CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

The Private Securities Litigation Reform Act of 1995 (the "Act") provides a "safe harbor" for "forward-looking statements" (as defined in the Act). This prospectus and the documents incorporated by reference into this prospectus may include a number of forward-looking statements with respect to our financial condition, results of operations, plans, objectives, future performance and business. These forward-looking statements involve various risks and uncertainties. Actual results may differ materially from those contemplated, projected or implied by these forward-looking statements due to, among others, the following factors and events (the order of which does not necessarily reflect their relative significance):

- uncertainties relating to general economic conditions;
- the loss of one or more key customer or supplier relationships, such as pharmaceutical and medical-surgical manufacturers for which alternative supplies may not be available;
- challenges associated with integrating our information systems with those of our customers;
- potential liabilities associated with warranties of our information systems, and the malfunction or failure of our information systems or those of third parties with whom we do business, such as malfunctions or failures associated with date-related issues and disruption to internet-related operations;
- costs and difficulties related to the integration of acquired businesses;
- changes to the presentation of financial results and position resulting from adoption of new accounting principles or upon the advice of our independent auditors or the staff of the SEC;

4

7

- changes in the distribution or outsourcing pattern for pharmaceutical and medical-surgical products and services, including an increase in direct distribution or a decrease in contract packaging by pharmaceutical manufacturers;
- changes in government regulations or our failure to comply with those regulations;
- the costs and other effects of legal, regulatory and administrative proceedings;
- injury to person or property resulting from our manufacturing, packaging, repackaging, drug delivery system development and manufacturing, information systems, or pharmacy management services;

Edgar Filing: CARDINAL HEALTH INC - Form S-3

- competitive factors in our healthcare service businesses, including pricing pressures;
- unforeseen changes in our existing agency and distribution arrangements;
- the continued financial viability and success of our customers, suppliers, and franchisees;
- changes in customer purchasing patterns;
- shifts in growth rates among segments driven by various factors;
- difficulties encountered by our competitors, whether or not we face the same or similar issues;
- technological developments and products offered by competitors;
- failure to retain or continue to attract senior management or key personnel;
- risks associated with international operations, including fluctuations in currency exchange ratios and the impact of the Euro currency;
- costs associated with protecting our trade secrets and enforcing our patent, copyright and trademark rights, and successful challenges to the validity of our patents, copyrights or trademarks;
- difficulties or delays in the development, production, manufacturing, and marketing of new products and services;
- strikes or other labor disruptions;
- labor and employee benefit costs;
- pharmaceutical and medical-surgical manufacturers' pricing policies and overall drug price inflation; and
- changes in hospital buying groups or hospital buying practices.

Other factors that could cause actual results or conditions to differ from those anticipated by forward-looking statements include those more fully described in those documents incorporated by reference from Cardinal's public filings with the SEC. Because forward-looking statements are subject to risks and uncertainties, actual results may differ materially from those expressed, projected or implied by these forward-looking statements. You should not place undue reliance on these statements, which speak only as of the date of this prospectus or, in the case of documents incorporated by reference, the dates of those documents. All subsequent written and oral forward-looking statements attributable to us or any person acting on our behalf are expressly qualified in their entirety by the cautionary statements contained or referred to

in this section. We undertake no obligation to release publicly any revisions to these forward-looking statements to reflect events or circumstances after the date of this prospectus or to reflect the occurrence of unanticipated events,

RATIO OF EARNINGS TO FIXED CHARGES

Our ratio of earnings to fixed charges for each of the fiscal years ended June 30, 1996 through 2000 and for the nine months ended March 31, 2001 are as follows:

	FISCAL YEAR ENDED JUNE 30,					
	1996	1997	1998	1999	2000	Nin
	----	----	----	----	----	Ma
Ratio of Earnings to Fixed Charges.....	(0.2)	5.1	6.3	6.4	7.3	6

The ratio of earnings to fixed charges is computed by dividing fixed charges of Cardinal into earnings before income taxes plus fixed charges. Fixed charges include interest expense, amortization of debt offering costs, and the portion of rent expense which is deemed to be representative of the interest factor.

DESCRIPTION OF COMMON SHARES

The following is a summary of certain rights of the holders of our common shares. Reference is made to Cardinal's Amended and Restated Articles of Incorporation, as amended (the "Articles"), and Cardinal's Restated Code of Regulations, as amended (the "Regulations"), copies of which are filed as exhibits to the Registration Statement of which this prospectus is a part and are incorporated into this prospectus by reference. See "Where You Can Find More Information" on page 3 of this prospectus for information on how to obtain a copy of the Articles or Regulations.

Cardinal's Articles authorize us to issue up to 750,000,000 common shares. On May 31, 2001, 447,199,704 common shares were issued and outstanding, approximately 7,087,460 were held in treasury, approximately 77,000,000 were reserved for issuance under stock based benefit plans. On June 13, 2001, Cardinal filed a Form S-4 Registration Statement with the SEC to increase the number of shares reserved for issuance under an equity shelf registration statement to 15,000,000. The Articles also authorize us to issue up to 5,000,000 Class B common shares, none of which is outstanding, and 500,000 non-voting preferred shares, none of which is outstanding or reserved for issuance.

From time to time, Cardinal may issue additional authorized but unissued common shares for share dividends, stock splits, employee benefit programs, financing and acquisition transactions, and other general purposes. Those common shares will be available for issuance without action by Cardinal's shareholders, unless such action by the Cardinal shareholders is required by applicable law or the rules of the New York Stock Exchange or any other stock exchange on which common shares may be listed in the future.

All of the outstanding common shares are fully paid and nonassessable. Holders of the common shares do not have preemptive rights and have no rights to convert their common shares into any other security. All common shares are entitled to participate equally and ratably in dividends, when and as declared by the board of directors. In the event of the liquidation of Cardinal, holders of common shares are entitled to share ratably in assets remaining after payment of all liabilities subject to prior distribution rights of any preferred shares then outstanding. Holders of the common shares are entitled to one vote per share for the election of directors and upon all matters on which shareholders are entitled to vote. Holders of Class B common shares (if any are issued in the future) are entitled to one-fifth of one vote per share in the election of directors and upon all matters on which shareholders are entitled to vote. Under certain circumstances, holders of Class B common shares have a separate class vote. Under Ohio law, Cardinal shareholders are generally afforded the right to vote their common shares cumulatively for the election of nominees to fill the particular class of directors to be elected at each annual meeting, subject to compliance with certain procedural requirements.

Cardinal's board of directors currently consists of thirteen members, divided into two classes of four members each and a third class of five members. The Regulations provide that the number of directors may be increased or decreased by action of the board of directors upon the majority vote of the board, but in no case may the number of directors be fewer than nine or more than fourteen without an amendment approved by the affirmative vote of the holders of not less than 75% of the shares having voting power with respect to

Edgar Filing: CARDINAL HEALTH INC - Form S-3

that proposed amendment. The Regulations require that any proposal to either remove a director during his term of office or to further amend the Regulations relating to the classification or removal of directors be approved by the affirmative vote of the holders of not less than 75% of the shares having voting power with respect to such proposal. The board of directors may fill any vacancy with a person who will serve until the shareholders hold an election to fill the vacancy. The purpose of these provisions is to prevent directors from being removed from office prior to the expiration of their respective terms, thus protecting the safeguards inherent in the classified board structure unless dissatisfaction with the performance of one or more directors is widely shared by Cardinal's shareholders. These provisions could also have the effect of increasing from one year to two or three years (depending upon the number of common shares held) the amount of time required for an acquiror to obtain control of Cardinal by electing a majority of the board of directors and may also make the removal of incumbent management more difficult and discourage or render more difficult certain mergers, tender offers, proxy contests, or other potential takeover proposals.

CERTAIN ANTI-TAKEOVER PROVISIONS OF OHIO LAW

Chapter 1704 of the Ohio Revised Code (the "Ohio Law") provides generally that any person who acquires 10% or more of a corporation's voting stock (thereby becoming an "interested shareholder") may not engage in a wide range of "business combinations" with the corporation for a period of three years following the date the person became an interested shareholder, unless the directors of the corporation have approved the transactions or the interested shareholder's acquisition of shares of the corporation prior to the date the interested shareholder became a interested shareholder of the corporation. These restrictions on interested shareholders do not apply under certain circumstances, including, but not limited to, the following: (i) if the corporation's original articles of incorporation contain a provision expressly electing not to be governed by Chapter 1704 of the Ohio Law; (ii) if the corporation, by action of its shareholders, adopts an amendment to its articles of incorporation expressly electing not to be governed by such section; or (iii) if, on the date the interested shareholder became a shareholder of the corporation, the corporation did not have a class of voting shares registered or traded on a national securities exchange. The Cardinal articles do not contain a provision electing not to be governed by Chapter 1704.

Under Section 1701.831 of the Ohio Law, unless the articles of incorporation or regulations of a corporation otherwise provide, any "control share acquisition" of an "issuing public corporation" can be made only with the prior approval of the corporation's shareholders. A "control share acquisition" is defined as any acquisition of shares of a corporation that, when added to all other shares of that corporation owned by the acquiring person, would enable that person to exercise levels of voting power in any of the following ranges: at least 20% but less than 33 1/3%, at least 33 1/3% but less than 50%, or 50% or more. Cardinal falls within the definition of issuing public corporation, but its regulations expressly provide that the provisions of Section 1701.831 of the Ohio Law do not apply to us.

TRANSFER AGENT AND REGISTRAR

Edgar Filing: CARDINAL HEALTH INC - Form S-3

The transfer agent and registrar for the common shares is EquiServe Trust Company, Jersey City, New Jersey.

DESCRIPTION OF DEBT SECURITIES

The debt securities offered by this prospectus will be unsecured obligations of Cardinal and will be issued under an indenture dated as of April 18, 1997, between Cardinal and Bank One, N.A. (formerly known as, Bank One, Columbus, N.A.), as trustee.

The following briefly summarizes the material provisions of the indenture and the debt securities. You should read the more detailed provisions of the indenture, including the defined terms, because they, and not this description, define the rights of holders of debt securities. You should also read the particular terms of the debt securities, which will be described in more detail in the applicable prospectus supplement. See "Where You Can Find More Information" for information on how to obtain copies of the indenture. The indenture has been incorporated by reference as an exhibit to this registration statement of which this prospectus is a part.

GENERAL

The indenture provides that the debt securities may be issued from time to time in one or more series. The indenture does not limit the amount of debt securities or any other debt we may incur except as provided below under "Limitations on Subsidiary Debt." Unless otherwise specified in a prospectus supplement, a default in our obligations with respect to any other indebtedness will not constitute a default or an event of default with respect to the debt securities. The indenture does not contain any covenants or provisions that afford holders of debt securities protection in the event of a highly leveraged transaction. The debt securities will be unsecured and will rank on a parity with all of our other unsecured and unsubordinated indebtedness.

8

11

We conduct nearly all of our operations through subsidiaries and we expect that we will continue to do so. As a result, the right of Cardinal to participate as a shareholder in any distribution of assets of any subsidiary upon its liquidation or reorganization or otherwise and the ability of holders of debt securities to benefit as creditors of Cardinal from any distribution are subject to the prior claims of creditors of the subsidiary. As of March 31, 2001, Cardinal had outstanding approximately \$1.1 billion of indebtedness for borrowed money with which the debt securities would rank equally. In addition, as of such date, Cardinal's subsidiaries had outstanding approximately \$1.1 billion of indebtedness for borrowed money. On a consolidated basis, the Company had approximately \$5.1 billion of trade payables as of March 31, 2001, to which the debt securities would be effectively subordinated.

The prospectus supplement relating to any series of debt securities will, among other things, describe the following terms, where applicable:

- the designation, aggregate principal amount and purchase price;
- the date or dates on which principal is payable;
- the interest rate or the method of computing the interest rate;

Edgar Filing: CARDINAL HEALTH INC - Form S-3

- the interest payment date and any related record dates;
- any redemption, repayment or sinking fund provisions; and
- any other specific terms of the debt securities.

Unless otherwise specified in a prospectus supplement, principal and premium, if any, will be payable, and the debt securities will be transferable and exchangeable without service charge, at the office of the trustee. Interest on any series of debt securities will be payable on the interest payment dates to the persons in whose names the debt securities are registered at the close of business on the related record dates, and, unless other arrangements are made, will be paid by checks mailed to such persons.

Debt securities may be issued as discounted debt securities (bearing no interest or interest at a rate which at the time of issuance is below market rates) and sold at a discount which may be substantially below their stated principal amount ("Original Issue Discount Securities"). The applicable prospectus supplement may describe the Federal income tax consequences and other special considerations applicable to any Original Issue Discount Securities.

"Subsidiary" means any corporation of which at least a majority of the outstanding stock having voting power (under ordinary circumstances) to elect a majority of the board of directors of that corporation is at the time owned by Cardinal or by Cardinal and one or more Subsidiaries or by one or more Subsidiaries.

"Yield to Maturity" means the yield to maturity on a series of debt securities, calculated at the time of issuance of such series, or, if applicable, at the most recent redetermination of interest on such series, and calculated in accordance with accepted financial practice.

CERTAIN COVENANTS

The following is a summary of the material covenants contained in the indenture.

Limitation on Liens.

So long as any of the debt securities remain outstanding, Cardinal will not, and it will not permit any Consolidated Subsidiary to, create or assume any Indebtedness for borrowed money which is secured by a mortgage, pledge, security interest or lien ("liens") of or upon any assets, of Cardinal or any Consolidated Subsidiary, whether now owned or hereafter acquired, without equally and ratably securing the debt securities by a lien ranking ratably with and equal to such secured Indebtedness. The foregoing restriction does not apply to:

- (a) liens existing on the date of the indenture;
- (b) liens on assets of any corporation existing at the time it becomes a Consolidated Subsidiary;
- (c) liens on assets existing at the time we acquire them, or to secure the payment of the purchase price for them, or to secure Indebtedness incurred or guaranteed by Cardinal or a Consolidated Subsidiary for the purpose of financing the purchase price of assets or improvements to or construction of them, which Indebtedness is incurred or guaranteed prior to, at the time of, or within 360 days after the acquisition (or in the case of real property, completion of such improvement or construction or commencement of full operation of the property, whichever is later);
- (d) liens securing Indebtedness owing by any Consolidated Subsidiary to Cardinal or another wholly owned domestic Subsidiary;
- (e) liens on any assets of a corporation existing at the time the corporation is merged into or consolidated with Cardinal or a Subsidiary or at the time of a purchase, lease or other acquisition of the assets of a corporation or firm as an entirety or substantially as an entirety by Cardinal or a Subsidiary;
- (f) liens on any assets of Cardinal or a Consolidated Subsidiary in favor of the United States of America or any State thereof, or

Edgar Filing: CARDINAL HEALTH INC - Form S-3

in favor of any other country, or political subdivision thereof, to secure certain payments pursuant to any contract or statute or to secure any Indebtedness incurred or guaranteed for the purpose of financing all or any part of the purchase price (or, in the case of real property, the cost of construction) of the assets subject to such liens (including, but not limited to, liens incurred in connection with pollution control, industrial revenue or similar financings);

11

14

- (g) any extension, renewal or replacements (or successive extensions, renewals or replacements) in whole or in part, of any lien referred to in the foregoing clauses (a) to (f), inclusive;
- (h) certain statutory liens or other similar liens arising in the ordinary course of business or certain liens arising out of governmental contracts;
- (i) certain pledges, deposits or liens made or arising under workers' compensation or similar legislation or in certain other circumstances;
- (j) liens created by or resulting from certain legal proceedings, including certain liens arising out of judgments or awards;
- (k) liens for certain taxes or assessments, landlord's liens and liens and charges incidental to the conduct of our business, or our ownership of our assets which were not incurred in connection with the borrowing of money and which do not, in our opinion, materially impair our use of such assets in our operations or the value of the assets for its purposes; or
- (l) liens on any assets of a Financing Subsidiary.

Notwithstanding the foregoing restrictions, we may create or assume any Indebtedness which is secured by a lien, without securing the debt securities, provided that at the time of such creation or assumption, and immediately after giving effect thereto, the Exempted Debt then outstanding at such time does not exceed 20% of Consolidated Net Tangible Assets.

Limitations on Subsidiary Debt.

Cardinal will not permit any Restricted Subsidiary directly or indirectly to incur any Indebtedness for money borrowed, except that the foregoing restrictions will not apply to the incurrence of:

- (a) Indebtedness outstanding on the date of the indenture;
- (b) Indebtedness of a Restricted Subsidiary that represents its assumption of Indebtedness of another Subsidiary, and Indebtedness owed by any Restricted Subsidiary of Cardinal or to another Subsidiary, provided that such Indebtedness will be at all times held by either Cardinal or a Subsidiary, and provided further that upon the transfer or disposition of such Indebtedness to someone other than Cardinal or another

Edgar Filing: CARDINAL HEALTH INC - Form S-3

Subsidiary, the incurrence of such Indebtedness will be deemed to be an incurrence that is not permitted;

- (c) Indebtedness arising from (i) the endorsement of negotiable instruments for deposit or collection or similar transactions in the ordinary course of business; or (ii) the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently (except in the case of daylight overdrafts) drawn against insufficient funds in the ordinary course of business, provided that such overdraft is extinguished within five business days of incurrence;
- (d) Indebtedness arising from guarantees of loans and advances by third parties to employees and officers of a Restricted Subsidiary in the ordinary course of business for bona fide business purposes, provided that the aggregate amount of such guarantees by all Restricted Subsidiaries does not exceed \$1,000,000;
- (e) Indebtedness incurred by a foreign Restricted Subsidiary in the ordinary course of business;
- (f) Indebtedness of any corporation existing at the time such corporation becomes a Restricted Subsidiary or is merged into a Restricted Subsidiary or at the time of a purchase, lease or other acquisition by a Restricted Subsidiary of all or substantially all of the assets of such corporation;

12

15

- (g) Indebtedness of a Restricted Subsidiary arising from agreements or guarantees providing for or creating any obligations of Cardinal or any of its Subsidiaries incurred in connection with the disposition of any business, property or Subsidiary, excluding guarantees or similar credit support by a Restricted Subsidiary of indebtedness incurred by the acquirer of such business, property or Subsidiary for the purpose of financing such acquisition;
- (h) Indebtedness of a Restricted Subsidiary with respect to bonds, bankers' acceptances or letters of credit provided by such Subsidiary in the ordinary course of business;
- (i) Indebtedness secured by a lien permitted by the provisions regarding limitations on liens or arising in respect of a sale and lease-back transaction permitted by the provisions regarding such transactions or any Indebtedness incurred to finance the purchase price or cost of construction of improvements with respect to property or assets acquired after the date of the indenture;
- (j) Indebtedness that is issued, assumed or guaranteed in connection with compliance by a Restricted Subsidiary with the requirements of any program, applicable to such Restricted Subsidiary, adopted by any governmental authority that provides for financial or tax benefits which are not available directly to Cardinal;

Edgar Filing: CARDINAL HEALTH INC - Form S-3

- (k) Indebtedness arising from Rate Hedging Obligations incurred to limit risks of currency or interest rate fluctuations to which a Subsidiary is otherwise subject by virtue of the operations of its business, and not for speculative purposes;
- (l) Indebtedness incurred by any Financing Subsidiary; and
- (m) Indebtedness incurred in connection with refinancing of any Indebtedness described in (a), (b), (f), (g) and (i) above ("Refinancing Indebtedness"), provided that:
 - (i) the principal amount of the Refinancing Indebtedness does not exceed the principal amount of the Indebtedness refinanced (plus the premiums paid and expenses incurred in connection therewith),
 - (ii) the Refinancing Indebtedness has a weighted average life to maturity equal to or greater than the weighted average life to maturity of the Indebtedness being refinanced, and
 - (iii) the Refinancing Indebtedness ranks no more senior, and is at least as subordinated, as the Indebtedness being refinanced.

Notwithstanding the foregoing restrictions, Restricted Subsidiaries may incur any Indebtedness for money borrowed that would otherwise be subject to the foregoing restrictions in an aggregate principal amount which, together with the aggregate principal amount of other Indebtedness (not including the Indebtedness permitted above), does not, at the time such Indebtedness is incurred, exceed 20% of Consolidated Net Tangible Assets.

Limitation on Sale and Lease-Back Transactions.

Sale and lease-back transactions (except such transactions involving leases for less than three years) by Cardinal or any Consolidated Subsidiary of any assets are prohibited unless:

- Cardinal or the Consolidated Subsidiary would be entitled to incur Indebtedness secured by a lien on the assets to be leased in an amount at least equal to the Attributable Debt in respect to such transaction without equally and ratably securing the debt securities; or

13

16

- the proceeds of the sale of the assets to be leased are at least equal to their fair value as determined by our board of directors and the proceeds are applied to the purchase or acquisition (or, in the case of real property, the construction) of assets or to the retirement of Senior Funded Indebtedness.

The foregoing limitation will not apply if at the time Cardinal or any Consolidated Subsidiary enters into such sale and lease-back transaction,

Edgar Filing: CARDINAL HEALTH INC - Form S-3

immediately after giving effect thereto, Exempted Debt does not exceed 20% of the Consolidated Net Tangible Assets.

Merger, Consolidation, Sale, Lease or Conveyance.

Cardinal will not merge or consolidate with any other corporation and will not sell, lease or convey all or substantially all its assets to any person, unless:

- Cardinal will be the continuing corporation; or
- the successor corporation or person that acquires all or substantially all of Cardinal's assets is a corporation organized under the laws of the United States or a State thereof or the District of Columbia; and
- the successor corporation or person expressly assumes all of Cardinal's obligations under the indenture and the debt securities; and
- immediately after such merger, consolidation, sale, lease or conveyance, the successor corporation or person is not in default in the performance of the covenants and conditions of the indenture to be performed or observed by Cardinal.

BOOK-ENTRY DEBT SECURITIES

The debt securities of a series may be represented by one or more global securities that will be deposited with, or on behalf of, a depository or its nominee identified in the applicable prospectus supplement. The one or more global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal amount of outstanding debt securities of the series. Unless and until it is exchanged in whole or in part for debt securities in registered form, a global security may not be registered for transfer or exchange except as a whole by the depository and except in the circumstances described in the applicable prospectus supplement.

The specific terms of the depository arrangement with respect to any portion of a series of debt securities to be represented by a global security will be described in the applicable prospectus supplement. However, we expect that the following provisions will apply to depository arrangements:

- Unless otherwise specified in the applicable prospectus supplement, debt securities which are to be represented by a global security will be registered in the name of the depository or its nominee;
- Upon the issuance and deposit of such global security with the depository, the depository will credit on its book-entry registration and transfer system the respective principal amounts of the debt securities represented by the global security to the accounts of institutions that have accounts with the depository or its nominee ("participants");
- If the debt securities are offered and sold directly by us, the accounts to be credited will be designated by the underwriters or agents of the debt securities or by us;
- Ownership of beneficial interests in the global security will be limited to participants or persons that may hold interests through participants;

- Ownership of beneficial interests by participants will be shown on, and the transfer of that ownership interest will be effected only through, records maintained by the depositary or its nominee; and
- Ownership of beneficial interests by persons that hold through participants will be shown on, and the transfer of that ownership interest within such participant will be effected only through, records maintained by such participant.

The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in certificated form. These limitations and laws may impair the ability to transfer beneficial interests in such global securities.

As long as the depositary or its nominee is the registered owner of a global security, the depositary or its nominee will be considered the sole owner or holder of the debt securities represented by the global security for all purposes under the indenture. Unless otherwise specified in the applicable prospectus supplement, owners of beneficial interests in global securities will not be entitled to have debt securities registered in their names, will not receive or be entitled to receive physical delivery of debt securities in certificated form, and will not be considered the holders for any purposes under the indenture. Accordingly, each person owning a beneficial interest in the global security must rely on the procedures of the depositary and, if the person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the indenture.

We understand that under existing industry practices, if we request any action of holders or an owner of a beneficial interest desires to give any notice or take any action a holder is entitled to give or take under the indenture, the depositary would authorize the participants to give such notice or take such action, and participants would authorize beneficial owners owning through such participants to give such notice or take such action or would otherwise act upon the instructions of beneficial owners owning through them.

Principal of and any premium and interest on a global security will be payable as described in the applicable prospectus supplement.

MODIFICATION OF THE INDENTURE

Cardinal and the trustee cannot modify the indenture or any supplemental indenture or the rights of the holders of the debt securities without the consent of holders of not less than 66 2/3% in principal amount of the debt securities at the time outstanding of all series affected (voting as one class). Cardinal and the trustee cannot modify the indenture without the consent of the holder of each outstanding debt security of such series affected by such modification to:

- (1) extend the final maturity of any of the debt securities; or
- (2) reduce the principal amount; or
- (3) reduce the rate or extend the time of payment of interest; or

Edgar Filing: CARDINAL HEALTH INC - Form S-3

- (4) reduce any amount payable on redemption; or
- (5) reduce the amount of the principal of an Original Issue Discount Security that would be due and payable upon an acceleration of the maturity; or
- (6) reduce the amount provable in bankruptcy; or
- (7) impair or affect the right of any holder of the debt securities to institute suit for payment.

15

18

In addition, the consent of all holders of debt securities is required to reduce the percentage of consent required to effect any modification.

Cardinal and the trustee may modify the indenture or enter into supplemental indentures without the consent of the holders of the debt securities, in certain cases, including:

- (1) to convey, transfer, assign, mortgage or pledge to the trustee as security for the debt securities any property or assets;
- (2) to evidence the succession of another corporation to Cardinal and the assumption by the successor corporation of the covenants, agreements and obligations of Cardinal;
- (3) to add to Cardinal's covenants any further covenants, restrictions, conditions or provisions considered to be for the protection of the holders;
- (4) to cure any ambiguity or to correct or supplement any provision contained in the indenture which may be defective or inconsistent with any other provision contained in the indenture or to make such other provisions in regard to matters or questions arising under the indenture that will not adversely affect the interests of the holders of the debt securities in any material respect;
- (5) to establish the form or terms of debt securities; and
- (6) to evidence or provide for the acceptance of appointment by a successor trustee and to add to or change any of the provisions of the indenture that may be necessary to provide for or facilitate the administration of the trusts created thereunder by more than one trustee.

EVENTS OF DEFAULT

The following constitute events of default under debt securities of any series:

- (1) failure to pay principal of and premium, if any, on any debt securities of such series when due;

Edgar Filing: CARDINAL HEALTH INC - Form S-3

- (2) failure to pay interest on any debt securities of such series when due for 30 days;
- (3) failure to perform any other covenant or agreement of Cardinal in the debt securities of such series or the indenture for 90 days after written notice to Cardinal specifying that such notice is a "notice of default" under the indenture;
- (4) failure to pay any sinking fund installment when due on any debt securities of such series;
- (5) certain events of bankruptcy, insolvency, or reorganization of Cardinal; and
- (6) any other event of default provided in the supplemental indenture or resolutions of Cardinal's board of directors of any debt securities of such series.

If an event of default occurs and is continuing due to the default in the performance or breach in (1), (2), (3), or (4) above with respect to any series of debt securities but not with respect to all outstanding debt securities issued, either the trustee or the holders of not less than 25% in principal amount of the outstanding debt securities of each affected series (each series voting as a separate class) may declare the principal amount and interest accrued of all such affected series of debt securities to be due and payable immediately.

16

19

If an event of default occurs and is continuing due to a default in the performance of any of the covenants or agreements in the indenture applicable to all outstanding debt securities issued and then outstanding or due to certain events of bankruptcy, insolvency or reorganization of Cardinal, either the trustee or the holders of not less than 25% in principal amount of all debt securities issued (treated as one class) may declare the principal amount and interest accrued of all such debt securities to be due and payable immediately. However, such declarations may be annulled and past defaults may be waived upon the occurrence of certain conditions including deposit by Cardinal with the trustee of a sum sufficient to pay all matured installments of interest and principal and certain expenses of the trustee.

Unless otherwise specified in a prospectus supplement, a default by Cardinal with respect to any Indebtedness other than the debt securities will not constitute an event of default with respect to the debt securities.

The trustee may withhold notice to the holders of any series of the debt securities of any default (except in payment of principal of, or interest on, or in the payment of any sinking or purchase fund installment) if the trustee considers it in the interest of such holders to do so.

Subject to the provisions for indemnity and certain other limitations contained in the indenture, the holders of a majority in principal amount of each series of debt securities then outstanding will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee.

No holder of debt securities of a series may institute any action against Cardinal under the indenture unless:

Edgar Filing: CARDINAL HEALTH INC - Form S-3

- (1) that holder gives to the trustee advance written notice of default and its continuance;
- (2) the holders of not less than 25% in principal amount of debt securities of such series then outstanding affected by that event of default request the trustee to institute such action;
- (3) that holder has offered the trustee reasonable indemnity;
- (4) the trustee shall not have instituted such action within 60 days of such request; and
- (5) the trustee shall not have received direction inconsistent with such written request by the holders of a majority in principal amount of the debt securities of each affected series then outstanding.

At any time prior to the evidencing to the trustee of the taking of any action by the holders of the percentage in aggregate principal amount of the debt securities of any or all series specified in the indenture in connection with such action, any holder of a debt security may, by filing written notice with the trustee, revoke such action concerning such security.

Cardinal is required to deliver to the trustee each year a certificate as to whether or not, to the knowledge of the officers signing such certificate, Cardinal is in compliance with the conditions and covenants under the indenture.

SATISFACTION AND DISCHARGE

The indenture provides that Cardinal will be discharged from all obligations of the indenture and the indenture will cease to be of further effect when the trustee, on demand of and at the expense of Cardinal, executes proper instruments acknowledging satisfaction and discharge of the indenture upon compliance with certain enumerated conditions, including Cardinal having paid all sums payable by Cardinal under the indenture, when:

- (1) Cardinal has delivered to the trustee for cancellation all authenticated debt securities; or
- (2) all debt securities not delivered to the trustee for cancellation shall have become due and payable or are by their terms to become due and payable within one year.

THE TRUSTEE

The trustee under the indenture is Bank One, N.A. (formerly known as, Bank One, Columbus, N.A.) The trustee is an affiliate of Bank One, Indiana, NA (formerly known as, Bank One, Indianapolis, NA), the trustee under a separate indenture for Cardinal's 6 1/2% Notes due 2004, Cardinal's 6% Notes due 2006 and Cardinal's 6.75% Notes due 2011.

ITEM 15. INDEMNIFICATION OF OFFICERS AND DIRECTORS

Section 1701.13(E) of the Ohio Revised Code sets forth conditions and limitations governing the indemnification of officers, directors, and other persons.

Article 6 of Cardinal's Regulations contains certain indemnification provisions adopted pursuant to authority contained in Section 1701.13(E) of the Ohio Law. Cardinal's Regulations provides for the indemnification of its officers, directors, employees, and agents against all expenses with respect to any judgments, fines, and amounts paid in settlement, or with respect to any threatened, pending, or completed action, suit, or proceeding to which they were or are parties or are threatened to be made parties by reason of acting in such capacities, provided that it is determined, either by a majority vote of a quorum of disinterested directors of Cardinal or the shareholders of Cardinal or otherwise as provided in Section 1701.13(E) of the Ohio Law, that (a) they acted

Edgar Filing: CARDINAL HEALTH INC - Form S-3

in good faith and in a manner they reasonably believed to be in or not opposed to the best interest of Cardinal; (b) in any action, suit, or proceeding by or in the right of Cardinal, they were not, and have not been adjudicated to have been, negligent or guilty of misconduct in the performance of their duties to Cardinal; and (c) with respect to any criminal action or proceeding, they had no reasonable cause to believe that their conduct was unlawful. Section 1701.13(E) provides that to the extent a director, officer, employee, or agent has been successful on the merits or otherwise in defense of any such action, suit, or proceeding, such individual shall be indemnified against expenses reasonably incurred in connection therewith. At present there are no material claims, actions, suits, or proceedings pending where indemnification would be required under these provisions, and Cardinal does not know of any such threatened claims, actions, suits, or proceedings which may result in a request for such indemnification.

Cardinal has entered into indemnification contracts with each of its directors and executive officers. These contracts generally: (i) confirm the existing indemnity provided to them under Cardinal's Regulations and assure that this indemnity will continue to be provided; (ii) provide that if Cardinal does not maintain directors' and officers' liability insurance, Cardinal will, in effect, become a self-insurer of the coverage; (iii) provide that, in addition, the directors and officers shall be indemnified to the fullest extent permitted by law against all expenses (including legal fees), judgments, fines, and settlement amounts incurred by them in any action or proceeding on account of their service as a director, officer, employee, or agent of Cardinal, or at the request of Cardinal as a director, officer, employee, trustee, fiduciary, manager, member or agent of another corporation, partnership, trust, limited liability company, employee benefit plan or other enterprise; and (iv) provide for the mandatory advancement of expenses to the executive officer or director in connection with the defense of any proceedings, provided that the executive officer or director agrees to reimburse Cardinal for that advancement if it is ultimately determined that the executive officer or director is not entitled to the indemnification for that proceeding under the agreement. Coverage under the contracts is excluded: (A) on account of conduct which is finally adjudged to be knowingly fraudulent, deliberately dishonest, or willful misconduct; or (B) if a final court of adjudication shall determine that such indemnification is not lawful; or (C) in respect of any

II-1

24

suit in which judgment is rendered for violations of Section 16(b) of the Securities Exchange Act of 1934, as amended, or provisions of any federal, state, or local statutory law; or (D) on account of any remuneration paid which is finally adjudged to have been in violation of law; or (E) on account of conduct occurring prior to the time the executive officer or director became an officer, director, employee or agent of Cardinal or its subsidiaries (but in no event earlier than the time such entity became a subsidiary of Cardinal); or (F) with respect to proceedings initiated or brought voluntarily by the executive officer or director and not by way of defense, except for proceedings brought to enforce rights under the indemnification contract. Cardinal maintains a directors' and officers' insurance policy which insures the officers and directors of Cardinal from any claim arising out of an alleged wrongful act by such persons in their respective capacities as officers and directors of Cardinal.

ITEM 17. UNDERTAKINGS

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:
 - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum

Edgar Filing: CARDINAL HEALTH INC - Form S-3

aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective Registration Statement; and

- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement;

provided, however, that paragraphs (i) and (ii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the Registration Statement.

II-4

27

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934, as amended) that is incorporated by reference in the Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers, and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that, in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer, or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
