneficial ownership of Common Stock, the Company's directors and executive officers also hold different forms of "stock units" that are not reported in the security ownership table but represent additional financial interests that are subject to the same market risk as Common Stock. These units include shares that may be acquired after May 6, 2003 pursuant to previously awarded stock options and non-transferrable accounting-entry units such as restricted stock units and phantom stock units issued pursuant to Company stock-based compensation and benefit plans. The value of such units is the same as the value of the corresponding number of shares of Common Stock.

See "Compensation of Directors" for a discussion of the restricted stock units granted to non-employee directors under the Directors Stock Plan and the phantom-stock units credited to directors who participate in the Company's Deferred Compensation Plan for Non-Employee Directors. See "Long-Term Performance Plan" for a discussion of the stock units credited to officers who defer receipt of awards under that plan and "Additional Stock Ownership Plans" for a discussion of other stock-based benefit plans.

As of March 7, 2003, the directors and executive officers named in the security ownership table hold a pecuniary interest in the following number of

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, (the "Exchange Act"), requires the Company's directors, executive officers and beneficial owners of more than ten percent (10%) of the Common Stock to file with the SEC and the New York Stock Exchange initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. SEC regulations also require such persons to furnish the Company with copies of all such reports.

Based solely upon its review of the copies of such reports furnished to it, or written representations from the reporting persons that no forms were required to be filed, the Company believes that during fiscal year 2002 all section 16(a) filing requirements applicable to its officers, directors and greater than ten percent beneficial owners were complied with except for the following transactions. Two reports, covering an aggregate of two transactions, were filed late by Norman R. Sorensen, Senior Vice President. One report covering a single transaction was filed three business days late by Michael H. Gersie, Executive Vice President and Chief Financial Officer, and one report covering a single transaction was filed one business day late by each of Karen E. Shaff, Senior Vice President and General Counsel, Ms. Tallett, a Director, and Larry D. Zimpleman,

13

Executive Vice President. In addition, one report was filed late by Mr. Gelatt to report indirect beneficial ownership of Common Stock held by a family trust for the benefit of Mr. Gelatt's child.

INCENTIVE PAY PLAN

Under the Company's Incentive Pay Plan ("PrinPay Plan"), most Company employees are eligible to receive additional, annual compensation for any year if certain performance targets are met and if the Company has achieved threshold performance objectives specified in the PrinPay Plan. Awards are paid by March

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

15 of the following year. At the beginning of a plan year, target cash award opportunities are established for eligible employees at varying percentages of base salary. The achievement of target awards for a participant is based on meeting target performance measures for the components of the PrinPay Plan applicable to that participant. For the 2002 PrinPay Plan, these components were (1) corporate and individual in the case of the Chief Executive Officer, Executive Vice Presidents and Senior Vice Presidents with service unit responsibilities, (2) corporate, business unit and individual in the case of Senior Vice Presidents with business unit responsibilities, (3) corporate, business unit and individual or corporate and individual in the case of other senior employees, and (4) corporate and business unit or corporate only in the case of all other participants. The relative weight of each of these components varies for each participant depending on the participant's level in the Company. The PrinPay Plan provides that corporate performance measures may include, but are not limited to, return on equity, operating earnings, earnings before income taxes, deposits, depreciation and amortization, budget, customer satisfaction and total shareholder return. The Human Resources Committee reviews and approves corporate performance measures for all participants and business unit and individual performance measures for executive officers. The amounts actually paid as awards may be less than, equal to or greater than the target awards initially established depending on the relationship

16

of actual performance results to target performance measures. The PrinPay Plan permits the Human Resources Committee, in comparing actual performance results to target performance measures, to make adjustments for extraordinary items and events not taken into consideration in establishing the target measures. In approving awards for 2002, the Committee determined that the result obtained for corporate performance should be set at 100% of the target for overall corporate performance. This adjustment affected all participants. The extent to which it affected any particular participant depended on the relative weight of the corporate component to the other components applicable to the participant.

LONG-TERM PERFORMANCE PLAN

The Company's Long-Term Performance Plan affords eligible executives, including the Named Executive Officers, the opportunity to share in the success of the Company if the Company achieves specified performance objectives over periods of three calendar years. The plan provides that, for any three year performance period, the Human Resources Committee may select the performance objectives it deems appropriate. The plan provides that the Committee may select such objectives as achievement of a designated level of return on equity, operating earnings, earnings before interest, taxes, depreciation and amortization and total shareholder return. At the beginning of each such performance period, the Human Resources Committee awards executives a number of performance units based on incentive opportunity targets established as percentages of base salaries and the beginning values of the units. At the end of each three-year performance period, the number of performance units held by an executive will be adjusted by a performance multiplier. This multiplier is a percentage determined by a matrix the Human Resources Committee establishes at the beginning of each performance period. The matrix establishes the various performance objectives to be achieved and the levels of reward that participating executives will receive if the Company achieves stated levels of performance. The amount payable to each participating executive at the end of each performance period is equal to the product of the number of performance units initially awarded multiplied by (i) the percentage derived from the performance matrix and (ii) the value of such units at the end of the performance period. The value of a performance unit has been determined using a multiple of 10 times the product of the average return on equity for the prior three years and the adjusted consolidated GAAP equity as of the end of the

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

performance period, divided by the number of units available to be granted under the plan. This formula was used to determine the value of performance units at the beginning and end of the 2000-2002 performance period (and prior performance periods) and at the beginning of the 2001-2003 performance period. The units in the 2001-2003 performance period were converted to a valuation based on the price of the Common Stock using the average trading price of the Common Stock during the last 20 trading days in June 2002. The value of a performance unit at the beginning of the 2002-2004 performance period was based on the average trading price of the Common Stock during the 20-day period beginning April 29, 2002. The value of all other performance units for all performance periods ending after December 2002 will be based on the average trading price of the Common Stock during the last 20 trading days in December of each year. Notwithstanding the foregoing, no payments may be made in respect of any performance period if threshold performance objectives established by the Human Resources Committee with respect to such performance period are not satisfied. The Human Resources Committee has determined that, commencing April 29, 2002, payouts under the Long-Term Performance Plan will be made in cash, Common Stock or a combination of cash and Common Stock, as elected by the participant.

The Long-Term Performance Plan permits the Committee, in comparing actual performance results to target performance measures, to make adjustments for extraordinary items and events not taken into consideration in establishing the target measures. In approving awards for the three year performance period ended December 31, 2002, the Committee determined that the Company achieved its financial performance goals by achieving 57.3% of target levels of earnings and the year-three return on equity. This adjustment affected all participants.

Listed below are the awards granted under the Long-Term Performance Plan in 2002 with respect to the 2002-2004 performance period.

met. The threshold targets for the 2002-2004 performance period are based upon achievement of prescribed levels of the risk based capital ratio of Principal Life, consolidated GAAP equity, return on equity and operating earnings for the Company.

ADDITIONAL STOCK OWNERSHIP PLANS

As a result of having become a publicly-held stock company, the Company is in a position and expects to make increasing use of stock-based executive and employee incentive compensation. In this connection, the Board in 2001 adopted the Company's Stock Incentive Plan and Employee Stock Purchase Plan which are described below. There are, however, a number of restrictions under the Plan of Conversion which delayed the Company's full use of such compensation and the exercise and distribution of stock-based awards. For example, until April 29, 2003, eighteen months after completion of the Demutualization, no stock options granted under the Stock Incentive Plan may become exercisable, except in cases of death or disability or other limited circumstances.

The maximum number of shares of Common Stock that may be awarded under the Long-Term Performance Plan, the Stock Incentive Plan, the Excess Plan, the Directors Stock Plan described above, and any new plan awarding shares of Common Stock, in the five years following the completion of the Demutualization, is 6% of the number of shares outstanding immediately following the completion of the Demutualization, unless the shareholders vote to increase the maximum number, and the number of shares that may be awarded in the eighteen months following the completion of the Demutualization is limited to 40% of such maximum.

Stock Incentive Plan. Under the Stock Incentive Plan, the Human Resources Committee may from time to time grant to the Company's executive officers stock options (both nonqualified options and options qualifying as incentive stock options under the Internal Revenue Code), stock appreciation rights (i.e., rights to receive cash or stock based on the appreciation in value of the Common Stock from the date of grant), restricted stock (i.e., awards of Common Stock subject to restrictions on transferability and a risk of forfeiture) and restricted stock units (i.e., contractual rights to receive cash or Common Stock in the future that are the economic equivalent of an award of restricted stock).

Stock options are expected to be the primary grant form under the Stock Incentive Plan. Stock options are granted with an exercise price at least equal to the fair market value of the Common Stock on the date of grant, are generally exercisable in three approximately equal installments on each of the first three anniversaries of the date of grant and continue to be exercisable for up to ten years from the date of grant.

18

Employee Stock Purchase Plan. The Company's Employee Stock Purchase Plan affords virtually all employees of the Company and its subsidiaries the opportunity to buy shares of Common Stock at a discount from the prevailing fair market value. The number of shares of Common Stock issuable pursuant to options under the plan may not exceed 2% of the total number of shares outstanding immediately following completion of the Demutualization unless the shareholders vote to increase the maximum number. Under the plan as currently administered, participating employees are granted options, each with a term of one calendar quarter, to purchase shares of Common Stock. The option exercise price, or the price at which the Common Stock may be purchased, is 85% of the fair market value of the shares as of the date of grant or the date of exercise, whichever is less. Generally, if an employee leaves the Company or one of its subsidiaries for any reason other than death or permanent disability, any outstanding options granted to him or her will terminate and his or her individual account balance will be returned to him or her.

RETIREMENT PLAN INFORMATION

Principal Life maintains a qualified defined benefit retirement plan and a nonqualified supplemental pension plan (i.e., a supplemental executive retirement plan for employees, or "SERP"). Effective January 1, 2002, the Company adopted a cash balance pension plan applicable to all new employees on and after that date. Employees whose service commenced prior to January 1, 2002 and are eligible for retirement benefits will receive the higher of the traditional benefit formula or the benefit provided by the cash balance formula upon retirement. The SERP provides for supplemental pension benefits in excess of the benefit provided by the qualified defined benefit retirement plan.

The table below provides for the estimated maximum annual retirement benefits that a hypothetical participant would be entitled to receive under the combined retirement plans. These benefits are computed on a straight-life annuity basis, age 65 retirement, reduction of an annual social security benefit of \$19,920 (maximum allowed in 2002), and the number of credited years of service and average final compensation equal to the amounts indicated. A participant whose maximum credited years of service exceed 35 years upon retirement at age 65 will be entitled to benefits substantially comparable to the benefits available to a participant whose credited years of service equal 35 years upon retirement at age 65.

The plans will provide pension benefits for Messrs. Griswell, Aschenbrenner, Daley, Francis and McCaughan. Average final compensation under the retirement plans will be based on each executive's salary and annual bonus under the PrinPay plan. These amounts with respect to 2002 are shown under the "Salary" and "Bonus" columns opposite the names of these executives in the Summary Compensation Table above. The years of service of each of the named executives for eligibility and benefit purposes as of December 31, 2002, were as follows: Mr. Griswell, 15 years; Mr. Aschenbrenner, 31 years; Mr. Daley, 3 years; Mr. Francis, 36 years and Mr. McCaughan, nine months. These executives will also receive an additional benefit based on any service they earned prior to January 1, 1989.

EMPLOYMENT AGREEMENTS

The Company has entered into an employment agreement dated May 19, 2000, with J. Barry Griswell pursuant to which Mr. Griswell will continue in his capacity as the Company's President and Chief Executive Officer for an employment term of three years from such date. This three-year term will automatically be extended for additional two-year terms unless either Mr. Griswell or the Company notifies the other of the intention not to extend the agreement. Under this agreement, Mr. Griswell's annual salary was originally established at \$850,000 but is periodically adjusted in accordance with the Company's regular policy, and Mr. Griswell participates in the Company's annual and long-term incentive compensation plans and qualified and non-qualified savings and retirement plans.

The employment agreement provides that Mr. Griswell will be entitled to certain severance benefits in the event that his employment terminates under certain circumstances. These benefits are substantially similar to the severance benefits to which Mr. Griswell would be entitled pursuant to the "change of control" agreement described below, except that in the case of a termination of his employment where there has not been a change of control, Mr. Griswell will generally be entitled to two times the amounts indicated below, not three times.

On March 14, 2002, the Company agreed to hire James P. McCaughan as Executive Vice President and Global Head of Asset Management of Principal Life. Mr. McCaughan's base salary was established at \$500,000. Mr. McCaughan also received reimbursement of certain relocation and moving costs. Mr. McCaughan participates in the Company's annual and long-term incentive compensation plans and qualified and non-qualified savings and retirement plans. Mr. McCaughan's target award opportunities under PrinPay, the Long-Term Performance Plan and the Stock Incentive Plan are set at 250%, 50% and 200% of his base salary, respectively. Mr. McCaughan's incentive compensation awards under the PrinPay, Long-Term Performance and Stock Incentive Plans are guaranteed at 100% of all relevant targets for 2002, and at 80% of all relevant targets for 2003. Mr. McCaughan was treated as though he had been employed for the full 2002 calendar year with regard to the determination of his bonus under these plans.

Should Mr. McCaughan's employment be terminated prior to March 31, 2004, without "cause," as that term is defined in the change of control agreement described below, the Company has agreed to pay him the base salary and PrinPay award he would have received through March 31, 2004, had his employment not been terminated. If he is terminated after March 31, 2004 without cause, the Company has agreed to pay him one year's base compensation, and one year's PrinPay award at 100% of all relevant targets, and any other accrued entitlements in accordance with the terms of the relevant plan.

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

On April 26, 2000, the Company hired Michael T. Daley as Executive Vice President of Principal Life. Mr. Daley's base salary was established at \$350,000, subject to periodic increases in accordance with the Company's compensation practices. Mr. Daley participates in the Company's annual and long-term incentive compensation plans and qualified and non-qualified savings and retirement plans.

20

Mr. Daley was treated as though he had been employed in 1998, 1999 and for the full 2000 calendar year with regard to the Company's Long-Term Performance Plan. In 2001 and 2002, therefore, he received bonuses under that plan with respect to the 1998-2000 and 1999-2001 performance periods equivalent to what he would have received had he been employed in 1998, 1999 and the full 2000 calendar year. He also received reimbursement of certain relocation costs.

The Company has entered into "change of control" employment agreements with Mr. Griswell and each of the other Named Executive Officers. The purpose of these agreements is to assure the covered executive that, following a "change of control" (as defined in the agreements and as set forth below) or related events, he will receive substantially comparable compensation and benefits and have substantially comparable terms and conditions of employment as those he enjoyed prior to the occurrence of such event. To that end, in the event of a change of control, these agreements:

- mandate that the executive receive specified levels of salary, incentive compensation and benefits for a period of not less than two years following the occurrence of a change of control;
- provide for the immediate vesting of all options and shares of restricted stock then held by each executive, unless, in the case of a merger or similar acquisition, the applicable acquisition agreement provides that the options are to be assumed by the acquirer, in which case only the restricted stock will vest; however, there can be no exercise of options nor distribution of restricted stock awards until eighteen months following the completion of the Demutualization;
- provide for a payment to be made to each executive, within 10 days of a change of control, of a pro rata portion of any annual bonus and/or long-term incentive award then outstanding, in respect of the applicable periods prior to the change of control;
- provide that, within 10 days of a change of control, the outstanding account balances for each executive under any non-qualified deferral or supplemental benefits program, whether vested or unvested, will vest and be paid; and
- assure each executive of receiving a specified level of termination benefits in the event that his employment is terminated without "cause" or by the executive voluntarily for "good reason."

For this purpose, "good reason" means adverse changes in the terms and conditions of the executive's employment, including:

- any failure to pay the executive's base salary or any required increase in salary;
- any failure to pay the executive's annual bonus or any reduction in the executive's annual bonus opportunity;
- any material adverse change in the executive's position (including

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

offices, titles or reporting requirements, but not reporting responsibilities), authority or duties under the agreement; or

- any material reduction in the executive's aggregate compensation and benefits or relocation of the executive to any office or location other than the location at which he worked prior to the change of control.

The benefits to be paid or provided under the agreements upon a qualifying termination include:

- a lump sum severance benefit equal to three times the sum of the executive's annual base salary, target annual bonus and annualized target long-term bonus; provided that the annualized target long-term bonus will not be included as part of the severance benefits if the executive's termination occurs on or after the third anniversary of the date we first make a grant of stock options to a peer executive;
- the immediate vesting of all stock options and shares of restricted stock or similar awards then held, except that there can be no option exercise or distribution of restricted stock until eighteen months following the completion of the Demutualization;

21

- a pro-rated annual bonus for the year of termination and a pro-rated long-term incentive plan payment for each cycle then in progress, minus, in each case, the amount, if any, paid in respect of such annual or long-term incentive plan at the time of the change of control;
- the unpaid account balances under any non-qualified deferral or supplemental benefits program, whether vested or unvested;
- the lump sum value of the additional retirement benefits the executive would have accrued had he become fully vested in all such previously-unvested benefits, accrued three additional years of service and received the lump-sum severance benefits described above, excluding the long-term incentive plan bonuses, as covered compensation during such assumed additional years of service;
- an additional payment to offset any excise tax imposed under section 4999 of the Internal Revenue Code, but only if the after-tax amount of the additional payment would exceed 10% of the after-tax benefits the executive would receive if the executive's benefits were limited to an amount such that the payments would not be subject to the excise tax; and
- the reimbursement for legal fees and other related expenses required to secure, preserve or obtain benefits under the agreements.

In addition, until the third anniversary of the date of the executive's termination, the executive shall continue to receive welfare benefits, including medical, prescription, dental, disability, salary continuance, individual life, group life, accidental death and travel accident insurance plans and programs, which are at least as favorable as the most favorable programs at the same costs applicable to peer executives and their families who are actively employed after such termination date.

Mr. Griswell has agreed that for two years, and the other Named Executive Officers have agreed that for one year, following a termination of employment that results in the executive receiving the severance benefits described above, the executive will not engage or participate in, or become employed by or serve as a director of or consultant to, a competing business; nor will the executive

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

solicit employees or customers, or interfere with the relationship we have with our employees or customers.

For purposes of these agreements, a change of control will mean any one or more of the following events:

- any person becoming the beneficial owner of 25% or more of the Common Stock;
- the individuals then serving as members of the Board who were members of the Board as of the date of the agreements cease for any reason to constitute at least a majority of the Board, provided that, for this purpose, any subsequently-appointed or elected member of the Board whose election or nomination for election (unless such election, nomination or appointment was in connection with an actual or threatened proxy contest) was approved by a vote or written consent of at least a majority of the incumbent directors then in office and the directors elected or nominated in a manner consistent with the conditions of this provision shall be treated as an incumbent director; or
- the consummation of a merger, reorganization, consolidation or similar transaction other than a transaction immediately following which the shareholders of the Company continue to own more than 60% of the voting securities of the surviving corporation or its ultimate parent corporation; or approval by the shareholders of the Company of a plan or agreement for the sale or other disposition of all or substantially all of its consolidated assets or a plan of liquidation.

However, if specific conditions are met, a reorganization transaction of the type outlined in the third item above may not trigger the full protection otherwise afforded to management under such agreements because the requisite conditions will afford management reasonable protection that there will be a reasonable continuity of the business conditions that existed prior to the occurrence of such event. These conditions are that:

- immediately following any such transaction, the shareholders of the Company must continue to own more than 40% of the voting securities of the surviving corporation or its ultimate parent corporation;

22

- no person is or becomes the beneficial owner of 25% or more of the voting securities of the corporation surviving such reorganization transaction, or its parent;
- for two years, directors who were in office immediately preceding the reorganization transaction continue to constitute not less than (i) a majority of the Board if, immediately following any such transaction, the shareholders of the Company continue to own more than 50% of the voting securities of the surviving corporation or its ultimate parent corporation or (ii) one member less than a majority of the Board, if immediately following any such transaction, the shareholders of the Company continue to own more than 40% but less than 50% of the voting securities of the surviving corporation or its ultimate parent corporation; and
- the person who was the chief executive officer of the Company immediately prior to the first to occur of (x) the day prior to the first occurrence of certain events leading to the transaction or (y) the day prior to the effective date of the transaction shall serve as the chief executive officer of the surviving corporation at all times during the period

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

commencing on the effective date and ending on the first anniversary of the effective date.

If any of the conditions described in the second, third or fourth items above cease to be satisfied, then the full benefit of the protection afforded under such agreements will become operative.

HUMAN RESOURCES COMMITTEE REPORT ON EXECUTIVE COMPENSATION

This report on executive compensation is submitted by the Human Resources Committee of the Board (the "Committee"). The Board of Directors has determined that each director who is a member of the Committee must be independent as provided in applicable New York Stock Exchange listing standards.

The Committee reviews and recommends to the Board the total compensation for the Chief Executive Officer ("CEO") and the other executive officers of the Company, including the other Named Executive Officers. Total compensation includes base salary and annual and long-term incentive compensation.

The Committee is assisted by the Company's human resources department personnel and, from time to time, by an independent compensation consultant. They provide the Committee with statistical information and advice on competitive compensation practices and trends in the marketplace, including information derived from compensation surveys published by other independent compensation consultants. For this purpose, the Committee compares the Company's executive compensation practices to those of a number of other companies, primarily leading life insurance companies and asset management and accumulation companies with which the Company and its businesses compete.

In the case of the CEO, the Committee, in addition to reviewing comparative compensation information, takes into account the CEO's and Company's performance in making its recommendations for the CEO's base salary and annual and long-term incentive opportunities. In the case of the other executive officers, the Committee reviews comparative compensation information, and, in making recommendations on their base salaries and incentive opportunities, takes into account the CEO's evaluation of their performance.

COMPENSATION PHILOSOPHY AND OBJECTIVES

The Company's compensation philosophy is to provide executive compensation programs that are competitive with those offered by comparable companies engaged in similar businesses in the financial services industry, that are performance oriented, and that will assure that the Company's executives possess the skills and talents necessary to advance the Company's goals. The overall objectives of the Company's compensation philosophy are to:

- Attract, retain and motivate high-performing executives needed to accomplish our corporate goals;
- Target annual and long-term compensation opportunities at the median for those companies with which the Company's compensation practices are compared as described above;

23

- Create a performance-oriented environment in which executives earn rewards based on individual performance and achievement of corporate results, with total compensation significantly increasing or decreasing based on business results and individual performance;
- Align compensation and benefit offerings with business strategy, key

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

financial goals and competitive market data; and

- Align the financial interests of the Company's executives with those of its shareholders through stock-based rewards and by encouraging acquisition and retention of company stock.

In line with this philosophy and these objectives, the Company's total compensation for its executive officers with respect to 2002 was based on the compensation components and practices discussed below. Under the terms of the Plan of Conversion, stock-based incentives for executive officers became available for use by the Company beginning April 29, 2002. The first annual awards of stock options under the Stock Incentive Plan were made to all executive officers on that date, as described below. In addition, the Committee approved a plan for conversion of formula-based units granted for the 2001-2003 performance cycle and deferred formula-based awards from prior performance periods under the Long-Term Performance Plan into units valued on the basis of the Common Stock. Beginning with the 2002-2004 performance cycle, all units granted under the Long-Term Performance Plan are valued on the basis of the Common Stock.

In third quarter 2002, the Company began expensing all stock options, retroactive to January 1, 2002, as part of its commitment to providing investors with clear, accurate and timely disclosure.

The Committee has adopted a policy which provides that each senior officer must attain, by the end of the five-year period commencing with the officer's initial receipt of stock options, a significant ownership position with respect to Common Stock, measured as a multiple of the senior officer's base salary. Common Stock, deferred stock-based unit awards under the Long-Term Performance Plan, interests in Common Stock under the 401(k) Plan and phantom-stock units under the supplemental non-qualified defined contribution excess plans all qualify towards this ownership requirement. The required ownership positions as multiples of base salary are five times, three times, two times and one time for the CEO, Executive Vice Presidents, Senior Vice Presidents and Vice Presidents, respectively.

COMPENSATION COMPONENTS AND PRACTICES

The key components of total compensation are: (1) base salary; (2) annual incentives; (3) long-term incentives; and (4) benefits. The combination and relative weighting of these components reflect the Committee's belief that executive compensation should be closely tied to the Company's performance. The Committee intends that a substantial portion of each executive's total compensation be at risk under annual and long-term incentive plans using performance measures as the bases for awards. Generally, the greater the responsibility and scope of the executive position within the Company, the greater the amount of total compensation that will be at risk through the use of incentive plans.

(1) Base Salary

Executive officer base salaries are initially determined by evaluating the responsibilities of the position held and the experience and performance of the individual. These salary figures are compared to the competitive base salaries for comparable positions based on statistical data provided or reviewed by the Company's independent compensation consultant. The Committee reviews base salaries for executive officers annually and recommends adjustments as appropriate based on individual performance, executive salary trends, market data and internal equity.

(2) Annual Incentives

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

Under the PrinPay Plan, a target cash award opportunity is established annually for each executive officer as a percentage of base salary. Actual award amounts may be more or less than the target award opportunities and are based on the satisfaction of a combination of corporate, business unit and individual performance targets to which differing weights are assigned. For 2002, PrinPay Plan awards for the Chief Executive Officer

24

and the Executive Vice Presidents were based on corporate and individual performance measures. The 2002 award for the other Named Executive Officer, Dennis P. Francis, like the awards of other Senior Vice Presidents with business unit responsibilities, was based on corporate, business unit and individual performance measures. The 2002 awards for Senior Vice Presidents with service unit rather than business unit responsibilities were based on corporate and individual performance measures. For 2002, the Committee approved for executive officers, including the Named Executive Officers, target awards at ranges of 40% to 250% of base salary for achieving performance at target and maximum awards of 80% to 500% of base salary for achieving performance above target. Subject to the Company's and applicable business unit performance and the limitations stated in the plan, the award earned may be increased or decreased on the basis of the officer's individual performance. The Committee set the corporate performance award at 100% of target after making an adjustment as discussed under "Executive Compensation -- Incentive Pay Plan." Attainment of individual performance targets varied among the executive officers.

(3) Long-Term Incentives

LONG-TERM PERFORMANCE PLAN. Under the Company's Long-Term Performance Plan, executive officers, including the Named Executive Officers, receive awards if specified corporate performance objectives are achieved over a three calendar-year performance period. For each participant and each performance period, the Committee establishes an incentive opportunity target (expressed as a percentage of base salary for the first year in such period) and awards a number of performance units based on such target and based on the value of a performance unit at the beginning of the period. At the time it establishes incentive opportunity targets, the Committee also determines the financial goals against which corporate performance will be measured. At the end of each three-year performance period, the Committee assesses actual financial performance, determines what target levels have been achieved, and following the procedures set forth in the Long-Term Performance Plan, determines each participant's award using the value of a performance unit at the end of the period. Awards for executive officers under the Long-Term Performance Plan are approved by the Board.

For the three year performance period ended December 31, 2002, the Committee set the performance score at 57.3% of target after making an adjustment as discussed under "Executive Compensation -- Long-Term Performance Plan." The resulting awards for the Named Executive Officers for the 2000-2002 performance period are shown in the Summary Compensation Table. For the three-year performance period beginning January 1, 2002, the Committee awarded performance units to executive officers as described above based on incentive targets ranging from 20% to 50% of base salary. The awards for the Named Executive Officers for the 2002-2004 performance period are shown in the Long-Term Incentive Plans -- Awards In Last Fiscal Year Table and represent incentive targets ranging approximately from 40% to 50% of base salary in 2002.

STOCK INCENTIVE PLAN. The Committee may award stock-based incentives under the Company's Stock Incentive Plan. Stock-based incentives under this plan may include stock options (both nonqualified options and options qualifying as incentive stock options under the Internal Revenue Code), stock appreciation

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

rights, restricted stock and restricted stock units.

On April 29, 2002, the Committee granted the first annual award of non-qualified stock options to each executive officer, including the Named Executive Officers. The options vest ratably over three years beginning on April 29, 2003, expire on April 29, 2012, and have an exercise price of \$27.48, the closing price of the Common Stock on the grant date.

The options granted to the Named Executive Officers in 2002 are shown in the Option/SAR Grants in Last Fiscal Year Table. The Committee determines the options it will grant executive officers under the plan by considering the percentage of total compensation competitors, as described above, award in the form of options and other forms of equity compensation for comparable positions. Utilizing this information, the Committee sets target award opportunities for equity compensation, expressed as a percentage of base salary. Actual grants may range from 0% to 150% of these targets based on a variety of factors such as individual performance and the importance of retaining the executive officer ("Adjusted Target Award Opportunity").

25

The Committee administers the plan so that actual grants typically do not exceed the sum of all grants if all grants were made at target. The Committee calculates the actual number of options it will award to an executive officer by dividing the present value of one option, utilizing the Black-Scholes model (but adjusting for the possibility of forfeitures of options), into the Adjusted Target Award Opportunity.

(4) Benefits

The Named Executive Officers also participate in the Company's broad-based employee benefits program that includes a pension program, a savings and investment plan, group health and disability coverage, group life insurance, and other benefit plans.

CEO COMPENSATION

With respect to 2002, the Company's Chairman, President and CEO, J. Barry Griswell, was its most highly compensated officer. The Committee's recommendations to the Board concerning Mr. Griswell's base salary, annual incentive award under the PrinPay Plan, and awards under the Long-Term Performance Plan and Stock Incentive Plan were based on the considerations discussed below.

BASE SALARY. Under his employment agreement with the Company entered into in 2000, Mr. Griswell receives an annual base salary of \$850,000 which is subject to periodic increases in accordance with the Company's compensation practices. In 2001, the Board of Directors set Mr. Griswell's annual base salary at \$925,000. In 2002, the Committee recommended to the Board of Directors that Mr. Griswell's base salary be increased to \$1,000,000. In addition to taking into account the Company's and Mr. Griswell's performance, the Committee based its recommendation on information received by the Committee from its independent compensation consultant which compared Mr. Griswell's compensation as the CEO of the Company to the compensation received by other chief executive officers of leading life insurance companies and asset accumulation and management companies with which the Company competes. The Board approved this recommended base salary for Mr. Griswell effective March 8, 2002. The total base salary earned by Mr. Griswell for 2002 was \$982,692.

ANNUAL INCENTIVE. In determining the 2002 annual incentive award for Mr. Griswell under the PrinPay Plan, the Committee evaluated the performance of the

Edgar Filing: PRINCIPAL FINANCIAL GROUP INC - Form DEF 14A

Company and Mr. Griswell. Mr. Griswell's total award opportunity under the plan for achieving target performance in 2002 was set at 100% of his base salary. The Committee set his maximum award for achieving performance above target at 200% of base salary. The corporate performance component of Mr. Griswell's annual incentive award (which the Committee decided at the start of the plan year should be weighted at 100% for his position) was determined as described above under "Executive Compensation -- Incentive Pay Plan." Mr. Griswell's individual performance was determined by the Committee by evaluating his performance in relation to the individual goals to which the Committee and Mr. Griswell had agreed. These individual goals were directed towards achieving quarterly and annual financial goals for operating earnings, return on equity, growth and profitability of key businesses, human resource development and succession planning, and leadership of the organization. The Committee determined Mr. Griswell achieved most and exceeded many of the individual goals established for the year, resulting in an individual performance factor of 110% of target. As provided in the plan, this individual performance factor was then multiplied by the actual corporate performance factor to arrive at an award of \$1,080,926. This award represents 110% of his target award opportunity of 100% of base salary and reflects both the Company-wide adjustment made to the corporate performance component under the PrinPay Plan and the award under that plan in recognition of his individual performance.

26

LONG-TERM INCENTIVES. Mr. Griswell participates in the Long-Term Performance Plan. Based on the relationship of performance results to target levels discussed above, Mr. Griswell received a long-term incentive payment of \$605,876 relating to the three-year performance period ended December 31, 2002. For the three-year performance period beginning January 1, 2002, Mr. Griswell was awarded performance units based on an incentive target equal to 50% of his base salary for 2002. The Committee approved the Company's financial targets to be achieved over the 2002-2004 performance period under the Long-Term Performance Plan.

Mr. Griswell participates in the Stock Incentive Plan. In 2002, his target award opportunity was 200% of his base salary. Based on the factors described above, Mr. Griswell was awarded 158,060 stock options on April 29, 2002.

These long-term pay opportunities are intended to put a substantial portion of Mr. Griswell's total compensation at risk, depending upon his effectiveness in helping the Company achieve its financial and strategic business goals.

DEDUCTIBILITY OF COMPENSATION

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to a public company for annual compensation over \$1,000,000 paid to its chief executive officer and four other most highly compensated executive officers. There are exceptions to this deduction limit, including one for certain performance-based compensation. The Committee believes that it is generally in the Company's best interests to comply with section 162(m). The Committee also believes, however, that there may be circumstances in which the Company's interests are best served by maintaining flexibility, whether or not compensation is fully deductible under section 162(m).
